Charter School
shall comply with all provisions of the EERA and shall act independently from LAUSD for collective bargaining purposes. In accordance with the EERA, employees may join and be represented by an organization of their choice for collective bargaining purposes.

NOTE: This Charter contains specific “District Required Language” (DRL), including the Assurances, Affirmations, and Declarations above. The DRL should be highlighted in gray within each Charter element or section. The final section of the Charter provides a consolidated addendum of the DRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the DRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the DRL contained in the addendum, the provisions of the DRL addendum shall control.
INTRODUCTION

Fenton Charter Public Schools

The history of the Fenton Charter Public Schools (“FCPS”) begins in March 1993, when the staff of Fenton Avenue Elementary unanimously affirmed the decision to write and submit a charter petition to the authorizing district, LAUSD. Using the twenty-two charter petitions which had been approved by the state, along with the District’s then-recently publicized LEARN document, the staff of Fenton Avenue Elementary worked for six weeks to address the 14 elements (later 16, and now 15) of California’s original charter school law, adopted as SB 1448. Approved by the Los Angeles City Board of Education in June 1993, Fenton Avenue Charter School (“FACS”) became LAUSD’s seventh charter school and charter number 30 in the state of California. As a conversion charter, the attendance area served by the Charter School has remained constant, with current FPC student demographics reflective of the surrounding area: 92% Hispanic; 6% African American; 55% English Learner (“EL”); 91% qualifying for Free or Reduced Price Meals (“FRPM”); 9.8% Special Needs.

As a fiscally independent charter school, FACS was in a unique position to demonstrate how fiscal independence and local control could improve and enhance existing conditions for students and employees. Implementing high standards and expectations for all staff was the initial step in changing the mindset of the organization. Transferring that mindset to every classroom was critical in lifting FACS from one of the lowest performing schools in the District to one of the highest in the area. Test scores improved significantly after conversion, and in 1997, FACS was named a California Distinguished School.

In 2007, Fenton Primary Center, a start-up charter school that was created to move FACS off the year round, multi-track calendar, was approved, and in 2013, FPC moved to its own 55,000 square foot site just eight-tenths of a mile from FACS. At that time, Fenton Avenue Charter School moved off the Modified Concept Six 163-day calendar for the first time in 20 years, with the separation of grades kindergarten through second (to FPC) and third through fifth grades (remaining at FACS). Both charter schools serve the original attendance area of Fenton Avenue Elementary and nearly the same demographic population.

In 2011, the leadership of Fenton Avenue Charter School and the Fenton Primary Center established Fenton Charter Public Schools, a charter management organization (“CMO”), to ensure the continued and long-term viability of the schools. Soon after the establishment of the CMO, on May 1, 2012, the LAUSD Board of Education approved the renewal of the Santa Monica Boulevard Community Charter School (“SMBCCS”) charter petition, a large conversion in East Hollywood, with FCPS as the operator, and the organization nearly doubled in size, to over 2,500 students. By 2013, the three FCPS schools were the highest performing schools in their respective areas, with Academic Performance Index (“API”) scores of over 800. On August 17, 2015, the Fenton Academy for Social and Emotional Learning (known internally as the Fenton Charter Leadership Academy) and the Fenton STEM Academy were opened in the east San Fernando Valley to serve students in kindergarten through fifth grades. The newest start-up charter schools share one site and are small, opening with enrollments of less than 200 students and a maximum capacity of 408 students each.
Element 1 – The Educational Program

“The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.” (Ed. Code § 47605(b)(5)(A)(i).)

“The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.” (Ed. Code § 47605(b)(5)(A)(ii).)

“If the proposed charter school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements.” (Ed. Code § 47605(b)(5)(A)(iii).)

LOCAL CONTROL FUNDING FORMULA (LCFF) AND LOCAL CONTROL AND ACCOUNTABILITY PLAN (LCAP)

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (Local Control Funding Formula), as they may be amended from time to time, which include the requirement that Charter School shall annually submit a Local Control and Accountability Plan (LCAP)/annual update to the Los Angeles County Superintendent of Schools and the Charter Schools Division (CSD) on or before July 1. In accordance with Education Code sections 47604.33 and 47606.5, Charter School shall annually update its goals and annual actions to achieve those goals identified in the charter pursuant to Education Code section 47605(b)(5)(A)(ii), using the Local Control and Accountability Plan template adopted by the State Board of Education, as it may be changed from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School “shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the annual update.” (Ed. Code § 47606.5(e).)

ACADEMIC CALENDAR AND SCHEDULES

Charter School shall offer, at a minimum, the number of minutes of instruction set forth in Education Code section 47612.5, and the number of school days required by California Code of Regulations, title 5, section 11960.

MATHEMATICS PLACEMENT

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.
TRANSITIONAL KINDERGARTEN

Charter School shall comply with all applicable requirements regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten.

HIGH SCHOOL EXIT EXAMINATION

Charter School shall comply with the requirements of Education Code sections 60851.5 and 60851.6.

WASC ACCREDITATION

If Charter School serves students in grades 9-12, before Charter School graduates its first class of students, Charter School shall obtain, and thereafter maintain, Western Association of Schools and Colleges (WASC) accreditation.

ENGLISH LEARNERS

Charter School shall identify potential English Learners (ELs) in a timely manner in accordance with all applicable legal requirements. Charter School must provide all English Learners with an effective English language acquisition program that also affords meaningful and equitable access to Charter School’s academic core curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis (on or about October 1), Charter School shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School has adopted and is implementing either the LAUSD English Learner Master Plan or Charter School’s own English Learner Master Plan. If Charter School chooses to implement its own EL plan, the plan shall include, but is not limited to, the following:

- How English Learners’ needs will be identified
- What services will be offered
- How, where, and by whom the services will be provided
- How Charter School will evaluate its EL program each year, and how the results of this evaluation will be used to improve the program, including the provision of EL services

Each year, Charter School shall provide to the CSD a report on its annual evaluation of the effectiveness of its EL program. Upon request, Charter School shall provide a copy of its current EL Master Plan to the CSD.

Charter School shall administer the CELDT/ELPAC annually in accordance with federal and state requirements.
Charter School shall reclassify English Learners in accordance with federal and state requirements.

Charter School shall provide parent outreach services and meaningfully inform parents with limited English proficiency of important information regarding Charter School matters to the same extent as other parents.

**STUDENTS WITH DISABILITIES**

**Federal Law Compliance**
Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities Education Improvement Act of 2004.

**Special Education Program**
Charter School shall ensure that no student otherwise eligible to enroll in Charter School shall be denied, directly or indirectly, admission due to a disability or to Charter School’s inability to provide necessary services. Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval, Charter School shall execute a Memorandum of Understanding (“MOU”) by and between LAUSD and Charter School regarding the provision and funding of special education services consistent with the requirements of the LAUSD Special Education Local Plan Area (“SELPA”) Local Plan for Special Education.

**SELPA Reorganization**
The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding (“MOU”), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in
the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

**Modified Consent Decree Requirements**

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith Modified Consent Decree* (“MCD”) and other court orders imposed upon the District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statistically measureable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs (“IEPs”) and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the MCD, student level data requests from District-operated and Charter-operated charter schools are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s (“OIM”) required format in accordance with the OIM’s required timelines and as follows:

- **End of Year Suspension**

  District ID, CSIS ID, last name, first name, date of birth, gender, grade, date of suspension, number of days suspended, and reason for suspension.

- **Statewide Assessment Data**

  The standard file including District ID.

- **Norm day**

  District ID, CSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- **CBEDS**

- **All Students enrolled as of December 1 of each school year**

  District ID, CSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- **Dropout**

  District ID, CSIS ID, last name, first name, middle name, date of birth, grade, last location, school name and local district.
- Monthly SESAC and Suspension data
- Graduation roster from all charter schools with 12th grade students with disabilities

The MCD requires charter schools to implement the District’s integrated student information system, which is currently referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data. All charter schools are required to utilize MiSiS directly or interface with MiSiS via a web based Application Programming Interface (API) in compliance with the requirements of the MCD and applicable timelines. Upon charter school full utilization of MiSiS either directly or via a web based API, the list of required data above will automatically be captured within MiSiS.

**COMMUNITY NEED FOR CHARTER SCHOOL**

**History of Fenton Primary Center**

Fenton Primary Center is located in the northeast San Fernando Valley, in the city of Pacoima. Fenton Primary Center was originally part of Fenton Avenue Charter School and continues to educate students from Fenton Avenue Elementary School’s former attendance area. The Fenton Primary Center charter was created to allow the Lake View Terrace community and Fenton Avenue Charter School to move from a multi-track to single-track traditional calendar and alleviate overcrowding on one campus.

On November 15, 2006, the Fenton Avenue Charter School community, led by founders Angie Carter, Donald Parker and Irene Sumida, submitted a petition for a start-up charter as a means of alleviating overcrowding at Fenton Avenue Charter School and eventually removing the conversion charter school from the year round, multi-track calendar it had followed for over 20 years.

Fenton Primary Center was originally designed to accommodate one-third of the students attending Fenton Avenue Charter School - all students in kindergarten and first grade. The start-up charter was also committed to serving all students in grades K-1 living in the former Fenton Avenue Elementary School attendance area, while allowing other interested students the option of enrollment as space permitted. The Los Angeles Unified School District Board of Education unanimously approved the charter on March 13, 2007.

Fenton Primary Center spent one year coordinating the implementation of a start-up charter school, from July 2007 to June 2008; and on July 7, 2008, the Fenton Primary Center opened with 451 kindergarten and first grade students. For five years, 2008-2013, the Charter School was co-located with Fenton Avenue Charter School. The two schools remained on the same year-round multi-track calendar and on the same campus.
Fenton Primary Center continued to look for a facility while submitting a charter renewal in 2011. Through the charter renewal process, FPC added 2nd grade to the petition to make the Charter School a true primary center that would serve students kindergarten through second grade. FACS simultaneously stopped offering 2nd grade, and students had the opportunity to enroll at Fenton Primary Center. This would also help Fenton Avenue Charter School with overcrowding once Fenton Primary Center moved to a separate location. On December 6, 2011, the Los Angeles Unified School District Board of Education unanimously approved the charter renewal, with the addition of 2nd grade.

FPC continued its search for a facility that would accomplish the intention of the charter, which was to allow the Lake View Terrace Community and Fenton Avenue Charter School to have a single-track traditional calendar and alleviate overcrowding on one campus. In 2012, a parcel, less than one mile from Fenton Avenue Charter School in Pacoima, was located, and plans to construct a state-of-the-art facility were underway. On December 20, 2012, construction began on a 55,000 square foot school facility with 40 classrooms. The project was very well planned and coordinated and in less than 10 months, the Charter School was open.

On September 4, 2013, Fenton Primary Center, located at 11351 Dronfield Avenue, Pacoima, CA 91331, opened its doors in a state-of-the-art building ready to serve 794 students in kindergarten through 2nd grade. It was a historical event the Lake View Terrace and FCPS families had waited 20 years to accomplish.

During the 2013-2014 school year, Fenton Primary Center staff worked diligently to acclimate to a new facility. Teachers and administrators worked tirelessly on creating and revising schedules, play area configurations, and classroom furniture arrangements for optimal learning while also reviewing and implementing a new rigorous language arts curriculum, Reading Wonders, published by McGraw Hill. The teachers also created a Common Core State Standards (“CCSS”)-based report card, for parents, aligned with the new CCSS. The school year went quickly and on June 5, 2014 Fenton Primary Center had a celebration for completing the first school year. Many stakeholders and support providers attended the event including politicians, LAUSD board members and Charter Schools Division staff, and everyone who made the construction a success.

The 2014-2015 school year was the year of careful evaluation of student success. The teaching staff implemented Reading Wonders and instantly began to see success and improvement in student reading skills. Teachers were collaborating many hours to master the delivery of the common core standards. Fenton Primary Center also reviewed various CCSS aligned math curricula in 2014-2015 and chose My Math by McGraw Hill as its new adoption.

The 2015-2016 school year was a huge success for Fenton Primary Center. The Charter School successfully implemented a structured reading intervention program that included specific strategies that helped struggling readers, including English Learners, and students with special needs. FPC also implemented a stronger special education program to serve over 100 students with special needs. The program included a full-time roster of a counselor, a psychologist, four education specialists, a speech therapist, and part-time support from an occupational therapist, an adapted physical education teacher, as well as a full-time coordinator to help monitor the program.
Fenton Primary Center has successfully implemented its goals set every year. The Charter School is really showing tremendous growth in student learning. FPC is clearly on the right path in providing students with a rigorous curriculum and an amazing learning environment.

Since 2007, when the original start-up charter was written, the families of Lake View Terrace and Pacoima eagerly awaited the following three objectives to occur in their community:

- Families wanted to have their children off a year round school calendar.
- Families wanted to see Fenton Charter Public School build on the quality of education that they as stakeholders helped to develop.
- Families wanted to see quality education continue for generations with a lasting impact in the community and sustained effect on learning outcomes.

**Families wanted to have their children off a year round school calendar**
In 2013, the Fenton Primary Center accomplished its primary goal of moving off the year round multi-track, 163-day calendar for the first time in over 20 years and moved into its own 55,000 square foot, state-of-the-art facility. The Charter School transitioned from its original location, Fenton Avenue Charter School in Lake View Terrace, to the new location in Pacoima. Fenton Primary Center initially served grades K-2. In order to better serve the community, Transitional Kindergarten was added during the 2015-16 school year. The 2015-16 student population at the Charter School includes the following number of students at each grade level: transitional kindergarten - 50; kindergarten - 238; 1st grade - 253; 2nd grade – 276.

Administrators, teachers, parents, paraprofessionals and community stakeholders worked collaboratively to raise the educational aspirations of the students and to create a culture of high expectations. Parents are involved in the decision making process and have been afforded many opportunities to share their ideas and to work side by side with teachers and other staff members. Families have played an integral role in developing the quality of education that has launched their children into the 21st Century.

Fenton Primary Center has successfully met its major goal of opening and implementing the requirements of a new facility with a priority of safety and a positive learning environment.

**Families wanted to see Fenton Charter Public Schools build on the quality of education that they, as stakeholders, helped to develop**
The Charter School’s teachers, administrators, and parents have consistently reviewed, modified, and adopted new curriculum to improve student success. The Charter School adopted the Common Core State Standards in English language arts and mathematics, continues to implement the Mutt-i-grees social-emotional program, provides staff with quality professional development, and provides students and staff with the latest technology. The Charter School is definitely on track to accomplish the third objective of making an impact on the community. Many families have been attending FCPS schools for at least two generations.

The Charter School continues to successfully implement new technologies in every classroom and staff was an integral part of the construction of the new facility. Teachers have access to many additional resources available online and the latest education programs. The facility is equipped
with very fast wireless Internet connection, computers in every classroom (9 desktops, 1 teacher laptop, at least 1 iPad), document camera, and an interactive projector. FPC has met the goal of implementing and integrating technology.

**Families wanted to see quality education continue for generations with a lasting impact in the community and sustained effect on learning outcomes**

The Charter School continues to find innovative ways to improve the academic performance of all students. The Charter School has determined the three major areas of need are improving English learner outcomes, quality parent engagement, and professional development for staff to implement the programs that the FCPS organization has found to be very effective. These three goals will assure a continued focus on the quality of education for all students.

The Charter School is now renewing its charter to uphold a quality education and continue to find partnerships in the community to create a lasting impression on the community as a whole. The Charter School realizes that the stronger this partnership is, the greater the impact to the community it serves will be.

**Academic Performance Data**

Fenton Primary Center is a school for transitional kindergarten through second grade students and participates in California English Language Development Testing (“CELDT”) for the state. There is no additional academic test required from the state for the grade levels served. The first and last state testing requirement FPC participated in was in 2012-13. That was the Charter School’s first year serving second grade students. Below are results of the second grade students of 2012-13.

**Adequate Yearly Progress (“AYP”)**

Fenton Primary Center participated in AYP for the first time in 2013 using the 2012-13 testing results. 2012 was the first year the Charter School tested 2nd grade students using the Standardized Testing and Reporting (“STAR”) assessments. STAR testing was eliminated after 2012-13 and 2nd grade is required to test under the CAASPP. The following table documents Fenton Primary Center’s AYP history:

**Academic Performance Index - 832**

Fenton Primary Center has been in a unique position with regard to the API. Due to state testing variations and cancelation of second grade testing, Fenton Primary Center has only one year of API testing. In 2013, Fenton Primary Center received its first and only API of 832. This was the highest API of over 15 elementary schools in the East San Fernando Valley.

**California English Language Development Test (CELDT)**

Every year Fenton Primary Center provides CELDT initial assessments for approximately 200 students who are mostly in kindergarten. The Charter School also gives approximately 200 annual assessments, for a total of 400 CELDT tests given annually. 50% of the students tested in CELDT every year are new to FPC. The 50% of students testing annually are monitored carefully for growth. There are additional factors that contribute to progress of student CELDT scores. One is that the test is given once a year and at the beginning of the school year. The second grade students’ results are not necessarily true to the Charter School’s instructional program as those students are tested within their first two months of school. Therefore, other measures such as the
implementation of the English Language Development Program and student progress on other internal assessments are critical in assessing the success at Fenton Primary Center.

