SUBJECT:     NOTICE OF EXEMPTION FROM DAILY DRINKING WATER
             FLUSHING REQUIREMENTS

The Office of Environmental Health and Safety (OEHS) has conducted an
evaluation of sampling data at Dominguez Elementary (0001346601) as requested
by the Facilities Services Division (FSD). OEHS has determined that lead levels
are below the U.S. Environmental Protection Agency’s and the District’s
thresholds for lead in drinking water. As such, daily flushing activities at
Dominguez Elementary may cease.

Quality assurance/control sampling will be randomly conducted at school sites and
if necessary, corrective measures will be implemented. If it is determined that
daily flushing is then required, you will be notified in writing.

Please post this notice in a place appropriate for public viewing. If you should have
any questions or need assistance, do not hesitate to contact our office at (213) 241-
3199.
