Check Request Status

You can view the activity on your requests and provide additional information when needed.

My Activity Page
To Navigate to see your activity, open the Online Service Request System and click on the tab labeled My Activity at the top row of options on the page and select either All Activities, Requests, or Approvals.

Selecting All Activity will show you all the requests you have made and their statuses.

Select a Request/Approval to open up Request Details of the ticket and detailed status.
