NUMBER: REF-6312.6

ISSUER: Alison Yoshimoto-Towery
Chief Academic Officer
Division of Instruction

Esther Sinofsky, Ph.D.
Administrative Coordinator
Integrated Library and Textbook Support Services

DATE: August 17, 2020

PURPOSE: To provide instructions regarding verification of textbook/instructional materials sufficiency.

MAJOR CHANGES: This reference guide replaces REF-6312.5 titled Certification of Instructional Materials Sufficiency, Elementary Schools, dated July 9, 2019. Changes to this version include:

- Address Williams Sufficiency in relation to COVID-19.
- Provide a timeline for verification of Williams sufficiency for the 2020-2021 academic year.
- Sample textbook distribution plan

INSTRUCTIONS: California Education Code requires that each student, including English Learners and those in special day classes, have a State-adopted, standards-based textbook/application for use in the defined subject areas of English/reading/language arts, history-social science, mathematics, science, and health. Students must be assigned a single textbook/application in each subject that they can use both at home and in class. District policy does not allow the use of State textbook funding for the purchase of class sets in addition to the books issued directly to the student. If the school can assure the student has access to the internet and a device, web books or electronic textbooks will provide sufficiency.

In order to document compliance with California Education Code Section 60119, an annual certification of student textbook sufficiency is required of all teachers, principals, and Local District Superintendents.
A. The role of the school principal is to:
   1. Ensure all textbook orders are submitted in a timely manner.

2. Ensure teachers have access to the Teachers Portal, [https://teacherportal.lausd.net](https://teacherportal.lausd.net) and the step-by-step instructions to access the portal. See Attachment B.

4. Compare final master program with current textbook/application inventory by course enrollment two weeks prior to the first day of instruction to ensure sufficient supplies of student textbooks/applications.

5. Direct teachers to the District Adopted/District Approved Instructional Materials Lists from the ILTSS website ([https://achieve.lausd.net/iltss Textbooks → Williams Sufficiency](https://achieve.lausd.net/iltss Textbooks → Williams Sufficiency)) to assist teachers in identifying any missing or insufficient instructional materials. Additional components such as teacher’s editions and ancillary materials are not mandated for sufficiency.

6. Assign instructional materials directly to individual students and teachers on or before the first day of instruction. See Attachment A for a sample textbook distribution plan.
   a. Use a barcode scanner or manually enter the student ID number and then textbook barcode number into the Check Out Text section of the Circulation tab in Destiny Textbook Manager.

7. Ensure the teachers use the online Verification of Textbook Sufficiency which can be accessed through the Teachers Portal, [https://teacherportal.lausd.net](https://teacherportal.lausd.net) no later than September 2, 2020. These verifications are subject to audit so principals must export the data and maintain a file for at least two years.

8. Resolve verified insufficiencies before completing the Principal Verification of Textbook Sufficiency online. See Attachment C.
   a. Investigate possible on-site resources to determine, for example, if books are in storage and not yet distributed.
   b. Investigate the possibility of transferring unassigned books from another school.
   c. Any teacher who declared insufficiencies that have been resolved must login to the Teachers Portal and resubmit indicating sufficiency.
9. Submit *Principal Verification of Textbook Sufficiency* via the Principals Portal (http://principalportal.lausd.net/) no later than **September 8, 2020**.

10. Send an electronic copy of the completed online *Teacher Verification of Textbook Sufficiency* file to your Local District by **September 8, 2020**.

11. If there are unresolved insufficiencies, be prepared to explain at the public hearing before the Board of Education, the reasons for the insufficiencies. Principals of schools with insufficient instructional materials must communicate to community stakeholders the reasons why there are insufficiencies, the percentage of students who are without textbooks or materials, and what action is being taken to remedy the insufficiency.

B. The role of the **Teacher** is to:

1. Verify that each student has the required core instructional materials.

2. Notify the principal immediately of any insufficiencies.

3. Complete the online *Teacher Verification of Textbook Sufficiency* accessible through the *Teachers Portal* by **September 2, 2020**.

C. The role of the **Local District Superintendent** is to:

1. Ensure all textbook orders are submitted in a timely manner.

2. Review each school’s *Teacher Verification of Textbook Sufficiency* submissions and *Principal Verification of Textbook Sufficiency* submissions for insufficiencies and maintain a file of all the forms for two years.

3. Send the *Local District Superintendent Verification of Textbook Sufficiency* form (see Attachment E) to Integrated Library and Textbook Support Services (ILTSS) on or before **September 11, 2020**, via school mail, fax, or email.

Should any school be certified insufficient at the 8th week of instruction, that school will be announced at the public hearing. The verification of insufficiency announcement will include the percentage of students without textbooks or materials and the action being taken to remedy the insufficiencies. The Local District Superintendent and the principal will explain the reason for the insufficiency to the Board of Education.

SAMPLE TEXTBOOK DISTRIBUTION PLAN

Typically, textbook distribution begins on the first day of instruction. It can also occur prior to the first day of instruction if the school elects to offer a registration day(s) for their students.

Here are some suggestions for textbook distribution when distributing textbooks beginning before/on the first day of instruction:

- Create a schedule for distribution based on grade level, then students last name. Estimated time for textbook distribution per student is 5-10 minutes.
- Print out the Williams List of District Adopted and Approved Textbooks for the appropriate grade levels. The Williams list can be found at [https://achieve.lausd.net/iltss → Textbooks → Williams Sufficiency → Adopted and Approved Instructional Materials](https://achieve.lausd.net/iltss). Highlight the textbook that the school selected and uses per course for quicker identification.
- Print out Patron Barcodes (Patron Reports → Barcode Labels in Destiny Textbook Manager) to make distribution easier.
- Designate a book pick up location at an external point on campus. Use visual aids to indicate a safe distance - every six feet apart. Set up a table for students to pick-up textbooks.

Students who missed an opportunity to receive one or more textbooks:

- Establish a make up day for distribution based on grade level, then students last name.

Students who are new to the site:

- Students can be directed to the outside location where textbooks are distributed as the final step in the registration process
  - Student will receive textbooks for all their classes
