Alliance Morgan McKinzie High School

Los Angeles Unified School District
Charter Renewal Petition
Submitted September 12, 2017

Request for Five-Year Renewal Term
July 1, 2018 to June 30, 2023
# TABLE OF CONTENTS

| Assurances, Affirmations, and Declarations | 3 |
| Element 1 – The Educational Program | 5 |
| Element 2 – Measurable Pupil Outcomes and | 70 |
| Element 3 – Method by which Pupil Progress Toward Outcomes will be Measured | 70 |
| Element 4 – Governance | 73 |
| Element 5 – Employee Qualifications | 86 |
| Element 6 – Health and Safety Procedures | 98 |
| Element 7 – Means to Achieve Racial and Ethnic Balance | 106 |
| Element 8 – Admission Requirements | 108 |
| Element 9 – Annual Financial Audits | 107 |
| Element 10 – Suspension and Expulsion Procedures | 113 |
| Element 11 – Employee Retirement Systems | 122 |
| Element 12 – Public School Attendance Alternatives | 123 |
| Element 13 – Rights of District Employees | 124 |
| Element 14 – Mandatory Dispute Resolution | 125 |
| Element 15 – Charter School Closure Procedures | 129 |
| Additional Provisions | 12932 |

*Note: All District Required Language throughout this petition is highlighted in grey, as required.*
Alliance Morgan McKinzie High School (also referred to herein as “McKinzie” and “Charter School”) shall:

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter “Ed. Code”) § 47605(d)(1).)

- Not charge tuition. (Ed. Code § 47605(d)(1).)

- Not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code. (Ed. Code § 47605(d)(1); Ed. Code § 220.)

- Except as provided in Education Code section 47605(d)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(d)(1).)

- Admit all pupils who wish to attend Charter School. (Ed. Code § 47605(d)(2)(A).)

- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School’s capacity. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as “LAUSD” and “District”). (Ed. Code § 47605(d)(2)(B).)

- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, Charter School shall notify the superintendent of the school district of the pupil’s last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. (Ed. Code § 47605(d)(3).)

- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools. (Ed. Code § 47605(c)(1).)

- Consult, on a regular basis, with Charter School’s parents, legal guardians, and teachers regarding the school’s educational programs. (Ed. Code § 47605(c)(2).)

Charter School hereby declares that Charter School, operated as or by its nonprofit public benefit corporation, is and shall be the exclusive public school employer of Charter School’s employees for the purposes of the Educational Employment Relations Act (EERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code. Charter School shall comply with all provisions of the EERA and shall act independently from LAUSD for collective
bargaining purposes. In accordance with the EERA, employees may join and be represented by an organization of their choice for collective bargaining purposes.

NOTE: This Charter contains specific “District Required Language” (DRL), including the Assurances, Affirmations, and Declarations section above. The DRL should be highlighted in gray within each Charter element or section. The final section of the Charter provides a consolidated addendum of the DRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the DRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the DRL contained in the addendum, the provisions of the DRL addendum shall control.
ELEMENT 1: The Educational Program

“The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.” (Ed. Code § 47605(b)(5)(A)(i).)

“The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.” (Ed. Code § 47605(b)(5)(A)(ii).)

“If the proposed charter school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements.” (Ed. Code § 47605(b)(5)(A)(iii).)

LOCAL CONTROL FUNDING FORMULA (LCFF) AND LOCAL CONTROL AND ACCOUNTABILITY PLAN (LCAP)

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula), as they may be amended from time to time, which include the requirement that Charter School shall annually submit a Local Control and Accountability Plan (LCAP)/annual update to the Los Angeles County Superintendent of Schools and the Charter Schools Division (CSD) on or before July 1. In accordance with Education Code sections 47604.33 and 47606.5, Charter School shall annually update its goals and annual actions to achieve those goals identified in the charter pursuant to Education Code section 47605(b)(5)(A)(ii), using the Local Control and Accountability Plan template adopted by the State Board of Education, as it may be changed from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School "shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan.” (Ed. Code § 47606.5(e).)

ACADEMIC CALENDAR AND SCHEDULES

Charter School shall offer, at a minimum, the number of minutes of instruction set forth in Education Code section 47612.5, and the number of school days required by California Code of Regulations, title 5, section 11960.

MATHEMATICS PLACEMENT

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.
**Transitional Kindergarten**

Charter School shall comply with all applicable requirements regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at Charter School shall be considered existing students of Charter School for purposes of Charter School's admissions, enrollment, and lottery.

**High School Exit Examination**

Charter School shall comply with all applicable requirements of Education Code sections 60850 – 60859, including but not limited to the requirements of sections 60851.6 and 60852.3.

**WASC Accreditation**

If Charter School serves students in grades 9-12, before Charter School graduates its first class of students, Charter School shall obtain, and thereafter maintain, Western Association of Schools and Colleges (WASC) accreditation.

**English Learners**

Charter School shall identify potential English Learners in a timely manner in accordance with all applicable legal requirements. Charter School must provide all English Learners with an effective English language acquisition program that also affords meaningful and equitable access to Charter School’s core academic curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis, upon request, Charter School shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School has adopted and is implementing either the LAUSD English Learner Master Plan or Charter School’s own English Learner (EL) Master Plan. If Charter School chooses to implement its own EL Master Plan, the plan shall provide a detailed description of Charter School’s EL program, and shall address the following:

- How Charter School’s EL Master Plan provides all of its English Learners, including but not limited to Long Term English Learners (LTELS) with an effective English language acquisition program as well as meaningful and equitable access to Charter School’s core academic curriculum
- How English Learners’ specific needs will be identified
- What services will be offered
- How, where, and by whom the services will be provided
- How Charter School will evaluate its EL program each year, and how the results of this evaluation will be used to improve the program, including the provision of EL services

Each year, Charter School shall provide to the CSD a report on its annual evaluation of the effectiveness of its EL program. Upon request, Charter School shall provide a copy of its current EL Master Plan to the CSD.
Charter School shall administer the CELDT/ELPAC annually in accordance with federal and state requirements.

Charter School shall reclassify English Learners in accordance with federal and state requirements.

Charter School shall provide parent outreach services and meaningfully inform parents with limited English proficiency of important information regarding Charter School matters to the same extent as other parents.

**STUDENTS WITH DISABILITIES**

**Federal Law Compliance**
Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities Education Improvement Act of 2004.

**Special Education Program**
Charter School shall ensure that no student otherwise eligible to enroll in Charter School shall be denied, directly or indirectly, admission due to a disability or to Charter School’s inability to provide necessary services. Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval of an initial Charter petition, and if a renewing Charter School intends to operate as a “school of the district” for special education services, Charter School shall execute a Memorandum of Understanding (“MOU”) by and between LAUSD and Charter School regarding the provision and funding of special education services consistent with applicable state law and the LAUSD Special Education Local Plan Area (“SELPA”) Local Plan for Special Education and shall be considered a “public school of the District” for purposes of Special Education pursuant to Education Code Section 47641(b). However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code Section 47641 (a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b).

**SELPA Reorganization**
The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding (“MOU”), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the
purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

**Modified Consent Decree Requirements**

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith* Modified Consent Decree ("MCD") and other court orders imposed upon the District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statistically measurable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs ("IEPs") and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the MCD, student level data requests from District-operated and Charter-operated charter schools are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s ("OIM") required format in accordance with the OIM’s required timelines and as follows:

- **End of Year Suspension**
  
  District ID, SSIS ID, last name, first name, date of birth, gender, grade, date of suspension, number of days suspended, and reason for suspension.

- **Statewide Assessment Data**
  
  The standard file including District ID.

- **Norm day**
  
  District ID, SSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- **CBEDS**

- **All Students enrolled as of December 1 of each school year**
  
  District ID, SSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- **Dropout**
  
  District ID, SSIS ID, last name, first name, middle name, date of birth, grade, last location, school name and local district

- **Monthly SESAC and Suspension data**
Graduation roster from all charter schools with 12th grade students with disabilities

The MCD requires charter schools to implement the District’s integrated student information system, which is currently referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data. All charter schools are required to utilize MiSiS directly or interface with MiSiS via a web based Application Programming Interface (API) in compliance with the requirements of the MCD and applicable timelines. Upon charter school full utilization of MiSiS either directly or via a web based API, the list of required data above will automatically be captured within MiSiS.

**Community Need for Charter School**

Morgan McKinzie HS is located in East Los Angeles, a historically underserved community composed mainly of low-income, working class immigrant families. According to the most recent U.S. Census data (see https://www.census.gov), 97.1% of area residents are of Hispanic or Latino descent, only 6% hold an Associate’s degree or higher, 40% of the household member have graduated high school, 42% are foreign born (primarily from Latin America), and 40% speak English less than “very well”. About 27.2% of the population is below the poverty level. Most working families hold positions in the service or manufacturing sectors. Residents of East Los Angeles struggle to overcome socioeconomic barriers that result from poor education and cultural isolation.

Morgan McKinzie HS has been dedicated to meeting the needs of the community for 8 years and will celebrate our 5th graduating class this year. We are extremely proud of the accomplishments and continued growth of our students, families, faculty and staff. According to U.S. News & World Report, Alliance Morgan McKinzie High School was ranked #94 in California High Schools, #119 in Charter Schools (Across the Nation).
To best serve our families, our instructional team is working diligently to ensure that we continue to implement highly rigorous instruction that focuses on providing the highest caliber learning experiences for all students using data driven instruction, blended and collaborative learning, and supportive instructional resources.

In aligning our rigor to successfully prepare our students to enter and succeed in college, we continually look to our data to measure our progress, identify areas of need, and determine how to best provide our students with the tools & resources necessary for success. Below is evidence of this process, and of the ongoing growth, achievement and challenges of Morgan McKinzie High School.

Highly Qualified, Highly Effective Teachers- Knowing that students learn best with teachers who know their subject field, are well trained to deliver rigorous instruction, and can attend to the diverse needs of individual students, we search for and develop these skills in selecting teachers. Our teachers work in small collaborative teams with common planning time where lessons are studied as a learning community and where accountability for student success is a shared responsibility.

- Theodore Roosevelt Senior High
- Felicitas and Gonzalo Mendez High
- Woodrow Wilson Senior High
- Abraham Lincoln Senior High
Our master schedule includes ELA support classes in 9th through 11th grade levels. For the past 3 years we have been focusing on literacy to increase the proficiency rate on the EAP for our junior students. We will continue to support students by offering after school tutoring, Saturday sessions, and support classes in order for students to achieve in ELA and math.

The 69% proficiency rating for 2017 in ELA can be attributed to an increase in professional development among the English teachers. In addition, there has been an increase in reading and writing through metacognitive logs in advisory. English teachers have also prepared boot camps for students, collaborated in data meetings, created common assessments, and planned vertical alignment. All students were required to attend bootcamps on scheduled after school and Saturday dates led and planned by the English teachers. Students engaged with work that mirrored the claims of the ELA CAASPP and rotated among the English teachers where each teacher focused on helping students with a different claim such as listening, reading, and writing. Students who lacked English skills were grouped strategically and were required to attend after school weekly tutoring. Additional support was also offered during lunch and nutrition who were unable to attend after school tutoring. Every English teacher used common strategies such as the CEL (Claim Evidence Link) paragraph, “talk to the text”, and annotation in order to increase students’ academic writing.

Throughout the years (2015, 2016 and 2017) our student population in the "Exceeded Standard" has increased consistently in the mathematics CAASPP. In 2015, we had 1.59% of our students at exceeded standard. In 2016, we had 7.4% of our students at exceeded standard. In 2017, 10.23% of our students acquired an exceeded standard result. In analyzing particular student growth between the "interim comprehensive assessment" (ICA) and the summative CAASPP assessments, 18 students in grade 11 increased a performance band, 9 students in grade 11 decreased a performance band, and the rest of the 11th grade students remained at the same performance band. Our students increased their performance in the domain of "concepts and procedures" as well as "communicating reasoning". This can be attained to the continuous efforts the math team has pushed forward with integrating literacy and perseverance into every math lesson.

The 35% proficiency rating for 2017 in math can be attributed to an increase in professional development among the math teachers. In addition, math teachers prepared various boot camps for students, collaborated in data meetings, created common assessments, and planned vertical alignment. Students who lacked math skills were grouped strategically and were required to attend weekly after school tutoring. Additional support was offered during lunch and nutrition who were unable to attend after school tutoring. Boot camp groups were also grouped strategically for intervention purposes. Math teachers also followed a literacy based reading comprehension math novel. All questions, regardless of the math claim were open ended to give the students practice in justification of responses. Students participated in continuous self-assessments and designed their own differentiated tasks. We will continue to work on "problem solving and modeling data" as it was our weakest area by increasing our student exposure to real-world application math content and more open-ended questions that require the elaboration of mathematical analysis and justification of the problem solving involved in each. We will continue with our "literacy and perseverance" strategies so that overall concept mastery can be achieved at the highest level for all of our students.
**EAP**
(The Early Assessment Program (EAP) informs if students are ready for college-level work in English and mathematics at the end of your junior year of high school.)

Our EAP data for 2016 demonstrates an increase in both ELA and Math exempt/conditionally exempt proficiency rates. A 19% increase proficiency rating between the 2015 and 2016 school year in ELA can be attributed to more professional development for teachers, after school tutoring, boot camps, and our school wide literacy focus. Additionally, we implemented a college test prep program through Revolution Prep to increase their scores on the ACT, SAT, and EAP exams for both Math and ELA. A 14% increase proficiency rating between the 2015 and 2016 school year in Math can be attributed to professional development for teachers, after school tutoring, boot camps, and the partnership with the East Los Angeles College Jaime Escalante program. Currently our 9th and 10th grade students have a support class in Math as part of their class schedule and all students are assigned to after school intervention tutoring in both math and ELA throughout the school year.

**Internal Assessment: Lexile** (from internal Lexile testing during 2016-17 school year)

The Lexile program uses the Achieve 3000 online program to measure reading comprehension of nonfiction texts in English. A score is assigned based on the amount of questions answered correctly. Based on their beginning of year score and grade level, the system assigns each student an expected target score to be reached by the end of year. Students take the online Lexile assessment three times per year (Beginning of Year, Mid-Year, and End of Year).

Alliance Morgan McKinzie HS has implemented a school-wide effort toward literacy intervention to align student academic achievement to Lexile level growth. We administered a Lexile benchmark pre-test to all students in grades 9 - 12 in August 2016, and an interim-test in December 2016, and finally a post-test in May 2017. The pre-test in August 2016 provided all students a baseline of their initial Lexile score, which indicated the grade-level of their reading skills, and they were also informed of a target Lexile score to strive for in May 2017, when taking the post-test. We monitored progress in January 2017 after our interim-test and informed students of their progress toward target Lexile score for the post-test in May 2017. Our data clearly shows an improvement from 2015-16 to 2016-17 that can be attributed to our school-wide focus on literacy in every content area and grade level.

When examining our Lexile data for subgroups, specifically English Learners and students with disabilities, we recognize that our subgroups continue to be our focus of intervention. This is an...
area we plan to improve as we continue to develop our culture of reading and strengthen our literacy intervention practices.

<table>

</tr>
</tbody>
</table>

When examining our Lexile data in the table above, we observed that each grade-level demonstrated growth from August 2016 to May 2017. We observed the lowest growth occurring with 9th grade and believe this is attributed to our large 9th English language learner population. After analyzing the data, we realized the need of further intervention in English Language Development courses. In 2017-18, our goal is to ensure that 9th grade students are supported through the English Language Development course, the English support classes, metacognitive reading logs in Advisory, and tasks that are more Lexile data-driven.

Our Lexile gains in all grade levels indicate that our school-wide instructional practices for literacy intervention have been effective. We have been using literacy-based strategies across all content areas. For example, in our math and science classes we have been implementing literacy-based instruction with an emphasis on written justifications. Our English Language Arts and Social Science classes have been implementing evidence based writing practices with the use of the CEL paragraph. When examining our Lexile growth in 11th grade, the 11th grade had a 6.45% growth when comparing the pre-and post-tests. Although we had a 3% drop in English proficiency rates on the 2017 CAASPP, we continue to maintain a proficiency rate over 65% and will continue to intervene for future growth.

In response to our data, we administered our pre-test for Lexile for all students in August 2016. The data was shared during professional development and teachers were given time to analyze the data and come up with strategies and resources necessary to properly intervene.

Achieve3000 is an online program used to help improve students’ growth on Lexile. This program was used as a resource by the RSP teacher and English Teachers to help students analyze, comprehend and interpret complex texts sources through a school wide Lexile bootcamp. All students in grades 9-12 have access to ipads or laptops on a one to one ratio to ensure all students can access the Achieve 3000 program and other supplemental resources.
CELDT & Reclassification

When examining Morgan McKinzie’s overall CELDT data, we observed that constant growth has been made from 2014-15 to 2016-17 in terms of EL students meeting the CELDT criteria. As a result, the amount of EL students decreased in 2016-17. Due to the amount of EL students we are able to provide more personalized attention to our EL student population. Since 2014-2015, we have reduced the amount of EL students at Early Intermediate level and have sustained over 50% of our EL students meeting the CELDT criteria. We have also observed an increase in students coming from other countries and have provided additional support through instructional aids and targeted tutoring. In 2014-15, we observed that only 27% of our students with disabilities met the CELDT criteria compared to 13% in 2015-16 and 13% in 2016-17. Although to date we have only 13% of students with disabilities meeting the CELDT criteria, it is important to note that we are moving EL students with disabilities in the CELDT performance levels.

Reclassification

Reclassification Rates (% of students reclassified from CDE website)

<td>16.8%</td>
</tr>
</tbody>
</table>

In addition, we will submit a 15.7% reclassification rate for 2017-18 to the CDE in October 2017.

When comparing our 2015-16 EL reclassification rate to neighboring schools, we observed that our reclassification rate is higher than resident schools by more than 4%. In an effort to sustain and improve our reclassification rate, this year we have implemented and ELD program specific to preparing all EL students, grades 9–12, that started in September and has continued throughout the school year. Also, an additional English instructional aid was hired this year in order to provide more English Support and personalize instruction to our EL student population. As mentioned earlier in the reflection, all of our teachers have been trained to analyze CELDT data for grouping, differentiated instruction, and implementing EL strategies. Our teachers have also included ELD standards as part of their lesson plans in addition to the content standards they teach. This has helped the teachers plan and ensure they are including activities that promote the different ELD framework areas. We will continue to train teachers on such practices during our professional development meetings.

In 2015-16, we conducted instructional rounds with a focus on observing evidence of students reading and writing. The evidence collected from all classroom observations and observers debrief was shared with each teacher to determine the next steps in the instructional cycle. This practice supported our goal of targeted literacy intervention, rigorous college ready education, and coaching.

Our interventions were led in collaboration with teachers and administration. Our professional development was focused on improving literacy across the curriculum. We believe that this initiative, among other school-wide practices, attributed to the success in our recent CELDT and reclassification data.
Our EL reclassification rate indicates a dip between 2013-14 and 2014-15. We attribute the decrease to 11.3% in 2014-15 to an unusually high number of students failing English that year and students not meeting the state English requirement, thus not meeting all of the reclassification criteria. We also note that the decrease of EL reclassification was attributed to not having an effective after school intervention in place to support EL students during the Fall 2014 semester. For the past two years, our largest EL group consisted of 9th grade students and our smallest group of ELs were 12th grade students. This demonstrates we are lowering our number of EL students significantly by the time they are 12th grade students. We provided ELD classes for our EL students and are using the EDGE curriculum. We have targeted tutoring for students after school to give them extra support. During advisory we also have our low level 1 and level 2 EL students work in a small group with a teacher to reinforce their skills. We also monitor our EL student data with different assessments such as CELDT scores, ELA course grades, and Lexile scores. We met with students to set goals around their CELDT and Lexile scores and we revisited the goals in early January when we got the CELDT results. Some professional development this year focused on our EL students and their levels across the different CELDT criterion. We have also reviewed the ELD standards and had professional development on how to incorporate them into daily lesson plans and lessons. Throughout the year we will continue to monitor our EL students by looking at various data points. We will continue to implement the following to support this subgroup of students: Create course offerings (e.g., ELD, Resource Lab) that match student needs, use EL Self-Monitoring and goal setting, set up a system to monitor the performance of this subgroup. To monitor performance, the ELD specialist will track assessment data from CELDT, interim assessments, Lexile, and CAASPP and update the data as students take assessments throughout year. The ELD specialist also monitors progress by supporting teachers in classrooms and collects informal data to help guide teachers with strategies and fill in student skill gaps. This data will also be used to establish performance measures to determine progress, targeted ELD tutoring for English Learners, targeted ELD class for English Language Learners. Additionally, we hired an Instructional Aid to help students in small groups in ELD, English, and other core classes.

**Graduation & Post-secondary Outcomes**

In 2016-17, Morgan McKinzie High School had 100% of senior students meeting all graduation requirements. This percent increased by 2% from 2015-16. In 2016-17, we had 85% of senior students accepted to 4-year colleges. The remaining 15% of our senior class who were not accepted to a 4-year college were committed to a 2-year community college. Our graduation and college acceptance rates can be attributed to our increasing and effective leadership capacity of our instructional and counseling team in establishing a safe learning environment and college-ready culture.

In addition, our college ready culture is also fortified at Morgan McKinzie through our continuing partnership with the East Los Angeles Community College. In the 2016-2017 school year students were able to graduate with at least 6 college transferable units. In addition, we partnered with the Jaime Escalante program out of East Los Angeles College to provide Math Support classes for our students.

Furthermore, the interventions, innovative features, instructional supports, and new staff positions that have been referenced throughout this reflection have been refined on an annual basis to strengthen student achievement. We also attribute our success to our personalized learning environments and increased instructional time. A small school environment, class sizes under 30, and longer school days and school years, truly enables us to build strong rapport with students, parents, and colleagues, thus creating a family-like atmosphere. We are truly proud of the hard work our counselors have done with our students. Over 95% of our senior students are
eligible to apply for a 4-year college. We anticipate another significant increase in our 4-year college acceptance rate for 2017-2018 school year.

In the absence of CSTs, we have demonstrated how our efforts to improve Lexile growth school-wide has had a positive impact on state-wide measures like the CAASPP and EAP. We believe our continued work with literacy intervention and instructional strategies aligned to Common Core will improve other College-Readiness indicators such as SAT, ACT, and AP pass rates. Furthermore, by developing our students’ reading skills and increasing their exposure to AP courses prior to graduation, we also believe that we will better prepare them to meet the demands of college and the career world. We are proud to reflect on our high college acceptance rate for the 2016-17 school year as this aligns to our school’s mission.

**SAT & ACT**

Our proficiency rates for the SAT exam have also shown a decrease from 2014 to 2015. The average change in scores for each subject area has not exceeded 30 points. Scores for writing and math have remained amongst the strongest between the classes of 2014 and 2017. Additionally, we had an increase from the class of 2016 to 2017. The average change in scores was about 59 points across all subject areas. However, our students continue to perform below the targeted score in all three areas tested. Our ACT and SAT data informs us that we are below the targeted score in all areas tested.

