

Mastery Learning and Grading: Summer Class

for (PK–12+, all content areas) Special Education Teachers and
Special Education Administrators

*Do you want to learn
how to align grading and
instructional practices to
improve student learning?*

Mastery Learning and Grading is a growth mindset approach to teaching based on the expectation that everyone can learn when provided with the right support. It offers all students and teachers an alternative to traditional instruction and grading. By refocusing classroom grading, assessment, instruction, and lesson planning on clear learning targets, and by implementing research-based systems honoring individual variation in learning styles, Mastery Learning and Grading allows more students to succeed academically and to take charge of their own learning. **This PD is for Special Education teachers and Special Education administrators in all grade levels and content areas.**

The class meets on three Saturdays for 21 total hours and also includes 30 hours of online learning. Participants who successfully complete the course requirements may earn either **1 Salary Point Credit or hourly pay for in-person hours. To enroll, email Chris Grounds at:**
