INTRODUCTION

Purpose
This is a petition submitted by the Alliance College-Ready Public Schools requesting approval of a five-year charter for Alliance College-Ready Middle Academy #9 (also referred to herein as “Alliance College-Ready Middle Academy #9,” ACRMA #9,” and “Charter School”), a public charter school that will serve 450 grade 6 – 8 students in the community of South Los Angeles on a 190-day, single track, non-year-round calendar. The first official day of regular instruction for the 2013-2014 school year will be Monday, August 5, 2013 and the last day instruction will be Friday, June 6, 2014. Alliance College-Ready Middle Academy #9 will be located in the vicinity of the LA Academy Middle School community, in a community of primarily non-charter public schools that are either low-performing and/or overcrowded. ACRMA #9 will be located within the boundaries of Los Angeles Unified School District (“LAUSD or the District”). If District facilities are used during the term of this charter, ACRMA #9 shall abide by and adhere to all LAUSD standards and established policies relating to maintenance and operations.

Alliance College-Ready Middle Academy #9 will be an independent public charter school developed by the Alliance College-Ready Public Schools, a non-profit organization that will work with the Los Angeles Unified School District to help provide solutions to overcrowding and to improving academic performance and ultimately college-readiness in high schools. ACRMA #9 is a Blended Learning for Alliance School Transformation (BLAST) school. BLAST is an integrated technology educational model that builds upon Alliance’s successful college prep curriculum. This new way of learning truly integrates technology into the classroom, making learning more relevant, personalized, and dynamic. The model was piloted in 2010-11 at two Alliance high schools and has expanded to four high schools and three middle schools within the Alliance in 2012-13.

BLAST classrooms have three small group learning stations that result in a vibrant, exciting classroom where all students are actively engaged in their learning. All students rotate among the stations in a group of 15 or fewer students during a two-hour block schedule, keeping them engaged and involved in their own learning. Teachers and students are supported by the use of technology which is planned in advance with a digital agenda so that students learn to be more self-directed. Students are working at their different levels with technology programmed to address standards and skills based on individual need. Students will receive increased and better planned differentiated instruction through digital content.

Grades 6 and 7:
In grades six and seven students learn through the use of two learning stations with a 2:1 students to laptop ratio.

- **Teacher-Led Small Group Instruction** Teachers provide direct instruction with individualized attention to a small group of 15 or fewer students.
- **Individualized Online Learning** Students learn at their own pace, receiving immediate feedback, and taking more ownership of their educational progress. The online digital content addresses individual student needs, ensuring that students are neither held back nor left behind.

Grade 8:
In grade 8 students learn through the use of three learning stations and with a 1:1 student to laptop ratio.

- **Teacher-Led Small Group Instruction** Teachers provide direct instruction with individualized attention to a small group of 15 or fewer students.
- **Individualized Online Learning** Students learn at their own pace, receiving immediate feedback, and taking more ownership of their educational progress. The online digital content addresses individual student needs, ensuring that students are neither held back nor left behind.
- **Collaborative Learning** Students work collaboratively in project-based learning small groups, creating presentations, videos, and other media that demonstrate understanding of real world issues, while encouraging peer-to-peer cooperation.

ACRMA #9 will provide data on its programs and serve as a laboratory to test, demonstrate, and disseminate information on effective practices that lead to improved student outcomes, teacher quality
and increased parent involvement. Alliance College-Ready Middle Academy #9 will provide another educational option for parents as provided in No Child Left Behind.

The purpose of Alliance College-Ready Middle Academy #9 is to establish and maintain the highest quality educational program for middle grade students in a small school environment with small learning communities that are focused on assuring that students achieve proficient to advanced student performance on state content/common core standards.

Mission
The mission of Alliance College-Ready Middle Academy #9 is to operate a small high performance middle school that will prepare all students to successfully culminate from middle grades, enter high school and gear all students towards entering and succeeding in college. As a Blended Learning for Alliance School Transformation (BLAST) school, ACRMA #9 has the additional mission component to create 21st century learners ready for college success through individualized student-centered instruction that makes academics both personal and relevant for every student. To do this, ACRMA #9 will use the BLAST model that incorporates distance learning, digital content, online courses, and interactive tools while leveraging human capital. Moreover, ACRMA #9 students will develop resilient character and strong critical thinking/collaborative skills. These skills will create college-ready, socially responsible, and globally minded citizens that are an integral part of their community and beyond.

Vision
The vision of Alliance College-Ready Middle Academy #9 is to create a highly accountable model of innovation with highly effective teachers guided by core principles that are based on what research has shown to be best educational practices for adolescent age students and to serve as a research and development model for the District and other public schools.

Alliance College-Ready Middle Academy #9 will consistently demonstrate student readiness for high school with a high success rate in student proficiency on state content/common core standards; continuous progress towards 100 percent success rate in meeting middle grade culmination requirements; dramatic improvements in the student attendance rate to 95 percent; and achieving a 100% success rate of students enrolled for at least three years who will culminate ready to successfully enter high school with a focus on college-preparation.

Values/Beliefs
The core values of the Alliance College-Ready Middle Academy #9 reflect best practices researched in high performing middle schools that consistently produce well-educated, urban, students prepared to enter and succeed in high school and college. ACRMA #9 will be organized in such a way as to insure the following:

- Personalized Learning Environment – Students learn best in small learning communities where their education is personalized so that students know their teachers and are well known as individuals by all adults in the school. In the BLAST model, students receive more personalized and individualized instruction that targets individual student learning needs, taking them from where they are and accelerating learning to where they need to be to be ready for success in high school and college.

- Student Engagement – Student voice is essential in all aspects of the school that directly affect student learning, interests and needs through structures such as advisory groups that connect each student with a personal learning team. Students actively involved in the educational process in the classroom directly affect student learning. In a BLAST classroom, students are engaged in managing their own learning through online curriculum, individualized pacing driven by real-time data feedback, online student learning communities, and multimedia delivery of instruction.

1 Betsy Hammond and Bill Graves, The Oregonian, Ten Practices that Set High-performing High Schools Apart.
• College Readiness for All Students – All students, including students in historically underachieving communities can successfully learn at high levels and have a fundamental right to high expectations and quality instruction that prepare them to enter and succeed in high school and college. All students must pass middle grade course requirements and be at least proficient in core academic standards (reading, writing, math, science, history/social science) to be ready for success in high school and college.

• Increased Time for Learning - All students must have sufficient time in school to learn successfully. The school will offer a school year of up to 190 days of instruction and an ongoing opportunity for extended learning time for intervention or enrichment to meet individual student needs. Daily instructional learning time will be structured in longer 2-hour blocks of time to allow for focused in-depth learning. Students will also have access to extended online resources, be able to replay online content and courses, and access other features allowed by using technology, creating 24/7 learning opportunities.

• Services for English Learners – College readiness requires proficiency in English for all students. Structured English language development curriculum and instructional strategies will be provided for all students including students learning to speak English as a second language and English only students who speak non-standard English. Digital content used in blended learning classrooms offers more supports for English language learners, such as English as a Second Language (ESL), primary language support, text-to-speech, and replay.

• How Students Learn Best – We believe that students learn best when there is a rigorous standards-based curriculum with high thinking demand that challenges students to test their understanding of concepts through experiencing real life applications; when students know clearly the expectations and criteria they are trying to meet and can judge their own work; and when students participate actively in classroom talk about the concepts and standards they are learning. Blended learning provides students with group, project-based, and individualized learning opportunities to better prepare students for college and provides individualized data driven instruction that better meets individual student learning styles.

• Integrated Technology – Students and teachers will have adequate access to technology through 2:1 laptops for students in 6-7 grades and 1:1 laptops for students in 8th grade so that technology can be used effectively in individualized student learning, classroom instruction, data management and communication. We believe that technology used as an effective tool in high performing schools must provide electronic assessment and electronic student portfolios that provide immediate access to student progress data for teachers, students and their parents. Our teachers will leverage the technology to make instructional decisions. Blended learning is not teacher-proof but is teacher-driven.

• Principal Leadership – Alliance schools must have an exemplary principal who is a capable instructional leader and entrepreneur in managing resources. We believe that the best way to develop exemplary principals will be through in depth leadership training and apprenticeships with principals who have demonstrated success in their schools. The responsibility of the school leader is to align the Alliance teacher effectiveness initiative with expectations for blended learning. This includes providing professional development to build teacher capacity and increase their skills in using instructional technology.

• Highly Qualified, Highly Effective Teachers – Knowing that students learn best with teachers who know their subject field, are well trained to deliver rigorous instruction, and can attend to the diverse needs of individual students, we will search for and develop these skills in selecting teachers. Our teachers will work in small collaborative teams with common planning time where lessons are studied as a learning community and where accountability for student success is a shared responsibility. BLAST teachers receive focused BLAST Training before school starts, weekly, and quarterly. The blended learning model will help teachers become more effective by focusing on real-time data use to make decisions about curriculum and instruction. The technologies implemented will monitor and record teacher feedback to students on their work, logins, and classroom performance; supporting transparent teacher accountability and development.
• Parents as Partners – Parents will be meaningfully and actively engaged in their children’s education. They have a right to choose to send their children to excellent high performing schools. Parents must responsible and accountable for supporting their children’s learning at school and at home. They must understand what it will take to prepare their children for success in high school and college, and they must support the goals of the school through their voice and through volunteering. Technology training for parents will be provided to engage parents as part of the blended learning process, to provide parent access to real-time data on student progress and activity, and to support more effective parent contributions to their child’s education.

• Authentic Ongoing Assessment – There will be multiple ongoing opportunities to measure student learning and to inform instruction through daily online data feedback for students and teachers, real life projects, analysis of student work portfolios, interim assessments and student led conferences as well as mandated standardized on-demand assessments. Online digital content will include daily assessments and real-time data. Ongoing formative and summative assessments will be online.

• Accountability for Results – The principal will be responsible and accountable to the Alliance College-Ready Public Schools and to the school community for implementing the core values, beliefs and best practices ensuring that each and every student gets what they need to achieve their individual and school performance goals. Teachers and principals will be individually and collectively accountable for meeting multiple targets for academic achievement.

What it Means to Be an Educated Person in the 21st Century
A well-educated person in the 21st Century must be highly proficient in a rigorous set of competencies in language, reasoning/problem solving, reading, writing, computation, interpersonal relationships, social/economic studies, the use of technology, and personal work habits to succeed in a global economy. A well-educated person recognizes that the world is constantly changing, knows how to learn and is a self-directed lifelong learner prepared to continually adapt to changes that require new skills and competencies to be successful in their lifetime. An educated person understands that creative thinking leads to opportunity, understands that talents can be turned into true skill, and that all human beings are equal and important.2

The Alliance College-Ready Middle Academy #9 curriculum, instructional methodology, and environment will prepare students to be self-directed lifelong learners who are highly skilled critical thinkers and effective communicators.

How Learning Best Occurs
We believe that learning occurs best:

- When there are consistent high expectations for 100% success for all students with clear expectations3 for what students should know and be able to do and how well; where students are actively engaged in their learning and where academic expectations are rigorous.
  - 100% high school and college readiness as a goal for all students.
  - Focus on developing proficiency in interpersonal skills; communication skills; critical thinking and high level proficiency in core content standards.

- When each classroom in the school creates a thirst for learning through inquiry-based learning designed to help students learn how to learn and designed to adapt to students' diverse learning styles.

- When learning is personalized to students’ needs in a small school structure where students and teachers work together in small learning communities. When there are individual learning plans for students with additional learning time for students to accelerate or to enrich their learning and when assessment of what is taught and learned is ongoing to inform students, teachers, and parents about student progress.

• In a school that functions as an educational laboratory that seeks to create a dynamic learning community by embodying the best practices of teaching and learning in a small, supportive environment, where staff and students know and respect each other and each other’s similarities and differences.

• When the instructional methodology used helps students see the real-life relevance of the material they are studying and is relevant to students’ real world. When instructional methods include strategies that provide opportunities for project-based learning where the curriculum is integrated and students see the relationship of the various academic courses to each other and to the real world. When students apply their skills to real-life situations through the use of technology as a tool, through participation in internships, and though service learning.

• When guidance and support are provided for all students through highly qualified inspiring teachers, exemplary principals, and through parents as partners in their child’s education.

