### <sup>2</sup>Apex Learning Virtual School Withdrawal Policy

Standard semester length, AP, Chinese, German, and Latin courses:

- If a student is withdrawn from a course on or before the 28th day after the course start date, the district will receive a credit equal to 100% of the purchase price for the enrollment.
- If a student is withdrawn from a course more than 28 days after the course start date, there is no credit.

10-week credit recovery courses:

- If a student is withdrawn from a course on or before the 15th day after the course start date, the district will receive a credit equal to 100% of the purchase price for the enrollment.
- If a student is withdrawn from a course more than 15 days after the course start date, there is no credit.

All credits must be used prior to the order end date for the purchased enrollments and may be applied to the purchase of any Apex Learning solutions or services. There are no refunds for Apex Learning Virtual School enrollments.

<sup>3</sup> Accelerated credit recovery courses are not approved for initial eligibility by the NCAA. All other courses are NCAA approved.

<sup>4</sup> Each reusable subscription with instruction provides access through the next August 15 following the order start date for one student enrolled in any one course except Chinese, German, and Latin. If a student completes or withdraws from a course the subscription may be reused to enroll the same or another student in any one course. Instruction is provided by an Apex Learning online teacher.

## Comprehensive Courses with Teacher Provided by LAUSD

---

Apex Learning offers two subscription options for 12 months of access to Comprehensive Courses.

- **Single Enrollment Subscriptions** are the most cost effective when on average students are enrolled in 1-2 courses at a time.
- **Unlimited Enrollment Subscriptions** are the most cost effective when on average students are enrolled in 2 or more courses at a time.

### Single Enrollment Subscriptions

Each Single Enrollment Subscription provides access for a period of 12 months for one student enrolled in one Comprehensive Course. An enrollment may be in any Comprehensive Course. If a student completes or withdraws from the course in which he or she is enrolled, the Single Enrollment Subscription may be reused to enroll that student or another student in any course. So, one subscription may be used for multiple course enrollments during the year (for example, for a course enrollment each of the fall, spring, and summer semesters). The number of Single Enrollment Subscriptions purchased is the maximum number of enrollments there may be at the same time. There is no additional charge for access to Apex Learning Courses or LMS for teachers, staff, or administrators.

- Price: \$55.00 per Single Enrollment Subscription\*  
(Additional discounts may apply based on upfront purchase quantity)  
*\* Does not include the cost of literature required for certain English courses, lab manuals for certain science courses, or textbooks and lab materials for certain AP courses.*
- Quantity Price: \$50.00 per Single Enrollment Subscription\* for quantities over 1,000 on a single purchase order.
- Quantity Price: \$45.00 per Single Enrollment Subscription\* for quantities over 2,500 on a single purchase order.  
(Additional discounts may apply based on upfront purchase quantity)  
*\* Does not include the cost of literature required for certain English courses, lab manuals for certain science courses, or textbooks and lab materials for certain AP courses.*

Note that if a Single Enrollment Subscription is used for a course enrollment during each of the fall, spring, and summer semesters (it could be for the same or different students enrolled in any Comprehensive Course), the subscription provides the district with 3 course enrollments at an equivalent price of 1/3 of the subscription price per enrollment.

### Unlimited Enrollment Subscriptions

Each Unlimited Enrollment Subscription provides access for a period of 12 months for one student. A student may be enrolled in any number of Comprehensive Courses at the same time. If one student completes or is withdrawn from all courses in which he or she is enrolled, the Unlimited Enrollment Subscription may be reused to enroll another student in Apex Learning Courses. The number of Unlimited Enrollment Subscriptions purchased is the maximum number of students who may be enrolled in Comprehensive Courses at the same time. There is no additional charge for access to Apex Learning Courses or LMS for teachers, staff, or administrators.

- Price: \$125.00 per Unlimited Enrollment Subscription\*  
(Additional discounts may apply based on upfront purchase quantity)

*\* Does not include the cost of literature required for certain English courses, lab manuals for certain science courses, or textbooks and lab materials for certain AP courses.*

Note that if an Unlimited Enrollment Subscription is used to enroll one student in 5 courses during each of the fall and spring semesters, the subscription would provide the district with 10 course enrollments at an equivalent price of 1/10th of the subscription price per enrollment.

### Tutorials

---

Apex Learning offers two options for 12 months of access to Tutorials.

- Tutorials subscriptions for a specific number of students.
- School-wide access based on the total number of students in grades 6–12 in the school.

### Tutorials Subscriptions

Each Tutorials Subscription provides access for a period of 12 months for one student. A student may be enrolled in any number of Tutorials at the same time. If a student completes or withdraws from all Tutorials in which he or she is enrolled, the Tutorials Subscription may be reused to enroll another student in Tutorials. The number of Tutorials Subscriptions purchased is the maximum number of students who may be enrolled in Tutorials at the same time.

- Price: \$50.00 per Tutorials Subscription  
(Additional discounts may apply based on upfront purchase quantity)

### Tutorials School-wide Access

School-wide access provides unlimited enrollments in Tutorials for all students in a school for a period of 12 months.

- Price: \$25.00 per student based on total number of students in grades 6–12 in the school

## Professional Services

---

### Onsite and Web Conference Sessions

Item	Price
<b>Onsite Professional Development</b>	\$2,200 per 6-hour session
<b>Online Professional Development</b>	\$600 per 3-hour session
<b>Educator Academy On-Demand Professional Development</b>	Unlimited access included with purchase

Apex Learning will accommodate up to 30 participants per professional development session.

### Implementation Success Manager

Apex Learning will assign an Implementation Success Manager to partner with LAUSD staff throughout the school year, including summer school, to ensure successful implementation. There is no charge for this service.

### Reports

In addition to access to standard reports, Apex Learning will provide custom reports and ad hoc reporting as required by LAUSD. There is no charge for this service.

## Materials

---

Apex Learning strives to design courses such that the full content of the course is resident within the course electronically. We do our best to use texts that have electronic versions available, but in an effort to meet standard requirements with the best form of instruction, that promotes diversity and critical thinking (e.g., literature for English courses, lab manuals for science courses), certain courses sometimes have required or optional books or other ancillary materials (e.g., a calculator for math courses, a microphone for world languages courses, lab materials for science courses). As a past partner, many of these materials may already be available within the district for use, or may be purchased from Apex Learning or another supplier. The price for course access does not include any such required or optional materials. For a complete list of required materials and pricing to purchase from Apex Learning, please visit: [http://www.apexlearning.com/info/materials\\_list.pdf](http://www.apexlearning.com/info/materials_list.pdf).
