Los Angeles Unified School District
Office of Environmental Health and Safety

TO: Local District Superintendents
Local Districts

DATE: September 20, 2020

FROM: Carlos A. Torres, Director
Office of Environmental Health and Safety

SUBJECT: SMOKE ADVISORY FOR SEPTEMBER 21, 2020

The South Coast Air Quality Management District (SCAQMD) has issued a Smoke Advisory for September 21, 2020 in the West San Gabriel Valley due to wildfire smoke. Air quality levels maybe “unhealthy” in the monitored area. In the event of unhealthy air quality levels, the SCAQMD advises to discontinue prolonged, vigorous outdoor exercises lasting longer than one hour and susceptible persons such as those with heart or lung disease, should avoid outdoor activity entirely. The following Grab & Go locations fall within this designated area. See attachment for a full list of schools within the West San Gabriel Valley.

- Burbank Middle School
- Eagle Rock High School
- Verdugo Hills High School
- Mt. Gleason Middle School

If you smell smoke or see ash due to a wildfire, limit your exposure by remaining indoors with windows and doors closed or seek alternate shelter, and avoid vigorous physical activity. For more tips on protecting yourself during a wildfire, please refer to SCAQMD’s Wildfire Smoke & Ash Safety Tips page at <http://www.aqmd.gov/home/air-quality/wildfire-health-info-smoke-tips>.

The Office of Environmental Health and Safety (OEHS) will continue to monitor air quality and fire conditions and provide updates as necessary. For more information on ash from wildfires, refer to the OEHS [Safety Alert 03-13, Responding to Wildfire Ash in Schools](#).

Please share this information as needed. If you should have any questions or need assistance, do not hesitate to contact our office at (213) 241- 3199.