A good comparison of progress for the progress of English learners is to compare the initial results with the results of their annuals two years later. The comparison should begin with 2012-2013 initials to 2014-2015 annuals. The charts below demonstrate the increase from one proficiency level to the next, and the number of reclassified students is 37. The comparison should not begin with 2011-2012 due to that being the last year of the initial charter. At that time, Fenton Primary Center only had kindergarten and first grade with an enrollment of 525.

Internal Academic Performance

Local, or internal, assessments consist of weekly quizzes and informal monitoring of student progress. Student achievement data is collected daily, weekly, monthly and annually, both formally and informally to measure student progress and to integrate intervention as necessary. In addition, Fenton Primary Center conducts formal assessments at least three times a year to measure student progress. The assessments given three times a year are: Reading Wonders and My Math benchmarks/summatives and Northwest Evaluation Association (“NWEA”) and Measures of Academic Progress® (“MAP®”) online assessments. The Charter School closely monitors the achievement of student data.

The following graphs show the results of our publisher’s benchmark tests, comparing beginning of year (“BOY”) mastery to end of year (“EOY”) mastery in language arts and mathematics. Summative assessments are aligned to the CCSS. During the past three years, the Charter School has updated curriculum for both language arts and mathematics. The summative assessments have also changed to align with the curriculum. The most important analysis of the graph is the fact that students made tremendous growth in achieving the standards during the past three years on a yearly basis, using the new CCSS introduced in the 2013-2014 school year. The following graphs represent the grade levels as a group. Beginning in 2015, the Charter School will be giving an additional middle of year assessment ("MOY").

Progress monitoring of students’ academic achievements is vital to any instructional program. Fenton Primary Center has recently partnered with NWEA to implement the MAP assessment. The MAP assessment is an online, adaptive assessment tool that measures students’ academic growth. 2015-16 was the initial year of administering the English language arts assessments to first and second grade students. In the upcoming 2016–17 school year, language usage and mathematics will also be included in the testing. Using NWEA’s MAP as a formative assessment allows progress monitoring and delivers data that is useful for teachers to track students’ academic growth, as well as differentiate instruction as needed. Data can also be used to compare with
national norms of students with similar demographics. NWEA also offers a separate skills checklist, which is utilized in the reading intervention program.

Charter Renewal Criteria and Eligibility

A. Evidence of Meeting Charter Renewal Standards Pursuant to Education Code Section 47607(b) and the California Code of Regulations, Title 5, Section 11966.4(a)(1)

Education Code Section 47607(b) requires that a charter school that has been operating for at least 4 years must meet at least one of the following renewal criteria prior to receiving a charter renewal:

(1) Attained its API growth target in the prior year or in two of the last three years, both schoolwide and for all groups of pupils served by the charter school.

(2) Ranked in deciles 4 to 10, inclusive, on the API in the prior year or in two of the last three years.

(3) Ranked in deciles 4 to 10 inclusive, in the API for a demographically comparable school in the prior year or in two of the last three years.

(4) The entity that granted the charter determines that the academic performance of the charter school is at least equal to the academic performance of the public schools that the charter school pupils would otherwise have been required to attend, as well as the academic performance of the schools in the school district in which the charter school is located, taking into account the composition of the pupil population that is served at the charter school.

(5) Has qualified for an alternative accountability system pursuant to subdivision (h) of Education Code Section 52052.

The following shall serve as documentation confirming that the Charter School meets the statutory criteria required for renewal as set forth in Education Code Section 47607(b)(2)-(4).

*Note on Testing Data

Assembly Bill 484 amended Education Code sections 52052(e)(2)(F) and 52052(e)(4) to allow schools that do not have an API calculated to use one of the following criteria to meet legislative and/or programmatic requirements:

- The most recent API calculation;
- An average of the three most recent annual API calculations; or
- Alternative measures that show increases in pupil academic achievement for all groups of pupils schoolwide and among significant groups.
FPC meets the charter renewal criteria established in Education Code Section 47607(b) due to its 2013 API statewide and similar schools rankings, which were 6 and 9, respectively. These measures are from the most recent API calculation.

Because the Charter School does not serve students in grade 3 or higher, it does not utilize the California Assessment of Student Performance and Progress (“CAASPP”). In its place, FPC implements internal assessments for benchmark testing, which are discussed in detail below.

**EXTRACURRICULAR ACTIVITIES** *

Fenton Primary Center funds three main extracurricular activities. The *Primary Chorus* is a group of students selected and led by a contracted music teacher. The *Primary Chorus* practices on Tuesdays after school for 90 minutes. Fenton Primary Center’s *21st Century afterschool program* allows 180 students to participate in organized extracurricular activities for 2.5 hours after school Monday through Friday. Fenton Primary Center was also required to participate in *Supplemental Education and Support (‘SES’) through the Program Improvement requirement in the Elementary and Secondary Education Act (‘ESEA’).*. 2015 PARENT SURVEY DATA
Part of Fenton Primary Center’s mission is to work collaboratively with students and parents to model the highest standards for academic achievement. The Charter School knows children learn best when the significant adults in their lives; parents, teachers, family, and community members, work together to encourage and support them. FPC created a survey to gather information about parent volunteers, home-school communications and other related topics. Electronic forms, as well as hard copies, were sent home. The survey consisted of 12 multiple-choice questions and a comment section for parents to provide additional feedback. The survey went home in English and Spanish to ensure that all parents could access and respond to the questions. Approximately 800 surveys were sent home and 75% of the parents responded to this survey.

In summary, the survey provided some extremely valuable information about parent participation, home-school communication and overall feelings about the Charter School. In the area of parent participation, the percentage of parents who are attending school functions and/or involved in school activities is increasing. Encouraging parents to volunteer on campus, in the classrooms and at school events, such as the book fair, Open House, workshops, assemblies and school performances, continues to be a challenge.

Although the survey results reflected improvement in most of the areas listed above, the parent comments showed that homework, home-school communication and parent education need to be addressed in future planning.

**Success of Innovative Features of the Education Program**

Fenton Primary Center prides its success on the implementation of Common Core State Standards, teacher effectiveness, reading intervention, and the creation of a positive learning environment using Positive Behavior and Intervention Support (“PBIS”).

**Common Core State Standards – New State Standards**

Lead Teachers and selected teachers reviewed, evaluated, and piloted a variety of state approved curriculums, which aligned with the Charter School’s vision and mission. Fenton Primary Center teachers participated in many hours of Common Core training since 2013.
Fenton Primary Center has the most recent curriculum adoptions in language arts, English language development, and mathematics, which align with the Common Core State Standards. The Charter School adopted Reading Wonders by McGraw Hill Education in 2014 and has recently adopted the 2017 version of California Wonders for English Learners, which aligns with the state adopted ELD standards. In 2015, the Charter School adopted My Math by McGraw Hill for mathematics.

**Teacher Effectiveness**

Fenton Primary Center teachers focus on meeting the needs of diverse learners by utilizing explicit direct instruction and providing instructional support using comprehensive, state approved programs, which have digitally rich and engaging platforms. The Charter School credits its teacher effectiveness to the collaborative work of teachers. Since 2013, teachers have participated in countless hours of grade-level discussions, vertical planning, and professional development, with a focus on the implementation of the CCSS.

All teachers at Fenton Primary Center have designated time bi-weekly to collaborate on best practices with their grade level colleagues. Lead Teachers plan these organized time blocks, prepare agendas, and document best practices. Teachers participate in professional development and collaboration on Wednesdays after school.

Lead Teachers, along with other FPC stakeholders, participate in the Charter School’s Instruction Committee. The Instruction Committee is responsible for advising the FCPS Board on all matters regarding the instructional program and implementation of curriculum. The committee also reviews and approves the professional development calendar annually.

**Intervention Program**

Fenton Primary Center has addressed the needs of struggling students by developing a comprehensive reading intervention program. Fenton Primary Center recognized the need to support early learners who struggle with pre-reading and foundational literacy skills. Addressing the importance of this need, the Charter School implemented a multi-level reading intervention program in the fall of 2014. One full-time reading intervention specialist, along with three part-time aides, were hired to run the reading lab. Additional aides are used to provide intervention for kindergarten students. Direct instruction, focusing on phonemic awareness, phonics, fluency, vocabulary and reading comprehension, is delivered in small group settings to students who are considered below grade level. Students are grouped based on their academic need; identified areas of concern are addressed during small group instruction. This daily reading intervention gives students the opportunity to practice skills and concepts in order to move towards meeting grade level standards.

A trained reading intervention specialist oversees the reading intervention program, collaborates with grade levels and leads a reading intervention committee. The reading intervention specialist also provides input and assistance with the Coordination of Services Team (“COST”). Most students who have attended the reading intervention program have shown gains in decoding skills, reading fluency, and vocabulary development, which have allowed students to become more proficient in reading.
Positive Behavioral Interventions and Supports

Fenton Primary Center is committed to helping children grow academically, socially, and emotionally. In order for this to happen, it is imperative that we have an environment that is safe and conducive for growth. By setting forth clear social and behavioral expectations for everyone who enters our campus, and directly teaching students about those expectations, it is our goal to create a safe and positive atmosphere for optimal learning.

Our school-wide behavior plan is based on Positive Behavioral Interventions and Supports. Our staff began this initiative in the fall of 2014, and will be moving into Tier II of the framework in the fall of 2016.

Our school-wide PBIS plan has four components:

- A behavioral expectations matrix
- Explicit teaching of the behavioral expectations
- An acknowledgement/reinforcement system
- A behavioral infraction notice

Fenton Primary Center has three school-wide behavioral expectations:

- Be Safe
- Be Respectful
- Be Responsible

Teaching Appropriate Behavior

Through PBIS, students are taught school-wide expectations and have opportunities to practice them. Staff members teach what behaviors are expected in the hallways, cafeteria, bathroom, playground, classroom, before school, after school, and at assemblies.

Acknowledgement/Reinforcement System

Another component of the school-wide PBIS plan is the use of consistent positive rewards to celebrate students’ success. Students who are following the behavioral expectations are reinforced with “Bee” tickets. These tickets will then be used for school raffles and acknowledgement. Other rewards include:

- Celebrations for students who do not receive behavioral referrals
- Class Dojo points
- The Golden Plunger award for the floor with the cleanest bathroom
- The Golden Spatula award for the class with the best cafeteria behavior
- FPC’s Buzz-worthy Bees will be awarded to students who demonstrate positive behaviors that go above and beyond the Charter School’s expectations. This award will be announced weekly, and a picture of the recipients will be posted in the throughout the school.

Behavioral Infraction Notice
While our school-wide PBIS approach emphasizes appropriate behaviors, some students may still violate Charter School rules. In these situations, students will receive a behavioral infraction notice. In the instance that a student receives a behavioral infractions notice for a major infraction, the student will consequently receive a Behavior Room referral. A Behavior Room referral may be an in-school suspension if the referral is done during class time. The school works with TK-2nd grade students who might just need redirecting. 99% of student behavior is handled in the classroom or by support staff in the classroom. The Behavior room is the hub of our Positive Behavior Intervention and Support plan. It is a meeting place for all stakeholders as necessary.

Our goal is to teach all of our students alternate behaviors to ensure a school environment that is safe, fun, free from distraction, and help all students reach their maximum potential.

**Success of School’s Educational Program in Meeting the Needs of All Students**

Fenton Primary Center is committed to meeting the needs of a wide range of students by providing a rigorous academic program through differentiated instruction. Fenton Primary Center’s educators believe it is essential to take a multifaceted approach to meet the needs of its diverse population. Teachers analyze data to determine each student’s unique talents and needs. Students who are on grade level and approaching proficiency are targeted in the critical instructional areas that propel them for advancement in all areas. Students struggling with basic skills are targeted for support by a wide range of experts including the resource specialists, school counselor, school psychologist, speech pathologist, intervention specialist, classroom teachers and administrators. Below is a data chart that represents our student population as taken in May 2016:

The Charter School makes all decisions with an emphasis on children first. The student population requires the school to spend significant amount of time learning, training, and teaching specifically with the students the school serves. The Charter School’s staff spends at least one-third of their professional development time on English Learner students. The staff collaborates, reviews data, analyzes assessments, and plan for specific lessons based on strategies that work. The school’s success with English Learners is based on the fact that students are meeting the growth target as described in the AMAO under Title III. The school’s highest scoring population in benchmark assessments is students classified as RFEP (See charts above page 21-24).
Students with special needs are a significant subgroup at Fenton Primary Center. The percent fluctuates from 7 to 11%. The explanation of the fluctuation is due to the fact the Charter School is a TK – 2nd grade school. The Charter School spends a significant amount of time in addressing intervention prior to identifying students with an IEP. At least 15% of the school’s population requires intense intervention. Intense intervention is given to those students who score below a specific score, as determined by each grade level, and are reviewed collaboratively in a Coordination of Services Team (COST – See below Page 69) meeting. Students are monitored, observed, and given time to show growth in the intervention program prior to formal assessments.

In summary, the Charter School’s largest subgroups are socioeconomically challenged and Hispanic. With over 90% of the population in these categories the Charter School has focused on the needs beyond academics. The school has implemented Mutt-i-grees (social emotional program), staffs full-time counselor and psychologist, partnered with Child Family Guidance Center (mental health for families), and shares a full-time Family Center Director. The Family Center Director provides additional resources for parents in the form of food (nearby food banks), clothing (Pacoima MEND), and medical (Covered California Applications AND RESOURCES as part of AB 2706 and SB 75).

When the Charter School adopts new curriculum, the teaching staff spends many hours reviewing and piloting the curriculum in classrooms to assure a successful implementation. The Charter School also spends hours every year training staff on cultural sensitivity and behavior awareness. These trainings along with many collaborative sessions help the teaching staff make appropriate team decisions on issues like student GATE testing, study teams, retention, and schoolwide positive recognition of students and staff.

The Charter School has created its own culture of awareness, caring, dedicated, and hardworking teachers and students. Many visitors including the LAUSD Charter Schools Division oversight committee, WASC visiting committee, Parsons Foundation, Weingart Foundation, Riordan Foundation, Ahmanson Foundation, and the Keck Foundation have recognized the positive culture at Fenton Primary Center within the last three years.

Areas of Challenge the School Experienced and How the School Will Improve During the New Charter Term

Over the past five years, the school has experienced significant success and has accomplished the following goals: Moving off the year-round calendar, designing and building a new state-of-the-art facility, implementing the Common Core State Standards in both language arts and math, adopting the 2012 English Language Development Standards, and developing a Reading Intervention program that focuses on core foundational skills which supports classroom instruction.

In order for the school to continue its success, it must set additional goals for the next five years. Through self-reflection, analysis of survey data and expressed needs of key stakeholders, the school has identified three challenges.
1) The first challenge is to improve English learner outcomes. As the school moves forward with the 2012 English Language Development Standards, the teaching staff has made a concerted effort to analyze its targeted instruction for second language learners. All areas of the curriculum are embedded with opportunities to develop oral-language and academic content language. ELD instruction based on the common core curriculum, *Wonders for English Learners*, and review of students’ progress will continue to provide valuable data when addressing the school’s annual measurable objectives.

2) The school will continue to encourage a high level of parent engagement. Parents participate in many school-wide events throughout the year. The school is setting goals to increase parent participation on campus, in workshops and in community events. Parents will continue to be encouraged to sit on the Parent Advocacy Committee and attend the school’s governing councils.

3) The school will continue to implement high-quality professional development for staff. The school plans to focus on the areas that have made the school successful and finding improved methodologies to increase effective instruction. These areas are Explicit Direct Instruction, SDAIE strategies, refining common core lesson development and delivery, and classroom management with a focus on differentiation and high levels of student engagement.

**STUDENT POPULATION TO BE SERVED**

**Grade Levels to be served**

The Fenton Primary Center provides a rigorous, standards-based instructional program for students in transitional kindergarten, kindergarten, first and second grade. Transitional kindergarten will hold a maximum of 60 students and each of the other grade levels will include approximately 250 - 260 students; the capacity of the Charter School will be 840 students. The population mirrors the demographics of the surrounding community of Lake View Terrace and Pacoima.

Preference for enrollment will be given to those students residing in the former geographic attendance area of Fenton Avenue Elementary, with any remaining spaces assigned through a public lottery. All lottery forms must be received by 4:00 p.m. on the last Friday in May of each year, and only one form may be submitted per student. The public lottery will be held at 6:00 p.m. on the second Thursday in June in the Charter School’s multipurpose room.

All transitional kindergarten and kindergarten students will participate in a full-day program beginning on the first day of school. All grades will attend school on an extended calendar of 191 instructional days.

Factors, which are often used to identify “at risk” populations, continue to describe the school’s target population. The Charter School serves a student population that is 91% free and reduced price lunch (FRPL), 92% Hispanic/Latino, 6% African American, 55% English Learner, and 9.8% Special Education. Fenton Primary Center also serves Hope Gardens, the Union Rescue Mission’s interim housing complex for single women and children who are experiencing homelessness.

**Specific Student Educational Interests, Backgrounds, or Challenges**

The school provides a rich learning environment that follows the mission and vision of cultivating a love of learning. All enrolled students are under the age of eight; students at Fenton Primary Center are at a developmental age that requires a strong social and emotional program, along with a rigorous, well-rounded academic curriculum.

