INTRODUCTION

Aspire Public Schools (hereafter referred to as “Aspire”), a 501(c)(3) nonprofit public benefits corporation, was founded in 1998 by experienced educators and entrepreneurs to enrich students’ lives and reshape local public school systems. Aspire has a four-part mission:

- To increase the academic performance of California’s diverse students
- To develop effective educators
- To catalyze change in public schools
- To share successful practices with other forward-thinking educators

Aspire has a history of starting and running successful charter schools in California. Based on the 2006 Academic Performance Index, the average Aspire school grew 10 times their state target.

In accordance with California Charter School Law, Aspire hereby petitions the Los Angeles Unified School District (“District” or “LAUSD”) for a 6-8 charter for Aspire - Santa Fe Academy Charter School (“Aspire - SANTA FE” or “Charter School”).

This school will also be known as Aspire - SANTA FE.

INTENT OF THE CHARTERS SCHOOL ACT

The Charter Schools Act of 1992 states that:

It is the intent of the Legislature...to provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently from the existing school district structure, as a method to accomplish all of the following:

(a) Improve pupil learning.

(b) Increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils who are identified as academically low achieving.

(c) Encourage the use of different and innovative teaching methods.

(d) Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site.

(e) Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system.

(f) Hold the schools established under this part accountable for meeting measurable pupil outcomes, and provide the schools with a method to change from rule-based to performance-based accountability systems.
(g) Provide vigorous competition within the public school system to stimulate continual improvements in all public schools.

- California Education Code Section 47601(a)-(g)

Aspire - SANTA FE will make important contributions to the legislative goals outlined above. By granting this charter, the District will help fulfill the intent of the Charter Schools Act of 1992 (“Charter Schools Act”).

The Charter Schools Act provides that a petition must contain reasonably comprehensive descriptions of the elements described in California Education Code Sections 47605(b)(5)(A)-(P). These sections of law and the required descriptions are discussed below.

Population to be Served by Aspire – Santa Fe Academy Charter School

According to demographic data compiled by the California Department of Education, the District enrolled 617,798 students in 2010-2011. Of these students, African Americans constitute 10.8 % of the District’s students, American Indians or Alaska Natives .3%, Asians 3.6%, Filipinos 2.3%, Hispanics 74.2%, Pacific Islanders .3% and Whites 8.4%. During the 2010-2011 school year, students who are classified by
the California Department of Education as English Learners made up 32% of the District student body. Aspire - SANTA FE seeks to enroll a student population similar to that of the three feeder schools.

**Demographics of nearby schools**

Our target is to reflect similar ethnic and racial diversity demonstrated by nearby LAUSD schools. Below are the LAUSD schools within a two-mile radius of our intended target, where students would otherwise attend, and the designated feeder schools.

Aspire’s educational program is based on the instructional needs of our target student profile. Aspire - Santa Fe Academy Charter School targets the following students:

- students who are underachieving in core academic subjects and whose performance does not match their potential;
- students whose academic needs necessitate a small school environment with personalized attention;
- students whose academic needs are not being met in a traditional school environment; and
- students whose diversity represents the community.

In education, one size does not fit all and Aspire is dedicated to providing students and families in the District with a small school option that can meet their unique needs.

The 21st Century Educated Person

The fundamental characteristic of the new millennium is ever accelerating change. Information is multiplying as quickly as it is becoming obsolete and ideas are continually revisited, retested and revised. At the same time, the world is becoming increasingly interdependent. These challenges mean that students must learn to learn in order to participate in the dynamic world that is the 21st Century.

Aspire - SANTA FE expects its students to graduate able to collect information, think systematically and critically about that information, create new knowledge and effectively express and apply their thinking to real world problems. The information with which they engage may be a novel, a choreographed dance piece, a set of statistics, a newspaper report, an historical account or a scientific article. The expression of student thinking may come in an essay, a painting, a poem, an oral presentation, a one-act play, a mathematical argument, or a scientific rebuttal. In summary, Aspire-SANTA FE Academy aims to graduate students who have the ability to access, use and analyze information, produce new knowledge and respond critically and thoughtfully.

Ultimately, Aspire-SANTA FE intends to equip students with the basic skills, thinking skills, and life skills they need to excel in the 21st Century. Thus, Aspire - SANTA FE will seek to enable its pupils to become self-motivated, competent and life-long learners. In addition, the School aims to foster important academic and personal habits and traits in its students, including intellectual curiosity, analytic ability, creative thinking, moral reasoning, self-confidence, and empathic action, while promoting community service and leadership development.

How Learning Best Occurs

Aspire - SANTA FE’s Mission

Aspire - SANTA FE’s mission is to provide all students with an exceptional education that will allow them to excel inside and outside the classroom. Aspire - SANTA FE seeks to achieve this mission by offering students a rigorous core curriculum, an outstanding staff, high standards and expectations, extended instructional hours, and personalized learning opportunities. Aspire - SANTA FE will strive to ensure that students are prepared for college and for the 21st Century world and workplace by helping them develop important basic skills, thinking skills, and life skills. Additionally, Aspire - SANTA FE shares the goal of the No Child Left Behind that every student become proficient.

Aspire - SANTA FE’s Program Design Elements

Aspire - SANTA FE is structured to support high student achievement by creating as many personalized learning opportunities as possible. Research studying small schools in Chicago, New York and Texas supports the effectiveness of small schools. Small classes and close personal relationships are likewise supported in research.

The following features, which are designed to create a sense of community, a challenging learning environment, and more time for learning, illustrate essential program design elements of Aspire - SANTA FE and reflect the beliefs about how learning best occurs.

• **A Sense of Community**
  Aspire schools are small with small classes with teachers teaching the same students for two years to create a community where each student is known personally.

• **Small schools**
  Research shows that small schools allow students and teachers to develop intensive, long-term relationships that enable better conditions for teaching and learning. Aspire schools are designed to serve approximately 350 students; Aspire Elementary Schools like Aspire-Santa Fe will serve 304 students.

• **Small class sizes**
  In smaller classes, teachers can give each individual student the time and attention necessary to realize his or her personal academic goals. Aspire - SANTA FE’s objective is to maintain a 30 : 1 student/teacher ratio in grades 6-8

• **Advisory groups**
  Beginning in the 6th grade, each student is assigned to an advisory group of no more than 15 students that meets regularly with an adult advisor. The advisor acts as a bridge between the school and the students’ other communities (e.g. family, work, clubs, social services agencies). The same group stays together through graduation and provides a support structure for students. Advisors may participate in student-led conferences, home visits, and other parent and family communications. The Advisory program addresses three developmental strands over time:
  1) Meeting College Admissions Requirements
  2) Academic Preparation and Organizational Skills; and
  3) Social and Emotional Development.
  For some students, this requirement may be fulfilled through participation in the Advancement Via Individual Determination (“AVID”) program.

• **A Challenging Learning Environment**
  Aspire provides students with a demanding education program and effective teachers based on research about teacher qualifications and their expectations influencing student achievement.

• **Rigorous and challenging education program**
  Aspire - SANTA FE is committed to establishing high standards and expectations for all students. Multiple strategies for active learning of academic skills and mastery of a demanding curriculum with real world connections will support all students. ¹

• **Highly qualified and supported teachers**
  The faculty will consist of well-prepared and certified teachers. Teachers will be encouraged to pursue National Board Certification within their first five years at Aspire - SANTA FE. Professional development and teacher collaboration will be scheduled on a regular and on-going basis to support

teachers throughout their career. In establishing a professional teaching environment Aspire - SANTA FE will ensure collaborative planning time for teachers to design student focused curriculum, pedagogy and assessment through which students can make connections, deepen their understanding of concepts and achieve at high levels.\(^5\)

- **“College for Certain” Culture**
  Aspire - SANTA FE will focus on students going to college. Classrooms will be named after universities; classrooms will have chants based on their colleges; and instruction will be linked to skills needed in college. Every opportunity for students and parents to learn about success in college will be utilized. This focus on college early in schooling is imperative based on the research done on 6\(^{th}\) graders and their likelihood to attend college if they plan on it in 6\(^{th}\) grade.\(^6\)

- **More Time for Learning**
  Based on research which supports additional, effective learning time to increase achievement, Aspire provides more time for students and uses it effectively to maximize in-depth learning.\(^7\)

- **Longer school day**
  Students learn more when they are given more time to learn each day. With more time, teachers can create more effective projects to build higher order thinking skills. Aspire schools are designed to serve students through seven-hour school day. As a result, students at Aspire - SANTA FE will receive about one half hour more of instruction each day than students in local traditional public schools. The Bell Schedule for Aspire-Santa Fe is on page 17, and attached, in APPENDIX J.

