

Configuring Chrome Browser for MyPLN

The following steps were created using Chrome 94 as a guide. However, alternate versions of the Chrome will be very similar in procedure as well.

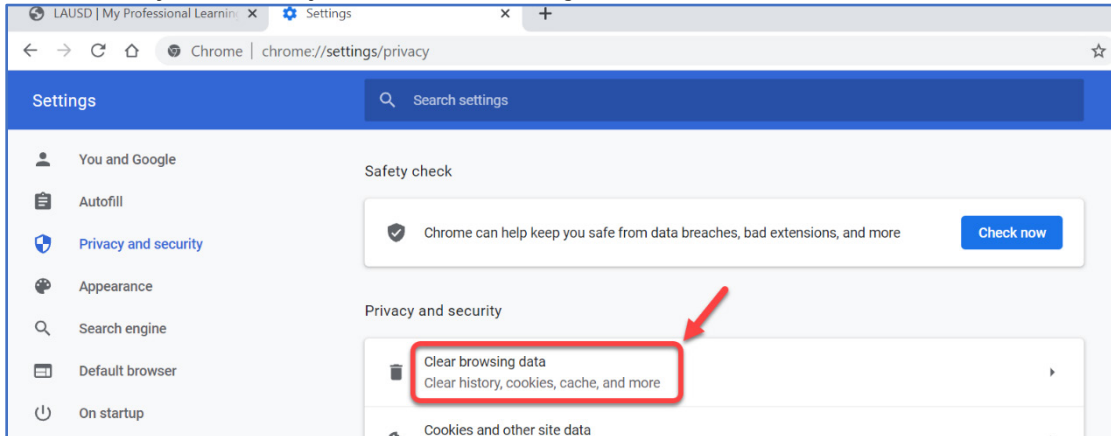

1. Open the Chrome browser, type **chrome://settings/** in the address bar and press **Enter**.