A partnership was formed beginning with the class of 2014 with the College Spring SAT tutoring program to provide specific interventions for junior students. After scores decreased in all categories for the class of 2015 compared to the class of 2014, the school evaluated the College Spring SAT tutoring program and determined to change the SAT program to Revolution Prep SAT Tutoring. The instructional program continued to implement SAT practice test diagnostics.

The data was individualized by student performance and used to target interventions for the tutoring services that took place during advisory. Due to the Alliance wide shift in focus from SAT to ACT, we determined to provide ACT tutoring services for our 11th grade students through the Study Smart Tutors Program. The program is free of charge and provided to students during advisory. This program is structured toward the needs of our students and they provide highly qualified tutors to support our students.

</tbody>
</table>
When examining the ACT data, we observed that the scores have remained fairly consistent over the past four years with insignificant increases and decreases in relationship to the targeted scores. Our school site has consistently demonstrated higher ratings in math and science and has shown slight drops in reading. For the class of 2017, we had an increase across all subject areas tested. Math and reading continues to be our strongest areas for the ACT. This could be attributed to the partnership with the ACT test preparation company Study Smart Tutors who would come work with students on a weekly basis and the literacy strategies used by teachers throughout all content areas.

**Advanced Placement Testing**

When analyzing our AP data, it is important to note that we decreased the amount of AP course offerings from nine in 2015-2016 to seven in 2016-17. This was due to one of our AP teachers relocating and a lack of student interest in AP Chemistry. With the AP courses offered we have high expectations for all students and have driven our instructional program to increase exposure of AP rigor to a wider range of students. Before graduation, all students in the class of 2016 will have been enrolled in at least two AP courses and participated in at least two AP exams. By increasing exposure to AP rigor, we believe students will be better prepared for the rigor that awaits them in college.

The following courses saw an increase in AP passing ratings between the 2014-15 and 2015-16 school years: English Language (3%), Spanish Language (30%), Spanish Literature (6%), U.S. History (2%), and US Government (4%).

The following courses saw an increase in AP passing ratings between the 2015-16 and 2016-17 school years: U.S. History (8%) and Psychology (2%). We will continue to further analyze our AP data in the coming years.

### Attendance

Consistent attendance is important to maintaining the quality of the education that students receive and the quality of the school overall. Morgan McKinzie HS has maintained an attendance rate of 97% or higher on an annual basis since 2016-2017. We attribute our success with attendance to having effective systems that include two attendance clerks to monitor daily attendance, the coordinating efforts of the administrative staff, office manager, counseling team, and teachers maintaining accurate and timely records of attendance. We have interventions and incentives to ensure that all parties involved are aware of attendance issues and the legal consequences associated with school truancy. Parent involvement and communication is ongoing and conferences are held regularly to address attendance issues when necessary. Overall parent involvement has facilitated our outreach efforts to ensure consistent student attendance throughout the year. Immediate intervention practices are maintained and implemented as well as positive reinforcements for attending class regularly are also in place and are coordinated with the Associate Students Body (ASB) on a monthly basis. Students with 98% monthly attendance rates receive special recognition and privileges at the end of each month.

Maintaining 97% or higher attendance rates are an essential part of the school culture and climate. All stakeholders understand the attendance expectations and the school program benefits greatly from the supports we receive.

### Supporting Student Behavior

Our suspension rates were less than 1% last year, including zero expulsions. We have increased our attention on providing alternative behavioral support interventions to substitute regular suspensions for the appropriate offenses according to the California Educational Code. Teachers and administrators enforce a strict student code of conduct and are proactive in addressing student behavior issues promptly with the appropriate disciplinary actions. Student behavior is aligned with the expectations of the school culture and climate as a result of our data-driven, differentiation practices that were mentioned earlier in the reflection. Our teachers understand the correlation between effective planning and engaging lessons, and how they can minimize behavioral issues during instruction. We have trained our teachers, during on-site and off-site professional developments, how to use data to plan lessons and to strategize for cooperative learning experiences, effective instructional resources and supports, and also smoother routines and transitions. In doing so, we have established a culture and learning environment that is safe for students and allows them to flourish academically with minimal loss of instructional time due to misbehavior. These practices have also facilitated a higher expectation on the student body on positive and proactive behavior.
This year, we hired an additional counselor to help support all 9th grade students in order to maintain our low suspension and 0% expulsion rate. Part of his role is to increase the effectiveness of our behavior support systems. The additional 9th grade counselor provides support that is aligned to student behavioral plans. He meets with them twice a week to speak to them about their academics and behaviors. He reports to counselors of any concerns he may have. Counselors meet with parents, teachers, and administrators to discuss student progress. If necessary, the counseling team coordinates with parents and administrative staff to provide options for outside behavioral interventions such as Enki and the Hollenbeck “Get it Straight” program. The “Get it Straight Program” is a 12-week delinquency prevention and intervention training program for youth ages 10 to 17. Parents are required to attend each weekly session with their child. Participants are involved in a comprehensive curriculum combining classroom instruction, personal development, conflict resolution skills, and communication exercises. We have also found that by connecting college and career aspirations with current academic progress results fewer behavior issues. Our counselors and Advisory program serve as a critical element in fostering a college-going culture.

**Parent Engagement**

Morgan McKinzie High School understands that a strong connection between families, the community and the school our key to our success. We are proud to have earned the Alliance Parents as Partners Award of Excellence for the 2016-17 school year, which attributed to the commitment parents and the school has to each other. Morgan McKinzie High School welcomes parents on a daily basis. Parents participate in regular scheduled parent meetings such as Back-to-School Nights, Parent/Teacher Conferences, School Advisory Council, Parent Meetings, Parent/Community Townhall Meetings, Parent Workshops, Parent Classes, monthly Coffee with the Principal, and numerous of other volunteer opportunities on and off campus. Parents are encouraged to volunteer and be an active member of the school community. During the past three years Morgan McKinzie has seen an increase in parent involvement. Each year, parents participate in a survey designed to provide feedback on culture, instruction, achievement and other important aspects of the school. The principal and staff use this feedback to evolve the school in a way that will better meet the needs of students and families. Morgan McKinzie has maintained a high level of parent input and satisfaction throughout the past three years. A majority of our parents are satisfied with the direction of our instructional program, as indicated by our 50% overall satisfaction rate based on a 97% completion rate of the Parent Satisfaction Survey in 2015-16 satisfaction rate.
Our success reinforces our core value of “parents as partners,” which continues to be a strong component of our school climate and culture. We are especially proud of the level of parent engagement we receive during parent workshops and informational sessions. We hold monthly meetings with parents to discuss student academic progress as it relates to college access. As stated earlier in the reflection, we also hold monthly parent meetings specific for those who have a student with disabilities. The goal is to ensure that all parents feel supported, involved, and empowered in their child’s education.

To strengthen our parent engagement, we hired a Parent Engagement Specialist last year, in order to coordinate parent involvement and provide additional opportunities for parent workshops that focus on college exposure, academic tracking, school safety procedures, and health & nutritional recommendations. Our Parent Engagement Specialist is responsible for managing the Parent Center, a new feature to our school that was developed over the summer 2016 to provide specific space for workshops, ESL classes, and computer training for parents. Through our parent center parents also have content based trainings where they are learning about the McKinzie culture and academic expectations that we hold. Parents are an integral part of the school culture and are very visible throughout the year. Their influence on our students has resulted in decreased behavioral incidents and increased support of the school's academic program.

**Who Alliance Morgan McKinzie is Attempting to Educate: Student Population to be Served**

Morgan McKinzie High School is an independent charter high school that serves students in grades 9-12, providing an alternative choice of quality education in the East Los Angeles area.

The community contains a large, underserved, urban student population. The ethnicity of students in schools throughout the area, and at Morgan McKinzie High School, is predominately Latino, and an average of over 95% of students in area schools (98% at Morgan McKinzie High School) qualify for the free/reduced lunch meal program. Morgan McKinzie High School will seek to relieve overcrowding and improve academic performance in this high need community as a priority. In response to students’ educational interests we have supported students in creating clubs such as math club, green club, National Honor Society, anime club, volleyball club, and Step Up. Our school focuses on STEM (Science Technology Engineering and Math) as we have a competitive robotics team and active STEM classes that promote cross curricular project based learning. We also have a school wide focus on literacy across the curriculum. Our school wide focus is justification through “Readers Apprenticeship” strategies.

Morgan McKinzie High School is also committed in providing a college ready learning environment with the purpose of ensuring our students enter and graduate college as they are the first in their generation to enter college.

In aligning our rigor to successfully prepare our students to enter and succeed in college, we continually look to our data to measure our progress, identify areas of need, and determine how to best provide our students with the tools & resources necessary for success.
Goals and Philosophy

Mission
The mission of McKinzie is to operate a small high performing school that prepares all students to graduate and to enter and succeed in college. Moreover, we strive to ensure that each McKinzie student will develop resilient character and strong critical thinking and collaborative skills necessary to become socially responsible, globally minded citizens who are an integral part of their local, national and international communities.

Vision
The vision of McKinzie is to provide a highly accountable model of innovation with highly effective teachers guided by core principles that are based on what research has shown to be best educational practices, and to serve as a model for the District and other public schools.

McKinzie will consistently demonstrate student readiness for success in college with: a high success rate in student proficiency on state content/common core standards at or exceeding the neighboring District schools;

Key Program Elements
McKinzie students, staff and community embrace the following five Alliance program elements to establish and maintain the culture of the school:

1. **High Expectations for All Students** - All students, including students in historically underachieving communities, can successfully learn at high levels and have a fundamental right to high expectations and quality instruction that prepare them to enter and succeed in college\(^1\). All students must pass the A-G college entrance course requirements with a grade of C or better to graduate and be at least proficient in core academic standards (reading, writing, math, science, history/social science) to be ready for success in college.

2. **Small Personalized Schools and Classrooms** - Students learn best in small learning communities where their education is personalized so that students know their teachers and are well known as individuals by all adults in the school. Blended-learning classrooms, like those at McKinzie, offer even more personalized and individualized instruction that targets individual student learning needs, takes them from where they are and accelerates their learning to where they need to be in order to graduate ready for success in college.

---

\(^1\) Doug Lemov, *Teach Like a Champion*, March 2010
3. **Increased Instructional Time** - All students must have sufficient time in school to learn successfully. The school offers a longer school year and ongoing opportunities for extended learning time through intervention or enrichment to meet individual student needs. Daily learning time is structured in longer instructional blocks of time to allow for focused in-depth learning. Students will also have access to online resources, be able to replay online content, and access other features allowed by using technology, creating many out-of-classroom learning opportunities. Research demonstrates how increased learning time can lead to higher achievement.  

4. **Highly Qualified Principals and Teachers** – All Alliance schools must have exemplary principals who are capable instructional leaders and entrepreneurs in managing resources, and who are given opportunities for ongoing leadership training. Knowing that students learn best with teachers who know their subject field, are well trained to deliver rigorous instruction, and can attend to the diverse needs of individual students, these skills are at the forefront when selecting and developing teachers. Our teachers work in collaborative teams with common planning time where lessons are studied as a learning community and where accountability for student success is a shared responsibility.

5. **Working with Parents as Partners** - Parents at all Alliance schools are meaningfully and actively engaged in their children’s education. They have a right to choose to send their children to excellent high performing schools. Parents must be responsible and accountable for supporting their children’s learning at school and at home. They must understand what it will take to prepare their children for college, and they are encouraged to support the goals of the school through their voice and through volunteering.

**What it Means to Be an Educated Person in the 21st Century**

A well-educated person in the 21st Century must be highly proficient in a rigorous set of competencies in language, reasoning/problem solving, reading, writing, computation, interpersonal relationships, social/economic studies, the use of technology, and personal work habits in order to succeed in a global economy.

A well-educated person recognizes that the world is constantly changing, and is a self-directed lifelong learner prepared to continually adapt to changes that require new skills and competencies to be successful in their lifetime. An educated person understands that creative thinking leads to opportunity, that talent can be turned into true skill, and that all human beings are equal and important.  

The McKinzie curriculum, instructional methodology, and environment are designed to instill and develop these skills in our students so that they can success in college and in their chosen careers, and can continue to be self-directed learners, highly skilled critical thinkers and effective communicators throughout their lives.

---

3 Douglas Kellner, New Media and New Literacies: Reconstructing Education for the New Millennium, UCLA, 2000
How Learning Best Occurs

At McKinzie, we believe that we believe exceptional teaching is at the heart of student success in middle school, high school, college, and beyond. Every day, with every student, we exemplify this belief through the academic commitments below. We believe learning occurs best when classrooms are characterized by the attributes below:

**SPARK** Our students are enthusiastic learners who work hard every day to master challenging content.
- Teachers celebrate students’ effort and foster students’ curiosity by cultivating a passion for learning and reinforcing the conviction that with hard work, every student can succeed.
- Students enthusiastically read, write, analyze, discuss, research, experiment, and solve challenging problems and self-advocate for what they need to succeed.

**CHALLENGE** Our students learn best when we provide challenging content that builds strong learning habits and life skills.
- Teachers support students to lead the cognitive thinking in a lesson by providing challenging academic content, skills, and experiences that prepare them for success in high school, college, and beyond. Challenging content pushes every student to exceed their own expectations, achieving exceptional results through struggle and hard work.
- Students wrestle with complex ideas and persevere in their work even when they are not sure of the answer.

**SCHOLAR TO SCHOLAR** Our students deepen their understanding of content and build skills through lively discussions and meaningful collaboration with their peers.
- Teachers provide students with a variety of opportunities to engage in robust academic discussions and to collaborate to solve real-world problems.
- Students use evidence to support their thinking, respectfully disagree with differing perspectives, and revise their own thinking in light of other students’ ideas.

**PERSONALIZED** Our students thrive with thoughtful scaffolding and individualized supports to meet our high bar for academic rigor.
- Teachers use data to strategically tailor instruction based what their students’ need, keeping the bar for academic rigor high.
- Students employ a variety of tools and strategies, including technology, to accelerate their learning, build knowledge and skills, and obtain feedback on their performance.

**Annual Goals for Local Control Funding Formula (LCFF)**

*NOTE: The 2017-18 School Board of Directors-approved LCAP is reflected in the tables below. The LCAP was developed by various stakeholder groups as required, approved by the School Board in June 2017, and submitted to LACOE per statutory requirements. The Board will consider revisions to the LCAP based on available data for the 2018-19 year and beyond.*

*NOTE: Subgroups which are not statistically significant as of the current data reporting year are denoted with an “*” in the table below.*
**LCFF STATE PRIORITIES**

**GOAL #1**

*Ensure all students are provided a learning environment supported by highly effective and fully credentialed teachers, and students have full access to standards-aligned instructional materials*

<table>

</table>

**Local Priorities:**

-  

### Specific Annual Actions to Achieve Goal

- Provide administrative coaching for new teacher support year 1 and 2 teachers.
- Provide tutoring services for students at risk of receiving a Not Passing in all core classes.
- Ensure that all teachers that are hired have correct credential and are assigned to the appropriate content area (base teacher salaries and benefits) and retain highly qualified teachers by providing additional compensation (stipends) for extra duties.

### Expected Annual Measurable Outcomes

#### Outcome #1: The school will have 100% credentialed teachers within the credentialed area.
**Metric/Method for Measuring:** Percent of teachers credentialed

GOAL #7

All students will have the opportunity to experience a range of courses that support career and college readiness.

Related State Priorities:
☐ 1  ☐ 4  ☑ 7
☐ 2  ☐ 5  ☐ 8
☐ 3  ☐ 6

Local Priorities:
☐:
☐:

Specific Annual Actions to Achieve Goal

- Continue to provide a wide range of academic options such as Advanced Placement and Honors and ensure teachers receive AP professional development.
- Provide a sequence of core and elective courses meeting the A-G requirements for all students.
- Provide a tutoring program across all curricular areas and provide additional instructional support to students with disabilities.

Expected Annual Measurable Outcomes

Outcome #1: The school will annually increase the number of general education and special education students passing AP Exams.

Metric/Method for Measuring: Percentage of students passing AP exams.

### Specific Annual Actions to Achieve Goal

- Purchase additional ELD materials and train teachers in the use of an ELD program to include all EL students. Professional Development time will be centered around the ELD Literacy Program.
- Hire an ELD Specialist to provide assistance, training, and professional development to all teachers.
- Professional development to all staff regarding the English language development standards, integrated and designated ELD.
- Maintain an ELD Instructional Aid to support students to ensure English learners are receiving support in the acquisition/mastery of English.

### Expected Annual Measurable Outcomes

**Outcome #1:** *The school will annually increase the number of students who redesignate as English proficient.*

**Metric/Method for Measuring:** Percentage of students meeting the English Learner redesignation criteria.

The overarching goal for LCFF is improved educational outcomes for students – especially those with the greatest needs – based on the engagement and input of the entire school community. By investing in academic, social-emotional, and operational supports for students and parents, we better meet the needs of the whole child. This multi-pronged approach helps build students’ self-esteem and confidence in their academic performance, which motivates students to stay on track for high school and post-secondary options.

**Instructional Design**

**Curriculum and Instructional Design**

The educational model for curriculum and instruction at McKinzie is guided by our key program elements, our beliefs about how learning best occurs and by⁴ best practices researched in high performing high schools that consistently produce well-educated students prepared to successfully enter and succeed in college. The philosophical base and the organizational structure for McKinzie’s curriculum are student centered and are in accordance with accountability for meeting or exceeding grade level Common Core, Next Generation Science Standards, ELD and other state college readiness standards.

Specifically, McKinzie employs a standards-aligned curriculum that prepares students to excel academically, with increased focus on Math and English scores. Research from ACT’s seminal study⁵ on college readiness found that students’ ability to comprehend complex text is the factor that differentiates college-ready readers from their non-ready peers. The study also highlighted the importance of reading across the curriculum, given that of the students not meeting the ACT Reading Benchmark, only 5% met the ACT Science benchmark. In addition, research consistently shows that building student knowledge via informational text is crucial to developing students' literacy ability⁶. Finally, in order to access grade-level, complex texts, students must have repeated exposure and practice with complex text through close reading across content areas that requires reading, speaking, and writing grounded in evidence⁷⁻⁸.

Given this strong body of research, McKinzie educational program positions literacy skills as the gateway skills that position students for success across all content areas. In every course, students are required to analyze complex text, cite textual evidence through discussion and writing to justify their thinking. In Science and Social Studies, students engage in informational texts, such as primary source documents (e.g. US Constitution) or domain-specific texts (e.g.) scientific journal articles, that demand careful reading and analysis to make meaning. In mathematics, students engage in daily tasks that require solving real-world problems and justifying (orally and through writing) their mathematical thinking. Finally, across all subjects, all students are pushed to carry the cognitive and intellectual thinking required by the Common Core and NGSS standards, as well as the ELD Standards/Framework⁹.

---

⁵ ACT (2006). Reading between the lines: What the ACT reveals about college readiness in reading. Iowa City, IA.
⁸ Intersegmental Committee of the Academic Senates of the California Community Colleges, the California State University, and the University of California, (2002) Academic literacy: A statement of competencies expected of students entering California's public colleges and universities. Sacramento, CA
McKinzie attests that each pupil in the school will have sufficient instructional materials in each subject area consistent with the content and cycles of the curriculum frameworks adopted by the California Department of Education.

Each spring, the principal, in consultation with staff, identifies areas of need and orders materials for the following year. Recent studies published by the Center for American Progress, Brown Center on Educational Policy at Brookings Institute, and RAND Corporation\(^{10}\)\(^{11}\) consistently find that the quality of instructional materials teachers use in the classroom has a measurable impact on student performance. Curriculum materials are selected based on their alignment to the CCSS/NGSS/ELD standards and instructional shifts and materials must prepare students to graduate ready for college.

In alignment to McKinzie’s educational program, curriculum materials across content areas provide students with daily assignments that require careful reading of complex text as well as writing and discussion grounded in evidence. In accordance to the CCSS instructional shifts in English Language Arts, a variety of genres and text types are used with the majority of texts being informational texts. Additionally, across content areas teachers use a number of instructional strategies like multiple reads, text dependent questions and annotation to ensure all students have access to the material. In mathematics, curriculum materials deeply focus on student mastery of Claim 1 Smarter Balanced standards and engage students in problem-solving through Mathematical Practices. Finally, in every course, teachers carefully align daily objectives, activities, and formative assessments to the standards and monitor progress against the standards through our standards-based grading system. While a full list of curriculum materials is found on the next page, the key features and components of our English Language Arts and Mathematics curriculum is summarized in the table on the following pages.

Curriculum and instructional materials for visual/performing arts and health/PE courses is teacher created and therefore not shown in the table. In the PE courses, students participate in activities aimed at improving their cardiovascular fitness, upper body strength, abdominal strength, and flexibility. Multimedia courses introduce students to the fundamental elements that are integral to the strands of Media Arts and Entertainment Design through Digital Filmmaking, photography, Web Design, Music and Animation. Students learn traditional, elements of design and artistic structure such as composition, texture, color, theory, symmetry rule of thirds, production design and lighting and apply their knowledge to specific classroom projects that are designed to be meaningful and reflective of their lives. Students engage in the writing process and develop storytelling techniques through the development of scripts, screenplays, storyboards and finished production projects. Students become proficient in the use of digital cameras, camcorders, filmmaking equipment and use computer software to edit photographs, music, digital videos and animations. Students further study the impact of media and film across cultures and in our society. Digital design courses build upon the concepts learned in Multimedia and take those concepts to a higher level. Skills learned in iPhoto form the foundation for the more advanced skills of Photoshop. Illustrator is introduced as the basis for graphic design. Film analyses continues and students learn additional techniques to advance graphic design and filmmaking.

McKinzie relies on both core instructional materials (digital or hard copy) and supplemental instructional materials (digital or hard copy). Below are lists of all current curriculum materials

and resources utilized by the school for each grade level and subject. Programs that have specific tools to support English learners are also indicated.

**Innovative curricular components of the educational program**
Please see the section titled “Integrated and Instructional Technology.” In addition we provide the following innovative components:

*Personalized Learning Environment*
Students learn best in small learning communities where their education is personalized. Through our small school environment, relationships between school adults and students are sustained over time and student learning is personalized so that each student’s individual needs are recognized and met. Teachers work in grade level teams and share data and responsibility for the grade level group of students. Longer instructional blocks of time allow teachers time to focus on students as individual learners.

*Increased Time for Learning*
All students have sufficient time in school to learn successfully. Instructional time surpasses the current minimum requirement for instructional minutes as set forth in the California Education Code 46201(a) (4) (instructional minutes are included in the “Instructional Days and Minutes Calendar” later in this section). As part of the core program, increased instructional time for all students also includes time for intervention and/or enrichment to meet individual student learning needs. In addition, students have access to technology that will allow teachers to extend learning opportunities and maximize in-class learning opportunities. Research demonstrates how increased learning time can lead to higher achievement.