The students being served come from high risk, socio-economically disadvantaged backgrounds. Approximately 91% of the families qualify for a free or reduced price meal. As a shared stakeholder in the community, the school provides many resources and supports to its families through a variety of partnerships in the community.

**Family Center**

Prior to charter conversion, Fenton Avenue Elementary School, following the recommendation of the Local District Superintendent, Sarah Coughlin, established a Family Center and hired a part-time Director. The Superintendent encouraged all schools in the northeast San Fernando Valley
to create an educational space for families where parents could participate in learning opportunities while their children were in school. This space was also to become a “one stop shop” for all services that families would need: medical, dental, vision, social services, legal aid, counseling, and all other support necessary to build strong, healthy families.

With the conversion into a charter school, FACS invested in a full-time Family Center Director to expand the program from during the school day to evenings and weekends. Offering workshops to develop English skills, literacy in English and Spanish, prenatal care, nutrition, citizenship, and any services requested by FACS families, by 1994, the Family Center fulfilled the goals established by the Local District Superintendent.

As neighboring schools closed their Family Centers as the focus of the Local District changed, FACS continued to support the needs of the neighborhood, and specifically the families of Lake View Terrace.

The Fenton Family Center Director, Tony Peña, has been a full-time staff member since 1994. Mr. Peña is a life-long community member, and continues to serve on various neighborhood committees to identify resources and assistance for the families of Fenton Avenue Charter School, Fenton Primary Center, Fenton Charter Leadership Academy and Fenton STEM Academy.

The Family Center Director works with various community organizations to schedule classes and workshops for Fenton parents. This person also coordinates fundraising efforts to ensure that the resources to assist families with medical, dental and vision needs are met.

Family Center activities and services for parents and community promote English language acquisition for all members of the family and provide assistance with academic support.

Additionally, the Family Center will continue to provide some on-site health and social services to our students and their families. The Family Center will continue to offer services and classes needed by our community.

**GOALS AND PHILOSOPHY**

**Mission and Vision**

*The mission of the Fenton Primary Center is to cultivate a love of learning by fostering an environment that promotes self-discovery, independence and an awareness of the connectedness between self and others.*

All members of the FPC community are responsible for the school-wide vision:

- The students of FPC will actively seek learning opportunities by working cooperatively, thinking critically, and striving to master rigorous CCSS.
- The students, parents and employees of FPC will collaboratively establish and model the highest standards for student achievement, positive self-esteem, pro-social values, and respect for cultural diversity.
• The employees of FPC will demonstrate their belief in the value of lifelong learning and model the appropriate and desired behaviors and attitudes expected of students.
• The FPC community will work cooperatively and collaboratively to create a child-centered environment that is safe, and free of violence, drugs and fear, in which all partners are empowered by their own sense of ownership and responsibility to the Charter School.
• The FPC community and partners will maintain the highest level of integrity in fiscal management while seeking all available resources and using them effectively to support the instructional program.

Positive Behavioral Interventions and Supports

In 2014, Fenton Primary Center launched the Positive Behavioral Interventions and Supports system-wide framework for creating and maintaining safe and effective learning environments. The purpose of PBIS is to establish a climate in which appropriate behavior is the norm. The outcomes of PBIS are:

• Increase academic achievement and performance
• Decrease classroom disruptions and office discipline referrals
• Improve school climate and safety

Fenton Primary Center has established a site team, identified school-wide positive behavior expectations, and has developed classroom behavioral expectations. The Charter School is in year three of implementation.

An Educated Person of the 21st Century

An educated person of the 21st century is a productive, responsible citizen, who works cooperatively and collaboratively, while maintaining a sense of self-confidence, self-reliance and self-direction. Students demonstrate an awareness and acceptance of social and cultural diversity, are resilient to change, and draw upon a wealth of knowledge, skills and experiences to make sound, rational decisions when dealing with adversity and resolving conflicts. Students are able to utilize digital tools to gather, comprehend, evaluate, analyze, synthesize, and report on information and ideas in order to be ready for life in a technological society.

Fenton Primary Center’s primary focus is on developing well-rounded citizens through its social emotional program and building strong literacy skills with its strong academic program. The Charter School provides state-of-the-art technology and makes it available for all students and is used for a variety of skill developing activities. Students will leave FPC with a strong technology skill level to prepare them for the future.

How Learning Best Occurs

Learning best occurs in a climate conducive to emotional safety and personal relevance. In such an environment, teachers serve as mentors, demonstrating enthusiasm for the subjects they teach, and guiding students to discover a passion for learning.
Charlotte Danielson, in describing the four domains of teaching, defines the second domain, the Classroom Environment, as consisting of the interactions which occur in a classroom. It is this domain, which cultivates a culture of learning and creates a safe place for risk-taking.

“When students remember their teachers years later, it is often for the teacher’s skill in Domain 2. Students recall the warmth and caring their favorite teachers demonstrated, the high expectations for achievement, and the teacher’s commitment to their students. Students feel safe with these teachers and know that they can count on the teachers to be fair and, when necessary, compassionate.

Teachers who excel in Domain 2 consider their students as real people, with interests, concerns, and intellectual potential. In return, the students regard them as concerned and caring adults and entrust the teachers with their futures…These teachers are indisputably in charge, but their students regard them as a special sort of friend, protector, a challenger, someone who will permit no harm.”

*Enhancing Professional Practice: A Framework for Teaching*  
2nd Edition  
Charlotte Danielson, 2007

The Fenton Primary Center staff strives to maintain an emotionally secure environment in which children possess the confidence, stamina and perseverance required to master the challenging academic Common Core State Standards and the intricacies of the English language.

To help promote a school-wide atmosphere in which “learning best occurs,” *Discipline with Dignity*, a behavior management philosophy based on sound educational and psychological principles by Richard L. Curwin and Allen N. Mendler (1999), was used as the basis for the Fenton Primary Center’s discipline and student behavior policy. *Discipline with Dignity* is now in its third publication and continues to provide great advice for our new teaching staff.

Over the past five years, Fenton Primary Center has maintained a strong relationship with Yale University’s School of the 21st Century to implement the Mutt-i-grees™ curriculum. The Mutt-i-grees™ curriculum is an innovative program that builds on children’s affinity for animals and highlights the unique characteristics and desirability of Mutt-i-grees™, or shelter dogs. The curriculum teaches social-emotional skills in the classroom. Through a series of lessons, students learn to develop self- and social awareness, communicate effectively, manage emotions, and display empathy. Students actively engage in lessons that build on humane education and develop critical skills that help them in school, at home, and later on in the workplace.

The FCPS organization has also held workshops for teachers with Rick Morris to refine classroom management and learn about student motivation. The purpose of the workshops is to give the teaching staff classroom management strategies that impact the students’ level of engagement to enhance their learning.

*“Morris is well known for the creativity and enthusiasm he brings to the classroom.”*  

*David Smollar, Los Angeles Times*
**School Goals**

FPC identified 3 primary goals above, which are related to the Charter School’s history and community involvement. In addition, the goal of Fenton Primary Center is to enable all students to become self-motivated, competent and lifelong learners, by addressing all aspects of the child’s development: emotional, social, cognitive, physical and reflective. The school goals place specific emphasis on the development of early literacy and strong English language development. All of these goals are supported by extensive research on brain development and mastery of early reading skills (Maurice J. Elias, et al, 1997; National Reading Panel, 2000 and National Research Council, 1998).

The school’s goals have also been carefully developed to align with the WASC schoolwide learner outcomes. It is critical for the school to align all of its goals from a variety of plans (Charter, LCAP, Single School District Plan, Title III, and WASC) focused on the original vision of the school. Fenton Primary Center has followed its plans and goals from the initial charter in 2007 to the current renewal. During this time, the school’s focus has been to provide a quality education to primary age students, with a focus on improving literacy while also considering the social and emotional level of primary age students. With this, the school’s underlying goals have always considered the performance of all critical subgroups. Most importantly, the school focuses on the development of the English learner population and the developmental needs of the students it serves.

**Schoolwide Learner Outcomes**

The *Schoolwide Learner Outcomes* ("SLO") identify the skills, knowledge and competencies expected of all students enrolled in Fenton Charter Public Schools. The *Schoolwide Learner Outcomes* are aligned with the specific goals set forth in the Fenton Primary Center charter petition and were designed with input from parents, community and staff.

**Charter Goal 1:** Students will strive to master the rigorous academic content of the Common Core State Standards and Next Generation Science Standards, and the CA state science content standards while transitioning to NGSS, and think critically and reflectively about their academic success, accepting personal responsibility for improvement.

**SLO 1:** Every Fenton Primary Center student will be an academic achiever:

- Read, comprehend, and effectively communicate ideas, opinions and information orally and in writing.
- Demonstrate mathematical, logical and reasoning skills and apply those skills in a variety of contexts.

**SLO 2:** Every Fenton Primary Center student will be a self-directed learner:

- Exhibit good study habits that include regular and punctual school attendance and effective time management to accomplish tasks.

**Chart Goal 3:** Students will master English language skills to fully access all educational, social, cultural and employment opportunities of mainstream society.

### INSTRUCTIONAL DESIGN
Teachers, not curriculum, have the greatest impact on student achievement. In a report on “The Real Value of Teachers,” the Education Trust cites a study by W.L. Sanders and J.C. Rivers (1996), which indicates that:

“So large was the impact of teachers on student learning that it exceeded any one thing about the students themselves…teacher effectiveness is the ‘single biggest factor influencing gains in achievement,’ an influence bigger than race, poverty, parent’s education, or any of the other factors that are often thought to doom children to failure.”

The Fenton Primary Center recognizes the critical role teachers play in determining a student’s success or failure, and will continue to focus on implementing the rigorous CCSS with direct instruction as the primary instructional approach. Although small group and individualized instruction are also utilized, direct instruction, and the specific methodologies associated with direct instruction, defines the instructional practice of the Charter School.

To refine and align the instructional practice of the entire teaching staff, Data Works, an educational research group, has worked with teachers and partnered with FPC for over ten years to implement and refine its “Explicit Direct Instruction” (“EDI”) methodology. The Charter School has allowed teachers to become trainers (experts on EDI) that help model and train new teachers yearly. EDI places significant emphasis on the consistent incorporation of Specially Designed Academic Instruction in English (“SDAIE”) and cognitive strategies, while recent studies in brain research inform all aspects of the approach. The EDI approach places emphasis on constantly checking for understanding, while echoing student responses and allowing enough wait time for students to respond, which in turn, effectively helps our large population of English learners. Lead Teachers and other selected staff members have been trained in EDI classroom coaching techniques, which includes lesson plan development, classroom observation and feedback. Research supports the use of an explicit instructional methodology, particularly with student groups similar in demographics to the students attending the Fenton Primary Center:

“A traditional approach makes clear to the student what the objectives are and specifies the various learning tasks to be mastered in an increasing order of difficulty. Because of this explicitness, it is of particular benefit to those who are less well prepared.”

*The Academic Achievement Challenge: What Really Works in the Classroom*, 2000

Jeanne Chall

The consistent implementation of a specific instructional delivery system, regular classroom observations, and coaching by Lead Teachers and other selected staff, ensure the continued emphasis on standards for teaching. *Enhancing Professional Practice: A Framework for Teaching* serves as the foundation of the teacher evaluation system. A clear and well-articulated description of thoughtful lesson planning and implementation continues to be in place by utilizing both the EDI coaching matrix, Robert Marzano’s Observation and Feedback Protocol, and the rubric for effective teaching practices from *Enhancing Professional Practice: A Framework for Teaching.*
Fenton Primary Center’s quality instructional design is based on the high quality teaching staff. Teachers make the acquisition of knowledge and skill more efficient, effective, and appealing. The entire staff collaborates to address the needs of the students and share effective teaching strategies. The school prides itself on the recruitment and strenuous process of hiring new staff. The school creates hiring committees annually that focus on the needs based on the mission and vision of the school.

**English-Language Arts (core):**

The McGraw-Hill Education publication, *Reading Wonders*, was adopted in the spring of 2014 as the schoolwide language arts series. It has been implemented in all grades since August 2014. *Reading Wonders* is a comprehensive reading/language arts/English language development program, which integrates instruction in all areas of the discipline, while incorporating high quality literature, coupled with explicit instruction and ample practice.

**English Language Development (core):**

Fenton Primary Center has adopted McGraw Hill’s *California Wonders for English Learners*. The program was written for California students and is built on the CCSS for ELA/Literacy. The program focuses on accelerating English language development with language supports that emphasize oral language development, comprehension, text structure, vocabulary and foundational skills. Designated instructional time is incorporated into the instructional day to focus on the needs of EL students. Teachers utilize the results of the CELDT to develop lessons that capitalize on the strengths of each student. Proficiency level descriptors are used to group students and ensure proper instructional placement.

Fenton Primary Center complies with state and federal laws, which require districts to regularly review data to monitor reclassified students’ progress, notify parents of their child’s ongoing progress after reclassifying, and review academic performance in the mainstream program for a minimum of two years. Progress monitoring forms are placed in the student’s cumulative record and annual monitoring of student placement is reviewed.
**Mathematics (core):**

*My Math,* published by McGraw Hill Education, is the schoolwide mathematics series and has been implemented in all grades since August 2015. The series utilizes hands-on activities to introduce new concepts with rich mathematical conversations actively engaging students in the learning process, while concepts are developed, reviewed and practiced over time. Students move from the concrete to the pictorial to the abstract, as opportunities for connections across mathematical strands are presented daily through mixed practice. The series is aligned with the Common Core State Standards for mathematics.

Site-licensed software, *ConnectED from McGraw Hill Education*, and accompanying software and teacher-designed computer activities, continue to enhance and improve students’ understanding by providing individualized activities to reinforce skills and concepts, and foster deeper language arts, English language development and mathematical learning.

**History-Social Science (core):**

The History-Social Science curriculum is based on the Content Standards for California Public Schools. FPC will continue to utilize the 2006 adoption *Reflections* by Harcourt School Publishers to implement the course of study for each grade level:

- Kindergarten: *Learning and Working Now and Long Ago*
- First Grade: *A Child’s Place in Time and Space*
- Second Grade: *People Who Make a Difference*

This series introduces the basic concepts of each discipline (history, geography, civics and economics) and weaves historical and social sciences’ analysis skills into content instruction, while technology-based resources provide individualized student access to biographies, original documents, diaries, letters, legends, speeches, and other narrative artifacts, which foster deeper student understanding of historical events as recommended by the *History-Social Science Framework*.

**Science (core):**

As hands-on and experiential learning are critical aspects of Fenton Primary Center’s instructional program, the natural environment of Fenton Primary Center site will continue to serve as a major focal point of scientific investigation. Students observe and explore their immediate surroundings, and predict how their actions affect the future. The Scott Foresman publication, *California Science*, serves as the central program, with supplemental lessons created by classroom teachers in transitional kindergarten through 2nd grade.

**The following curricular areas are not defined as core courses:**

**Visual and Performing Arts (non-core):**
FPC’s visual and performing arts program is based on a sequential introduction of the California State Content Standards for the Visual and Performing Arts:

1.0 Artistic Perception  
2.0 Creative Expression  
3.0 Historical and Cultural Context  
4.0 Aesthetic Valuing  
5.0 Connections, Relationships, Applications

The visual arts will continue to be integrated with all other curricular and content areas in all grades.

- English language development is a focal point as students are given the opportunity to discuss their shared art experiences with each other.
- Elements of art can be observed in every day instructional activities.
- Age-appropriate projects, which incorporate correct use of materials, introduction of various art techniques and media, are explored extensively at these grade levels.
- All students participate in at least one performance for parents, which incorporates visual and/or performing arts.

The key disciplines of visual arts and music are addressed through weekly instruction provided by a part-time visual arts teacher and music teacher. Lessons focus on the Common Core State Standards and are sequenced to correlate with language arts, history/social science, and science units.

Reflecting FPC’s belief in “how learning best occurs,” the Charter School has committed resources to implement an ongoing visual and performing arts curriculum.

“Because art often has emotional content, it can enhance student understanding of emotions and how to express them in safe and appropriate ways.”

Promoting Social and Emotional Learning  
Maurice J. Elias, 1997

**Physical Education (Psychomotor) (non-core):**
Using the Physical Education Model Content Standards for California Public Schools as the basis of instruction, physical education is scheduled for all grade levels to include 200 minutes of physical education every ten school days as per state guidelines. Specific skills and activities are planned by teachers, supervised by administrators, and implemented by paraprofessionals.

**Technology (non-core)**
The Fenton Primary Center is committed to the vision of the original multimedia director of Fenton Avenue Charter School and his belief that technology could “level the playing field” for the Charter School’s highly diverse student population:
“In becoming a charter school, we envisioned a day when every student and teacher would have a computer at their desk, not as a single-minded solution to education’s structural ills, but as a facilitating tool integral to effective educational reform. We know technology alone cannot teach a child to read, write, or compute. Technology can, however, deliver the individualized hands-on/minds-on help each child needs to become a stronger partner in her/his own mental development.”