- **Longer school year**
  Aspire - SANTA FE will be open for 186 days of instruction, six days more than traditional public schools. (See APPENDIX I)

- **Literacy Coaches and Tutors**
  All students will be assessed and those with literacy needs will be supported by a Literacy Coach. All students will have access to tutors.

- **After School Instruction**
  Based on instructional needs, students will be enrolled in an after school program. This time is dedicated to supporting the learner through additional time and instruction.

**Pedagogical Strategies**

Aspire recognizes that there is no single pedagogical strategy that is best for all students. Therefore, Aspire-Santa Fe Charter School will employ a range of pedagogies based on “best practices” in the field and the most current educational research. The following variety of instructional methods will provide the best opportunities for all students to learn at high levels and will be used at the secondary level:

- **Project-based instruction**: Projects create opportunities to apply learning to complex problems as well as to develop products that require written and oral expression, extended research, analysis and synthesis of information, planning, perseverance, and organization – all skills that are needed for success in college and the world beyond. Projects will also link the curriculum content with students’ real world experiences, making learning relevant and valuable to their lives outside of school. Research on authentic instruction indicates the importance of connections between classroom curriculum and the world beyond the classroom to rate and depth of learning and student motivation. Many of Aspire-SANTA FE’s projects will be community-oriented.

- **Integrated curriculum**: To facilitate deep learning and connections across subjects (e.g., social studies and language arts) teachers will collaborate to integrate themes and concepts in designing classes.

- **Culturally appropriate curriculum and instruction**: A multicultural curriculum and culturally sensitive pedagogy will enable students to appreciate and respect their own and each others’ heritages and to develop an understanding of multiple perspectives.

- **Flexible supports**: Many supports will be provided within the classroom, the school and community. For example, pedagogical support might include literacy support, tutoring across subject areas, and second language learning supports.

- **Diagnostic assessment**: Teachers will use a wide range of diagnostic assessments to evaluate how students are learning as well as what they are learning. These assessments will inform decisions about the curriculum and teaching strategies as well as individual supports for students.

  One important assessment component is Aspire-SANTA FE’s Benchmark System. Aspire-SANTA FE will administer standards-based assessments three times a year in reading, writing and mathematics. These results are used to guide classroom instruction, individual student support and teacher professional development.

- **Cycle of Inquiry**: Teachers use data to inform their instruction through our **Cycles of Inquiry**. Every two or three weeks, teachers assess students on a designated standard. The data around students’ mastery is shared, analyzed and discussed at grade level team meetings. These meetings allow teachers to identify and share successful instructional practices. Teachers pre-and post-test all students on each standard.

- **Integrated arts**: Visual and performing arts are woven throughout the curriculum as a way to illuminate knowledge in the core subjects. Aspire-SANTA FE will bring the community’s cultural resources into the classroom.
- **Integrated technology**: Technology will be used as a tool throughout students’ courses to provide them access to information and multiple methods of expressing their understanding.

- **Authentic experiences**: Students learn by applying the scientific method to hands-on experiments and by interacting with others on community issues.

- **Direct instruction and inquiry-based instruction**: Teachers will teach through both direct instruction and inquiry-based instruction. Direct instruction strategies include lectures, explanations and demonstrations through which students are asked to acquire concepts, instructions and information, learn to take notes, ask questions and clarify ideas in a whole class, small group or one-on-one format. Inquiry based instruction strategies involve asking students to structure problems, pursue information, pose and test hypotheses and draw inferences for themselves.

- **Community service/internships**: Community service/internships will afford students the opportunity to apply their learning in real world settings and to build relationships with adults and to make contributions to their communities. Community service/internships will mirror student interest and may range from work in local childcare agencies to work in local business office.

**Research**

Aspire believes learning best occurs when teachers apply the appropriate instructional strategy. Extensive research shows the importance of differentiating learning based on the subject, concept and student. The Aspire Instructional Guidelines are all based on research about each strategy. For example, differentiated instruction is supported by research, particularly in reading.\(^8\) Research done by Adam and Englemann in 1996 supports direct instruction\(^9\). Project based learning which integrates all subjects including technology and cultural sensibilities are supported through a summary of research collected by the Autodesk Foundation.\(^10\)

Another form of evidence about Aspire’s model is its success with similar populations. The chart below shows two other Aspire schools who serve a similar demographic population as proposed for this School. The high levels of academic growth, Similar Schools ranking, and State Ranking show a program w

Additionally, on average the Aspire school made ten times the gains on the Academic Performance Index from 2009-2010 than the state average.

Sample Daily Schedules

Typical School Day

Every classroom has a different rhythm and feel, but the schedule below provides a rationale and allocation of instructional time.

Aspire-SANTA FE Academy students receive standards-based instruction in eight 45-minute periods, cored with a cohort of 29 students. There are 7 passing periods between classes. Two periods, English and academic literacy, make up the language arts blocks, while another two periods, math and math lab, make up the math block. Students take history with the same teacher who teaches them English. Likewise, students generally have science with their math teachers.

Students also attend advisory daily along with one of three electives per semester: music, dance or Japanese. Students have a break during mid-morning nutrition and again during lunch. Aspire-SANTA FE ‘s teachers follow the Aspire instructional guidelines, which include mini-lessons, small-group guided instruction, and collaborative groupings. The full Bell Schedule is overleaf, and in APPENDIX J

Aspire – SANTA FE Academy Charter Petition
Personalized Learning Plans

In order to ensure that every student is benefiting from the pedagogical practices Aspire - SANTA FE will work with Personalized Learning Plans (PLP). The PLP will provide the teacher, parents and student with a common understanding of the student’s learning style and objectives; all parties may then act based on that understanding. Once each semester the teacher, parent and student will discuss the student’s learning strengths and weaknesses and set goals for the next semester. (See APPENDIX G

Supporting all students

By working closely with each student and family to develop an appropriate PLP, Aspire-SANTA FE Academy will be able to respond to the needs of every individual student, including those who are achieving above or below expected levels. This allows students from low socio-economic status to receive the appropriate interventions, if needed, provided by the school through during school intervention, after school intervention or specialized classroom instruction. The high standards, deep interventions, and rigorous caring provided to all students can be personalized in the PLP. Indeed, the PLP will allow Aspire-SANTA FE Academy to help meet the needs of students with disabilities (who will also have Individualized Education Programs (“IEPs”), if required by law), English language learners, students achieving substantially above or below grade level expectation, and other special student populations.

Support for Under-performing Students

The School will have high expectations for all students and is committed to working with students who are not meeting outcomes to help them achieve at expected levels. Students who perform below the school-determined acceptable level will be able to participate in the School’s tutoring program either during the school day or after school. In addition, the key elements of our education program (small schools, small class sizes, longer school day and year, Advisory groups, etc.) are designed to meet the needs of under-performing students.

The tutoring program will include classroom teachers, additional hired staff or volunteers working with students in a one-on-one or small group setting. The instruction may be based on a student’s homework, pre-teaching of future lessons, or an off-the-shelf instructional support system such as READ 180 or iPass. Students needing intervention will be determined by the following criteria:

In addition, the key elements of our education program (small schools, small class sizes, longer school day and year, Advisory groups, etc.) are designed to meet the needs of under-performing students.
**Support for Students Achieving Above Grade Level**

Aspire’s instructional program is designed to differentiate instruction for all different levels. For instance, the instruction during language arts allows students to be reading at their instructional level. One student reading at grade level can sit next to another student doing the same activity at three grade levels higher. This individualized design is particularly effective for gifted students.\(^{11}\) Additionally, the variety of instructional techniques and materials provided in Aspire’s program is cited as an important feature by the National Association for Gifted Children in the Gifted Educational Program Standards. Finally, any gifted students can be accelerated to a higher grade level at the discretion of the parent and principal.