The objective of enabling students to be come self-motivated, competent, life-long learners will be met by the school through the use of digital content that provides immediate feedback to students on their proficiency and readiness to move to the next level; through the application of skills and concepts in the collaborative classroom station where students work in teams to develop projects that require leadership, self and team evaluation; through the opportunity to progress and manage learning and defend knowledge through presentation of projects

Core Values
ACRMA #9 students, staff and community embraces five Alliance core values in establishing the culture of our school:

1. High Expectations For All Students
2. Small Personalized Schools and Classrooms
3. Increased Instructional Time
4. Highly Qualified Principals And Teachers
5. Working with Parents As Partners

The culture of our school, in support of our core values, reflects:
• Appreciation of knowledge as power that is worth pursuing for its own sake and recognition that it takes personal effort to acquire meaningful knowledge.
• Recognition that all students can acquire the necessary skills to be lifelong learners and to be ready for college.
• Good will and a supportive attitude towards others, toward school spirit and community pride as a statement of belonging to something larger than oneself.
• Participation in school sponsored or approved service opportunities as a means of developing a caring and compassionate spirit and making a positive difference in the school, family and community.
• Respect for the dignity of others to the highest ethical standards, recognizing at all persons are equal and avoiding any behavior that would discriminate, belittle, tease, or harass others.
A visitor to our school would observe our core beliefs and values in practice on a typical day by “shadowing” any randomly selected student.

Students arrive by 7:30 a.m., all wearing the Alliance College-Ready Public Schools logo uniform. Most students walk to school from close by neighborhoods and some are dropped off by parents. Parent volunteers, a vigilant principal and teachers greet students as they arrive. Students gather on campus in a safe, calm, welcoming atmosphere that reflects the diversity of the community and the school’s focus on getting ready for college with college pennants displayed throughout the school and in classrooms.

On regular schedule days, students are seated in their in classrooms ready to begin their advisory period by 7:45 a.m. Their advisory teacher and the same small group of 15 to 20 students, who will be their school family advisory group for four years, welcome them. In the advisory period no student is allowed to “fall through the cracks” of anonymity. The advisory focuses on personal, academic, school and family connections. The advisory teacher serves as the students’ counselor for four years so that students are connected to a consistent adult for guidance with studies, student relationships, and planning for college.

Students begin the first of three two-hour periods per day following the advisory period. Students learn in small groups of 15 or fewer students that are small enough to insure that each student receives individual attention. Students begin work immediately upon entering each classroom by logging in on an individual laptop to their personal online portfolio where their digital agenda, new assignments, and messages from their teacher are housed. Teachers begin each period by recording attendance on their laptop computer using PowerSchool, the school’s data management system. Daily attendance information is sent to the office and parents of students who are absent or tardy are called.

The emphasis in core classes is on rigorous grade appropriate standards-based instruction with high expectations for all students. California content standards are clearly evident as the focus of instruction in the agenda for the day displayed in each classroom on a white board or chart. Teachers engage students in understanding clear expectations for what students must know and be able to do to achieve proficient work on grade level standards. Students are actively engaged in their learning through “accountable talk” about what they are learning in pairs, small group, or whole class interaction.

Teachers involve students in defining and understanding criteria for proficient work so that students are able to judge their own work. Teachers define clear expectations so that students know how good is “good enough” and so that students know what it takes to improve their performance. Teachers provide directed instruction and facilitate student learning using a variety of instructional materials and resources including digital content and traditional textbooks. Integrated technology is used in science projects in CollegeYes i3 Innovation Technology Grant Implementation using 1:1 iPads, and by connecting learning to real life applications. Courses offered include rigorous requirements for all students as well as academic electives that provide intervention to accelerate learning for students performing below proficient levels and enrichment for students performing at proficient and advanced levels. Courses also include Advanced Placement in grade 8 and honors classes.

All students have the opportunity to participate in the nutrition meal program following the first two-hour period. Nutrition is part of the federal meal program and service is provided by the school’s selected vendor for students eligible for full, reduced or free meals. Student eligibility is kept confidential and all students are encouraged to eat healthy meals as part of the school’s health program. Following nutrition, all students begin the second two-hour instructional period of the day. Because of the small size of the campus, passing from period to period throughout the campus and hallways takes place within 3 minutes. Students are self-directed and show respect for each other and their school. Students see examples of quality student work aligned with California content standards displayed inside and outside their classrooms. Student groupings heterogeneous and vary based on whether students are taking Spanish for native or non-native Spanish speakers, whether they are in Algebra or Geometry in the seventh and eighth grade. English learners are supported in developing English proficiency through English as a Second Language and in content classes through English immersion with “sheltered English” instructional strategies based on individual needs. Through our College Yes i3 Innovation Technology Implementation Grant utilizing 1:1 iPads for 12 6th grade student technology leaders, and all the 6th graders will complete a science and a project-based learning project. Students in 6th and 7th have a 2:1 ratio of students to laptops and 8th grade has 1:1 ratio of student to laptop.
All students participate in a 30-minute lunch period before the last instructional period of the day. After school tutoring and Saturday classes are available for students performing below or far below proficient levels based on quarterly interim assessments and teacher assessment receive individual tutoring based on their individual learning plan. The digital content from Apex Learning, CompassLearning Odyssey K12, Revolution Prep, and Achieve 3000 is available for all students 24/7. The campus is buzzing with extra curricular activities after school and on Saturdays that include student interest clubs, cheerleading, and competitive sports as well as with parent and community members to whom the campus is open. Any student interviewed will proudly tell visitors, “I’m getting ready for college.” They are likely to be the first in their family to have the expectation and the opportunity to go to college.

Curriculum and Instructional Methods to Ensure that Standards Are Met
The educational model for curriculum and instruction at Alliance College-Ready Middle Academy #9 is guided by our core values, our beliefs about how learning best occurs and by *best practices researched in high performing schools that consistently produce well-educated students prepared to successfully enter and succeed in high school and college. The philosophical base and the organizational structure for Alliance College-Ready Middle Academy #9’s curriculum are student centered and are in accordance with accountability for achieving proficient to advanced performance on core state standards.

The Alliance blended learning model is a mix of learning technologies and interactions resulting in a socially supportive constructive learning experience. It utilizes digital content and instructional technology to create a unique classroom environment, which allows students to grow as independent learners while the teacher focuses on group and targeted, differentiated instruction. The teacher is no longer the sole distribution mode for instruction. To support the Alliance model, the blended learning environment 1) re-thinks the role of the teacher, 2) allows each core teacher to maintain an effective instructional group of 15 students, and 3) maintains our block schedule which fosters an atmosphere of rigor and focus on the core subjects while providing flexibility around elective participation.

Students are issued laptops daily, participate in in-classroom rotation and are able to fully utilize one or all of the following learning technologies: distance learning, digital content, online courses and interactive tools.

BLAST Digital Content
Digital Content is a web-based program content that provides access to personalized and differentiated instruction. Students and teachers are able to access content 24/7. Students become highly reflective learners when there is immediate access to formative and summative data. Web-based programs respond to individual student data by personalizing their next series of activities and lessons. Examples of web-based digital contact programs used in BLAST implementation will include:

- Revolution Prep: Supplemental digital content for Math/English Support, CASHEE Prep, Algebra 1 and Geometry
- Compass Learning: Online course curriculum content in core subjects in lieu of textbooks in English 6, 7, 8, Algebra I, Geometry, H. Algebra, Science, Social Studies
- Apex Learning: Course content for Initial Credit and Credit Recovery to allow students to take courses online to make up credits or to earn additional course credit
- Achieve 3000: Supplemental literacy digital content to accelerate student reading in English, Science, Social Studies, Spanish, ELL, Special Ed

BLAST Learning Lab Online Courses
With learning stations, individual students can access online courses for credit recovery or electives without having to wait until there are enough students to fill a classroom. Time is replaced by required competencies and activities completed, proficiency achieved and managed online. Offering online courses expands course offerings at BLAST schools. Online courses can be used for initial credit and credit recovery. Initial course credit offerings at BLAST schools will include: Spanish/Spanish 3, and French 1-3.

5 Susan Patrick and Chris Sturgis, Synchronizing Policy and Practice for Performance-Based Learning, July 2011
BLAST Distance Learning
Distance Learning is a process to create and provide access to learning when time, distance or both separate the source of information and the learner. Teachers, using video conferencing will be able to co-teach, collaborate or deliver “best practice” lessons. A synchronistic and/or asynchronistic class between campuses leverages human capital. The sending and receiving schools will coordinate schedules to determine when classes will be live or recorded depending on each school’s schedule. When the lesson is live the sending teacher will have view access to the receiving classroom and the trained teacher assistants in the receiving classroom. When the lesson is recorded the teach assistants monitoring the class will follow the directions and lesson prepared by the sending teacher who will be the teacher of record responsible for lesson planning and student grades. Students oral language skills will be recorded via language lab and assessed based on our performance rubric by students, teacher assistants and graded by the teacher of record. These lessons are then archived in the “Alliance U” for students, teachers and parents to replay and review. Spanish 1 and 2, CAHSEE Prep and Visual Arts will be the first distance learning classes for BLAST.

College-Readiness for All Students – We believe that preparation for high school and college-readiness begins in pre-school and kindergarten. All students, including students with a history of under-achievement will learn successfully at high levels and have a fundamental right to high expectations and quality instruction that will prepare them to enter and succeed in college. All students will take and pass middle grade course requirements and be proficient in core academic standards (reading, writing, math, science, history/social science) to be ready for success in high school and college.

Our students will demonstrate competencies in core academic standards as evidence of readiness for success in high school and college. All students will demonstrate consistent progress towards proficient to advanced performance as measured by California content standards tests and in analysis of student work portfolios in core academic subjects. Students will be expected to take and pass Algebra 1.

Alliance College-Ready Middle Academy #9 maintains a “college going culture” for all students and their families by providing college information materials, including individual college-planning student portfolios, brochures, the Alliance college-readiness web page and other resource materials.

Programs regarding career and college information are presented to students, parents, and community members in parent academies through organizations including Acción, College-Match, and through Alliance College-Bound Counselors in individual and group student counseling. Alliance Parent Academy and student workshop topics include: college and university options, required college-entrance courses, financial aid opportunities, college majors linked to careers, majors in college, visits from college representatives and student field trips to colleges, college entrance tests, PSAT program and ongoing access to information regarding college outreach programs.

College-readiness and awareness is a priority content focus in daily teacher led advisory groups for all students with the support of Alliance College-Bound Counselors serving as a resource to classroom teachers and principals.

Personalized Learning Environment - Students learn best in small learning communities where their education is personalized, where they know their teachers, where their teachers and all adults in the school know them, where advisory structures connect each student with a personal learning team, and where there is student voice in all aspects of the school that directly affect them.

Through our small school of 450 students, ACRMA #9 creates small learning communities where relationships between adults and students are sustained over time ensuring that no child falls through the cracks.

Student learning is personalized so that each student’s individual needs are recognized and met.

6 Bill & Melinda Gates Foundation, Making the Case for Small Schools: Size Makes a Difference: 1) Average achievement is higher in small schools 2) Effects of school size are greatest for low in-income and minority students.
Personalized connections between teachers and students are increased through looping where students remain with the same Advisory teacher for the student’s middle school years creating a strong sense of community. Teacher teams sharing responsibility for a group of students, limits daily teacher-student contacts. In grades 6-8 there would be no more than 30 students in the core content classes, increasing teacher time to focus on students as individuals.

Students actively involved in the educational process in the classroom directly affects student learning. In a BLAST classroom, students are engaged with online curriculum, real-time pacing, online communities, and multimedia delivery of instruction - has proven to engage students in a more meaningful way with work that is personalized, targeted to individual skills and paced to meet individual student needs.

**Student Engagement** - Student voice is included in all aspects of the school that directly affect student learning, interests and needs through advisory groups that connect each student with a personal learning team.

All students are well known, supported through advisory groups of 13-15 students. A credentialed teacher serves as advisor and works with the same students from grade 6 through 8th grade. The advisory structure provides a small focused support group to motivate and support each student’s progress. Each student also has a personal learning team consisting of their teacher advisor, a parent, and a mentor that meets throughout the year to provide guidance and assess progress. The student mentor may be a teacher, a qualified community leader, a parent volunteer or other member of the staff. The teacher advisor monitors each student’s individual learning plan to address individual interests and needs.

**Increased Time for Learning** – All students have sufficient time in school to learn successfully with 190 days of instruction and up to 10 days ongoing opportunity for extended learning time for intervention or enrichment to meet individual student needs. Daily instructional learning time is structured in longer uninterrupted blocks of time to allow for focused in-depth learning.

Instructional time is increased in Alliance College-Ready Middle Academy #9 with 190 days of instruction and up to 10 days extended learning and a longer instructional day for all students. Daily instructional time is increased to allow for in depth learning through 7.5 hours of instruction.

Schedules are structured to provide longer uninterrupted blocks of time of up to 120 minutes or double period blocks of time for accelerated math and English language arts.

Increased instructional time for all students, as part of the core program includes time for intervention and/or enrichment to meet individual student learning needs. Students will have access to extended online resources and to replay online courses, and other features technology allows, creating 24/7 learning opportunities.

**English Learners** – College Readiness requires proficiency in English for all students. Structured English language development curriculum and instructional strategies is provided for all Alliance College-Ready Middle Academy #9 students learning to speak English as a second language and English only students who speak non-standard English.

