Preface

The District Office of Transition Services (DOTS) is tasked with the responsibility of the coordination, planning and delivery of transition services for all students with disabilities, beginning at age 14 (or younger, if appropriate) to prepare them for transition from school to adult living.

The term "transition services" means a coordinated set of activities for a child with a disability that:

- Is designed to be within a results-oriented process, that is focused on improving the academic and functional achievement of the child with a disability to facilitate the child's movement from school to post-school activities, including postsecondary education, vocational education, integrated employment (including supported employment); continuing and adult education, adult services, independent living, or community participation;

- Is based on the individual child's needs, taking into account the child's strengths, preferences, and interests; and

- Includes instruction, related services, community experiences, the development of employment and other post-school adult living objectives, and, if appropriate, acquisition of daily living skills and functional vocational evaluation.

This book was developed by transition teachers and administrators with the input of parents. LAUSD students receive transition lessons at the middle and high school levels. This book aims to better inform parents about the services rendered. Each high school throughout LAUSD has a transition teacher who gives lessons. This handbook gives the goals and objectives of selected lessons and incorporates extension lessons for parents to implement at home. We in DOTS understand that parents are an integral part of their child's successful transition into adulthood.

In addition, this book provides a sample of an Individualized Transition Plan (ITP). The ITP will be reviewed annually as part of the Individualized Education Process (IEP).

This book was written and prepared by the District Office of Transition Services' Instructional Committee: Evette Kurai, Jason Alexander, Shelly Tran, Darren Leon, Freida Ford, Lissette Carreno, Beverly Fleming, Yuriko Anderson and Shalivia Sefas.

Transition Goal Planning and *The ITP and You*

**Skills Being Taught:**
- The importance of transition goals and participation in the IEP/ITP process.

**Goal(s):**
- Students will learn how to identify transition goals and learn their rights regarding the Transition Plan.

**Activities to Support Your Child at Home**
- Parent will assist student with identifying the three goals (Education/Training, Employment, and Independent Living Skills) for his/her ITP using the student’s most current IEP.
- Parent will assist student in understanding the three goals by discussing them with their child and help the child understand the importance of this legal document.
- Parent will assist student with planning ways to meet their transition goals.
- Parent will assist the student in communicating their transition goals to support staff and teachers.
- Student will communicate with support staff ways to meet their transition goals.
- Student will prepare to present and advocate for their transition goals at the next IEP meeting.
STUDENT INTEREST INTERVIEW

Using the Student Interest Interview

The Student Interest Interview was developed to help students in the identification of post school interests. The interview may be facilitated by either a classroom teacher, or other service providers. Once completed, the actual protocol should be maintained in the student’s Career Portfolio for future reference. The interview questions may be used to assist students in identifying their interests and exploring what courses, tasks or activities must be completed to ensure outcomes are realized or modified.

The Interest Interview is divided into four sets of questions referred to as “phases”. These sequential phases are Awareness, Exploration, Preparation and Employment. Each phase discusses different areas of career awareness.

Awareness
Self-assessment of personal values, interests and skills which will aid students in making choices for specific career paths.

Exploration
Self-assessment of personal preferences which may impact job satisfaction. In this phase, students identify preferences for use of their free time, future course work and employment.

Preparation
Identification of specific actions which will need to occur in order for the students to realize his/her career choices. In this section, students review the skills needed for specific jobs, required course work, family and community support and post-school training.

Employment
Once employed, students evaluate their work environment including skills, benefits and future opportunities.

ALL THINGS POSSIBLE

Getting from Where I Am to Where I Want to Be

The questions which follow will help bring together your thoughts about your hopes and plans for the future. You will then identify some first steps, you, your family and friends, and agency people can take to help you realize your best possible future after school. This information will be used to complete your Individual Transition Plan or “ITP”.

You will be asked to identify your plans for your life in five general areas: employment, training and education, living arrangements, financial and economics, and independent living. You and your team will then be able to identify steps or actions that need to take place right now to help you reach your goals.

You can answer the questions in several ways: (1) you can fill it out by yourself, (2) someone can ask you the questions and write down your answers, (3) you can work on it with a teacher, counselor or someone else, or (4) family and friends can help you with it. Everyone’s ideas are important and should be written down. Place the person’s initials next to what they say.

1. My name and today’s date:

EMPLOYMENT—as an adult...

2. Do you want to be working, if NO go to Number 7.
2a. What would you be doing?

3. List your career or job interests (you can use the results from your vocational assessment here):

INDIVIDUALIZED EDUCATION PROGRAM (IEP)

Los Angeles Unified School District

INDIVIDUAL TRANSITION PLAN (ITP)

**Course of study:** A multi-year description of student's coursework from current year to anticipated exit year, in order to enable the student to meet their postsecondary goal.

- A course of study (or IGP) was reviewed with parent and student in relation to:
  - Courses completed: Yes □ No □
  - Courses currently enrolled in: Yes □ No □
  - Courses still needed: Yes □ No □
  - IGP or course of study was provided to the parent or student over age 18 as required: Yes □
  - Student is working towards: Certificate of Completion □ Diploma □

- Additional courses/activities discussed that may support post secondary goals (e.g. SLC participation, electives or instruction related to postsecondary goals, community experiences, participation in other school clubs or organizations, etc.)

**Future Agency Involvement:**

- Are there agencies currently or prospectively providing or paying for transition services? Yes □ No □
- Do you give permission to the District to invite these agencies to the next IEP in which transition services will be reviewed? Yes □ No □

**Agency Name:**

1. Does the student's IEP include appropriate measurable postsecondary goals that cover education/training, employment and, as needed, independent living?
2. Are the postsecondary goals updated annually?
3. Is there evidence that the measurable postsecondary goals were based on age appropriate transition assessment?
4. Are there transition services that will reasonably enable the student to meet their postsecondary goals?
5. Do the transition services include a course of study that is a multi-year description of coursework from the student's current year to anticipated exit year and that is designed to help the student achieve the identified postsecondary goals?
6. Is (are) there annual IEP goal(s) related to the student's transition services needs?
7. Is there evidence that the student was invited to the IEP team meeting where transition services were discussed?
8. If appropriate, is there evidence that a representative of any participating agency was invited to the IEP team meeting with the prior consent of the parent or student who has reached the age of majority?

## Skills Being Taught:

- **Student will research careers.**
- **Student will find careers that are aligned with their interests.** Student will become familiar with America’s Job Center (formerly known as Work Source).

## Goal(s):**

- Parent reviews the results of the career inventory. Parent and child make a list of careers of interest based on results and investigate the education requirements. Use sites like O*NET Online (https://www.onetonline.org/) and California CareerZone (https://www.cacareerzone.org/).

## Activities to Support Your Child at Home:

- Parent and child research schools and gather contact information. Parent may contact the DOTS teacher in order to get help with this task.

- Parent and child investigate enrollment options at LAUSD Occupational Center or Adult Education class. Investigate Job Corp and California Conservation Corp.

- Parent and child discuss pros and cons of a job, including workplace environment, potential earnings and handling stress.

- Student makes contact with internship and/or volunteer opportunity.

- Parent and student visit America’s Job Center and ask about training and supported work opportunities.

Skills Being Taught:
Youth demonstrate the ability to make informed decisions and practice self-management by making healthy choices.

Goal(s):
The students will learn to organize their school binder. Students will also complete a school checklist.

Activities to Support Your Child at Home
- Help your child make a list of items he/she will need in order to stay organized at school.
- Take your child to the store to buy a binder, dividers, and a folder.
- Help your child organize his/her binder.
- Show your child what an organized binder should look like.
- Discuss with your child why it is important to organize his/her binder.
- Check your child's binder. Have a discussion about which classes he/she is taking and how the binder is organized.
Tips to Organize Your Binder / Notebook...

Save yourself time, stress and protect against lost papers: organize your notebook!

Think about these suggestions and your teacher's requirements before you begin. Make a point of keeping your notebook organized all the time. If you always put things in the same place, you will be able to easily find them when you need them.

Keep it together ...

- Use a three-ring binder whenever possible. It is easier to add to and rearrange papers in a three-ring binder than a spiral notebook or an exercise.
- Use divider sheets with pockets. This will allow you to keep handouts that have not been three-hole punched. You can always punch them later.
- Place coloured tabs on these divider sheets to distinguish between different subjects. Organize the binder in the order of your classes.
- Divide each subject area into sections, using sheets of coloured paper as dividers. Write each section's name on a separate sheet of paper. For example, in language arts, label a blue sheet of paper "Daily Work," a green sheet "Quizzes and Tests", a yellow sheet "Writing," a pink sheet "Vocabulary," etc. You may want to ask your teacher to suggest headings.

Don’t forget to…

- Put your name, address and phone number on the inside cover of your binder in case you lose it. Put clear tape over your name label to protect it from water damage.
- Keep a supply of notebook paper in the back of each subject area in your binder.
- Store pencils, pens, a small calculator, a ruler, a small pair of scissors, a small stapler, paper clips, coloured pencils, etc., in a plastic zipper bag made for binders.
- Place a calendar and assignment notebook or assignment sheets in your binder. If your teachers require separate assignment sheets for each subject, keep one in each subject area.
- Include the classroom rules, grading procedures, grade sheets, etc., for each class.
- Keep your "To Do" list in the front pocket of the first subject in your binder or clip it to the binder's inside cover.
Note-Taking

Taking notes can sometimes be hard work. You have to listen to the teacher, think about what the topic is, pick out the important items and then write them down.

Get Ready
• Have materials ready (pen/pencil, paper, etc)
• Review previous notes
• Do assigned reading (if you had homework to do the night before)
• Think about why you are listening to this topic

Take Notes
• Use short sentences or phrases to take notes
• Skip lines between ideas
• Copy information from the board
• Make a mark (like a star) next to items that you find confusing
• Note unfamiliar words

After Note-taking
• Add important details that you might have left out
• Complete any blanks in your rough notes
• Get definitions of words you don’t understand

“If you fail to plan, you are planning to fail.”

Organizing for a Project

• Don’t leave things to the last minute. Look at when your project is due and make a note of it on a calendar or somewhere you will see it daily.
• Break the project into parts. Smaller parts will make the project seem easier and each part can be done in a small amount of time.
• Keep all your information and materials together. This will keep you from losing things you might need at the end.
• Follow the guidelines for the project so you get a good mark.
• Use a Cover Page (see this booklet for a sample cover page)
• Type up your assignment on a computer. Stay after school and use the school computers if you don’t have one at home. Write in black or blue pen if you don’t type it up.
• If you are working in a group, make sure everyone is doing their share.
• Try and finish early, so you can ask your teacher to look at it and offer suggestions for a better final project.
SCIENCE QUESTION
List any three characteristics of living things along with an example of the characteristic.

ANSWER
Three characteristics of living things are:

a) All living things either make or take in food. Example – the leaves of green plants contain chlorophyll which is used to convert water and carbon dioxide into oxygen and sugar which is food for the plant.

b) All living things move. Example – a blue jay flies through the air from tree to tree

c) All living things grow. Example – a puppy grows into an adult dog.

SOCIAL STUDIES QUESTION
Who were the “Home Children” and why did they come to Canada?

ANSWER
The Home Children were young children from England who were living in orphanages because their parents were dead or did not have enough money to feed and care for them. The orphanages in England were full of these children and the government decided that they would send many of these children to Canada to live with families here. This would save the government money because they would not have to take care of all these children in these “homes.” Many of the children were be-
My child says that they just finished their homework… What can I do to check it for them?

HOMEWORK CHECKLIST FOR PARENTS

☐ Is the date written on the top of the page?
☐ Is it neat and tidy?
   - Pages are not ripped or torn, writing is readable
☐ Is there a cover page?
   - if it is to be passed in as an assignment (see sample in this booklet)
☐ Have all the questions been answered?
   - check which questions have been assigned
☐ Have all the answers been stated clearly?
   - make sure that the answer covers the question(s)
☐ If it is Math, have all workings been shown?
☐ Are the answers in complete sentences?
   - unless they are asking for a list, full sentences should be used
☐ Were capital letters used when needed?
☐ Was the spelling checked?
☐ Is it done in blue or black ink or pencil?
   - NOT pink, purple, green, etc.. this makes the work hard to read
☐ Was there anything special that needed to be done?
   - table, chart, drawing, graph, sketches, etc...
### College Preparation

**Skills Being Taught:**
- How to complete college application and financial aid forms.

**Goal(s):**
- Provide students with necessary tools and resources to apply for college and financial aid.

</tr>
<tr>
<td>Ask the college counselor to help your child complete the FAFSA.</td>
</tr>
<tr>
<td>Ask your DOTS teacher for the deadlines to complete the college/university and FAFSA applications.</td>
</tr>
</tbody>
</table>
Use this form to apply free for federal and state student grants, work-study, and loans. Or apply free online at www.fafsa.gov.