Gifted/Talented Students (GATE): We are committed in engaging in comprehensive strategies for all students enrolled at Aspire - Santa Fe Academy Charter School. If we determine to use the District’s GATE identification process and policy and allow Aspire - Santa Fe Academy Charter School student participation in the Saturday Conservatory of Fine Arts, we will reimburse on a Fee for Service.

**Support for English Learners**

Support for English Learners and Standard English Learners

*Overview*

Aspire - SANTA FE will assure equity in access to rigorous standards-based, college preparatory, curricula for English Learners, Standard English Learners, and other underperforming students. Aspire - SANTA FE defines an equitable educational system as the following:

- Students have the opportunity to receive instruction that will produce high academic achievement;
- Commitment to student achievement through allocating sufficient resources;
- Participation, representation and advancement of diverse student groups;
- Teaching and learning will be implemented in a culturally relevant manner;
- Aspire - Santa Fe Academy Charter School will be sensitive to student needs.

Aspire - SANTA FE will meet all applicable legal requirements for English Learners as it pertains to annual notification to parents, student identification, placement, program options, English Learner and core content instruction, teacher qualifications and training, re-classification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. Aspire - SANTA FE will implement policies to assure proper placement, evaluation, and communication regarding EL’s and the rights of students and parents.

*Home Language Survey*

Aspire-SANTA FE Academy will administer the home language survey upon a student’s initial enrollment into the school (on enrollment forms). Students in the country less than twelve months will be given the Aprenda primary language assessment within 90 calendar days of enrollment to determine the student’s primary language proficiency.

---

\(^{11}\) Gifted Education Program Standards, National Association for Gifted Children.
**CELDT Testing**

All students who indicate that their home language is other than English will be given the California English Language Development Test (“CELDT”) tested within thirty days of initial enrollment\(^{12}\) and at least annually thereafter between July 1 and October 31\(^{st}\) until re-designated as fluent English proficient.

Aspire - SANTA FE will notify all parents of its responsibility for CELDT testing and of CELDT results within thirty days of receiving results from publisher. The CELDT shall be used to fulfill the requirements under the No Child Left Behind Act for annual English proficiency testing.

**Reclassification Procedures**

Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

- **Assessment of language proficiency** using an objective assessment instrument including, but not limited to, the CELDT.

- **Participation of the pupil’s classroom teachers and any other certificated staff** with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil’s curriculum mastery.

- **Parental opinion and consultation**, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process.

- **Comparison of the pupil’s performance in basic skills** against an empirically established range of performance and basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

- **The Student Oral Language Observation Matrix** will be used by teachers to measure progress regarding comprehension, fluency, vocabulary, pronunciation, and grammar usage.

In accordance with SB 638, the Charter School administers the California English Language Development Test (CELDT) to those students whose parents have identified a language other than English as either the first language or a dominant language utilized at home. Previously identified English learners are given the CELDT test during the testing window of July 1\(^{st}\) through October 1\(^{st}\). Parents are notified of CELDT results within 30 calendar days following receipt. The CELDT is administered yearly to monitor the progress of students initially identified as Limited English Proficient (LEP), and to help reclassify students as their English proficiency and corresponding academic skills in English warrant the transition.

---

\(^{12}\) The thirty-day requirement applies to students who are entering a California public school for the first time or for students who have not yet been CELDT tested. All other students who have indicated a home language other than English will continue with annual CELDT testing based upon the date last tested at the prior school of enrollment.
New enrollees are tested within thirty (30) calendar days of enrollment. Procedures and instruments to be used for initial identification, continued assessment, and reclassification are the same as those used by the LAUSD.

**Criteria**

New Enrollees:

a. Home Language Survey is administered

b. If English Only, then student is placed in a regular instructional program

If there is an indication of Primary Language other than English

c. Student is assessed using the CELDT in listening, speaking, reading, and writing

If student’s are IFEP

d. Students will be placed in the regular instructional program

If students are English Learner (EL)

e. Placement provides appropriate EL program and services

f. CELDT annual assessment until reclassification criteria met

Reclassification criteria:

g. Regular instructional program, monitoring progress for two years

h. Teachers, administrators, and parents monitor student academic performance

   i. CST Basic, Proficient and Advanced Language Arts scores are monitored

   ii. Mastery of grade level standards

   iii. Teacher recommendation

i. Parents are notified in writing at least once a year if student is making adequate progress or is at risk of not meeting grade level standards.

   i. Parents are notified in November or December and offered intervention services during school hours and after hours.
j. Evidence that student is provided linguistic and academic instructional services appropriate to student’s diagnosed academic need.

Strategies for English Learner Instruction and Intervention

To meet the needs of English Learners, APS has added a number of language development standards to its core program, including: building on students’ culture, language and experience; using dual-language strategies; teaching the second language through content; using graphic organizers; practicing English cooperative problem-solving groups; allowing community language norms in informal learning situations; and using computers and peer tutors to enhance language. These classroom instructional interventions will assist students in acquiring the grade level curricular content while learning English and are implemented schoolwide. Additionally, all teachers will use the English Language Development standards to guide their second language students. Finally, any students not reaching the grade level standards will qualify for the afterschool interventions based on language proficiency levels, teacher recommendation and mastery of the standards based on the Aspire benchmark assessments. A special afterschool class will be created if enough students need the support. Specific strategies include:

- Realia (real objects and materials)
- Manipulatives (drawings, posters, brainstorming-clusters, graphs, tables, maps, props, multimedia presentations, storyboards, storymaps)
- Visuals (study-prints, text book illustrations, overheads-projected prints, reproductions of paintings and documents, and documents)
- Graphic organizers (matrices, Venn diagrams and webs)
- Planned opportunities for interaction between all individuals in the classrooms (creating a skit and acting it out, cooperative learning, collaborative groups and student-generated writing based on personal experience)

All teachers will be given professional development in teaching English Learners in their appropriate content areas. Additionally, the Sopris West materials for English Language Development, Sopris West Language (a state approved curriculum) will be purchased. The English Language Development Standards have been mapped to Aspire’s Instructional Guidelines. The appropriate instructional strategy for each ELD standard is mapped out below:

These classroom instructional interventions will assist students in acquiring the grade level curricular content while learning English. Additionally, all teachers will use the English Language Development standards to guide their second language students. Finally, any students not reaching the grade level standards will qualify for the after school interventions. A special after school class will be created if enough students need the support. If these supports are not sufficient, interventions during the school day will also be added.

**Ongoing Monitoring and Assessment of English Learners**

The School’s use of achievement data will also drive the instruction and professional development as it relates to English Learners. The school will analyze the achievement data by this subgroup, continue to assess the students through the Cycle of Inquiry (i.e., ongoing, embedded assessment) and Aspire’s internal benchmark assessments. Finally, the results from the California Standards Test will be reviewed with the School’s Advisory Committee. At this meeting and possibly subsequent ones, parents will have input into the English Learner Master Plan for supporting English Learners. If appropriate, an English Language Action Committee will be formed.

**SUPPORT FOR SPECIAL EDUCATION STUDENTS**

Aspire supports all special education students in compliance with state and federal laws. No student will be denied admission to Aspire- SANTA FE because he or she is in need of special education services.