2. In the **Settings** window click **Privacy and security**.

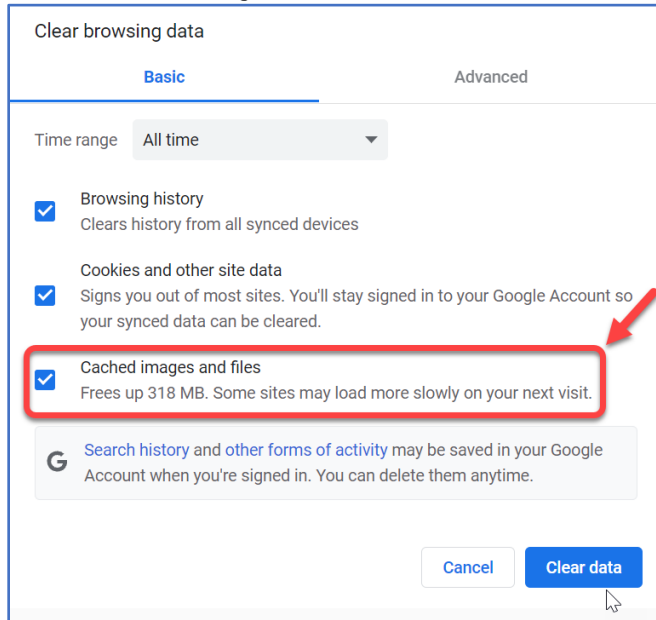

3. Under **Privacy and security**, click **Clear browsing data**.

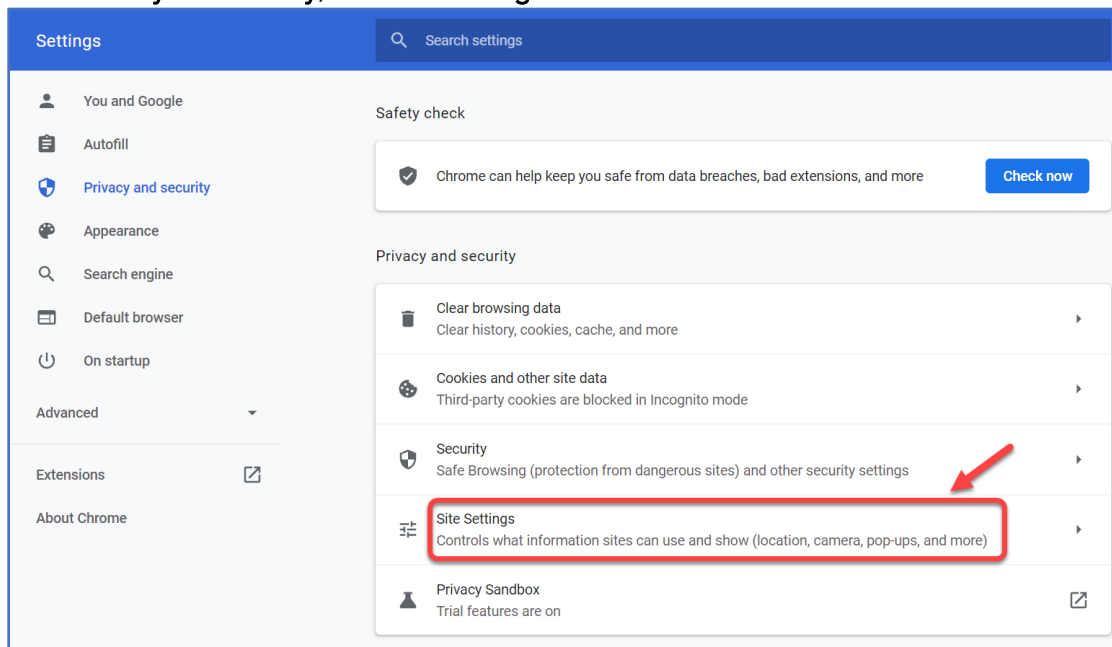

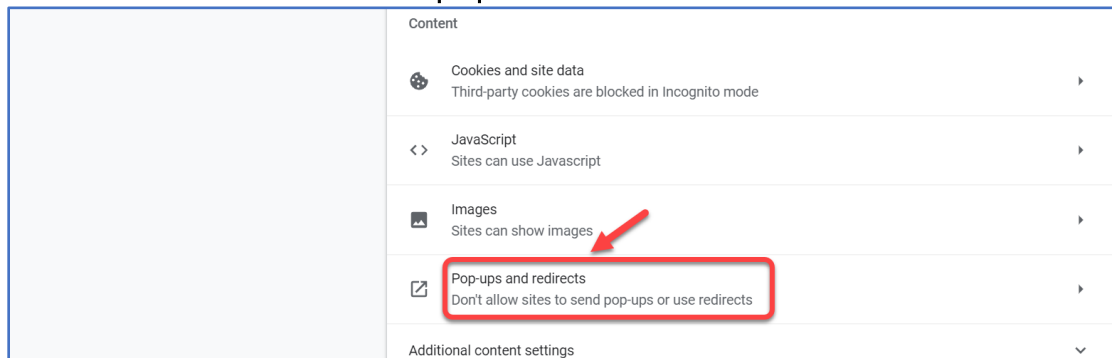

4. Ensure **Cached images and files** is selected and click **Clear data** to clear the browser's temporary internet files.