Applying by the Deadlines
For federal aid, submit your application as early as possible, but no earlier than January 1, 2016. We must receive your application no later than June 30, 2017. Your college must have your correct, complete information by your last day of enrollment in the 2016-2017 school year.

For state or college aid, the deadlines may be as early as January 1, 2016. See the tables to the right for state deadlines. You may also need to complete additional forms. Check with your high school guidance counselor or a financial aid administrator at your college about state and college sources of student aid and deadlines.

If you are filing close to one of these deadlines, we recommend you file online at www.fafsa.gov. This is the fastest and easiest way to apply online.

Using Your Tax Return
The easiest way to complete or correct your FAFSA with accurate tax information is by using the IRS Data Retrieval tool through www.fafsa.gov. In a few simple steps, most students and parents who filed a 2015 tax return can view and transfer their tax return information directly into the FAFSA.

Note: Both parents or both the student and spouse may need to report income information on the FAFSA if they did not file a joint tax return for 2015. For assistance with answering the income information questions in this situation, call 1-800-4-FED-AID (1-800-433-3243).

Filling Out the FAFSA®
If you or your family experienced significant changes to your financial situation (such as loss of employment), or other unusual circumstances (such as high unreimbursed medical or dental expenses), complete this form to the extent you can and submit it as you complete it by hand. Your answers will be read electronically; therefore if you complete the form by hand:

- use black ink and fill in circles completely:

<table>
<thead>
<tr>

</thead>
<tbody>
<tr>
<td>1 5 E L M S T</td>
<td>O</td>
</tr>
</tbody>
</table>

- print clearly in CAPITAL letters and skip a box between words:

$ 1 2 3 5 6 no cents

- report dollar amounts (such as $12,356.41) like this:

Correct: $12,356.41 Incorrect: $12,356.4

Orange is for student information and purple is for parent information.

What is the FAFSA®?

Why fill out a FAFSA?

The Free Application for Federal Student Aid (FAFSA) is the first step in the financial aid process. You use the FAFSA to apply for federal student aid, such as grants, work-study, and loans. In addition, most states and colleges use information from the FAFSA to award nonfederal aid.

Why all the questions?

The questions on the FAFSA are required to calculate your Expected Family Contribution (EFC). The EFC measures your family’s financial strength and is used to determine your eligibility for federal student aid. Your state and the colleges you list may also use some of your responses. They will determine if you may be eligible for school or state aid, in addition to federal aid.

How do I find out what my Expected Family Contribution (EFC) is?

Your EFC will be listed on your Student Aid Report (SAR). Your SAR summarizes the information you submitted on your FAFSA. It is important to review your SAR to make sure all of your information is correct and complete. Make corrections or provide additional information, as necessary.

How much student financial aid will I receive?

Using the information on your FAFSA and your EFC, the financial aid office at your college will determine the amount of aid you will receive. The college will use your EFC to prepare a financial aid package to help you meet your financial need. Financial need is the difference between the cost of attendance (which can include living expenses) as determined by your college, and your EFC. If you or your family have unusual circumstances that should be taken into account, contact your college’s financial aid office. Some examples of unusual circumstances are: unusual medical or dental expenses or a large change in income from last year to this year.

When will I receive the student financial aid?

Any financial aid you are eligible to receive will be paid to you through your college. Typically, your college will first use the aid to pay tuition, fees, room and board (if provided by the college). Any remaining aid is paid to you for your other educational expenses. If you are eligible for a Federal Pell Grant, you may receive it from only one college for the same period of enrollment.

How can I have more colleges receive my FAFSA information?

If you are completing a paper FAFSA, you can only list four colleges in the school code step. You may add more colleges by doing one of the following:

- After your FAFSA has been processed, go to FAFSA on the Web at www.fafsa.gov. Click the “Login” button on the home page to log in to FAFSA on the Web, then click “Make FAFSA Corrections.”

- Use the Student Aid Report (SAR), which you will receive after your FAFSA is processed. Your Data Release Number (DRN) verifies your identity and will be listed on the first page of your SAR. You can call 1-800-433-3243 and provide your DRN to a customer service representative, who will add more school codes for you.

- Provide your DRN to the financial aid administrator at the college you want added, and he or she can add their school code to your FAFSA.

Note: Your FAFSA record can only list up to ten school codes. If there are ten school codes on your record, each new code will need to replace one of the school codes listed.

Where can I receive more information on student financial aid?

The best place for information about student financial aid is the financial aid office at the college you plan to attend. The financial aid administrator can tell you about student aid available from your state, the college itself and other sources.

- You can also visit our web site StudentAid.gov.

- For information by phone you can call our Federal Student Aid Information Center at 1-800-433-3243. TTY users (for the hearing impaired) may call 1-800-730-8913.

- You can also check with your high school counselor, your state aid agency or your local library’s reference section.

Information about other nonfederal assistance may be available from foundations, faith-based organizations, community organizations and civic groups, as well as organizations related to your field of interest, such as the American Medical Association or American Bar Association. Check with your parents’ employers or unions to see if they award scholarships or have tuition payment plans.

Information on the Privacy Act and use of your Social Security Number

We use the information that you provide on this form to determine if you are eligible to receive federal student financial aid and the amount that you are eligible to receive. Sections 483 and 484 of the Higher Education Act of 1965, as amended, give us the authority to ask you and your parents these questions, and to collect the Social Security Numbers of you and your parents. We use your Social Security Number to verify your identity and retrieve your records, and we may request your Social Security Number again for those purposes.

State and institutional student financial aid programs may also use the information that you provide on this form to determine if you are eligible to receive state and institutional aid and the need that you have for such aid. Therefore, we will disclose the information that you provide on this form to each institution you list in questions 103a - 103h, state agencies in your state of legal residence and the state agencies of the states in which the colleges that you list in questions 103a - 103h are located.

If you are applying solely for federal aid, you must answer all of the following questions that apply to you: 1-9, 14-16, 18, 21-23, 26, 28-29, 32-37, 39-59, 61-68, 70, 73-86, 88-102, 104-105. If you do not answer these questions, you will not receive federal aid.

Without your consent, we may disclose information that you provide to entities under a published “routine use.” Under such a routine use, we may disclose information to third parties that we have authorized to assist us in administering the above programs; to other federal agencies under computer matching programs, such as those with the Internal Revenue Service, Social Security Administration, Selective Service System, Department of Homeland Security, Department of Justice and Veterans Affairs; to your parents or spouse; and to members of Congress if you ask them to help you with student aid questions.

If the federal government, the U.S. Department of Education, or an employee of the U.S. Department of Education is involved in litigation, we may send information to the Department of Justice, or a court or adjudicative body, if the disclosure is related to financial aid and certain conditions are met. In addition, we may send your information to a foreign, federal, state, or local enforcement agency if the information that you submitted indicates a violation or potential violation of law, for which that agency has jurisdiction for investigation or prosecution. Finally, we may send information regarding a claim that is determined to be valid and overdue to a consumer reporting agency. This information includes identifiers from the record; the amount, status and history of the claim; and the program under which the claim arose.

State Certification

By submitting this application, you are giving your state financial aid agency permission to verify any statement on this form and to obtain income tax information for all persons required to report income on this form.

The Paperwork Reduction Act of 1995

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1845-0001. Public reporting burden for this collection of information is estimated to average one hour and a half hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is voluntary. If you have comments or concerns regarding the status of your individual submission of this form, please contact the Federal Student Aid Information Center, P.O. Box 84, Washington, D.C. 20044 directly. [Note: Please do not return the completed form to this address.]

We may request additional information from you to process your application more efficiently. We will collect this additional information only as needed and on a voluntary basis.

   MONTH YEAR

73. How many people are in your parents’ household?
   Include:
   • yourself, even if you don’t live with your parents,
   • your parents,
   • your parents’ other children (even if they do not live with your parents) if (a) your parents will provide more than half of their support between July 1, 2016 and June 30, 2017, or (b) the children could answer “No” to every question in Step Three on page 5 of this form, and
   • other people if they now live with your parents, your parents provide more than half of their support and your parents will continue to provide more than half of their support between July 1, 2016 and June 30, 2017.

74. How many people in your parents’ household (from question 73) will be college students between July 1, 2016 and June 30, 2017?
   - Always count yourself as a college student. Do not include your parents. Do not include siblings who are in U.S. military service academies. You may include others only if they will attend, at least half-time in 2016-2017, a program that leads to a college degree or certificate.

In 2014 or 2015, did you, your parents or anyone in your parents’ household (from question 73) receive benefits from any of the federal programs listed? Mark all that apply. Answering these questions will not reduce eligibility for student aid or these programs. TANF may have a different name in your parents’ state.

Call 1-800-433-3243 to find out the name of the state’s program.

75. Supplemental Income (SSI)  
76. Supplemental Nutrition Assistance Program (SNAP)  
77. Free or Reduced Price Lunch  
78. Temporary Assistance for Needy Families (TANF)  
79. Special Supplemental Nutrition Program for Women, Infants, and Children (WIC)

If your answer to question 59 was “Unmarried and both parents living together,” contact 1-800-433-3243 for assistance with answering questions 80-94.

80. For 2015, have your parents completed their IRS income tax return or another tax return listed in question 81?
   - My parents have already completed their return.  
   - My parents will file but have not yet completed their return.  
   - My parents are not going to file.  
   Skip to question 88.

81. What income tax return did your parents file or will they file for 2015?
   - IRS 1040  
   - IRS 1040A or 1040EZ  
   - A foreign tax return. See Notes page 9.  
   - A tax return with Puerto Rico, another U.S. territory or Freely Associated State. See Notes page 9.

82. For 2015, what is or will be your parents’ tax filing status according to their tax return?
   - Single  
   - Head of household  
   - Married—filed joint return  
   - Married—filed separate return  
   - Qualifying widow(er)  
   - Don’t know

83. If your parents have filed or will file a 1040, were they eligible to file a 1040A or 1040EZ? See Notes page 9.
   - Yes  
   - No  
   - Don’t know

84. As of today, is either of your parents a dislocated worker? See Notes page 10.
   - Yes  
   - No  
   - Don’t know
85. What was your parents’ adjusted gross income for 2015? Adjusted gross income is on IRS Form 1040—line 37; 1040A—line 21; or 1040EZ—line 4. $

86. Enter your parents’ income tax for 2015. Income tax amount is on IRS Form 1040—line 56 minus line 46; 1040A—line 28 minus line 36; or 1040EZ—line 10. $

87. Enter your parents’ exemptions for 2015. Exemptions are on IRS Form 1040—line 6d or on Form 1040A—line 6d. See Notes page 9.

Questions 88 and 89 ask about earnings (wages, salaries, tips, etc.) in 2015. Answer the questions whether or not a tax return was filed. This information may be on the W-2 forms or on the tax return selected in question 81: IRS Form 1040—lines 7 + 12 + 18 + Box 14 (Code A) of IRS Schedule K-1 (Form 1065); 1040A—line 7; or 1040EZ—line 1. If any individual earning item is negative, do not include that item in your calculation. Report the information for the parent listed in questions 61-64 in question 88 and the information for the parent listed in questions 65-68 in question 89.