**SPECIAL EDUCATION PROGRAM**

*Notwithstanding Section 47651, all state and federal funding for special education apportioned on behalf of pupils enrolled in a charter school shall be included in the allocation plan adopted pursuant to subdivision (i) of Section 56195.7 or Section 56836.05, or both, by the special education local plan area that includes the charter school.*

- California Education Code Section 47642

**Service Plan for Students with Disabilities**

In accordance with the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973, Aspire - Santa Fe Academy Charter School agrees to sign the Assurance Form entitled "Public School Choice Service Plan for Students with Disabilities" included with this RFP. Signing the Service Plan for Students with Disabilities Assurance Form assures that the awarded PSC school will abide by the conditions and requirements of the Chanda Smith Modified Consent Decree that includes but is not limited to: using the Welligent IEP Management System, using the LAUSD Elementary or Secondary Student Information System (either ESIS, SSIS and other systems contained within ISIS, operating a compliant
Special Education Program using the **LAUSD Special Education Policies and Procedures Manual**, and the annual completion and submission of the “School Self Review Checklist” for programs serving students with disabilities. Signing the Service Plan for Students with Disabilities Assurance Form also assures that Aspire - Santa Fe Academy Charter School agrees to review Title 5, California Code of Regulations Section 3052, relative to the provision of behavior intervention plans and agrees to comply with the District’s Discipline Foundation Policy, all discipline practices, procedures for behavioral emergency intervention and prohibitions consistent with the requirements. Aspire - Santa Fe Academy Charter School further agree to protect the rights of students with disabilities and their parents or guardians relative to 1) prior notice and consent, 2) access to records 3) confidentiality, and 4 due process procedures. Aspire - Santa Fe Academy Charter School will maintain a written description of the annual notification process used to inform parents/guardians of the policies regarding Nondiscrimination (Title 5 CCR 4960 (a)), Sexual Harassment (EC 231.5 (a) (b) (c), Title IX Student Grievance Procedure (Title IX 106.8 (a) (d) and 106.9 (a)) and Uniform Complaint Procedures (Title 5, CCR 4600-4671. Procedures must include a description of how Aspire - Santa Fe Academy Charter School will respond to complaints and how the District will be notified of complaints and subsequent investigations. Furthermore, Aspire - Santa Fe Academy Charter School agrees to participate in the Los Angeles Unified School District’s Special Education Local Plan Area (SELPA), as required by all public schools formed or approved by the District.

Pursuant to the **Williams Consent Decree**, Aspire - Santa Fe Academy Charter School shall be compliant with the requirement to end Concept 6 calendar by the 2012 school year.

All charter schools adhere to all terms and conditions of the **Chanda Smith Modified Consent Decree** (MCD) and any other court orders and/or consent decrees imposed upon the LAUSD as they pertain to special education. Charter schools must ensure that no student otherwise eligible to enroll in their charter school will be denied enrollment due to a disability or to the charter school’s inability to provide necessary services. Policies and procedures are in place to ensure the recruitment, enrollment and retention of students with disabilities at charter schools.

Prior to Los Angeles Unified School District ("LAUSD" or “District”) Governing Board approval, Aspire – SANTA FE will either execute a Memorandum of Understanding (“MOU”) by and between LAUSD and Aspire- SANTA FE regarding the provision and funding of special education services consistent with the requirements of the LAUSD Special Education Local Plan Area (“SELPA”) Local Plan for Special Education or provide approved legal verification of membership in another state-approved SELPA with agreement to adhere to the LAUSD’s Modified Consent Decree (“MCD”) requirements (see MOU execution requirements below) Charter schools who are considering joining another SELPA shall provide the required notification of intent to leave the SELPA at least one year and one day prior to the anticipated exit date (Education Code 56195.3[b]).

District-authorized charter schools permitted to participate in a out-of-District SELPA will be required to execute a MOU by and between the LAUSD and the charter school (if considered a Local Educational Agency (“LEA”) regarding the provision of special education services. The receiving out-of-District SELPA Local Plan must be provided to the District for review and must contain a commitment to ensure that the District-authorized charter schools assume all responsibility for the students with disabilities that enroll in the charter schools and that the receiving SELPA is accountable for oversight, monitoring, and implementing the **Chanda Smith** MCD requirements. A material amendment to the petition and Board approval will be required unless the issue is addressed at the time of charter petition renewal.

**SELPA Reorganization**
The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code § 56195.1 (a) and intends to continue operating as a single-District SELPA as in the current structure but will now create two school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit. The Charter-operated schools will not have a LEA status but will function in a similar role in that each charter school will be responsible for all special education issues including services, placement, due process, related services, special education classes, and special education supports. Charter schools will apply for membership in the Charter-operated Program section of the SELPA. These schools will receive support from a Special Education Director for the Charter-operated Programs.

District-operated schools will continue to receive the supports and services that they currently receive from the Division of Special Education. Charter schools not meeting the criteria for admission to the Charter-operated Program section of the SELPA will remain under the District-operated Program section of the SELPA and will have two options for membership. These schools may act as a District-operated school for the purposes of special education or may choose to provide their own programs and services and be reimbursed for these services for these services based on a percentage of their general education fund contribution.

The reorganization of the SELPA will retain a central Administrative Unit to include Due Process, Fiscal/Program Accountability, Compliance and Nonpublic Schools and Agencies. The reorganization would not create a new administrative branch of the Division of Special Education but would utilize existing resources. An Advisory Board consisting of five members appointed by the Board of Education (three recommended by the District-operated Programs; and two recommended by the Charter-operated Programs) provides charter-operated schools with a voice in the governance of special education in LAUSD. This Advisory Board will provide input, guidance and support to the SELPA Administrator in the Administrative Unit in coordinating programs and services across both District and charter schools. The Advisory Board will also inform the Superintendent and Board of Education regarding special education issues. The Advisory Board will operate by a set of by-laws approved by the Board of Education.

Modified Consent Decree Requirements

All Charter Schools chartered by the Los Angeles Unified School District (“LAUSD or the District”) Governing Board are bound by and must adhere to the terms, conditions and requirements of the Chanda Smith Modified Consent Decree (“MCD”) and other court orders imposed upon District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes eighteen statically measureable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All Charter Schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online IEPs and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the Modified Consent Decree, data requests from Charter Schools that are not connected to the District’s current Student Information Systems (“SIS”) are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s required format and are as follows:

# The Independent Charter School Suspension/Expulsion Report, due monthly throughout the school year.
# Paper SESAC Report and Welligent Student Listing Verification, due monthly throughout the school year.

# CBEDS, which is due at the end of October of Each School Year.

# All Students Enrolled December 1 of Each School Year, due at the end of December every school year.

# Graduation Status of 12th Grade Students Enrolled on December 1, due at the end of June every school year.

The District is currently in the process of developing an Integrated Student Information System (“ISIS”) as required by the MCD. Although most Charter Schools are not currently utilizing the District’s current SIS, the MCD requires all Charter Schools to implement the use of ISIS once it is developed.

**DESCRIPTION OF THE APS CURRICULUM AND INSTRUCTIONAL DESIGN**

The curriculum at Aspire - SANTA FE will both develop a foundation of basic skills and cultivate higher-order thinking skills; it will be simultaneously rigorous and relevant to students. Aspire - SANTA FE’s educational program emphasizes interdisciplinary thinking across subject areas.

Aspire implements effective curriculum packages created by other parties, complementary to the Aspire system, and aligned to the California state standards. The curriculum is chosen through a collaborative process with instructional coaches, parents, teachers and principals. The final decision is made by the Chief Academic Officer.

- **Core Academic Coursework**: Students will be expected to demonstrate mastery in the four core subject areas: language arts, social sciences, mathematics and sciences.

- **Language Arts/Humanities**: To help students develop strong literacy skills, Aspire uses a comprehensive language arts curriculum based on meeting students’ personal reading and writing needs through individual and small group instruction. The Language Arts curriculum uses primary texts drawn from the California Department of Education’s Recommended Literature list; these texts are used in standards-aligned units found in Aspire’s pacing guides. Aspire integrates the Language Arts and Social Studies standards in its Humanities program. **Pacing Charts** are in APPENDIX K

- **Mathematics**: The math curriculum is based on the California state standards for mathematics. Currently, Aspire - SANTA FE uses the Harcourt Brace mathematics program. This curriculum sets expectations high, uses real life problems to create learning opportunities, and uses information technology extensively. The Mathematics Instructional Guidelines give teachers the necessary guidance for implementing the program. For **Mathematics Pacing Guides** see APPENDIX K

- **Science**: The Aspire program integrates science and social studies in thematic units. The units emphasize investigation using the scientific method (generating hypotheses and designing experiments to test the hypotheses), and focus on application of the scientific method to everyday
life. The content is aligned with the California State Framework. Additionally, Aspire uses the Full Option Science System for science resources. For **Science Pacing Guides** see **APPENDIX K**

- **Social Studies:** The social studies content at Aspire, integrated into language arts, is designed to help students make sense of their everyday life in the midst of complex social, economic and political forces. The curriculum helps students become historically literate (including culture, geography, politics, economics, and ethics) and active, informed citizens (including U.S. policy and effective research techniques). The School will use Pearson Scott Foresman’s History/Social Science For California textbook.

