

Accessing McGraw-Hill My Math Spanish Presentation Slides

Starting January 1, 2017 McGraw-Hill My Math teachers can access Spanish PDF presentation slides through their ConnectED account. These files can be accessed on the lesson level or by accessing the Spanish Resources from the dashboard.

Accessing slides from the lesson level

Click on **Resources** and choose the **chapter and lesson**. Click on **More (plus sign)**.

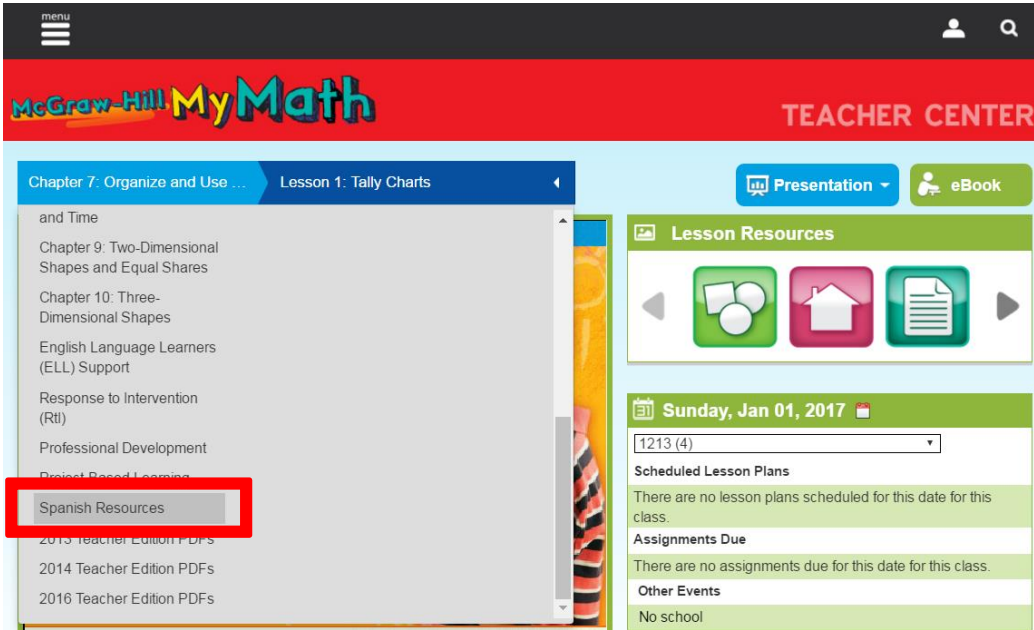

The screenshot shows the McGraw-Hill My Math Teacher Center interface. On the left is a navigation sidebar with 'Resources' highlighted in red. The main content area has a 'Resources' header with search filters for 'Lesson Search', 'Keyword Search', and 'Favorites (5)'. Two dropdown menus are highlighted in red, showing 'Chapter 7: Organize and Use' and 'Lesson 1: Tally Charts'. Below these, a 'More (6)' button is also highlighted in red. The results section shows a grid of resource cards, including 'Problem of the Day', 'Answer Key, Pro...', and 'Color Tiles'. The page is labeled 'Page 1 of 3'.

The **lesson specific** presentation PDF will appear.

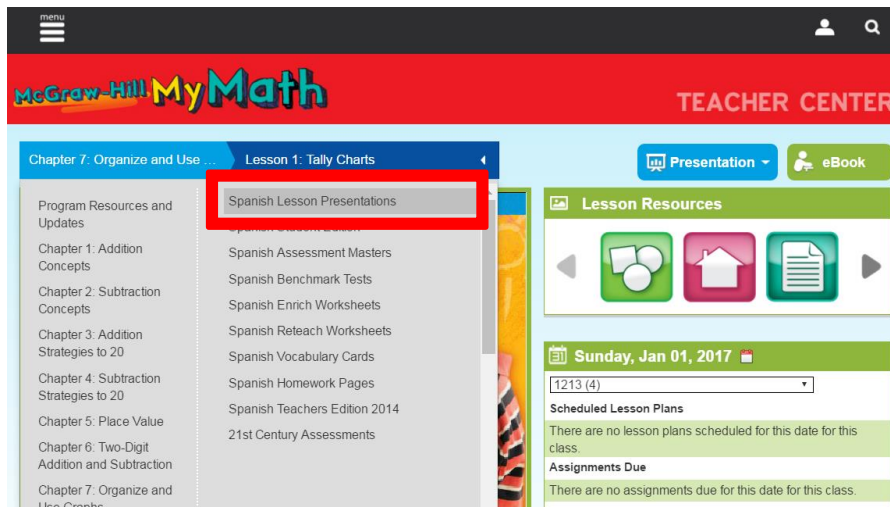

This screenshot shows a filtered view of resources. The search filters on the left are 'Chapter 7: Organize and Use' and 'Lesson 1: Tally Charts'. Under 'All Resources', a 'More' button is highlighted in red. The results section shows a grid of resource cards. The card titled 'Spanish presenta...' is highlighted in red. It features a yellow background with a blue arrow pointing right and the text 'Tablas de conteo'.

Accessing slides from the dashboard

From the dashboard click on **Spanish Resources**.

Click on **Spanish Lesson Presentations**.

Click on the **More (plus sign)** and all grade level lesson presentation PDFs will appear.