5. In the **Privacy and security**, click **Site Settings**.

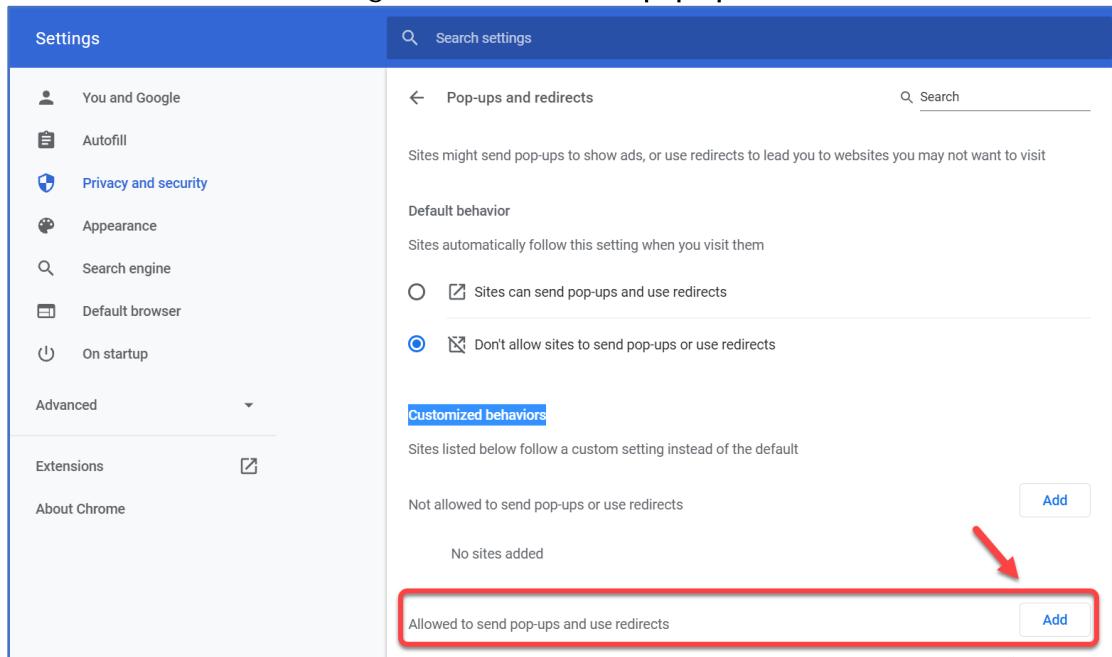

6. Scroll to the bottom and click on **Pop-up and redirects**.

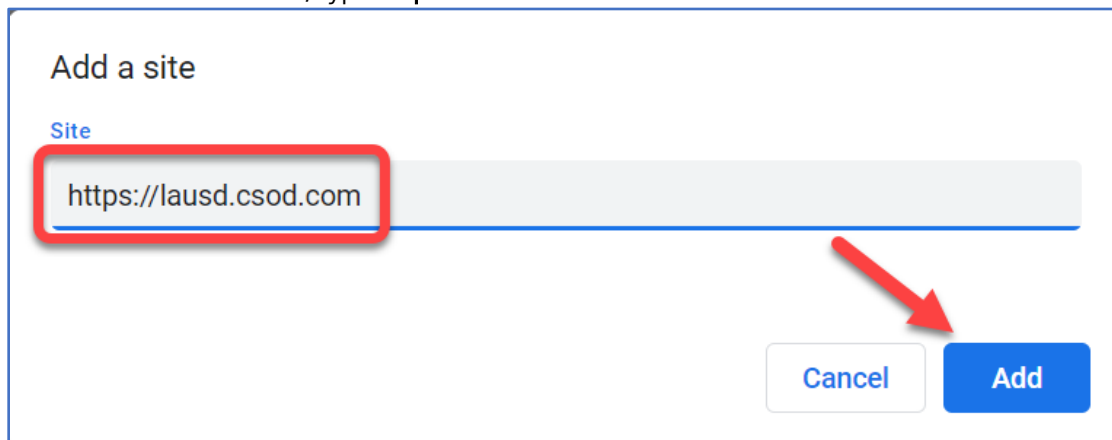

- Under **Customized behaviors**, go to **Allowed to send pop-ups and use redirects** and click the **Add** button.

- In the **Add a site** window, type **https://lausd.csod.com** in the box and click the **Add** button.

- Close the **Settings** tab and return to MyPLN. You may now launch your online course.