- **Visual and Performing Arts:** Appreciation and participation in the arts are essential to each student’s development. To inspire students, to help ideas come to life by using multiple intelligences, and to ensure cultural literacy, the arts are integrated into the thematic units of each class.

- **Life Skills:** To be successful in the real world, students need to be able to work effectively together, listen to each other, make good decisions and lead respectfully. Aspire incorporates these “life skills” throughout the curriculum. Teachers will both model good behavior and explicitly guide students in learning how to cooperate and collaborate.

- **Other subjects:** Health instruction is primarily addressed through science units. Physical education and music are integrated into the units with the assistance of additional teachers.

- **Bilingual education:** Aspire may establish bilingual education programs based on the needs of its student population and the availability of qualified teachers.

- **English Language Development and Second Language Development:** The School intends to offer Spanish as its initial foreign language offering for students. Supports will be offered both within academic classes and in supplemental settings for students who need additional support for English language learning. Most of the English Language Development standards focus on language arts. Students in other content areas also need specialized instruction to support their learning. The Aspire math, humanities and science instructional guidelines include these specialized teaching strategies. Techniques from Guided Language Acquisition Design (GLAD), Specially Designed Academic Instruction in English (SDAIE) and Total Physical Response (TPR) are three key sources for specific strategies (see the Map of ELD Standards to Aspire Instruction Guidelines for Humanities).

- **Study Skills:** Students will be expected to learn how to be effective learners, including accessing information, taking notes, conducting research, taking tests, participating in class discussions, and evaluating what they know and need to learn.

- **Technology:** Students will be expected to develop technological proficiency in the areas of word processing, graphic design, spread sheets, slide presentation, and internet research within their core academic subjects and elective courses. Students will be expected to utilize technology in ways that will prepare them for post-secondary work and college life.

- **Physical Education:** Students will be expected to develop their physical abilities and fitness. Opportunities for sports will be sought and provided at the school, through connections within the
community, and in collaboration with other schools. The school will offer physical education courses and programs that comply with California Education Code with respect to charter schools. Students in high school will meet the state-mandated graduation requirement of two years of physical education. The school will administer the mandated physical fitness tests.

- **Arts**: The arts will be embedded in the core curriculum. Additional opportunities to develop individual interests and performance opportunities will be provided through connections within the community and in collaboration with other schools.

- **Portfolio and Exhibition Requirement**: Students will be expected to demonstrate mastery through portfolios (a collection of student work) in the four core subject areas and in selected elective courses. These portfolios may include research papers, scientific experiments, essays and other products of students’ inquiries. They may also include tests, teacher or employer/internship evaluations, or other assessments of student work. Students will also be expected to present and defend a number of their portfolios before a panel of judges including teachers and outside assessors.

**Implementation of the Instructional Program**

The core elements of the instructional program will begin in Year One. The sequencing of the units and standards may vary slightly as Aspire - SANTA FE establishes its culture, rituals and habits of
mind. The afterschool program will begin in the first year. The elements of the instructional program will get better as the school develops, but all aspects of the instructional program will begin when the school opens.

**Element 2: Measurable Pupil Outcomes**

_The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program._

- California Education Code Section 47605(b)(5)(B)

An Aspire education provides students with access to opportunities for success in future endeavors – in higher education, work, and citizenship. Through personalized learning experiences, students master basic skills, acquire the thinking skills needed for the rigorous work of the real world, and develop productive life skills. Aspire - SANTA FE’s educational program is designed to help all of its students to develop the following measurable pupil outcomes:

A. **Basic Skills:** Students will master at least grade level competency in the four core subjects: mathematics, science, history-social science, and English-language arts.

B. **Thinking Skills:** Students will apply classroom learning to real world experiences or problems in a relevant and valuable way, using higher-order thinking skills (such as critical thinking, creativity, decision-making, problem solving, reasoning, and knowing how to learn).

C. **Life Skills:** Students will develop personal qualities of individual responsibility, intellectual curiosity, sociability, self-management, confidence, and integrity.¹³

These student exit outcomes will be further subdivided into specific standards at different grade and skill levels. These specific grade and skill-level standards will incorporate those included in the California state content and performance standards.

Each grade level has specific assessments, projects and targets to measure student achievement. The tools listed below provide valuable assessment data that informs instruction, the school’s program and the needs for professional development.

Aspire - Santa Fe Academy Charter School will track the same information presented in the LAUSD School Report Cards.

To ensure sharing of best practices, Aspire - Santa Fe Academy Charter School agrees to participate in research and/or evaluation projects in partnership with LAUSD, higher education institutions and/or research organizations. This may involve survey or interviews with teachers and parents to understand factors associated with student performance.

Students will be expected to apply historical, political, philosophical, geographical, economic and sociological knowledge to local and global situations in order to comprehend contexts and events, predict and evaluate the outcomes of human actions, and act responsibly as world citizens.

Students will develop personal qualities of individual responsibility, intellectual curiosity, sociability, self-management, confidence, and integrity.
In order to best serve our students and community, Aspire - SANTA FE will continue to examine and refine its list of student outcomes over time to reflect Aspire - SANTA FE’s mission and any changes to state or local standards.

Aspire determines Academic Performance Index goals based on each school reaching an 8 in Similar Schools in four years. Once this goal is reached, every school sets a target of 800. After this is met, specific goals are created based on Aspire - SANTA FE’s data. The goals for Aspire- SANTA FE are listed below. Additionally, Aspire - SANTA FE has set Adequate Yearly Progress goals which meet or exceed the federal and state standards. Overall, Aspire - SANTA FE holds a target that every student score Proficient or Advanced Proficient on the California State Test in every subject.

**Benchmarks to be met**

The achievement of Aspire - SANTA FE will be measured in both growth and absolute measures and will be compared to the achievement of selected District schools that are similar in demographic and other characteristics. The criteria for selecting the comparison schools are:

1. **Comparison Schools**

In gauging the success of Aspire - SANTA FE during the renewal term, a group of comparison district schools will be selected that meet the following criteria. The District will identify the comparison schools and will inform Aspire - SANTA FE of the names of the schools and the specific data used to identify them.

The analysis of Aspire - SANTA FE’s academic performance will include a comparison of the academic achievement of the charter school’s students to the academic achievement of two sets of comparison District schools:

1. The residence schools the charter school students would have otherwise attended (“Resident Schools”); and
2. District schools of similar demographic characteristics (“Demographically Similar Schools”).

“Resident Schools” will be selected by using Aspire - SANTA FE students’ home addresses to identify the District schools they otherwise would have attended. The District schools most represented at Aspire - SANTA FE will be chosen as comparison “resident schools.”

“Demographically Similar Schools” will be selected by using a modified version of the formula utilized by the state for creating its similar schools list.

2. **Primary Growth Measures**

Growth in student achievement is the primary measure that will be used to determine whether Aspire - SANTA FE has been an academic success in its renewal period. The growth of Aspire - SANTA FE
will be measured annually against the growth of the comparison schools. At the time of renewal, if Aspire - SANTA FE has met all of the following benchmarks either in the previous year or in two of the previous three years, Aspire - SANTA FE will be considered an academic success:

1. Aspire - SANTA FE’s “value added” for English Language Arts is greater than the median value added for the comparison schools (prepared annually by PERB.)
2. Aspire - SANTA FE’s “value added” for Math is greater than the median value added for the comparison schools. (Prepared annually by PERB)
3. Aspire - SANTA FE’s API growth is 1.25 times the median growth of the comparison schools.
4. Aspire - SANTA FE’s API growth for all subgroups is 1.25 times the median growth of the comparison schools.
5. The decrease in percentage points of Aspire - SANTA FE students scoring Below Basic & Far Below Basic on the CST for ELA is 1.25 times the median decrease for the comparison schools.
6. The decrease in percentage points of Aspire - SANTA FE students scoring Below Basic & Far Below Basic on the CST for Math is 1.25 times the median decrease for the comparison schools.
7. The increase in percentage points of Aspire - SANTA FE students scoring Advanced & Proficient on the CST for ELA is 1.25 times the median increase for the comparison schools.
8. The increase in percentage points of Aspire - SANTA FE students scoring Advanced & Proficient on the CST for Math is 1.25 times the median increase for the comparison schools.
9. The increase in percentage points of Aspire - SANTA FE students scoring Early Advanced & Advanced on the CELDT is 1.25 times the median increase for the comparison schools.