*College Readiness for All*
The question at McKinzie is not “are you going to college?” but “which college are you going to attend?” While students may have plans to pursue other post-secondary options such as vocational school or military service, the school maintains a strong college-going culture, which is implemented through advisory groups, parent engagement and school-wide activities and may include:

- Provide college information materials and a college going culture by hanging college flags naming each Advisory class after the teacher of record’s university, providing field trips to colleges and universities in the area, and update the college resources section of the school’s web site frequently, where materials are made readily available to students and families.
- Programs regarding career and college information are presented to students, parents, and community members in workshops and through college counselors in individual and group student settings. Alliance parent and student workshop topics include: college and university options, required college-entrance courses, financial aid opportunities, college majors linked to careers, visits from college representatives and student field trips to colleges, college entrance tests and ongoing access to information regarding college outreach programs. Translation is available for parents with limited English.
- College-readiness and awareness is a priority content focus in daily teacher led advisory groups for all students with the support of school counselors serving as a resource to classroom teachers and principals.
- Advisory curriculum includes direct development of study skills to prepare our students to be independent learners through the use of study skills materials and through a visiting college student program that provides an opportunity for students to learn from students in the community who have successfully entered college programs.
• Pennants from local and national colleges and universities are displayed throughout the campus and in each classroom, and a poster of college-coursework and entrance requirements is posted in every classroom.
• Trips to local universities are coordinated to provide students and their parents an opportunity to become familiar with college campuses and their programs.

**Intervention and enrichment programs**

Intervention and enrichment programs are described in the section “Meeting the Needs of All Students” and the “College Readiness for All” text above.

Alliance Morgan McKinzie High School
Alliance College-Ready Public Schools
### Instructional Methods and Strategies

Students learn best when there are rigorous standards based curriculum where students lead the cognitive thinking of challenging content that builds strong learning habits and life skills; when students enthusiastically read, write, analyze, discuss, research, experiment and solve challenging problems; when students participate in robust scholar to scholar academic discussions that deepen their understanding of challenging content; when students employ a variety of tools and strategies, including technology, to accelerate their learning, build skills and obtain feedback on their performance.

Instructional methods and strategies include, but are not limited to, students engage in close reading of complex texts across a variety of genres, apply mathematical concepts to real world problems, and conduct laboratory experiments that deepen their understanding of a scientific phenomenon. All academic experiences build the skills and knowledge students need to be successful in college and beyond.

### Implementation of Common Core

McKinzie has fully implemented Common Core State Standards, using CCSS-aligned curriculum. Next Generation Science Standards are being implemented in science and the Social Studies/History, Science & Technical Studies Common Core literacy standards are integrated into science and history/social science courses. In addition, the ELD standards are integrated throughout all content area instruction. The instructional methodologies, curriculum, and instructional materials have been chosen as they align with the CCSS and are designed to ensure student mastery of the standards.
McKinzie is focused on deepening teachers’ understanding of the expectations of CCSS and NGSS through ongoing professional support in instructional planning, interim data analysis and feedback on instructional practice. New teachers to McKinzie also receive professional development on the CCSS and NGSS standards and instructional shifts as part of their onboarding.

**Integrated and Instructional Technology**

To be successful, productive citizens in a 21st century economy, students must attain technology literacy and fluency.

We define technology literacy as the ability to responsibly, creatively and effectively use appropriate technology to: communicate; access, collect, manage, integrate and evaluate information; solve problems and create solutions; build and share knowledge; and improve and enhance learning in all subject areas and experiences. Technology Fluency is demonstrated when students: apply technology to real-world experiences; adapt to changing technologies; modify current and create new technologies; and personalize technology to meet personal needs, interests and learning style.

To reach these goals, students have access to one tablet and/or laptop (all SBAC ready) to ensure adequate access to technology for effective use in student learning. Students use technology regularly to access research online, develop standards-based multimedia projects and presentations, and access instructional materials and assignments. Students also access instructional technology to receive personalized support that best meets their individual learning needs. Alliance interim assessments are also designed to help prepare students to take SBAC online assessments.

All classroom teachers are provided a computing device and use Alliance-wide data systems for managing grades, student performance data, and internal school and network communication with other schools.

**Alliance High School Graduation Requirements**

Alliance high school graduation requirements are in alignment with the University of California (UC) and California State University (CSU) “A-G” minimum undergraduate admission requirements (see table below). Our high school program and course schedule is designed to enable all students to meet graduation requirements, “A-G” minimum undergraduate admission requirements, and the CDE’s College/Career Indicator within four years.

---

                               | foreign language, fourth year of math, social science, advanced visual or   |
                               | performing arts)                                                           |

### Alliance Graduation Requirements:
- Total Unit/Credit requirements for graduation: 230.
  - In total, a student will take 160 A-G approved credits.
  - Course requirements for graduation: Pass ALL required courses with a grade of C or higher (basic proficiency).
- Passage of the UC and CSU A-G requirements as noted above.
- In addition to the required A-G history/social science course sequence, all students must complete 1 semester course in American Government & Civics, and 1 semester course in Economics. Alliance high schools have determined that these courses must also be A-G approved.
- Starting with the class of 2012, UC’s undergraduate admissions requirements mandate students complete 11 out of 15 A-G courses by the end of the 11th grade.

Our mission is that all high school students will pass all A-G and elective courses with a grade of C or better to graduate in 4 years with a minimum of 230 credits. To best serve students who are not on track to meet these goals, the following supports are provided:
- Online Credit Recovery
- Academic Support classes in English and/or Math
- Tutoring After School or Saturdays

These supports are provided for all students in need including all subgroups and students transferring in to the school. Our counselors work along students to create a 4-year plan and ensure they meet all of the A-G requirements and graduation requirements.

Students who are still unsuccessful in meeting the Alliance 230 credit “A-G” high school graduation requirement by the end of the summer following their 4th year, are welcomed to attend a 5th year or attend until requirements are successfully met.

In addition to our instructional program fully meeting the A-G high school graduation requirements, the program provides students with the instructional opportunities necessary to meet the California Department of Education’s College and Career indicator at the Prepared level. English and Mathematics courses in 9th, 10th and 11th grades are tightly aligned to the Common Core Standards and our interim assessment system is built in alignment to the Smarter Balanced assessment blueprint and item specifications. Our interims provide data throughout the year on students’ mastery of the Common Core Standards so we can carefully
monitor and adjust instruction to ensure students meet the expectations of Smarter Balanced in 11th grade.

Finally, McKinzie strives to prepare students to take and pass Advanced Placement courses during their high school careers in preparation for college. These courses are available to any students interested in taking a course, regardless of prior enrollment in honors or other AP courses. All AP teachers have been certified to teach the course and develop the curricula that meets the needs of their students. In addition, during spring semester, AP teachers organize AP boot camps for students outside of regular school hours. The boot camps allow for longer periods of time for students to take full practice exams as well as focus in on their specific areas of need in preparation for the tests. Advanced Placement courses and exams are available for students in Spanish Language, English Language and Literature, Calculus and Statistics, Physics and Environmental Science, US History, World History, US Government, Psychology and soon Human Geography beginning in 9th grade. Students have access to AP courses as early as 10th grade.

**Western Association of Schools and Colleges (WASC) Accreditation**

Alliance Morgan McKinzie earned a six-year accreditation in 2014. The midterm visit was held in March 2017, and the accreditation was reaffirmed through the end of the six-year term. The current term ends on June 30, 2020. A full self-study report will be completed prior to the end of current term.

McKinzie oversees the WASC process and UC course approval process, with support from the Alliance Home Office.

**Transferability of Credits/Coursework**

All A-G courses are transferable to other public schools, and meet the rigorous requirements for admission to both the UC and state university systems. Parents receive notification of course transferability in student recruitment and student enrollment materials, which are available in both English and Spanish. McKinzie college counselors also work closely with students and families to ensure that they are well aware of requirements and where each child stands in relation to those requirements. Our counselors work along students to create a 4-year plan and ensure they meet all of the A-G requirements and graduation requirements. Parents are informed about these requirements through workshops and individual meetings.

Upon enrollment, all students are given a series of diagnostic survey assessments. These indicate student needs in mathematics, language arts, and the student's English Language status. Results of initial diagnostic testing for entering students determine student placement in math and determine students’ need for intervention supports. All students have access to the grade level core curriculum, and alternative curriculum when designated in a student’s Individualized Education Plan (IEP). Students at risk participate in an extended learning program to provide more time for learning and to accelerate their progress. All students are eligible to take all classes, including Advanced Placement (in grades 9-12). Students who show a continued lack of progress are served as detailed under *Elementary and Secondary Schools Act (ESSA)* and/or the *Meeting the Needs of All Students* section below, depending on individual student needs.
**Academic Calendar**
The calendar below is a draft of the 2018-19 academic calendar based on the School Board-approved 2017-18 academic calendar. The calendar provided here will be revised based on input from various stakeholder groups and subject to Board approval.

### Professional Development

**Teacher Recruitment**

Students learn best with teachers who are knowledgeable of their subject field and are well trained to deliver rigorous instruction and attend to the diverse needs of each student as an individual. McKinzie, led by the principal, recruits highly qualified new and experienced credentialed teachers who demonstrate satisfactory progress toward full certification, fully meet the ESSA criteria as highly qualified teachers, and are committed to the school’s key program elements and beliefs. Recruitment of qualified candidates begins in December and is conducted via exposure at recruitment events at targeted colleges and universities with strong programs in the areas of focus; partnerships with university and non-university teacher pipeline programs; use of relevant online tools such as EdJoin and social media; and referrals from current staff within the school/Alliance. Applicants are carefully assessed through a rigorous selection process conducted by both the Alliance Recruitment, Selection, and Pipelines Team and school administrators. Once selected, teachers participate in professional development before the opening of school and throughout the school year.

**Ongoing Professional Development**

During school level professional development, teachers are supported by their principal and the school’s instructional leadership team to develop their practice. Professional development agendas include content-based sessions, site-based sessions, and a variety of instructional workshops designed to address needs evidenced by data.

We have a partnership with East Los Angeles Community College where students can be dual enrolled in college courses. Students can take up to two college courses per year and can receive transferable college credits.
In addition, Alliance-wide PD events and supplementary trainings provide targeted supports in a variety of ways. Below is a sample of current professional development opportunities available to teachers. These opportunities are subject to change as, in order to be most effective, professional development must be adaptable to address the needs of teachers and students.

**Alliance-wide Summer Conference** – Held prior to the start of the school year, this annual conference is made up of general, site based and content-alike sessions that are organized by Alliance and school instructional leaders and include all teachers. Teachers select sessions that best align to their content area and professional interests. Topics may include:

- Data-driven instruction
- Workshops focused on the Alliance Commitments for Exceptional Teaching (Spark, Challenge, Scholar to Scholar, Personalize)
- Sharing research, resources and best practices
- Effective strategies to meet individual student needs

**Alliance-wide Data & Planning Days** – Held immediately following each interim assessment, these days offer an opportunity teachers and leaders to deeply analyze interim data and plan for future instruction. Data days are held network-wide and/or at school-sites with network support. During Data Days, teachers and leaders:

- Understand the expectations of the interim assessment (e.g. standards, texts, problems)
- Analyze student performance and student work
- Create an action plan to address student performance data
- Adjust future unit and lesson plans to better meet the needs of students

**Ongoing School Site PD Sessions** – Regular, targeted and relevant professional development is led by the school principal and site-based instructional leadership team on the designated Professional Development Early Dismissal Day. The draft professional development calendar for the 2018-19 school year follows and serves as a sample of topics to be covered:

**Supplementary Alliance-wide PD** – Held throughout the year, the Alliance Academic Team provides targeted professional development to teachers that support their ongoing development. PD sessions target specific content-areas or subset of teachers such as:
- Special Education Coordinators and teachers
- ELD teachers
- New teachers
- Teacher leaders

**Meeting the Needs of All Students**

**English Learners**

State and federal regulations require that if the student’s Home Language Survey indicates a language other than English is used at home, the student's English language proficiency level must be assessed. Students will be assessed within 30 calendar days of the beginning of the school year, or within 30 days of enrollment if the student enrolls later in the school year.

State and federal guidelines require each English learner to be assessed annually to determine their progress in acquiring English language proficiency. This assessment is given within a test window prescribed by California Education Code. Alliance ensures that each English Learner is assessed annually within the prescribed timeline.

McKinzie meets all requirements of federal and state law relative to equal access to the curriculum for those who are English learners. The school has adopted and implemented the Alliance College-Ready Public Schools English Learner Master Plan. The goal is to provide high quality instructional programs and services for English learners that allow them to achieve the same challenging grade level and graduation standards, in the same proportions, as native-English speaking students and to gain proficiency in the English Language.

The English Language Development (ELD) component of the program supports ELs through:
- A teaching staff qualified in second language pedagogy
- Implementation of Integrated and Designated ELD
- Use of Integrated ELD strategies, including, but not limited to frontloading vocabulary, customizing graphic organizers for various writing tasks, modeling,
chunked reading, visual aids, collaborative learning experiences mini-lessons (10-15 min), guided and independent practice which is product-driven (i.e. Exit and Do Nows, etc.), pre-reading and pre-writing strategies, text annotation, use of text-based evidence questions, options for assessments, and multiple methods to check for understanding.

- An optional after-school and summer school program with a strong language literacy focus determined by the individual assessed needs of each student
- When possible, additional bilingual teacher’s aides in the classroom to assist ELs at ELD levels 1 and 2 in core area content classes

**English Language Development**

English Language Development addresses all four domains of language: speaking, listening, reading, and writing – but the emphasis is on speaking and listening. The intent of ELD is to accelerate English language learning in strategic ways by developing skills in these four domains with robust and contextualized instruction. This includes many opportunities for students to engage in meaningful language practices at an appropriate level of challenge and complexity based on their CELDT/ELPAC skills and overall level. Effective ELD improves access to reading/language arts and all core subjects by explicitly focusing on the language demands of the core.

**Designated ELD**

Designated ELD is core instruction for ELs. The intent of ELD is for teachers to explicitly and intentionally teach English in order to develop a strong English language foundation in both social and academic settings aligned to the ELD levels of students.

ELD instruction includes interactive activities that are carefully planned and implemented. ELD instruction focuses on all components of the English language not likely to be acquired adequately or efficiently in other instructional or social settings and in daily school, family, and community interactions.

ELD instruction is research- and standards-based, aligned to the CA ELD standards. It is systematically planned and structured via a scope and sequence of language progressions and is planned and delivered targeting specific language objectives.

ELD instruction at the school explicitly teaches elements and features of the English language such as vocabulary, syntax, grammar, discourse, functions, and conventions, as well as the comprehension and production of discipline-specific academic language (e.g., math, science, social studies) based on student ELD skills and needs. We endorse the following guidelines for effective ELD instruction provided by Saunders and Goldenberg (in CDE, 2010, pp.27-28):

- A separate block of time is devoted to daily ELD instruction.
- ELD instruction emphasizes listening and speaking although it can incorporate reading and writing.
- ELD instruction explicitly teaches elements of English (e.g., vocabulary, syntax, grammar, function and conventions).
- ELD instruction is planned and delivered with specific language objectives for each lesson.
- ELD instruction integrates meaning and communication to support explicit teaching of language.
- ELD instruction includes carefully planned interactive activities among students.
• ELD instruction provides students with corrective feedback on form.
• ELD teachers attend to communication and language-learning strategies during instruction.
• ELD instruction emphasizes academic language as well as conversational language.
• ELD instruction continues until students meet reclassification criteria.
• ELs are carefully grouped by language proficiency for ELD instruction; they are mixed classrooms, not segregated by language proficiency at other times of the school day.

Integrated ELD
All teachers who provide content instruction in English at any grade level use integrated ELD methodology to provide access to core content areas for English learners, taking into account their level of language proficiency and the language demands of the lessons. In addition, teachers consider the language needed to construct meaning and demonstrate acquisition of a concept/skill. For students who are at ELD levels 1-3, the teacher must incorporate the use of additional research based strategies, techniques and material that ensure comprehensibility, including primary language support as appropriate.

The primary purpose of integrated ELD is teaching skills and knowledge in the content areas, more specifically content identified in standards for English/Language Arts, math, science, social studies, physical education, and the arts.

Integrated ELD promotes language development, particularly what is called “academic language”, or the language of the discipline. ELs are provided with access to well-articulated, standards-based core curriculum via many different scaffolding techniques and strategies.

The key features of the school’s integrated ELD includes:
• Grade-level appropriate content standards in each content area
• Emphasis on the key or essential standards
• Alternate assessments that allow students to demonstrate content mastery with minimal construct-irrelevant language interference (i.e. the language of the assessment minimizes interference with student’s ability to demonstrate knowledge of the subject)
• Significant scaffolding of content
• Emphasis on language objectives in addition to content objectives
• Alternative materials that may present the content with a more accessible reading level and/or more visual supports
• Extensive student engagement strategies that allow students to practice using the language of the discipline in meaningful ways

All ELs are monitored regularly to ensure adequate progress toward acquiring English proficiency and mastery of grade level academic content. It is important to examine the achievement of the student’s “true peers” (similar language proficiencies, culture and experiential background) to determine if they are progressing or not. If several “true peers” are struggling, this is an indication that the core instruction is less than optimal for that entire group of students. When the progress of a particular student is substantially slower than the students “true peers”, the student requires intervention to accelerate learning. This intervention is in addition to the time allowed for core instruction.
In all interventions, the curriculum addresses the student’s specific learning needs and progress is carefully monitored and reported. All interventions have the following in common:

- Initial meeting with LAT to discuss teacher concerns about the student’s progress.
- In-depth assessment to determine specific area(s) of need and instruction that targets those needs.
- Entry and exit criteria for participation in the intervention.
- Frequent (weekly) progress monitoring to ensure the effectiveness of the intervention.
- Systematic and explicit instruction with modeling, multiple examples and feedback.
- Option of receiving different curriculum from the core program with increased time and intensity of instruction.

McKinzie works to recruit teachers who have a credential as well as state authorization to teach EL’s such as BCLAD, CLAD, SB1969, and who not only have training in second language pedagogy but also have experience teaching English Learners and designated and integrated ELD. All teachers are trained in appropriate methods for teaching ELs at various levels of proficiency. These methods include using bilingual teacher aides, preview and review strategies, and after school tutoring programs that are coordinated with the regular curriculum and designed for ELs.

- **Integrated ELD** – Integrated ELD provides meaningful instruction in content areas (social studies, math, science) for transitioning English Learners towards higher academic achievement while they are working towards English fluency. The teacher provides varied methods of instruction that allow students to create meaning of multifaceted content in classroom discussion, activities, reading and writing, causing teachers to build upon their abilities to take on the linguistically diverse classroom.
- **Preview/Review** – A preview of a lesson (including key vocabulary) is given in a student’s L1.
- Teachers present vocabulary prior to presenting core content
- **Digital Content** – Allows individual students to develop auditory and verbal skills at their own pace using headphones and computing devices.

McKinzie administers the California English Language Development Test (CELDT)/English Language Proficiency Assessment for California (ELPAC) to all new students whose home language is other than English on their Home Language Survey and to all English Learners annually to determine each student’s individual proficiency level and to assess student progress in acquiring English Proficiency according to the CA ELD standards. The CELDT/ELPAC results are used to properly place English learners in an appropriate English Language Development course. The overall score and domain specific scores are analyzed to determine instructional needs to support and accelerate progress toward learning English.

To reclassify students, McKinzie administers the CELDT/ELPAC as stated above. Students who have scored level 4 or higher overall on the CELDT and have scored at least a 3 in each of the four skill areas of the CELDT are reviewed for reclassification. In addition to the CELDT/ELPAC criterion, student must, score Basic or above on the Lexile level assessment or nearly met, met or exceeded grade level standards on CAASPP ELA or close to, met or exceeding college-ready on ACT Aspire Reading. The Teacher Evaluation measure includes, but is not limited to student performance on: standards-based ELA assessments or standards-based ELA interim assessments report card grades (C or better)/progress report marks in equivalent ELA courses,
and authentic student work samples, especially writing samples. The final criterion for reclassification is parent consultation.

The Alliance Data team, comprised of the Director of Assessments and the Data Analyst, provides each school with a list of students eligible for reclassification when new data points are available.

Non-standard English Speakers - Recognizing that many students at McKinzie may not be Standard English speakers, many of the same guidelines and programs listed above are followed for them so as to ease their transition into Standard English. The school’s objectives are to have all students achieve proficient/advance performance in written English Language Arts as assessed by the ELA CAASPP. McKinzie school leaders and teachers monitor each student’s performance. Specific strategies include modeling standard English; building student communication skills through structured classroom participation in oral language presentations for project-based learning culminations; training teachers in recognizing non-standard English language interference with learning; establishing a culture of appreciation for home language usage and culture; and recognition of the importance of standard English usage in the world of work and education.

Annually the Alliance Data team, consisting of the Director of Data and Data Analyst, provides data reports and analysis of McKinzie’s EL progress including improvement in English proficiency level, progress in English language arts and Alliance assessment data disaggregated by subgroups. Progress of Long-term English Learners is also monitored and support begins with identifying and tracking them as a subgroup. The progress of LTELs and for students At-Risk of becoming LTEL is monitored through the Language Appraisal Team. At least once per semester, the school’s Language Appraisal Team (LAT) meets to review the performance and progress, program placement, test results and goals for meeting the reclassification criteria of LTELs and for students At-Risk of becoming LTEL to determine the effectiveness of the supports for the students.

School and classroom-level identification and analysis of current levels of performance, strengths, and needs in addition to the specific obstacles for each individual student to meet reclassification is also evaluated. Assigning all ELs, including LTELs, to a counselor who tracks their progress and monitors obstacles to reclassification. The counselor then works with administration, teachers, and coaches to communicate needs. The administration provides targeted and ongoing professional development based on research-based practices for supporting LTELs.

The progress of reclassified fluent English proficient students is monitored through the Language Appraisal Team. At least once per semester, the school’s Language Appraisal Team (LAT) meets to review the performance and progress of RFEP students using the RFEP Follow-Up Form. The Alliance Data Team creates an RFEP Follow-Up Form annually for each student and disseminates to principals. The school LAT includes the principal or designee, the student’s classroom teacher(s), and other personnel such as counselors, specialist teachers, intervention teachers, EL experts, as appropriate, and/or parents of the student being reviewed. The LAT will discuss the students’ progress, including but not limited to, ELA grade, GPA, lexile score and discuss specific language and academic supports, if needed. The LAT completes and maintains the RFEP Follow-Up Form to keep a record of RFEP student progress.
McKinzie has implemented a school-wide effort toward literacy intervention to align student academic achievement to Lexile level growth. This master strategy is especially important for ELs. Also, McKinzie offers after-school tutoring. If students cannot stay after school, they can also receive support during lunch and nutrition. Students also receive support during advisory with the ELD Specialist. Our teachers are trained in strategically analyzing CELDT data to ensure that they can use the data to better group students, differentiate instruction, and implement EL strategies. We also use interim and other internal assessments to group students.