88. How much did Parent 1 (father/mother/stepparent) earn from working in 2015? $

89. How much did Parent 2 (father/mother/stepparent) earn from working in 2015? $

90. As of today, what is your parents’ total current balance of cash, savings, and checking accounts? Don’t include student financial aid. $

91. As of today, what is the net worth of your parents’ investments, including real estate? Don’t include the home in which your parents live. See Notes page 9. $

92. As of today, what is the net worth of your parents’ current businesses and/or investment farms? Don’t include a family farm or family business with 100 or fewer full-time or full-time equivalent employees. See Notes page 9. $

93. Parents’ 2015 Additional Financial Information (Enter the amounts for your parent[s].)

a. Education credits (American Opportunity Tax Credit and Lifetime Learning Tax Credit) from IRS Form 1040—line 50 or 1040A—line 33. $

b. Child support paid because of divorce or separation or as a result of a legal requirement. Don’t include support for children in your parents’ household, as reported in question 73. $

c. Your parents’ taxable earnings from need-based employment programs, such as Federal Work-Study and need-based employment portions of fellowships and assistantships. $

d. Your parents’ taxable college grant and scholarship aid reported to the IRS in your parents’ adjusted gross income. Includes AmeriCorps benefits (awards, living allowances and interest accrual payments), as well as grant and scholarship portions of fellowships and assistantships. $

e. Combat pay or special combat pay. Only enter the amount that was taxable and included in your parents’ adjusted gross income. Do not enter untaxed combat pay. $

f. Earnings from work under a cooperative education program offered by a college. $

94. Parents’ 2015 Untaxed Income (Enter the amounts for your parent[s].)

a. Payments to tax-deferred pension and retirement savings plans (paid directly or withheld from earnings), including, but not limited to, amounts reported on the W-2 forms in Boxes 12a through 12d, codes D, E, F, G, H and S. Don’t include amounts reported in code DD (employer contributions toward employee health benefits). $

b. IRA deductions and payments to self-employed SEP, SIMPLE, Keogh and other qualified plans from IRS Form 1040—line 28 + line 32 or 1040A—line 17. $

c. Child support received for any of your parents’ children. Don’t include foster care or adoption payments. $

d. Tax exempt interest income from IRS Form 1040—line 8b or 1040A—line 8b. $

e. Untaxed portions of IRA distributions from IRS Form 1040—lines (15a minus 15b) or 1040A—lines (11a minus 11b). Exclude rollovers. If negative, enter a zero here. $

f. Untaxed portions of pensions from IRS Form 1040—lines (16a minus 16b) or 1040A—lines (12a minus 12b). Exclude rollovers. If negative, enter a zero here. $

g. Housing, food and other living allowances paid to members of the military, clergy and others (including cash payments and cash value of benefits). Don’t include the value of on-base military housing or the value of a basic military allowance for housing. $

h. Veterans noneducational benefits, such as Disability, Death Pension, or Dependency & Indemnity Compensation (DIC) and/or VA Educational Work-Study allowances. $

i. Other untaxed income not reported in items 94a through 94h, such as workers’ compensation, disability benefits, etc. Also include the untaxed portions of health savings accounts from IRS Form 1040—line 25. Don’t include extended foster care benefits, student aid, earned income credit, additional child tax credit, welfare payments, untaxed Social Security benefits, Supplemental Security Income, Workforce Innovation and Opportunity Act educational benefits, on-base military housing or a military housing allowance, combat pay, benefits from flexible spending arrangements (e.g., cafeteria plans), foreign income exclusion or credit for federal tax on special fuels. $
Step Five (Student): Complete this step only if you (the student) answered “Yes” to any questions in Step Three.

95. How many people are in your household?
   Include:
   - yourself (and your spouse),
   - your children, if you will provide more than half of their support between July 1, 2016 and June 30, 2017, even if they do not live with you, and
   - other people if they now live with you, you provide more than half of their support and you will continue to provide more than half of their support between July 1, 2016 and June 30, 2017.

96. How many people in your (and your spouse’s) household (from question 95) will be college students between July 1, 2016 and June 30, 2017? Always count yourself as a college student. Do not include family members who are in U.S. military service academies.
   Include others only if they will attend, at least half-time in 2016-2017, a program that leads to a college degree or certificate.

In 2014 or 2015, did you (or your spouse) or anyone in your household (from question 95) receive benefits from any of the federal programs listed? Mark all that apply. Answering these questions will not reduce eligibility for student aid or these programs. TANF may have a different name in your state. Call 1-800-433-3243 to find out the name of the state’s program.

97. Supplemental Security Income (SSI)
98. Supplemental Nutrition Assistance Program (SNAP)
99. Free or Reduced Price Lunch
100. Temporary Assistance for Needy Families (TANF)
101. Special Supplemental Nutrition Program for Women, Infants, and Children (WIC)

102. As of today, are you (or your spouse) a dislocated worker? See Notes page 10.
   Yes 1  No 2  Don’t know 3

Step Six (Student): Indicate which colleges you want to receive your FAFSA information.

Enter the six-digit federal school code and your housing plans for each college or school you wish to receive your FAFSA information. You can find the school codes at www.fafsa.gov or by calling 1-800-433-3243. If you cannot obtain a code, write in the complete name, address, city and state of the college. All of the information you included on your FAFSA, with the exception of the list of colleges, will be sent to each of the colleges you listed. In addition, all of your FAFSA information, including the list of colleges, will be sent to your state student grant agency. For federal student aid purposes, it does not matter in what order you list your selected schools. However, the order in which you list schools may affect your eligibility for state aid. Check with your state grant agency for more information. To find out how to have more colleges receive your FAFSA information, read What is the FAFSA? on page 2.

Step Seven (Student and Parent): Read, sign and date.

If you are the student, by signing this application you certify that you (1) will use federal and/or state student financial aid only to pay the cost of attending an institution of higher education, (2) are not in default on a federal student loan or have made satisfactory arrangements to repay it, (3) do not owe money back on a federal student grant or have made satisfactory arrangements to repay it, (4) will notify your college if you default on a federal student loan and (5) will not receive a Federal Pell Grant from more than one college for the same period of time.

If you are the parent or the student, by signing this application you certify that all of the information you provided is true and complete to the best of your knowledge and you agree, if asked, to provide information that will verify the accuracy of your completed form. This information may include U.S. or state income tax forms that you filed or are required to file. Also, you certify that you understand that the Secretary of Education has the authority to verify information reported on this application with the Internal Revenue Service and other federal agencies. If you sign any document related to the federal student aid programs electronically using a personal identification number (PIN), username and password, and/or any other credential, you certify that you are the person identified by that PIN, username and password, and/or other credential, and have not disclosed that PIN, username and password, and/or other credential to anyone else. If you purposely give false or misleading information, you may be fined up to $20,000, sent to prison, or both.

For Help — 1-800-433-3243
Notes for question 8 (page 3)

Enter your Social Security Number (SSN) as it appears on your Social Security card. If you are a resident of the Freely Associated States (i.e., the Republic of Palau, the Republic of the Marshall Islands, or the Federated States of Micronesia) and were issued an identification number beginning with “666” when submitting a FAFSA previously, enter that number here. If you are a first-time applicant from the Freely Associated States, enter “666” in the first three boxes of the SSN field and leave the remaining six positions blank and we will create an identification number to be used for federal student aid purposes.

Notes for questions 14 and 15 (page 3)

If you are an eligible noncitizen, write in your eight- or nine-digit Alien Registration number. Generally, you are an eligible noncitizen if you are (1) a permanent U.S. resident with a Permanent Resident Card (I-551); (2) a conditional permanent resident with a Conditional Green Card (I-551C); (3) the holder of an Arrival-Departure Record (I-94) from the Department of Homeland Security showing any one of the following designations: “Refugee,” “Asylum Granted,” “Parolee” (I-94 confirms that you were paroled for a minimum of one year and status has not expired), T-Visa holder (T-1, T-2, T-3, etc.) or “Cuban-Haitian Entrant;” or (4) the holder of a valid certification or eligibility letter from the Department of Health and Human Services showing a designation of “Victim of human trafficking.”

If you are in the U.S. and have been granted Deferred Action for Childhood Arrivals (DACA), an F1 or F2 student visa, a J1 or J2 exchange visitor visa, or a G series visa (pertaining to international organizations), select “No, I am not a citizen or eligible noncitizen.” You will not be eligible for federal student aid. If you have a Social Security Number but are not a citizen or an eligible noncitizen, including if you have been granted DACA, you should still complete the FAFSA because you may be eligible for state or college aid.

Notes for questions 16 and 17 (page 3)

Report your marital status as of the date you sign your FAFSA. If your marital status changes after you sign your FAFSA, check with the financial aid office at the college.

Notes for questions 21 and 22 (page 3)

To be eligible for federal student aid, male citizens and male immigrants residing in the U.S. aged 18 through 25 are required to register with the Selective Service System, with limited exceptions. This requirement applies to any person assigned the sex of male at birth. The Selective Service System and the registration requirement for males preserve America’s ability to provide resources in an emergency to the U.S. Armed Forces (Army, Navy, Air Force, Marines, or Coast Guard). For more information about the Selective Service System, visit www.sss.gov. Forms are available at your local U.S. Post Office.

Notes for questions 33 (page 4) and 81 (page 6)

If you filed or will file a foreign tax return, a tax return with Puerto Rico, another U.S. territory (e.g., Guam, American Samoa, the U.S. Virgin Islands, Swain’s Island or the Northern Marianas Islands) or one of the Freely Associated States, use the information from that return to fill out this form. If you filed a foreign return, convert all monetary units to U.S. dollars, using the published exchange rate in effect for the date nearest to today’s date. To view the daily exchange rates, go to www.federalreserve.gov/releases/h10/current.

Notes for questions 35 (page 4) and 83 (page 6)

In general, a person is eligible to file a 1040A or 1040EZ if he or she makes less than $100,000, does not itemize deductions, does not receive income from his or her own business or farm and does not receive alimony. A person is not eligible to file a 1040A or 1040EZ if he or she makes $100,000 or more, itemizes deductions, receives income from his or her own business or farm, is self-employed, receives alimony or is required to file Schedule D for capital gains. If you filed a 1040 only to claim the American Opportunity Tax Credit or Lifetime Learning Tax Credit, and you would have otherwise been eligible to file a 1040A or 1040EZ, answer “Yes” to this question. If you filed a 1040 and were required to file a tax return, answer “Yes” to this question.

Notes for questions 38 (page 4) and 87 (page 7) — Notes for those who filed a 1040EZ

On the 1040EZ, if a person didn’t check either box on line 5, enter 01 if he or she is single or has never been married, or 02 if he or she is married. If a person checked either the “you” or “spouse” box on line 5, use 1040EZ worksheet line F to determine the number of exemptions ($4,000 equals one exemption).

Notes for questions 42 and 43 (page 4), 45j (page 5), and 91 and 92 (page 7)

Net worth means the current value, as of today, of investments, businesses, and/or investment farms, minus debts related to those same investments, businesses, and/or investment farms. When calculating net worth, use 0 for investments or properties with a negative value.

Investments include real estate (do not include the home in which you live), rental property (includes a unit within a family home that has its own entrance, kitchen, and bath rented to someone other than a family member), trust funds, UGMA and UTMA accounts, money market funds, mutual funds, certificates of deposit, stocks, stock options, bonds, other securities, installment and land contracts (including mortgages held), commodities, etc.

Investments also include qualified educational benefits or education savings accounts (e.g., Coverdell savings accounts, 529 college savings plans and the refund value of 529 prepaid tuition plans). For a student who does not report parental information, the accounts owned by the student (and/or the student’s spouse) are reported as student investments in question 42. For a student who must report parental information, the accounts are reported as parental investments in question 91, including all accounts owned by the student and all accounts owned by the parents for any member of the household.

Money received, or paid on your behalf, also includes distributions to you (the student beneficiary) from a 529 plan that is owned by someone other than you or your parents (such as your grandparents, aunts, uncles, and non-custodial parents). You must include these distribution amounts in question 45.

Investments do not include the home you live in, the value of life insurance, retirement plans (401[k] plans, pension funds, annuities, non-education IRAs, Keogh plans, etc.) or cash, savings and checking accounts already reported in questions 41 and 90.

Investments also do not include UGMA and UTMA accounts for which you are the custodian, but not the owner.

Investment value means the current balance or market value of these investments as of today. Investment debt means only those debts that are related to the investments.

Business and/or investment farm value includes the market value of land, buildings, machinery, equipment, inventory, etc. Business and/or investment farm debt means only those debts for which the business or investment farm was used as collateral.