III. Other Measures

If Aspire - SANTA FE fails to meet the primary growth measures, the following measures will be considered to determine whether the school should, nevertheless, be considered an academic success:

1. Aspire - SANTA FE’s API score at the time of renewal is greater than the median API score for the comparison schools.
2. The percentage of Aspire - SANTA FE students scoring Advanced & Proficient in ELA on the CST is greater than the median percentage for comparison schools.
3. The percentage of Aspire - SANTA FE students scoring Advanced & Proficient in Math on the CST is greater than the median percentage for comparison school.
4. The percentage of Aspire - SANTA FE students scoring Below Basic & Far Below Basic in ELA on the CST is below the median percentage for comparison schools.
5. The percentage of Aspire - SANTA FE students scoring Below Basic & Far Below Basic in Math on the CST is below the median percentage for comparison schools.
6. The percentage of Aspire - SANTA FE ELL students redesignated to English proficiency is greater than the median for comparison schools.
7. Aspire - SANTA FE has met its AYP goals and is not in Program Improvement

IV. Annual Self-Study

Applying the measures in II and III above, Aspire - SANTA FE will submit to the LAUSD Charter Schools Division an annual progress report. The district will identify the comparison schools, provide the names and specific data by which they were selected. LAUSD PERB will prepare annual report on “value added” benchmark. The Charter Schools Division will review the progress report and provide comments to the charter school within 60 days.
Board Discretion

At the time of renewal, the Charter Schools Division will present an analysis of its findings with respect to II and III above, with a recommendation for action. The determination of whether Aspire - SANTA FE will be renewed will be based upon the requirements of the Education Code and is within the purview of the Board determination.

**ELEMENT 3: METHODS TO ASSESS PUPIL PROGRESS TOWARD MEETING OUTCOMES**

The method by which pupil progress in meeting those pupil outcomes is to be measured.

- *California Education Code Section 47605(b)(5)(C)*

Aspire - SANTA FE’s academic program is standards-based and data driven. The California state content and performance standards and multiple sources of data form the basis of the School’s teachings. Performance assessments will be evaluated with the use of common benchmarks and rubrics and will be analyzed on a regular basis to help drive Aspire - SANTA FE’s educational program.

Accountability for student growth is held at every level: classroom, school, and Aspirewide. Aspire’s home office provides extensive data analysis around the California Standards Tests, the CELDT, the CAT6 and the CAHSEE. This analysis includes suggested students to target, strand weaknesses and strengths, classroom growth, progress on the goals of No Child Left Behind and school wide challenges. The principal, teachers, instructional and Regional Vice President are all responsible for creating a plan for increased achievement, implementing it, measuring progress and ultimately improved student learning. Aspire will administer all applicable state mandated assessments such as STAR, CELDT and the CAHSEE.

The student data is also used to inform professional development for the organization, the school or the teacher. Every year Aspire’s Director of Evaluation and Assessment does an analysis of the weakest strands on the California Standards Test for each teacher, grade level, school and the whole organization. Regional professional development is directly based on the region’s results. Schoolwide professional development is based on the school’s results. Individual teachers often receive personalized coaching or outside training on instruction based on this data. As the results on the assessments change, so may the professional development.

Interim assessments are given every two to three weeks based on the standards in Aspire - SANTA FE’s pacing chart. Pre and post assessment results are analyzed at a grade level team meeting. Instructional strategies for reteaching are identified and implemented. This Cycle of Inquiry happens all year to provide evidence of improved pupil learning. A standards-based report card is provided to parents as a way to share progress on these standards.

Additionally, Aspire conducts an annual parent, teammate and student survey. These surveys are coordinated and tabulated by a third party. The results are used to determine actions for individual teachers, school, regions and all of Aspire. These goals are short term and long term.

Parents are informed about both their individual student and the school’s achievement progress. On an individual basis, parents attend student-led conferences twice a year. At this time they find about the progress of their student in all areas – academic, socially and emotionally. They also can ask questions about any of the assessments and their student’s scores. They also receive standards-based report cards three times a year. On a school wide basis, the Advisory School Council will review the student achievement data at least once a year to provide insight, advice and recommendations for the school to the principal. This may include an area to focus on school wide, resources to be deployed, or professional development opportunities.

**Testing**

The Charter School agrees to comply with and adhere to the State requirements for participation and administration of all state mandated tests. If the Charter School does not test (i.e., STAR, CELDT,
CAHSEE) with the District, the Charter School hereby grants authority to the state of California to provide a copy of all test results directly to the District as well as the Charter School. If the charter school does not test (i.e., STAR, CELDT, CAHSEE) with the District, the charter school hereby grants authority to the state of California to provide a copy of all test results directly to the District as well as the charter school.

**Student Recruitment**

Aspire - SANTA FE will actively recruit a diverse student population.

Aspire - SANTA FE agrees that the student composition at a new school will be reflective of the student composition at neighboring schools (in terms of demographics, including but not limited to race/ethnicity, gender, socio-economic status, English Learners, Standard English Learners, students with disabilities, foster care placement), with ongoing review mechanisms in place to ensure retention and student composition at each school continues to reflect that of the overall school community.

- Aspire - Santa Fe Academy Charter School shall maintain records of its enrollment procedures documenting those students from the designated attendance areas have been offered enrollment in the charter school prior to any other students being accepted. These records shall be made available to the District upon request.
The Lottery

The Aspire - SANTA FE recruitment process begins when a parent desires to enroll a student. The office will inform the family of the lottery process for Aspire - SANTA FE in the event that applications for enrollment exceed school capacity. In the month preceding the actual lottery (March and April), open enrollment occurs. During this period the rules for the lottery are sent out to the public. The actual lottery occurs in March at the school site in the multipurpose room and is open to the public. Start time is 2:00 p.m. This room is large enough to accommodate all interested parties.

During the open enrollment period, when interested parties drop off Student Interest Forms at the school’s front office students to be part of the lottery, they are informed about the rules that apply during the lottery and for waitlists. During the lottery, all the cards for students are put in a basket and a neutral party selects each card. This is done after enrollment forms are all in. The preference is as follows:

1. Re-enrolling students
2. Siblings
3. Children of teachers
4. Founding families not to exceed 10%

Founding Parents/FounderFamily Preference

1.1 “Founding Period”: The applicable time period in which an individual can be deemed a Founding Parent/Founder is the specific period during which the charter petitioner team is developing the charter school through the school’s first day of instruction. The petitioners must submit to the Charter Schools Division documentation establishing an official start of founding period at the time of charter petition submission (i.e., typically 12-18 months prior to charter approval; reflected in board minutes). A school may not add to the founding group after the first day of instruction.

1.2 “Founding Parent/s” or “Founders” are respectively defined as parent/s or legal guardian/s or individuals who contribute substantial personal time and effort to develop the new charter school during the established Founding Period as noted in subsection 1.1. There shall be no requirement that Founding Parents/Founders contribute funds as a part of their commitment. Petitioners must prescribe in their charter petition the eligibility criteria for Founding Parents/Founders, including defining the appropriate minimum number of volunteer hours required.

1.3 Founding Parent status cannot be delegated or transferred to other individuals. Preference for children of Founding Parents/Founders may apply during the life of the charter as long as pupils who qualify for this preference does not constitute more than 10 percent of the school’s enrollment. The admissions preference is applicable to all children of the charter school’s Founding Parents/Founders even if the children do not begin attending the charter school until after the first year of the school’s operation.

1.4 For charter schools that have more applicants than space available, children of Founders shall be exempted from the random public admissions lottery and not to exceed more than 10 percent of the school’s enrollment.
1.5 For oversight purposes, charter school applicants must submit to the Charter Schools Division documentation confirming the following information:

- a list of Founders, contact information, and number of volunteer hours performed;
- an aggregate count of Founders’ enrolled children by grade.

1.6 As part of oversight, the District may audit the charter school’s lottery and admissions practices to ensure compliance, including conducting interviews of Founders.

