

AVAILABLE NOW on 
(Release 18.4, January 2015)

New Graduation Progress Reports:

- ✓ A new **Graduation Progress** dashboard and 3 new reports are now available in MyData to monitor student progress towards the completion of the A-G course sequence (with a **D or better**) and other graduation requirements:
 - A-G On-Track-to-Graduate – How are students in each graduating class performing on the A-G requirements (**D or better**)?
 - Location Comparison – How does A-G completion (**D or better**) vary by school?
 - Academic Requirements, Current Graduating Class – What progress are students in the Class of 2016 making toward the completion of all academic requirements (does not include the Career Pathways nor the Service Learning requirements)?

A-G Dashboard is now called **UC-CSU Readiness (A-G)**:

- ✓ The name of the dashboard has changed, but the reports you know and love are still the same. These reports monitor student progress toward completion of the A-G course sequence with a **C or better**, the requirement for admission to the UC-CSU system:
 - A-G Progress Overall – Which students have completed, or are on-track towards completing, the A-G requirements with a **C or better**?
 - A-G Progress by Location – How does A-G **C or better** progress vary by school?
 - A-G Progress by Subject – In which subject areas are students do welling in, or struggling more with?
 - A-G Progress by Subject by Location – How does A-G progress by subject vary by location?
