**CONSTRUCTIVE CONVERSATION SKILL-CLARIFY**

*Let’s Chorally read the Conversation Norms Poster.*

</tr>
</tbody>
</table>

To model what a Constructive Conversation looks like we are going to use the visual text and Listening Task Poster and address the prompt: *What is happening in the visual text? How do you know?* As we look at the visual text we will share our ideas and CLARIFY.

Teacher introduces Model and asks for a previously selected volunteer to be their partner. Teacher and student read Model Script.

**Review the Listening Task Poster**

Teacher refers to Listening Task Poster-CLARIFY and reads each step aloud.

**Prompt:** *What is happening in the visual text? How do you know?*
Model
Student A: I notice a lady.
Student B: What details can you add about the lady?
Student A: The lady has black hair and a purple and white dress. What more do you notice?
Student B: She is painting flowers.
Student A: Tell me more about the flowers.
Student B: There are pink and white flowers and orange and white flowers. What more do you notice?
Student A: The lady is painting a vase.
Student B: What details can you add?
Student A: The lady is painting a white and orange vase.

Teacher will use questions and Listening Task Poster to guide students through an analysis of what makes this a Model Constructive Conversation for the skill of CLARIFY.
Teacher will then proceed to the Non-Model for the skill of CLARIFY.

Non-Model:
Student A: I see a lady.
Student B: I see a lady too.
Student A: I see flowers.
Student B: I see a flower vase.
Student A: I see a window.
Student B: I see the sun.
Student A: I see the sun too.
Student B: I see a wall.

Teacher will use questions and Listening Task Poster to guide students through an analysis of what makes this a Non-Model Constructive Conversation for the skill of CLARIFY.

After teacher demonstrates both models, students are asked to address the prompt: What makes this a model Conversation for the Skill of CLARIFY?
**STUDENT VISUAL TEXT**

![Visual text from Kinder CA Treasures photo library]

**STUDENT PROMPT**  
*What is happening in the visual text? How do you know?*

**FORMATIVE ASSESSMENT**

| **Student Progress Form (SPF)- Constructive Conversation Sample** |
| Teacher will focus on 2-4 students to progress monitor using the **Student Progress Form (SPF)-Constructive Conversation Sample** on the use of the Constructive Conversation Skill of **CLARIFY** and the Conversation Norms to inform next steps. |

**USING COMPLEX TEXT: LINGUISTIC FEATURES**

| **FOCUS QUESTION** | **How do noun phrases add details?** |

**OVERVIEW**

Students will work first with a partner and then with whole group to understand and explain how noun phrases add details. Students will use an oral language strategy called **“Lines of Communication”** to clarify their knowledge of nouns and noun phrases. Teacher will monitor students’ oral language output by listening and documenting, debriefing, and providing feedback on how they met the lesson and language objective. Finally, the student self-assesses using a **“Stand and Self-Assess”** activity in which all discuss the focus question.

**MODEL/GUIDED PRACTICE**

1. **Introduce the Lesson Focus Question.**  
   *Today we are going to discuss how noun phrases can add details. This skill will help you when you use noun phrases to add details when speaking or writing. For example, when you write a narrative, you will use nouns and adjectives, to add details.*

   Refer to a familiar story and use a visual from the story, pointing out the details as you explain. *For example, if you write about Little Red Riding Hood,*
you would say the Big Bad Wolf has **sharp teeth**. In the story, the grandmother lives in a **little house**. Noun phrases describe and add details to the characters or settings.

**Noun Phrase Hand Motion**

We are going to learn the hand motion that we will use when we identify noun phrases. To model noun phrase motion: facing students, make fist with left hand (students’ right hand) say **noun**, with right hand make flashing jazz hand for details, say **adjective**. Put them together and make circular motion. Say **noun phrase**. Have the students do and say. Say **house-noun, little- adjective, little house-noun phrase**. Have the students do and say.

2. **Teacher taps into students’ prior knowledge of nouns and noun phrases.**

   **First round:** Use the *Lines of Communication* oral language strategy in two rounds to facilitate students’ reviewing their knowledge of nouns and noun phrases. Teacher selects 2-4 students to model. Students model asking and answering the questions, then all practice:
   
   - “**A noun is...**”
   - “**___ is a noun.**”

   **Second round of Lines of Communication:** Partners add details to nouns.
   
   - “**What words can add details to the noun?**”

Wrap-up: A noun phrase is a noun and an adjective that adds meaning and details. Do the noun phrase gesture together with the students.

3. **Direct the students to the reading task.**

   **Reading Task:** We will read the text to find noun phrases and how they add details. We will practice identifying noun phrases with a partner.

**Mentor Text: The Tortilla Factory**

The **black earth** sleeps in winter.

but in the spring the **black earth** is worked by **brown hands**

that plant **yellow seeds,**

which become **green plants** rustling in **soft wind**

and make **golden corn** to dry in **hot sun** and be ground into flour

for the tortilla factory, where **laughing people** and **clank-clunking machinery** mix the flour into dough

Read the mentor text one sentence at a time. Have students repeat the sentence.
In each sentence, highlight only the nouns and adjectives as in the mentor text example. After reading each line, pose the corresponding question that is listed below.

**Guiding Question #1:** (Teacher selects a student to model with the teacher. Teacher tells the class who is partner A and partner B.)

**Partner A:** Look at line 1. Which is the noun? Which is the adjective? What information does the adjective add to the noun?

**Possible Answer:** Partner B: The noun is earth and the adjective is black. The adjective adds a detail. It tells us the color of the earth.

**Guiding Question #2:** (Teacher selects two student to model for the whole class. Teacher tells the class who is partner A and partner B.)

**Partner A:** Look at the last noun phrase in line 2. Which is the noun? Which is the adjective? What information does the adjective add to the noun?

