

Los Angeles Unified School District Division of Instruction

Re-imagining Instructional Design for High School Mathematics Electives

The Division of Instruction, in partnership with textbook publishers, will be offering a makeup professional learning opportunity for high school math teachers to re-imagine instructional design.

- Engage with the new print and digital math elective textbooks
- Share ideas and effective instructional practices

This learning opportunity is specifically for high school math teachers currently teaching Precalculus, Statistics and Probability, AP Statistics, AP Calculus, and Discrete Math. Attendance to this training is voluntary.