Doug Bean (1943-1999)
Classroom Teacher and Multimedia Director, FACS, May 1999

Rather than a subject in and of itself, learning to use technology can best be accomplished as a direct result of effective academic instruction. As students research, investigate and explore the vast array of technology tools provided in the classrooms, students become highly proficient, comfortable, and confident in their effective use of these tools. The Fenton Primary Center staff continues to explore how to best integrate technology use in the classroom. The staff has explored how to best integrate technology use in the classroom, and has discovered that a systematic, step-by-step program is the least effective practice for encouraging confident, competent technology use. To more clearly align and integrate students’ use of technology with content instruction and learning, in 2009, the Fenton Primary Center adopted Dr. Ruben R. Puente’s model for enhancing technology integration. The model identifies a hierarchy of technology integration, which moves technology use from enhancement to transformation. To move from the lowest to the highest level of integration, technology utilization is viewed in four stages:

<table>
<thead>
<tr>
<th>Transformation</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Redefinition</strong></td>
<td>Technology allows for creation of new tasks previously inconceivable. Tools are used for the visualization of narrative and structural aspects of text such as the use of QR Technology, PowerPoint or Keynote, and Garage Band to record and then present a visual representation of a student’s reading fluency.</td>
</tr>
<tr>
<td><strong>Modification</strong></td>
<td>Technology allows for significant task redesign. Textual, visual and audio tools for construction of shared knowledge such as the use of a video camera to record a dialogue between students as they describe an experiment and their collective findings.</td>
</tr>
<tr>
<td><strong>Augmentation</strong></td>
<td>Technology acts as a direct tool substitute, with functional improvement. Istation provides adaptive instruction in regards to their level of mastery for Language Arts. RAZKids is used specifically to improve fluency, Starfall is used as a basic review of phonics, Xtra math provides adaptive instruction for Mathematics. McGraw-Hill ConnectEd online student component is a digital resource used to support strong literacy foundations and access to complex texts.</td>
</tr>
<tr>
<td><strong>Substitution</strong></td>
<td>Technology acts as direct tool substitute, with no functional change. The guided reading books from the RazKids website act as a substitution. The school also uses BrainPop and BrainPopJr to deliver follow-up lessons or review of taught material.</td>
</tr>
</tbody>
</table>

ENHANCEMENT
Viewing the use of technology through the lens of this hierarchy, students become independent learners, producing and directing the projects that showcase their work.

Furthermore, the Charter School’s rich technology will build confidence in all children. When students culminate to 3rd grade, they will be prepared with the technology tools they will need to allow them to be successful when taking the CAASPP assessments.

At Fenton Primary Center students begin to take online assessments beginning the first semester of 1st grade. NWEA MAP provides the assessments. This provides additional practice for students to prepare for rigorous online testing in their future.

**Other Areas of Study**

As stated above, Fenton Primary Center has maintained a strong relationship with Yale University’s School of the 21st Century to implement the Mutt-i-grees™ curriculum. The Mutt-i-grees™ curriculum is an innovative program that builds on children’s affinity for animals and highlights the unique characteristics and desirability of Mutt-i-grees™, or shelter dogs. The curriculum teaches social-emotional skills in the classroom through a series of developmentally appropriate lessons. Students learn to develop self- and social awareness, communicate effectively, manage emotions and display empathy. Additionally, the curriculum bridges the domains of humane education, emotional intelligence, and social emotional learning. The unique focus on dogs provides an engaging context within which children learn about empathy and social responsibility.

As a primary center, the school recognizes the importance of teaching these skills at an early age. Explicit and shared practices of the Mutt-i-grees™ program have helped create a positive school climate whereby teachers, students, and staff have made a conscience decision to commit to social and emotional learning (SEL) as a schoolwide initiative. Throughout the year, activities that focus on shelter animals and pets in need, are planned and implemented. Extending the program beyond the classroom provides students with additional opportunities to refine and apply various SEL skills.

**Instructional Methodologies/Curriculum and How They Support the Implementation of CCSS**

Fenton Primary Center utilizes a variety of research-based methods and strategies to help deliver the instructional program for all students. With a majority student population of English Learners, the instructional program emphasizes hands-on activities to build experiential background, receptive and expressive vocabulary, and oral fluency and comprehension in English. These are all critical for the mastery of the challenging requirements of the Common Core State Standards.

“The relationship between vocabulary knowledge and academic achievement is well established. As early as 1941, researchers estimated that for students in grades 4 through 12, a 6,000-word gap separated students at the 25th and 50th percentiles on standardized tests (Nagy and Herman, 1984). Using a more advanced method of calculating vocabulary size, Nagy and Herman estimated the
difference to be anywhere from 4,500 to 5,400 words for low- versus high-achieving students.”

*Building Background Knowledge for Academic Achievement*
Robert Marzano, 2004

The Common Core State Standards will continue to define the skills, knowledge and abilities students are expected to master. The core subjects at Fenton Primary Center are English language arts, mathematics, history-social science and science. Current state adopted textbooks and materials, and other supplementary resources, establish the scope and sequence for each of the following curricular areas.

**Thinking Maps**

Fenton Primary Center has adopted and implemented the usage of *Thinking Maps* school-wide. *Thinking Maps* are eight essential thought processes defined and illustrated by graphic representations. With the implementation of *Thinking Maps*, Fenton Primary Center teachers are providing students with the fundamental skills and tools necessary to be self-directed learners and independent thinkers.

*Thinking Maps* promote “equity of access to and explicit teaching of higher order thinking tools for every child and every adult on the journey to lifelong learning.”

*Thinking Maps: A Language for Learning*  
Dr. David Hyerle

Fenton Primary Center has trained the entire staff on the proper usage and implementation of *Thinking Maps* and has classroom teachers who are fully trained as Trainer of Trainers by *Thinking Maps, Inc.*
Explicit Direct Instruction

The EDI approach places emphasis on constantly checking for understanding, while echoing student responses and allowing enough wait time for students to respond, which in turn, effectively helps our large population of English learners. Lead Teachers and other selected staff members have been trained in EDI classroom coaching techniques, which includes lesson plan development, classroom observation and feedback. Research supports the use of an explicit instructional methodology, particularly with student groups similar in demographics to the students attending the Fenton Primary Center.

Specially Designed Academic Instruction in English (SDAIE)

SDAIE is a teaching approach in which teachers plan instruction so that English learners can acquire grade-level content and academic competencies to gain English language. Teachers utilize visuals, cognates, realia, graphic organizers, gestures, facial expressions, pair-shares and many other hands-on activities to ensure that all learners can access the rigorous academic program.

Orton-Gillingham Multi-Sensory Methodology

The Orton-Gillingham approach supports reading through direct instruction of phonics-based strategies utilizing multisensory, structured and sequential methods. Orton-Gillingham focuses on three learning modalities: visual, auditory and kinesthetic. The flexibility of implementation has allowed the Orton-Gillingham methodology to be easily adapted into our current ELA and ELD programs.

Response to Intervention (RTI)

Response to Intervention is a multi-level approach used to identify struggling students and support their learning and behavioral needs through intervention strategies. Teachers utilize assessments and observations to ascertain, early on, which students require additional support. Research-based intervention strategies are used to meet student needs, and progress monitoring helps teachers adapt the strategies used to support student achievement.

TRANSITIONAL KINDERGARTEN

What is Transitional Kindergarten (TK)?

Transitional kindergarten (“TK”) is the first year of a two-year kindergarten program designed for students who turn 5 years old between September 2\textsuperscript{nd} and December 2\textsuperscript{nd}. The Transitional Kindergarten program builds a bridge between early learning years and kindergarten. It gives children an opportunity to learn important academic and social skills in a hands-on way that supports their development prior to kindergarten.

Fenton Primary Center will have three TK classrooms with a capacity of 20 students in each classroom. The TK program will follow a full day schedule from 7:50 a.m. to 1:45 p.m. daily for 184 days. Transitional Kindergarten students will have a separate morning recess schedule, but will follow the lunch schedule with Kindergarten students.
**Instructional Program**
The instructional program for transitional kindergarten is a modified kindergarten curriculum with emphasis on developmentally appropriate lessons, foundational language and literacy. Assessments, along with teacher observations, will be used to measure progress of student academic and social growth throughout the year. Teachers will use assessment and observation results to guide instruction and meet the needs of all children.

The transitional kindergarten language arts curriculum is developed by using a combination of modified state adopted programs *World of Wonders* and *Reading Wonders* published by McGraw Hill. These programs also have thematically integrated the social studies and science state standards for transitional kindergarten.

Modifying the state adopted program *My Math*, a kindergarten program, published by McGraw Hill, creates the transitional kindergarten mathematics curriculum.

The social-emotional curriculum will be based on *Mutt-i-grees™* lessons, which follow the resiliency model and promote compassion and critical life skills. This is the foundation of the transitional kindergarten classroom management.

Transitional kindergarten students will participate in 80 minutes a week of structured *Psychomotor* or physical education using *Spark* trained personnel.

An extremely important component of a quality TK program involves the outdoor learning environment. The TK classroom schedule will include a minimum of 1.5 hours per day in the outdoor environment, weather permitting. This outdoor learning time includes recess, lunch and physical education. The outdoor learning time will include planned learning activities led by the teacher and/or classroom aide.

Fenton Primary Center evaluates the TK instructional program annually and implements any necessary changes that will make the TK program more successful.

**Parent Involvement**
Parent involvement is not mandatory, but communication between home and school is essential in helping children succeed academically. Teachers will schedule a minimum of 2 meetings a year with parents to discuss student progress and provide updates regarding the TK program.

**Staffing Qualifications**
Fenton Primary Center’s TK classrooms, as mandated in statute, are staffed by credentialed teachers authorized in general education instruction in self-contained classrooms for all grade levels including transitional kindergarten. Additionally, classrooms with children identified as English learners will be staffed by teachers who are qualified to deliver English learner instructional services. Qualifications include possession of the Cross-cultural, Language, and Academic Development (“CLAD”) certificate, which authorizes a person to teach English Language Development and SDAIE. Fenton Charter Public Schools is currently working on a board approved policy to address the requirement of child development units for those teachers.

PROFESSIONAL DEVELOPMENT

Teacher Recruitment

Fenton Primary Center has established well-defined policies and practices in order to employ personnel who will promote and implement the mission, vision and goals of the charter. The FCPS Board of Directors determines the qualifications and job descriptions for all positions to ensure that applicants can fulfill Fenton Primary Center’s goals and expectations.

A recruitment committee, consisting of teachers, administrators and other certificated staff, participates in job fairs sponsored by colleges, universities and organizations such as the California Charter Schools Association, to screen and recommend teacher candidates for hire at Fenton Primary Center. An interview committee, separate from the recruitment committee, but also consisting of teachers, administrators, other certificated and classified staff, interview candidates and invite selected candidates back to present lessons in core subject areas. Candidates are observed by this same committee and recommended for hire to the Board of Directors.

Fenton Primary Center selects its own staff and makes recommendations to Fenton Charter Public Schools Board, which is deemed the exclusive public employer of its employees for the purposes of the Educational Employment Relations Act (“EERA”), for hiring. The selection procedure does not discriminate on the basis of affiliations, political or religious acts or opinion, race, national origin, ancestry, gender, actual or perceived sexual orientation, marital status, disability or age or any protected class. Staff racial-ethnic balance continues to comply with federal laws requiring that no teaching staff be identified as intended for students of a particular race, color or national origin. The FCPS Code of Ethics applies to all staff, full and part-time.

Professional Development

All professional development days focus on the mission of the Charter School. FPC’s mission statement defines the vision and direction of the Charter School:

*The mission of the Fenton Primary Center is to build a foundation for academic and social success for all students through a language-rich learning environment where hands-on experiences and research-based strategies come together.*

Professional development activities are scheduled mostly on Wednesdays and all programs and school-wide initiatives are implemented with ongoing support from vendors and consultants. A trainer-of-trainers model is used to make the most effective use of resources with Lead Teachers and trained veteran teachers serving as the trainers and mentors.

Seven full days of professional development for all certificated staff are scheduled yearly. Coordinating activities with FPC’s affiliate schools makes the most efficient use of resources and staff development activities. The Instruction Committee, an advisory committee of the Charter School, reports to the FCPS Board of Directors, and makes recommendations on the focus of professional development activities.
MEETING THE NEEDS OF ALL STUDENTS

ENGLISH LEARNERS

Fenton Primary Center will meet all applicable legal requirements for English Learners (“EL”) as they pertain to annual notification to parents, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, re-classification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. The Charter School will implement policies to assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents.

The following is Fenton Primary Center’s EL Master Plan that answers the items above:

How students who are English Learners will have their needs identified?

Fenton Primary Center will meet all applicable legal requirements for English Learners (“EL”) as they pertain to annual notification to parents, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, re-classification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. The Charter School will implement policies to assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents.

FPC will use Illuminate Education to collect, report, analyze, and interpret monthly data regarding ELs’ linguistic progress. Illuminate allows administrators and teachers to analyze EL student achievement on CELDT and the English Language Development Retell Assessment (“ELDRA”). ELDRA will be utilized to monitor ongoing progress and identify students needing additional assistance and support. Teachers will use ELDRA results to improve instruction and guide English Learners based on the specific rubrics used in scoring the assessment. ELDRA will be administered twice a year for grades K, 1, and 2. Individual ELD Portfolios will be maintained for each identified student. The portfolio will hold annual CELDT scores reports along with ELDRA results and writing samples.

FPC continues to phase in the new California English Language Development (ELD) Standards and transition to full implementation by the 2016-2017 school year. As of date, the school continues to provide professional development in the areas of integrated and designated ELD instruction and focuses on alignment of content curriculum and instructional practices that help move students towards successful mastery of the English Language. Fenton Primary Center awaits the full implementation of the ELPAC (English Language Proficiency Assessment for California).

English Learners will have their needs identified and addressed through a variety of programs and activities:

- Initial identification is made through the Home Language Survey completed with all enrollment applications and by cross-referencing CALPADS.
- Initial Assessment: Students whose home language is a language other than English are assessed using the CELDT within 30 calendar days after being first enrolled, or within 60 calendar days before the date of enrollment in a California school.
• **Annual Assessment**: English Learners are tested once a year, during the AA window, to measure their progress in learning English until they are reclassified as fluent English proficient (“RFEP”).

• **Reclassified Fluent English Proficient**: Students reclassified to fluent-English proficient will be monitored for a minimum of two years following the year of reclassification.

• CELDT results are received and distributed by the end of January to help facilitate instruction the second half of the school year.

• The ELD component of the *Reading Wonders* language arts program is and will continue to be implemented in all classrooms with enhancements such as Thinking Maps, Retelling and Picture Walks and Explicit Direct Instruction. *Reading Wonders ELD* promotes effective strategies for English language acquisition and provides an avenue to monitor English Learners’ progress.

• The English Language Retell Assessment (ELDRA), designed to provide teachers with a curriculum-embedded formative assessment, is given twice a year (beginning and middle for first and second grade and middle and end for kindergarten) by teachers, and progress is reported on the EL folder in the cumulative record.

---

**What services will be offered for students who are English Learners?**

With 55% of the student population identified as English Learners, FPC has committed its resources to ensure that all students learn to listen, speak, read and write English. As described above, support and assistance will be provided through a variety of programs and activities:

• Multiple computers in all classrooms provide access to a variety of on-line resources (discovered by Lead Teacher and grade level teams) that specifically address gaps in English Language Development (*Istation* and other developmentally appropriate online resources).

• *Thinking Maps* and Explicit Direct Instruction strategies are implemented across the curriculum.

• English Language Development blocks of 30-40 minutes of designated ELD instruction is provided for all students who are identified by CELDT to ensure ELD instruction targets the needs of specific EL students.

• During English Language Development blocks, English Learners are grouped with no more than 2 ELD Levels such that teachers can provide targeted assistance.

• Teachers use SDAIE strategies and realia to scaffold lessons and provide instructional support to all English Learners.

• Teachers use various techniques such as revoicing, paraphrasing, restating and clarifying to help model oral language for English Learners.

• Designated intervention time is provided for students who are struggling with English acquisition (as needed).

• The part-time music teacher services all grades and provides a different avenue for English language acquisition.

• Bilingual paraprofessionals provide instructional support.

• A reading intervention lab, with a full-time reading specialist and three part-time assistants, is available for students struggling in basic reading skills. The specialist creates a schedule with targeted intervention lessons for students.
How, where and by whom will the services be provided?

ELD instruction will be implemented daily through explicit direct instruction and by using Specially Designed Academic Instruction in English (SDAIE) strategies. Both these research based approaches ensure students are able to access core content and maintain the highest levels of engagement. Utilizing norms of engagement combines listening, speaking, reading, and thinking skills into every lesson. Additionally, FPC will employ the following tools and strategies to deliver a high quality ELD instructional program:

_Istation Reading_ is an online interactive individualized reading program that maximizes growth for English Learners, at risk students, and students with disabilities in grades K-2. All students have access to Istation in the classroom and students use it regularly. Teachers use the data to monitor progress and adjust instruction.

_Think/Pair Shares_ provide students the opportunity to talk with one another about what they learned. This strategy helps to unleash critical thinking and practice academic language modeled by their teacher. Think/Pair Shares provide students the opportunity to show they know what has been taught. Too often English Learners are not provided with enough academic talking time in class. Given our high number of English Learners, this is a part of the daily teaching strategies, which allows students to practice using academic language.

_Graphic Representations_ help children conceptualize abstract concepts into a concrete format. Other graphic representations include Venn diagrams, T-Charts, mental pictures, concept mapping, webs, drawing pictures, and the use of colors and visuals.