Business value does not include the value of a small business if your family owns and controls more than 50 percent of the business and the business has 100 or fewer full-time or full-time equivalent employees. For small business value, your family includes (1) persons directly related to you, such as a parent, sister or cousin, or (2) persons who are or were related to you by marriage, such as a spouse, stepparent or sister-in-law.

Investment farm value does not include the value of a family farm that you (your spouse and/or your parents) live on and operate.

Notes for question 49 (page 5)

Answer “Yes” if you are currently serving in the U.S. Armed Forces or are a National Guard or Reserves enliste who is on active duty for other than state or training purposes.

Answer “No” if you are a National Guard or Reserves enliste who is on active duty for state or training purposes.

Notes for question 50 (page 5)

Answer “Yes” (you are a veteran) if you (1) have engaged in active duty (including basic training) in the U.S. Armed Forces, or are a National Guard or Reserves enliste who was called to active duty for other than state or training purposes, or were a cadet or midshipman at one of the service academies, and (2) were released under a condition other than dishonorable. Also answer “Yes” if you are not a veteran now but will be one by June 30, 2017.

Answer “No” (you are not a veteran) if you (1) have never engaged in active duty (including basic training) in the U.S. Armed Forces, (2) are currently an ROTC student or a cadet or midshipman at a service academy, (3) are a National Guard or Reserves enliste activated only for state or training purposes, or (4) were engaged in active duty in the U.S. Armed Forces but released under dishonorable conditions.

Also answer “No” if you are currently serving in the U.S. Armed Forces and will continue to serve through June 30, 2017.
Notes for question 53 (page 5)

Answer “Yes” if at any time since you turned age 13:

- You had no living parent, even if you are now adopted; or
- You were in foster care, even if you are no longer in foster care today; or
- You were a dependent or ward of the court, even if you are no longer a dependent or ward of the court today. For federal student aid purposes, someone who is incarcerated is not considered a ward of the court.

The financial aid administrator at your school may require you to provide proof that you were in foster care or a dependent or ward of the court.

Notes for questions 54 and 55 (page 5)

The definition of legal guardianship does not include your parents, even if they were appointed by a court to be your guardians. You are also not considered a legal guardian of yourself.

Answer “Yes” if you can provide a copy of a court’s decision that as of today you are an emancipated minor or are in legal guardianship. Also answer “Yes” if you can provide a copy of a court’s decision that you were an emancipated minor or were in legal guardianship immediately before you reached the age of being an adult in your state. The court must be located in your state of legal residence at the time the court’s decision was issued.

Answer “No” if you are still a minor and the court decision is no longer in effect or the court decision was not in effect at the time you became an adult. Also answer “No” and contact your school if custody was awarded by the courts and the court papers say “custody” (not “guardianship”).

The financial aid administrator at your college may require you to provide proof that you were an emancipated minor or in legal guardianship.

Notes for questions 56–58 (page 5)

Answer “Yes” if you received a determination at any time on or after July 1, 2015, that you were an unaccompanied youth who was homeless or at risk of being homeless.

- “Homeless” means lacking fixed, regular and adequate housing. You may be homeless if you are living in shelters, parks, motels or cars, or are temporarily living with other people because you have nowhere else to go. Also, if you are living in any of these situations and fleeing an abusive parent you may be considered homeless even if your parent would provide support and a place to live.

- “Unaccompanied” means you are not living in the physical custody of your parent or guardian.

- “Youth” means you are 21 years of age or younger or you are still enrolled in high school as of the day you sign this application.

Answer “No” if you are not homeless or at risk of being homeless, or do not have a determination. However, even if you answer “No” to each of questions 56, 57, and 58, you should contact your college financial aid office for assistance if you are under 24 years of age and are either (1) homeless and unaccompanied or (2) at risk of being homeless, unaccompanied, and providing for your own living expenses - as your college financial aid office can determine that you are "homeless" and are not required to provide parental information.

The financial aid administrator at your college may require you to provide a copy of the determination if you answered “Yes” to any of these questions.

Notes for students unable to provide parental information on pages 6 and 7

Under very limited circumstances (for example, your parents are incarcerated; you have left home due to an abusive family environment; or you do not know where your parents are and are unable to contact them), you may be able to submit your FAFSA without parental information. If you are unable to provide parental information, skip Steps Four and Five, and go to Step Six. Once you submit your FAFSA without parental data, you must follow up with the financial aid office at the college you plan to attend, in order to complete your FAFSA.

Notes for Step Four, questions 59–94 (pages 6 and 7)

Review all instructions below to determine who is considered a parent on this form:

- If your parent was never married and does not live with your other legal parent, or if your parent is widowed or not remarried, answer the questions about that parent.

- If your legal parents (biological, adoptive, or as determined by the state [for example, if the parent is listed on the birth certificate]) are not married to each other and live together, select “Unmarried and both parents living together” and provide information about both of them regardless of their gender. Do not include any person who is not married to your parent and who is not a legal or biological parent. Contact 1-800-433-3243 for assistance in completing questions 80-94.

- If your legal parents are married, select “Married or remarried.” If your legal parents are divorced but living together, select “Unmarried and both parents living together.” If your legal parents are separated but living together, select “Married or remarried,” not “Divorced or separated.”

- If your parents are divorced or separated, answer the questions about the parent you lived with more during the past 12 months. (If you did not live with one parent more than the other, give answers about the parent who provided more financial support during the past 12 months or during the most recent year that you actually received support from a parent.) If this parent is remarried as of today, answer the questions about that parent and your stepparent.

- If your widowed parent is remarried as of today, answer the questions about that parent and your stepparent.

Notes for questions 84 (page 6) and 102 (page 8)

In general, a person may be considered a dislocated worker if he or she:

- is receiving unemployment benefits due to being laid off or losing a job and is unlikely to return to a previous occupation;
- has been laid off or received a lay-off notice from a job;
- was self-employed but is now unemployed due to economic conditions or natural disaster; or
- is the spouse of an active duty member of the Armed Forces and has experienced a loss of employment because of relocating due to permanent change in duty station; or
- is the spouse of an active duty member of the Armed Forces and is unemployed or underemployed, and is experiencing difficulty in obtaining or upgrading employment; or
- is a displaced homemaker. A displaced homemaker is generally a person who previously provided unpaid services to the family (e.g., a stay-at-home mom or dad), is no longer supported by the spouse, is unemployed or underemployed, and is having trouble finding or upgrading employment.

Except for the spouse of an active duty member of the Armed Forces, if a person quits work, generally he or she is not considered a dislocated worker even if, for example, the person is receiving unemployment benefits.

Answer “Yes” to question 84 if your parent is a dislocated worker. Answer “Yes” to question 102 if you or your spouse is a dislocated worker.

Answer “No” to question 84 if your parent is not a dislocated worker. Answer “No” to question 102 if neither you nor your spouse is a dislocated worker.

Answer “Don’t know” to question 84 if you are not sure whether your parent is a dislocated worker. Answer “Don’t know” to question 102 if you are not sure whether you or your spouse is a dislocated worker. You can contact your financial aid office for assistance in answering these questions.

The financial aid administrator at your college may require you to provide proof that your parent is a dislocated worker, if you answered “Yes” to question 84, or that you or your spouse is a dislocated worker, if you answered “Yes” to question 102.
Skills Being Taught:

Student is learning about deadlines, tasks, and responsibilities in their final year of high school. Students discuss the risks of missing deadlines.

Goal(s):

Student will understand the deadlines for signing up for the SAT, applying for college and financial aid. Students turning 18 will be made aware of the new responsibilities.

Activities to Support Your Child at Home

Discuss with your child whether they are on track to graduate. Parent and child should make an appointment with the college guidance counselor. Review the Individualized Graduation Plan.

Know the meaning of "Super Senior" and having "Senioritis."

Talk to your child about the options for paying for college. Make an appointment with the college advisor in order to get more information. Your DOTS teacher can help you with this process.

List some colleges that your child is considering. Discuss why they are choosing that school. Does that college have a course of study that interests your child?

Get information about the SAT and financial aid deadline. Your DOTS teacher and the college counselor are resources.

## Senior Calendar and Checklist

### August
- Review your careers plans and decide what type of school is right for you
- Visit some college campuses
- Narrow your college list to 3 to 5 schools
- Begin to gather materials for applications -- including teacher recommendations
- Contact your counselor for registration materials and dates for the SAT and ACT

### September
- Make a list of tests, dates, fees, registration deadlines for college admissions and financial aid
- Start sending your college applications
- Apply to several schools, including "dream schools" and "safety schools"
- Continue to gather materials such as teacher recommendations (allow time for teachers, counselors, or employers to write the recommendations)

### October
- Take the SAT or ACT
- Be sure to have the scores from these tests sent to the schools of your choice
- For colleges that require an essay, develop a rough draft and consult your English teacher if necessary
- Attend special programs such as college fairs and financial aid nights

### November
- Take the SAT or ACT, if you have not already done so
- Obtain financial aid applications from the guidance office (read them carefully to determine what is required and when it is due)
- Attend a college senior day or an open house at a college that you are most interested

### December
- Pick up a Free Application for Federal Student Aid (FAFSA) and begin filling it out
- Ask your parents to save their year-end payroll stub for financial aid eligibility reviews by the school
- File your last college applications
- Submit official high school transcripts and test scores

### January
- Submit your completed FAFSA as soon after January 1st as possible
- Don’t fall prey to “Senioritis”!
- Colleges will ask for your grades from the second semester and can refuse admission if these grades are not acceptable

### February
- Mail your FAFSA or complete the online application if you have not already done so
- Men 18 years and over must register for the Selective Service in order to receive federal financial aid
- Research taking Advanced Placement (AP) and International Baccalaureate (IB) exams and write down these dates

- Check status of mid-year transcripts

### March
- Look for your Student Aid Report (SAR) in the mail
- Submit SAR and tax forms to the financial aid office
- If you have not received your Student Aid Report four weeks after sending in your FAFSA, contact the Federal Student Aid Information Center
- Be on the lookout for scholarship award letters

### April
- Watch the mail for college acceptance letters and financial aid award letters
- Evaluate your options and make your final college selection
- Send in your deposit to the college
- Notify the other schools that you will not be attending
- Watch for important deadlines at your chosen college (housing, financial aid, etc.)
- Consider summer job opportunities

### May
- Review financial aid information; decline offers from the schools you are not attending
- Clear senior obligations with the guidance counselor
- Notify counselor of any awards and scholarships
- Send out graduation announcements to family and friends
- Begin studying for final exams
- Finalize summer job plans

### June
- Graduation!
- Write thank you notes for any scholarships you received or for any graduation gifts

### July/August
- Check the mail for packets from the college regarding registration for classes, campus events, and Freshmen Orientation
- Buy the things you need for college gradually over the summer; avoid last minute, expensive buying decisions
- Pack for college
- Do not miss your Freshmen Orientation dates
- Begin your first semester of college

Skills Being Taught:

Student is learning about the variety of jobs and careers that exist.

Goal(s):

Student will have a better idea of his/her skills and careers that match those skills.

Activities to Support Your Child at Home

Can your son or daughter tell you the name of a job that starts with the letter "A" through the letter "Z"? Help them name as many as possible.

Find pictures in magazines of people completing jobs and name the job.

If your child has identified a job that he or she is interested in, work with your child to help them understand the individual tasks involved with having that job. Work with your DOTS teacher to utilize O*NET OnLine (https://www.onetonline.org) to complete more research.

Does your child have a favorite career that he/she is interested in?

Does your child know what skills and training are needed for the career he/she is interested in? Work with your DOTS teacher to utilize O*NET OnLine to complete more research.

- Expose your child to the cost of daily living: paying for rent, groceries, and utilities.
- Look at a paycheck stub with your child and help them identify the taxes, deductions, gross, and net amounts.
- Have your child create a budget for their expenses.
Sample Monthly Budget for Teens

Making a Budget
Making a budget is the most important step in controlling your money.

A budget allows you to track your Income (the money that you have) and your Expenses (the money you spend). By writing down your monthly income and expenses, you can see how much money you expect to have for the month and plan for how much you can spend.

The First Rule of Budgeting
The first rule of budgeting is simple: Spend less than you earn!

If you earn $150 a month from your job, and earn another $50 from your allowance or birthday money, your income for the month is $200. If your savings account earns another $5, your total income is $205.

Now you know that you have to spend less than $205 for the entire month.