Our school is committed to monitoring the progress of ELs’ academic achievement, implementation of its EL policies, programs and services, as well as their effectiveness in order to continuously improve them and to be accountable. English Learner program monitoring, evaluation, and accountability practices will address the following purposes:

- Monitor progress of ELs towards reclassification;
- Monitor implementation of instructional program services, educator/stakeholder roles and duties, and administrative processes as defined in the Alliance English Learner Master Plan;
- Determine effectiveness of programs, services and processes in promoting EL linguistic and academic success, and college- and career-readiness;
- Provide useful, timely feedback and identify needed modifications and actionable information to all educators and stakeholders in the system;
- Support continuous improvement of EL achievement and the implementation of instructional and support services, and identify needed modifications; and
- Foster internal accountability of all educators and stakeholders for implementation, outcomes and continuous improvement.

The following chart outlines the EL program goals, evaluation questions and measures used to assess overall effectiveness of the EL program.

**Gifted and Talented Students and Students Achieving Above Grade-Level**

As all students are challenged to reach their intellectual potential within the instructional program, McKinzie will not offer a formal, separate gifted and talented program. Throughout the day, the staff may differentiate instruction based upon the individual needs of the students and will provide an opportunity to excel for those students who are achieving at high levels or demonstrate a specific ability or talent, as identified through student data or evidence of a pupil’s capacity. Teachers will differentiate in the forms of acceleration, depth, complexity, and novelty and will differentiate the process, content, or product to meet the needs of gifted and talented students. Examples of instructional models which may be employed with gifted and talented students at McKinzie are:

- Project-based learning
- Discovery learning
- Computer activities, including online games, research, and targeted instruction through online content
- Utilizing higher levels of questioning and thinking skills
- Ensuring there is a wide variety of materials at different skill levels that engage a wide variety of interests
- Individual or group inquiry projects
- Field trips to broaden experience base
- Ensuring that the curriculum is sufficiently challenging

By using data from core assessments, teachers will be able to make the necessary modifications and adjustments to best support students who require additional academic challenge. Teachers will utilize workshop time, as well as differentiated choices for gifted and talented students throughout the day to support them in continual growth. All students at McKinzie will be valued for their individualism and their interests and passions will be cultivated. Further, the teachers will work together to develop plans to best support students in driving forward their academic achievement and pursuits in relation to the students’ learning profiles and specific talents. In order to ensure that the needs of all students are being met, the staff will utilize the Student Success Team (SST) process for students who have been identified as consistently achieving well above the norms (as measured by formative, summative, and standardized testing) just as they would use the process for identifying students who struggle.
Students Achieving Below Grade-Level

In an effort to improve the performance for all students including low achieving or at risk of retention, McKinzie monitors student performance and progress of these students throughout the year. Data is accessible at the student- and subgroup-levels; through school leaders, school leadership teams, which consist of department and grade level chairs, and classroom teachers, monitor standards and student achievement in order to identify all students earning below a grade of C, flagging students at risk based on interim assessments, grades, and/or credit deficiencies. Advisory teachers review student data/progress reports of each of their advisory students. Parents review and sign 5-week progress and 10 week-report cards. The following takes place for those specifically identified as low achieving:

1. To identify low-achieving students, all incoming students are given diagnostic tests upon entry to the school, in addition to establishing baseline Lexile score. State assessment results and grades showing students who are not meeting or nearly meeting standards are also used to assess student achievement levels.

2. Where additional supports and/or interventions are required, the school’s academic team, compromise of school leaders and teachers, will consult with the parent/guardian to share results and develop a plan to support and ensure growth.

3. Within three weeks of identification, a conference is scheduled between the student, parent, teachers, and a member of the administrative leadership team to develop an action plan. The action plan has specific responsibilities for the student, parent, and teachers.

4. The student receives supplemental support through remediation support classes in ELA and math in addition to regular courses. In the areas where the student is struggling most, the classroom teacher may employ the use of online digital content providers to support one-on-one instruction targeted to specific individual needs. The academic progress of all students is monitored by the college counselor. In addition, the grade level administrator works with individual students identified by a member of the grade level team, to determine additional academic interventions or supports.

Socioeconomically Disadvantaged/Low Income Students

Low-income students will be identified by eligibility for the federal lunch program. Approximately 97% of students at McKinzie have qualified for this program in the past few years. As such, the overwhelming majority of all students enrolled at McKinzie meet this subgroup identification. Our school program is designed to meet their needs. We believe all students can learn at high levels regardless of economic status.

McKinzie has structured advisory groups for students. Through the building of relationships, advisors are able to request more personalized services to support the individual’s student’s success academically, socially, and personally. Student support services vary based on student need. Needs are identified and progress is monitored through the SST model and based on disaggregated performance data. When we track performance data we disaggregate data by subgroup to ensure that all subgroups are making progress and that appropriate interventions are provided. We do not believe that a student’s socioeconomic status should limit their capacity to learn at high levels. Specific interventions to support the needs of these students may include:

- After school support through tutoring and college workshops which they do not have access to at home.
● Fee waivers for college exams that they would not otherwise be able to pay for
● Role models from industry partners and volunteers who are represent careers and college backgrounds they would not otherwise see or hear about at home
● College Match programs to connect students to universities that reach out with the goal of providing opportunities for low income students
● Support for the parents through parenting classes where poverty impacts home support
● Provide tutoring on the ACT or SAT
● Provide tours to college/university campuses

Attention is also given to ensure that each student receives nutritious meals and is assisted with accessing health care and other resources if needed. A uniform is provided at no cost for students (and assistance will be provided for subsequent uniforms if necessary), and assistance is provided to ensure eligible students successfully access waivers for college applications. Parents and guardians are also supported through parent workshops held throughout the year.

**Students with Disabilities**

Please refer to the District Required Language included at the beginning of Element 1.

**Students in Other Subgroups**

Foster youth, and related subgroups such as homeless students, are identified by school personnel through the registration and enrollment process, and supported through coordinated activities with other entities/agencies, identified according to the specific situation and student needs. Once students have been identified, students will be indicated in PowerSchool, and the Alliance Home Office will work with the school staff (usually the School Operations Manager) to locate additional support services on a case by case basis. The students will be provided with tutoring, counseling, transportation and coordination of services as needed to best meet their individual needs using the COST Process (Coordination of Services Team) made up of an administrator, counselors, school psychologist, and other certificated personnel as relevant such as a classroom teacher. A quarterly evaluation of academic performance for all students in this subgroup will be implemented by the administration and counselor to assess the level of response to services, and adjustments to curriculum will be made as necessary to nurture a positive environment.

“A Typical Day at McKinzie”

A visitor to our school will observe our core beliefs and values in practice on a typical day by “shadowing” any randomly selected student.

Students arrive by 7:30 a.m., all wearing the Alliance College-Ready Public Schools logo uniform. Most students walk to school from close by neighborhoods and some are dropped off by parents. Parent volunteers, a vigilant principal, and supervising staff members greet students as they arrive. Students gather on campus in a safe, calm, welcoming atmosphere that reflects the diversity of the community and the school’s focus on getting ready for college with college pennants displayed throughout the school and in classrooms.

Students begin the first of three two-hour periods per day followed by the advisory period. On regular schedule days, students are seated in their classrooms ready to begin their first period by 7:45 a.m. Students learn in academic classes with an average class size of 25, small
enough to ensure that each student receives individual attention. Students begin work immediately upon entering each classroom. Teachers begin each period by recording attendance on their laptop computer using Pinnacle, the school’s data management system. Daily attendance information is sent to the office and parents of students who are absent or tardy are called.

The emphasis in core classes is on rigorous grade appropriate standards-based instruction with high expectations for all students along with a focus on literacy. Content standards and measurable objectives are clearly evident as the focus of instruction in the agenda for the day, which is displayed in each classroom following a school-wide white board configuration. Teachers engage students in understanding clear expectations for what students must know and be able to do to achieve proficient work on grade level standards. Students are actively engaged in their learning through “accountable talk” about what they are learning in pairs, small group, or whole class interaction.

Teachers involve students in defining and understanding criteria for proficient work so that students are able to judge their own work. Teachers define clear expectations so that students know what it takes to improve their performance. Teachers provide directed instruction and facilitate student learning using a variety of instructional materials and resources including digital content and traditional textbooks. Students are in A-G and Advanced Placement courses as well as academic electives that provide intervention to accelerate learning for students performing below proficient levels or enrichment for students performing at proficient and advanced levels.

Students attend their advisory period after the first two-hour block period. Teacher and the same small group of 15 to 20 students, welcome them. In the advisory period, no student is allowed to “fall through the cracks” of anonymity. The advisory focuses on reading with metacognitive logs and academics. The advisory teacher serves as the students’ advisor and the counselors support students for guidance with studies, student relationships, and planning for college. During advisory students participate in Sustained Silent Reading Plus (SSR plus) where there is sustained silent reading followed by a metacognitive reflective log that allows students to develop reading comprehension, critical thinking and analysis, and connections to the text. This structure helps to ensure that students are aware of their literacy based resources and practicing the skills necessary to become a highly literate individual. Advisory structure provides a small focused support group to motivate and support each student’s progress. The advisory teacher monitors each student’s academics and personal learning plan to address individual interests and needs. The advisory model ensures students have a voice in their learning and are active stakeholders at Alliance Morgan McKinzie HS.

Advisory covers standards for each grade level in the areas of personal development, college and career, social responsibility and community building.

All students have the opportunity to participate in the nutrition meal program following the first two-hour period. Nutrition is part of the federal meal program and service is provided by the school’s selected vendor for students eligible for full, reduced or free meals. Student eligibility is kept confidential and all students are encouraged to eat healthy meals as part of the school’s health program. Following nutrition, all students begin the second two-hour instructional period of the day.
Because of the small size of the campus, passing from period to period throughout the campus and hallways takes place within 3-5 minutes. Students are self-directed and show respect for each other and their school. Students see examples of quality student work aligned with California content standards displayed inside and outside their classrooms. English learners are supported in developing English proficiency through ELD and in content classes through core English classes.

All students participate in a 30-minute lunch period before the last instructional period of the day. After school tutoring and are available for students performing below or far below basic levels based on quarterly interim assessments and teacher assessment. Students receive individual tutoring based on their individual needs. The campus is buzzing with extracurricular activities after school and on Saturdays that include student interest clubs, as well as with parent and community workshops.

Any student interviewed will proudly tell visitors, “I’m getting ready for college.” They are likely to be the first in their family to have the expectation and the opportunity to go to college.
ELEMENT 2: Measurable Pupil Outcomes and ELEMENT 3: Method by which Pupil Progress Toward Outcomes will be Measured

“The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, as that term is defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school.” (Ed. Code § 47605(b)(5)(B).)

“The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.” (Ed. Code § 47605(b)(5)(C).)

**MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM**

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§ 47605(c)(1), 60605.)

Charter School shall comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula) and AB 484 (2013), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

**STANDARDIZED TESTING**

Charter School agrees to comply with state requirements for participation and administration of all state-mandated tests, including computer-based assessments. Charter School shall submit and maintain complete, accurate, and up-to-date California Longitudinal Pupil Achievement Data System (CALPADS) data in accordance with the requirements of California Code of Regulations, title 5, section 861. Charter School hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as Charter School. Upon request, Charter School shall submit, in the requested format (e.g., CD), a copy of the results of all state-mandated tests to the District.

**Measurable Goals of the Educational Program**

Describe the Measurable Goals and Objectives of the Educational Program

McKinzie is committed to providing a consistent educational environment and experience for students that prepares them with the skills, experience, and knowledge to enter and succeed in college.

Annual goals set as a means of achieving this objective are outlined in the school’s Local Control and Accountability Plan (LCAP). For further information on these goals, actions and performance targets, please see the LCFF State Priorities table provided in Element 1.
Measurable Pupil Outcomes: Summative Assessment Performance Targets

Performance Targets Aligned to State Priorities

Specific Performance Targets for all pupils and for each subgroup - please see the LCFF State Priorities table provided in Element 1.

Other Performance Targets
For all other measurable goals, please see the LCFF State Priorities table provided in Element 1.

Method for Measuring Pupil Progress Toward Outcomes: Formative Assessment
Assessments are a foundational component of the teaching and learning process. To ensure that all students have access to the learning experiences necessary for college persistence and career success, McKinzie will employ high-quality, purposeful, actionable and strategically-sequenced assessments for learning and of learning.

Using the Common Core and CA Standards where applicable, McKinzie has clearly defined what students should know in each core subject at each grade/course level. We will monitor the progress of all subgroups against target goals by disaggregating data for all assessments and grades through Illuminate, Schoolzilla and PowerSchool, our student information systems.

Up to three times a year in English, Mathematics and Science, McKinzie implements standards aligned interim assessments. These assessments are built by the Home Office Academic Team in partnership with outside assessment vendors, and are aligned to the Common Core and NGSS standards. The interims are built off of the assessment blueprints and item specifications for Smarter Balanced and the released items from the yet-to-be operational new California Science Assessment (CAST). Data from each interim is immediately available to McKinzie staff and broken down at the student, item and standard level. Data is then used to identify common misconceptions and student supports. After each interim, teachers use the data to re-teach standards through daily instruction. The expectation is that students will improve in their mastery of standards over the course of the year to best position them to fully meet the performance expectations of Smarter Balance.

Below is the current list of assessments used to monitor student progress towards college and career readiness standards. These assessments are subject to pending any changes in state-mandated assessments.
<table>
<thead>
<tr>
<th>ASSESSMENT TYPE</th>
<th>FREQUENCY</th>
<th>GRADES/CONTENT</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Interim Assessments</td>
<td>3x per year</td>
<td>Grade 9,10,11, ELA, math, science</td>
<td>Interim Assessments at Alliance align to the standards covered and suggested pacing in each grade/content. These assessments are aligned with the CCSS and SBAC and provide important information to teachers for planning, instruction and supports for students. Alliance’s Interim Assessment Inventory includes both assessments that are unique to Alliance.</td>
</tr>
<tr>
<td>Lexile Level-Set Assessment</td>
<td>3x per year</td>
<td>All grades</td>
<td>Achieve 3000 Level-Set assessments measures student progress and performance on reading comprehension skills.</td>
</tr>
<tr>
<td>Smarter Balanced Summative Assessments</td>
<td>1x per year</td>
<td>Grade 11, ELA and Math</td>
<td>The Smarter Balanced Summative Assessments are comprehensive end of year assessments in English language arts/literacy (ELA) and Math that are aligned with the Common Core State Standards (CCSS) for English language arts/literacy (ELA) Mathematics.</td>
</tr>
<tr>
<td>California Adaptive Assessment (CAA)</td>
<td>1x per year</td>
<td>Grades 10/11, identified students only</td>
<td>Students with cognitive disabilities take the CAA instead of the Smarter Balanced Summative Assessment. This test is modified to appropriately assess the ELA/Literacy and mathematics progress and performance of specific students designated to engage in a modified curriculum as specified in their IEP.</td>
</tr>
</tbody>
</table>
McKinzie tests independently of LAUSD. Assessments and standardized testing of students with disabilities is conducted using state and District guidelines for modifications and adaptations.

The assessment structure includes, in addition to other standards-based and performance-based assessment tools, comprehensive final exams in each of the core academic subjects, quizzes and tests, homework assignments, essays and research reports, and teacher evaluation of in class performance. These measurements are weighted and combined into a comprehensive educational program assessment to determine student achievement and promotion to the next grade level. The aggregate results are issued as a report card to the community evaluating the measurable goals and terms outlined in the charter.

Alliance interim benchmark assessments are administered online in order to prepare students for SBAC online assessments and represent the level of rigor required for students to meet the proficiency level (3 or 4) as measured on Smarter Balanced assessments. Every student has an SBAC ready computing device.

**Data Analysis and Reporting**

Ongoing data gathering and analysis guides and informs decisions for determining successful progress or the need for program adjustments. School staff and the school’s governing board work collaboratively to analyze data and discuss ways to improve student performance throughout the year. Below is a sample of data gathered and its use.

<table>
<thead>
<tr>

Data gathered is used to measure progress towards stated goals and to determine the effectiveness of our instructional program. Multiple opportunities for data analysis are available at McKinzie including the following:

- Regular assessments and common planning time provides consistent opportunities for teachers to work together to analyze student work and share classroom practices as they relate to student achievement.
- Programs used to support blended learning provide regular real-time performance data that teachers can use to structure classroom rotations, differentiate individual and group tasks, and provide more adapted options for students to demonstrate their learning.
- Professional development provides opportunities for teachers and school leaders – both within their school and across the Alliance Network of schools - to work with each other and with the Alliance Academic Team to analyze data on a school, classroom and individual student basis.

At each level, data informs our decisions regarding the need to continue, modify, improve, add to or discontinue instructional strategies to best meet the needs of our students and provide the necessary supports to help accelerate their progress. Furthermore, data is regularly shared with stakeholders throughout the year to inform them of school performance.
Grading, Progress Reporting, and Promotion/Retention

McKinzie issues student progress reports every ten weeks based on student proficiency on grade level/subject standards and expectations designated for the quarter. The student progress report is based on multiple measures including teacher assessments, portfolio/exhibits, and specific assessments to quantify student performance. Student progress reports reflect their progress towards advanced, proficient, basic or below proficient performance. Formative and summative assignments and assessments are used to determine student performance.

Student course grades to meet graduation requirements including A-G are A, B, C or NP (Not Proficient) grades. Student reports are issued and recorded through our data system. Parents of students performing below/far below proficient performance participate in a scheduled parent conference to discuss the parents’ and the teachers’ plan to improve their child’s performance. Teachers and advisors meet together to analyze these reports and to make necessary adjustments in the program being offered to students who are showing a lack of progress.

Promotion and Retention of Students

McKinzie is committed to helping students achieve the necessary skills to progress from grade to grade yearly and does not endorse social promotion. Because of the linguistic and socioeconomic barriers this student population may have faced, readiness to move to the next grade level is examined on an individual basis. Each student is assessed individually according to his/her total needs.

McKinzie has clearly defined expectations for what students should know and be able to do at each grade level in each subject in an effort to equip all students with the academic skills that enable them to be ready for entrance to and success in college. Promotion and retention of students is based on multiple assessment measures to determine if the student is advanced, proficient, partially proficient, or not proficient. Assessment measures include the student progress report, degree of proficiency and teacher recommendations. Students whose average rubric score classification is “not proficient” on the final student progress report for the academic year are eligible for retention.

The principal or administrative designee, in conjunction with school teaching and counseling staff prepares a written determination to specify the reasons for retention. The written determination includes recommendations for interventions that are necessary to assist the student to attain acceptable levels of academic achievement. The written determination is provided to and discussed in a meeting with the student’s parents/guardians, teachers, and principal.

Student’s identified for retention will work closely with the counselor and are encouraged to participate in a remediation program that includes after-school activities, tutoring, and summer school. All students, are also provided additional in-class support, which ensures that students who cannot participate outside of school hours are also supported. The student’s academic performance is reassessed at the end of the remediation program, and the decision to retain or promote the student is reevaluated at that time.
Appeals Process for Retention
The retention of a student is at the discretion of the principal or administrative designee. Parent/guardians shall be notified in advance of the enactment of the retention and can appeal a student’s retention. A retention appeal shall be submitted in writing to the school’s Alliance Home Office designated support team, and shall be heard if requested within five (5) school days of the notification of retention by the school. Upon consideration, the Alliance Home Office designated support team’s decision shall be final. The decision regarding the appeal will be made within five (5) school days of the appeal submission to the Alliance Home Office designated support team. Parents/guardians will be notified of the decision in writing within three (3) school days following the decision.
ELEMENT 4: Governance

“The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.” (Ed. Code § 47605(b)(5)(D).)

GENERAL PROVISIONS

As an independent charter school, Charter School, operated as or by its nonprofit public benefit corporation, is a separate legal entity and shall be solely responsible for the debts and obligations of Charter School.

Charter School shall ensure that, at all times throughout the term of the Charter, the bylaws of its governing board and/or nonprofit corporation are and remain consistent with the provisions of this Charter. In the event that the governing board and/or nonprofit corporation operating Charter School amends the bylaws, Charter School shall provide a copy of the amended bylaws to CSD within 30 days of adoption.

Charter School shall send to the CSD copies of all governing board meeting agendas at the same time that they are posted in accordance with the Brown Act. Charter School shall also send to the CSD copies of all board meeting minutes within one week of governing board approval of the minutes. Timely posting of agendas and minutes on Charter School’s website will satisfy this requirement.

The District reserves the right to appoint a single representative to the Charter School governing board pursuant to Education Code section 47604(b).

LEGAL AND POLICY COMPLIANCE

Charter School shall comply with all applicable federal, state, and local laws and regulations, and District policies as it relates to charter schools adopted through Board action.13

Charter School shall comply with all applicable federal and state reporting requirements, including but not limited to the requirements of CBEDS, CALPADS, the Public Schools Accountability Act of 1999, and Education Code section 47604.33.

Charter School shall comply with the Brown Act and the Public Records Act.

Charter School and all employees and representatives of Charter School, including members of Charter School’s governing board, members of Charter School or governing board committees and councils, Charter School administrators, and managers, shall comply with federal and state laws, nonprofit integrity standards, and LAUSD charter school policy, regarding ethics and conflicts of interest. Charter School shall enter into all transactions and conduct business with all persons and entities at arm’s length or, in the case of otherwise permissible related party transactions, in a manner equivalent to arm’s length.

13 The District is in the process of compiling a list of LAUSD policies that apply to its authorized charter schools. The list will be finalized by April 1, 2018. Charter Schools Division staff will annually review District policies and make recommendations to the LAUSD Board of Education on continued application to charter schools.
Charter School shall notify parents, guardians, and teachers in writing within 72 hours of the issuance of a Notice of Violation, Notice of Intent to Revoke, Final Decision to Revoke, Notice of Non-Renewal, or equivalent notice, by the LAUSD Board of Education.

**TITLE IX, SECTION 504, AND UNIFORM COMPLAINT PROCEDURES**

Charter School shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under Title IX of the Education Amendments of 1972 (Title IX) and section 504 of the Rehabilitation Act of 1973 (“Section 504”), including any investigation of any complaint filed with Charter School alleging its noncompliance with these laws or alleging any actions which would be prohibited by these laws. Charter School shall notify all of its students and employees of the name, office address, and telephone number of the designated employee or employees.

Charter School shall adopt and publish complaint procedures providing for prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited by Title IX or Section 504.

Charter School shall adopt and implement specific and continuing procedures for notifying applicants for admission and employment, students and parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with Charter School, that Charter School does not discriminate on the basis of sex or mental or physical disability in the educational programs or activities which it operates, and that it is required by Title IX and Section 504 not to discriminate on any such basis.

Charter School shall establish and provide a uniform complaint procedure in accordance with applicable federal and state laws and regulations, including but not limited to all applicable requirements of California Code of Regulations, title 5, section 4600 et seq.

Charter School shall adhere to all applicable federal and state laws and regulations regarding pupil fees, including Education Code sections 49010 - 49013, and extend its uniform complaint procedure to complaints filed pursuant to Education Code section 49013.

Charter School shall extend its uniform complaint procedure to complaints filed pursuant to the Local Control Funding Formula legislation provisions set forth in Education Code section 52075.