_Think Alouds_ help students think through a problem. Children often struggle with thinking through problems. This metacognitive approach helps students attack a difficult concept by listening to how their teacher thinks through solving a problem or conceptualizing a task. Students’ benefit from modeling to learn the procedural steps in how to think through a task.

_Thinking Maps_ have proven to be an essential tool not only for the organization of the thinking process, but as a vocabulary acquisition tool. FPC uses Thinking Maps across all content areas to facilitate oral language and vocabulary development, concept understanding, reading comprehension, word analysis, and a deeper understanding of the English grammatical structure, as demonstrated in standardized tests and written assessments.

_Educational Software for Guiding Instruction (“ESGI”)_ is used to monitor and assess the progress of all English learners in kindergarten and first grade. The lead teacher of each grade creates assessments with guidance from the adopted curriculum. Assessments are focused on foundational skills in reading.

Ongoing professional development will be provided for all language arts and English language development programs. FPC has designated staff members who have joined the _English Language Arts and English Language Development (“ELA/ELD”) Framework Support Network._
All services will be provided within the Fenton Primary Center facilities. Services will be provided in classrooms, computer labs, and open spaces that provide a learning environment. Teachers and teacher assistants will provide services.

**How the program for students who are English Learners will be evaluated each year and how results of this evaluation will be used to improve those services?**

The Instruction Committee, an advisory committee that reports to the Board of Directors, will continue to analyze and evaluate our English Learner program at regularly scheduled monthly meetings. Feedback will be provided at least once a year to the Board of Directors.

The Director, Assistant Director and Lead Teachers will monitor the progress of English Learners. Lead Teachers will provide feedback to and from their respective grade levels. Positive, as well as negative results, will be shared by Lead Teachers and evaluated by the Instruction Committee to determine the specific causes for upward and downward trends. Action will be taken to modify or revise current English Learner instructional practices as necessary.

**Home Language Survey**

The Charter School will administer the home language survey upon a student’s initial enrollment into the Charter School (on enrollment forms). This survey is identical to the one used by LAUSD in its enrolment packet.

**CELDT/ELPAC Testing**

All students who indicate that their home language is other than English will be CELDT tested within thirty days of initial enrollment and at least annually thereafter between first day of school and October 31st or as defined by the state until re-designated as fluent English proficient.

The Charter School will notify all parents of its responsibility for CELDT testing and of CELDT results within thirty days of receiving results from the publisher. The CELDT shall be used to fulfill the requirements under the Elementary and Secondary Education Act for annual English proficiency testing.

All references in the charter petition to the CELDT will be understood by the Charter School and the District to mean the English Language Proficiency Assessments for California (“ELPAC”), when it replaces the CELDT.

**Reclassification Procedures**

Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

- Assessment of language proficiency using an objective assessment instrument including, but not limited to, the California English Language Development Test or CELDT. To reclassify a student must receive an overall score of 4 or 5 on the CELDT.

---

1 The thirty-day requirement applies to students who are entering a California public school for the first time or for students who have not yet been CELDT tested. All other students who have indicated a home language other than English will continue with annual CELDT testing based upon the date last tested at the prior school of enrollment.
Participation of the pupil’s classroom teacher, and any other certificated staff with direct responsibility for teaching or placement decisions of the student is needed to evaluate the pupil’s curriculum mastery. To reclassify a student must receive an average score of 2.5 in language arts according to the report card or progress report at the time of possible reclassification.

Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process. To reclassify a student must parent signature of approval.

Comparison of student performance in basic skills against an empirically established range of performance in basic skills based on the performance of English proficient students of the same age.

FPC teachers utilize ELDRA, English Language Development Retell Assessment, to measure progress in the areas of: comprehension, oral fluency, vocabulary, writing, and grammar usage. This assessment is currently being revised and school staff is working on a new assessment with completion by Spring 2017.

Strategies for English Learner Instruction and Intervention
With 52% of the student population identified as English Learners, the Fenton Primary Center will continue to commit the resources necessary to ensure that all students learn to speak, read and write English. Support and assistance are provided through a variety of programs and activities:

- Bilingual paraprofessionals provide instructional support for students and translation for parent conferences.
- Education workshops are provided for parents of kindergarten students that model and teach effective strategies to foster phonemic awareness, phonics, and blending.
- Multiple computers in all classrooms provide access to a variety of resources.
- The ELD component of the Reading Wonders language arts program in all classrooms promotes effective strategies for English language acquisition.
- Intervention classes scheduled during vacation periods and after school* tutoring will provide supplementary English instruction (if budget permits).
- Isolated intervention time is provided for students who are struggling with English acquisition.
- The part-time music and art teachers service all grades and provide a different avenue for English language acquisition with a focus on the arts in transitional kindergarten and kindergarten.
- The Fenton Family Center (located on the campus of Fenton Avenue Charter School) provides activities and services for parents including English language acquisition support.
- The Fenton Family Center support staff and teachers offer parent evening informational meetings on topics such as language acquisition, basic language skills, and phonics.
Monitoring and Evaluation of Program Effectiveness

The Charter School evaluates the effectiveness of its education program for ELs by:

- Adhering to Charter School-adopted academic benchmarks by language proficiency level and years in program to determine adequate yearly progress.
- Monitoring teacher qualifications and the use of appropriate instructional strategies based on program design.
- Monitoring student identification and placement.
- Monitoring parental program choice options.
- Monitoring availability of adequate resources.

The Charter School monitors the progress of ELs using ELDRA and Illuminate Education to collect, report, analyze, and interpret monthly data regarding ELs’ linguistic progress. Illuminate allows administrators and teachers to analyze EL student achievement on CELDT and the English Language Development Retell Assessment (“ELDRA”). ELDRA will be utilized to monitor ongoing progress and identify students needing additional assistance and support. Teachers will use ELDRA results to improve instruction and guide English Learners based on the specific rubrics used in scoring the assessment. ELDRA will be administered twice a year for grades K, 1, and 2. Individual ELD Portfolios will be maintained for each identified student. The portfolio will hold annual CELDT scores reports along with ELDRA results and writing samples.

RFEP students are monitored using teacher input and assessment data on Illuminate Education. Data is collected, analyzed, and interpreted monthly with progress reports. These progress reports are based on student achievement on test provided by the curriculum Reading Wonders. Student progress is analyzed and intervention is provided as needed (see intervention process on page 27 and strategies on page 67).

The Charter School does not need to address LTELs as the school is a TK – 2nd grade school. The longest the school could have an EL is three years.

Gifted and Talented and Students Achieving Above Grade Level

Fenton Primary Center identifies GATE students in 2nd grade by assessing them using a contracted LAUSD psychologist who is trained to assess students using the district protocol and guidelines. Because of the testing timeline, students are usually identified at the end of the school year.

Fenton Primary Center identifies high achieving students using internal assessments and report cards. Every aspect of a well-rounded child is addressed and the Charter School strives to develop
educational opportunities for all its students. The Charter School will continue to implement a variety of strategies to identify and support high achieving students:

- Visual art and music specialists during and after school
- Science, Technology, Engineering, Arts, and Mathematics ("STEAM") supplemental education for select students which provides high interest and academic rigor
- Multiple computers in all classrooms
- Fenton Charter Public Schools contracts with LAUSD to assess and identify students for the GATE program
- Team teaching and collaboration to support differentiated instruction
- Supplementary enrichment materials for core subjects
- Allow for leadership opportunities by participating in various school functions

High achieving students are identified through a multifaceted approach utilizing summative and formative classroom assessments, teacher observations, and parent input.

High achieving students are identified and monitored by the teacher through a multifaceted approach utilizing summative and formative classroom assessments, teacher observations, parent input, and performance on internal assessments. The teacher, at the classroom award assembly, recognizes students monthly. Students are given an achievement or academic award. Students are identified on cumulative records as high achieving with the teacher’s comments. These comments are also shared from current to receiving teacher as the child moves grades.

**STUDENTS ACHIEVING BELOW GRADE LEVEL**

Students who are at-risk of retention, who have been retained or who are achieving below grade level receive additional support through priority placement in intervention classes scheduled during the day; attend classes during vacation periods, and participate in after school tutoring programs. Academically low achieving students are identified through a multifaceted approach utilizing summative and formative classroom assessments, teacher observations, parent input, and performance on standardized assessments. Additionally, students receive assistance and are monitored through participation in the following activities:

- COST (Coordination of Services Team) meetings to discuss specific strategies that will target the student’s weakness and a plan to implement is also written. Students are give 4-8 weeks to show growth while strategies are implemented. A second COST meeting is scheduled to discuss the progress made or not.
- Intervention program coordinated by a reading intervention specialist is given to those students who have had a COST meeting and need support outside the classroom.
- Individualized assistance from trained paraprofessionals for students that benefit from repetition of basic skills or minimal support.
- Parent workshops to support home-school activities and communication
• Multiple computers in all classrooms provide extra opportunities for students to practice and learn from adaptive reading and math programs. The school currently uses iStation, Xtra Math, RAZKids, and Starfall.
• Parent volunteers help monitor and prepare projects
• Small group and individualized instruction in all classrooms
• Behavioral and Academic Student Study Teams are for students who are struggling and need additional supports then those listed above. For academic needs we include our teacher specialists, psychologist, counselor, teacher, and parents are invited to attend. A recommendation may be given to assess the student for special education.
• Istation assessment measures
• Supplementary materials aligned with core programs for use in intersession and after school programs
• NWEA Map assessments

SOCIO-ECONOMICALLY DISADVANTAGED/Low INCOME STUDENTS

The Fenton Primary Center adheres to the regulations of the reauthorization of the Elementary and Secondary Education Act, Every Student Succeeds Act, and utilizes funding and other resources to enhance the Targeted Assistance Title I program by providing:

• An average class size of 24 students in all grades
• A combination of differentiated instruction and direct instruction in all classrooms
• A Coordination of Services Team, which meets regularly to discuss students who are struggling and creates a plan, is created using specific strategies to target the student’s needs
• Intervention time outside the classroom is provided for kindergarten students who are struggling with language arts run by trained paraprofessionals
• The services of an elementary counselor, school psychologist and speech and language therapist
• Field trips aligned to specific areas of study
• Multiple computers in all classrooms (currently 3:1 ratio)
• Latest technology available to all students
• Paraprofessionals to provide individualized and small group assistance
• After school tutoring for selected students in an afterschool program
• An extended school year (184-day calendar for students and 7 additional PD days for staff)
• The Mutt-i-grees social/emotional learning curriculum adopted school-wide

• Supplementary materials and resources in all classrooms (manipulative materials, software in all core subjects, classroom libraries)

Fenton Primary Center will identify students who are socio-economically disadvantaged using a variety of items. First, students will be identified as being eligible for free or reduced price meals,
using a *Meal Application* or *Income Verification Form*, following federal and state guidelines. Second, the school has access to direct certification from the state for students who are currently receiving government assistance. Finally, families who are homeless or living in a shelter and are willing to fill out a verification form, will be considered as socio-economically disadvantaged. The school currently partners with Hope Gardens, a homeless shelter provided by Union Rescue Mission.

The Charter School will provide the following supports for socio-economically disadvantaged students:

- Family Center with a variety of resources
- Partnership with Hope Gardens Homeless Shelter
- Full-time counselor and Psychologist
- Partnership with Child Family Guidance Center (“CFGC”) for additional mental health support as well as family support
- Full-time nurse and nurse’s aide to provide parents with additional support
- Full-time Reading Intervention Specialist for those students who need intervention
- Full-time Administrative Coordinator who helps implement PBIS
- Full-time Positive Behavior Assist who supports the behavior initiative helps with student volunteers and community partnerships

Fenton Primary Center will monitor socio-economically disadvantaged students using Illuminate, CALPADS, and Los Angeles County databases. Illuminate will help combine academic data with student information data to create reports on academic progress as a group and individually. These reports are generated monthly by the teacher or more often if needed. If the teacher notices little progress a report can be generated to begin the intervention process. CALPADS can be used to verify enrollment and verify previous school as well as previous identifications. CALPADS also allows the school access to previous schools and previous identifications such as EL and IEP. With this information the school can call previous school(s) for records. CALPADS is accessed as soon as the student enrolls and records are obtained within 10 days. Los Angeles County is where the school can receive direct certification for many of our families. Direct certification is done twice a year.

Students can easily be monitored through a variety of reports on Illuminate throughout the school year. Students receive progress reports in September based on the first five weeks of school. Teachers communicate concerns with parents at this time. The first report card and parent conference is held in November after 8-10 weeks of school. These are teacher-parent meetings where progress is discussed. Documentation is shared between teacher and parent. If student received formal intervention then additional personnel may attend to explain to parents the intervention plan. In February after 6-8 weeks after the first report card a progress report is sent home. Teachers discuss student progress as needed. Intervention may be suggested. In late march or early April the second report card is produced. This report card is shared with parents at a teacher-parent meeting. These meetings are individual and all documentation is shared. At this point decisions are being made about future placement if a student is struggling in specific areas a conversation about retention might take place. Intervention will also be discussed.
STUDENTS IN OTHER SUBGROUPS

Most of Fenton Primary Center’s students are identified as English learner, foster youth, homeless and/or qualifying for free or reduced price meals using the enrollment application. Parents submit enrollment applications, identical to the applications used by LAUSD, with critical information to properly identify students and provide the resources necessary. Every child has equal access to the same free, appropriate public education as provided to all children and youths.

FCPS also contracts with Los Angeles County for direct certification to identify families receiving assistance. This provides a legal way to properly identify students who qualify for free or reduced meals. The Charter School’s counselor is in direct contact with community providers and Hope Gardens, a homeless shelter for women with children. The Charter School has partnered with Hope Gardens and all students are enrolled and considered living in the former attendance area of Fenton Avenue Elementary School.

FPC also maintains accurate information by updating its database during parent conferences, which occur at least twice a year. A verification page is provided for parents to review and update information as necessary.

Students identified as “foster youth” or “homeless” are monitored in the same way as all students. The Charter School does not have a significant number identified in these categories (the school had 29 in 2015-2016). These students follow the same criteria and are provided the same interventions and procedures as listed above.

“A TYPICAL DAY”

A typical day at the Fenton Primary Center will be well organized and well-structured to make the best use of time and space for students and staff. Clearly defined responsibilities and schedules will ensure a safe campus, where students are well supervised at all times and highly engaged in a rigorous instructional program. The school’s instructional model is a combination of Explicit Direct Instruction, foundational literacy development, strong collaboration and use of technology to teach the whole child. The following is a timeline of a typical day:

5:00 a.m.
Custodian and Cafeteria Supervisor arrive. The custodian arrives and checks the campus for any breach in security or safety. Graffiti, vandalism, and custodial needs are addressed prior to the arrival of staff and students. They will report to the plant manager and security at 6 a.m.

The Cafeteria Supervisor and cafeteria employees begin preparing breakfast, “Breakfast in the Classroom,” for the approximately 800 students who eat breakfast daily. They check on the delivery of fresh milk, fruits and vegetables, and ensure that all students receive a nutritious meal for breakfast and lunch daily. Cafeteria staff also begin preparing for the staff (coffee, breakfast items and lunch). This time block is critical in making sure the campus is safe and all students are provided a meal in the morning. Breakfast is a huge factor on student success. The school eliminates the possibilities of hungry children trying to learn.
6:00 a.m.
Plant manager, campus security, administrators, teachers and other certificated staff begin to arrive. The plant manager and campus security arrive and help check the campus for any breach in security or safety. Graffiti, vandalism, and custodial needs are addressed prior to the arrival of staff and students. Once all clear, they return to assignments consisting of cleaning, setting up valet drop-off, and checking restrooms.

Administrators and teachers will be available for conferences as early as 6:30 a.m. to accommodate parents’ work schedules. Teachers’ scheduled hours are 7:40 a.m. to 2:30 p.m. and administrators’ hours are 7:30 a.m. to 4:00 p.m. All staff members are on campus well beyond their scheduled hours.

Administrators will meet with staff, parents and community members throughout the day during scheduled and unscheduled conferences. These meetings are critical as they provide all stakeholders time to collaborate with administration.

6:30 a.m.
Campus security will check the perimeter of the school. Security will prepare for the valet drop-off of students and patrol the front of the school. Throughout the day, this team will be visible to students and staff, assisting with students, safety and security.

Flags will be raised and the breakfast serving area will be prepared for students.

7:00 a.m.
Office manager and school nurse arrive. Supervision aides arrive to oversee valet drop-off, breakfast in the classroom delivery, and help supervise students.

Committee meetings (Finance, Instruction, and/or Personnel) begin, and end at the start of the school day, when scheduled.

Academic Student Study Team, IEP, or other parent meetings will be scheduled at this time, as needed. The Fenton school psychologist, counselor, speech and language therapist, resource specialist teachers, and the Primary Center administrators will meet with selected teachers to discuss concerns regarding specific students and their academic progress. These meetings are critical as they provide all stakeholders time to collaborate and make decisions based on the needs of the school.

Throughout the day, the support staff (administrative coordinator, behavior assistant, psychologist, counselor, speech and language therapist, and resource specialist teachers) are available to assist staff with student behavior concerns and problems.

7:30 a.m.
Office assistant arrives and assists teachers and parents.
7:40 a.m.
Breakfast service begins for some classrooms, while others wait until 7:50 a.m. The Primary Center has Provision 2 status from the Child Nutrition Services, California Department of Education. All students eat for free.

