GREEN DOT PUBLIC SCHOOLS – EXECUTIVE SUMMARY

Strategy for Transforming Los Angeles Secondary Public Education
Green Dot Public Schools (“Green Dot”), a non-profit charter management organization, is leading the charge to transform public education in Los Angeles and beyond so that all children receive the education they need to be successful in high school, college, leadership and life. Green Dot’s efforts are helping to implement a small schools model for all schools and are raising the public’s awareness about the need for high quality, small public high schools. Ultimately, Green Dot’s success will help ensure that all young adults in California receive the education they deserve to prepare themselves for high school, college, leadership and life.

Green Dot operates 19 successful charter schools, serving nearly 10,000 students, in some of the highest-need areas of Los Angeles. Our schools are located in the following communities: South Los Angeles, Watts, Boyle Heights, Inglewood, Lennox and Venice. Through our work at the high school level, we have recognized the need to enter students into our program earlier in their educational careers in order to ensure they are academically prepared for our high school program and ultimately college; therefore we made the decision to open our first Green Dot middle school in 2010.

New School Model for Urban High Schools
Every Green Dot school will graduate young adults that are life-long learners, prepared for college, responsible and culturally aware. To ensure great results, all schools are opened and operated using Green Dot’s proven school model:

- **Small Schools**: Schools of 550 - 700 students, with target student/teacher ratios of 25:1.
- **Quality Teaching and Instruction**: Consistent use of core instructional strategies with our administrators focused on instructional leadership.
- **Master Scheduling that Meets the Needs of Students**: Demanding college prep education aligned to University of California A-G requirements for all students with intensive interventions built into the school day.
- **Data-driven Decision Making**: Results and accountability are demanded from all schools and employees and frequent assessments of students to measure growth.
- **College and Career-Ready Culture**: Backwards planning from college expectations to drive the rigor of instruction and the expectations for students, and explicit actions taken by staff to ensure that a college-for-certain culture permeates throughout the school community.
- **Substantial Family Involvement**: Parents and guardians are integrated into the management of schools and must participate actively in their children’s education.

All schools that Green Dot opens and operates are based on the school model that Green Dot has developed over the past thirteen years. Green Dot’s school model has been created to ensure that Green Dot can consistently open high-quality schools in which students are being prepared for high school, college, leadership and life. There are two main components of a Green Dot’s school—our core values and school model. Our core values are: an unwavering belief in the potential of all students, a passion for excellence, a culture of respect for each other, for our school community, and for the community at large and active involvement from all stakeholders (parents, students, teachers and administrators). Our school model has 4 elements for a successful school: 1) quality teaching and instruction, 2) master scheduling focusing on student needs, 3) data-driven decision making and 4) college-going culture. All schools must follow our core values and all components of a successful Green Dot school.
Results of Existing Schools
Green Dot has opened 19 charter schools in the Los Angeles area, beginning with Ánimo Leadership in the fall of 2000. Green Dot has a proven track record of successfully serving the highest-need students in Los Angeles. All nineteen schools are addressing the needs of students who have traditionally struggled in the public school system, and they are achieving far greater results than comparable schools in standardized test scores, graduation rates, and college matriculation.

Graduation and College Acceptance
Green Dot schools have produced outstanding results: 76% of our graduating seniors are attending two-or four-year colleges. The graduation rates from our schools significantly outpace those of the schools where our students would have previously attended.

**Working with Teachers Union to Drive Change:**
As part of a comprehensive strategy to drive change, Green Dot is practicing union reform with its teachers in hopes that it will help provide an example of cooperation in public education. Teachers at Green Dot’s schools have organized as the Asociación de Maestros Unidos, which is its own bargaining unit, but an affiliate of the California Teachers Association (CTA). Green Dot management and the Asociación signed a three-year contract that is a clear example of union reform. Key reforms written into the contract and agreed to by the union were: no tenure, teacher performance evaluations, professional work days (no defined minutes) and flexibility to adjust the contract over time. Green Dot management has reached an agreement with the Ánimo Classified Employees Association (ACEA), a CTA affiliate that is the collective bargaining unit of classified school staff.

The mission of Ánimo Avalon Charter Middle School (“Ánimo Avalon” or “Charter School” or “School”) is to prepare students in the South Los Angeles area for success in high school, college, leadership and life. The School will achieve this mission by providing a small, college preparatory program where all stakeholders (administrators, teachers, parents, community) actively engage in the education process. We will create a student-centered environment that unifies the efforts of family, community and school to foster life-long learning, cross-cultural competency, social responsibility and academic excellence. The underlying belief at Ánimo Avalon Charter Middle School is that all students can and may go to college.

Vision Statement
The school will create "agents of change” who will positively impact our communities. Our vision is that the majority of Ánimo Avalon Charter Middle School graduates will be successful in high school, and return to their home communities, with college degrees, to be the teachers, entrepreneurs, doctors, and lawyers that will revitalize Los Angeles. Graduates will be self-confident, self-disciplined, successful, proactive leaders who will excel in high school, college and beyond.
Our mission and vision statements are in line with current research and education practices. The School’s underlying philosophy is based on the belief that all students can learn and will learn when they feel part of a community. 1 2012 Base and Growth APIs
The Ánimo Student (A Description of What it Means to be an Educated Person in the 21st Century)
Ánimo Avalon students are "agents of change," individuals who will positively impact our communities. Ánimo Avalon students will be confident, disciplined, successful, proactive leaders who will excel in college and beyond. Green Dot has identified four goals that describe what it means to be an “agent of change” and an educated person in the 21st century. The following characteristics describe what an educated person in the 21st century is.

