These additional training session may be held in the fall and spring as not to overload parents.	Continue hosting monthly business meetings through the end of the school year.	Requesting that a copy of the SELPA be sent to all members via US Mail to review. Also increase the public's ability to communicate on the topics other than under the public comment section. Recommending we develop a system to elevate the Q&A process to include the chat, when in person a whiteboard or chart paper to capture members and non members questions and also provide written responses. We need to provide more ways to include members and non members input and not just sit and listen.