These preferences are explained in the information sent out before the lottery, as well as, mounted on the wall during the lottery process for all to see. Students are picked if there are available places according to the priorities. Then the rest of the names are placed on the waiting list and the waiting lists are kept at the school site to use when there are available places. If the parents are not present at the process, then the school contacts them in the next 2-3 days, first by telephone, then by US mail. Parents are given one week to make a decision before the school moves on to the next person on the waiting list.

All the listings and spreadsheets that were part of the lottery process, as well as waitlist candidates’ names and their waitlist number spreadsheets are kept on file in the school’s front office for the duration of the school year.

**McKinney-Vento Homeless Assistance Act**
The Charter School will adhere to the provisions of the McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. The Charter School will include specific information in their outreach materials, websites, at community meetings, open forums, and regional center meetings notifying parents that the school is open to enroll and provide services for all students which shall include a District standard contact number to access additional information regarding enrollment. A student’s IEP will never be required prior to participation in any attendance lottery or as a condition for enrollment.

**ELEMENT 9: FINANCIAL AUDIT**

*The manner in which annual, independent, financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.*

Notwithstanding the foregoing, the District may charge the maximum supervisory oversight fee allowed under the law as it may change from time to time. **Special Education Revenue Adjustment/Payment for Services**

In the event that Aspire-SANTA FE owes funds to the District for the provision of agreed upon or fee for service or special education services or as a result of the State’s adjustment to allocation of special education revenues from the Charter School, Aspire-SANTA FE authorizes the District to deduct any and all of the in lieu property taxes that the school otherwise would be eligible to receive under section 47635 of the Education Code to cover such owed amounts. Aspire-SANTA FE further understands and agrees that the District shall make appropriate deductions from the in lieu property tax amounts otherwise owed to the Charter School. Should this revenue stream be insufficient in any fiscal year to cover any such costs, the Charter School agrees that it will reimburse the District for the additional costs within forty-five (45) business days of being notified of the amounts owed.

In addition, if an allegation of waste, fraud or abuse related to Aspire-SANTA FE operations is received by the District, Aspire-SANTA FE shall be expected to cooperate with an investigation undertaken by the Office of the Inspector General, Investigations Unit.

Aspire-SANTA FE will develop and maintain internal fiscal control policies governing all financial activities.

Investment procedures

Aspire’s cash balances are invested in overnight sweep accounts with a major financial institution in order to maximize opportunities to earn interest. On occasion, Aspire receives stock donations; to avoid any risk on speculation of individual stocks, Aspire converts all stock donations to cash within one week of receipt.
Deposit of funds

Aspire has tight controls surrounding the deposit of cash. Funds received at the Aspire home office are deposited via Check 21 technology to maximize float and lower administrative costs. For those deposits, there is a separation of duties between receipt, deposit and reconciliation for all bank accounts. Funds received at the school sites are deposited by the site staff, and there is a separation of duties between the counting of and depositing of cash; the reconciliation of that cash is done at the home office. Aspire works closely with our donors to receive wire transfers whenever possible to maximize float and lower administrative costs.

Adequate cash flow

Aspire has operating lines of credit with two financial institutions that are sufficient to meet our short-term cash needs. The primary line of credit is with a bank and the secondary line is with a community development financial institution. Aspire prepares cash flow projections as part of our annual budgeting process, and during the year we maintain a rolling 90-day cash collection forecast that projects the timing of each revenue stream from each district, county office of education and donor. The CFO reviews cash balances on a daily basis to gain maximum visibility into our cash balances.

**Expellable Offenses**

*Mandatory Expulsion*

The Principal or CEO (or the CEO’s designee) shall immediately suspend and shall recommend the expulsion of a student who has been determined to have committed any of the following acts at school or at school sponsored activity while under the school’s jurisdiction. The Aspire Board of Directors will expel the student upon the recommendation of the Aspire Administrative Panel.

- Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058

- Possessing an explosive
- Violation of the Federal Guns-Free Act

*Mandatory Recommendation for Expulsion*

The Principal or CEO (or the CEO’s designee) shall immediately suspend and shall recommend the expulsion of a student who has been determined to have committed any of the following acts at school or at school sponsored activity while under the school’s jurisdiction. The Aspire Board of Directors may order the student expelled the recommendation of the Aspire Administrative Panel.

**Expulsion requires a second finding of fact.** [Education Code 48915(a)]

- Causing serious physical injury to another person, except in self-defense
- Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student

**Second Finding of Fact**

The Aspire Board of Director’s decision to expel a student for violations included in the **Mandatory Recommendation for Expulsion** and **Permissive Expulsion** categories above shall be based on a finding of one or both of the following:

1. Other means of correction are not feasible or have repeatedly failed to bring about the proper conduct.
2. Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

**Suspension Procedures**

**Informal Conference**

Suspension shall be preceded by an informal conference conducted by the school administrator with the student and his/her parent/guardian. At the conference the student will be informed of the reason for the
disciplinary action and the evidence against him or her and will be given the opportunities to present his/her version and evidence in his/her defense. The conference may be omitted if the school administrator determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or school personnel. In the event the student is suspended without conference, the parent/guardian shall be notified of the suspension and a conference will be requested as soon as possible.

**Notice to Parents/Guardians**
At the time of suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. It will be followed up with a written notification, which will state the specific offense committed by the student. In addition, the notice may also specify the date and time the student is expected to return to school. The written notice may request a meeting with the parent/guardian to discuss the causes and the duration of the suspension.

**Length of Suspension**
The length of suspension for students may not exceed a period of five (5) consecutive school days unless an administrative recommendation has been made and agreed to by the student's parent/guardian. If a student is recommended for a period of suspension exceeding five (5) consecutive school days, a second conference will be scheduled between the parent/guardian to discuss the progress of the suspension upon the completion of the fifth (5th) day of suspension. All reasonable arrangements will be made to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. As required by E.C. 48903.(a) the total number of days for which a student may be suspended from school shall not exceed 20 schooldays in any school year.

**Appeal of Suspension**
The parent or guardian of a suspended student or the suspended student himself or herself may appeal the suspension decision within 5 working days directly to the administrator. The administrator will expeditiously review the case with the parent and/or student in question within 5 working days of receipt of the appeal. If the administrator determines that the student has not violated one of the rules in the student handbook as agreed to by the student and parent or believes that extenuating circumstances should mitigate the consequences of such an action, then the suspension decision may be reversed. This process will be amended as the administrative structure changes with the growth of the school and will be defined in the student handbook. Final appeals are to the local School Site Council.

**Grounds for Expulsion**
Aspire Public Schools ensures the governing procedures for the expulsion of students is in keeping with EC §48918. Aspire’s expulsion procedures include, but are not limited to:

**Determination of an Expellable Offense**
The Aspire Principal or designee investigates an incident and determines whether the offense results in a suspension. If so, the administrator follows the procedures to suspend the student outlined in Aspire’s Administrative Regulations for Suspension (APS AR 5411.1).

If the student’s conduct which warranted the suspension is ascribed in the Expulsion Offenses (listed above), and if the Aspire Principal determines that there is cause for expulsion as based on a probable
Second Finding of Fact, the Principal will contact the CEO or designee in order to recommend the student for expulsion proceedings.

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal or designee determines that the student has committed an expellable offense. An administrative panel, consisting of 3 Aspire principals, hears the case, and makes the decision whether to expel. The hearing shall be held in closed session unless the pupil makes a written request for a public hearing five (5) days prior to the hearing.

Meeting to Extend Suspension Pending Expulsion

A meeting is held within five (5) school days of the student’s suspension to extend the suspension pending the expulsion process. The student and his/her parent or guardians are invited to attend this meeting with the CEO or designee. School site administrators or teachers may also be present. At this meeting the offense and repercussions are discussed -- if the student has committed an offense that requires a recommendation of mandatory expulsion, this is discussed and understood by all parties.

Official Notification

Written notice of the hearing shall be forwarded to the student and the student’s parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

- The date and place of the expulsion hearing;
- A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
- A copy of Aspire Public School’s disciplinary Administrative Regulations concerning Suspension (APS AR 5411.1) and Expulsion (APS AR 5411.2) which relate to the alleged violation;
- Notification of the student’s or parent/guardian’s obligation to provide information about the student’s status at the school to any other school district or school to which the student seeks enrollment;
- The opportunity for the student or the student’s parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor. Note: if the student is to be represented by counsel or by a non-attorney adviser, such written notice must be received by Aspire no less than five (5) calendar days prior to the hearing.
- The right to inspect and obtain copies of all documents to be used at the hearing;
- The opportunity to confront and question all witnesses who testify at the hearing; The opportunity to question all evidence presented and to present oral and documentary evidence on the student’s behalf including witnesses;
- The opportunity to request a one-time postponement of the hearing. Note: if the student or the student’s parent/guardian wish to postpone the hearing, such written request must be received by Aspire no less than five (5) calendar days prior to the hearing.