Structuring Your Budget
1: Determine your Income.
   Estimate all “incoming” money, including salary from a job, allowance from your parents, and birthday money.

2. Estimate Required Expenses.
   Required expenses include taxes and bills that you must pay. Required bills may include your cell phone bill and gas money to drive to work or school. You should also include payment to your savings in the “Required Expenses” category. Whether you are savings for something specific (like a car or college) or just tucking money away for the future, it is critical that you get in the habit of paying yourself first! Even a few dollars each month helps build your savings.

3. Estimate Discretionary Expenses
   After you have paid your Required Expenses, you can use the money left over for some fun! Discretionary Expenses may include clothes, shopping, pizza, video games, gifts and any other expenditures that are considered “optional”.

Review the following Sample Budget on page 2, and then make your own monthly budget using the worksheet on page 3. Stay within your budget, pay yourself first, and you will always be in control of your Money and Stuff!

Understanding Your Paycheck

Methods For Paying Employees

Receiving a paycheck, especially if it is an individual’s first, can be the highlight of a person’s day. However, many are often shocked when they learn almost 31% of their paycheck is missing. By learning about paychecks, paycheck deductions, and required employment forms, a person will be able to understand the amount received on their paycheck and ensure they have been paid the correct amount from the employer for the time worked.

There are three ways an employer may handle paying his/her employees:

1. Paycheck—This is the most common method. The employer physically provides the employee with his/her paycheck. The paycheck stub is attached to the paycheck to show the deductions. The employee is responsible for handling the paycheck.

2. Direct Deposit—Employers directly deposit the employee’s paycheck into his/her authorized account. On payday, the employee receives a paycheck stub detailing the paycheck deductions. This method is more secure because there is no direct handling of the check and the employee knows exactly which day his/her paycheck will be deposited and available for use.

3. Payroll Card—The third and newest way is by using a payroll card. A payroll card is a prepaid card that is offered to employees as an alternative to paper paychecks or directly depositing wages into an employee’s financial institution account. Most payroll cards are smart cards, which have money electronically loaded onto them each pay period with funds automatically deducted from the balance when a purchase is made. Payroll cards function similarly to a debit card, except the funds are not linked to a checking account. The funds are directly deposited by an employer into an account at a financial institution that is linked to the payroll card. Once the employee’s wages are credited to an account, the employee can use the card for ATM withdrawals or to make purchases.

Regardless of which method employees choose to receive their paycheck, it is important for the employee to understand paycheck deductions taken out of a paycheck and what they are used for.

Payroll Card Fees

There may be numerous fees associated with payroll cards. The number and amount of fees depends upon the financial institution. For example, some payroll cards offer just one ATM withdrawal per pay period free of charge, while others offer three to five withdrawals free of charge. Employers can negotiate with financial institutions to reduce the number of fees and some employers will pay all or part of the payroll card fees. Therefore, it is important for employees to obtain a list of all fees before signing up to use a payroll card.

The following are examples of fees charged by payroll card companies:

- monthly or annual fee;
- ATM fee;
- inactivity fee;
- fee after a specific number of transactions have been used;
- replacement fee if the card is lost, stolen, or destroyed;
- load fee (when funds are placed on the card account);
- point of sale (POS) fee for using the card at a point of sale terminal, or an electronic payment processor.

Consumer Protection With Payroll Cards

Payroll card users are protected through Regulation E, or the Electronic Fund Transfer Act. If a payroll card is stolen or fraudulent transactions are completed, the payroll card holder is liable for only $50 if the lost or stolen card is reported to the sponsoring financial institution within 48 hours. The FBI estimates that over four million paper paychecks are stolen annually (Visa USA, Inc.). Considering there is no legal protection for consumers whose paychecks have been stolen, Regulation E provides safety and protection for payroll card holders.

Safety tips to follow when using a payroll card include memorizing the Personal Identification Number (PIN) and not giving it out to anyone. Also, if a payroll card is lost or stolen, it should be reported to the sponsoring financial institution immediately.
PAYROLL CARD BENEFITS

For Employers
- Lower internal costs: the costs associated with producing, handling, and distributing paychecks is eliminated.
- Increased safety: payroll cards reduce the need to carry large amounts of cash.
- 24 hour access to funds and the ability to make online purchases easily.
- No check cashing fees each pay period which costs unbanked Americans roughly $8 billion annually (Visa USA, Inc.).
- Access to an electronic monthly statement of transactions—a great money management tool
- Option of a second card: allowances for children, send money internationally to family without additional hassle

Financial institutions benefit from the payroll card arrangement because many unbanked consumers who begin to use a payroll card become traditional financial institution account users. In addition, financial institutions profit from the fees charged to employees, employers, and merchants.

FORM I-9

The Form I-9 is the Employment Eligibility Verification Form is used to verify the eligibility of individuals and to avoid hiring undocumented workers. All employees, citizens, and non-citizens must complete a Form I-9 at the time of hire. Employees must provide documentation which establishes identity and employment eligibility. Examples include a driver’s license, passport, Social Security card, and birth certificate.

FORM W-2

The Form W-2 is also known as a Wage and Tax Statement. It states the amount of money earned and taxes paid throughout the previous year. The Form W-2 is used to file taxes. By January 31, employers should mail a Form W-2 to each employee for the previous year.

FORM W-4

Regardless of the job, every new employee will be asked to complete a Form W-4 also known as an Employee’s Withholding Allowance Certificate. The information provided on this form determines the percentage of gross income to be withheld for taxes. Federal taxes are the largest deduction on an individual’s income.

On the Form W-4, the federal government allows taxpayers to claim certain allowances. An allowance is used to determine the amount of federal taxes withheld from the paycheck. An employee may claim a personal allowance if no one else claims them as a dependent. A dependent is a person who relies on the taxpayer for financial support.

The Internal Revenue Service is the governmental agency responsible for collecting federal taxes, issuing regulations, and enforcing tax laws written by the United States Congress. The amount of taxes withheld from an individual’s paycheck depends upon his/her income and information provided on the Form W-4.

Payroll cards have no check cashing fees, which costs unbanked Americans roughly $8 billion annually (Visa USA, Inc.).

TAXES

Monetary deductions are subtracted for mandatory systematic taxes, employee-sponsored medical benefits, and/or retirement benefits. Taxes are compulsory charges imposed on citizens by local, state, and federal governments used to fund public goods and services. The United States tax system operates on an ongoing payment system. This means as a person earns income, taxes are paid immediately on the income. There are two types of taxes: progressive and regressive.

Progressive taxes take a larger percentage of income from high income taxpayers. The more a person earns, the more he/she pays in taxes. Examples include Federal and State taxes.

Regressive taxes are not based on one’s ability to pay. As income rises, the tax percentage remains the same or decreases. Higher income taxpayers are proportionally charged less. Examples include Medicare and Social Security.

A typical paycheck has two parts: the actual check and a paycheck stub. A paycheck stub lists the paycheck deductions as well as other important information including:

**Personal Information**—States the employee’s full name, address, and social security number.

**A. Pay Period**—The length of time for which an employee’s wages are calculated usually weekly, bi-weekly, twice a month, or monthly.

**B. Gross Pay**—The total amount of money earned during the pay period before deductions. If a person earns an hourly wage, gross pay is calculated by multiplying the number of hours worked by the wage. For example, if a person works 45 hours in a pay period earning $6.25 per hour, his/her gross pay would be $281.25. If a person is on salary, earning a set amount for a specified time period, the gross pay is the salary amount divided by the specified time period. For example, if a person earns $24,000.00 per year, his/her gross pay would be $2,000.00 per month.

**C. Net Pay**—The amount of money left after all deductions have been withheld from the gross pay earned in the pay period.

**D. Deductions**—The amount of money subtracted or deducted from the gross pay for mandatory systematic taxes, employee sponsored medical benefits, and/or retirement benefits.

**E. Federal Withholding Tax**—The amount required by law for employers to withhold from earned wages to pay taxes. This represents the largest deduction withheld from an employee’s gross income. The amount withheld depends upon two things: the amount of money earned and the information provided on the Form W-4.

**F. State Withholding Tax**—The percentage deducted from an individual’s paycheck to assist in funding government agencies within the state. The percentage of deduction depends upon the amount of gross income the employee has earned.

**G. FICA (Social Security Contribution Act)**—This tax includes two separate taxes: Fed OASDI/EE or Social Security and Fed MED/EE or Medicare. These two taxes can be combined as one line item or itemized separately on a paycheck stub.

- **Fed OASDI/EE or Social Security**—The nation’s retirement program. This tax helps provide retirement income for elderly and pays disability benefits. Social Security taxes are based upon a percentage (6.2%) of the employee’s gross income. The employer matches the contribution made by the employee.

- **MED/EE or Medicare**—The nation’s health care program for the elderly and disabled. This tax provides hospital and medical insurance to those who qualify. Medicare taxes are based upon a percentage (1.45%) of the employee’s gross income.

**H. Medical**—The amount taken from the employee’s paycheck for medical benefits. This occurs when the employer has a medical plan for employees, but does not pay full coverage for his/her benefits.

**I. Retirement Plan**—The amount an employee contributes each pay period to a retirement plan. A specified percentage of the contribution is often matched by the employer. This may be a 401K, state, or local retirement plan.

**J. Year-to-Date**—Totals all of the deductions which have been withheld from an individual’s paycheck from January 1 to the last day of the pay period indicated on the paycheck stub.
Skills Being Taught:

Student is learning about the responsibilities and work ethics that will keep them employed such as good attendance, honesty, and anticipating the work that needs to be done.

Goal(s):

Student should practice the qualities of a good employee while still attending school so that these habits become habitual after graduation.

Activities to Support Your Child at Home

- Discuss the importance of good attendance and punctuality at school and work to your child.
- Discuss the importance of getting along with others at work.
- Discuss the importance of keeping a job. It may not be easy to find another job. Discuss the idea of keeping your job while searching for a new job.
- Discuss the importance of both personality and skills at your place of work.
- Discuss the qualities that make a person a good employee from your perspective.
Scenarios

Punctuality

- Talk about breaks that can be taken in the workplace.
- Discuss with learners how they would feel if they went back to work, but others took an extra five minutes break.
- How can workflow be disrupted if people take extended breaks?
Language

- Talk about what is, and is not, acceptable language in the workplace.
- Discuss appropriate language in your workplace.
Work clothes (male and female)

- Identify and discuss the work clothes that are appropriate in your workplace. These might include uniforms, protective clothing, and so on.
- Identify occupational health and safety reasons for choosing work clothes, for example, durability, protection and cleanliness.
- Discuss what is considered 'too dirty' or inappropriate to be worn to work in your workplace.
Over-socialising

- Discuss what over-socialising in the workplace means.
- Ask learners to identify occurrences of over-socialising and how they resolved them.
Personal space

- Discuss what personal space is and how it is different for different people.
- Discuss the importance of respecting the personal space of others.
A tidy work space

- Discuss the importance of tidy work spaces in the workplace.
- If possible, identify untidy work spaces and recent workplace occurrences as a result of these.
- Identify how an untidy work space could be a workplace hazard.
- Discuss with learners the differences between being organised and disorganised in the workplace.
- Discuss with learners the differences between being efficient and being inefficient in the workplace.
- Discuss tidiness and workplace efficiency with learners.
Using email

- Discuss why a workplace provides Internet and email for staff and employees.
- Discuss appropriate email and Internet usage at work.
- Discuss material that is not appropriate to have on a work computer or use a workplace computer for.
- Discuss with learners what they should do if they receive an inappropriate email.
Borrowing equipment

- Discuss with learners what they would think if they saw someone leaving work with work equipment in their bag.
- Discuss with learners how they would feel if someone borrowed and used some of their belongings without asking.
- Why is it important to have rules in the workplace about borrowing equipment?
Following the leave process

- Discuss with learners why a supervisor needs to know when an employee is not going to be at work.
- Discuss with learners the differences between sick leave and annual leave.
- Explain that employees earn leave just as they earn pay. It is theirs to use when they choose but there is a process to follow.
- Explain the leave process in the workplace.
Being open and honest

Discuss an example of openness and honesty that saved a situation or resolved a problem.
Solving problems

- Use recent workplace examples to discuss problem solving and highlight positive outcomes.
- Talk with learners about the importance of dealing with a problem rather than ignoring it.
- Discuss the difference between problems employees can solve themselves and problems they should report to their supervisor. Resources in the ‘When I’m at work’ series have been developed to help supported employees identify a process for solving problems.
Accepting direction

- Discuss an example of when direction was not accepted well. Discuss the outcome.
- Discuss examples of when direction was accepted well.
Fixing workplace hazards

- Ask learners to list some workplace hazards.
- Ask learners what they would do if they found some of these hazards in the workplace.
- Identify the difference between hazards that learners should fix and hazards they should report.
Doing things the right way

- Provide an example of when something was not done the right way in the workplace. Highlight the results.
- Discuss an example of doing something the right way in the workplace which achieved commendable results.
Skills Identification

Skills Being Taught:

Students are defining transferable skills, adaptive skills, and technical skills. Then the students identify those skills within themselves or the ability to develop the skills.

