SUBJECT: NOTICE OF EXEMPTION FROM DAILY DRINKING WATER
          FLUSHING REQUIREMENTS

The Office of Environmental Health and Safety (OEHS) has conducted an
evaluation of sampling data at Aggeler Community Day School (0001850601) and
William Tell Aggeler Opportunity High School (0001850701) as requested by the
Facilities Services Division (FSD). OEHS has determined that lead levels are below
the U.S. Environmental Protection Agency’s and the District’s thresholds for lead
in drinking water. As such, daily flushing activities at Aggeler Community Day
School and William Tell Aggeler Opportunity High School may cease.

Quality assurance/control sampling will be randomly conducted at school sites and
if necessary, corrective measures will be implemented. If it is determined that daily
flushing is then required, you will be notified in writing.

Please post this notice in a place appropriate for public viewing. If you should have
any questions or need assistance, do not hesitate to contact our office at (213) 241-
3199.