Second-language learners and non-standard English speakers are expected to demonstrate proficiency in English language development after three years of instruction.

Teachers participate in training to continually develop expertise in focused English language development (ELD) instructional strategies as well as sheltered ELD strategies in core subjects for non-standard English only speakers and students learning to speak English. Digital content used in blended learning classrooms offers more supports for English language learners, such as English as a Second Language (ESL), primary language support, text-to-speech, and replay.
**Instructional Methods** - Students learn best when there is a rigorous standards-based curriculum with high thinking demand that challenges students to test their understanding of concepts through real life applications; when students know clearly the expectations and criteria they are trying to meet and can judge their own work; and when students participate actively in classroom talk about the concepts and standards they are learning. Blended learning provides students with group, project-based, and individualized learning opportunities to better prepare students for college and provides instruction that better meets individual student learning-styles. Students rotate through stations during a two-hour block of instructional time. Students have differentiated, personalized and small group instruction.

Blended Learning uses a rotational model that is different in grades six and seven, than in grade eight. In grades six and seven students learn through the use of two learning stations, Teacher Directed and Individual. BLAST classrooms have two small group learning stations with 15 or fewer students each that result in a vibrant, exciting classroom. All students rotate among the stations during a two-hour block schedule, keeping them engaged and involved in their own learning:

**Teacher-Led Small Group Instruction Station** - Teachers provide direct instruction with individualized attention to a small group of 16 or fewer students.

**Individualized Online Learning Station** - Students learn at their own pace, receiving immediate feedback, and taking more ownership of their educational progress. The online digital content addresses individual student needs, ensuring that students are neither held back nor left behind.

In grades six and seven, there are 15 laptops per class or a 2:1 student to laptop ratio.

In grade eight students learn through the use of three learning stations. Teacher-Led Small Group Instruction and Individualized Online Learning stations described above, and: **Collaborative Learning Station** - Students work collaboratively on projects in small groups, creating presentations, videos, and other media that demonstrate understanding of real world issues, while encouraging peer-to-peer cooperation.

In grade eight, there are 30 laptops per class or a 1:1 student to laptop ratio.

7 U.S. Department of Education, Evaluation of Evidence-Based Practices in Online Learning, 2010
Alliance College-Ready Middle Academy #9 students learn at higher levels in classrooms where teaching strategies reflect high expectations for all students. Proficiency in core subject areas is based on grade-level expectations for rigorous CA Content/Common Core Standards.

Students apply skills and concepts learned to real-world projects, service learning, and community internships that require problem solving, critical thinking, and active engagement in classroom talk around the concepts and standards they are learning.

Through project-based instruction, Alliance College-Ready Middle Academy #9 transforms the learning environment from a system of teacher output and student input to a self-directed learning environment in which teachers are facilitators and students are learners and doers.

Alliance College-Ready Middle Academy #9 classrooms engage students in developing clear understandings of criteria for high performance, how to judge and improve their own work – so that students know how good is good enough for proficient and advanced performance.

**Integrated Technology**

Our vision is all students prepared for college and the workplace. The philosophy for curriculum and instruction at Alliance College-Ready Middle Academy #9 is guided by our five core values, our beliefs about how learning best occurs and by best practices researched in high performing high schools that consistently produce well-educated students prepared to successfully enter and succeed in college.

8 Linda Darling-Hammond, Stanford University: 10 Features of Good Small Schools: Redesigning Schools, What Matters and What Works: Project-based Learning – “One strategy for linking the curriculum to real-world issues is through project-based learning where students are engaged in challenging tasks that involve knowledge and skills from more than one academic discipline. These tasks require students to work independently to solve complex problems, and they culminate in real-world products.”
Students and teachers will have adequate access to technology to use it effectively in student learning, classroom instruction, data management and communication. We believe that technology used as an effective tool in high-performing schools must provide electronic assessment and electronic student portfolio that provide immediate access to student progress data for teachers, students and their parents. Computer equipment will be leased with the option to purchase to reduce cost.

The Alliance has been awarded $5 million dollars in an i3 Federal Innovation Technology Grant called a CollegeYes i3 Grant. These monies will be used to ensure that a project-based learning project using technology is embedded in the science and advisory curricula at ACRMA #9. Student technology leaders will be trained to support these projects. They will be issued an iPad to do their work.

Students will have access to all digital online content 24/7. A target ratio of 2:1 Laptops for sixth and seventh grade students and 1:1 for eighth grade students will be available to have access to use technology as a tool integrated with student learning. Students will use technology to access research information on the Internet, to develop standards-based multimedia projects and presentations and to maintain individual portfolios of their work.

Students actively participate in rigorous standards-based instruction in College-prep coursework. Teachers utilize the Alliance instructional guides and benchmark assessments to measure student success. Teachers also use online digital content assessment results and NWEA [North West Evaluation Association] English usage and reading comprehension plus mathematics, three times per year. Through the collaborative station, students complete projects demonstrating integrated lessons planned and implemented by teachers.
Classroom teachers will be provided a laptop and use consistent data system for managing grades, student performance data, and internal school and network communication with other schools. ACRMA #9 will use a data management system to access individual student and classroom data. Classrooms will be networked with each other, with the school office and with the Alliance for ongoing efficiency in communication and support to schools using Global Scholar and PowerSchool and, if available, the LAUSD Secondary SIS.

Principal Leadership – The Alliance selected an exemplary principal who is a capable instructional leader and entrepreneur in managing resources, whose skills and capacity are developed through in-depth leadership training and through apprenticeship with principals who have demonstrated success in their schools.

The Alliance recruited the principal from among the best talented leaders who demonstrate commitment to the belief that all students can learn successfully through professional organizations, local and national school districts, and university graduate school programs.

The principal participates in leadership training for 3 months before the beginning of the school year. Leadership development includes apprenticeship with a successful principal with a track record of successful student results who demonstrates the core values and beliefs of the Alliance. BLAST principals receive training on the online content, technologies, assessments, and instructional methods. BLAST principals receive BLAST professional development monthly in addition to individualized professional development during monthly principal meetings.

Professional Development and Highly Qualified Teachers – Students learn best with teachers who are knowledgeable in their subject field; are well trained to deliver rigorous instruction as well as to attend to the diverse needs of each student as an individual. ACRMA #9 teachers work in small collaborative teams with common planning time where lessons are studied as a learning community and where accountability for student success is a shared responsibility.

Alliance College-Ready Middle Academy #9, led by the principal, recruits highly qualified new and experienced credentialed or university intern teachers who fully meet the No Child Left Behind criteria as highly qualified teachers and who are committed to our core values and beliefs.

 Teachers participate in a training and support seminar before the opening of school. BLAST teachers receive training on the online content, technologies, assessments, and instructional methods. BLAST teachers receive BLAST professional development weekly in addition to individualized professional development during quarterly teacher meetings regarding benchmark assessment results. Ongoing professional and personal growth opportunities are provided based on ongoing analysis of student achievement data and student work portfolios as well as teacher identified growth needs and interests.

Professional Development is planned and led by the Alliance Vice President of Blended Learning and the Alliance BLAST Lead Principal in collaboration with teachers. BLAST schools work in partnership with EdElements a non-profit partner who provides guidance and support for charter operators and districts nationally on the design and implementation of blended learning. New and experienced teachers also learn from Alliance teachers who piloted and designed the initial blended learning model.

Core Elements of BLAST Professional Development Include

Teachers benefit most from professional development that provides time for teacher-to-teacher interaction in small learning communities focused on classroom practice. Our teachers have ongoing regular time for common planning, analysis of student work, and lesson study based on core content standards. Alliance College-Ready Middle Academy #9 staff attends and/or conducts professional development activities that support access by students with disabilities to its general education program.

Teachers working together in teams within small learning communities with the same students over two to three years share accountability and responsibility for each student’s academic and personal growth.

Our principal conducts individual teacher performance evaluations based on clear benchmarks for performance. Teachers have the opportunity to participate in performance-enhanced compensation that is determined by student progress, principal performance evaluation, and a teacher peer evaluation committee. Teachers participate in the design of the system.

**Authentic Ongoing Assessment**—Alliance College-Ready Middle Academy #9 provides multiple ongoing opportunities to measure student learning and to inform instruction through real life technology projects, and analysis of online student work portfolios.

An individual personal learning plan is developed and maintained for each ACRMA #9 student, used to identify student needs, interests, and progress towards proficiency on core content standards, proficiency in English language development and college-readiness. Student learning plans include electronic portfolios of selected student work that demonstrates proficiency in applying skills and concepts in real life project-based learning.

Every 6-8 weeks, Alliance College-Ready Middle Academy #9 administers online Alliance Benchmark Assessments in ELA, math, history, and science. Our online assessments are used to inform teachers and the principal on student progress and effectiveness of instruction. The standards-based assessments developed by Evans Newton, Inc., in conjunction with NWEA MAP Assessment, APEX, CompassLearning, Achieve 3000, Revolution Prep, and Virtual Nerd formative and summative assessments use Data Director and Brain Honey to score and analyze data on online interim and benchmark assessments in core content standards in reading, math, science, and history/social science. Online interim benchmark assessments inform instruction and provide immediate individual student information on progress towards proficiency on State standards. Alliance College-Ready Middle Academy #9 students participate in all mandated standardized assessments.

**Accountability for Results**—ACRMA #9 principal is responsible and accountable to the school community for the same Title I accountability requirements as other non-charter public schools in California including Adequate Yearly Progress; implementing the core values, beliefs and best practices of the Alliance education model; ensuring that each and every student gets what they need to achieve their individual and school performance goals. Alliance is responsible and accountable for guarantees made to Alliance College-Ready Middle Academy #9 in monitoring progress, documenting and publishing results to the school community and the community of Los Angeles.

Alliance College-Ready Middle Academy #9 principal is hired with an annual renewable contract based on an annual performance evaluation conducted by the Alliance BLAST Vice President. ACRMA #9’s principal is responsible for and has the authority to select, hire, evaluate and recommend the termination of teachers based on teacher accountability for clear performance expectations and evaluation criteria.
The Alliance monitors, documents, evaluates and publishes implementation results and student outcome results. Alliance contracts with a third party evaluator to document and evaluate the implementation of the Alliance school model and results. Ongoing evaluation serves to document best practices achieved, provide longitudinal data for continuous improvement, and most importantly, informs parents and the community on the degree to which ACRMA #9 is achieving its stated goals for individual students.

**Academic Program**

The courses offered at ACRMA #9 are structured to prepare students to enter and succeed in high school. Teachers are actively involved in shaping and further evolving the courses to provide the most rewarding educational experiences in conjunction with assuring that each student develops proficiency in the California content Standards. ACRMA #9 assures that its instructional program will address the CA State Standards and Common Core Standards when implemented by the state.

**Transition to Common Core**

ACRMA #9 will participate in the Alliance strategic plan to transition to the Common Core Standards and Assessments. Alliance Schools will begin the transition in 2011-12. By 2013 when ACRMA #9 opens, summer training will provide all teachers with instructional guides based on Common Core standards. Spring 2014 will be the only year that ACRMA #9 will implement current CST testing. In our second year instruction will be based on common core and our second year of CA testing will be based on CA Smarter Balance Common Core Assessments. ACRMA #9 will have enrolled grades 6 and 7 and plans to be prepared to have all students take common core assessments online.

Advanced Placement Courses are available at 8th grade in English Language Arts, Math, and Science. Literature will be integrated across the content areas.

Alliance College-Ready Middle Academy #9 provides two to three hours of daily instructional time in reading/ language arts and/or mathematics for students needing intervention through academic electives. Our content literacy focus promotes the use of reading and writing across the curriculum for the acquisition of content knowledge and for real-world applications. Online classroom libraries provide a variety of literature selections of appropriate interest for middle grade students.

**Educating Young Adolescents**

We believe that successful schools for young adolescents must demonstrate a culture that includes the following characteristics:

- **Educators who value working with this age group and are prepared to do so.** Alliance College-Ready Middle Academy #9 provides effective middle level educators who understand the developmental uniqueness of the age group, the curriculum they teach, and effective learning and assessment strategies. They need specific teacher preparation before entering the classroom and continuous professional development as they pursue their careers.

---

9 *Taking Center Stage, California Department of Education*
• **Courageous, collaborative leadership.** Alliance College-Ready Middle Academy #9 recruits middle level leaders who understand adolescents, the society, and the theory and practice of middle level education. The principal of Alliance College-Ready Middle Academy #9 influences student achievement and teacher effectiveness by advocating, nurturing, and sustaining an effective instructional program.

• **A shared vision that guides decisions.** All decisions made about the school are guided by a shared vision.

• **An inviting, supportive, and safe environment.** Alliance College-Ready Middle Academy #9 has established an inviting, supportive, and safe campus environment, and a joyful community that promotes in-depth learning and enhances students’ physical and emotional well being where human relationships are paramount.

