Who is Eligible to Participate?

The Center for Advanced Transition program recommends that a student has the following:

- Have a current Individualized Education Program (IEP)
- Be at least 19 years of age by September of enrollment year
- Be willing to make a two year commitment to participate
- Have a developing support network
- Have completed 4 years of high school and:
  1. Non-diploma track
  2. Teacher recommendation
  3. Regular attendance
  4. Participated in work experience
  5. Vocational classes
  6. Travel in the community independently

What skills do students need?

- Ability to stay on tasks
- Flexibility in daily routine
- Good personal grooming/hygiene
- Appropriate work-related behavior
- Safety awareness
- Positive peer/adult relationships
- Ability to work independently
- Independent travel skills

How are enrollment decisions made?

Enrollment decisions are assessment driven. Students are assessed using a criteria rubric, both personal and family-based interviews, and a review of records from high-school. Final decisions are made by a committee of professionals based on the appropriateness of placement and services for each student.