Goal(s):

Students will learn to identify personal skills that fit into their chosen careers.

Activities to Support Your Child at Home

Parent and child discuss the kind of career/job that the student would like to have.

Parent and child make a list of student's skills. Child may complete the Skills Assessment Worksheet.

Parent and child make a list of the things that the student likes to do and what they would like to learn.

Parent and child discuss the various skills needed to obtain certain jobs. Child may use the Skills Assessment Worksheet which is contained in the following pages.

Student researches different ways to improve skills and gain more skills.

Child contacts different businesses which interests them. They should inquire about volunteer/internship or apprenticeship opportunities.

Child visits an employment agency.
Skills Assessment Worksheet

Transferrable Skills generally are not associated with a particular job or task. Transferable skills are usually broader and related to leadership, communication, critical thinking, analysis, and organization. These are skills that can be transferred and utilized in a variety of different kinds of jobs and career paths.

Print the list of skills below and mark each column as described. You can have the same skill marked more than once in each column.

1. What skills have you already acquired and feel competent doing? In the first column, mark each skill in which you feel competent.
2. What skills do you enjoy, even if you are not proficient at them? In the second column, mark those skills that you really enjoy.
3. What skills would you like to learn, acquire or develop further?

## Careers

### Skills Being Taught:
Youth participate in career awareness, exploration, and preparatory activities in school and community-based settings.

### Goal(s):
Students will find careers that are aligned to their interests.

### Activities to Support Your Child at Home

<table>
<thead>
<tr>
<th>Activities</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ask your child to share their career interests with you. Parent and child may complete an online assessment together at O*NET OnLine (<a href="https://www.onetonline.org/">https://www.onetonline.org/</a>).</td>
<td></td>
</tr>
<tr>
<td>Parent and student will research occupations based on the student's career interests. The parent and student can research career and related occupations called career clusters. Utilize the resources on the following pages.</td>
<td></td>
</tr>
<tr>
<td>Research with your child the various occupations of interest based on their career interest survey. Student should explore new occupations within the career cluster.</td>
<td></td>
</tr>
<tr>
<td>Child may view online videos of careers of interest in order to have a better idea of what the job is actually like.</td>
<td></td>
</tr>
<tr>
<td>Child should look for volunteer opportunities or internships in chosen field.</td>
<td></td>
</tr>
<tr>
<td>Child may contact college or vocational school of interest. Set up a meeting with disabled student services. Parent may want to attend a DOTS sponsored trip to the community college.</td>

# Career Clusters Interest Survey

**Name**

**School**

**Date**

**Directions:** Circle the items in each box that best describe you. You may make as many or as few circles in each box as you choose. Add up the number of circles in each box. Look to see which three boxes have the highest numbers. Find the corresponding Career Clusters on the pages immediately following this survey to see which Career Clusters you may want to explore.

Hire or Fire

Skills Being Taught:

Students learn about the behaviors, actions, or qualities that lead to either promotions or losing a job. Students are given the chance to play the "boss" through different scenarios and then decide to hire or fire the workers.

Goal(s):

Utilize critical thinking to make sense of problems and persevere in solving them. Model integrity, ethical leadership, and effective management.

Activities to Support Your Child at Home

Discuss the issue of "being yourself" at work. Explain to your child that he or she must be on their best behavior at work. Their employer is not their friend.

The dangers of talking about work or other employees on social media (i.e. Facebook, Twitter, SnapChat). Things that happen at work should not be discussed on social media.

Discuss why someone might be fired from a job.

Discuss what it takes to get promoted on a job.

Discuss the type of rules that must be followed on a job.

Applicant’s Statement / Declaración del Empleado

I certify that answers given herein are true and complete to the best of knowledge.

I authorize investigation of all statements contained in this application for employment as may be necessary in arriving at an employment decision.

This application for employment shall be considered active for a period of time not to exceed 45 days. Any applicant wishing to be considered for employment beyond this time period should inquire as to whether or not applications are being accepted at that time.

I hereby understand and acknowledge that, unless otherwise defined by applicable law, any employment relationship with this organization is of an “at will” nature, which means that the Employee may resign at any time and the Employer may discharge Employee at any time with or without cause. It is further understood that this “at will” employment relationship may not be changed by any written document or by conduct unless such change is specifically acknowledged in writing by an authorized executive of this organization.

Any disputes which arise between employer and employee must be resolved by arbitration in accordance with the rules of the American Arbitration Association.

In the event of employment, I understand that false or misleading information given in my application or interview(s) may result in discharge. I understand, also, that I am required to abide by all rules and regulations of the employer.

Certifico que las respuestas dadas en el presente son verdades y completas al mejor de mi conocimiento.

Autorizo la investigación de todas las declaraciones contenidas en esta solicitud de empleo según sea necesario para llegar a una decisión de empleo.

Esta solicitud de empleo se considerará activa por un periodo que no exceda los 45 días. Cualquier aspirante que desea ser considerado para el empleo más allá de este periodo debe preguntar si las solicitudes se están aceptando o no en ese momento.

Por el presente entiendo y reconozco que, a menos que esté definido en la ley aplicable, cualquier relación de empleo con esta organización es “a voluntad”, que significa que el empleado puede dimitir en cualquier momento y que el patrón puede despedir al empleado en cualquier momento con o sin causa. Se entiende más a fondo que esta relación de empleo “a voluntad” no se puede cambiar a través de cualquier documento escrito o por la conducta a menos que tal cambio sea reconocido específicamente por escrito por un ejecutivo autorizado de esta organización.

Cualquier conflicto que se presente entre el patrón y el empleado se debe resolver por arbitraje de acuerdo con las reglas de la Asociación americana del arbitraje.

En caso de que se le emplee, entiendo que la información falsa o engañosa dada en mi solicitud o entrevista(s) puede dar lugar a despido. Entiendo, también, que debo cumplir con todas las reglas y regulaciones de mi empleador.

Cashiering

Skills Being Taught:

Student is being made aware of the required skills for cashiering and the elements of customer service.

Goal(s):

Student will review values of various coins, how to count by fives, tens, and twenty-five. They will become familiar with the cash drawer and how to count change aloud to a customer.

Activities to Support Your Child at Home

- Review vocabulary words associated with cashiering (provided in this section).
- Review the value of coins and dollar bills.
- Practice counting coins and dollar bills with your child.
- Review different functions and keys of a calculator.
- Allow your child to pay during family outings as often as possible.
# Cashiering Skills Assessment

Source: Nassau Suffolk Services for Transition & Vocational Skills

Check to see if your child has the following skills. These skills are necessary for a career in customer cashiering.

Rate their skills:

5=excellent/always/fully independent
4=good/usually/mostly independent
3=satisfactory/sometime/fairly independent
2=unsatisfactory/rarely/rarely independent
1=absent/never/fully dependent

## Grocery Shopping

### Skills Being Taught:

Student has experienced assembling a menu, putting together a grocery list, and locating items in a store.

### Goal(s):

With further practice, student will be able to put together a grocery list and independently find the items in the grocery stores.

### Activities to Support Your Child at Home

- Discuss with your child meals that they feel comfortable preparing. Ask them to explain the steps that it takes to prepare those meals.
- Have your child assist you in planning meals.
- Have your child assist you in making the grocery list.
- Have your child accompany you while grocery shopping and have him/her find some of the items needed.
- After practicing the above tasks individually, have your child develop a menu, create a list, and shop at their maximum level of independence.
# My Shopping List

Make a shopping list. Include the items you need for your menus and any low-calorie basics you need to restock in your kitchen.

## Dairy Case
- Fat-free (skin) or low-fat (1%) milk
- Low-fat or reduced fat cottage cheese
- Fat-free cottage cheese
- Low-fat or reduced fat cheeses
- Fat-free or low-fat yogurt
- Light or diet margarine (tub, squeeze, or spray)
- Fat-free or reduced fat sour cream
- Fat-free cream cheese
- Eggs/egg substitute

## Breads, Muffins, and Rolls
- Bread, bagels, or pita bread
- English muffins
- Yeast breads (whole wheat, rye, pumpernickel, multi-grain, or raisin)
- Corn tortillas (not fried)
- Low-fat flour tortillas
- Fat-free biscuit mix
- Rice crackers
- Challah

## Cereals, Crackers, Rice, Noodles, and Pasta
- Plain cereal, dry or cooked
- Saltines, soda crackers (low-sodium or unsalted tops)
- Graham crackers
- Other low-fat crackers
- Rice (brown, white, etc.)
- Pasta (noodles, spaghetti)
- Bulgur, couscous, or kasha
- Potato mix (made without fat)
- Wheat mixes
- Tabouli grain salad

## Meat Case
- White meat chicken and turkey (skin off)
- Fish (not battered)
- Beef, round or sirloin
- Extra lean ground beef such as ground round
- Pork tenderloin
- 95% fat-free lunch meats or low-fat deli meats

## Meat Equivalents:
- Tofu (or bean curd)
- Beans (see bean list)
- Eggs/egg substitutes (see dairy list)

## Fruit (fresh, canned, and frozen)

### Fresh Fruit:
- Apples
- Bananas
- Peaches
- Oranges
- Pears
- Grapes
- Grapefruit
- Apricots
- Dried Fruits
- Cherries
- Plums

### Canned Fruit (in juice or water):
- Canned pineapple
- Applesauce
- Other canned fruits (mixed or plain)

### Frozen Fruits (without added sugar):
- Blueberries
- Raspberries
- 100% fruit juice

### Dried Fruit:
- Raisins/dried fruit (these tend to be higher in calories than fresh fruit)
### Vegetables (fresh, canned, and frozen)

**Fresh Vegetables:**
- Broccoli
- Peas
- Corn
- Cauliflower
- Squash
- Green beans
- Green leafy vegetables
- Spinach
- Lettuce
- Cabbage
- Artichokes
- Cucumber
- Asparagus
- Mushrooms
- Carrots or celery
- Onions
- Potatoes
- Tomatoes
- Green peppers
- Chilies

**Canned Vegetables** (low-sodium or no-salt-added):
- Canned tomatoes
- Tomato sauce or pasta
- Other canned vegetables
- Canned vegetable soup, reduced sodium

**Frozen Vegetables:** (without added fats):
- Broccoli
- Spinach
- Mixed medley, etc.

**Exotic Fresh Vegetables**
- Okra
- Eggplant
- Grape leaves
- Mustard greens
- Kale
- Leeks
- Bamboo shoots
- Chinese celery
- Bok choy
- Napa cabbage
- Seaweed

**Beans and Legumes** (if canned, no-salt-added)
- Lents
- Black beans
- Red beans (kidney beans)
- Navy beans
- Black beans
- Pinto beans
- Black-eyed peas
- Fava beans
- Italian white beans
- Great white northern beans
- Chickpeas (garbanzo beans)
- Dried beans, peas, and lentils (without flavoring packets)

**Baking Items**
- Flour
- Sugar
- Imitation butter (flakes or buds)
- Non-stick cooking spray
- Canned evaporated milk—fat-free (skim) or reduced fat (2%)
- Non-fat dry milk powder
- Cocoa powder, unsweetened
- Baking powder
- Baking soda
- Cornstarch
- Unflavored gelatin
- Gelatin, any flavor (reduced calorie)
- Pudding mixes (reduced calorie)
- Angel food cake mix

### Condiments, Sauces, Seasonings, and Spreads

**Fat-free or low-fat salad dressings**
- Mustard (Dijon, etc.)
- Catsup
- Barbecue sauce
- Jam, jelly, or honey
- Spices
- Flavored vinegars
- Hoisin sauce and plum sauce
- Salsa or picante sauce
- Canned green chilies
- Soy sauce (low-sodium)
- Bouillon cubes/granules (low-sodium)

**Beverages**
- No-calorie drink mixes
- Reduced calorie juices
- Unsweetened iced tea
- Carbonated water
- Water

### Nuts and Seeds

- Almonds, unsalted
- Mixed nuts, unsalted
- Peanuts, unsalted
- Walnuts
- Sesame seeds
- Pumpkin seeds, unsalted
- Sunflower seeds, unsalted
- Cashews, unsalted
- Pecans, unsalted

### Fats and Oils

- Soft (tub) margarine
- Mayonnaise, low-fat
- Canola oil
- Corn oil
- Olive oil
- Safflower oil
Skills Being Taught:

Students learn to assess a task and the amount of time needed to complete the task. Students learn to complete schedule/agenda.