• **High expectations for every member of the learning community.** Educators and students at Alliance College-Ready Middle Academy #9 hold themselves and each other to high expectations. Our environment develops student and staff confidence that promotes positive attitudes and behaviors and motivates students to tackle challenging learning activities.

Advisory Groups*
Student voice is included in all aspects of the school that directly affects student learning, interests and needs through a structure of advisory groups that connect each student with a personal learning team and ensure that no student falls through the cracks.

All students in grades 6-8 are well known and students are supported through advisory groups of 15-20 students. A credentialed teacher serves as advisor and works with the same students from grade 6 through graduation. The advisory structure provides a small focused support group to motivate and support each student’s progress. Each student also has a personal learning team consisting of their teacher advisor, a parent, and a mentor that meets throughout the year to provide guidance and assess progress. The teacher advisor monitors each student’s individual learning plan to address individual interests and needs.

**Creating a College-Going Culture**
Development of a college-going culture begins with all incoming sixth grade students through advisory groups, parent engagement and throughout schoolwide activities. The question at ACRMA #9 is not “Are you going to college?” but “Which college are you going to attend?”

College Study Skills – Advisory curriculum includes direct development of study skills to prepare our students to be independent learners through the use of study skills materials and though a visiting college student program that provides an opportunity for students to learn from students in the community who have successfully entered college programs.

College Orientation – Pennants from local and national colleges and universities are displayed throughout the campus and in each classroom to motivate interest in finding out about college.

College-Campus Visits – Trips to local universities are coordinated to provide students and their parents an opportunity to become familiar with college campuses and their programs through “Got College” with Families and Schools (FIS) and Mother/Daughter and Father/Son partnership programs with community colleges and California State Universities.

**Process for Selecting Curriculum, Materials, Instructional Activities**
Curriculum, materials, and instructional activities are selected based on their rigor and their relevance to supporting our goal of achieving proficient to advanced performance on state standards, readiness to meet A-G course requirements in high school, and preparing students to graduate ready for college.
Each pupil in the school has sufficient current textbooks and access to digital content in each subject area consistent with the content and cycles of the curriculum frameworks adopted by the California Department of Education.

Each spring, the principal, in consultation with the staff, identifies areas of need and order texts and materials for the following year.

Instructional activities are developed in alignment with the stated goals and measurable student outcomes of Alliance College-Ready Middle Academy #9. The principal and the teachers participate in common planning and lesson study to continually design and improve rigorous instructional activities that require critical thinking, reflect high expectations for students, and provide opportunities for students to apply their skills and knowledge to real world situations.

Selection of Instructional Materials / Adequacy of Textbooks (Appendix N)
Alliance College-Ready Middle Academy #9 attests that each pupil in the school will have sufficient current textbooks, instructional materials, and digital content in each subject area consistent with the content and cycles of the curriculum frameworks adopted by the California Department of Education.

Each spring, the principal, in consultation with teachers and Alliance staff, will identify areas of need and order texts and materials for the following year.

WASC Accreditation
Alliance has a proven track record of supporting its middle and high schools with the WASC accreditation process. Alliance schools have scheduled their initial WASC review in the spring of their first year in operation or the fall of their second year. All Alliance schools have earned successful WASC review results (APPENDIX W) of the maximum of an initial three years when not yet fully offering grades 9-12 and six years full accreditation once they are fully enrolled through grade 12.

Alliance Director of College Counseling oversees the WASC process and UC course approval process. Alliance Vice Presidents of School Families, support schools in preparing the school Self-Study for the WASC process.

Students with Special Needs
Alliance College-Ready Middle Academy #9 implements a comprehensive diagnostic testing program for every student upon entrance to the school. The assessment is used to identify learning strengths, weaknesses, and/or disabilities, psychological (social and emotional) development, and speech and language attainment. If a student is identified, as potentially having special needs, the plan for Students at Risk of Retention, English Learner Students, and/or Special Education will be implemented. Alliance College-Ready Middle Academy #9 recognizes that students who are gifted and talented also have special needs and provides appropriate identification and instructional strategies to meet their needs.

I. Students at Risk of Retention
   A. Low-achieving Students
      In an effort to improve the performance for all students including those who have been identified as low achieving, or at risk of retention, Alliance College-Ready Middle Academy #9 implements a strategy based on a Personal Learning Plan (PLP). The Alliance Personal Learning Plan is a template used in all schools that is automatically populated with interim and state assessment data as well as course credits completed each quarter. Advisory teachers review the PLP and review with each of their advisory students. Parents review and sign the PLP each quarter with report cards. All students have such a plan. The following takes place for those specifically identified as low achieving:
      1. To identify low-achieving students, all incoming students are given the NWEA short form, the Achieve 3000 and Revolution Prep level set tests.
      2. Parents are informed of the student's academic standing within one week of identification.
3. Within three weeks of identification, a conference is scheduled between the student, parent, teachers, and the administrative staff to develop an action plan. The action plan has specific responsibilities for the student, parent, and teachers.

4. The student receives supplemental support services. In the areas where the student is struggling most, the classroom teacher as well as online digital content providers to address and offer one-to-one instruction specific individual needs.

5. The student is enrolled in a remediation program to accelerate learning. This is provided during the summer, after school and/or Saturdays.

B. Promotion and Retention of Students

Alliance College-Ready Middle Academy #9 does not endorse social promotion. Alliance College-Ready Middle Academy #9 is committed to helping students achieve the necessary skills to progress from grade to grade yearly. Because of the linguistic and socioeconomic barriers this student population may have faced, readiness to move to the next grade level is examined on an individual basis. Each student is assessed individually according to his/her total needs.

Alliance College-Ready Middle Academy #9 has clearly defined expectations for what students should know and be able to do at each grade level in each subject in an effort to equip all students with the academic skills that enable them to be ready for entrance to and success in college. Promotion and retention of students is based on multiple assessment measures to determine if the student is advanced, proficient, partially proficient, or not proficient. Assessment measures include the student progress report based on degree of proficiency and teacher recommendations. Students whose average rubric score classification is “not proficient” on the final student progress report for the academic year are eligible for retention.

The principal and/or teaching staff prepares a written determination to specify the reasons for retention. The written determination includes recommendations for interventions that are necessary to assist the student to attain acceptable levels of academic achievement. The written determination is provided to and discussed with the student’s parents, the student’s teachers, and the principal.

Student’s identified for retention must participate in a remediation program (i.e. after-school tutoring, and summer school). The student’s academic performance is reassessed at the end of the remediation program, and the decision to retain or promote the student is reevaluated at that time.

II. English Language Learners

Alliance College-Ready Middle Academy #9 will meet all requirements of federal and state law relative to equal access to the curriculum for those who are English Language Learners (ELL’s). The goal will be to develop high quality instructional programs and services for ELL’s that allow them to achieve the same challenging grade level and graduation standards, in the same proportions, as native-English speaking students.

The English language literacy intensive component of the program supports ELL’s through:

- A teaching staff qualified in second language pedagogy.
- An after school and summer school program with a strong language literacy focus determined by the individual assessed needs of each student.
- Additional bilingual teacher’s aides in the classroom to assist ELL’s in English intensive classes.

Alliance College-Ready Middle Academy #9 offers the core content areas in a sheltered English environment for students who are not proficient in English. Sheltered content classes are subject matter content courses designed especially for ESL students. Students who are 2 or below on CELDT English proficiency below and far below on Alliance interim benchmark assessments and ongoing classroom teacher assessments are identified for additional support and assigned additional support classes titled: Math or ELA Support in addition to grade level ELA and/or assigned math
course. The curriculum content for the sheltered English classes is the same as in the English only classrooms. Achieve 3000 provides additional support where the MacBook Pro will read aloud student’s written passage or students can translate the passage into their native language.

To support the environment needed to assure that students needing English as a second language, Alliance College-Ready Middle Academy #9 recruits teachers who have a secondary credential as well as bilingual or ESL endorsements (state authorization to teach ELL’s such as BCLAD, CLAD, SB1969), and who not only have training in second language pedagogy but also have experience teaching second language learners and sheltered English classes. All teachers are trained in appropriate methods for teaching ELL’s at various levels of proficiency. These methods include using bilingual teacher aides and coaching, preview and review strategies, and after school tutoring programs that are coordinated with the regular curriculum and designed for ELL’s.

- **Sheltered English** – Sheltered Instruction is to provide meaningful instruction in content areas (social studies, math, science) for transitioning Limited English Proficient (LEP) students towards higher academic achievement while they are working towards English fluency. Instead of providing watered down curriculum for LEP student, sheltered instruction allows for the content to be equal to that of native English speakers while improving their grasp of the language. The teacher provides varied methods of instruction that allow students to create meaning of multifaceted content in classroom discussion, activities, reading and writing. rising causing teachers to build upon their abilities to take on the linguistically diverse classroom

- **Preview/Review** – Teachers present vocabulary prior to presenting core content

Alliance College-Ready Middle Academy #9 teachers are trained to use the state English Language Development standards. The LAUSD ELD Handbook is used as a resource guide for curriculum planning. Selected teachers attend appropriate LAUSD training usually offered in the spring. This allows these teachers to become qualified to train other teachers during Alliance College-Ready Middle Academy #9 in-service professional development.

Alliance College-Ready Middle Academy #9 administers the California English Language Development Test (CELDT) to all new students whose home language is other than English on their Home Language Survey and to all English Learners annually to determine each student’s individual proficiency level and to assess student progress in acquiring English Proficiency according to State Board of Education ELD standards. To reclassify students, ACRMA #9 will administer CELDT testing as stated above. Students who are CELDT level 3 or higher will be reviewed for reclassification based on CST proficiency or teacher recommendation. Annually the Alliance Data team will provide each school with a list of students eligible for reclassification.

**Non-standard English Speakers**

Recognizing that many students at Alliance College-Ready Middle Academy #9 may not be Standard English speakers, many of the same guidelines and programs listed above are followed for them so as to ease their transition into Standard English. Students will be identified by performance in classroom oral language assessments. The schools objectives will be to have all students achieve proficient/advance performance in oral and written English Language Arts. ACRMA #9 school leaders and teachers monitor each student’s performance in their Personal Learning Plan and individual student growth profiles. Specific strategies include modeling standard English; building student communication skills through structured classroom participation in oral language presentations for project-based learning culminations; training teachers in recognizing non-standard English language interference with learning; establishing a culture of appreciation for home language usage and culture and recognition of the importance of standard English usage in the world of work and education.
**LAUSD-Specific Language *English Learner Instruction**

Alliance College-Ready Middle Academy #9 is required to timely identify potential English Learner students and provide them with an effective English language acquisition program that affords meaningful access to the school’s academic core curriculum. Instructional plans for English Learners (EL) must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis (on or about October 1), ACRMA #9 shall submit a certification to the District that certifies that they will either adopt and implement LAUSD’s English Learner Master Plan or implement the Charter School’s own English Learner Instructional/Master Plan. If Charter School chooses to implement its own EL plan, the instructional plan shall encompass the following, including but not limited to:

- How ELs’ needs will be identified;
- What services will be offered;
- How, where and by whom the services will be provided;
- How the program for ELs is evaluated each year and how the results of this assessment will be used to improve those services (annual report of the assessments)

ACRMA #9 shall provide to CSD a copy of its entire, current plan upon request such as during the annual oversight review process.

ACRMA #9 shall administer the CELDT annually. ACRMA #9 shall also ensure that it will provide outreach services and inform parents with limited English proficiency with important information regarding school matters to the same extent as other parents.

**III. Special Education**

**LAUSD-Specific Language *Special Education Program**

All charter schools must adhere to all terms and conditions of the Chanda Smith Modified Consent Decree ("MCD") and any other court orders and/or consent decrees imposed upon the LAUSD as they pertain to special education. Charter schools must ensure that no student otherwise eligible to enroll in their charter school will be denied enrollment due to a disability or to the charter school’s inability to provide necessary services. Policies and procedures are in place to ensure the recruitment, enrollment and retention of students with disabilities at charter schools.

Prior to Los Angeles Unified School District ("LAUSD" or "District") Governing Board approval, [Charter School] will execute a Memorandum of Understanding ("MOU") by and between LAUSD and [Charter School] regarding the provision and funding of special education services consistent with the requirements of the LAUSD Special Education Local Plan Area ("SELPA") Local Plan for Special Education.

**SELPA Reorganization**

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code § 56195.1(a) and intends to continue operating as a single-District SELPA as in the current structure but has created two school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA will begin in the 2013-2014 school year requiring all District-authorized charter-operated schools to elect one of the three options available under the LAUSD SELPA. Prior to an Option election, all District-authorized charter schools shall participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that have previously executed an Option 3 Memorandum of Understanding ("MOU"), will be required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated schools will
not have a LEA status but will function in a similar role in that each charter school will be responsible for all special education issues including services, placement, due process, related services, special education classes, and special education supports. Charter schools will apply for membership in the Charter-operated Program section of the SELPA. These schools will receive support from a Special Education Director for the Charter-operated Programs.