7:50 a.m.
Bell rings for the start of the school day. All meetings end. Students line up at classroom doors in first and second grade. TK/kindergarten line up and are picked up in main corridor.

Breakfast in the Classroom begins for all students.

Teachers open door for students. Administrators will check grounds to ensure that all students are in classes and accounted for. As students are eating, teachers are taking care of attendance and homework. Some students are allowed to go to a computer to do Extra Math or iStation if they finish breakfast early. Technology provides a form of intervention and literacy practice. These activities are focused on building basic literacy and math skills.

8:00 a.m.
Attendance is taken in class using Illuminate, the Primary Center’s student data base.

Paraprofessionals arrive.

The office manager, compliance assistant and office assistant begin issuing “tardy slips” to students who arrive late through the Main Office, documenting reasons for late arrival. After all students have been checked in, the compliance assistant and attendance officer begin calling parents of absent students and entering attendance in Illuminate.

Volunteers arrive and sign-in through the Main Office (all volunteers have previously completed clearance).

The school psychologist, counselor and speech and language therapist begin working with selected students and/or conducting assessments.

The resource specialist teachers will begin their program for selected students as needed: pull-out and collaboration.

Nurse begins calling for classes for vision screening, checks on immunizations, getting up-to-date medications and medical records.

Paraprofessionals will work in classrooms, supporting the instructional program, as directed by teachers.

*Reading Wonders* (language arts) instruction begins.

Art and music specialists are scheduled throughout the day.
The instructional part of the day begins. Classrooms have a variety of models working that focus on the whole child. In most classrooms you will see the teacher delivering Explicit Direct Instruction to a whole group or a small group. Small group instruction will also include computer time as a center with students working on specific projects or practicing literacy or math skills. You might also see the art or music teacher teaching a hands-on lesson. In some classrooms you might see teachers co-teaching in a collaborative model.

8:15 a.m.
Reading Intervention program begins for selected students. Reading intervention focuses on foundational literacy skills. The goal is to have every child leave Fenton Primary Center a fluent reader with at least average comprehension skills. The school collaborates with FACS, the sister school, on the basic needs for students to be successful in third grade. That is how the school developed the reading and comprehension goal.

8:30 a.m.
School-wide Pledge of Allegiance and morning announcements. This event is another example of a collaborative team approach to our teaching.

9:00 a.m.
TK recess begins. Recess is an important time of the day for all students. Students are given a structured recess with a support provided for positive behavior. Students are often “caught being good” and given a token for a chance to win a prize. The supervision staff is well trained in finding opportunities to teach and develop social skills along with learning about emotions. These skills are part of the whole child approach and are reinforced during Mutt-i-gree lesson delivery in the classroom. Students learn about getting along, saying please and thank you. Most importantly students learn to be happy.

Transitional Kindergarten students will be supervised by paraprofessionals at assigned areas. Equipment is marked for each set of areas and selected ball monitors from each room pick up equipment.

9:15 a.m.
Kindergarten recess begins.

Kindergarten will follow the same pattern as TK recess.

9:20 a.m.
Bell rings for end of TK recess.

Students will line up at assigned areas and teachers will pick up students. Instruction in language arts continues, to be followed by instruction in mathematics. Selected classes participate in art or music instruction depending on schedules.

9:35 a.m.
Bell rings for end of kindergarten recess.
Classes will be picked up by teachers and instruction continues.

**9:45 a.m.**  
First grade recess begins.

**10:35 a.m.**  
Bell rings for end of second grade recess.

Classes will be picked up by teachers and instruction continues.

**10:30 a.m.**  
Custodians and cafeteria staff prepare the multipurpose room for lunch. Tables, trash cans, washable trays, fruit and vegetable cart are set-up.

**10:50 a.m.**  
Lunch for transitional kindergarten and kindergarten students begins. Lunch is similar to recess. The lunch time is also very structured. While students eat lunch they get to see videos about getting along and most importantly being responsible, respectful, and safe.

There will be two choices for lunch. The eating area will be supervised by supervision aides (all aides will wear fluorescent green vests to ensure they are easily identified by students).

**11:10 a.m.**  
Lunch in the multi-purpose room (“MPR”) for transitional kindergarten and kindergarten concludes; they are escorted to the playground.

Transitional Kindergarten and Kindergarten classes assemble for psychomotor program (Wednesdays and Fridays).

Grade level meetings will be held and teachers work on lesson planning, reviewing and monitoring pacing of each curricular area, and review assessments, benchmarks and progress of students.

1:20 p.m.
End of Transitional Kindergarten and Kindergarten psychomotor (Wednesdays and Fridays). Students learn through play. The school provides all students at least the minimum amount of physical education in a structured pschomotor program. Our aides are trained using SPARK. Students are taught in a fun and developmentally focused way. The pschomotor aides also collaborate for 1.5 hours a week to design lessons for their group of students. This is another collaborative practice you will see from staff. Sometimes other staff or administrators join to provide input.

During psychomotor teachers meet by grade level in very stuctured meetings developed by the lead teachers. These meetings are held in the lead teachers classroom and are about 40 minutes long. An agenda is created before and items are discussed. This is a planned collaborative time that teachers can create group lessons, plan for specific academic events (literacy day, book fair, parent workshop, or plan intervention). This time is also used to review data by grade level on specific trends in language arts, math, or English Learners.

1:25 p.m.
Second grade classes assemble for psychomotor program (Wednesday and Fridays).
1:30 p.m.  
End of first grade psychomotor (Tuesdays and Thursdays).

1:45 p.m.

Office staff leave for the day.

5:00 p.m.  
Fenton Primary Center Afterschool Program ends.

5:30 p.m.  
21st Century Kids Program ends. Parents check students out of program.

Most staff members will have departed for the day, unless parents have requested a late conference. Parent informational meetings or parent workshops are sometimes scheduled. Custodial staff will check all classrooms, offices, and gates to ensure all areas are locked and inaccessible.
8:00 p.m.
Custodians and campus security secure campus and leave for the day.

**WASC ACCREDITATION**

Fenton Primary Center has successfully maintained accreditation by the Western Association of Schools and Colleges (“WASC”). The Charter School received full six-year accreditation after a thorough visit in the fall of 2015. The committee gave glowing remarks on the wonderful education program at Fenton Primary Center and credited the success to the amazing collaboration and high spirit of the teaching staff.

* Charter authorization is for TK-2 and the extracurricular and after school program provisions serve as supplemental information
Element 2 – Measurable Pupil Outcomes and Element 3 – Method by which Pupil Progress Toward Outcomes will be Measured

“The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, as that term is defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school.” (Ed. Code § 47605(b)(5)(B).)

“The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.” (Ed. Code § 47605(b)(5)(C).)

**MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM**

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§ 47605(c)(1), 60605.)

Charter School shall comply with all applicable laws and regulations related to AB 97 (Local Control Funding Formula) and AB 484, as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

**STANDARDIZED TESTING**

Charter School agrees to comply with and adhere to state requirements for participation and administration of all state-mandated tests, including computer-based assessments. Charter School shall submit and maintain up-to-date and accurate California Longitudinal Pupil Achievement Data System (CALPADS) data in accordance with the requirements of California Code of Regulations, title 5, section 861. Charter School hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as Charter School. Upon request, Charter School shall submit, in the requested format (e.g., CD), a copy of the results of all state-mandated tests to the District.

**MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM**

The following outcomes will demonstrate the extent to which the Fenton Primary Center has met its established goals:

**Charter Goal 1:** Students will strive to master the rigorous academic content of the Common Core State Standards and Next Generation Science Standards, and the CA state science content standards while transitioning to NGSS, and think critically and reflectively about their academic success, accepting personal responsibility for improvement.
**LCAP Goal 2:** All students, including all student subgroups (Hispanic/Latino, Socioeconomically Disadvantaged, English Learners, Students with Disabilities), unduplicated students and students with exceptional needs (including foster youth) will have access to standards-aligned (including CCSS) materials and additional instructional materials as outlined in our charter petition.

**LCAP Goal 4:** School will fully implement CCSS state-adopted ELA and Math academic content and performance standards by 2015-16 school year for all students, including all student subgroups (Hispanic/Latino, Socioeconomically Disadvantaged, English Learners, Students with Disabilities), unduplicated students and students with exceptional needs (including foster youth), including expanding opportunities for students to engage in critical thinking tasks and differentiated instruction.

**LCAP Goal 7:** All students, including all student subgroups (Hispanic/Latino, Socioeconomically Disadvantaged, English Learners, Students with Disabilities), unduplicated students and students with exceptional needs (including foster youth), will meet or exceed targets for growth once set by the State on the CAASPP Statewide assessment in the areas of English Language Arts/Literacy and Mathematics.

**LCAP Goal 8:** School will meet the annual API Growth Target, or equivalent for a TK-2 school, as mandated by the CA State Board of Education.

**Measurable Outcomes:**

**Transitional Kindergarten –**

**Language Arts**

Fenton Primary Center’s transitional kindergarten students are assessed using a grade appropriate assessment. The same assessment is given at the end of the year to measure growth in standards achievement and development. Fenton Primary Center teachers, using the current ELA curriculum adoption, the kindergarten Common Core State Standards and the early education standards, created the assessment.

**Mathematics**

Fenton Primary Center’s transitional kindergarten students are assessed using a grade appropriate math assessment. The same assessment is given at the end of the year to measure growth in standards achievement and development. Fenton Primary Center teachers, using the current math adoption, the kindergarten Common Core State Standards and the early education standards, created the assessment.

*Charter Goal 2:* Students will build a foundation for a responsible work ethic by regular and punctual attendance.
LCAP Goal 11: School will continue to maintain a high ADA rate.

Measurable Outcome:

Fenton Primary Center will continue to use various methods to assure a continued attendance rate of 96.5% or higher. An Attendance Officer and compliance assistant will monitor and oversee all attendance records. Teachers will continue to be responsible for assuring accurate attendance is taken on a daily basis. Monthly attendance records are announced and documented with attendance rates in the Director’s Report to the Fenton Charter Public Schools Board of Directors. Classes who have a below target attendance rate are supported by providing assistance in making phone calls to families who have frequent absences.

Fenton Primary Center will continue to have various incentives for students who are in attendance 100% of the time monthly, for a full semester, and yearly. These incentives include, but are not limited to, brag tags, pins, awards and medals.

Charter Goal 3: Students will master English language skills to fully access all educational, social, cultural and employment opportunities of mainstream society.

LCAP Goal 5: 100% of ELs will have full access to CCSS-aligned curriculum as they develop EL proficiency.

LCAP Goal 9: EL students will advance at least one level on the CELDT (or other available external and internal assessments) each year.

LCAP Goal 10: EL reclassification rate will meet or exceed the District’s reclassification rate and ELs will meet Annual Measurable Achievement Objectives (AMAOs).

Measurable Outcome:

English Learners will increase individual CELDT scores for the majority of the years covered by this renewal petition and is assessed annually. The Charter School is working on this outcome in the following school year. The Charter School is implementing the new English Language Development standards this school year and the new ELPAC will be implemented as soon as 2017.

The Fenton Primary Center’s reclassification rate will meet or exceed the rate of reclassification for similar neighborhood schools for the majority of years of this charter renewal petition when compared by grade level.
Progress toward mastery of English Language Development standards will be monitored and documented on the Fenton Primary Center ELD Portfolio twice a year for all English Learners.

**Charter Goal 4:** Students will demonstrate pro-social behavior with a sense of responsibility to their peers, home and community.

**LCAP Goal 6:** School will continue to provide multiple opportunities for parent involvement in school life and ease of home-school communication and ensure continued parent representation in decision-making at all levels of school operations.

**LCAP Goal 12:** School will continue to maintain a low ≤1% suspension rate.

**LCAP Goal 13:** School will continue to maintain a low <1% annual pupil expulsion rate.

**LCAP Goal 14:** School will continue to engage parents and students as valued stakeholders in decision-making, and continue to provide programs and resources that support families and enhance the school community.

**Measurable Outcome:**

The number of students suspended or expelled will be 1% or less and less than the District average for the majority of the years covered by this renewal petition and will be assessed annually.

Teachers will maintain a positive classroom behavior system that will contain logs, charts and parent communication for all inappropriate behavior. For students who need additional support, a referral will be written and documentation will be tracked. A yearly evaluation of the quantity of referrals by teacher is provided with the specific reasons for referral highlighted. An achievement report is created and presented to Instruction Committee for possible action.

**Measuring Student Academic Performance and Growth**

Fenton Primary Center uses a variety of assessments to determine student academic performance and growth. As an elementary school, the school has adopted curriculum approved by the state in all subject areas. The majority of the assessments given at the school are publisher created. The school has also added a variety of additional programs to enhance the education experience and provide teachers with additional methods of analyzing data. Below is a graph that explains the subjects taught, assessments used for the subject, reports created with each assessment and the audience and purpose for the assessment:

### Summative Assessments

Fenton Primary Center takes a collaborative and systematic approach in creating or selecting assessments and analyzing data. The school’s certificated staff selects Lead Teachers annually for each grade level. One of the many tasks for Lead Teachers is to help create a pacing and assessment plan annually. The Lead Teachers share assessments and data across grade levels at least once a month and as often as once a week. The Lead Teachers also meet with administration once a month to plan and analyze data. The entire team also participates in monthly Instruction Committee meetings where assessment data is presented and discussed. Based on the data, an academic plan may be developed and implemented to address student needs. The Instruction Committee provides monthly formal minutes to the entire staff and the rest of FCPS organization through email.

The majority of the Charter School’s summative assessments come from publishers’ tests. The summative tests are used to create grade-level wide analysis, school analysis, and reports on overall progress toward meeting the CCSS. These tests are commonly known as benchmark assessments, summative assessments, end-of-unit, or chapter tests.

In 2014, the school implemented a report card aligned to the Common Core State Standards. This report card was created using Illuminate, which houses all of the grade level summative assessments. The Illuminate database creates an overall mastery score for each of the CCSS strands using the assessments. These assessments are benchmark, end-of-unit tests, or chapter tests. The entire grade level utilizes teacher-created assessments.

The ultimate goal is for 70% of students to achieve meeting or mastery of the Common Core State Standards. Data is acquired from the summative assessments in each of the publisher’s tests for language arts and mathematics. These tests are given three times a year. The school analyzes results by its major subgroups and also by student’s daily attendance, as well enrollment history at the school. The school has a 5% transient rate due to other factors not related to the school; these factors are related to the community the school serves. Transient student results are analyzed differently. These results can be reviewed on page 13 under “Internal Academic Performance.”
**METHOD FOR MEASURING PUPIL PROGRESS TOWARD OUTCOMES: FORMATIVE ASSESSMENT**

**Charter Goal 1:** Students will strive to master the rigorous academic content of the Common Core State Standards and Next Generation Science Standards, and the CA state science content standards while transitioning to NGSS, and think critically and reflectively about their academic success, accepting personal responsibility for improvement.

**Method of Measurement:**

Publishers’ tests continue to be used to determine consistent and continuous student progress toward Common Core State Standards. Assessments are conducted based on the recommended schedule of each adopted program, but the general timeframe calls for weekly, bi-weekly and end-of-unit assessments for each state adoption.

The school also uses Istation once a month, ESGI at least once a month, Xtra Math at least three times a week, and NWEA MAP assessments three times a year or as often as needed for students who are receiving intervention. These are all supplemental assessments to provide an extra layer of data to properly address each individual student need.

Teacher-developed assessments continue to contribute additional information to measure student progress, while anecdotal records and observations continue to provide individualized information necessary to address the five learning systems of the brain, and to maintain an effective learning environment for every student.

Where state adopted materials and assessments are not available (visual and performing arts, and physical education), effort grades and participation grades are assigned.

**Charter Goal 2:** Students will build a foundation for a responsible work ethic by regular and punctual attendance.

**Method of Measurement:**

Attendance is recorded daily in all classrooms. FCPS employs a full-time attendance officer who oversees the entire attendance process, including verifying absences, calling parents and making home visits. Each month, the attendance officer compares actual attendance to the goal of 96.5% attendance. All records are stored on the FCPS database.

**Charter Goal 3:** Students will master English language skills to fully access all educational, social, cultural and employment opportunities of mainstream society.

**Method of Measurement:**
The primary method of assessment of students’ mastery of English language is the annual results of the CELDT. Additionally, utilize the English Language Development assessments from the language arts series, Reading Wonders published by McGraw Hill, to monitor each student’s progress.

Classroom teachers, administrators, review the ELD Portfolio for each student regularly and special education staff as needed. Progress monitoring documents are also filed in a student’s portfolio to ensure continued support of students who have met the reclassification criteria.

**Charter Goal 4: Students will demonstrate pro-social behavior with a sense of responsibility to their peers, home and community.**

**Method of Measurement:**

The number of referrals for disruptive classroom behavior and negative playground interactions will decrease yearly. (Data will be maintained through the FCPS database.)

**Formative Assessments**

Formative assessments are administered as often as necessary and provide data for teachers to adjust instructional delivery and design. These assessments allow teachers to determine which lessons need to be retaught. Lead Teachers assure the grade levels follow the pacing and assessment plans. The grade levels discuss results in a collaborative setting during weekly meetings.