Expulsion Documents and Hearing Preparations

The Principal or designee files papers with the CEO or designee (Director of Student Services) that are available for review by the student and his/her parent or guardian. These papers may include, but are not limited to, the following: a record of student attendance and grades; a record of previous infractions; a statement of the facts surrounding the case made by a site administrator; a statement of
the facts surrounding the case made by a witness. The CEO or designee may subpoena witnesses as necessary.

The student and his/her advocate prepare their presentation to the expulsion hearing board and, if necessary, subpoena witnesses. The student’s advocate is any person (attorney or non-attorney) of the student’s choice who is willing and able to represent the student at the expulsion hearing.

Process of the Expulsion Hearing

a) Closed Session
Aspire shall conduct an Expulsion Hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five (5) calendar days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public unless another student’s privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Administrative Panel will meet in closed session to deliberate and determine whether the student should be expelled.

The student’s parents or guardians may address the panel prior to their deliberation. If the Panel admits any other person to this closed session (with the exception of the Administrative Panel’s Hearing Officer or the Director of Student Services), the parent/guardian, the student, and the counsel of the student shall also be allowed to attend the closed session. [Education Code 48918(c)]

b) Record of Hearing A record of the hearing shall be made and may be maintained by any means, including electronic or digital recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. [Education Code 48918(g)]

c) Subpoenas
Before commencing a student expulsion hearing, the governing board may issue subpoenas at the request of the superintendent of schools for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the governing board or the hearing office or administrative panel may, upon request of either the county superintendent of schools or the superintendent’s designee or the pupil issue subpoenas. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. [Education Code 48918(i)]

Any objection raised by the student or the CEO or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding.

If the Board determines that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration.

d) Presentation of Evidence
While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. Relevant evidence of any kind may be admitted and given probative effect if it the kind upon which reasonable persons are accustomed to rely. Hearsay is an acceptable form of evidence and is admissible. In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record. [Education Code 48918(f) and (h)] Sworn Declarations are considered as witness testimony and are not considered Hearsay.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Aspire Board of Directors, Administrative Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the pupil undergoing the process, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery [as defined in Education Code Section 48900], a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

If the Administrative Panel decides to expel, the pupil shall immediately be returned to his/her educational program. The Administrative Panel’s decision not to expel shall be final.

e) Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offences

Aspire may, upon finding a good cause; determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Aspire Board, administrative panel, or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. Aspire will provide the victim a room separate from the hearing room for the complaining witness’ use prior to and during breaks in testimony.

3. At the discretion of the Hearing Officer, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The Hearing Officer may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Hearing Officer may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the Hearing Officer from removing a support person whom the Hearing Officer finds is disrupting the hearing. The Hearing Officer may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

7. If one or both of the support persons is also a witness, the School must present evidence that the witness’ presence is both desired by the witness and will be helpful to the School. The Hearing Officer shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness’ prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the Hearing Officer that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Expulsion Notice and Appeal

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within Aspire. For a student expelled for an act listed under "Mandatory Expulsion" above, this date shall be one calendar year from the date of the expulsion.

1. Determination of Expulsion
Within three school days after the hearing, the Administrative Panel shall determine whether to recommend the expulsion of the pupil. If the Administrative Panel recommends expulsion, the recommendation of the Administrative Panel shall be in the form of written findings of fact.

2. Written Notice to Expel

The CEO or designee following a decision of the Administrative Panel to expel shall send written notice of the decision to expel, including the Aspire Board’s adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

3. Appeal Procedures

Appeal of Expulsion

A request for appeal of expulsion must be received by the Board President within five (5) working days after the written notice received by the parent/guardian. The appeal itself will be heard by the full board within ten (10) working days after the written notice received by the parent/guardian, and must be attended by parent(s)/guardian(s). The Board will review the original expulsion decision and documents, and allow parents to present their appeal.

The Board will make the final decision and notify parents within 3-5 days. The decision of the Board is final.

All procedures are in keeping with established California Education Code.

4. Expelled Students/Alternative Education

General discipline policies in place at the school

Aspire - SANTA FE trains the teachers and principals in assertive discipline techniques designed by Lee Canter and associates. Administrators (principal and designees) will receive coaching as needed in school and classroom management techniques. Teachers are provided ongoing support and coaching in their development and administration of classroom behavior plans that are compliant with the school’s behavior plan, Aspire’s suspension and expulsion policies and regulations, and California Education Code.
The school creates a school wide discipline plan that involves a set of steps that all stakeholders will follow. These guidelines will be written and sent to families in English and Spanish and annually published in the Student-Parent-School Handbook. Students and families annually indicate their understanding of and agreement to abide by the school’s behavior polices.

Each teacher designs a chart for all students in the classroom to follow the classroom management plans. Classroom infractions are met with an escalating, appropriate consequence. Continued violation of classroom policies results in parent contact and/or referral to the principal or designee. Upon referral to the school’s administration, the principal or designee contact the parent and hold another conference. Suspensions or other forms disciplinary action may be administered by the principal or designee.

The principal will keep a record of students who reach the office in the discipline priority list. If students commit suspendable offenses, suspension will be administered in accordance with Aspire’s general Suspension and Expulsion policies and California Education Code §48900 et seq.

The Charter School is responsible for reinstating the student upon the conclusion of the expulsion period.

Prior to recommending expulsion for a student with a 504 Plan, the Charter School’s administrator will convene a Link Determination meeting to ask the following two questions: A) Was the misconduct caused by, or directly and substantially related to the student’s disability? B) Was the misconduct a direct result of the Charter’s failure to implement the 504 Plan?

Grievance Procedure for Employees

Process for resolving complaints/grievances

Aspire seeks to resolve teammate grievances efficiently and effectively. Most complaints can be resolved by informal discussions between the concerned teammate and the other individual(s) or the other individual(s)’ principal/supervisor. If other mechanisms are insufficient to address concerns, teammates can use Aspire’s formal Community Complaint procedure. Please see Appendix C. This is reserved for complaints which are not resolved through the informal process. Complaints must be filed within thirty (30) days after the incident. If the incident occurs at the end of the school year, the formal complaint must be filed by June 30 of the current school year. For extenuating circumstances the deadline may be extended. Even when the formal complaint procedure is initiated, efforts may occur at any point to accomplish satisfactory informal resolution. In no case is there to be retaliation from either party.

To process a formal community complaint:

Any team member who wishes to lodge a formal complaint against an Aspire employee or employee practices should first meet with the principal or supervisor of the employee to discuss the problem in an attempt to reach a solution. If the results of such a meeting are not satisfactory:

1. Complete and send a Community Complaint Form to the Aspire Home Office. Upon receipt, the Home Office will send a response letter, stating who will be working to resolve this complaint.

2. A copy of the complaint form will be provided to the employee against whom the charge is made with a request that the employee respond in writing to the appropriate administrator within 10 working days of receipt of the complaint. The employee shall cooperate in resolving the complaint.

3. If the complaint is not resolved, the Aspire administrator will review the complaint and related material, interview parties, and submit findings and recommendations to the Chief Operating Officer or designee.

4. The Chief Operating Officer or designee will notify the person filing the complaint and employee in writing of the final determination. A final decision will be issued in a timely manner, not to exceed 45 days, after the filing of the formal complaint.
5. If the person filing the complaint is not satisfied with the results, an appeal may be made to the Chief Executive Officer.

Employees impacted by use of the Community Complaint Form may choose to exercise rights given them by law or by employment agreement. Both the employee and the complaining party may have representation of their choice throughout the process.

If the concern is one of equity, Aspire recognizes the right of the complainant to file a complaint with the State Department of Education.

**Process for ensuring due process**

The human resources team ensures that all complaints, investigations and terminations are handled professionally and thoroughly.