**Compliance with Child Find Activities for Conversion Schools**
District-authorized conversion charter schools must conduct Child Find activities for students residing in its pre-charter attendance areas (including private school students), so that students who have or are suspected of having a disability and needing special education and related services are appropriately identified and, if necessary, referred for evaluation in accordance with state and federal law. Conversion charter schools must distribute the District’s brochure, “Are you Puzzled by Your Child’s Special Needs,” prominently display the Parent Resource Network poster and use other District materials to address the search and serve requirement of the law, (e.g., “The IEP and You”).

**LAUSD Required Language: *Modified Consent Decree Requirements***
All charter schools chartered by LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith* Modified Consent Decree (“MCD”) and other court orders imposed upon District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statistically measureable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs (“IEPs”) and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the Modified Consent Decree, data requests from charter schools that are not connected to the District’s current Student Information Systems (“SIS”) are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s required format and are as follows:

- The Independent Charter School Suspension/Expulsion Report, due monthly throughout the school year.
- Paper SESAC Report and Welligent Student Listing Verification, due monthly throughout the school year.
- CBEDS, which is due at the end of October of Each School Year.
- All Students Enrolled December 1 of Each School Year, due at the end of December every school year.
- Graduation Status of 12th Grade Students Enrolled on December 1, due at the end of June every school year.

The MCD requires charter schools to implement the District’s Integrated Student Information System (ISIS). ISIS is a suite of applications which is designed to capture all District student data.

**IV. Gifted and Talented Education**
The special needs of identified gifted and talented students are addressed through differentiated classroom instruction and through enrichment programs after school and through partnerships with community colleges. Additionally all the online digital program providers take students from where they are and move them forward. For example, CompassLearning has additional section at the end a section to dig deeper into the topic being studied with enrichment and acceleration. Furthermore, APEX provides a wide variety of online Advanced Placement classes.
Program Description
The Alliance College-Ready Middle Academy #9 GATE program provides challenging curriculum and instruction to gifted and talented students capable of achieving significantly beyond the level of their peers. GATE funds are used to design and deliver a supplemental differentiated program for individuals or groups of gifted and talented students with special needs. This includes providing a rich academic program that addresses both acceleration and differentiation and continually reviewing student data to increase the number of gifted and talented students.

Our criteria extend beyond the intellectually gifted to students who are gifted, talented, or both in areas such as specific academic ability, leadership, visual and performing arts, and creativity.

Objectives
Differentiated curriculum based on the core curriculum is provided during the regular school day through part-time and cluster grouping. Other differentiated learning activities, such as, extended day classes, Saturday seminars, independent study, acceleration, Advanced Placement (AP), honors, and Spanish as a world language.

Alliance College-Ready Middle Academy #9 staff development provides teachers with strategies to broaden or deepen their ability to provide differentiated curriculum and individualized programs to meet students' needs and provides all parents with information regarding gifted and talented programs and services provided to students. The Alliance website provides links to websites on the Internet related to gifted education and parenting of gifted children.

Process for Identifying Students As Gifted and Talented
The identification process begins with a referral by the student's teacher or parent (after consulting with the teacher). A Screening Committee gathers documentation including any standardized test scores, cumulative records and report cards from the teachers and parents. The Committee makes a preliminary recommendation for consideration on the eligibility of the student. The recommendation is forwarded to TES for Intellectual Ability testing, for High Achievement or Specific Ability designation. When a decision is made, the parent is notified, in writing, of the student's eligibility.

Categories under which a student may be identified as Gifted include Intellectual Ability in which the student’s general intellectual development is markedly advanced in relation to their chronological peers. This category includes those students designated Highly Gifted who score 145 or above on an individualized intelligence test, or 99.9 on a group intelligence test.

A student may also be identified under the category of High Achievement. These students consistently function for two consecutive years at highly advanced levels in Total Reading and Total Math on standardized tests such as California Achievement Test. Another criterion considered is a GPA of 3.5 or above.

A student may be identified under the category of Specific Academic Ability. These students consistently function for three consecutive years at highly advanced levels in either Total Reading or Total Math on standardized tests such as California Achievement Test. Students in grades 9-12 may also be referred in either science or social science.

Gifted Education Plan
Alliance College-Ready Middle Academy #9 sets Clear Expectations for the school community and provides a quality, standards based gifted and talented program that demonstrates academic rigor. Alliance College-Ready Middle Academy #9 provides a description of gifted and talented program to parents at Open House.

The gifted and talented program includes:
* Flexible grouping of students
* Honors programs
* Strategies for the increased enrollment of all sub-groups
* Differentiated instruction in the classroom in all areas of the core curriculum
* Parent involvement
* Professional development offerings for coordinators, teachers, administrators and support staff to support academic and talent excellence in students

Our goal is to increase the identification of gifted and talented students to reflect a minimum 10% identification rate, to provide professional development for teachers in the instruction of Advanced Placement courses and gifted students, and to provide parent education on strategies to address the needs of gifted and talented students.

**Acceleration**

Acceleration is a strategy that adjusts the pace of instruction to the gifted student’s capability for the purpose of providing an appropriate level of challenge. Acceleration offers a way to meet the needs of highly able students when other forms of differentiation at grade level do not provide enough challenge. Research documents the academic benefits and positive emotional outcomes of acceleration for gifted students when the needs of the student are carefully matched with the form of acceleration used. Additionally all the online digital program providers take students from where they are and move them forward. For example, CompassLearning has additional section at the end a section to dig deeper into the topic being studied with enrichment and acceleration. Furthermore, APEX provides a wide variety of online Advanced Placement classes.

**Grouping Practices**

Flexible grouping enables students with advanced abilities and/or performance to receive suitably challenging instruction. Flexible grouping allows more appropriate, advanced, and accelerated instruction that more closely aligns with the rapidly developing skills and capabilities of gifted students. Gifted children may not be gifted in all academic areas; therefore grouping placements are flexible for part time flexible periods of time or activities when there are few identified gifted students in school.

**Regular Classroom**

Our goal is to provide appropriate educational practices that motivate and challenge all students to achieve their potential. To optimally provide for learners in our regular classrooms teachers:

- Create an environment that is responsive to learners
- Assess each learner’s knowledge, understanding, and interest
- Integrate the intellectual process including both cognitive and affective abilities
- Differentiate and individualize the curriculum to meet each learner’s needs
- Evaluate learning and teaching, reflecting on the information obtained to adapt the learning plan and improve the program
ELEMENT 2: MEASURABLE STUDENT OUTCOMES

Outcome Goals – Skills, Knowledge, and Attitudes

Alliance College-Ready Middle Academy #9 will be a high performance school that will deliver a consistent educational environment and experience for students—preparing every student with the skills, experience, and knowledge to be prepared for high school. Our measure of success for students enrolled for three years is that:

- 100% of our students will culminate from middle school demonstrating significant progress towards proficient to advanced performance in core content areas
- 100% of students who are continuously enrolled at ACRMA #9 from grades six through eight will be prepared for success in high school

The principal has primary responsibility and accountability to the school community for implementing the core values, beliefs, curriculum, instruction and best practices of the Alliance education model insuring that each and every student gets what they need to achieve their individual and school performance goals. The Alliance is responsible and accountable for guarantees made to Alliance College-Ready Middle Academy #9 in providing operational and management services, monitoring academic progress, documenting and publishing results to the school community and the community of Los Angeles.

The principal has been hired with an annual renewable contract based on annual performance evaluation conducted by the Alliance President/CEO. The principal is responsible for and has the authority to select, hire, evaluate and recommend the termination of teachers based on teacher accountability for clear performance expectations and evaluation criteria.

The Alliance monitors, documents, evaluates and publishes implementation results and student outcome results. The Alliance will contract with a third party evaluator to document and evaluate the implementation of the Alliance school model and results. Ongoing evaluation serves to document best practices achieved, provide longitudinal data for continuous improvement, and most importantly, informs parents and the community on the degree to which Alliance College-Ready Middle Academy #9 is achieving its stated goals for individual students.

The principal of Alliance College-Ready Middle Academy #9 is accountable for demonstrating progress towards and meeting Adequate Yearly Progress goals as required by No Child Left Behind.

Mission and Enabling Metrics for Accountability
Weighted metrics for Alliance College-Ready Middle Academy #9, all Alliance schools, and the Alliance home office are linked to performance compensation incentives and consequences to measure progress are as follows:

Alliance Principal Performance Evaluation Metrics

Goals: The Alliance system for evaluating the school principal has three goals:

1. To promote the principal’s professional growth as school leader.
2. To support the continuous improvement of the education program in the school.
3. To make decisions on continuing employment of the principal.

To achieve these goals, Alliance College-Ready Public Schools has designed an annual review cycle that actively involves the principal, the Chief Academic Officer and the President and relies on data from multiple sources. The system is linked to the Alliance and school goals so that the principal shares with the Alliance for College-Ready Public Schools accountability for the mission and enabling goals as shown in Table 1 and Table 2.

Annual Yearly Progress (AYP)
AYP is a statewide accountability system mandated by the No Child Left Behind Act of 2001, which requires each state to ensure that all schools and districts make Adequate Yearly Progress. Alliance College-Ready Middle Academy #9 is committed to meeting all AYP criteria for both schoolwide and subgroups. ACRMA #9 will analyze AYP performance annually.

Program Improvement (PI)
According to the Federal Guidelines for NCLB Program Improvement School Requirements, any school that has not made AYP for 2 consecutive years will be in Program Improvement Year 1. Alliance College-Ready Public Schools follows the guidelines set forth by NCLB Program improvement. “Although a direct-funded charter school is considered to be its own LEA (CA ED Code Section 47636(a)(1)), the school will be subject to the PI provisions that apply to schools and not LEAs.” The entity that authorizes a direct-funded or locally funded charter school has responsibility to oversee accountability requirements if the school is identified as PI. (May 31, 2005) As such Alliance College-Ready Public Schools assumes the responsibilities that a charter school authorizer must assume when a charter school is identified as PI including the following:

- Promptly inform parents of each child enrolled in the school of the school’s PI status, the reason for the PI identification, what the school is doing to improve student achievement, and how parents can be involved in addressing the academic issues that led to the identification. The notification should include the school choice option of returning to the home public school. A sample parent notification letter for Year 1 PI charter schools is available on the CDE Web site.
- Ensure that the school is receiving technical assistance to revise its school plan. The plan must be revised within three months of PI identification and much cover a two-year period.
- Review the revised school plan through a peer review process and approve the school plan.
- Take corrective actions in Year 3 and appropriate restructuring modifications in Year 4.
- Ensure that the school complies with the professional development requirements. PI schools must set-aside 10% of their Title I allocation for professional development for teachers and other school staff.

As the charter authorizer, Alliance College-Ready Public Schools is responsible in general for holding charter schools accountable to the Title I, Part A, parent involvement provisions, and the highly qualified requirements for teachers and paraprofessionals.
**ELEMENT 3 – MEANS TO ASSESS PUPIL PROGRESS**

**LAUSD Specific Language *Testing***

Alliance College-Ready Middle Academy #9 agrees to comply with and adhere to the State requirements for participation and administration of all state mandated tests. If the Charter School does not test (i.e., STAR, CELDT, CAHSEE) with the District, the Charter School hereby grants authority to the state of California to provide a copy of all test results directly to the District as well as the Charter School.

**Assessment Tools to Measure Student Outcomes**

Using the State Standards, Alliance College-Ready Middle Academy #9 has clearly defined what students should know in each core subject at each grade/course level. These measurable student outcomes are based on the content of the curriculum and serve as the basis to measure student outcomes. Student achievement in developing conceptual thinking, problem-solving skills, and content mastery is assessed using multiple measures, based on an assessment program that both improves learning and provides assurances of accountability. Students are able to demonstrate proficiency when measured against multiple measures. Proficiency is measured using an assessment model that is formative and summative, holistic and standardized, narrative and norm referenced. The approach is conducive to benchmarking students against statewide benchmarks and against themselves, evaluating groups of students and assessing the whole school from year to year for longitudinal study of our progress. The assessment measures include but are not limited to:

**State Mandated Tests**

Alliance College-Ready Middle Academy #9 will meet all statewide standards and conduct pupil assessments required pursuant to Section 60602.5 and any other statewide standards authorized in statute or student assessments applicable to students in non-charter public schools. The assessment structure includes, in addition to other standards-based and performance-based assessment tools such as the SAT standardized tests, comprehensive final exams in each of the core academic subjects, quizzes and tests, homework assignments, essays and research reports, and teacher evaluation of in class performance. These measurements are weighted and combined into a comprehensive educational program assessment to determine student achievement and promotion to the next grade level. The aggregate results are issued as a report card to the community evaluating the measurable goals and terms outlined in the charter.