**RESPONDING TO INQUIRIES**

Charter School, including its nonprofit corporation shall promptly respond to all reasonable inquiries, including but not limited to inquiries regarding financial records from the District, and shall cooperate with the District regarding any inquiries. Charter School acknowledges that Charter School, including but not limited to its nonprofit corporation, is subject to audit by LAUSD, including, without limitation, audit by the District Office of the Inspector General. Charter School shall provide the District with current, complete, and accurate contact information for Charter School, Charter School administrators, and Board members.

If an allegation or other evidence of waste, fraud, abuse, or other material violation of law related to Charter School’s operations, or breach of the Charter, is received or discovered by the District, Charter School, including but not limited to its nonprofit corporation, employees, and
representatives, shall cooperate with any resulting inquiry and/or investigation undertaken by the District and/or the Office of the Inspector General Investigations Unit.

Charter School acknowledges and agrees that persons and entities that directly exercise control over the expenditure of Charter School’s public funds shall be subject to all necessary and appropriate District charter school oversight.

**NOTIFICATION OF THE DISTRICT**

Charter School shall notify the Charter Schools Division (CSD) in writing of any citations or notices of workplace hazards, investigations by outside governmental regulatory or investigative agencies, lawsuits, changes in corporate or legal status (e.g., loss of IRS 501(c)(3) status), or other formal complaints or notices, within one week of receipt of such notices by Charter School. Unless prohibited by law, Charter School shall notify the CSD in writing of any internal investigations within one week of commencing investigation. Charter School shall notify the CSD within 24 hours of any dire emergency or serious threat to the health and safety of students or staff.

**STUDENT RECORDS**

Upon receipt of a student records request from a receiving school/school district, Charter School shall transfer a copy of the student’s complete cumulative record within ten (10) school days in accordance with Education Code section 49068. Charter School shall comply with the requirements of California Code of Regulations, title 5, section 3024, regarding the transfer of student special education records. In the event Charter School closes, Charter School shall comply with the student records transfer provisions in Element 15. Charter School shall comply with the requirements of Education Code section 49060 et seq., which include provisions regarding rights to access student records and transfer of records for youth in foster care.

**PARENT ENGAGEMENT**

Charter School shall not require a parent or legal guardian of a prospective or enrolled student to perform volunteer service hours, or make payment of fees or other monies, goods, or services in lieu of performing volunteer service, as a condition of his/her child’s admission, continued enrollment, attendance, or participation in the school’s educational activities, or otherwise discriminate against a student in any manner because his/her parent cannot, has not, or will not provide volunteer service to Charter School.

**FEDERAL PROGRAM COMPLIANCE**

As a recipient of federal funds, Charter School has agreed to meet all applicable programmatic, fiscal and other regulatory requirements of the Elementary and Secondary Education Act (ESEA, also known as Every Student Succeeds Act (ESSA)) and other applicable federal programs. Charter School understands that it is a local educational agency (LEA) for purposes of federal compliance and reporting purposes. Charter School agrees that it will keep and make available to the District any documentation necessary to demonstrate compliance with the requirements of ESEA and other applicable federal programs. Charter School also acknowledges that, as part of its oversight of Charter School, the District may conduct program review for federal as well as state compliance.
Governance Structure

Alliance Morgan McKinzie High School is incorporated as a nonprofit corporation and such corporation is the corporate entity operating the Charter School. Charter School constitutes one of several nonprofit corporations associated with Alliance College-Ready Public Schools (“Alliance”), a charter management organization. Alliance provides fundraising and other support of the charter schools associated with it, which includes but is not limited to Charter School. Alliance, to achieve economies of scale, also provides back-office support to Charter School through a services contract. See discussion under “Business and Operations Assistance” below. The administrative services agreement and associated transactions between the Charter School and Alliance are deemed to be permissible related party transactions, made in a manner equivalent to arm’s length.

Alliance

Alliance, itself a nonprofit corporation, is submitting this renewal petition on behalf of Alliance Morgan McKinzie High School. Alliance has assembled an impressive leadership team that has a clear vision and experience in launching and managing new schools, as well as critical operational and financial expertise.

Charter School

Charter School is an independent nonprofit public benefit corporation. Alliance is the statutory member of the corporation. Its role as statutory member in the organization is limited to the authority of a member under the California Corporations Code. In that regard, the Alliance Board appoints five of the members of the School Board of Directors. The affairs of Charter School, however, are managed and its powers are exercised solely under the authority of the School Board of Directors, whose ultimate responsibility for key operational matters include but are not limited to: (1) the selection, hiring, compensation, supervision and evaluation of the Charter School’s principal; (2) the governance and operation of Charter School in compliance with applicable law and the Charter; and (3) Charter School’s financial management, viability, and accountability, including but not limited to expenditures and accounting of all public funds received by the Charter School.

Charter School operates under the charter authorization of Los Angeles Unified School District. Charter School abides by the current published, communicated and defined LAUSD policy for charter schools. Charter School is and will be solely responsible for the debts and obligations of Charter School.

School Board of Directors

The nine directors of the School Board of Directors include five members selected by Alliance College-Ready Public Schools, two teachers and two parents of Charter School students. The school principal recommends teacher and parent nominees, and membership is subject to confirmation by the members of the School Board of Directors. LAUSD reserves the right to appoint a single representative to serve on the Board. The Board meets quarterly, operating in accordance with the Brown Act, its Articles of Incorporation and its Bylaws.

Each director selected and confirmed shall serve a two-year term. A director designated by a school district shall serve for such term of office as is specified by the school district. The Alliance Board considerations and qualifications for appointing 5 members includes: candidate commitment to participate in no fewer than 75% of school board meetings; candidate knowledge
of effective organizations and fiscal systems; candidate commitment to visit and be knowledgeable of Alliance schools; candidate background and experience as a successful leader of a school, company or other organization. The varied experiences and backgrounds of stakeholders on the School Board of Directors, lend different perspectives and expertise to the effective monitoring of the school in instruction, academic performance, operations, and finance.

The School Board of Directors, the Charter School administrative staff, and their respective representatives are responsible for all aspects of the day-to-day operations of Charter School, including, but not limited to, making necessary provisions for accounting, budgeting, payroll, purchasing, liability, insurance, and the like. In accordance with California law applicable to nonprofit public benefit corporations, some of the responsibilities of the Charter School Board may be delegated to committees of the Board or officers of the corporation.

A quorum of the Charter School Board for the transaction of business is the presence of a majority of current board members present in accordance with the Brown Act. All board voting action is taken by roll call vote. An act or decision made by majority vote of the directors then in office at a meeting duly held at which a quorum is present is the act of the Board, unless a different number, or the same number after disqualifying one or more directors from voting, is required by law, by the Articles of Incorporation, or by the Bylaws, including but not limited to those provisions relating to (i) approval of contracts or transactions in which a director has a direct or indirect material financial interest, (ii) appointment of committees, and (iii) indemnification of directors.

The School Board of Directors may elect to use teleconferencing in connection with any meeting of the Board. If the Board elects to use teleconferencing, it shall post agendas at all teleconference locations and conduct teleconference meetings in a manner compliant with the Brown Act. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconference location shall be accessible to the public. The agenda shall provide an opportunity for members of the public to address the Board directly at each teleconference location. During the teleconference, at least a quorum of the members of the Board shall participate from locations within the boundaries of the Los Angeles Unified School District. Participation in a meeting through use of teleconferencing pursuant to this subsection constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. All votes taken during a teleconferenced meeting shall be by roll call. For the purposes of this subsection (i), "teleconference" means a meeting of the Board, the members of which are in different locations, connected by electronic means, through either audio or video, or both. Nothing in this subsection shall prohibit the corporation from providing the public with additional teleconference locations.

The School Board of Directors is responsible for providing fiscal accountability by approving and monitoring the budget, which is initially reviewed and provided to the charter school board by the Charter School staff and Alliance as the back-office provider. The School Board of Directors helps ensure effective organizational planning by approving long-range goals and annual objectives, monitoring the general policies including but not limited to: compliance mandates, health and safety, use and maintenance of facilities, and overseeing that Charter School resources are managed effectively. The day-to-day operations and management of Charter School are provided by the officers of the corporation, management staff responsible for school services and supervision and the administrative staff of Charter School.
The teachers who serve on the Charter School Board are required to annually sign a statement acknowledging any conflicts of interest. They are required to recuse themselves from any discussion or voting that has any impact on their compensation or benefits.

The LAUSD representative, if LAUSD opts to exercise its statutory right to have a representative on the board, has the opportunity to facilitate communications and mutual understanding between Charter School and LAUSD. As the entity with ultimate oversight responsibility, LAUSD is provided with an annual programmatic and fiscal audit. The programmatic audit includes a summary of major decisions and policies established by the School Board of Directors during the year. The annual audit abides by current audit guidelines established by the State of California for K-12 public schools.

Charter School has provided the LAUSD Charter Office with a copy of the articles of incorporation, bylaws and names of board members of Charter School. Any changes made to these documents that materially alter the charter must first be approved through the District’s charter amendment process in order to be effective.

Charter School complies with the Brown Act. Prior to the start of each school year, or as soon thereafter as is practicable, the board will adopt an annual calendar of governing board and committee meetings. The school posts its Board of Directors schedule of quarterly meetings; it posts notices and agendas of regular meetings at least 72 hours in advance; and it records and posts actions of the Board. Postings occur by email and in a visible location in the Charter School office as well as on the Charter School’s website in English and Spanish or other dominant language as needed by the community served. Charter School maintains for its Board a record book of meeting agendas and minutes. Agendas and minutes are provided in English and Spanish. For easier access, Charter School posts the agendas and minutes on its website. The law requires no less than one meeting annually; however, the Board meets at least quarterly to conduct business plus special meetings. The School Board of Directors meeting calendar is approved by the members in June annually. All meetings of the Charter School Board are open to the public, excluding closed sessions as permitted by the Brown Act.

**Grievance Procedure for Parents and Students**

Charter School will implement the following:

1. Designate one certificated person to coordinate compliance with federal laws, specifically, Title IX and Section 504.
2. Adopt and publicize its internal grievance procedures.
3. Notify parents, students, and employees of its nondiscrimination policy.

Charter School will adopt and publish grievance procedures providing for prompt and equitable resolution of student and employee complaints alleging any action which would be prohibited by Title IX, or Section 504.

Charter School will implement specific and continuing steps to notify applicants for admission and employment, students and parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with the District, that it does not discriminate on the basis of sex or mental or physical disability in the educational program or activity which it operates, and that it is required by Title IX and Section 504 not to discriminate in such a manner.
School Coordinating Council

The School Coordinating Council (SCC) with a membership of 10 to 20 stakeholders representing various stakeholder groups, will be an advisory body to the Principal on the management of the school, including, but not limited to, school policies, the academic performance, and annual development of the LCAP and the budget. This council shall be composed of a majority of teacher and parent members, and include a classified employee and certificated administrator. The School Coordinating Council (SCC) will help guide the decisions that best serve the families. Based on suggestions and recommendations from the Coordinating Council, the Principal will reflect this feedback in their decisions and operations. The Coordinating Council will meet at the school site a minimum of four times per year. Should topics or recommendations warrant a discussion with the School Board of Directors, directors will attend SCC meetings. The SCC will strive to create a collaborative and transparent decision-making process that includes the input all stakeholder groups. The School Board of Directors shall have final authority on all school related matters.

Parent/Community Town Hall Meetings

Approximately once a month, Charter School holds meetings in a Town Hall Meeting format that all parents, community and staff members are welcome to attend. Topics for discussion or presentation include school-wide topics of interest related to achieving the goals of Charter School and its students. Meetings are generally attended by the principal and administrative staff of Charter School and, if the subjects to be discussed warrant it, members of the School Board of Directors.

The school also maintains a website to keep parents and members of the community abreast of its events. All meetings are calendared in advance, with the goal of engaging all parents.

Business and Operations Assistance

Alliance provides for Charter School certain back-office services, including budgeting/forecasting, accounts set up (insurance, benefits, attendance tracking), payroll, compliance, required reporting, vendor management and select service vendor contract negotiations, and purchasing. Alliance also provides oversight and monitors adherence to the Charter School’s fiscal policies and any applicable law. The Los Angeles County Office of Education (LACOE) receives and forwards public funds for Charter School directly to the school’s operating account. Alliance maintains separate financial records for Charter School and assures that all accounting complies with generally accepted accounting principles.

Parent Engagement

Parents have a right to choose to send their children to excellent high-performing schools and have a right and the responsibility to participate actively in insuring the success of their child and the school. Charter School understands the importance of active parent involvement in the education of their children.

Parents of Charter School students are meaningfully and actively engaged in their children’s education. Parents are responsible and accountable for supporting their children’s learning at school and at home through their participation in understanding what it takes for children to achieve college-readiness, and by their active voice in achieving the goals of the school through volunteering. At Charter School, it is anticipated that:

- Parents are actively engaged as members of the ongoing School Coordinating Council.
Parents of participating Title 1 students participate in an Annual Charter School Title 1 meeting. Charter School applied for and obtained the status Schoolwide Program.

Parents are guaranteed access to the school, school leaders and classroom teachers to support their children’s education.

After the enrollment of a student, each parent and each student meet with the principal.

Parents are provided multiple opportunities to develop awareness of college readiness benchmarks and what their children must achieve to be successful. Parents are supported in their participation in monitoring their child’s individual learning plan towards college readiness.

Parents are encouraged to participate in a minimum of four Parent Education Academies each year.

Each parent, their child and school leadership participate in annually developing and signing a Parent/Student/School Compact acknowledging their understanding, responsibility and commitment to support student learning and the academic goals of Charter School.

Parents are encouraged to accept responsibility and accountability for committing to support the school and to participate as parent mentors.

Charter School seeks to establish partnerships with effective parent engagement leaders such as Families in Schools which has a proven track record of meaningfully engaging the voice of parents and the community as partners in schools.

Meetings are arranged with individual classroom teachers, with the student’s instructional team and with the student’s advisor.

Parent-teacher conferences are held quarterly to share and discuss the progress and needs of each individual student.

Parents are encouraged to participate in townhall meetings, training opportunities, coordinating council, so that each parent feels part of the school and understands their responsibility to the school.

Charter School makes every effort to fully inform parents as to the curriculum offered and their child’s progress. In addition to representation on the School Coordinating Council, Parent/Community Town Hall Meetings are held to address school related issues, including, but not limited to, parent/teacher/student relations. While we strongly encourage parents and guardians to engage in supporting the school, parent/guardian participation is not required and has no effect on a student’s enrollment, grades, credits or ability to graduate.

**Community Engagement**

Charter School also understands that if Charter School is to be effective, it must be part of the community. To that end, the school employs a Parent Engagement Specialist (PES). The Parent Engagement Specialist collaborates with the principal to support him or her in representing the interests of the community.

- Members of the community at large are solicited to serve in Charter School in various functions
- Community resources, such as parks, libraries, athletic and classroom facilities are part of the Charter School. Charter School believes that by using community facilities, it becomes an integral member of the community in which it is located.

ELEMENT 5: Employee Qualifications

“The qualifications to be met by individuals to be employed by the charter school.” (Ed. Code § 47605(b)(5)(E).)

**EQUAL EMPLOYMENT OPPORTUNITY**

Charter School acknowledges and agrees that all persons are entitled to equal employment opportunity. Charter School shall not discriminate against applicants or employees on the basis of race, color, religion, sex, gender, gender expression, gender identity, sexual orientation, pregnancy, national origin, ancestry, citizenship, age, marital status, physical disability, mental disability, medical condition, genetic information, military and veteran status, or any other characteristic protected by California or federal law. Equal employment opportunity shall be extended to all aspects of the employer-employee relationship, including but not limited to recruitment, selection, hiring, upgrading, training, promotion, transfer, discipline, layoff, recall, and dismissal from employment.

**ESEA/ESSA AND CREDENTIALING REQUIREMENTS**

Charter School shall adhere to all requirements of the Elementary and Secondary Education Act (ESEA, also known as Every Student Succeeds Act (ESSA)) that are applicable to teachers and paraprofessional employees. Charter School shall ensure that all teachers are appropriately assigned and fully credentialed in accordance with applicable state requirements for certificated employment, including but not limited to the provisions of Education Code section 47605(l). Charter School shall maintain current copies of all teacher credentials and make them readily available for inspection.

McKinzie High School adheres to California laws, including fingerprinting and prohibitions regarding the employment of any person who has been convicted of a crime that disqualified them from employment.

All employees must furnish or be able to provide:
- Verification of tuberculosis (TB) testing
- Complete a live scan for purposes of verifying criminal background history
- Legal documents establishing identity and employment authorization

**Employee Recruitment**

Various resources are used to recruit and hire the most qualified candidates to fill both classified and certificated positions, including utilizing various online job search tools, partnering with teacher recruitment organizations, and participating in local university job fairs. All candidates are screened, formally interviewed and expected to complete a background check, as described in this element.

**Code of Conduct**

Employees are expected to engage in professional behavior with fellow employees, students, parents, and others with whom interaction is made on behalf of or while representing McKinzie. Unprofessional behavior includes unlawful harassment including, but not limited to jokes, threats, put-downs, decorations, and innuendoes related to gender, sex, race, ethnicity, religion, age, disability, and/or sexual orientation. Employees are expected to refrain from such activity and to report alleged improprieties in accordance with state and federal laws.
Employment Eligibility Requirements

Background Check – As previously stated in the District Required Language, any candidate selected to fill a position at the school is required to complete a background investigation by using the Live Scan Service Request form. Since the Alliance has been authorized by the Department of Justice to receive criminal background history information, the Department of Justice (DOJ) sends the applicant's criminal history results directly to Alliance’s Secure Mail Server System. Designated members of the Alliance Human Resources Department are the only confidential employees of Alliance College-Ready Public Schools with access to this information. After reviewing the investigation results, if the results indicate that no criminal history exists for the applicant, then he/she is considered eligible to continue the hiring process. If the results indicate that a criminal history does exist for the applicant then the results are thoroughly reviewed by the Alliance Vice President of Human Resources, who determines if there are any convictions that would disqualify the applicant from employment.

Teaching Credential Verification - All teacher candidates are required to possess a valid teaching credential with an appropriate authorization for their assignment, including possessing an English Learner Authorization. All credential documents are verified with the California Commission on Teacher Credentialing (CCTC) by a Human Resources representative. The applicant’s credential subject authorization must meet state and federal (ESSA) requirements to teach the subject that he/she is being hired to teach.

TB Verification - All new employees of Alliance must submit written proof from a physician of a risk assessment examination for tuberculosis (TB) taken within the last sixty (60) days prior to their start date. All employees will be required to undergo TB risk assessments and, if risk factors are found, the examination at least once every four (4) years.

Work Agreements - Certificated employees are employed on fixed-term employment agreements that are renewable annually. The employment agreement outlines the employee’s terms of employment, including job duties, salary and work basis.

Nepotism Policy – McKinzie complies with conflict of interest laws that apply to all public entities per Government Code section #1090.

Administrative Structure

The principal and assistant principal are the primary school site administrators. The chairman of the School Board of Directors and the principal confer regularly to address planning and management issues, student progress, and progress with the implementation of the educational program.

Principal (certificated staff): Provides instructional, administrative, and technological leadership to the professional staff and students. Demonstrates hands-on use of technology competencies in all aspects of leadership and management of the educational program. Understands that leadership has a responsibility to ensure digital equity. Acknowledges the need for alignment as technology is integrated across the curriculum and shares the Alliance’s vision for technology consistent to the overall educational vision for academic student success.

Essential functions include, but are not limited to:
- Facilitates the development of a shared vision involving all stakeholders for the use of instructional technology and widely communicates that vision.
• Maintains an inclusive and cohesive process to develop, implement, and monitor dynamic, long-range, and systemic educational programs that are infused with 21st century instructional technology standards.
• Uses data in making leadership decisions and advocates evidence-based effective practices to ensure instructional programs and courses are implemented consistent with CCSS.
• Identifies uses, evaluates and promotes appropriate technologies to enhance and support instruction and standards-based curriculum leading to high levels of student achievement.
• Facilitates and supports a collaborative, technology-rich learning environment conducive to innovation for improved learning.
• Provides for learner-centered environments that include the purposeful use of technology to meet the needs of individual and diverse learners.
• Facilitates the use of technologies to support and enhance instructional methods that develop higher-level thinking, decision-making, and problem-solving skills.
• Provides for and ensures that faculty and staff take advantage of quality professional learning opportunities for improved learning and teaching with technology.

Requirements:

**Education and Experience:**
• A graduate degree in education, educational leadership, public administration or a related field from an accredited college or university.
• Two or more years of extensive, directly related and progressive experience.

**Skills, Beliefs, and Mindset:**
• Articulates a vision, strategy and a set of goals that align with the mission of Alliance College-Public Schools.
• Leads a culture of high expectations for ALL and a relentless focus on college-readiness.
• Uses meaningful data and statistics to make informed decisions on school improvement.
• Has expertise in and values instructional technology as an educational tool.
• Possesses a working knowledge of small school reform, elements of 21st Century learning environments, and distributive leadership models.
• Ensures there is effective instruction occurring every minute, every period, every day.
• Has a commitment to knowledge of and competences in inclusion of all students.
• Attracts hires, supervises, and develops all school staff members to create a high-functioning team focused on student success.
• Builds and maintains a positive and supportive staff culture based on trust, risk-taking, respect, reflective learning and collaboration.
• Builds strong relationships with parents.
• Embraces and fosters a culture of innovation and creativity.
• Collaborates actively with other colleagues.

The principal hires an assistant principal, dean of students, and/or director of instruction depending on their desired program structure.

**Assistant Principal (certificated staff):** In supervising and providing education and administrative leadership to the professional staff and students; plans, directs, assists and supervises the work performed by teachers, clerical, and facilities staff; provides responsible and professional staff assistance in the supervision of the assigned educational program.
Essential functions include, but are not limited to:

- Projects and encourages a positive, cooperative atmosphere within the school and seeks to motivate all staff toward the fulfillment of the school’s mission statement.
- Promotes curriculum improvement and ensures that instructional programs and courses are implemented within California Standards.
- Works constructively in securing staff involvement and support for the development and implementation of instructional changes.
- Prepares all students to attend college.
- Maintains a positive school climate in which students can mature and develop a sense of responsibility, self-worth, and good citizenship.
- Enforces rules consistent with the approved Charter petition, the school’s philosophy and current law.
- Maintains communication with the student body in regular meetings and interactions.
- Develops a program of orientation and acclimation for all new students.
- Promotes the general health, safety and welfare of the student body, guiding, supervising and/or coordinating all student activities to include school related activities outside of regular school hours, e.g. career exploration, field trips, service learning, etc.
- Coordinates student enrollment, programming, and maintenance of cumulative records.
- Maintains effective relations with parents and parent groups; interprets the goals, objectives and programs of the school to parents.
- Submits all reports required by state, authorizer or other regulatory agency.
- Maintains communications with Alliance College-Ready Public Schools.
- Evaluates the general condition and needs of the school facilities.
- Supervises and evaluates assigned teachers, counselors, and staff.
- Other duties as assigned.

Requirements:

Education and Experience:
- A graduate degree in education, educational leadership, public administration or a related field from an accredited college or university.
- Two or more years of extensive, directly related and progressive experience.

