

L.A. Unified

2021 - 2022 Supplemental Digital Learning Tools

Based on end user feedback and usage metrics, Central Office will be repurchasing supplemental digital learning tools for the 2021-2022 school year to continue supporting instruction. These resources are in addition to the adopted digital core instructional applications available through Schoology.

*ACTION: An opt-in process will be made available for the selection of one of the Elementary Math programs. To select the products you'd like Central Office to purchase, please make your school's selections here: bit.ly/DLTRepurchase. By making this selection, you are committing to support teachers with professional development, monitoring and increasing student usage, and providing family education in order to increase students' knowledge of mathematical concepts and skills.

Teachers and staff will be able to install these new apps through the LMS App Center at achieve.lausd.net/LMSAppCenter and under the Schoology waffle icon by signing in at lms.lausd.net.

Additionally, staff, students, and parents will be able to access user guides, videos, webinars, professional development opportunities, and/or support information at achieve.lausd.net/DigitalLearningTools.