Alliance College-Ready Middle Academy #9 will test independently of LAUSD.

Alliance College-Ready Middle Academy #9 conducts assessments and standardized testing of students with disabilities using state and District guidelines for modifications and adaptations.

**Ongoing Interim Assessment** (Appendix O)

On-going assessment and evaluation of educational outcomes are vital in determining if the educational purposes are attained. The first step in the assessment process is the collection of data and information.
The student achievement data routinely gathered and analyzed include:

- Results from regularly scheduled assessments given in core academic subjects (at 5 weeks and 10 weeks and at 20 weeks for final semester grades).
- In classroom departmental placement and final exams (prior to issuing 10 and 20 week reports).
- Results from CST and Advanced Placement Exams.

Data gathered is used to measure progress towards stated goals and to determine the effectiveness of our instructional program. Data informs our decisions regarding the need to continue, modify, improve, to add or to discontinue instructional strategies.

### Analysis of Student Work

Under the leadership of the principal, teachers regularly use a wide range of assessment information to modify curriculum and instruction and to improve student achievement. Teachers, in collaboration with the Alliance, develops and implements an efficient, student performance data gathering and reporting system to benchmark student performance using multiple measures of assessment and data gathering.

### Data Gathering

As data is gathered, the faculty and the Alliance begin the task of analysis to measure progress towards the school’s selected objectives. Ongoing data gathering and analysis guides and informs decisions for determining successful progress or the need for program adjustments.

**Student Placement**

All students as they enter the school are given a series of diagnostic survey assessments. These indicate needs to be met as part of the student’s Individualized Learning Plan and the student’s English Language status. Results of initial diagnostic testing for entering grade 8 students determine student placement in Algebra or Geometry and determine students’ need for intervention electives and tutoring in math and English language arts. Objective, written tests and teacher recommendation and student participation in student-led self review conferences are used to evaluate student progress and their need for more individualized help to reach the required proficiency in grade level standards. All students have access to the grade level core curriculum. Students at risk participate in an extended learning program to provide more time for learning and to accelerate their progress. All students are eligible to take all classes, including Advanced Placement. Students who show a continued lack of progress are served as detailed under No Child Left Behind and/or the Special Education section depending on individual student needs.

**Student Progress Reports**

Our school issues student progress reports every 10 weeks based on student proficiency on grade level/subject standards and expectations designated for the quarter. The student progress report is based on multiple measures including teacher assessments, portfolio/exhibits, and specific assessments to quantify student performance. Student progress reports reflect their progress towards advanced, proficient, basic or below proficient performance. Interim assessment results, daily student work, and final exams are used to determine student performance. Student course grades to meet culmination requirements are A, B, C or NP (Not Proficient) grades. Students reports are issued and recorded through our PowerSchool data system. Parents of students performing below/far below proficient performance are required to participate in a scheduled parent conference to discuss the parents’ and the teachers’ individual learning plan to improve their child’s performance. Teachers and advisors meet together to analyze these reports and to make necessary adjustments in the program being offered to students who are showing a lack of progress.

**Academic Performance Index (API)**

One of the major indicators of the success of the educational program at Alliance College-Ready Middle Academy #9 is the API. The purpose of the API is to measure the academic performance and growth of schools. A school’s score or placement on the API is an indicator of the school’s performance level and growth as measured by how well the school is moving towards target goals. Alliance College-Ready Middle Academy #9 will meet the following API growth targets:

- Our API score will be 800 or higher after five years of performance, and is higher than the average score of neighboring middle and high schools.
- Our schoolwide and subgroup API growth score will meet or exceed the growth target of 5% improvement towards a score of 800 as established by the CA Department of Education based on our first year API base score.
- Our schoolwide and subgroup growth score will improve by at least 5 points annually until we reach or exceed a score of 800.
- The standardized testing participation rate will be at least 95%.

**Factors That Influence Academic Achievement**

Alliance College-Ready Middle Academy #9 carefully monitors both the process and outcome of its program in three areas that influence academic achievement and growth: Student Conduct, Parent Involvement, and Professional Development.

Employment Eligibility Requirements

Background Check
Any candidate selected to fill a position at an Alliance school is required to complete a background investigation by using the Live Scan Service Request form. This form allows the candidate to go to any live scan service provider and electronically submit their fingerprints to the Department of Justice (DOJ) and the Federal Bureau of Investigation (FBI). Since the Alliance has been authorized by the Department of Justice to receive background response information, the DOJ sends the applicant’s background investigation results directly to Alliance Secure Mail Server System.

The Director of Human Resources is the only confidential employee of the non-profit corporation Alliance College-Ready Public Schools, with access to this information. Alliance is the employer of the Director of HR. After reviewing the investigation results, if the results indicate that no criminal history exists for the applicant then he/she is considered eligible to continue the hiring process. If the results indicate that a criminal history does exist for the applicant then the results are thoroughly reviewed by the Director of Human Resources who determines if there are any convictions that would disqualify the applicant from employment.

Teaching Credential Verification
All teacher candidates are required to present their original teaching credential document and to provide a copy of the front and back of the document. The credential document is verified with the California Commission on Teacher Credentialing. The applicant’s credential subject authorization must meet state and NCLB requirements to teach the subject that he/she is being hired to teach. Since the Alliance supports the employment of university intern eligible candidates, we work very closely with the university to ensure that the candidate is eligible for an internship permit, that the subject authorization meets state and NCLB requirements, and that the applicant is able to complete the teaching credential program within two years.
Employee Recruitment
Various resources are used to recruit and hire the most qualified candidates to fill, both classified and certificated positions, including partnering with teacher recruitment organizations, local universities, and utilizing various online job search tools. The principal interviews and selects their school’s faculty and staff. All candidates are screened, formally interviewed and expected to complete a background check, as described below. Every employee is formally evaluated at least once a year by the principal or assistant principal. Formal evaluations provide an opportunity for administrators to not only determine if the employee is meeting their expectations, but to also develop and provide a clear improvement plan when needed. All staff members have due process rights that include a right to just cause discipline and dismissal and mediation and a fair hearing, if necessary. (APPENDIX T - Teacher Agreement) Due Process is defined, policy is described, and steps of corrective action are delineated.

I. Due Process
Employee will have due process rights that include:
• Right to just cause discipline and dismissal.
• Right to mediation and a fair hearing, if necessary, with the President and School Board of Directors.

A. Definition
Just cause discipline will be exercised with the purpose to correct or improve job-related performance or behavior.

B. Policy
1. Most workplace performance problems will be handled by informal discussion and counseling between the principal and the employee. Just cause discipline will be applied when more formal action is required.
2. It is the school’s policy and practice that discipline be progressive in nature, beginning with the least severe action necessary to correct the undesirable situation, and increasing in severity only if the condition is not corrected.
3. In addition to being progressive in nature, it is important that the degree of discipline be directly related to the seriousness of the offense and the employee’s record; therefore, it is possible for steps to be skipped or repeated.

C. Steps of corrective action
1. When informal discussions and counseling have not resolved the issue or the situation warrants moving directly to formal action, the steps of corrective action may include:
   a. Initial written warning
   b. Subsequent or additional written warning(s)
   c. Final written warning, which may include a suspension without pay
   d. Termination
2. It is generally recommended that all steps be taken; however, some problems may be so serious that early steps may be eliminated.

II. Complaint Procedures
• A Complaint is a claim by the Employee that this Agreement has been violated with respect to that employee.
• Should such a complaint arise, the following procedure shall be the Employee’s sole and exclusive remedy with respect to that complaint. Complaint procedures are highly sensitive and confidential and all parties are obligated to maintain the highest standards of confidentiality.
• If an employee has a complaint, the first step in attempting to resolve the dispute is to engage in a good faith effort with the administrative staff. The good faith effort will include problem identification, possible solutions, selection of resolution, timeline for implementation, and follow-up.
• If the good faith effort is unsuccessful, the employee has the right to engage in the following complaint procedure.
Step 1
An Employee having a complaint shall present the complaint in writing to the Principal within 10 calendar days of the event or condition giving rise to the complaint. Failure to file a complaint in a timely manner shall be construed as a waiver of the party’s rights under this procedure. The Principal shall meet with the employee and other persons as determined by the Principal. If the complaint is not resolved within 14 calendar days of receipt by the Principal, the complaint shall be deemed denied and the employee may proceed to Step 2.

Step 2
The Employee shall notify the President of the School Board of Directors, in writing, that a complaint is pending. Each party to the complaint (Employee and Principal) shall select two members of the five-member School Board of Directors to constitute a Complaint Board, to be chaired by a designee of the Board of Directors. If a selected Board member cannot participate in a timely manner or is considered an interested party due to a conflict of interest, the nominating party may make another choice. Board members who are interested parties will excuse themselves from complaint proceedings, if such members have a conflict of interest in the subject of the proceedings.

The five-member Complaint board shall meet within 35 days of receipt of the complaint notification. Both parties will be given 1 hour each to present all arguments and documentation, including witnesses, to the Complaint Board. A decision as established by a majority vote of the members of the School Board of Directors / Complaint Board is final. Failure to appear before the Complaint Board will be taken as a waiver of all rights under the complaint procedure.

A written decision made by the Complaint Board will be rendered within ten working days of the completion of the hearing. In the event that additional information, investigation, or hearings are necessary after the initial hearing, the hearing may be continued and the final decision will be made within ten working days of the last Complaint Board hearing, or as soon thereafter as is practical. If the complaint is a complaint of discrimination, action will take place within 24 hours. An investigation of the complaint will ensue to determine as many facts about the issue as possible. A complaint of discrimination may be filed at any time.

Due Process
All staff members have due process rights (see APPENDIX T – Annual Teacher Agreement) that include:
- Right to just cause discipline and dismissal.
- Right to mediation and a fair hearing.
- Right to appeal before a free state arbitrator (same as offered to small school districts).
- Right to binding arbitration conducted by a paid arbitrator.

- Student progress as referenced from assessment measures.
- Effectiveness of standards-based teaching strategies.
- Performance of job duties.
- Knowledge of curriculum

Classified and other school personnel are evaluated by the principal based on completion of assigned job duties and regular, punctual attendance.

If an evaluation reveals poor job performance, a conference is scheduled between the staff member and the principal to develop a written action plan detailing recommendations for improvement. The action plan outlines an implementation plan for support services, specific responsibilities and expectations, timelines, and consequences for failure to meet the expectations. If an employee disagrees with an evaluation, a written objection may be appended to the review.

Employees always have the right to engage in Due Process and the Grievance Procedure.
A. Definition:
Just cause discipline is exercised with the purpose to correct or improve job-related performance or behavior.
B. Policy:
1. Most workplace performance problems are handled by informal discussion and counseling between the principal and the employee. Just cause discipline is applied when more formal action is required.
2. It is the school’s policy and practice that discipline is progressive in nature, beginning with the least severe action necessary to correct the undesirable situation, and increasing in severity only if the condition is not corrected.
3. In addition to being progressive in nature, it is important that the degree of discipline be directly related to the seriousness of the offense and the employee’s record; therefore, it is possible for steps to be skipped or repeated.
C. Steps of corrective action:
1. When informal discussions and counseling have not resolved the issue or the situation warrants moving directly to formal action, the steps of corrective action may include:
   a. Initial written warning
   b. Subsequent or additional written warning(s)
   c. Final written warning which may include a suspension without pay
   d. Termination
2. It is generally recommended that all steps be taken; however, some problems may be so serious that early steps may be eliminated.

**Procedure – Safe School Plan**

**Prescription Medicine**

Parents must bring medication to the office in the original containers, with the name of the prescribing physician, the name of the student, and dispensing instructions. Parents will complete the appropriate form authorizing school staff to administer medication. Designated staff put medications in a locked cabinet or refrigerate as needed for medications requiring refrigeration. Designated staff logs times for administering medications for each student and will establish a tickler system to ensure that medications are dispensed at the appropriate times. Designated staff call students to receive medications at the appropriate times. In cases where medications are long-term prescriptions, designated staff provides parents with one week’s notice to alert them that additional medications are needed.
Fire Drills
Fire drills are held at least once per quarter. Office personnel maintain a record of fire drills held and total required time for complete evacuation. When the fire drill signal sounds, teachers lead the students in their room along the route indicated on the evacuation map posted for that purpose. Before leaving the room, teachers see that all windows and doors are closed and that they have their class attendance roster with them. Students who are not in a classroom at the time the fire drill signal is given attach themselves to the nearest teacher exiting the building for purposes of getting to the designated evacuation site.

