TITLE: Responsible Use Policy (RUP) For District Computer and Network Systems

NUMBER: BUL- 999.11

ISSUER: Shahryar Khazie, Chief Information Officer Information Technology Division

DATE: August 20, 2015

POLICY: Teachers, students, administrators and other District and school personnel shall ensure District data systems are used in a responsible, efficient, ethical, and legal manner, and that such use is in support of the District’s business and education objectives.

MAJOR CHANGES: This revision replaces BUL-999.10, dated November 18, 2014, renaming the policy from “Responsible and Acceptable Use Policy” to “Responsible Use Policy” (RUP) and placing a greater emphasis on digital citizenship.

BACKGROUND: On January 8, 2002, the Los Angeles Unified School District Board of Education established Board Rule 1254 as the “Acceptable Use Policy,” pursuant to the Children’s Internet Protection Act (CIPA), a federal law affecting the educational use of digital media. All uses of District computer and network systems by students, employees, contractors, and consultants are subject to this policy. This bulletin will undergo periodic review to ensure it reflects current laws and regulations.

PROCEDURES: Users of District computer systems, networks, or the Internet must adhere to the Responsible Use Policy.

Site administrators must annually distribute, collect, and keep on file the completed attached forms prior to authorizing access to the Internet or the District’s network:

ATTACHMENT A: RUP information and sign-off form for Students and Parents
ATTACHMENT B: RUP information and sign-off form for Employees
Employees will confirm their assent to the RUP both in writing and electronically when they activate their District account and/or change passwords.

ASSISTANCE: For further information, please contact the IT Helpdesk on the web http://helpdesk.lausd.net or by telephone at (213) 241-5200.

Responsible Use Policy (RUP) for District Computer Systems
Information for Students and Families

Purpose
The purpose of the District’s Responsible Use Policy (“RUP”) is to prevent unauthorized access and other unlawful activities by users online, prevent unauthorized disclosure of or access to sensitive information, and to comply with legislation including, but not limited to, the Children’s Internet Protection Act (CIPA), Children’s Online Privacy Protection Act (COPPA) and Family Educational Rights and Privacy Act (FERPA). Furthermore, the RUP clarifies the educational purpose of District technology. As used in this policy, “user” includes anyone using computers, Internet, email, and all other forms of electronic communication or equipment provided by the District (the “network”) regardless of the physical location of the user. The RUP applies even when District-provided equipment (laptops, tablets, etc.) is used off District property. Additionally, the RUP applies when non-District devices access the District network.

The District uses technology protection measures to block or filter access, as much as reasonably possible, to visual and written depictions that are obscene, pornographic, or harmful to minors over the network. The District can and will monitor users' online activities and access, review, copy, and store or delete any communications or files and share them with adults as necessary. Users should have no expectation of privacy regarding their use of District equipment, network, and/or Internet access or files, including email.

The District will take all necessary measures to secure the network against potential cyber security threats. This may include blocking access to District applications, including, but not limited to, email, data management and reporting tools, and other web applications outside the United States and Canada.