Fenton Primary Center teachers have implemented successful teaching strategies utilizing Explicit Direct Instruction by DataWorks. Explicit Direct Instruction is a teaching method that includes immediate feedback of student understanding using specific key teaching strategies. One of the key strategies is to frequently check for understanding during instruction. Checking for understanding allows the teacher to stop and reteach, if necessary. Another key element is for the teacher to provide adequate wait time when asking questions; this allows students to process answers, especially English learners who need extra response time. Finally, another key element in Explicit Direct Instruction is to implement an effective think-pair-share process. Teachers will use this to allow children to expand their language and share with their peers, while the teacher observes the interactions.

**DATA ANALYSIS AND REPORTING**

The Instruction Committee, an advisory committee that reports to the FCPS Board of Directors, will continue to analyze student assessment data at regularly scheduled monthly meetings. Lead Teachers will review percentages on weekly publishers’ tests for each classroom along with other teacher-created assessments, anecdotal records, and trimester grades prior to each reporting period. Positive, as well as negative, results will be shared by Lead Teachers and evaluated by the
committee to determine the specific causes for upward and downward trends. Action will be taken to modify or revise current instructional practices, as necessary.

The administrative staff will disaggregate data from the school’s Illuminate database for each curricular area, grade level, and significant subgroup. This analysis will focus the Fenton Primary Center’s efforts to keep pace with the state and District, and to be aware of the promising practices of the educational community-at-large.

All findings from the analysis will continue to drive the allocation of the Fenton Primary Center’s resources. The Instruction Committee, based on careful analysis of student achievement data, will make recommendations and schedule professional development activities. This committee’s recommendation will be passed on to the Finance Committee for fiscal review. Both bodies are advisory committees and report to the Board of Directors. Final determination of implementation of all policies and initiatives will be the responsibility of the Board of Directors.

The Parent Advocacy Committee, an advisory committee that reports to the FCPS Board of Directors, conducts evening meetings for parents and school community members to share school-wide results in the fall and spring of each school year. Individual student test score results are shared with parents in a timely manner, and discussed, interpreted and analyzed for parents by classroom teachers during parent conferences scheduled in the fall and spring of each school year.

**Grading, Progress Reporting, and Promotion/Retention**

Fenton Primary Center provides parents with a progress report by the 5th week of school. A report card is created by the 10th week of school and is shared with parents during a parent-teacher meeting or conference. Parent conferences are held for one week in November. A second progress report will go home around the 15th week of school or the beginning of February. Another report card is created around the 25th week of school or in March. A final report card is provided on the last day of school. These progress reports and report cards are formal documented ways of communication. Teachers and staff regularly talk to parents if concerns arise. The school held many COST meetings to discuss well over 80 students and well over 60 SST meetings to discuss specific student progress during the 2015-2016 school year.

Fenton Primary Center officially moved to standards based report cards in 2013 and it has given the Charter School a more focused approach to meeting the needs of all students. In 2014, the Charter School modified its report card to align with the Common Core State Standards and identified which standards to address.

This process allowed the school to go to a digital report card using the Illuminate database. Fenton Primary Center uses *Illuminate* as its database for student information, student accountability, teacher grade books, and student report cards. This has improved the overall functionality of the school. This was a critical step for the school as it provided more consistency in reporting with all teachers using the same grade books across the grade levels. Below is the grading scale the school uses:

**Criteria for Achievement Grades**
4 - Mastery  
**A 4 is given to students who:** Demonstrate mastery at 90 - 100% proficiency of the standards introduced during the specific reporting period based on class work, assessments, and teacher observation.

3 - Meeting  
**A 3 is given to students who:** Demonstrate mastery at 70 - 89% proficiency of the standards introduced during the specific reporting period based on class work, assessments, and teacher observation.

2 - Approaching  
**A 2 is given to students who:** Demonstrate mastery at 50 - 69% proficiency of the standards introduced during the specific reporting period based on class work, assessments, and teacher observation.

1 - Below  
**A 1 is given to students who:** Demonstrate mastery at 49% - below proficiency of the standards introduced during the specific reporting period based on class work, assessments, and teacher observation.

Criteria for Effort Grades

**A - Always**  
**Always is given to students who:** Always display the social/emotional behaviors.

**O - Often**  
**Often is given to students who:** Consistently display the social/emotional behaviors.

**S - Sometimes**  
**Sometimes is given to students who:** Usually display the social/emotional behaviors.

**R - Rarely**  
**Rarely is given to students who:** Seldom display the social/emotional behaviors.

Fenton Primary Center also provides periodic progress reports to parents, to convey how students are doing between report cards. Teachers are accountable for record-keeping and tracking students’ progress and growth. The school plans to implement the parent portal on Illuminate, which will give parents online access to student progress. This system will provide instant progress monitoring for parents.

Students who struggle with meeting the expected standards are reviewed individually using Coordination of Services Team meetings. These meetings are held 2-3 times a year, or as necessary, to discuss and document support for struggling students. If a student continues to have difficulty, a Student Study Team meeting is held to discuss student needs and address specific
interventions that have been implemented. Parents also attend the SST meeting in order to provide the team with additional information and attain additional strategies that can be used at home.

The school’s goal is to promote every child. However, if a child continues to perform below grade level standards, retention may be considered. Grade level teachers, the school’s academic support team and administration collaboratively review each recommendation and provide a final recommendation. The nominating committee recommends a list of all candidates and the board reviews and votes to approve new members at the next regularly scheduled meeting.

Qualifications for all directors are generally the ability to attend board meetings, and a willingness to actively support and promote the Fenton Charter Public Schools. For example, child abuse is brought to the attention of the mandated reporter from any spoken or written source, including but not limited to: the
alleged victim, a friend of the alleged victim, a colleague, or anonymous source or individual. “Reasonable suspicion” does not require proof or investigation by the reporting party. MEANS TO ACHIEVE RACIAL AND ETHNIC BALANCE

Fenton Avenue Charter School, from which FPC was created, is a conversion charter school and as such, was, and remains, a neighborhood school. Students do not generally travel great distances to attend, and recruiting efforts have not traditionally needed to be robust. The Charter School’s population continues to mirror the racial and ethnic diversity found in the community of Lake View Terrace through maintaining positive relations with the community-at-large, and by providing an attractive multicultural child-centered learning environment, which appeals to the community as a whole. During the past twenty-three (23) years, the Charter School has achieved success in maintaining a student population whose racial and ethnic balance matches that of the local area.

Prior to the beginning of each school year (and by May 1st), the Charter School will publicize and conduct informational meetings to inform all segments of the community about the Charter School’s educational program and support services. Banners will be displayed around the Charter School and flyers will be posted in local businesses announcing meeting dates and enrollment opportunities. Meetings will be conducted at the campus to allow the opportunity for all interested
parents and students to visit and tour the campus firsthand. All written and oral communication will be presented in English and Spanish, and other languages as necessary.

The Charter School will conduct Parent Orientation meetings yearly in the fall for each grade level. Open House will be conducted once a year in the spring. Administrators will attend local Neighborhood Council and local Improvement Association meetings regularly to invite community members to events and extend general outreach to the community. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

REHABILITATION PLANS

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School’s governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for
readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

**Readmission**

Charter School’s governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School’s governing board shall readmit the pupil, unless Charter School’s governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil’s parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil’s parent/guardian within a reasonable time.

**Reinstatement**

Charter School’s governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

**Gun-Free Schools Act**

Charter School shall comply with the federal Gun-Free Schools Act.

**School Climate and Student Discipline System**

Fenton Primary Center recognizes that appropriate school behavior is critical to the academic success and creating an effective learning community. A strong discipline foundation policy should minimize the loss of student instruction time due to removal from classes caused by misbehavior.

Effective teaching and modeling of school appropriate behavior is the responsibility of every adult at FPC. Effective school discipline includes the establishment of high standards of behavior, time for students to learn appropriate behavior, and fair and appropriate consequences for failure to meet behavior standards. Students share in the responsibility to uphold and respect the high standards of school behavior that contribute to the ability of all to learn.

Effective discipline maximizes the amount of time student and staff spent on effective teaching and learning and minimizes the amount of student and staff attention directed toward behavior that disrupts the learning process.
Effective discipline also considers the age and development of the student in framing instruction of appropriate behavior and consequences for misbehavior. It is educational not punitive and includes building relationships and using restorative practices to reengage students in their learning community.

Fenton Primary Center is committed to helping children grow academically, socially, and emotionally. In order for this to happen, it is imperative that we have an environment that is safe and conducive for growth. By setting forth clear social and behavioral expectations for everyone who enters our campus, and directly teaching students about those expectations, it is our goal to create a safe and positive atmosphere for optimal learning.

Our school-wide behavior plan is based on Positive Behavior Interventions and Supports (PBIS). Our staff began this initiative in the fall of 2014, and will be reintroducing the system to all Fenton Primary Center students during the months of August and September.

Our school-wide PBIS plan has four components:

- A behavioral expectations matrix
- Explicit teaching of the behavioral expectations
- An acknowledgement/reinforcement system
- A behavioral infraction notice

Fenton Primary Center has three school-wide behavioral expectations:

- Be Safe
- Be Respectful
- Be Responsible

**Teaching Appropriate Behavior**

Through PBIS, students are taught school-wide expectations and have opportunities to practice them. Staff members teach what behaviors are expected in the hallways, cafeteria, bathroom, playground, classroom, before school, after school, and at assemblies.

**Acknowledgement/Reinforcement System**

Another component of the school-wide PBIS plan is the use of consistent positive rewards to celebrate students’ success. Students who are following the behavioral expectations are reinforced with “Bee” tickets. These tickets will then be used for school raffles and acknowledgement.

Other rewards include:

- Celebrations for students who do not receive behavioral referrals
- Class Dojo points
- The Golden Plunger award for the floor with the cleanest bathroom
• The Golden Spatula award for the class with the best cafeteria behavior
• FPC’s Buzz-worthy Bees will be awarded to students who demonstrate positive behaviors that go above and beyond the school’s expectations. This award will be announced weekly, and a picture of the recipients will be posted in the throughout the school.

Behavioral Infraction Notice

While our school-wide PBIS approach emphasizes appropriate behaviors, some students may still violate school rules. In these situations, students will receive a behavioral infraction notice. In the instance that a student receives a behavioral infractions notice for a major infraction, the student will consequently receive a Behavior Room referral.

Our goal is to teach all of our students alternate behaviors to ensure a school environment that is safe, fun, free from distraction, and help all students reach their maximum potential.

Restorative Justice

FPC implements Restorative Justice practices in conjunction with School-wide Positive Behavior Intervention and Support which both promote trust and respect in relationships, setting the foundation for teaching and learning. The practices provide meaningful opportunities for students to develop self-discipline and positive behavior in a caring and supportive environment. The Restorative Justice model is a three-tiered model of prevention, intervention, and reentry in response to conflict and/or harm.

Tiered Prevention

The first tier is prevention. Students are introduced and taught the schoolwide expectations during the first three weeks of school. FPC’s expectations are phrases posted in each classroom, staircase, and hallway that remind students and staff of the expectations of behavior. Behaviors are reinforced and modeled throughout the year and lessons are revisited as necessary. All staff members on campus on a daily basis reinforce these lessons and expectations.

When a student engages in a behavior that does not match school-wide expectations, teachers and staff members can use a variety of strategies to redirect the behavior. The following illustrates Minor behaviors and possible responses:

<td>Restate rules/expectations, redirect student, model and provide examples, proximity, precise praise, move students’ seat, have student repeat behavior correctly, speak to the student privately, use positive framing</td>
</tr>
</tbody>
</table>

Tier II encompasses a smaller group of students (10-15%) who will require a more intensive intervention in order to consistently follow behavioral expectations. Tier III students (about 5%) will require the most intensive interventions for progress toward mastery of behavioral skills. The

*It is important to note that these lists are examples of behaviors and responses and there are behaviors and responses that are not listed. Depending on the severity of the infraction, suspension and law enforcement intervention may be the legally required consequence.

It is important to note that all school stakeholders have a vested interest in creating a positive and safe learning environment for all students and staff. Below is FPC flowchart of minor and major behaviors. This is given and reviewed with all teachers and staff at the beginning of the school year.
IN-SCHOOL SUSPENSION

If deemed necessary, FPC will use In-School Suspension for Major behaviors and the Administrative Coordinator will oversee it. Teachers will assign work and the student will meet with the Administrative Coordinator. In most cases the parent is asked to participate. Sometimes it can be over the phone. The meeting is designed to help students learn appropriate ways to handle conflict or anger. The maximum number of days of in-school suspension will not exceed two days per incident and five days in one academic year.

GROUNDS FOR OUT-OF-SCHOOL SUSPENSION AND EXPULSION

This Element 10: Suspension and Expulsion Procedures Policy (“Policy”) has been established in
order to promote learning and protect the safety and wellbeing of all students at the Charter School. In creating this Policy, the Charter School has reviewed Education Code Section 48900 et seq., which describes the non-charter schools’ list of offenses and procedures, to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion consistent with material revision requirements if applicable to a particular change.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as the Charter School’s policy and procedures for student suspension and expulsion and it may be amended from time to time. Charter School staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed as part of the Parent/Student Handbook and will clearly describe discipline expectations. Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee’s use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

C. Suspension Procedure (for in-school and out-of-school suspensions)

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Director or the Director’s designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Director or designee.

The conference may be omitted if the Director or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two school days of when the student was suspended, unless the pupil’s parent/guardian waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil’s parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil’s parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, the Director or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person when the parent comes to the school. Whenever a student is suspended, the Director or designee shall notify the parent/guardian in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice shall also state the date and time when the student may return to school. If the Director or designee wish to ask the parent/guardian to participate in another meeting or phone conference regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Out-of-school suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Out-of-school suspensions shall not exceed twenty (20) school days in one school year, unless for purposes of adjustment, a pupil

enrolls in or is transferred to another regular school, an opportunity school or class, or a continuation education school or class, in which case the total number of school days for which the pupil may be suspended shall not exceed thirty (30) school days in any school year. Upon a recommendation of expulsion by the Director or Director’s designee, the pupil and the pupil’s guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Director or designee upon either of the following: 1) the pupil’s presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil’s suspension will be extended pending the results of an expulsion hearing. The student will have the opportunity to complete instructional activities missed due to his or her suspension. Regardless, suspended students will be able to communicate with designated classrooms teacher(s) or administrator(s) for any questions and for evaluation of work, and shall receive assignments during their suspension and be provided the opportunity to make up any missed exams. All assignments will be provided by the teacher and available for pick-up or mailed to the child’s home. The method in which assignments will be delivered will be decided on a case-by-case basis and prior to the end of the 1st day of suspension.

D. Authority to Expel

A student may be expelled by an Administrative Panel following a hearing before it, and preceded by recommendation from the Director. The Administrative Panel shall consist of at least three members who are certificated employees and neither a teacher of the pupil or a Board member of the Charter School’s governing board. The Charter School’s Board will appoint an impartial Administrative Panel. The Administrative Panel may expel any student found to have committed an expellable offense.

A student and his or her parents may appeal an expulsion decision by the Administrative Panel to the Charter School’s Board, which will make the final determination. Following the appeal hearing, the Board will make a final decision based on the information presented at the appeal hearing by the parent(s)/guardian(s) (or student aged 18 or over) and information from the original expulsion hearing.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. If requested by the student or his/her representative, and unless postponed for good cause by the Director, designee, or Administrative Panel, the hearing shall be held within thirty (30) school days after the Director or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

The Administrative Panel will hold a hearing on the case, and will make a determination whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the student or his/her representative makes a written request for a public hearing no later than three (3) days prior to the hearing.
Written notice of the hearing shall be forwarded by the Director or designee to the student and the student’s parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charge(s) and offense(s) upon which the proposed expulsion is based;
3. A copy of the Charter School’s disciplinary rules which relate to the alleged violation;
4. Notification of the student’s or parent/guardian’s obligation to provide information about the student’s status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student’s parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student’s behalf including witnesses;
9. A statement that the pupil’s parent/guardian may request a postponement of the hearing for good cause;
10. A statement that the parent/guardian can request reasonable accommodations or language support if needed during the hearing.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Administrative Panel. Copies of these sworn declarations, redacted to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five-day notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness’ use prior to and during breaks in testimony.

3. At the discretion of the Administrative Panel, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The Administrative Panel may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Administrative Panel may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The Administrative Panel may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand/area where the witness will be seated during the hearing.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness’ presence is both desired by the witness and will be helpful to the Charter School. The Administrative Panel member presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness’ prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing
A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. A copy of the recording is available to the pupil, parent, or guardian with five (5) business days of a written request.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs, such as but not limited to testimony or documentary evidence of a similar nature as that used in other types of hearings or official proceedings. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to expel, the pupil shall immediately be returned to his/her educational program.

I. Written Notice to Expel

The Director or designee, following a decision of the Administrative Panel to expel, shall, within seven (7) calendar days of the decision, send written notice of the decision to expel, including the Administrative Panel’s adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: (a) Notice of the specific offense(s) committed by the student; (b) Notice of appeal rights/procedures; and (c) Notice of the student’s or parent/guardian’s obligation to inform any new district in which the student seeks to enroll of the student’s status with the Charter School.

The Director or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: (a) The student’s name; and (b) The specific expellable offense committed by the student.