Skills, Beliefs, and Mindset:
- Experience with differentiated instruction and alternative assessments.
- A track record as a successful and progressive educator.
- Entrepreneurial spirit.
- Experience with diverse student populations in urban settings.
- Strong computer skills; e.g. Microsoft Office Suite, school information systems.
- Spanish speaker (preferred).
- Ability to be flexible and be a team player.
- Belief in and alignment with Alliance’s core beliefs and educational philosophy.
- Excellent communication skills, both verbal and written.
- Entrepreneurial spirit to thrive in a fast-paced and achievement-oriented environment.
- Strong interpersonal skills and ability to build and cultivate relationships with teachers, coaches, school leaders and other home office departments.
- Willingness to go above and beyond to contribute to the success of a dynamic team committed to a new future for urban education.
- Understanding of the nuances of urban school environments and school culture.
**Director of Instruction (certificated staff):** Assists the principal in leading the implementation of the Alliance educational model and its key program elements; ensures that the school’s academic achievement goals are met; ensures classrooms consistently reflect rigorous standards-based instruction.

Essential functions include, but are not limited to:

- Projects and encourages a positive, cooperative atmosphere within the school and seeks to motivate all staff toward the fulfillment of the school’s mission statement.
- Shares responsibility for the improvement of instruction within the school.
- Promotes curriculum improvement and insures that instructional programs and courses are implemented consistent with the State standards.
- Assists principal with organizing and coordinating in-service activities for the staff.
- Works constructively in securing staff involvement and support for the development and implementation of instructional changes.
- Keeps informed and up to date regarding new developments in curriculum, instruction and administration, i.e. workshops, meetings, credit classes, etc.
- Assists the principal in the planning for all aspects of instruction, including all types of scheduling, registration of students, and the development of a master schedule.
- Helps coordinate and conduct faculty meetings/professional development on a weekly basis.
- Participates in the review and selection of new equipment and instructional supplies.
- Manages an adequate system of teacher and pupil records.
- Maintains effective relations with parents and parent groups; interprets the goals, objectives and programs of the school to parents.
- Maintains communications with all appropriate Alliance College-Ready Public Schools.

**Requirements:**

**Education and Experience:**
- A degree in teaching, curriculum and instruction or a related field from an accredited college or university is desired.
- Three or more years of successful secondary teaching experience.

**Skills, Beliefs, and Mindset:**
- Principles, theories, practices, methods, and techniques used in classroom instruction.
- Methods and approaches to planning specialized instructional programs.
- Evaluation and assessment techniques used in determining proper teaching and instructional methods.
- Federal, state, and local laws, codes, ordinances and regulations as they pertain to charter schools.
- Personnel management principles and practices, including selection, training, supervision, and performance evaluation.
- Assume responsibility for the administration of a school.
- Provide effective education leadership to assigned teachers and instruction support staff.
- Identify, plan, and articulate future educational programs, approaches, and methods to meet student needs.
- Participate in the process of staff development and teacher training.
- Communicate, effectively, orally and in writing.
**Dean of Students (certificated staff):** Is responsible for facilitating the development and support of a school community that encourages a culture of high student achievement, individual accountability and collective responsibility.

Essential functions included, but not limited to:
- Strive to attain a positive school climate in which students can mature and develop a sense of responsibility, self-worth, and good citizenship.
- Coordinate and supervise student activities to include school related activities outside of regular school hours, i.e. career exploration, field trips, service learning, etc.
- Assume responsibility for the overall safety and well-being of all students.
- Follow procedures designed to protect and enhance the safety of students and staff and to promote the security of property and equipment.
- Monitors attendance, develops and/or updates administrative procedures to comply with legal mandates and helps update and distribute student/parent handbooks.
- Develop and implement appropriate student programs that promote positive behavior.
- Assist staff and parents in developing student behavioral expectations.
- Assist in the planning, developing and implementing of individual student behavior plans.
- Serve as a resource to teachers and staff in dealing with classroom management issues.
- Counsel students and their families about the school’s policies.
- Confer appropriate consequences for behavior including detention, in school suspension and out of school suspension.
- Conduct parent conferences for behavior/attendance related issues as needed.
- Monitor student academic and behavioral progress.
- Uphold and follow school policies and procedures.
- Other duties as assigned by the Principal.

Requirements:

**Education and Experience:**
- A graduate degree in teaching, curriculum and instruction, or administration or a related field from an accredited college or university is desired.
- Three or more years of successful secondary teaching experience.

**Skills, Beliefs, and Mindset:**
- Effective approaches to addressing student attendance and/or behavioral issues.
- Appropriate discipline techniques for secondary school level students.
- Federal, state, and local laws, codes, ordinances and regulations as they pertain to charter schools.
- Demonstrate commitment to accomplishing the school’s mission and academic goals.
- Keep and maintain accurate records.
- Communicate, effectively, orally and in writing.

**Counselor (certificated staff):** Development and support students to be prepared for, admitted to, and successful through college. The counselor develops strategies and implements activities to address the needs of the students to meet this goal; consults and collaborates with school staff, and works with parents/guardians to support students’ success.

Essential functions included, but not limited to:
- Provide orientation activities for incoming 9th graders and students new to the school.
- Participate in orientation programs for parent/guardians and students.
Inform students and their parents/guardians of test results and their implication for educational planning.

Provide resources and information to assist students to develop a rigorous academic course schedule, aligned with students’ skills and interests.

Evaluate students’ graduation status and inform students of their status for graduation.

Assist in registration and schedule changes/conflicts for all students.

As necessary, develop or support development of 504 plans, participate in Individual Education Plan meetings, and contribute in the development of the Student’s Individual Transition Plan (ITP).

Facilitate and/or participate in Student Success Team (SST) meetings.

Counsel, motivate and work with students who are underachieving or performing poorly academically.

Coordinate at-risk programs.

Requirements:

Education and Experience

- A Master’s Degree in School Counseling, Education, Psychology, Social Work, or another related field.
- Possess a valid California Pupil Personnel Services Credential (PPS) with an authorization in School Counseling.
- Two years of high school counseling experience.

Skills, Beliefs, and Mindset

- Ability to learn quickly and effectively function in a fast-paced and dynamic environment.
- Willingness to go above and beyond to contribute to the success of a dynamic team.
- Flexible, optimistic approach, and comfort with change and ambiguity.
- Commitment to the success of all Alliance students and specifically to raising the academic achievement of children in high-poverty communities.

Teaching Staff (certificated staff): Essential functions include, but are not limited to:

- Drives outstanding student achievement for all students in the classroom and supports colleagues in driving student achievement school-wide.
- Creates a culture of high expectations and continuous improvement with a relentless focus on student achievement and college and career readiness.
- Creates a positive, achievement-oriented, and supportive learning environment that excites and invests students in learning.
- Leverages Alliance resources and supports to develop and implement powerfully engaging curriculum and lessons designed to prepare all students to succeed in college and beyond.
- Utilizes a wide variety of teaching methods to create differentiated opportunities for deep understanding for all learners, including students with special needs.
- Utilizes a variety of data to drive instruction and intervention.
- Utilizes technology to support student learning.
- Works collaboratively with families and Alliance colleagues to support the achievement of all students and the mission and vision of the school.
Requirements:

**Education and Experience**
- Bachelor’s degree from an accredited college or university.
- Valid California Teaching Credential in the assigned subject area(s) and a valid English Learner authorization (e.g. CLAD, BCLAD).

**Skills, Beliefs, and Mindset:**
- Strong instructional and classroom management skills, as well as content expertise.
- Deep knowledge of effective evaluation and assessment techniques to drive student learning.
- Strong interpersonal, communication, and relationship-building skills with both children and adults.
- Passion for and commitment to the success of all Alliance students, and specifically to raising the academic achievement of children from high-poverty communities.
- Willingness to go above and beyond to contribute to the success of a dynamic team.
- Flexible, optimistic, and comfortable with change and ambiguity.
- Ability to learn quickly, open to feedback and eager to develop professionally as a master educator.
- Entrepreneurial spirit to thrive in a fast-paced and achievement-oriented environment.
- Understanding of the nuances of urban school environments and school culture.

**School Operations Manager (classified staff):** Essential functions include, but are not limited to:
- Hires, manages, coaches, and develops school operations team members (including front office staff and vendors) to meet established goals and objectives
- Ensures all district, state and federal compliance requirements are completed on time
- Supports school audits and inspections from regulatory agencies and/or charter authorizers

• Understanding of the nuances of urban school environments and school culture.
ELEMENT 6: Health and Safety Procedures

“The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall include the requirement that each employee of the charter school furnish it with a criminal record summary as described in Section 44237.” (Ed. Code § 47605(b)(5)(F.).)

HEALTH, SAFETY AND EMERGENCY PREPAREDNESS PLAN

Charter School shall comply with all applicable federal, state, and local requirements related to school and student health, safety, and emergency preparedness.

If Charter School occupies and/or operates on a District facility, Charter School shall comply with all District health, safety, and emergency procedures and requirements applicable to District facilities and related operations, and shall be subject to inspection by the District's Facilities Services Division, Office of Environmental Health and Safety, and other District offices in the same manner as other LAUSD campuses.

Charter School shall adopt, implement, and maintain at all times a current, comprehensive, and site-specific Health, Safety, and Emergency Preparedness Plan (“Plan”), which must include but is not limited to provisions for building and site emergency evacuation, the acquisition and maintenance of adequate onsite emergency supplies. The Plan must include Charter School’s requirements and procedures for protecting student health and safety during off-campus school-sponsored activities, including but not limited to field trips and transportation. Charter School shall ensure that all staff members receive annual training on Charter School's health, safety, and emergency procedures, including but not limited to training on blood borne pathogens, and shall maintain a calendar for, and conduct, emergency response drills for students and staff.

Charter School shall provide all employees, and other persons working on behalf of Charter School who are mandated reporters, with annual training on child abuse detection and reporting, which shall occur within the first six weeks of each school year, or within the first six weeks of a person’s employment if employed after the beginning of the school year, in accordance with the requirements of AB 1432 (2014).

Charter School shall stock and maintain the required number and type of emergency epinephrine auto-injectors onsite and provide training to employee volunteers in the storage and use of the epinephrine auto-injector as required by Education Code section 49414 and section 4119.2 of the Business and Professions Code, as they may be amended from time to time.

Charter School shall comply with the requirements of Education Code section 49475, with respect to any athletic program (as defined in Education Code § 49475) offered by or on behalf of Charter School.

Charter School shall periodically review, and update and/or modify as necessary, its Health, Safety, and Emergency Preparedness Plan, and keep it readily available for on-site use. Charter School shall provide a copy of the Health, Safety, and Emergency Preparedness Plan for review upon CSD request.
FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Charter School, including its employees, officers, and representatives, shall comply with the Family Educational Rights and Privacy Act (FERPA) and Education Code section 49060 et seq. at all times.

CRIMINAL BACKGROUND CLEARANCES AND FINGERPRINTING

Charter School shall comply with all requirements of Education Code sections 44237 and 45125.1. Charter School shall designate and maintain at all times at least one Custodian of Records duly authorized by the California Department of Justice.

Charter School shall maintain on file and available for inspection evidence that (1) Charter School has performed criminal background checks and cleared for employment all employees prior to employment; (2) Charter School has obtained certification from each of its contracting entities/independent contractors that the entity/contractor has conducted required criminal background clearances for its employees prior to provision of school site services and/or any contact with students, and has requested subsequent arrest notification service; and (3) Charter School has performed criminal background checks and cleared for service all volunteers not directly supervised by staff and who may have contact with students. Charter School shall also ensure that it requests and receives subsequent arrest notifications from the California Department of Justice for all employees and volunteers not directly supervised by staff. Upon request, Charter School shall provide a copy of Department of Justice confirmation of Custodian of Records status for each Custodian of Records. Charter School, including its administrators and officers, shall comply with the requirements of Education Code section 44030.5.

IMMUNIZATION AND HEALTH SCREENING REQUIREMENTS

Charter School shall require all employees, and any volunteer or vendor/contracting entity employee who may have frequent or prolonged contact with students, to undergo a risk assessment and/or be examined and determined to be free of active tuberculosis (TB) within the period of 60 days prior to employment/service, or otherwise meet the requirements of Education Code section 49406. Charter School shall maintain TB clearance records and certificates on file.

Charter School shall comply with all federal and state legal requirements, including but not limited to the requirements of SB 277 (2015), related to student immunization, health examination, and health screening, including but not limited to screening for vision, hearing, and scoliosis, to the same extent as would be required if the students were attending a non-charter public school. Charter School shall maintain student immunization, health examination, and health screening records on file.

SAFE PLACE TO LEARN ACT

Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code section 234 et seq.
**Suicide Prevention Policy**

If Charter School serves students in grades 7-12, Charter School shall comply with the requirements of AB 2246 (2016), codified in Education Code section 215, including but not limited to the requirement that the school’s pupil suicide prevention policy shall be developed in consultation with school and community stakeholders, school-employed mental health professionals, and suicide prevention experts. Charter School shall provide the CSD with a copy of its pupil suicide prevention policy for review upon request.

**Policies and Guidelines**

Alliance school safety protocols and emergency plans are developed with the guidance of local law enforcement, school administration and Alliance in order to prepare for natural disasters and emergency situations (e.g., fire, earthquake, lockdown, terrorist threats, power outages). Each Alliance school has a comprehensive emergency preparedness plan that describes the safety procedures specific for the school. Training on the emergency plan is provided to all school staff members annually. All schools and classrooms are equipped with emergency supplies.

An evacuation map is posted in every classroom. Emergency drills (e.g., earthquake drills, fire drills, lockdown drills), are conducted throughout the school year so that all staff and students will be prepared should an emergency occur.

In addition, in order to provide for the safety of all students and staff, McKinzie has adopted and shall implement student health and safety guidelines and policies that are reviewed regularly with staff and that address the following:

- How the school will maintain campus safety;
- Emergency response (including natural disasters and emergencies, including fires and earthquakes);
- Child abuse identification and reporting as mandated by federal, state, and local agencies;
- CPR/first aid training in emergency response, including “first responder” training or its equivalent as appropriate;
- The administration of prescription drugs and other medicines;
- Blood borne pathogens;
- Immunization requirements that all enrolling students provide records documenting immunizations to the extent required for enrollment in non-charter public schools;
- Student health screenings for vision, hearing and scoliosis, as applicable under CA Ed Code section 49450 et seq.;
- The school is functioning as a drug, alcohol and tobacco-free workplace;
- Compliance with all health and safety laws and regulations that apply to non-charter public schools, including those regarding auxiliary services (e.g., food services, transportation) and those required by CAL/OSHA, the California Health and Safety Code, and EPA.
**Facilities**

Any facility utilized by Alliance will comply with state building codes, federal Americans with Disabilities Act ("ADA") access requirements, and other applicable fire, health, and structural safety requirements. Alliance will maintain readily accessible records documenting compliance with the above referenced codes, acts, and requirements. Alliance will ensure that any facility utilized has an appropriate Certificate of Occupancy.

In addition, Alliance will adhere to the Establishment Clause of the First Amendment on separation of Church and State. Any lease arrangement with a church may not advance or inhibit religion, nor give rise to excessive government entanglement with religion.

**Background/TB Clearances and Custodian of Records**

Employees of McKinzie shall submit to a criminal background check as required in Education Code section 44237. The school also requires that employees are examined and determined to be free of active tuberculosis as described in Education Code section 49406. Alliance’s Vice President of Human Resources, Human Resources Representative and Human Resources Specialist serve as the Custodian of Records per California Department of Justice requirements. Staff records are maintained by the Alliance Human Resources department.

**Health and Wellness**

McKinzie is committed to establishing a positive school environment that promotes students’ health, well-being, and ability to learn by supporting healthy eating and physical activity. The school participates in the National School Lunch Program (NSLP), a federally-assisted meal program operating in public and nonprofit private schools and residential child care institutions. The NSLP provides nutritionally balanced, low-cost or free lunches to children each school day. McKinzie and its food vendor comply with the federal and state regulations/requirements of the program.
ELEMENT 7: Means to Achieve Racial and Ethnic Balance

“The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.” (Ed. Code § 47605(b)(5)(G).)

COURT-ORDERED INTEGRATION

Charter School shall comply with all requirements of the Crawford v. Board of Education, City of Los Angeles court order and the LAUSD Integration Policy adopted and maintained pursuant to the Crawford court order by the District’s Student Integration Services (collectively the “Court-ordered Integration Program”). The Court-ordered Integration Program applies to all schools within or chartered through LAUSD.

Charter School has set forth below its initial plan for achieving and maintaining the LAUSD’s Racial and Ethnic Balance goal of a 70:30 or 60:40 ratio. (Ratio represents the percentage of Predominantly Hispanic Black Asian Other (PHBAO) compared to Other White (OW)). The written plan lists specific dates and locations of recruitment activities that Charter School will undertake in order to achieve the District’s Racial and Ethnic Balance goal. Charter School shall monitor the implementation and outcomes of the initial plan, and modify it as necessary throughout the term of the Charter to achieve the District’s goal. Upon request, Charter School shall provide the District with a copy of its current written plan.

The District receives neither average daily attendance allocations nor Court-ordered Integration Program cost reimbursements for charter school students. The District may receive the Targeted Instructional Improvement Block Grant (TIIBG) for its Court-ordered Integration Program. The District retains sole discretion over the allocation of TIIBG funding, where available, and cannot guarantee the availability of this funding.

Written Plan to Achieve and Maintain LAUSD Ethnic Balance Goal

- Distribute notification about enrollment opportunities at McKinzie to communities in Los Angeles Unified School District, including those that serve diverse populations.
- Publicize McKinzie through flyers, the Alliance website, the school website and notices to neighborhood schools and families about available openings.
- Target a diverse set of students throughout the student recruitment process in order to achieve and maintain the LAUSD ethnic balance goal upon enrollment.

McKinzie will make every effort to recruit students of various racial and ethnic groups to achieve a balance that is reflective of the general population residing within the territorial jurisdiction of LAUSD.

Schedule of Events

- Anticipated schedule of annual school tours: October, December, February, April
- School information sessions: October – July
- Student orientation session: July – first week of August

Information sessions and school tours will be advertised on the school’s website and through direct mail to the parents of eligible students who attend elementary, middle and high schools in
the target community of East Los Angeles and using postcards and flyers (printed in English and Spanish) distributed at local businesses and community organizations, youth organizations, social service providers, faith-based organizations, grocery stores, public libraries and other local schools. Information sessions will be conducted in English and in Spanish and held at different venues throughout the community.

McKinzie will conduct annual student orientation sessions in English and in Spanish prior to the opening of school. The typical schedule for this orientation session is one weekday and/or one Saturday in July or August.

**Outreach Materials**

Annual outreach will include:
- Posting banners in front of the school announcing, “now enrolling”
- Distributing printed flyers announcing major activities such as: the enrollment period, deadline for applications, dates and times of information sessions.
- Information sessions and school tours will include information on the school’s performance track record, the Alliance school mission, Alliance and school goals, what it means to be an Alliance school, school policies and procedures, and school calendar.

McKinzie will make every effort to recruit and maintain students of various racial and ethnic groups to achieve a balance that is reflective of the general population residing within the territorial jurisdiction of LAUSD by targeting enrollment and marketing efforts to surrounding communities. Information with regard to race and ethnicity of students is not, however, gathered until students have been enrolled.
ELEMENT 8: Admission Requirements

“Admission requirements, if applicable.” (Ed. Code § 47605(b)(5)(H).)

DOCUMENTATION OF ADMISSIONS AND ENROLLMENT PROCESSES

Charter School shall maintain complete and accurate records of its annual admissions and enrollment processes, including but not limited to documentation of implementation of lottery and waitlist criteria and procedures in accordance with the terms of the Charter. These records shall be made available to the District upon request.

HOMELESS AND FOSTER YOUTH

Charter School shall adhere to the provisions of the federal McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. Charter School shall provide specific information, in its outreach materials, websites, at community meetings, open forums, and regional center meetings, that notifies parents that Charter School is open to enroll and provide services for all students, and provides a standard District contact number for access to additional information regarding enrollment.

Charter School shall comply with all applicable federal and state laws regarding homeless and foster youth, including but not limited to the provisions of AB 379 (2015) and Chapter 5.5 (commencing with Section 48850) of Part 27 of Division 4 of Title 2 of the Education Code, as amended from time to time. Charter School shall extend its uniform complaint procedure to complaints filed pursuant to the applicable provisions of AB 379.

NON-DISCRIMINATION

Charter School shall not require a parent/legal guardian/student to provide information regarding a student’s disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences set forth in this Charter.

Charter School shall not request or require submission of a student’s IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

Admission Requirements

Each student interested in enrolling at McKinzie must be a resident of California and submit an application form to the school. If the number of interested students exceeds the number of seats available by the application deadline, admittance shall be determined by a public random drawing.
**Student Recruitment***

The intent of McKinzie is to serve students living in and attending schools within a 4-mile radius of the campus. As such, the school’s marketing efforts will be targeted to students residing in the community or attending schools in the community served, which includes primarily students within LAUSD.

Neighboring schools and communities targeted include, but are not limited to the areas served by the following schools:

McKinzie is committed to serving all students. As detailed in Element 7, the Outreach Plan includes targeted efforts to recruit all students, including students who are at risk of low achievement, economically disadvantaged students, and students with disabilities.

Methods of recruiting students may include:

- Announcements mailed to families attending neighboring elementary, middle and high schools
- Marketing brochures and flyers (in English and Spanish) distributed throughout the local community
- Local newspaper announcements
- Open houses and information sessions at the school site
- Open House at the school site prior to the opening of school
- The use of English and Spanish collateral and materials.

**Lottery Preferences**

Existing students are guaranteed admission in the following school year and are exempt from the public random drawing (lottery).

During the lottery, the following preferences shall be extended:

- Siblings currently attending McKinzie. (Siblings must share at least one biological parent or legal guardian.)
- Students living within the boundaries of the Los Angeles Unified School District.

In an effort to keep families together, in situations where siblings apply to McKinzie together and they do not have any other siblings currently attending McKinzie, if one of the children gains admission, he/she will automatically be considered a currently enrolled student and lottery preferences would apply.

**Application Form**

Each student interested in enrolling at an Alliance school must submit an application form to the school before the application deadline. There must be one application for each child. Applications received after the deadline shall be placed on the waitlist in the order they are received.

**Open Enrollment Period**

The open enrollment period for the upcoming school year will start at the beginning of October of the current school year and last until the lottery takes place (as needed), and no later than May 30. Parents/guardians of students who submitted applications and interested parties will be provided information about the timeline and procedures to be followed during the open
enrollment and lottery process upon request. This information will be made available verbally, online and in print form.

**Lottery Procedures**

The lottery will be held on McKinzie’s campus unless a larger venue is required. If needed, the lottery will take place on a weekday afternoon or evening or during the weekend to help ensure all interested parties can attend. The specific date, time and location will be determined one week following the application due date, and will be communicated to families and interested parties. Lottery procedures will be followed and related materials will be made available upon request. Interested parties are welcome to observe the random public drawing should one be necessary.

