About SilverScript

SilverScript Employer PDP sponsored by Los Angeles Unified School District (LAUSD) (SilverScript) is a Medicare Part D prescription drug plan with additional coverage provided by Los Angeles Unified School District (LAUSD) to expand the Part D benefits. “Employer PDP” means that the plan is an employer-provided Medicare Part D prescription drug plan. The plan is offered by SilverScript Insurance Company, which is affiliated with CVS Caremark®.

Plan Costs

This section includes information about your monthly premium, annual deductible (if any), and cost-sharing amounts during the Initial Coverage Stage for SilverScript. Although most members do not reach the Coverage Gap Stage (Stage 3) or the Catastrophic Coverage Stage (Stage 4) during the plan year, a summary of your costs in those stages is also included.

Monthly Premium

Please contact Los Angeles Unified School District (LAUSD) for more information about the premium for this plan.

Medicare Part D Drug Payment Stages

All Medicare Part D prescription drug plans have drug payment stages where drug costs may vary. You move through each stage based on the amount either you or the plan spend on prescription drugs. See the following section for information on the Medicare Part D drug payment stages. The Part D *Explanation of Benefits (EOB)* and other plan materials include additional information on the four drug payment stages.

Stage 1: Deductible Stage

Because you have no deductible, this payment stage does not apply to you.

Stage 2: Initial Coverage Stage Cost Sharing

During the Initial Coverage Stage, you pay a portion of your drug costs, and the plan pays its portion. The following tables show what you pay until your total yearly drug costs reach \$4,130. Total yearly drug costs are the total drug costs paid by both you and SilverScript. You may get your drugs at network retail pharmacies or through the mail-order pharmacy.

2021 SilverScript Summary of Prescription Drug Benefits for Los Angeles Unified School District (LAUSD)			
Monthly Premium	Please contact Los Angeles Unified School District (LAUSD) for more information about the premium for this plan.		
Deductible	This plan does not have a deductible.		
Your share of the cost when you get a 34-day supply of a covered Part D prescription drug:			
	Network Retail Pharmacy (Up to a 34-day supply available at any network pharmacy)	Long-Term Care (LTC) Pharmacy (Up to a 31-day supply)	
Tier 1 Generics	\$5.00	\$5.00	
Tier 2 Preferred Brands	\$25.00	\$25.00	
Tier 3 Non-Preferred Brands	\$45.00	\$45.00	
Your share of the cost when you get a <i>long-term</i> supply (up to 90 days) of a covered Part D prescription drug:			
	Preferred Network Retail Pharmacy (Up to a 90-day supply)	Standard Network Retail Pharmacy (Up to a 90-day supply)	Mail-Order Pharmacy (Up to a 90-day supply)
Tier 1 Generics	\$10.00	\$15.00	\$10.00
Tier 2 Preferred Brands	\$50.00	\$75.00	\$50.00
Tier 3 Non-Preferred Brands	\$90.00	\$135.00	\$90.00

Note: You pay the same share of the cost for your drug filled through the Mail-Order Pharmacy, whether you get a one-month supply or a long-term supply. This means that the copayment or coinsurance listed in the previous table is applicable for any order, regardless of the day supply.

Stage 3: Coverage Gap Stage Cost Sharing

The coverage gap begins after the total yearly drug costs (including what the plan has paid and what you have paid) reaches \$4,130.

Due to the additional coverage provided by Los Angeles Unified School District (LAUSD), you have the same copayments or coinsurance that you had during the Initial Coverage Stage. Therefore, you may see no change in your copayment and/or coinsurance until you qualify for catastrophic coverage.

Stage 4: Catastrophic Coverage Stage Cost Sharing

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$6,550, you pay the following for your drugs and the plan will pay the rest:

- **Generics** (or a drug that is treated like a generic)
For up to a 34-day supply, you pay a \$3.70 copayment or 5% of the drug cost, whichever is greater, but no more than \$5.00.
- **Preferred Brands**
For up to a 34-day supply, you pay a \$9.20 copayment or 5% of the drug cost, whichever is greater, but no more than \$25.00.
- **Non-Preferred Brands**
For up to a 34-day supply, you pay a \$9.20 copayment or 5% of the drug cost, whichever is greater, but no more than \$45.00.

Who can join?

