May is SAFE JOBS for Youth Month

If it doesn't feel SAFE, then don't do it.

- In 2015, there were 24 deaths to workers under 18 years of age.
- In 2015, the incidence rate for non-fatal injuries for workers ages 16-19 was 110.5 per 10,000 full-time employees.
- In 2014, the rate of work-related injuries treated in emergency departments for workers ages 15-19 was 2.18 times greater than the rate for workers 25 years of age and older.

Know your RIGHTS

Please check out the following video on the importance of youth safety: https://www.cdc.gov/niosh/talkingsafety/video.html