Gain awareness and learn strategies related to time management, to be a good student and efficient employee.

Goal(s):

Activities to Support Your Child at Home

Student and parent take the Time Management Worksheet. Parent and child review the results.

Parent sets an hour by hour schedule for the child to follow for a week.

Parent reminds the child about their schedule and to complete the tasks assigned.

Parent and child create a new schedule together with due dates.

Parent checks on student every other day to see if the task(s) are completed.

Student creates their own schedule and follows it with few reminders.

TIME MANAGEMENT: 
Creating a Master Schedule

★ What is a master schedule?
It is a type of schedule that reflects fixed and flexible events. It can be created just once a semester or can be done at the start of each new week. With this visual guide, you can devise any type of game plan that is do-able for YOU!

★ Why should I schedule my time?
Students who intentionally map out their days usually have numerous commitments to juggle, AND they want to maximize their time so as not to “give up” anything. Plus, a schedule helps to minimize decision-making on “what should I be doing right now?”–the result can lower stress and anxiety. Who doesn’t want that?!

★ Where do I start?
A master schedule should include fixed priorities – which vary from person to person – as well as flexibility. A suggested format for the attached blank grid is as follows:

**Fixed times:**
1. Fill in all regularly scheduled class and lab times
2. Fill in all regularly scheduled work/volunteer hours
3. Fill in all regularly scheduled activities (meetings, study groups, sports practice, piano lessons, church, etc.)
4. Fill in times for sleeping, eating, and personal hygiene
5. Fill in commute times to and from the above activities
**If you’re a parent, remember to schedule in your children’s required activities!**

**Flex times:**
1. Fill in one important “fun for me” activity for the week (more later!)
2. Fill in time for pre-class and post-class mini-reviews (10-30 minutes each)
3. Fill in time for exercise & “de-stress” activities at least several times a week
4. Fill in blocks for general study
5. Fill in blocks for household duties & errands
6. Leave open blocks for the “un-expected” (and used for extra studying when needed - like midterms & finals)
7. And finally….fill in times for a few more “fun for me” activities!
Final Tips:

1. You have 168 hours/week to utilize wisely or waste – the choice is yours
2. Maintaining a schedule is not a matter of “will power” but developing a positive and productive life-long habit
3. Exceptions to your schedule will occur, but after wards, return to the plan
4. Make several copies of your schedule and place in visible areas
5. Don’t neglect the importance of weekend time
6. Try the “two-fer” approach by combining activities when possible – studying while you are doing laundry, for example
7. Share or divide duties with other family members in order to free up extra time in your master schedule
8. When determining study time, you should figure 2 hours per credit each week – thus, 12 hours of classes translates to 24 hours of study time weekly!
9. To keep motivated, remember your short and long term goals
10. Overestimate the time you need to complete a task in order to avoid stress later on
11. Break large, daunting tasks into smaller, manageable mini-tasks
12. Identify your times of peak energy and tackle the “toughies” when you are at your best
13. Try to study on campus in order to maximize your resources
14. Tell others about the importance of your plan – easier to say NO
15. Take care of yourself to keep up your energy and a positive attitude
16. Determine and minimize your distractions – yep, people count!
17. Always have a book or flash cards with you
18. Don’t hit the snooze on your alarm
19. If you aren’t sure where to begin, keep track of your activities on a blank grid for 1 week – this will give you a launch point to create your schedule

**Miscellaneous Notes:**
Individuals with an ASD sometimes have difficulties with sequential processing (i.e., learning the order of events). These difficulties with sequential processing may result in individuals becoming anxious or overwhelmed in certain situations, which in turn may lead to problem behaviors. In contrast, individuals with ASDs often have strengths in visual processing. As a result of this strength, the use of visual schedules can help the individual better understand expectations, thus reducing the likelihood of negative behaviors.

A visual schedule is a line of pictures, objects, or words that represent each major transition during the day. Some people worry that by adding a schedule to an individual’s day, it reduces the individual’s ability to be flexible. In reality, the opposite is true. By implementing a visual schedule, individuals generally are less dependent on having the same daily routine ongoing because the schedule itself provides the stability and routine s/he needs. Individuals can better handle changes to routine when they have schedules because they know that, regardless of the precise activities reflected, they can always determine what will happen next and get information by checking their schedule.

There are a variety of visual schedule formats available. Individuals should always be actively involved in monitoring his/her schedule (e.g., peel off completed activities, check off boxes for activities).

There are a variety of activity schedule formats available (e.g., picture, word, pull-off, check off). For details on each format, refer to the information for visual schedules on this website.

How Do I Make a Visual Schedule?

1. Break the individual’s day into several steps represented by pictures or words
2. Be conscious of details (include even minor steps as needed for the individual)
3. Represent each activity so the individual knows what is expected (even periods like free time and break)
4. Determine the best visual format for the individual based on skills (motor, reading, attention to detail, etc.), developmental level, interests, distractibility, and functionality
5. Determine how the schedule will be used to indicate which activities are completed and which remain to be done as well as how the individuals will transition to and from the schedule (e.g., transition strips, transition pockets, finished pockets on schedule, mobile schedules)
6. Added details in making these format decisions are provided below in the sections regarding specific types of schedules.

Materials provided are samples only! They may need to be individualized to meet the particular needs of a person with an ASD!
To Make a Pull-Off Schedule

1. Cut out the pictures provided here (or write/draw your own based on the needs of the individual you know)
2. Laminate the schedule cards, if possible
3. Cut a rectangular piece of poster board so it is large enough for multiple activities to be listed (e.g., 8-12).
4. Place Velcro on the poster board in a straight line.
5. Use Velcro to place pictures or words on poster board

# Emergency Planning

**Skills Being Taught:**

| Student is learning to be prepared for emergencies such as fires and earthquakes. |

| Student will know how to deal with earthquakes, fires, and other emergency situations. |

**Goal(s):**

**Activities to Support Your Child at Home**

- Does your child know the purpose of fire extinguisher? You may want to watch a YouTube video with your child to reinforce their understanding.

- Discuss with your child when is it appropriate to leave the house in the case of an emergency. Where should your child go?

- If an emergency occurred away from home or school, what do you want your child to do? Stay put? Meet you at home? Prepare an emergency contact list to keep in your child’s backpack.

- Put together an emergency kit and together decide where it will be kept.

- Sit down together and make an emergency plan. You may want to include pictures and a map.
Each year more than 2,500 people die and 12,600 are injured in home fires in the United States. But unlike other disasters, home fires can be prevented! It’s important to know this: Fire is fast! There is no time to gather anything or make a phone call. In just two minutes, a fire could kill you. In five minutes, a house could be swallowed in flames.

Fire is hot! Heat and smoke could be even more dangerous than the flames. Breathing in really hot air could burn your lungs, and fire produces poisonous gases that can make you sleepy and unable to escape.

Fire is dark! It can be hard to find your way out of your house in a fire.

Fire is deadly! Fire uses up oxygen you need to breathe and produces smoke and poisonous gases that kill.

Am I at risk?

Every single person in The United States, no matter where they live, or what kind of home they live in is at risk of a home fire.

For more facts and info on home fires visit
http://www.ready.gov/kids/know-the-facts/home-fires
http://www.usfa.fema.gov/

FACT CHECK

1. True or False? Fires create toxic gases that can make you sleepy, confused, and short of breath.

2. True or False? Cooking fires are the leading cause of home fires.

3. You should have at least ____ escape routes from each room?
   a. Zero  b. One  c. Two

4. How many smoke alarms (detectors) should you have in your home?_______

5. How often should you check and replace the batteries in your smoke alarms?_______

ANSWERS

(1) True. That’s why it’s important to stay low to the ground.

(2) True.

(3) C

(4) At least one on every level of your home, especially in sleeping areas.

(5) Once a year; check batteries once a month, and replace them at least once a year.
BEFORE

Create a fire escape plan and practice it twice a year.

✓ Have smoke alarms in every bedroom and every floor of the house.
✓ Remind your parents to test the smoke alarms in your house every month.
✓ Find two ways to get out of each room. A window might be a second way if the door is blocked by fire or smoke.
✓ Practice feeling your way out of the house in the dark or with your eyes closed.
✓ Sleep with your door closed. It helps prevent fires from spreading quickly.

DURING

✓ Get low and go! Crawl under smoke to an exit. Heavy smoke and deadly gases collect along the ceiling.
✓ If you hear a smoke alarm, get out fast! You may only have a few seconds to escape.
✓ If smoke is blocking the door, use your second way out of the room or house.
✓ Feel the doorknob and door before opening it. If either is hot, leave the door closed and use the second way out.
✓ If you see smoke coming around the door, use the second way out.
✓ If you do open a door, open it slowly and be ready to shut it quick if there’s smoke.
✓ Don’t hide from firefighters! They may look scary with all of their equipment, but they are there to help you.
✓ Tell firefighters if there are any pets trapped in the house. Don’t try to get them yourself!
✓ If your clothes catch on fire, stop-drop-roll! Stop, drop to the ground, and cover your face with your hands. Then roll over and over or back and forth until the fire is out.

AFTER

✓ Don’t go back into any building unless a firefighter or your parents say it is safe.

WORDS TO KNOW

Smoke Alarms Sensors attached to the ceiling that sound an alarm when they sense smoke
Fire Extinguisher A fire protection device that sprays foam and is used to help put out small fires
Oxygen The air that we breathe. Fires need oxygen in order to burn.

Earthquakes are the shaking, rolling or sudden shock of the earth’s surface. Earthquakes happen along cracks (called fault lines) in the earth’s surface. Earthquakes can be felt over large areas, although they usually last less than one minute. Earthquakes cannot be predicted — although scientists are working on it!

**Am I at risk?**

All 50 states and 5 U.S. territories are at some risk for earthquakes. Earthquakes can happen at any time of the year.

**FACT CHECK**

1. What is the Richter scale, and how high does it go?

   [Blank]

2. What is the “Ring of Fire”?

   [Blank]

3. What other disasters could be triggered as a result of an earthquake?

   [Blank]

**ANSWERS**

1. Developed by Charles Richter, a physicist, the Richter scale measures earthquake magnitude on a scale of 0 to 10.
2. Also called the Circum-Pacific belt, it's the zone surrounding the Pacific Ocean where about 90% of the world's earthquakes occur and where earthquakes below 2.5 are rarely felt by people, and 1.0 is never.

BEFORE

- Build an emergency kit.
- Make a family communications plan.
- Know the safe spots in every room – under a sturdy table or against an inside wall.
- Ask your family to hold earthquake drills – drop, cover, and hold on!

DURING

If inside:
- DROP to the ground.
- Take COVER under a sturdy table or other heavy furniture. If there is nothing to get under, cover your face and head with your arms and crouch near an inside wall.
- HOLD ON until the shaking stops.
- STAY AWAY from windows, glass, lighting fixtures, or furniture that could fall – like bookcases.
- STAY INSIDE!
- Do not use elevators!

If outside:
- Stay there. Move away from buildings, streetlights, and wires.
- Stay out in the open until the shaking stops. Buildings could collapse and hurt you.

If trapped under debris:
- Cover your mouth with your shirt.
- Do not scream – you could breathe in dust.
- Tap on a pipe or wall so rescuers can find you.