If the number of applicants exceeds the number of available seats on the application due date, a lottery will be hosted and the applicants will be randomly drawn to fill the available seats. The lottery will follow the school’s lottery preferences. Applicants that are not accepted during the lottery will be placed on the waitlist in the order their names are drawn. All applications and a record of the order in which they are drawn will be kept on file at the school. The school may choose to conduct the lottery using an online enrollment system. The online enrollment system allows families to apply online and allows the school to run the lottery using a secure computer algorithm so that rules and lottery preferences are followed every time and families can be assured of an equitable process.

After the acceptance list is set, a waitlist shall be created and maintained. Should vacancies occur, admission will be offered to applicants on the waitlist in the order their names appear. The school can utilize the online enrollment system to manage the waitlist to ensure seats are offered to students in the order they appear on the waitlist.

**Communication**

The acceptance and waitlists will be made available following the lottery (if needed) and upon request. Parents/guardians of applicants on the enrollment list and waitlist will be contacted by designated school office staff via phone and/or in writing. Multiple communications on different days will be attempted. Communication attempts will be logged by school staff. Parents/guardians of applicants will have 10 school days from initial contact to respond to the designated contact person. The parents can respond via phone, in writing or by accepting the seat through the online enrollment system. If parents do not respond within the timeline, the applicant will be removed from the waitlist and the next applicant’s parents/guardians on the waitlist will be contacted.
ELEMENT 9: Annual Financial Audits

“The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.” (Ed. Code § 47605(b)(5)(I).)

Charter School shall provide for an annual audit that shall be conducted in compliance with applicable state and federal laws, including but not limited to the requirements of Education Code sections 47605(b)(5)(I) and 41020 as they may be amended from time to time. Charter School shall ensure compliance with the requirements of section 41020(f)(2), which makes it unlawful, absent an Education Audits Appeal Panel waiver, for a public accounting firm to provide audit services to a local educational agency if the lead audit partner, or coordinating audit partner, having primary responsibility for the audit, or the audit partner responsible for reviewing the audit, has performed audit services for that local educational agency in each of the six previous years.

The following reports will be submitted to LAUSD, in the required format and within timelines to be specified by LAUSD, each year:

a. Provisional Budget – Spring prior to operating fiscal year
b. Final Budget – July of the budget fiscal year
c. First Interim Projections – November of operating fiscal year
d. Second Interim Projections – February of operating fiscal year
e. Unaudited Actuals – July following the end of the fiscal year
f. Audited Actuals – December 15 following the end of the fiscal year
g. Classification Report – monthly according to Charter School’s Calendar of Reports
h. Statistical Report – monthly according to Charter School’s Calendar of Reports

In addition:

i. Instructional Calendar – annually five weeks prior to first day of instruction
j. Other reports as requested by the District

As per the Administrative Services Agreement with the Alliance College-Ready Public Schools (CMO), the Chief Business Officer, in coordination with the CMO Audit Committee, is responsible for the selection of a qualified independent auditor to conduct the required annual financial audit. The selection process will include confirmation that any recommended firm be on the State Controller’s list of approved auditors to conduct charter school audits. The School Board of Directors considers a resolution annually providing the Audit Committee the authority to select the financial auditor. The auditor is retained by the CMO accounting team, led by its Controller and Chief Business Officer, to coordinate the completion of an annual audit of the school’s financial books and records. This audit will be conducted in accordance with the applicable Generally Accepted Accounting Principles. To the extent required by law, the scope of this audit will be expanded to include any relevant items or processes identified by the Office Management and Budget such as Circular A-133. All audit services are handled centrally by the CMO Accounting Team, as per the school’s Administrative Services Agreement with the Alliance College-Ready Public Schools.
Any deficiencies, findings, material weaknesses, or audit exceptions are reported to ACRPS’s Audit Committee. The CMO Accounting Team, led by its Controller, will work with the school’s leadership and Board of Directors, to immediately develop and implement a corrective action plan. Any such exception, as well as the corrective action plan, will be reviewed at the December Board of Directors meeting.

The CMO Controller ensures that the auditor sends the completed audit to the required agencies by the statutory deadline. As per relevant requirements, the school's audit is submitted to the State Controller, County Office of Education, California Department of Education and LAUSD.

As outlined in prior sections, the Alliance CMO provides specific back-office services to the school, including budgeting/forecasting, accounts set up (insurance, benefits, attendance tracking), payroll, compliance, required reporting, service vendor contract negotiations and management, and purchasing. The CMO also provides oversight and monitors adherence by the School Board of Directors to the charter process and any applicable law. The Alliance CMO maintains separate financial records for Charter School and assures that all accounting complies with generally accepted accounting principles.
ELEMENT 10: Suspension and Expulsion Procedures

“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(b)(5)(J).)

GENERAL PROVISIONS

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District’s Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School’s student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

STUDENTS WITH DISABILITIES

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

A. Was the misconduct caused by, or directly and substantially related to the student’s disability?

B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?
**NOTIFICATION OF THE DISTRICT**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
  B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

**OUTCOME DATA**

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

**REHABILITATION PLANS**

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School’s governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.
**READMISSION**

Charter School’s governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School’s governing board shall readmit the pupil, unless Charter School’s governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil’s parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil’s parent/guardian within a reasonable time.

**REINSTATEMENT**

Charter School’s governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

**GUN-FREE SCHOOLS ACT**

Charter School shall comply with the federal Gun-Free Schools Act.

The Student Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at McKinzie. Although the Charter School is exempt from Education Code section 48900 et seq., the policy, procedures and grounds for suspension/expulsion are based on Education Code 48900 et seq. As required by the Modified Consent Decree (MCD), Alliance schools also follow the District’s Discipline Foundation Policy, including the school-wide positive behavior supports, alternatives to suspension, and restorative justice.

**School Climate and Student Discipline System**

McKinzie develops, maintains, and implements a comprehensive student discipline policy. The discipline policy is not biased or discriminatory, and follows the principles of due process. In the case of a student who has an IEP, or a student who has a 504 Plan, the school will ensure that it follows the correct disciplinary procedures to comply with the mandates of applicable state and federal laws.

By signing McKinzie’s Parent/Student Handbook, students and parents acknowledge their understanding of and their responsibility to the standards set forth in the discipline policy. The discipline policy will define student responsibilities, unacceptable behavior, and the consequences for noncompliance.

**Code of Conduct**

*Student responsibilities include, but are not limited to:*  
- Following all rules of behavior and conduct set by the classroom teacher and contained within this policy.  
- Respecting fellow students and school personnel.  
- Attending classes regularly and on time.
Completing all assigned work (to the best of the student’s ability).
- Being prepared for class (bringing materials such as books, homework, etc.).
- Participating in all assessment measures (e.g., tests).
- Respecting the property of the school and others.
- Keeping the campus clean.
- Wearing the school uniform. One school uniform shall be provided to each student per school year at no cost.

McKinzie believes in a student discipline philosophy that is progressive in nature, but also emphasizes positive behavior supports to provide students with opportunities to improve. These include, but are not limited to: positive recognition, restorative practices, increased family and community collaboration, acknowledgement and reinforcement of appropriate behavior, clear definition of expectations, team-based implementation, and data-based decision making.

Students who violate the school rules are subject to, but not limited to the following progressive actions:
- Verbal warning
- Phone call to parent/guardian
- Loss of privileges (e.g. attending afterschool activities, interscholastic sports, special non-instructional activities held during the school day, one-to-one assigned technology)
- Detention
- Conference with student and parent/guardian
- Suspension
- Expulsion

Suspended students and students in in-school suspension shall be excluded from participating in all school and school-related activities unless otherwise agreed upon by the principal or administrative designee (e.g., assistant principal) and the parent/guardian during the period of suspension. The maximum number of days for out-of-school or in-school suspensions will not exceed five (5) school days per incident and twenty (20) school days in one academic year.

Expelled students shall be excluded from participating in all school and school-related activities.

Grounds for Suspension and Expulsion

Any school administrator that possesses an administrative credential (e.g., principal, assistant principal) is authorized to suspend or recommend a student for expulsion. The school has adopted the Los Angeles Unified School District Suspension and Expulsion Matrix as identified below. As such, a student may be suspended or expelled for prohibited misconduct, as outlined in the matrix below, if the act occurs:
1) While on school grounds,
2) While going to or coming from school,
3) During the lunch period whether on or off the school campus,
4) During, or while going to or coming from, a school-sponsored activity.
LAUSD Suspension and Expulsion Matrix

As used in this section, "school property" includes, but is not limited to, electronic files and databases.

The offenses noted above are annotated excerpts from Education Code Section 48900. The school will use the above referenced grounds and procedures in determining suspension and expulsion.

Not Causes for Suspension/Expulsion

McKinzie’s policy prohibits suspension and expulsion from being used as corrective measures in response to student misconduct of willful defiance as described in Education Code section 48900(k).

Suspension Procedures

Rules and Procedures

Suspension is preceded by a conference conducted by the principal or administrative designee with the student and the student’s parent/guardian. The conference may be omitted if the administrative staff determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or school personnel. If the student is suspended without a conference, the parent/guardian is notified of...
the suspension, a request for a conference is to be made as soon as possible, and the conference is to be held as soon as possible.

**Notice to Parents/Guardians**

At the time of suspension, the principal or administrative designee makes a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice shall also state the date and time the student may return to school. The principal or administrative designee shall request to confer with the parent/guardian regarding matters pertinent to the suspension; parents/guardians are strongly encouraged to respond without delay as student violations of school rules may result in student expulsion from the school.

**Length of Suspension**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. During the term of the suspension, McKinzie shall provide the student with meaningful access to education. Missed assignments can be accessed virtually through class websites or arranged for pick-up or delivery with the parent/guardian. The student shall also be given the opportunity to take make-up tests if they were missed during the term of the suspension.

Upon a recommendation of expulsion by the principal or administrative designee, the pupil and the pupil’s guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the principal or administrative designee upon either of the following: 1) the pupil’s presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil’s suspension will be extended pending the results of an expulsion hearing. Students who receive an extended suspension may be offered an interim placement at another LAUSD school, another Alliance school, or coursework from the attending school. Students shall not be suspended for more than a total of twenty (20) school days in a school year, unless a suspension has been extended pending an expulsion hearing.

**Suspension Appeals**

The suspension of a student is at the discretion of the principal or administrative designee. Parents/guardians shall be notified in advance of the enactment of the suspension and can appeal a student’s suspension. A suspension appeal shall be submitted in writing to the Alliance Home Office Chief Schools Officer, and shall be heard if requested within five (5) school days of the notification of suspension by the principal or administrative designee. Upon consideration, the Chief Schools Officer’s decision shall be final. The student shall be considered suspended until a meeting is convened to hear the appeal. The decision regarding the appeal will be made within one (1) school day of the appeal hearing. Parents/guardians will be notified of the decision in writing within three (3) school days. For students who are recommended for expulsion, any appeal of the suspension will be considered concurrently with the expulsion process.
**Expulsion Procedures**

**Rules and Procedures**

Upon a recommendation of expulsion by the principal or administrative designee, the pupil and the pupil’s parent/guardian or representative will be invited, by letter or by phone, to a pre-expulsion conference within five (5) school days. During the conference, they will have the right to respond to the allegation. If necessary, they will be given three (3) additional school days after the conference to respond. This conference will also provide an opportunity to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the principal or administrative designee.

**Authority to Expel**

A student may be expelled by a three (3) member panel, known as the Expulsion Panel that is designated by McKinzie’s School Board of Directors (“School Board”). The Expulsion Panel shall be selected by the Board President and will consist of Alliance College-Ready Public Schools and Alliance’s affiliated school’s staff. The members of the Expulsion Panel shall meet the following criteria:

1) The members shall have no knowledge or previous familiarity of the student or situation, and
2) The members are not school employees.

**Expulsion Hearing**

A hearing to determine whether the student should be expelled is required for recommendation for expulsion. The hearing shall be held within 30 school days after the principal makes his/her expulsion recommendation. The hearing shall be presided over by the Expulsion Panel described above.

The principal or administrative designee provides written notice of the hearing to the student and the student’s parent/guardian within ten (10) calendar days before the date of the hearing. The notice will include information regarding reasonable accommodations and language support, presentation and cross-examination of witnesses and other evidence, representation by counsel or other advocates, and other due process protections and rights. As necessary, the notice will also provide special rules and procedures for incidents involving sexual assault and/or battery.

**Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Expulsion Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. The decision of the panel to expel must be supported by substantial evidence presented at the hearing that the student committed an expellable offense.
The decision of the Expulsion Panel shall be in the form of written findings of fact. The final decision by the panel shall be made within three (3) school days following the conclusion of the hearing.

If the Expulsion Panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program or be given the opportunity to transfer to another Alliance school with mutual agreement of the parent and the other Alliance school.

**Written Notice to Expel**

Following a decision of the Expulsion Panel to expel, the principal or administrative designee shall send to the student and parent/guardian written notice of the decision to expel. This notice will include the findings of fact, recommendations, referral to alternative placement, recommended rehabilitation plan, recommended expulsion order and appeal procedures. This notice to expel a student will be sent by certified U.S. mail.

**Appeal of Expulsion**

An expulsion decision may be appealed within 30 calendar days of the date of the Expulsion Panel’s written decision to expel. The parent/guardian must submit the appeal in writing to the principal who will inform the School Board Chair. An Expulsion Appeal Panel shall be convened within 30 school days of receipt of the written appeal, at which time the student’s parent/guardian must attend to present his/her appeal either verbally or in writing. Language support shall be provided upon request. The Expulsion Appeal Panel shall have three (3) members. The panel shall be selected by the School Board Chair. Panel members shall not be school employees, shall have no familiarity of the incident or student, and shall not be the same individuals that served on the Expulsion Panel. The scope of review of the panel shall be limited to whether there is relevant and material evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the expulsion hearing. The decision of the Expulsion Appeal Panel shall be final. Parents will be notified of the Expulsion Appeal Panel’s decision, in writing, within two (2) school days of the hearing. In the event that Expulsion Appeal Panel reverses the expulsion, the student shall be immediately reinstated.

**Alternative Placement**

In the event of a decision to expel a student, the school will work cooperatively with student’s home school district, the county and/or other schools to find alternative placement for the student.

**Rehabilitation Plans**

Pupils who are expelled from an Alliance school shall be given a rehabilitation plan upon expulsion as developed by the Expulsion Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may reapply to the Alliance school for readmission.
**Readmission**

The school shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process and pending the availability of open seats, the school shall readmit the pupil, unless the school’s principal makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil’s parent or guardian at the time the expulsion order is entered and the decision of the school, including any related findings, must be provided to the pupil and the pupil’s parent/guardian within a reasonable time.

**Reinstatement**

The school shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. The school is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner pending the availability of open seats.
ELEMENT 11: Employee Retirement Systems

“The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.” (Ed. Code § 47605(b)(5)(K.))

Charter School shall comply in a timely manner with all applicable federal and state laws and regulations, as they may change from time to time, including but not limited to Internal Revenue Code section 414(d) and related regulations, governing Charter School’s participation in, and/or coverage of its staff members by, the State Teachers’ Retirement System (CalSTRS), the Public Employees’ Retirement System (CalPERS), and/or federal social security.

If Charter School participates in, or otherwise covers its staff members by enrolling or continuing their enrollment in, a “government plan” governed by section 414(d) (e.g., CalPERS), upon dissolution or final liquidation of Charter School, and/or its nonprofit public benefit corporation, notwithstanding any provision in Element 15 to the contrary, Charter School shall distribute its net assets in accordance with section 414(d), related regulations, and the government plan’s requirements.

If Charter School participates in CalSTRS and/or CalPERS, Charter School shall continue such participation for the duration of Charter School’s existence under the same CDS code, if mandated by applicable legal and retirement plan requirements.

Retirement Benefits

CalSTRS and CalPERS contributions are reported through the Los Angeles Office of Education (LACOE). The Charter School will continue its participation in these programs for the duration of its existence and operation.

**STRS** - All certificated employees who are eligible participate in the State Teachers Retirement System (CalSTRS). Eligible certificated employees deposit a percentage of their pre-tax creditable earnings in CalSTRS and the School matches this contribution. As of 7/01/2017, certificated employees contribute 9.205% (if subject to PEPRA) or 10.25% (if not subject to PEPRA) and McKinzie contributes 14.43%. All withholdings from employees and the Charter School are forwarded to the STRS Fund as required. Employees accumulate service credit years in the same manner as all other members of STRS.

**PERS** - All classified employees who are eligible participate in the Public Employees Retirement System (CalPERS). Eligible classified employees deposit a percentage of their pre-tax creditable earnings in CalPERS and that the School matches this contribution. As of 7/01/2017, employees contribute 6% (if subject to PEPRA) or 7% (if not subject to PEPRA) and McKinzie contributes 16.60%. All withholdings from employees and the charter school are forwarded to the PERS Fund as required. Employees accumulate service credit years in the same manner as all other members of PERS. Social Security payments are contributed for all qualifying PERS members.

**OASDI, PARS and Others** - McKinzie participates in Old Age Survivor Disability Insurance (OASDI) for non-PERS/STRS eligible part-time employees. The McKinzie Board of Directors retains the option to consider any other public or private retirement plans, such as the Public Agency Retirement System (PARS), and to coordinate such participation with existing programs as it deems appropriate.
ELEMENT 12: Public School Attendance Alternatives

“The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.” (Ed. Code § 47605(b)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil’s school district of residence in accordance with applicable law and that school district’s policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school’s charter. If LAUSD is the pupil’s school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

As a public charter school authorized to operate within the boundaries of the Los Angeles Unified School District, Alliance Morgan McKinzie High School provides a quality alternative to attending District schools. Students may choose to attend other public schools in the district of residence or pursue an inter-district transfer in accordance with existing enrollment and transfer policies of LAUSD.

Alliance Morgan McKinzie High School is a school of choice; no student is required to attend. This information is communicated to families through informational meetings.
ELEMENT 13: Rights of District Employees

“The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.” (Ed. Code § 47605(b)(5)(M).)

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Leave and return rights for District union-represented employees and former employees who accept employment with Charter School will be administered in accordance with applicable collective bargaining agreements and any applicable judicial rulings.
ELEMENT 14: Mandatory Dispute Resolution

“The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.” (Ed. Code § 47605(b)(5)(N).)

GENERAL PROVISIONS

Any claim, controversy or dispute between the District and Charter School arising out of or relating to this Charter, except for any claim, controversy or dispute related to the authorization (non-renewal, revision and/or revocation) of this Charter, (“Dispute”) shall be resolved pursuant to the terms of this Element 14.

Notwithstanding any other provision of law, each party shall bear and be solely responsible for all of its own attorneys’ fees, costs and expenses associated with any Dispute, including, but not limited to, any written/oral communication, meeting, Issues Conference, mediation, arbitration, administrative and/or civil action (including all levels of appeal), and no party shall be ordered to pay, or be awarded, any other party’s attorneys’ fees, costs or expenses in connection therewith, regardless of who may be deemed the prevailing party. Any fees, costs and expenses charged by a mediator or arbitrator (including all associated administration fees, costs and expenses) shall be shared equally by the parties regardless of the outcome or award. To that effect, any order or award of attorneys’ fees, costs and/or expenses, or mediator’s or arbitrator’s fees, costs or expenses (including any associated administration fees, costs and expenses), issued by a mediator, arbitrator, judicial officer (including all levels of appeal) or jury in any Dispute shall be deemed invalid as a matter of law and unenforceable by one party against the other party.

PROPOSITION 39 DISPUTES

Any Dispute related to or arising out of Education Code §47614 and/or its implementing regulations set forth in California Code of Regulations, title 5, section 11969 et seq. (“Proposition 39”), shall be resolved in accordance with the procedures set forth below:

1) Any Dispute shall be communicated in writing (“Written Notification”). The Written Notification must identify the nature of the Dispute and all supporting facts. The Written Notification shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Notification shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such notice if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.
Unless directed otherwise, all Written Notifications to the District and Charter School shall be addressed respectively as follows:

Director
Charter Schools Division
Los Angeles Unified School District
333 South Beaudry Avenue, 20th Floor
Los Angeles, California 90017

Director/Principal
Alliance Morgan McKinzie High School
110 S. Townsend Avenue
Los Angeles, CA 90063

2) A written response ("Written Response") shall be tendered to the other party within fifteen (15) business days from the date of receipt of the Written Notification or other date as determined by mutual agreement of the parties. The Written Response shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Response shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such communication if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.

3) If the Dispute has not been resolved by mutual agreement from the Written Response, the parties agree to schedule a conference to discuss the Dispute identified in the Written Notice ("Issue Conference"). The Issue Conference shall take place within fifteen (15) business days from the date on which the Written Response is received by the other party or other date as determined by mutual agreement of the parties.

4) If the Dispute has not been resolved by mutual agreement at the Issue Conference, either party may then request that the Dispute be resolved by mediation. Within fifteen (15) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, the parties shall mutually agree upon the selection of a mediator. If the parties are unable to mutually agree upon the selection of a mediator, the mediator shall be selected from a list of mediators prepared and provided by the American Arbitration Association. Mediation proceedings shall commence within thirty (30) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, and conclude within forty (40) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties. Unless the parties mutually agree otherwise, mediation proceedings shall be administered in accordance with the commercial mediation procedures of the American Arbitration Association.

5) If the mediation is not successful, either party may then initiate a civil action. Venue for any civil action between the parties shall be the Los Angeles County Superior Court.
NON-PROPOSITION 39 DISPUTES

Any Dispute not related to or arising out of Proposition 39 shall be resolved in accordance with the procedures set forth below:

1) Any Dispute shall be communicated in writing (“Written Notification”). The Written Notification must identify the nature of the Dispute and any supporting facts. The Written Notification shall be tendered to the other party by personal delivery, by facsimile, or by certified mail. The Written Notification shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such notice if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile, upon electronic confirmation of receipt; or (c) if by mail, two (2) business days after deposit in the U.S. Mail.

Unless directed otherwise all Written Notifications to the District and Charter School shall be addressed respectively as follows:

Director
Charter Schools Division
Los Angeles Unified School District
333 South Beaudry Avenue, 20th Floor
Los Angeles, California 90017

Director/Principal
Alliance Morgan McKinzie High School
110 S. Townsend Avenue
Los Angeles, CA 90063

2) A written response (“Written Response”) shall be tendered to the other party within twenty (20) business days from the date of receipt of the Written Notification or other date as determined by mutual agreement of the parties. The Written Response shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Response shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such communication if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.

3) If the Dispute has not been otherwise resolved by mutual agreement, the parties agree to schedule a conference to discuss the Dispute identified in the Written Notice (“Issue Conference”). The Issue Conference shall take place within fifteen (15) business days from the date from the date on which the Written Response is received by the other party or other date as determined by mutual agreement of the parties.

4) If the Dispute has not been resolved by mutual agreement at the Issue Conference, either party may then request that the Dispute be resolved by mediation. Within fifteen (15) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, the parties shall mutually agree upon the selection of a mediator. If the parties are unable to mutually agree upon the selection of a mediator, the mediator shall be selected from a list of mediators prepared and provided by the American Arbitration Association. Mediation proceedings shall commence within thirty (30) business days of the
date of the request for mediation or other date as determined by mutual agreement of the parties. Unless the parties mutually agree otherwise, mediation proceedings shall be administered in accordance with the commercial mediation procedures of the American Arbitration Association.

