TITLE: Regulatory Notices relating to Employment – Posting Notice

NUMBER: BUL-1504.1

ISSUER: David R. Holmquist, Director
Division of Risk Management & Insurance Services

DATE: January 31, 2005

POLICY: The purpose of this Policy Bulletin is to outline the procedures to be followed for the posting of regulatory notices related to various federal and state laws pertaining to employees’ rights and obligations. It is the policy of the District to comply with various governmental agencies and their requirements that employers post this information in areas that are visible to employees and in a language that they can read.

These agencies include the California Department of Fair Employment and Housing, California Department of Industrial Relations, California Employment Development Department, California Office of the Attorney General, United States Department of Labor, United States Equal Employment Opportunity Commission, and United States Department of Education, Office for Civil Rights.

The notices cover discrimination and harassment, family and medical leave, labor relations, safety and health, whistleblowers, wage insurance for disability and unemployment, paid insurance for family care, minimum wage and paydays, and time-off for voting.

MAJOR CHANGES: This policy sets forth the obligations to post these regulatory notices, and it supplements any Board Rules, Personnel Commission Rules, Certificated Policy Guides and collective bargaining agreements on this topic.

GUIDELINES: This Policy Bulletin has specific guidelines and instructions that must be followed in filling in numbers pertaining to workers’ compensation and emergency telephone numbers (see Attachment A). It is mandatory that these numbers, some of which are specific to geographic locations, be completed in accordance with the instructions in Attachment A.

All sites of the Los Angeles Unified School District must post these three (3) regulatory notices (included inside the delivery box) informing employees of their rights and obligations. These notices must be posted immediately in an area frequented by employees where they are highly visible and may be easily read during the workday. Under current legal guidelines, work sites with a workforce of...
ten percent or more employees who cannot read English but would be able to read a
particular foreign language, are required by law to post available versions of these
notices in that particular language. Upon request, foreign language versions of these
notices shall be available. If the site is in need of a Spanish (or other foreign
language) version, the appropriate representative at the site must complete the
attached request form (Attachment B). Foreign language versions will be printed
and distributed separately. The deadline for submitting this request form for foreign
language is Friday, February 28, 2005.

All sites of the Los Angeles Unified School District must also post the Division of
Workers’ Compensation “Notice to Employees -- Injuries Caused by Work” in
English and Spanish (enclosed). The notice, in both English and Spanish, is attached
to this Policy Bulletin. All sites shall post this notice in both languages.

All sites shall also post the California Industrial Welfare Commission’s “Wage
Order #4” (enclosed). It shall be posted in a way that shows only the first page, and
that the pages thereafter would be able to seen and read by lifting the page(s) in
front.

All sites shall also post the Los Angeles Unified School District’s “Nondiscrimination
Information” and “Sexual Harassment Policy” posters. These posters have been
previously distributed by the Office the General Counsel/Educational Equity
Compliance Office, and are not included in this delivery. Any site may request
additional copies from the Educational Equity Compliance Office.

AUTHORITY:
This is a policy that seeks to comply with federal and state law. All of the
requirements set forth in this policy bulletin arise from mandatory requirements from
governmental agencies.
