I. BACKGROUND

The Title III Immigrant Education Program is a federally-funded program under Title III, Part A, of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act (ESSA). Under ESSA, the purpose of the Title III Immigrant Education Program is to provide enhanced instructional opportunities for immigrant children and youth. These opportunities may include, but are not limited to:

- Family literacy, parent and family outreach
- Recruitment of personnel, including teachers and paraprofessionals
- Provision of tutorials, mentoring, and counseling
- Identification, development, and acquisition of materials, and software
- Basic instructional services needed by immigrant students

Under federal law, the term "immigrant children and youth" is defined as an individual student who (a) is aged three through twenty-one; (b) was not born in any of the 50 states or the District of Columbia or the Commonwealth of Puerto Rico; and (c) has not been attending any one or more schools in the United States for more than three full school years.

In order to qualify for federal Title III funding to support the Title III Immigrant Program educational supplemental services, eligibility of students must be
determined and corresponding information must be entered in MiSiS. There are two national origin related questions required by state and federal law:

- Country of Birth
- Date of First U.S. School Enrollment (excluding preschool).

Beginning in the Fall of 2019, national origin questions will no longer be included as part of the LAUSD Enrollment Form. Instead, this information will be collected using a separate form titled The Title III Immigrant Education Program Questionnaire Form (Attachment A).

The rationale for this change in the collection of the information is due to the adoption of Assembly Bill 699, Educational Equity: Immigrant and Citizenship Status (AB 699) on October, 2017. As amended by AB 699, Education Code sections 200 and 220 added “immigration status” as a specified protected characteristic for purposes of anti-discrimination and equal protection laws in public schools. Education Code section 234.7 limits the collection of information or documents regarding citizenship or immigration status of students or their families to only information required by state or federal law. Therefore, the gathering of national origin-related information required for Title III programs will be collected on a separate form as part of the enrollment packet by the school personnel.

INSTRUCTIONS: TITLE III IMMIGRANT IDENTIFICATION PROCEDURES

The Title III Immigrant Education Program Family Questionnaire serves as an initial screening document to determine eligibility for Title III Immigrant Education Program supplemental services. The Title III Immigrant Education Program Questionnaire Form (Attachment A) is to be included in the school’s enrollment packet for parents/guardians of students who are initially enrolling to complete and return to the school. Once the completed form is returned to the school, follow these procedures:

1. MiSiS Data Entry

   Parent/guardian responses to the questions listed on the Title III Immigrant Education Program Family Questionnaire Form (Attachment A) need to be entered into the MiSiS as follows:

   - Go to Student Enrollment Screen>Student Enrollment Information and then enter the Country of Birth
   - Go to Census>School Experience, enter the U.S. School Start Date and then save
2. Documentation and Record Keeping
   The completed and signed Title III Immigrant Education Program Questionnaire Form is to be filed and maintained in the student’s cumulative record.

   L.A. Unified must take counts of eligible immigrant students on the first Wednesday of October every year and report the student counts to the California Department of Education via the California Longitudinal Pupil Achievement Data System.
