Request for Gifted/Talented Professional Development, 2018-2019

Thank you for your interest in having GATE professional development at your school. Please note our procedure for scheduling. It is required that smaller elementary schools requesting professional development partner with at least one other local school. This will allow us to serve more school sites given our reduced schedules, personnel, and funding.

We will attempt to come out to your school for ONE professional development workshop per school year. However, due to limited resources it may be necessary to place your school on a waiting list. Most schools choose a banked time Tuesday, while others will merge banked time with a faculty meeting to create a longer in-service. Please be aware that once a date has been confirmed, we may not be able to reschedule.

In order to request professional development from the GATE office, please complete the following steps:

1. Fill out the “Request for Professional Development” form (attached). Ensure that all sections are completed and that the principal’s signature is included where necessary.
2. E-mail the attached form to rgrubb@lausd.net or fax to: (213) 241-8975 at your earliest convenience to finalize the scheduling process.

Once you receive a confirmation email from our office, look it over and alert us immediately of any discrepancies, clarifications, or questions. Should you need to cancel, let our office know ahead of time so that we can fill your space with a school from our waiting list.

Please note that a great deal of preparation and time is put into the professional development to best meet your school’s needs. In order to increase teacher knowledge and to ensure effective implementation in the classroom, we ask that you commit to a minimum of 90 minutes for professional development from our office. If for some reason, the time frame or topic you initially chose needs to be adjusted, please notify us at least two weeks before the scheduled date. Lastly, in order for us to deliver the most effective presentation, we respectfully ask that your school honor the beginning and ending time requested and not schedule other lengthy agenda items on the same day.

Thank you again for your interest in Gifted/Talented Programs. Professional development from Gifted/Talented Programs is appropriate for all teachers, including special education teachers. We look forward to the opportunity to work with your school.