AFTER

- Expect aftershocks. They are usually not as strong but can cause damage.
- Open cabinets carefully. Objects might have moved and could fall on you.
- Wear long pants, long sleeves, and shoes to protect your skin from getting scratched by broken objects.
- Text, don’t talk. Unless there’s a life-threatening situation, if you have a cell phone, send a text so that you don’t tie up phone lines needed by emergency workers. Plus, texting may work even if cell service is down.

WORDS TO KNOW

Seismic Activity: Another word for earthquakes, along with tremors, quakes and shakers
Fault Lines: Cracks in the rocks below the earth’s surface
Aftershock: A smaller earthquake that follows the main shock or previous earthquake
Epicenter: The center, or focus, of an earthquake, from which seismic waves are sent spherically in many directions
Seismograph: A machine that measures an earthquake

Skills Being Taught: Communicate in writing, clearly and effectively with a purpose.

Goal(s): Student will address an envelope.

Activities to Support Your Child at Home

- Help your child to memorize your home address.
- Point out where on the envelope that you should write the return address. Point out where to write the addressee's information. Point out where to place a stamp and how many are needed.
- Address the envelope as your child watches.
- Practice addressing the envelope with your child.
- Allow your child to address an outgoing letter. Take your child to the post office and purchase stamps and envelopes.
- Write a letter with your child to a relative or neighbor. Go to the post office and mail the letter.

Stamp
Wet Dry and Fry

Skills Being Taught:

Students will be exposed to three cooking methods: boiling, roasting, and sautéing and will understand which method to use with which foods.

With practice, the student will be able to prepare a simple meal.

Goal(s):

Activities to Support Your Child at Home

Find out if your son/daughter has an interest in cooking.

Discuss your child's favorite meals and how those meals are prepared. Review the items needed for the meal and discuss grocery items needed.

Introduce your child to the stove and which safety precautions should be taken.

Boil water and show him/her how to prepare rice and potatoes. Review cooking measurements with your child.

Together, fry bacon/sausage or a burger patty.

While you prepare a vegetable, have your child cook a burger patty and mashed potatoes.

Rules for Kitchen Safety

1. Wash hands often. To do this properly use warm water, and lather up with hand soap. Scrub the back and front of your hands, between the fingers and your fingernails. Wash for at least 20 seconds. Rinse under running water and dry with a clean towel.

2. Rinse all fresh fruits and vegetables before eating using clear, clean water—no soap.

3. Don’t put cooked food on the same plate, tray or cutting board as raw or ready to eat food to prevent cross contamination and the spread of bacteria.

4. When you finish measuring perishable foods, put the extra back in the refrigerator or ice chest.

5. If you spill something, take the time to clean it up properly.

6. Keep paper towels, dish towels, and pot holders away from stovetops and oven doors so they won’t catch fire.

7. Turn pot handles toward back where no one will knock them off the heating element or table.

8. Never add water to a pan that contains hot oil or fat in it since hot fat will splatter out of the pan and could cause a burn.

9. Never put water on a cooking fire. Quickly ask an adult to put out the fire. Don’t try to move a burning object to another place.

10. Use knives safely.
   a. If you don’t feel comfortable with the knife ask for help.
   b. When using a knife to cut your food, always cut away from your body and toward a cutting board.
   c. If the cutting board moves when in use, secure it by putting a damp towel between it and the counter or table.
   d. Use the knife for cutting, not gesturing or pointing.
   e. Stand still while holding knives. If you must move from one place to another, hold the knife blade downward, tell people you are coming through with a knife and walk carefully. Never run.
   f. Put knives down away from the edge of the table and placed so the blade is facing down or on its side.
   g. Don’t put knives or other sharp objects into full sink where someone could reach in and get hurt.

11. Dress for safety. Wear shoes that cover your feet (no sandals). Avoid loose fitting clothing. Take off jewelry including earrings, necklaces, bracelets and rings (it or pieces of it could fall into the food).

12. Keep hair out of the food. Wear some kind of clean head covering such as a ball cap, bandana, chef’s hat or hairnet. If you have long hair, tie it back, then cover your head with a clean head covering.

13. Be careful not to get burned.
   a. Open pan lids away from you to safely vent steam.
   b. Turn off burners, ovens and other hot equipment as soon as you finish with them.
   c. Keep hands out of hot pans.
   d. Let people know you are coming with something hot.
   e. Walk slowly when you carry something hot.
   f. Use dry pot holders.

14. Electricity is not a friend of water. Keep electric appliances and cords away from water. Use dry hands to plug something in or out.

15. Turn off appliances and unplug them as soon as you finish with them.

16. If you have oil or pan drippings that need to be disposed of, contact a Food Showdown adult volunteer, and they will provide you with a metal can and turkey baster for proper disposal.
Being Safe in the Kitchen

Directions: Identify the following practices as “safe” or “unsafe” on the lines provided. For those that are unsafe, explain why on the lines provided as well.

1. Janet pulled her long hair out of her face and up into a pony tail before she started cooking.

2. Kimberly started preparing dinner while wearing flip flops.

3. Tonya finished washing her hands and went immediately back to chopping the vegetables. Since her hands were wet, she dropped the knife and tried her best to keep it from cutting her foot or hitting the floor.

4. After cooking, John cleaned the stove top and oven to keep anything left over crumbs or spills from catching on fire.

5. Sonya baked potato had gotten cold even though it was still in the aluminum foil, so she put it in the microwave to quickly reheat it.

6. Corey decided to let his younger brother use a dull knife to cut his sandwich instead of a sharp one since he was younger.

7. Shanti went to the restroom and washed her hands immediately upon re-entering the kitchen before she began her food preparation.
8. Betty tilted the lid away from her face to let the steam out before looking in to check on her soup.

9. Robert had only put the roast in the oven for about 5 minutes and decided to take it out quickly with his hands to finish seasoning it.

10. Clifford hung the paper towels above the oven so that they would be in easy reach in case of a spill.

11. Since the food had dried on the knives, Kandi put them in the soapy dishwater to soak.

12. Steve always remembers to turn the pan handles toward the back of the stove while cooking.

13. Sharon took the fire extinguisher out of the kitchen to keep her baby from playing with it like it was a toy.

14. Justin immediately stopped what he was doing to clean up a spill on the floor.

15. Sandra was in such a rush that she used the same cutting board for her vegetables that she had just used to cut and season her chicken.

16. Clara dropped a glass and it shattered and she decided to pick up the big pieces with her hand and then she would come back later with a broom to clean up the remaining pieces.

17. Jamie wanted to taste her mix real quick to see if it needed any more seasoning, but suddenly had to sneeze. After wiping her hands on her apron, she stuck her finger in the bowl to taste it and sure enough, it needed more salt.
18. Haley was in the kitchen cooking when she noticed that the red light was not lit on the smoke alarm. She checked the fire alarm to see if the batteries needed to be changed and they did, however, the phone rang and she went to answer it in the other room and left her food on the stove cooking.

19. Chris made sure to unplug all appliances before starting to wash dishes.

20. After dinner, Dana’s mom told her to put up the leftovers. However, Dana received a phone call and left them out all night. The next morning before Dana’s mom got up, Dana put the leftovers in the refrigerator.
Being Safe in the Kitchen

Directions: Identify the following practices as “safe” or “unsafe” on the lines provided. For those that are unsafe, explain why on the lines provided as well.

1. Janet pulled her long hair out of her face and up into a pony tail before she started cooking.
   Safe

2. Kimberly started preparing dinner while wearing flip flops.
   Unsafe, you should always wear closed toe shoes.

3. Tonya finished washing her hands and went immediately back to chopping the vegetables. Since her hands were wet, she dropped the knife and tried her best to keep it from cutting her foot or hitting the floor.
   Unsafe, you should never try to catch a falling knife and always make sure your hands are dry when working in the kitchen.

4. After cooking, John cleaned the stove top and oven to keep anything left over crumbs or spills from catching on fire.
   Safe

5. Sonya baked potato had gotten cold even though it was still in the aluminum foil, so she put it in the microwave to quickly reheat it.
   Unsafe, you should never put aluminum foil or any metals inside the microwave.

6. Corey decided to let his younger brother use a dull knife to cut his sandwich instead of a sharp one since he was younger.
   Unsafe, you should never use a dull knife and should always monitor kids in the kitchen.

7. Shanti went to the restroom and washed her hands immediately upon re-entering the kitchen before she began her food preparation.
   Safe
8. Betty tilted the lid away from her face to let the steam out before looking in to check on her soup.  
   **Safe**

9. Robert had only put the roast in the oven for about 5 minutes and decided to take it out quickly with his hands to finish seasoning it.  
   **Unsafe, you should always use oven mitts or a pot holder when taking anything out of the oven.**

10. Clifford hung the paper towels above the oven so that they would be in easy reach in case of a spill.  
    **Unsafe, you should never place anything flammable above the stove, it could easily catch on fire.**

11. Since the food had dried on the knives, Kandi put them in the soapy dishwater to soak.  
    **Unsafe, you should never place knives in soapy dishwater where they cannot be seen.**

12. Steve always remembers to turn the pan handles toward the back of the stove while cooking.  
    **Safe**

13. Sharon took the fire extinguisher out of the kitchen to keep her baby from playing with it like it was a toy.  
    **Unsafe, you should always have the fire extinguisher in the kitchen in case of an emergency.**

14. Justin immediately stopped what he was doing to clean up a spill on the floor.  
    **Safe**

15. Sandra was in such a rush that she used the same cutting board for her vegetables that she had just used to cut and season her chicken.  
    **Unsafe, you should always use separate cutting boards for vegetables and meat to prevent cross contamination.**

16. Clara dropped a glass and it shattered and she decided to pick up the big pieces with her hand and then she would come back later with a broom to clean up the remaining pieces.  
    **Unsafe, you should never clean up broken glass with your bare hands, and should always make sure to clean up broken glass immediately.**

17. Jamie wanted to taste her mix real quick to see if it needed any more seasoning, but suddenly had to sneeze. After wiping her hands on her apron, she stuck her finger in the bowl to taste it and sure enough, it needed more salt.  
    **Unsafe, you should always wash your hands after sneezing and never use your finger to taste foods.**
18. Haley was in the kitchen cooking when she noticed that the red light was not lit on the smoke alarm. She checked the fire alarm to see if the batteries needed to be changed and they did, however, the phone rang and she went to answer it in the other room and left her food on the stove cooking. **Unsafe, you should never leave food on the stove unattended and always need to keep your fire alarm working.**

19. Chris made sure to unplug all appliances before starting to wash dishes. **Safe**

20. After dinner, Dana’s mom told her to put up the leftovers. However, Dana received a phone call and left them out all night. The next morning before Dana’s mom got up, Dana put the leftovers in the refrigerator. **Unsafe, you should always store food safely within 2 hours.**
Recognize Community Signs and Symbols

Skills Being Taught: Students will learn to recognize and interpret community signs and symbols.

Goal(s): Student will learn to recognize and understand essential signs and symbols or what action should be taken for safety while navigating their community.

Activities to Support Your Child at Home

- Review the signs and symbols flashcard set with your child. Flashcards are located on the following pages.
- Have your child identify the signs and symbols on flashcards.
- Explain the meaning of the signs and symbols in your community to your child.
- Point out community signs and symbols during outings with your child.
- Ask your child to point out the signs and symbols during outings and discuss what they mean.
- Ask your child to read community signs and symbols during outings.
**Suggestions:**
1. Print out pages 2 and 3
2. Cut out signs (p.2) and glue them to individual index cards
3. Laminate the cards and place a piece of velcro on the bottom of each one
4. Laminate and cut out descriptions on p.3, then place velcro on them
5. Laminate a folder (app. 1/2 of a standard manila folder) and place velcro for sign descriptions
6. Glue two small containers, and the folder onto a tray for sturdiness
7. Place a stack of index cards into the left container and a “Finished” card onto the right one
8. Arrange sign descriptions in a folder
9. Modify to meet individual needs of your students!

**Materials Needed:**
1. Printed Materials
2. Manila Folder
3. Small Containers (2)
4. Tray
5. Velcro
6. Laminate

*Materials provided are samples only! They may need to be individualized to meet the particular needs of a person with an ASD!*
