

**INTEROFFICE CORRESPONDENCE**  
**Los Angeles Unified School District**  
**Accounting and Disbursements Division**

**TO:** Local District Superintendents

**DATE:** January 14, 2021

**FROM:** Joy Mayor   
Interim Controller

**SUBJECT: ROLL-OUT OF AN ENHANCED ONLINE FUNDRAISING APPLICATION WEBSITE**

Student Body Finance is pleased to announce that enhancements were made in the current online fundraising application website in an effort to build support for our school communities.

The enhanced online fundraising website now has the following major enhancements:

1. Created the Parent Registry System that would lessen repetitive input of information for event approval request
2. Streamlined process for approving the use of school facility
3. Ability of schools and parent organizations to submit multiple dates and times for a specific fundraising event

On November 6 through December 1, 2020, 36 pilot schools and their respective parent organization officers received training on this new system. Feedbacks received were taken into consideration to further enhance it.

Effective this week, the roll-out phase of the enhanced online fundraising application website is in progress. The 36 pilot schools would be the first group to get access. The rest of the schools will get access after Student Body Finance provided the necessary training, which we project to be finished by February 28<sup>th</sup>. Please also be informed that job aids and recorded training videos are also now available through this link, <https://fundraisingtst.lausd.net/Home/Help>.

Should you have any further questions, please feel free to reach out to your respective Local District Student Body Finance Coordinating Financial Manager.

Thank you.
