TITLE I FUNDS

Do I have to revise my current School Plan for Student Achievement (SPSA) to include the new Title I allocation?

Whether or not your school has submitted a 2021-22 SPSA to the LD for approval and participated in the budget development process, you may select to reconvene the SSC, revise the SPSA to reflect the additional Title I funds that have been allocated, resubmit the SPSA to the LD for approval, and revisit the budget development process no later than April 19 or you may contact James Mundy (jmundy@lausd.net) **prior to** April 19 to let him know that you would like to submit the SPSA without the additional Title I funds and wait until mid-July or thereafter to meet with the SSC to further plan on the use of the additional funds. In this case, the school would be able to submit a modification to their SPSA.
