**Los Angeles Unified School District**  
**Office of Environmental Health and Safety**

**TO:** Local District Superintendents  
Local Districts

**DATE:** February 26, 2021

**FROM:** Carlos A. Torres, Director  
Office of Environmental Health and Safety

**SUBJECT: SMOKE ADVISORY FOR FEBRUARY 26, 2021**

The South Coast Air Quality Management District (SCAQMD) has issued a Smoke Advisory due to a large industrial fire located in the City of Compton. Winds may move smoke into areas of South Central Los Angeles. Neighborhoods directly downwind of the fire may experience very unhealthy air quality at times throughout the day. Refer to the attachment for the COVID-19 testing locations and Grab & Go Centers that fall within these designated areas.

The SCAQMD advises that children and adults with heart disease, asthma and other chronic respiratory diseases should not participate in physical activity and avoid prolonged outdoor exposure in areas impacted by smoke or ash. If you smell smoke or see ash due to fire, limit your exposure by remaining indoors with windows and doors closed or seek alternative shelter, and avoid vigorous physical activity. For more tips on protecting yourself during a wildfire, please refer to SCAQMD's Wildfire Smoke & Ash Safety Tips page at <http://www.aqmd.gov/home/air-quality/wildfire-health-info-smoke-tips>.

The Office of Environmental Health and Safety (OEHS) will continue to monitor air quality conditions and provide updates as necessary. Additional information may be found in each school's Integrated Safe School Plan. Please share this information as needed. Should you have any questions or need assistance, do not hesitate to contact our office at (213) 241-3199.
