Foundations of Alternate Curriculum Instructional Training

Foundations of Alternate Curriculum Training (FACIT) is a required two-day training on the District mandated and standards-based Unique Learning System (ULS) and Oxford Picture Dictionary (OPD) curriculum designed for students with moderate to severe disabilities. This training is for teachers new to alternate curriculum instruction and/or teachers who are looking for a refresher in ULS and OPD.

Unique Learning System 2.0

Unique Learning System 2.0 (ULS 2.0) provides an in-depth look at Unique Learning System (ULS) with supplemental curriculum and the use of technology, such as the TechTub, in alternate curriculum programs. This training is for alternate curriculum teachers and paraeducators who have attended FACIT.

Mobility Opportunities Via Education

Mobility Opportunities Via Education (MOVE) is a set of instructional strategies for students with moderate to severe physical disabilities. Teachers and paraeducators must attend a two-day training to implement MOVE strategies in the classroom using MOVE equipment such as standers, wheelchairs, lifts, and walkers. Please reference BUL-2087.1 for more information.

Monthly Webinars

Monthly webinars provide opportunities to network, share, and learn best practices for teaching students who participate on the alternate curriculum. Each month, the webinar focuses on a topic associated with the instruction of students. All persons interested in learning about the alternate curriculum are welcome to join.