Once at the designated evacuation site, teachers and other staff ensure that all students find their respective teachers. Teachers then take roll to ensure that all students are accounted for. The names of any missing students are given to the office personnel and the administrative staff attempt to locate missing students. Students remain with their teachers at the designated evacuation site until the administrative staff gives the “all clear” signal.

Disaster Drills (i.e. Earthquake)
Disaster drills are conducted at least once every two months. Students are made familiar with the “duck and cover” routine. A disaster drill commencing with the “duck and cover” routine is initiated by an announcement over the intercom. Staff and students hear “This is an emergency drill. Duck and cover.” During the “duck and cover” routine in the classroom, teachers turn off the lights and have students get under a desk or table or against the wall away from the windows. Students must remain quiet and orderly so they will be able to hear additional instructions when given. All drills are concluded with an “all clear” announcement on the intercom, or a visible signal from the administrative staff.

In the event of a real earthquake, everyone must engage in the “duck and cover” routine immediately and remain in position until the teacher determines that it is safe to leave the building. If remaining in the room becomes dangerous, or when the shaking stops, teachers proceed with their students to the evacuation site or another safety zone. If students are on the playground or other outdoor area when a disaster drill is called or during an actual earthquake, students are to drop immediately to the ground, away from trees and power lines, and cover their heads with their hands. They are to remain in that position until given additional instructions.

In the event of disasters other than earthquakes, the administrative staff contacts each room, advise staff of potential dangers, and give further directions or orders. Teachers and students remain in their classrooms until instructions are received for an all clear or an evacuation. For safety purposes, no one is to leave the rooms. If there has been a chemical spill, the teacher must make sure that all doors, windows, and vents remain closed. The school site maintenance staff turns off the gas. All unassigned staff reports to the office for assignments such as searching offices, bathrooms, and all other common areas, including outdoor facilities.

Teachers stay with their classes for the duration of the emergency. In the event of an earthquake or other national disaster, all school employees are immediately designated “Civil Defense Workers” and are not allowed to leave school until they are given official clearance to do so by the administrative staff.

Bomb Threats
The person receiving the call or letter note the time of day, wording of the message, background noises, and quality of the voice to try to determine if it is a young child or an adult. This person delays the caller as long as possible, while they alert another adult to the crisis. That adult immediately notifies the telephone company to trace the call and immediately thereafter, notify the police using 911.

Based on the information at hand, the administrative staff makes a decision whether an immediate evacuation is warranted. If so, the evacuation code word “safe school drill” is given over the intercom and evacuation procedures are followed. The office personnel coordinate information requests to and/or from law enforcement, the telephone company, and parents.

If an immediate evacuation is not warranted, the administrative staff notifies teachers to inspect their
room for any suspicious materials or unknown packages, without alarming students. All unassigned staff reports to the office for assignments such as searching offices, bathrooms, and all other common areas, including outdoor facilities.

**Major Disaster Drill:**
This drill should be performed twice per year so personnel are oriented to the (ACRMA #9 or Alliance’s) Major Disaster Plan.

**Evacuation Plan**
A disaster of a significant nature may require the evacuation of the school. Immediately upon notification by outside authorities that the school must be evacuated, the administrative staff verifies the name and position of the person placing the alert. Once the source is confirmed, the administrative staff gives the evacuation code word “safe school drill” over the intercom. Teachers proceed with their students to the nearest school exit indicated on the evacuation map posted for this purpose. Before leaving the room, teachers make sure they have their class attendance roster with them. Students who are not in a classroom at the time the intercom signal is given attach themselves to the nearest teacher exiting the building for purposes of getting to the designated evacuation site.

Prior to evacuation, offices, bathrooms, and all other common areas, (including outdoor facilities) are searched by unassigned staff members designated by the principal.

Once at the designated evacuation site, teachers and other staff ensures that all students find their respective teachers. Teachers then take roll to ensure that all students are accounted for. The names of any missing students are given to the office personnel and an individual is assigned the task of finding any missing students. Teachers work together to take care of students with injuries, respiratory problems, or other medical conditions.

Teachers stay with their classes for the duration of the emergency. In the event of an evacuation, all school employees are immediately designated “Civil Defense Workers” and are not allowed to leave school until they are given official clearance to do so by the administrative staff.

Students remain with their teachers at the designated evacuation site until the administrative staff gives the “all clear” signal. In the event students cannot return to the school site, the administrative staff notifies parents and/or the media as to where students can be picked up. The office personnel sign out students as they are being picked up by a parent or other adult listed on the emergency information card. Parents are asked to remain in a designated area, and students are escorted to the designated area for release.

Alliance College-Ready Middle Academy #9 elects to receive direct funding from the State Fund to be deposited into its own account at the County Treasury. All revenue generated by ACRMA #9 is deposited in the Los Angeles County Treasury. All payments (including payroll) are drawn on the County Treasury, which enables the County Program Budgeting and Accounting System (PBAS) to account for all revenue and expenditures.

**Revolving Accounts**

Two revolving accounts with a local financial institution are maintained for day-to-day expenditures from the General Fund and from Food Services (if applicable). All expenditures over $500.00 require two signatories.

A copy of the approved charter is provided to the Los Angeles County Board of Education and the California Board of Education.

In consideration of the services rendered by Alliance College-Ready Middle Academy #9 pursuant to this charter, the charter school receives full and equitable funding pursuant to the Charter School Funding Model for all funds included in the funding model. This includes, but is not limited to, revenue limit apportionment, categorical block grant, economic impact aid, and state lottery funds. ACRMA #9 receives revenue payments based on student attendance (ADA) records and eligibility requirements.

In accordance with applicable law, California’s Superintendent of Public Instruction is authorized to make payments and/or apportionment directly to the charter school, or to an account held in the name of ACRMA #9. The charter school notifies the superintendent of schools of the county in the affected year. Funds transferred directly from the State Fund to ACRMA #9 are transferred to the charter school account in the County Treasury by the County in the most expeditious manner possible. Charter school funds still flowing through the district will be paid to ACRMA #9 in a timely manner.

ACRMA #9 applies directly for funds not included in the charter school categorical block grant, but for which charter schools can apply directly. This includes, but is not limited to, programs such as Title 1, deferred maintenance, and the After-School Learning and Safe Neighborhood Partnership Program. ACRMA #9 reports to federal and state taxing authorities as required by law. The charter school is responsible for payment of Social Security and all other applicable taxes.
ACRMA #9 responds the California Department of Education request for confirmation that it receives funding directly on an annual basis. The school notifies the county superintendent of schools and LAUSD by June 1st prior to the affected fiscal year if it opts for local instead of direct funding.

**Charter School Revolving Loan Fund**

Notwithstanding other provisions of law, a loan may be made directly to a charter school only in the case of a charter school that is incorporated. ACRMA #9 applied for funding from the Charter School Revolving Loan, in accordance with applicable law. ACRMA #9 understands that loans may be made from money in the Charter School Revolving Loan Fund to a charter school that qualifies to receive funding pursuant to California Education Code Chapter 6 (commencing with section 47630) upon application of a charter school and approval by the Superintendent of Public Instruction. A loan is for use by the charter school during the period from the date the charter is granted pursuant to California Education Code section 47605 to the end of the fiscal year in which the charter school first enrolls pupils. Money loaned to a charter school pursuant to this section is used only to meet the purposes of the charter granted pursuant to California Education Code section 47605.

Alliance College-Ready Middle Academy #9 accepts and understands obligations to comply with the California Education Code section 41365 regarding the Charter School Revolving Loan Fund. Commencing with the first fiscal year following the fiscal year ACRMA #9 first enrolls pupils, the Controller deducts from apportionments made to the charter school, as appropriate, an amount equal to the annual repayment of the amount loaned to ACRMA #9 for the charter school. Repayment of the full amount is deducted by the Controller in equal annual amounts over a number of years agreed upon between the loan recipient and the State Department of Education, not to exceed five years for any loan.

**Attendance Accounting**

ACRMA #9 uses the reporting procedures of LAUSD. Attendance accounting procedures satisfies requirements for LAUSD, LACOE, and CDE and is audited by an auditor selected from the California State list of auditors approved to audit K-12 public schools. Classroom teachers record daily attendance on attendance cards. When a student is absent from school, office personnel verify absences. State school registers are completed on a monthly basis documenting the month’s attendance. Required reports are completed regarding daily attendance and are submitted to the requesting agencies. This includes reporting enrollment and attendance figures to LAUSD on a monthly basis.

**Food Service Program**

ACRMA #9 applies as its own sponsor for participation in the federal meal program. Eligible students are provided meals for free or at a reduced rate in accordance with the Federal Lunch Act. ACRMA #9 may determine to provide meals to all students for free if appropriate and cost effective.

ACRMA #9 plans to work with an approved vendor to provide free and reduced lunches to eligible students. This vendor provides and organizes the delivery arrangements in accordance with state and federal guidelines for food services at ACRMA #9. Under this arrangement, all food is prepared on a daily basis at the vendor’s facility and delivered by the vendor to the school. Food is served by a staff member of the vendor in addition to a staff member of the school and parent volunteers. The food program is annually re-evaluated by ACRMA #9.

**Financial Plan**

The Alliance College-Ready Middle Academy #9 financial plan contains a multiyear budget and forecast for the first five years of operation (APPENDIX B) and monthly cash flow (APPENDIX C). Revenue entitlements were calculated based on published information on the state direct funding model, and by identifying any additional federal, state, and local funding for students in grades six through eight typically available to a district-sponsored charter school based on characteristics of the school’s programs and student make-up. ACRMA #9 applies directly for funds not included in the charter school categorical block grant, but for which charter schools can apply directly.
ACRMA #9 will also apply for competitive funds (revolving loan, facilities reimbursement), and in the event this funding is not secured, the school has already established access to $200,000 advance funding for start-up and advance funding for facilities.

Estimated expenditures are reflective of LAUSD benchmarks for personnel, published school financial information on general operational costs, and research for outsourcing (vendors, insurance, and maintenance, etc.) ACRMA #9 elects to receive direct funding from the State Fund to be deposited into its own account at the County Treasury.

Process for Suspension and/or Expulsion

Informal Conference:
Suspension is preceded by an informal conference conducted by the principal with the student and
the student’s parent. The conference may be omitted if the administrative staff determines that an
emergency situation exists. An “emergency situation” involves a clear and present danger to the lives,
safety or health of students or school personnel. If the student is suspended without a conference, the
parent is notified of the suspension, a request for a conference to be made as soon as possible and
the conference to be held as soon as possible.

Notice to Parents:
At the time of suspension, the principal makes a reasonable effort to contact the parent by telephone
or in person to be followed up with a written notification. This notice states the specific offense
committed by the student. In addition, the notice also states the date and time the student may return
to school. If the school officials wish to ask the parent to confer regarding matters pertinent to the
suspension, the notice may note that the parents are required to respond to this request without delay
and that student violations of school rules can result in student expulsion from the school.

Length of Suspension:
The length of suspension for students may not exceed a period of 10 consecutive school days in a
given school year unless an administrative recommendation has been made and agreed to by the
student’s parent.
   “The total number of days for which a student may be suspended from school shall not exceed 20
   school days in any year unless the student is transferred to another school or program for
   adjustment purposes. In that case, the total number of school days for which the student may be
   suspended may be increased by 10. The total suspension days from school are not to exceed 30
days in any school year. For students who receive special education services, the maximum
number of suspension days cannot exceed a total of 10 school days without a pre-disciplinary
IEP. “informal suspension,” whereby a parent is advised to keep a child at home under the
supervision of the parent, is a flagrant violation of the compulsory attendance laws, the IDEA, and
District policy an is prohibited.” ACRMA #9 will abide by LAUSD Bulletin Z-14 Health and Human
Services, 1999.

If a student is recommended for a period of suspension exceeding 10 consecutive days, a second
conference is scheduled with the parent to discuss the progress of the suspension upon the completion
of the 10th day of suspension. The 10 days are only needed for incidents where the student poses a
danger. A packet of study material is collected from each teacher and provide to the student during the
length of the suspension. Reasonable arrangements are made to provide the student with classroom
material and current assignments to be completed at home during the length of the suspension.

Recommendations for Expulsion:
The principal shall recommend students for expulsion if the principal finds that at least one of the
following findings may be substantiated:
   a) Other means of correction are not feasible or have repeatedly failed to bring about proper
b) Due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

Evidence is gathered and may include, but not be limited to, witness statement, written statements, and physical evidence. Any evidence that is pertinent and gathered in accordance with the investigation is to be considered.

Expulsion Hearing:
A hearing to determine whether the student should be expelled is required for recommendations for expulsion. The hearing is held within 30 days after the principal determines that the student committed an act expellable act. The hearing shall be presided over by the expulsion panel of 3-5 members designated by the ACRMA #9 Board of Directors. The panel includes Alliance staff, who are not on the board and are not school employees, and ACRMA #9 School Board members. There are 3-5 individuals on the panel. The panel members are assigned by the School Board of Directors to ensure that they are selected with the following criteria: no knowledge of the student or situation and are not school employees. The ACRMA #9 School Board makes the final determination.

