

INTEROFFICE CORRESPONDENCE
Los Angeles Unified School District
Office of Environmental Health and Safety

TO: Local District Superintendents
Local Districts

DATE: June 11, 2019

FROM: Carlos A. Torres, Director 
Office of Environmental Health and Safety

SUBJECT: AIR QUALITY ADVISORY FOR JUNE 11, 2019

According to the South Coast Air Quality Management District (AQMD) and the Los Angeles County Health Officer, the air quality will be unhealthy for sensitive individuals in the San Fernando Valley today, June 11, 2019.

The AQMD advises that people with health sensitivities may experience negative health effects in this area. Children and adults with heart disease, asthma and other chronic respiratory diseases should not participate in physical activity and should limit their outdoor exposure.

Please share this information with schools and offices. If you have any questions or need assistance contact our office at (213) 241-3199.
