

High School Williams List of District Adopted and Approved Textbooks

- > All instructional materials listed below are Williams-compliant. Use this list to ensure that every student has instructional materials in the defined curricular areas.
- > Only District-adopted materials marked with a dollar sign (\$) next to the title may be purchased with State textbook funds.
- > All sections of the same course, taught at the same school, must use the same textbook. Ex: All sections of English 10 AB must use the same English 10AB textbook.
- > Newer editions of adopted textbooks marked with a "d" next to the copyright date may be difficult to use alongside the originally adopted edition and therefore may be purchased for new courses and new schools only.