J. Disciplinary Records

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the authorizer upon request.
K. Right to Appeal

Parents/Guardians may appeal the expulsion decision of the Administrative Panel by making a written request and submitting it to the Board within fifteen (15) school days of the expulsion decision. The student will be considered suspended until a Board meeting is convened [within thirty (30) days] at which time the parent(s)/guardian(s) (or student aged 18 or over) must attend to present their appeal. Reasonable accommodations will be made, and language support offered, for students and parents/guardians who wish to appeal. Following the appeal hearing, the Board will make a final decision based on the information presented at the appeal hearing by the parent(s)/guardian(s) (or student aged 18 or over) and information from the original expulsion hearing. The Director or designee will send written notice to the student or parent/guardian of the Board’s decision within seven (7) calendar days of the appeal hearing. The Charter School Board’s decision to uphold the administrative panel’s decision to expel shall be final.

L. Expelled Pupils/Alternative Education

The Charter School shall work cooperatively with parents/guardians with locating alternative placements during expulsion, including but not limited to assisting parents/guardians with referrals to the school district of residence or County Office of Education.
**Element 11 – Employee Retirement Systems**

If Charter School participates in, or otherwise covers its staff members by enrolling or continuing their enrollment in, a “government plan” governed by section 414(d) (e.g. CalPERS), upon dissolution or final liquidation of Charter School, and/or its nonprofit public benefit corporation, notwithstanding any provision in Element 15 to the contrary, Charter School shall distribute its net assets in accordance with section 414(d), related regulations, and the government plan’s requirements.

If Charter School participates in CalSTRS and/or CalPERS, Charter School shall continue such participation for the duration of Charter School’s existence under the same CDS code, per applicable legal and retirement plan requirements.

Element 12 – Public School Attendance Alternatives

“The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.” (Ed. Code § 47605(b)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil’s school district of residence in accordance with applicable law and that school district’s policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school’s charter. If LAUSD is the pupil’s school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

No student may be required to attend the Charter School.

To inform parents and students of their public school attendance alternatives, the District’s open enrollment period is well publicized by the Charter School and parents are assisted as needed with documentation and locations of neighboring schools. The parents of students matriculating to middle school from the Charter School are especially interested in their options for middle school enrollment. During the months of December and January, all charter middle schools in the area hold informational meetings at the Fenton Avenue campus. LAUSD Magnet, Permits With Transportation and open enrollment program information is also shared with Charter School parents and guardians.
**Element 13 – Rights of District Employees**

“The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.” (Ed. Code § 47605(b)(5)(M).)

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Leave and return rights for District union-represented employees and former employees who accept employment with Charter School will be administered in accordance with applicable collective bargaining agreements and any applicable judicial rulings.
Element 14 – Mandatory Dispute Resolution

“The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.” (Ed. Code § 47605(b)(5)(N).)

The staff and governing board members of Charter School agree to resolve any claim, controversy or dispute arising out of or relating to the Charter agreement between the District and Charter School, except any controversy or claim that is in any way related to revocation of this Charter (“Dispute”), pursuant to the terms of this Element 14.

3) If the Dispute cannot be resolved by mutual agreement at the Issue Conference, either party may then request that the Dispute be resolved by mediation. Each party shall bear its own attorneys’ fees, costs and expenses associated with the mediation. The mediator’s fees and the administrative fees of the mediation shall be shared equally among the parties. Mediation proceedings shall commence within 120 days from the date of either party’s request for mediation following the Issue Conference. The parties shall mutually agree upon the selection of a mediator to resolve the Dispute. The mediator may be selected from the approved list of mediators prepared by the American Arbitration Association. However, any party who fails or refuses to submit to arbitration as set forth herein shall bear all attorney’s fees, costs and expenses incurred by such other party in compelling arbitration of any controversy or claim.
Element 15 – Charter School Closure Procedures

“The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.” (Ed. Code § 47605(b)(5)(O).)

Revocation of the Charter

The District may revoke the Charter if Charter School commits a breach of any provision set forth in a policy related to charter schools adopted by the District Board of Education and/or any provisions set forth in the Charter Schools Act of 1992. The District may revoke the charter of Charter School if the District finds, through a showing of substantial evidence, that Charter School did any of the following:

- Charter School committed a material violation of any of the conditions, standards, or procedures set forth in the Charter.
- Charter School failed to meet or pursue any of the pupil outcomes identified in the Charter.
- Charter School failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.
- Charter School violated any provision of law.

Prior to revocation, and in accordance with Education Code section 47607(d) and state regulations, the LAUSD Board of Education will notify Charter School in writing of the specific violation, and give Charter School a reasonable opportunity to cure the violation, unless the LAUSD Board of Education determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. Revocation proceedings are not subject to the dispute resolution provisions set forth in this Charter.

Pursuant to AB 97, charter schools may be identified for assistance based on state evaluation rubrics and be subject to revocation pursuant to Education Code section 47607.3.

Closure Action

The decision to close Charter School, either by the governing board of Charter School or by the LAUSD Board of Education, must be documented in a “Closure Action”. A Closure Action shall be deemed to have been automatically taken when any of the following occur: the Charter is revoked (subject to the provisions of Education Code section 47607(i)) or non-renewed by the LAUSD Board of Education; the governing board of Charter School votes to close Charter School; or the Charter lapses.

Closure Procedures
The procedures for charter school closure set forth below are guided by Education Code sections 47604.32, 47605, and 47607 as well as California Code of Regulations, title 5, sections 11962 and 11962.1, and are based on “Charter School Closure Requirements and Recommendations (Revised 08/2009)” posted on the California Department of Education website. All references to “Charter School” apply to Charter School, including its nonprofit corporation and governing board.

**Designation of Responsible Person(s) and Funding of Closure**
Prior to or at the time of the taking of a Closure Action by either the governing board of Charter School or the LAUSD Board of Education, the governing board of Charter School shall designate a person or persons responsible for conducting and overseeing all closure-related procedures and activities, and allocate sufficient funding for, or otherwise determine how Charter School will fund, these activities.

1. Charter School shall provide the District with all original student cumulative files and behavior records, pursuant to District policy and applicable District handbook(s) regarding cumulative records for secondary and elementary schools, for all students, both active and inactive, of Charter School. If the Charter School closure occurs before the end of the school year, the list also shall indicate the name of the school to which each student is transferring, if known. This electronic master list shall be delivered to the CSD in the form of a CD or otherwise in accordance with District procedures.

4. Charter School must organize the original cumulative files for delivery to the District in two categories: active students and inactive students. Charter School will coordinate with the CSD for the delivery and/or pickup of student records.

5. Charter School must update all student records in the California Longitudinal Pupil Achievement Data System (CALPADS) prior to closing.

9. Charter School shall provide to the responsible person(s) designated by the governing board of Charter School to conduct all closure-related activities a list of students in each grade level and, for each student, a list of classes completed and the student’s district of residence.

Financial Close-Out

After receiving notification of closure, the California Department of Education (CDE) will notify Charter School and the authorizing entity of any liabilities Charter School owes the state, which may include overpayment of apportionments, unpaid revolving fund loans or grants, and/or similar liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible. Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:

1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.
2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.
3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School’s annual audit if it meets all of the requirements of the annual audit.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.
Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

1. Preliminary budgets
2. Interim financial reports
3. Second interim financial reports
4. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

**Disposition of Liabilities and Assets**

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School’s governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District’s personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.
2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.
3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.
4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Additional Provisions

**Facilities**

**District-Owned Facilities**
If Charter School is using District facilities as of the date of the submittal of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

Notwithstanding any provision of any existing agreement for the use of District facilities, no renewal, extension of the term, material revision, or amendment, of a charter petition shall automatically renew or extend the term of any agreement for the use of District facilities, including but not limited to Proposition 39 agreements. The circumstances of Charter School’s occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation. Proposition 39 Single Year Co-Location Use Agreements shall be limited to one (1) school year and expire on the date stated in said instrument.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term shall not exceed five (5) years or shall be co-terminous with the approved Charter, whichever is shorter. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education’s approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. Charter School shall comply with all District health, safety, and emergency procedures and requirements and shall be subject to inspection by the District’s Facilities Services Division, OEHS, and other District offices in the same manner as other LAUSD campuses. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.
In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- **Use**: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses. Separate and apart from its right as authorizer to observe and inspect any part of the charter school at any time pursuant to Education Code 47607(a)(1), the District shall have and reserves the right to inspect District facilities upon reasonable notice to Charter School.

- **Furnishings and Equipment**: The District shall retain ownership of any furnishings and equipment, including technology, (“F&E”) that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.

- **Programs, Services, and Activities Outside Instructional Program; Third Party Vendors**
  
  (i) Any program, service, or activity provided outside the instructional program shall be subject to the terms and provisions of the use agreement, and, additionally, may require a license, permit, or additional agreement issued by the District. The term “instructional program” is defined, per Education Code section 47612 and 5 CCR section 11960, as those required educational activities that generate funding based on “average daily attendance” and includes those extracurricular programs, services, and/or activities that students are required to participate in and do not require the payment of any consideration or fee.

  (ii) Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.

- **Minimum Payments or Charges to be Paid to District Arising From the Facilities**

The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.

  (ii) Sole Occupant: If Charter School is a sole occupant of District facilities, the District shall allow Charter School, at its sole cost and expense, to provide some operations and maintenance services for the District facilities in accordance with applicable laws and LAUSD’s policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, the District shall provide all services for regulatory inspections which as the owner of the real property it is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.

- Real Property Insurance: Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD’s property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall not have the option of obtaining and maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

This requirement shall also apply to the construction, reconstruction, alteration of or addition to the facility. Charter School shall resolve in a timely manner any and all corrective actions, orders to comply, or notices issued by the authorized building and safety agency or the District. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding ("MOU"), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

Modified Consent Decree Requirements
All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith* Modified Consent Decree ("MCD") and other court orders imposed upon the District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statistically measureable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs ("IEPs") and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the MCD, student level data requests from District-operated and Charter-operated charter schools are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s ("OIM") required format in accordance with the OIM’s required timelines and as follows:
End of Year Suspension

District ID, CSIS ID, last name, first name, date of birth, gender, grade, date of suspension, number of days suspended, and reason for suspension.

The MCD requires charter schools to implement the District’s integrated student information system, which is currently referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data. All charter schools are required to utilize MiSiS directly or interface with MiSiS via a web based Application Programming Interface (API) in compliance with the requirements of the MCD and applicable timelines. Upon charter school full utilization of MiSiS either directly or via a web based API, the list of required data above will automatically be captured within MiSiS.

"The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records." (Ed. Code § 47605(b)(5)(O).)

REVOCATION OF THE CHARTER

The District may revoke the Charter if Charter School commits a breach of any provision set forth in a policy related to charter schools adopted by the District Board of Education and/or any provisions set forth in the Charter Schools Act of 1992. The District may revoke the
charter of Charter School if the District finds, through a showing of substantial evidence, that Charter School did any of the following:

- Charter School committed a material violation of any of the conditions, standards, or procedures set forth in the Charter.
- Charter School failed to meet or pursue any of the pupil outcomes identified in the Charter.
- Charter School failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.
- Charter School violated any provision of law.

Prior to revocation, and in accordance with Education Code section 47607(d) and state regulations, the LAUSD Board of Education will notify Charter School in writing of the specific violation, and give Charter School a reasonable opportunity to cure the violation, unless the LAUSD Board of Education determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. Revocation proceedings are not subject to the dispute resolution provisions set forth in this Charter.

Pursuant to AB 97, charter schools may be identified for assistance based on state evaluation rubrics and be subject to revocation pursuant to Education Code section 47607.3.

**Financial Close-Out**

After receiving notification of closure, the California Department of Education (CDE) will notify Charter School and the authorizing entity of any liabilities Charter School owes the state, which may include overpayment of apportionments, unpaid revolving fund loans or grants, and/or similar liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.

Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:

4. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.

5. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.

6. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School’s annual audit if it meets all of the requirements of the annual audit.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.
Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

5. Preliminary budgets
6. Interim financial reports
7. Second interim financial reports
8. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

**Disposition of Liabilities and Assets**

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School’s governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

5. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District’s personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.

6. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.

7. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.

8. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.
Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School’s governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

   d. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.

   e. Make final federal tax payments (employee taxes, etc.)

   f. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

**Additional Provisions**

**FACILITIES**

**District-Owned Facilities**

If Charter School is using District facilities as of the date of the submittal of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities
as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

Notwithstanding any provision of any existing agreement for the use of District facilities, no renewal, extension of the term, material revision, or amendment, of a charter petition shall automatically renew or extend the term of any agreement for the use of District facilities, including but not limited to Proposition 39 agreements. The circumstances of Charter School’s occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation. Proposition 39 Single Year Co-Location Use Agreements shall be limited to one (1) school year and expire on the date stated in said instrument.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term shall not exceed five (5) years or shall be co-terminous with the approved Charter, whichever is shorter. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education’s approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. Charter School shall comply with all District health, safety, and emergency procedures and requirements and shall be subject to inspection by the District’s Facilities Services Division, OEHS, and other District offices in the same manner as other LAUSD campuses. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.

In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate
in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- **Use**: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses. Separate and apart from its right as authorizer to observe and inspect any part of the charter school at any time pursuant to Education Code 47607(a)(1), the District shall have and reserves the right to inspect District facilities upon reasonable notice to Charter School.

- **Furnishings and Equipment**: The District shall retain ownership of any furnishings and equipment, including technology, (“F&E”) that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.

- **Leasing; Licensing**: Use of the District facilities by any person or entity other than Charter School shall be administered by the District. The parties may agree to an alternative arrangement in the use agreement.

- **Programs, Services, and Activities Outside Instructional Program; Third Party Vendors**
  1. Any program, service, or activity provided outside the instructional program shall be subject to the terms and provisions of the use agreement, and, additionally, may require a license, permit, or additional agreement issued by the District. The term “instructional program” is defined, per Education Code section 47612 and 5 CCR section 11960, as those required educational activities that generate funding based on “average daily attendance” and includes those extracurricular programs, services, and/or activities that students are required to participate in and do not require the payment of any consideration or fee.
  2. Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.

- **Minimum Payments or Charges to be Paid to District Arising From the Facilities**:  
  3. **Pro Rata Share**: The District shall collect and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter Schools Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and
(iv) **Taxes; Assessments:** Generally, Charter School shall pay any assessment or fee imposed upon or levied on the LAUSD facilities that it is occupying or Charter School’s legal or equitable interest created by the use agreement.

- **Maintenance & Operations Services:** In the event the District agrees to allow Charter School to perform any of the operation and maintenance services, the District shall have the right to inspect the District facilities, and the costs incurred in such inspection shall be paid by Charter School.

  (iii) **Co-Location:** If Charter School is co-locating or sharing the District facilities with another user, the District shall provide the operations and maintenance services for the District facilities and Charter School shall pay the Pro Rata Share. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.

  (iv) **Sole Occupant:** If Charter School is a sole occupant of District facilities, the District shall allow Charter School, at its sole cost and expense, to provide some operations and maintenance services for the District facilities in accordance with applicable laws and LAUSD’s policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, the District shall provide all services for regulatory inspections which as the owner of the real property it is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.

- **Real Property Insurance:** Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD’s property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall **not** have the option of obtaining and maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

**Non-District-Owned Facilities**

**Occupancy and Use of the Site:** Prior to occupancy or use of any school site or facility, Charter School shall provide the CSD with a current Certificate of Occupancy or equivalent document issued by the applicable permitting agency that allows Charter School to use and occupy the site as a charter school. Charter School shall not exceed the operating capacity of the site and shall operate within any limitations or requirements provided by the Certificate of Occupancy and any applicable permit. Charter School may not open or operate without providing a copy of an appropriate Certificate of Occupancy to the CSD. If Charter School intends to move or expand to another facility during the term of this Charter, Charter School shall adhere to any and all District policies and procedures regarding charter material revision and non-material amendment. Prior to occupancy or use of any such additional or changed school site, Charter School shall provide an appropriate Certificate of Occupancy to the CSD for such facility. Notwithstanding any
language to the contrary in this Charter, the interpretation, application, and enforcement of this provision are not subject to the Dispute Resolution Process outlined in Element 14.

**Facility Compliance:** Prior to occupancy or use of any school site or facility, Charter School shall provide adequate documentation to the CSD that the facility complies with all applicable building codes, standards and regulations adopted by the city and/or county agencies responsible for building and safety standards for the city in which Charter School is to be located, federal and state accessibility requirements (including the Americans with Disabilities Act (ADA) and Section 504), and all other applicable fire, health, and structural safety and access requirements. This requirement shall also apply to the construction, reconstruction, alteration of or addition to the facility. Charter School shall resolve in a timely manner any and all corrective actions, orders to comply, or notices issued by the authorized building and safety agency or the District. Charter School cannot exempt itself from applicable building and zoning codes, ordinances, and ADA/Section 504 requirements. Charter School shall maintain on file readily accessible records that document facilities compliance and provide such documentation to the CSD upon request.

**Pest Management:** Charter School shall comply with the Healthy Schools Act, Education Code section 17608, which details pest management requirements for schools.

**Asbestos Management:** Charter School shall comply with the asbestos requirement as cited in the Asbestos Hazard Emergency Response Act (AHERA), 40 C.F.R. part 763. AHERA requires that any building leased or acquired that is to be used as a school or administrative building shall maintain an asbestos management plan.