5) If the mediation is not successful, then the parties agree to resolve the Dispute by binding arbitration conducted by a single arbitrator. Unless the parties mutually agree otherwise, arbitration proceedings shall be administered in accordance with the commercial arbitration rules of the American Arbitration Association. The arbitrator must be an active member of the State Bar of California or a retired judge of the state or federal judiciary of California.
ELEMENT 15: Charter School Closure Procedures

“The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.” (Ed. Code § 47605(b)(5)(O).)

The Alliance Chief Business Officer is designated as the Charter School’s closure agent in the event the school closes.

REVOCATION OF THE CHARTER

The District may revoke the Charter pursuant to the provisions set forth in the Charter Schools Act of 1992, as they may be amended from time to time. The District may revoke the Charter of Charter School if the District finds, through a showing of substantial evidence, that Charter School did any of the following:

- Charter School committed a material violation of any of the conditions, standards, or procedures set forth in the Charter.
- Charter School failed to meet or pursue any of the pupil outcomes identified in the Charter.
- Charter School failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.
- Charter School violated any provision of law.

Prior to revocation, and in accordance with Education Code section 47607(d) and state regulations, the LAUSD Board of Education will notify Charter School in writing of the specific violation, and give Charter School a reasonable opportunity to cure the violation, unless the LAUSD Board of Education determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. Revocation proceedings are not subject to the dispute resolution provisions set forth in this Charter.

Pursuant to AB 97, charter schools may be identified for assistance based on state evaluation rubrics and be subject to revocation pursuant to Education Code section 47607.3.

CLOSURE ACTION

The decision to close Charter School, by the governing board of Charter School must be documented in a “Closure Action”. A Closure Action shall be deemed to have been automatically taken when any of the following occur: the Charter is revoked (subject to the provisions of Education Code section 47607(i)) or non-renewed by the LAUSD Board of Education and Charter School has exhausted its revocation or non-renewal administrative appeal rights pursuant to Education Code sections 47605(j)(1) and 47607(f), or its administrative appeal rights have lapsed, or the charter school voluntarily closes at any stage of the administrative appeal process; the governing board of Charter School votes to close Charter School; or the Charter lapses.
CLOSURE PROCEDURES

The procedures for charter school closure set forth below are guided by Education Code sections 47604.32, 47605, and 47607 as well as California Code of Regulations, title 5, sections 11962 and 11962.1, and are based on “Charter School Closure Requirements and Recommendations (Revised 08/2009)” posted on the California Department of Education website. All references to “Charter School” apply to Charter School, including its nonprofit corporation and governing board.

Designation of Responsible Person(s) and Funding of Closure

Prior to or at the time of the taking of a Closure Action by either the governing board of Charter School or the LAUSD Board of Education, the governing board of Charter School shall designate a person or persons responsible for conducting and overseeing all closure-related procedures and activities, and allocate sufficient funding for, or otherwise determine how Charter School will fund, these activities.

Notification of Closure Action

Upon the taking of a Closure Action, Charter School shall send written notice of its closure to:

1. The LAUSD Charter Schools Division (CSD). Charter School shall provide the CSD with written notice of (1) the person(s) designated to be responsible for conducting and overseeing all closure activities, and (2) the source, location, and management of the funding for such activities. If the Closure Action is an act of Charter School, Charter School shall provide the CSD with a copy of the governing board resolution or minutes that documents its Closure Action.

2. Parents/guardians of all students, and all majority age and emancipated minor students, currently enrolled in Charter School within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of the written parent notification to the CSD.

3. Los Angeles County Office of Education (LACOE). Charter School shall send written notification of the Closure Action to LACOE by registered mail within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of this notification to the CSD.

4. The Special Education Local Plan Area (SELPA) in which Charter School participates. Charter School shall send written notification of the Closure Action to the SELPA in which Charter School participates by registered mail within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of this notification to the CSD.

5. The retirement systems in which Charter School’s employees participate. Within fourteen (14) calendar days of the Closure Action, Charter School shall notify, as applicable, the State Teachers Retirement System (STRS), Public Employees Retirement System (PERS), the Social Security Administration, and the Los Angeles County Office of Education of the Closure Action, and follow their respective procedures for dissolving contracts and reporting. Charter School shall provide a copy of these notifications and correspondence to the CSD.

6. The California Department of Education (CDE). Charter School shall send written notification of the Closure Action to the CDE by registered mail within 72 hours of the Closure Action. Charter School shall provide a copy of this notification to the CSD.
7. Any school district that may be responsible for providing education services to the former students of Charter School. Charter School shall send written notification of the Closure Action within 72 hours of the Closure Action. This notice must include a list of potentially returning students and their home schools based on student residence. Charter School shall provide a copy of these notifications, if any, to the CSD.

8. All Charter School employees and vendors within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of the written employee and vendor notification, with any attachments, to the CSD.

Notification of all the parties above, with the exception of employees and vendors, must include but is not limited to the following information:

1. The effective date of the closure of Charter School
2. The name(s) and contact information for the person(s) handling inquiries regarding the closure
3. The students’ school districts of residence
4. How parents/guardians of all students, and all majority age and emancipated minor students, may obtain copies of student records and transcripts, including specific information on completed courses and credits that meet graduation requirements

In addition to the four required items above, notification of the CDE shall also include:

1. A description of the circumstances of the closure
2. The location of student and personnel records

In addition to the four required items above, notification of parents/guardians of all students, and all majority age and emancipated minor students, shall also include:

1. Information on how to enroll or transfer the student to an appropriate school
2. A certified packet of student information that includes closure notice, a copy of the student’s cumulative record and other records, including but not limited to grade reports, discipline records, immunization records, completed coursework, credits that meet graduation requirements, a transcript, and state testing results
3. Information on student completion of college entrance requirements, for all high school students affected by the closure

Notification of employees and vendors shall include:

1. The effective date of the closure of Charter School
2. The name(s) and contact information for the person(s) handling inquiries regarding the closure
3. The date and manner, which shall be no later than 30 days from the effective date of the closure of Charter School, by which Charter School shall provide employees with written verification of employment

Within 30 calendar days of the effective date of closure, Charter School shall provide all employees with written verification of employment. Charter School shall send copies of all such employee verification letters to the CSD.

**Records Retention and Transfer**
Charter School shall comply with all applicable laws as well as District policies and procedures, as they may change from time to time, regarding the transfer and maintenance of Charter School records, including student records. These requirements include:

1. Charter School shall provide the District with all original student cumulative files and behavior records, pursuant to District policy and applicable District handbook(s) regarding cumulative records for secondary and elementary schools, for all students, both active and inactive, of Charter School. Transfer of the complete and organized original student records to the District, in accordance with District procedures applicable at the time of closure, shall occur within seven (7) calendar days of the effective date of closure.

2. Charter School’s process for transferring copies of student records to receiving schools shall be in accordance with applicable law and LAUSD procedures for students moving from one school to another.

3. Charter School shall prepare and provide an electronic master list of all students to the Charter Schools Division in accordance with the District procedures applicable at the time of closure. This list shall include the student’s identification number, Statewide Student Identifier (SSID), birthdate, grade, full name, address, home school/school district, enrollment date, exit code, exit date, parent/guardian name(s), and phone number(s). If the Charter School closure occurs before the end of the school year, the list also shall indicate the name of the school to which each student is transferring, if known. This electronic master list shall be delivered to the CSD in the form of a CD or otherwise in accordance with District procedures.

4. Charter School must organize the original cumulative files for delivery to the District in two categories: active students and inactive students. Charter School will coordinate with the CSD for the delivery and/or pickup of student records.

5. Charter School must update all student records in the California Longitudinal Pupil Achievement Data System (CALPADS) prior to closing.

6. Charter School must provide to the CSD a copy of student attendance records, teacher gradebooks, and Title I records (if applicable).

7. Charter School must provide to the CSD the name, title, and contact information of the person designated to maintain all Charter School personnel records after the closure. Personnel records to be transferred to and maintained by the designee must include any and all employee records, including but not limited to, records related to performance and grievance. Charter School must provide to the CSD and the designee a list of all active and inactive employees and their periods of service. Both Charter School and the
designee, individually and separately, shall inform the CSD immediately upon the transfer of Charter School’s employee records to the designee.

8. Charter School shall ensure that all records are boxed and clearly labeled by classification of documents and the required duration of storage in accordance with District procedures.

9. Charter School shall provide to the responsible person(s) designated by the governing board of Charter School to conduct all closure-related activities a list of students in each grade level and, for each student, a list of classes completed and the student’s district of residence.

**Financial Close-Out**

After receiving notification of closure, the California Department of Education (CDE) will notify Charter School and the authorizing entity of any liabilities Charter School owes the state, which may include overpayment of apportionments, unpaid revolving fund loans or grants, and/or similar liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.

Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:

1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.

2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.

3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School’s annual audit if it meets all of the requirements of the annual audit.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.

Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

1. Preliminary budgets
2. Interim financial reports
3. Second interim financial reports
4. **Final unaudited reports**

These reports must be submitted to the CDE and the authorizing entity in the form required. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

**Disposition of Liabilities and Assets**

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School’s governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District’s personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.

2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.

3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.

4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated as or by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School’s governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.
Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

a. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.

b. Make final federal tax payments (employee taxes, etc.)

c. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School’s authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.
Additional Provisions

**Facilities**

Charter School shall comply with all geographic and site limitations and related requirements set forth in Education Code sections 47605.1, 47602(a), and 47605(a).

**District-Owned Facilities**

If Charter School is using District facilities as of the date of the submission of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

The circumstances of Charter School’s occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation. For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term may be co-terminous with the approved Charter, as permitted by law. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education’s approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. Charter School shall comply with all District health, safety, and emergency procedures and requirements and shall be subject to inspection by the District’s Facilities Services Division, OEHS, and other District offices in the same manner as other LAUSD campuses. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools. In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).
The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- **Use**: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses. Separate and apart from its right as authorizer to observe and inspect any part of the charter school at any time pursuant to Education Code 47607(a)(1), the District shall have and reserves the right to inspect District facilities upon reasonable notice to Charter School.

- **Furnishings and Equipment**: The District shall retain ownership of any furnishings and equipment, including technology, (“F&E”) that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.

- **Leasing; Licensing**: Use of the District facilities by any person or entity other than Charter School shall be administered by the District. The parties may agree to an alternative arrangement in the use agreement.

- **Programs, Services, and Activities Outside Instructional Program; Third Party Vendors**
  
  (i) Any program, service, or activity provided outside the instructional program shall be subject to the terms and provisions of the use agreement, and, additionally, may require a license, permit, or additional agreement issued by the District. The term “instructional program” is defined, per Education Code section 47612 and 5 CCR section 11960, as those required educational activities that generate funding based on “average daily attendance” and includes those extracurricular programs, services, and/or activities that students are required to participate in and do not require the payment of any consideration or fee.

  (ii) Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.

- **Minimum Payments or Charges to be Paid to District Arising From the Facilities**
  
  (i) **Pro Rata Share**: The District shall collect and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter Schools Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and

  (ii) **Taxes; Assessments**: Generally, Charter School shall pay any assessment or fee imposed upon or levied on the LAUSD facilities that it is occupying or Charter School’s legal or equitable interest created by the use agreement.
• **Maintenance & Operations Services**: In the event the District agrees to allow Charter School to perform any of the operation and maintenance services, the District shall have the right to inspect the District facilities, and the costs incurred in such inspection shall be paid by Charter School.

(i) **Co-Location**: If Charter School is co-locating or sharing the District facilities with another user, the District shall provide the operations and maintenance services for the District facilities and Charter School shall pay the Pro Rata Share. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.

(ii) **Sole Occupant**: If Charter School is a sole occupant of District facilities, the District shall allow Charter School, at its sole cost and expense, to provide some operations and maintenance services for the District facilities in accordance with applicable laws and LAUSD’s policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, the District shall provide all services for regulatory inspections which as the owner of the real property it is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.

• **Real Property Insurance**: Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD’s property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall **not** have the option of obtaining and maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

**Non-District-Owned Facilities**

**Occupancy and Use of the Site**: Prior to occupancy or use of any school site or facility, Charter School shall provide the CSD with a current Certificate of Occupancy or equivalent document issued by the applicable permitting agency that allows Charter School to use and occupy the site as a charter school. Charter School shall not exceed the operating capacity of the site and shall operate within any limitations or requirements provided by the Certificate of Occupancy and any applicable permit. Charter School may not open or operate without providing a copy of an appropriate Certificate of Occupancy to the CSD. If Charter School intends to move or expand to another facility during the term of this Charter, Charter School shall adhere to any and all District policies and procedures regarding charter material revision and non-material amendment. Prior to occupancy or use of any such additional or changed school site, Charter School shall provide an appropriate Certificate of Occupancy to the CSD for such facility. Notwithstanding any language to the contrary in this Charter, the interpretation, application, and enforcement of this provision are not subject to the Dispute Resolution Process outlined in Element 14.

**Facility Compliance**: Prior to occupancy or use of any non-District-owned school site and/or facility, Charter School shall ensure that the site and/or facility complies with all applicable building codes, standards and regulations adopted by the city and/or county agencies responsible for building and safety standards for the city in which Charter School is to be located, federal and state accessibility requirements (including the Americans with Disabilities Act (ADA) and Section 504), and all other applicable fire, health, and structural safety and access requirements. This
requirement shall also apply to the construction, reconstruction, alteration of or addition to the facility. Charter School shall resolve in a timely manner any and all corrective actions, orders to comply, and notices issued by any authorized building and safety agency. Charter School cannot exempt itself from applicable building and zoning codes, ordinances, and ADA/Section 504 requirements. Charter School shall maintain on file readily accessible records that document facilities compliance and shall promptly provide such documentation to the CSD upon request.

**Pest Management:** Charter School shall comply with the Healthy Schools Act, Education Code section 17608, which details pest management requirements for schools.

**Asbestos Management:** Charter School shall comply with the asbestos requirement as cited in the Asbestos Hazard Emergency Response Act (AHERA), 40 C.F.R. part 763. AHERA requires that any building leased or acquired that is to be used as a school or administrative building shall maintain an asbestos management plan.

**INSURANCE**

**Insurance Requirements**

No coverage shall be provided to Charter School by the District under any of the District’s self-insured programs or commercial insurance policies. Charter School shall secure and maintain, at a minimum, insurance as set forth below with insurance companies acceptable to the District [A.M. Best A-, VII or better] or the equivalent provided through a California Joint Powers Authority self-insurance program to protect Charter School from claims which may arise from its operations. Each Charter School location shall meet the below insurance requirements individually.

It shall be Charter School’s responsibility, not the District’s, to monitor its vendors, contractors, partners, and/or sponsors for compliance with the insurance requirements.

The following insurance policies are required:

1. **Commercial General Liability**, including Fire Legal Liability, coverage of $5,000,000 per Occurrence and in the Aggregate. The policy shall be endorsed to name the Los Angeles Unified School District and the Board of Education of the City of Los Angeles as named additional insureds and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and Charter School’s insurance shall be primary despite any conflicting provisions in Charter School’s policy. Coverage shall be maintained with no Self-Insured Retention above $15,000 without the prior written approval of the Division of Risk Management and Insurance Services for the LAUSD.

2. **Workers’ Compensation Insurance** in accordance with provisions of the California Labor Code adequate to protect Charter School from claims that may arise from its operations pursuant to the Workers’ Compensation Act (Statutory Coverage). The Workers’ Compensation Insurance coverage must also include Employers Liability coverage with limits of $1,000,000/$1,000,000/$1,000,000.

3. **Commercial Auto Liability**, including Owned, Leased, Hired, and Non-owned, coverage with limits of $1,000,000 Combined Single Limit per Occurrence if Charter School does not operate a student transportation service. If Charter School provides student
transportation services, the required coverage limit is $5,000,000 Combined Single Limit per Occurrence.

4. Crime Insurance or Fidelity Bond coverage shall be maintained by Charter School to cover all Charter School employees who handle, process or otherwise have responsibility for Charter School funds, supplies, equipment, or other assets. Minimum amount of coverage shall be $1,000,000 per occurrence/$1,000,000 aggregate, with deductible that is acceptable to the Los Angeles Unified School District.

5. Cyber Liability insurance coverage with minimum limits of $500,000 per occurrence and $500,000 general aggregate.

6. Professional Educators Errors and Omissions liability coverage with minimum limits of $5,000,000 per occurrence and $5,000,000 general aggregate.

7. Sexual Molestation and Abuse coverage with minimum limits of $5,000,000 per occurrence and $5,000,000 general aggregate. Coverage may be held as a separate policy or included by endorsement in the Commercial General Liability or the Errors and Omissions Policy.

8. Employment Practices Legal Liability coverage with limits of $5,000,000 per occurrence and $5,000,000 general aggregate.

9. Excess/Umbrella Liability insurance with limits of not less than $10,000,000 is required of all high schools and any other school that participates in competitive interscholastic or intramural sports programs.

Coverages and limits of insurance may be accomplished through individual primary policies or through a combination of primary and excess policies and alternative methods of coverage as approved by the District. The policy shall be endorsed to name the Los Angeles Unified School District and Its Board of Education as named additional insureds and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and Charter School's insurance shall be primary despite any conflicting provisions in Charter School's policy.

**Evidence of Insurance**
Charter School shall furnish to the District’s Division of Risk Management and Insurance Services located at 333 S. Beaudry Ave, 28th Floor, Los Angeles CA 90017 within 30 calendar days of all new policies, inceptions, renewals or changes, certificates, or such insurance signed by authorized representatives of the insurance carrier. Certificates shall be endorsed as follows:

“Charter school shall be required to provide LAUSD with 30 days prior written notice by certified mail, return receipt requested, if the insurance afforded by this policy shall be suspended, cancelled, reduced in coverage limits or non-renewed.”

Facsimile or reproduced signatures may be acceptable upon review by the Division of Risk Management and Insurance Services. However, the District reserves the right to require certified copies of any required insurance policies.

Should Charter School deem it prudent and/or desirable to have insurance coverage for damage or theft to Charter School, employee or student property, for student accident, or any other type
of insurance coverage not listed above, such insurance shall not be provided by the District and its purchase shall be the responsibility of Charter School.

**Hold Harmless/Indemnification Provision**

To the fullest extent permitted by law, Charter School does hereby agree, at its own expense, to indemnify, defend and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys’ fees, brought by any person or entity whatsoever, arising out of, or relating to, this Charter agreement. Charter School further agrees to the fullest extent permitted by law, at its own expense, to indemnify, defend, and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys’ fees, brought by any person or entity whatsoever for claims, damages, losses and expenses arising from or relating to acts or omission of acts committed by Charter School and/or its officers, directors, employees or volunteers. Moreover, Charter School agrees to indemnify, defend and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers, for any contractual liability resulting from third party contracts with Charter School’s vendors, contractors, partners or sponsors.

**FISCAL MATTERS**

**District Oversight Costs**

The District may charge for the actual costs of oversight of Charter School not to exceed 1% of Charter School’s revenue, or the District may charge for the actual costs of oversight of Charter School not to exceed 3% if Charter School is able to obtain substantially rent free facilities from the District. Notwithstanding the foregoing, the District may charge the maximum oversight fee allowed under the law as it may change from time to time. The oversight fee provided herein is separate and distinct from the charges arising under charter school facilities use agreements.

**Cash Reserves**

Charter School acknowledges that the recommended cash reserve is 5% of expenditures, as provided in section 15450, title 5 of the California Code of Regulations.

**Third Party Contracts**

Charter School shall ensure that all third party contracts, whether oral or written, for supplies, equipment, goods and/or services, for the direct or indirect benefit of, or otherwise related to the operation of, Charter School, require compliance with and otherwise conform to all applicable local, state, and federal policies, regulations, laws, and guidelines, including but not limited to licensing and permit requirements as well as requirements related to protection of health and safety.

**Special Education Revenue Adjustment/Payment for Services**

In the event that Charter School owes funds to the District for the provision of agreed upon or fee for service or special education services or as a result of the State’s adjustment to allocation of special education revenues from Charter School, Charter School authorizes the District to deduct any and all of the in lieu property taxes that Charter School otherwise would be eligible to receive under section 47635 of the Education Code to cover such owed amounts. Charter School further understands and agrees that the District shall make appropriate deductions from the in lieu property tax amounts otherwise owed to Charter School. Should this revenue stream be insufficient in any fiscal year to cover any such costs, Charter School agrees that it will reimburse
the District for the additional costs within forty-five (45) business days of being notified of the amounts owed.

**Student Body Funds**
Charter School shall supervise and manage any and all student body funds in a manner consistent with the provisions of Education Code sections 48930-48938. Charter School shall include and address student body funds in its financial reports, and ensure that such funds are included and addressed in Charter School’s annual audit as a stand-alone item.

**Audit and Inspection of Records**
Charter School agrees to observe and abide by the following terms and conditions as a requirement for receiving and maintaining its charter authorization:

- Charter School is subject to District oversight.
- The District’s statutory oversight responsibility continues throughout the life of the Charter and requires that the District, among other things, monitors the fiscal condition of Charter School.
- The District is authorized to revoke this Charter for, among other reasons, the failure of Charter School to meet generally accepted accounting principles or if Charter School engages in fiscal mismanagement.

Accordingly, the District hereby reserves the right, pursuant to its oversight responsibility, to audit Charter School books, records, data, processes and procedures through the District Office of the Inspector General or other means. The audit may include, but is not limited to, the following areas:

- Compliance with terms and conditions prescribed in the Charter agreement,
- Internal controls, both financial and operational in nature,
- The accuracy, recording and/or reporting of Charter School’s financial information,
- Charter School’s debt structure,
- Governance policies, procedures and history,
- The recording and reporting of attendance data,
- Charter School’s enrollment process,
- Compliance with safety plans and procedures, and
- Compliance with applicable grant requirements.

Charter School shall cooperate fully with such audits and shall make available any and all records necessary for the performance of the audit upon 30 days notice to Charter School. When 30 days notice may defeat the purpose of the audit, the District may conduct the audit upon 24-hours notice.
Fiscal Policies and Procedures
Charter School shall establish, maintain, and implement sound fiscal policies and procedures, including but not limited to internal controls governing all financial and business-related activities.

Apportionment Eligibility for Students Over 19 Years of Age
Charter School acknowledges that, in order for a pupil over nineteen (19) years of age to remain eligible for generating charter school apportionment, the pupil shall be continuously enrolled in public school and make satisfactory progress toward award of a high school diploma. (Ed. Code § 47612(b).)

Local Control and Accountability Plan
In accordance with California Education Code sections 47604.33 and 47606.5, Charter School shall include in its annual update a “listing and description of the expenditures for the fiscal year implementing the specific actions included in the charter as a result of the reviews and assessment required by paragraph (1)” of section 47606.5(a). These expenditures shall be “classified using the California School Accounting Manual pursuant to Section 41010.” (Ed. Code § 47606.5(b).)