Principal or designee of Alliance College-Ready Middle Academy #9 provides written notice of the hearing to the student and the student’s parent at least 10 calendar days before the date of the hearing.

This notice shall include:
   a) The date and place of the hearing.
   b) A statement of the specific facts, charges, and offenses upon which the proposed expulsion is based.
   c) ACRMA #9 disciplinary rules that relate to the alleged violation.
   d) The opportunity for the student or the student’s parent to appear in person at the hearing.
   e) Parent has a right to be represented by an attorney or non-attorney advisor.
   f) Parent has a right to bring witness, written statements, written documents
   g) Principal notifies parents of school discipline policy and provides written copy including parent rights
   h) Principal recommends expulsion to expulsion panel
   i) Panel reviews, conducts hearing and makes recommendation to the ACRMA #9 School Board based on evidence.
   j) Expulsion Panel may decide not to recommend expulsion. Should this occur, the expulsion process will stop and, depending on the reason for the not recommended expulsion, the student will be permitted to return to the referring school or to another school/program, at the discretion of Alliance College-Ready Public Schools.
   k) The ACRMA #9 School Board will review the Expulsion Panel’s recommendation and make the final decision as to whether the student will or will not be expelled. Written notice if the ACRMA #9 Board upholds the recommendation to expel the student is sent via U.S. mail or given in person to the parent and the school with notification findings based on evidence presented to the Board.

This notice to expel a student will include the following:
   a) The reinstatement eligibility review date.
   b) A copy of the rehabilitation plan.
   c) The type of educational placement or study plan during the period of expulsion.
   d) Appeal procedures.
   e) The specific offense committed by the student for any of the acts listed above in “Reasons for Suspension and/or Expulsion.”
   f) Notice of the student’s or parent’s obligation to inform any new district in which the student seeks to enroll of the student’s status with ACRMA #9.

Expulsion hearings are conducted before the designated 3-5 member Expulsion Panel and are recorded on audio as well as written transcripts and a Facts Finding document summarizing the evidence is
presented at the hearing.

Appeal of Suspension or Expulsion

The suspension of a student is at the discretion of the principal or designee of ACRMA #9 (or the administrative staff designee). Parents are notified in advance of the enactment of the suspension and can appeal a student’s suspension. A suspension appeal is heard within 5 days of notification of suspension by the principal or designee, and upon consideration, the principal or designee’s decision is final. The student is considered suspended until a meeting is convened to hear the appeal.

An expulsion decision may be appealed within 30 days of the expulsion date. The parent/guardian submits their written appeal to the principal or designee. The written appeal must be received within 30 days of the expulsion date at which time the student’s parent must attend to present their appeal. The date of the Expulsion Panel’s decision triggers the start of the 30-day period. From a pool of fair and impartial representatives, an Expulsion Panel assigned by the ACRMA #9 School Board of Directors hears the appeal at which time the School Board may choose to reconsider its decision if there is new or different information brought to light that was not previously made available to the board. There are three to five members on the Expulsion Appeal Panel. Panel members shall not be school employees, know nothing of the incident or student, and are not the same individuals who served on the expulsion panel.

Education Code section 48919 provides 30 days to appeal from expulsion decision. Should the appeal panel not uphold the expulsion hearing the student is given the opportunity to attend another Alliance school or is assisted with enrollment in another appropriate setting depending on the specific findings and evidence. The decision of the Expulsion Panel of representatives of the ACRMA #9 School Board of Directors is final. In the event of a decision to expel a student from ACRMA #9, the school will work cooperatively with the district of residence, county, and/or private schools to assist with the appropriate educational placement of the student who has been expelled. The student remains at the Charter School or given the option to transfer to another Alliance School. Any incident of violent and/or serious student behavior is communicated to the district/school to which the student matriculates. The Charter School has the responsibility to facilitate expulsion placements and enrollment to ensure that expelled students do not get lost in the system.

Employees are expected to refrain from such activity and to report alleged improprieties in accordance with state and federal laws.

Due Process
All staff members have due process rights that includes a right to just cause discipline and dismissal and mediation and a fair hearing, if necessary. (APPENDIX T) Below the Due Process is defined, policy is described, and steps of corrective action are delineated.

I. Due Process
Employee will have due process rights that include:
• Right to just cause discipline and dismissal.
• Right to mediation and a fair hearing, if necessary, with the President and School Board of Directors.

A. Definition
Just cause discipline will be exercised with the purpose to correct or improve job-related performance or behavior.

B. Policy
1. Most workplace performance problems will be handled by informal discussion and counseling between the principal and the employee. Just cause discipline will be applied when more formal action is required.
2. It is the school’s policy and practice that discipline be progressive in nature, beginning with the least severe action necessary to correct the undesirable situation, and increasing in severity only if the condition is not corrected.
3. In addition to being progressive in nature, it is important that the degree of discipline be directly related to the seriousness of the offense and the employee’s record; therefore, it is possible for steps to be skipped or repeated.

C. Steps of corrective action
1. When informal discussions and counseling have not resolved the issue or the situation warrants moving directly to formal action, the steps of corrective action may include:
   a. Initial written warning
   b. Subsequent or additional written warning(s)
   c. Final written warning, which may include a suspension without pay
   d. Termination
2. It is generally recommended that all steps be taken; however, some problems may be so serious that early steps may be eliminated.

II. Complaint Procedures
A Complaint is a claim by the Employee that this Agreement has been violated with respect to that employee.
Should such a complaint arise, the following procedure shall be the Employee’s sole and exclusive remedy with respect to that complaint. Complaint procedures are highly sensitive and confidential and all parties are obligated to maintain the highest standards of confidentiality.
If an employee has a complaint, the first step in attempting to resolve the dispute is to engage in a good faith effort with the administrative staff. The good faith effort will include problem identification, possible solutions, selection of resolution, timeline for implementation, and follow-up.
If the good faith effort is unsuccessful, the employee has the right to engage in the following complaint procedure.

Step 1
An Employee having a complaint shall present the complaint in writing to the Principal within 10 calendar days of the event or condition giving rise to the complaint. Failure to file a complaint in a timely manner shall be construed as a waiver of the party’s rights under this procedure. The Principal shall meet with the employee and other persons as determined by the Principal. If the complaint is not resolved within 14 calendar days of receipt by the Principal, the complaint shall be deemed denied and the employee may proceed to Step 2.

Step 2
The Employee shall notify the President of the School Board of Directors, in writing, that a complaint is pending. Each party to the complaint (Employee and Principal) shall select two members of the five member School Board of Directors to constitute a Complaint Board, to be chaired by a designee of the Board of Directors. If a selected Board member cannot participate in a timely manner or is considered an
interested party due to a conflict of interest, the nominating party may make another choice. Board members who are interested parties will excuse themselves from complaint proceedings, if such members have a conflict of interest in the subject of the proceedings.

The five-member Complaint board shall meet within 35 days of receipt of the complaint notification. Both parties will be given 1 hour each to present all arguments and documentation, including witnesses, to the Complaint Board. A decision as established by a majority vote of the members of the School Board of Directors / Complaint Board is final. Failure to appear before the Complaint Board will be taken as a waiver of all rights under the complaint procedure.

A written decision made by the Complaint Board will be rendered within ten working days of the completion of the hearing. In the event that additional information, investigation, or hearings are necessary after the initial hearing, the hearing may be continued and the final decision will be made within ten working days of the last Complain Board committee hearing, or as soon thereafter as is practical. If the complaint is a complaint of discrimination, action will take place within 24 hours. An investigation of the complaint will ensue to determine as many facts about the issue as possible.

Due Process
All staff members have due process rights (see APPENDIX T) that include:

- Right to just cause discipline and dismissal.
- Right to mediation and a fair hearing.
- Right to appeal before a free state arbitrator (offered to small school districts).
- Right to binding arbitration conducted by a paid arbitrator.

Grievance Procedure
If an employee has a grievance with a charter school employee or charter school policy, the first step in attempting to resolve the dispute is to engage in a good faith effort with the principal. The good faith effort includes problem identification, possible solutions, selection of resolution, timeline for implementation, and follow-up. A written summary of the good faith effort is included in the grievant's personnel file. If the good faith effort is unsuccessful, the employee should submit a written complaint to the Alliance College-Ready Middle Academy #9 Board of Directors. The Board of Directors schedules a hearing at a mutually convenient time and place for discussion of the complaint with all parties involved, but in no event later than 35 days after receipt of the written complaint and after notification to the employee. Board members who are interested parties excuse themselves from grievance proceedings if such members have a conflict of interest in the subject of the proceedings.

A decision as established by a majority vote of the members of the Alliance College-Ready Middle Academy #9 Board of Directors hearing the grievance are rendered within ten working days of the completion of the hearing. In the event that additional information, investigation, or hearings are necessary after the initial hearing, the hearing may be continued and the final decision is made within ten working days of the last Complain Board committee hearing, or as soon thereafter as is practicable. Any additional proceedings are completed as soon as practical. The decision of the ACRMA #9 Board of Directors is final. If the attempt to resolve the grievance through the hearing process is not successful in resolving the conflict the ACRMA #9 board may exercise the option of securing professional mediation or legal intervention at its discretion.

If the grievance is a complaint of discrimination, action to hear and determine an appropriate response to investigate the complaint must take place within 24 hours. An investigation by the Alliance College-Ready Middle Academy #9 Board of Directors of the complaint ensues to determine as many facts about the issue as possible. The grievance is submitted in writing to the ACRMA #9 Board of Directors.

Corrective Action
If it is determined that an employee has engaged in unprofessional behavior including, but not limited to, harassment, use or possession of alcohol or a controlled substance, excessive tardiness and/or absenteeism, or non-performance of job duties, the progressive corrective action includes a verbal warning, written warnings, and finally:

School and Student Records Retention and Transfer
ACRMA #9 shall observe the following in the transfer and maintenance of school and student records:

1. ACRMA #9 will provide the District with original cumulative files and behavior records pursuant to
District policy and applicable handbook(s) regarding cumulative records for secondary and
elementary schools for all students both active and inactive at the Charter School. Transfer of the

6. ACRMA #9 will provide to the CSD a copy of student attendance records, teacher gradebooks, school payroll records, and Title I records (if applicable). Submission of personnel records must include any employee records the charter school has. These include, but are not limited to, records related to performance and grievance.

7. All records are to be boxed and labeled by classification of documents and the required duration of storage.

Financial Close-Out
After receiving notification of closure, the CDE will notify the charter school and the authorizing entity if it is aware of any liabilities the charter school owes the state. These may include overpayment of apportionments, unpaid revolving fund loans or grants, or other liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.

ACRMA #9 shall ensure completion of an independent final audit within six months after the closure of the school that includes:

1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.
2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.
3. An assessment of the disposition of any restricted funds received by or due to the charter school.

This audit may serve as the school's annual audit.

The financial closeout audit of the Charter School will be paid for by the ACRMA #9. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by ACRMA #9 will be the responsibility of the ACRMA #9 and not LAUSD. ACRMA #9 understands and acknowledges that ACRMA #9 will cover the outstanding debts or liabilities of ACRMA #9. Any unused monies at the time of the audit will be returned to the appropriate funding source. ACRMA #9 understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which ACRMA #9 participates, and other categorical funds will be returned to the source of funds.

ACRMA #9 shall ensure the completion and filing of any annual reports required. This includes:

1. Preliminary budgets
2. Interim financial reports
3. Second interim financial reports
4. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. If the charter school chooses to submit this information before the forms and software are available for the fiscal year, alternative forms can be used if they are approved in advance by the CDE. These reports should be submitted as soon as possible after the closure action, but no later than the required deadline for reporting for the fiscal year.
For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed charter school with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

**Disposition of Liabilities and Assets**

The closeout audit must determine the disposition of all liabilities of the charter school. Charter school closure procedures must also ensure disposal of any net assets remaining after all liabilities of the charter school have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. The return of any donated materials and property according to any conditions set when the donations were accepted.
2. The return of any grant and restricted categorical funds to their source according to the terms of the grant or state and federal law.
3. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

The ACRMA #9 Board shall adopt a plan for wind-up of the school and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

c) Make final federal tax payments (employee taxes, etc.)

d) File the final withholding tax return (Treasury Form 165).

e) File the final return with the IRS (Form 990 and Schedule).

This Element 16 shall survive the revocation, expiration, termination, cancellation of this charter or any other act or event that would end ACRMA #9 right to operate as a Charter School or cause ACRMA #9 to cease operation. ACRMA #9 and District agree that, due to the nature of the property and activities that are the subject of this petition, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 16. The District, therefore, shall have the right to seek equitable relief to enforce any right arising under this Element 16 or any provision of this Element 16 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.
