

ADMINISTRATION JUSTICE

Are you interested in being a forensic scientist, a lawyer, or a law enforcement officer? Courses will focus on the philosophies, history, and theories of the criminal justice system.

EARLY CHILDHOOD EDUCATION

Interested in working with kids as your career? Whether you want to become a teacher or work with kids in private facilities, in this class you will learn developmental milestones for children, from conception through adolescence. You'll be able to observe children, evaluate individual differences and analyze characteristics of development at various stages!

COSMETOLOGY

Are you interested in the Beauty industry: hair stylist, make-up artist, skin and nail care, etc.? The course will introduce you to these exciting careers.

DESIGN & MEDIA ARTS

Are you interested in a career in a creative field? Whether you're looking for a career in the fashion industry or want to become the next YouTube sensation, these fun series of classes will give you the opportunity to learn new techniques. Put your creativity to use this summer. Produce short videos and learn editing techniques.

HEALTH AND RELATED SCIENCES

Begin your course work for an exciting degree and career in the health and related sciences sector. The healthcare sector will continue to grow and provide some of the best paying jobs in the nation. Learn the fundamentals and explore your career options.

LIBERAL ARTS

Want to earn general education credits which you can apply toward an associate of arts or bachelor's degree in one of the Liberal Arts disciplines? Whether you want to learn skills or improve your skills.

ROBOTICS

This introductory course in robotics emphasizes hands-on experience to build a basic functional robot. Learn about electric motors, servos, sensors, switches, actuators and their application in a robot.

SOCIOLOGY

Study and learn the sociology of family and family life, including their origin, structure, and functions.

SOLAR ENERGY

Learn about the careers in the solar industry including hands-on installation and maintenance projects, by building your own solar cell phone charger!

TRANSPORTATION YOUTH ACADEMY

Are you interested in motor vehicles and careers in the transportation industry? This hands-on course will help students explore the in-demand fields relating to transportation including mechanical engineering.
