

2022-23 Rotating Score Validation Process (RSVP) for the Initial ELPAC K-2 Writing Domain

In the 2022-23 school year, seventy-three LAUSD schools have been identified by the California Department of Education (CDE) to take part in the Rotating Score Validation Process (RSVP) for the Initial English Language Proficiency Assessments for California (ELPAC). The Student Testing Branch will be shipping via District Trucking grades K-2 Writing Answer Books to each RSVP school after the principal and ELPAC coordinator complete their respective requirements.

RSVP schools administer the Writing domain to students in grades K–2 using the 2022-23 scannable Writing Answer Books, Form 1. ELPAC Coordinators will return grades K-2 Writing Answer Books to their assigned Testing Center following the schedule in the table below.

 - ii. TE documented the student’s responses on the Student Score Sheet
 - iii. TE entered and submitted scores in the DEI

Adhere Scannable Pre-ID Labels to each K-2 Writing Answer Book

ELPAC Coordinators must not create their own labels. After the scores for all domains are entered, the state will generate a scannable label for each student tested. The labels will be shipped to the school before the scheduled collections of materials in November.

Non-RSVP Schools

Non-RSVP schools will receive non-scannable K-2 Answer Books after the principal and ELPAC Coordinator have completed their respective requirements. Non-RSVP schools will return their K-2 Writing Answer Books to their assigned Testing Center in spring 2023. Instructions for returning materials will be provided by the Student Testing Branch.