To join SilverScript, you must be eligible for coverage provided by Los Angeles Unified School District (LAUSD), be entitled to Medicare Part A and/or be enrolled in Medicare Part B, be a United States citizen or be lawfully present in the United States and live in our service area. SilverScript is available in the United States and its territories.

Which drugs are covered?

To find out if your drug is on the formulary (list of Part D prescription drugs) or about any restrictions, call SilverScript Customer Care (phone numbers are printed on the back cover of this booklet). You may also request a copy of the complete plan formulary.

Please note: Los Angeles Unified School District (LAUSD) provides additional coverage that may cover prescription drugs not included in your Medicare Part D benefit. For more information about your share of the cost or which prescription drugs may or may not be covered, please call SilverScript Customer Care (phone numbers are printed on the back cover of this booklet). The SilverScript formularies do not include any drugs that may be available to you through the additional coverage provided by Los Angeles Unified School District (LAUSD).

How will I determine my drug costs?

SilverScript groups each medication into one of three tiers. Use your formulary to find out the tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and whether you are in the Deductible (if any), Initial Coverage, Coverage Gap, or Catastrophic Coverage Stage. As you move from stage to stage, the amount you and the plan pay for your drugs may change. If the actual cost of a drug is less than the normal copayment or coinsurance for that drug, you will pay the actual cost, not the higher copayment or coinsurance.

Which pharmacies can I use?

More than 66,000 pharmacies nationwide make up the pharmacy network. These include retail, mail-order, long-term care and home infusion pharmacies. To find a network pharmacy near your home or where you are traveling in the United States or its territories, call SilverScript Customer Care (phone numbers are printed on the back cover of this booklet).

You generally must use a network pharmacy in order to receive full benefit coverage on your prescriptions. You may get drugs from an out-of-network pharmacy in an emergency, but you may have to pay the full cost (rather than your normal share of the cost) at the time you fill your prescription. If you use an out-of-network pharmacy, we will reimburse you your total cost minus your copay amount for the drug. You must submit a paper claim in order to be reimbursed.

Through the additional coverage provided by Los Angeles Unified School District (LAUSD), you may be able to save on your maintenance prescription drugs by changing your 34-day supply to a 90-day supply at any CVS Pharmacy®, Longs Drugs (operated by CVS Pharmacy), or Navarro Discount Pharmacy location. These pharmacies are called “preferred network retail pharmacies.”

If you're currently taking any long-term prescription drugs, you can continue to fill your 34-day supplies. However, you may save by changing your 34-day supply to a lower-cost 90-day supply. Filling one 90-day supply may cost you less than three 34-day supplies of the same prescription drug.

You can choose from two 90-day supply options for the same low price.

Option 1: Refill at any CVS Pharmacy, Longs Drugs (operated by CVS Pharmacy), or Navarro Discount Pharmacy location, and pick up your prescription drugs at your convenience.

Option 2: Refill with CVS Caremark Mail Service Pharmacy and have a 90-day supply of your long-term prescription drugs shipped to your home.

For questions about maintenance drugs with additional coverage provided by Los Angeles Unified School District (LAUSD), including the cost to fill these drugs, please contact SilverScript Customer Care (phone numbers are printed on the back cover of this booklet).

Please note: After the mail-order pharmacy receives an order, it typically takes up to 10 days for you to receive your prescription drug. You have the option to sign up for automated mail-order delivery.

This booklet provides a summary of what SilverScript covers and what you will pay. To get a complete list of our benefits, please call SilverScript Customer Care (phone numbers are printed on the back cover of this booklet) and ask for the *Evidence of Coverage*.

If you want to know more about the coverage and costs of Original Medicare, look in your current *Medicare & You* handbook. View it online at www.medicare.gov or get a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.

The formulary and/or pharmacy network may change at any time. You will receive notice when necessary.

SilverScript's pharmacy network includes limited lower-cost, preferred pharmacies in some rural areas of the country. The lower costs advertised in our plan materials for these pharmacies may not be available at the pharmacy you use. For up-to-date information about our network pharmacies, including whether there are any lower-cost preferred pharmacies in your area, please call SilverScript Customer Care at 1-844-819-3075 (TTY: 711), 24 hours a day, 7 days a week, or consult the online pharmacy directory at Caremark.com.

The typical number of business days after the mail-order pharmacy receives an order to receive your shipment is up to 10 days. Enrollees have the option to sign up for automated mail-order delivery.
