INTEROFFICE CORRESPONDENCE
Los Angeles Unified School District
Office of Environmental Health and Safety

TO: Marcia Reed, Principal
186th Street Elementary
186th Street Science Center

DATE: March 16, 2017

FROM: Robert Laughton, Director
Office of Environmental Health and Safety

SUBJECT: NOTICE OF EXEMPTION FROM DAILY DRINKING WATER
FLUSHING REQUIREMENTS

The Office of Environmental Health and Safety (OEHS) has conducted an
evaluation of sampling data at 186th Street Elementary (0001575301) and 186th
Street Science Center (0001121901) as requested by the Facilities Services
Division (FSD). OEHS has determined that lead levels are below the U.S.
Environmental Protection Agency’s and the District’s thresholds for lead in
drinking water. As such, daily flushing activities at 186th Street Elementary and
186th Street Science Center may cease.

Quality assurance/control sampling will be randomly conducted at school sites and
if necessary, corrective measures will be implemented. If it is determined that
daily flushing is then required, you will be notified in writing.

Please post this notice in a place appropriate for public viewing. If you should have
any questions or need assistance, do not hesitate to contact our office at (213) 241-
3199.