**Possible Answer:** Partner B: The noun is hands and the adjective is brown. The adjective adds a detail. It tells us the color of the hands.

**Guiding Question #3:** (Students work in pairs. Have the students identify who is partner A and B.)

**Partner A:** Look at the noun phrase in line 3. Which is the noun? Which is the adjective? What information does the adjective add to the noun?

**Possible Answer:** Partner B: The noun is seeds and the adjective is yellow. The adjective adds a detail. It tells us the color of the seeds.

Elicit students’ responses and ask them to share out their responses whole group.

*We will continue to learn about how noun phrases add details in our next lesson.*

How do noun phrases add details?
**Model/Guided Practice Day 2**

<table>
<thead>
<tr>
<th>Review the Lesson Focus Question.</th>

<tbody>
<tr>
<td><em>Yesterday, we discussed how noun phrases add details. This skill will help you when you use noun phrases to add details when speaking or writing. (Refer to a familiar story and use a visual from the story, pointing out details and doing the noun phrase gestures.) Noun phrases describe and add details to the characters or settings.</em></td>
</tr>
</tbody>
</table>

1. *Yesterday you used the “Lines of Communication” strategy to review what you know about nouns and noun phrases.*
   - “Give an example of a noun.”
   - “The noun is…”
   - “What word can add details to the noun?”
   - Have partners share their noun phrases with each other and the group.

2. *Read the mentor text. Yesterday, you read sentences with your partner. Together, you identified the nouns and noun phrases in the sentences.*
   - Which is the noun? / The noun is...
   - What does the adjective add? / The adjective adds...

Elicit students' responses and ask them to share out the nouns and noun phrases on the class poster. Explain that for the next portion of the lesson, they will discuss the rest of the nouns and noun phrases. They will also have an opportunity to self-assess using the “Stand and Self-Assess” activity.

**Teacher facilitates discussion by reading one question at a time. After each question, in pairs, students share their responses.**

**Guiding Question #1:** Look at line 4. There are two noun phrases. Look at the **bold** and **underlined** words. Which are the nouns? Which are the adjectives? What information does the adjective add to the noun?

**Possible Answer:** The nouns are plants and wind. The adjectives are green and soft. The adjectives add details. The adjective tells us the color of the plants. The adjective tells us how strong the wind is.

**Guiding Question #2:** Look at line 5. There are two noun phrases. Look at the **bold** and **underlined** words. Which are the nouns? Which are the adjectives? What information does the adjective add to the noun?

**Possible Answer:** The nouns are corn and sun. The adjectives are golden and hot. The adjectives add details. The adjective tells us the color of the corn. The adjective...
**Guiding Question #3:** Look at line 6. There are two noun phrases. Look at the **bold** and **underlined** words. Which are the nouns? Which are the adjectives? What information does the adjective add to the noun?

**Possible Answer:** The nouns are people and machinery. The adjectives are laughing and clank-clunking. The adjectives add details. The adjective tells us what the people are doing. The adjective tells us how the machinery sounds.

**Students return and respond to lesson focus question.**

**Wrap-up Guiding Questions:** Reread lines 1-6. What do noun phrases tell us about the farm and the factory? What details are added? Model the protocol with a volunteer.

- Students work with a conversation partner and share their response to the prompt.

**PRACTICE**

**Noun Phrase Game--Students use adjectives to create noun phrases.**

We will now create our own sentences with noun phrases. Select a noun and an adjective from the cards that you and your partner have. You will use the noun phrase in a sentence. You will explain what information the adjective adds to the noun.

- Teacher selects a student partner to model. Using the noun phrase cards (see resources), the teacher will model creating a sentence. Taking turns with a partner, students will explain how the adjective adds to the noun.

- **Model:**
  
  **Partner A:** I created the noun phrase **black cat**. A **black cat** ran down the street.
  
  **Partner B:** Which is the noun? Which is the adjective? How does the adjective add to the noun?
  
  **Possible Answer:** Partner B: The noun is cat and the adjective black. The adjective tells the cat’s color.

- Group Share

**FORMATIVE ASSESSMENT**

**Student Progress Form (SPF)- Constructive Conversation Sample**

After the students have played the game, the teacher selects two students to replay the game in front of the class. The teacher will collect a language sample from the two students on the **Student Progress Form (SPF)-Constructive**
**Conversation Sample** on the use of the constructive conversation Skill of **CLARIFY** and the Conversation Norms to inform next steps.

- **DIFFERENTIATED INSTRUCTION**
  - **SMALL GROUP (TEACHER)**
    - Student will have a Constructive Conversation with their partner about the following prompt:
      
      *What **CLARIFY** prompt starters can you use with your partner next time?*
      
      *What **CLARIFY** response starters can you use with your partner next time?*

  - **Independent Activity (Students):**
    - Students can play Constructive Conversation Game with new visual text to practice the skill of **CLARIFY**.
    - Students play the Noun Phrase Game.

- **WRAP-UP**
  - **Review ELD Objective**
    - Teacher will review ELD objective and clarifies linguistic feature of the lesson's focus question.

  - **Stand and Self-Assess**
    - Teacher will set up charts/signs in two different areas in classroom. Students self-assess and reflect on ELD objectives.

    | I understand and can explain to someone else | I understand but need more practice |
    |---------------------------------------------|-----------------------------------|

    - Tell students to answer the following prompt: How do noun phrases add meaning and details?
    - Students will go to the chart that best illustrates their understanding of lesson objective. Have two students who chose **can explain** share their understandings to the group.

- **NEXT STEPS**
  - **USE FORMATIVE ASSESSMENTS TO DETERMINE THE FOLLOWING:**
    - To what extent are students demonstrating an understanding of how noun phrases add details?
