SUBJECT: NOTICE OF EXEMPTION FROM DAILY DRINKING WATER
         FLUSHING REQUIREMENTS

The Office of Environmental Health and Safety (OEHS) has conducted an
evaluation of sampling data at Maple Primary Center (0001722001) and Maple
Primary Center Pre-School (0001468601) as requested by the Facilities Services
Division (FSD). OEHS has determined that lead levels are below the U.S.
Environmental Protection Agency’s and the District’s thresholds for lead in
drinking water. As such, daily flushing activities at Maple Primary Center may
cease.

Quality assurance/control sampling will be randomly conducted at school sites and
if necessary, corrective measures will be implemented. If it is determined that
daily flushing is then required, you will be notified in writing.

Please post this notice in a place appropriate for public viewing. If you should have
any questions or need assistance, do not hesitate to contact our office at (213) 241-
3199.