- A College-Directed Learner is someone who can think critically and analytically in order to understand complex concepts across the curriculum. A college-directed learner is one who has completed a course of study that prepares him/her for success in college, even if college is not his/her ultimate educational goal.
- A Cultural Learner is an individual who is prepared to excel in today’s diverse workplace. A cultural learner embraces diversity, is aware of cultural differences, unique group histories and different perspectives.
- An Innovative Leader will be capable of contributing to the success of his/her community through service and the ability to communicate effectively in distinct situations.
- A Life-Long Learner is someone who continues to learn and improve long after his/her formal educational process is complete. We believe the hallmarks of life-long learners are those who are goal-oriented in all they pursue and able to leverage technology to help them succeed.

Means to Achieve Mission and Vision (How Learning Best Occurs)
Most students learn best in a nurturing, supportive environment where they are known and treated as individuals, and where their background is honored. Accordingly, personal attention to individual students and sensitivity to their backgrounds is a cornerstone of the school. Students will not fall through the cracks at Ánimo Avalon. To ensure that students will receive the personalized attention they need, Ánimo Avalon and all schools that Green Dot opens/operates will be based on the school model that Green Dot has developed over the past thirteen years. Green Dot’s school model has been created to ensure that the organization can consistently open high quality schools in which students are being prepared for high school, college, leadership and life.

Green Dot’s Core Values
Green Dot’s core values are implemented across our schools through our key practices.

School Model - Four Core Elements
The Green Dot Home Office provides all Green Dot schools with four core elements in order to ensure a consistent level of quality. The four core elements are 1) Quality teaching and instruction, 2) Master scheduling that meets the needs of students, 3) Data-driven decision making, and 4) College-going culture. Implementation strategies are provided in the areas of curriculum, student intervention, professional development, parent participation and school operations to help principals and teachers make the most informed decisions for their schools.

1) Quality Teaching and Instruction
Based on the “Essential Elements of Effective Instruction,” by Madeline Hunter, Green Dot has developed and implemented a Lesson Plan Template documenting the essential elements of effective instruction and our education team monitors the consistent use of these strategies. Additionally, our
education team is focused on instructional leadership through ongoing observations and feedback, site professional development aligned with student needs and increasing teacher effectiveness.

2) Master Scheduling That Focuses On Student Needs
Our school day has intensive interventions built into the day including: credit recovery, intensive supports for English Learners, math and literacy interventions, continuum of services for students with special needs, and essential elements of writing that aligns with the California State University (CSU) and University of California (UC) rubric.

3) Data-Driven Decision-Making
There is frequent assessment of students to measure growth and to inform our Response to Intervention model. The data is also used to have explicit conversations with teachers about their performance and to help provide necessary supports for teachers.

4) College-Going Culture
Green Dot schools are centered on high expectations for all students and every student takes a rigorous college preparatory curriculum. All students are enrolled in classes that will prepare them for the University of California (UC)/California State University (CSU) A-G requirements, and courses are aligned with California State Content Standards and Common Core standards. In order to ensure that a college-for-certain culture permeates through the school community, we have put structures in place to foster student leadership such as student council, and have built supports into the school day to increase college awareness through the Advisory course. In addition, schools provide wrap-around services to eliminate the barriers to learning. These include, but are not limited to, mental health and psychological services, counseling groups, and services provided by the Locke Wellness Center.

**Expected School-wide Learning Results (Goals of the Program)**
Expected School Wide Learning Results (ESLRs), designed in accordance with the Western Association of Schools and Colleges’ (WASC) *Focus on Learning Guide*, embody the goals and high expectations that are maintained for Green Dot students. Curriculum and Program (How the Objective of Enabling Pupils to Become Self Motivated, Competent, Life-Long Learners are Met by the School)
Green Dot has developed a research-based curriculum appropriate to the student demographics it serves that includes the following: course offerings, textbooks, curriculum maps, pacing guides, sample lesson plans, interim assessments and intervention programs. The model is derived from the following continuum of research-based practices:
• Planning and Preparation: based on the “Essential Elements of Effective Instruction” by Madeline Hunter.
• Assessment and Learning: Based on “Understanding by Design: Backwards Design” by Jay McTighe and Grant Wiggins.
• Instructional Techniques: Based on “Teach Like a Champion” by Doug Lemov.
• Classroom Environment: Based on “Safe and Civil Schools” by Randy Sprick.

It is required that all Ánimo Avalon students take courses that are college-preparatory and are aligned with State content standards and Common Core standards. All students are required to successfully complete required curriculum credits upon graduation from 8th grade. Our requirements emphasize the traditional subjects of Math, Science, English Language Arts, and Social Studies, as well as a variety of electives, and these subjects will be presented in ways that make them more responsive to the backgrounds and lives of our students.

Below is an outline of the current Green Dot recommended middle school curriculum. This curriculum will likely be followed at Ánimo Avalon Charter Middle School. Some adjustments may be made in certain courses as the principals and teachers make adjustments to adapt to the specific needs of their students. The process of adapting curriculum to the specific needs of a student population happens throughout the year as the Ánimo Avalon staff learns more about their students. Typically, teachers will consult with the Ánimo Avalon principal or assistant principal or other teachers as part of the adjustment process for their respective courses. The recommended curriculum is based upon California State standards and Common Core standards for each content area, and State-adopted texts are used in all core areas. The scope of skills to be taught across grade levels is outlined below:

Scope and Sequence
Because Green Dot’s educational program emphasizes regular formative assessment and the use of data to increase student achievement, our pacing plans, which prepare for our internal benchmark assessments, guide and define the scope and sequence of the curriculum taught in our schools with regard to the four core subject areas identified by California’s State Board of Education. All courses are aligned to the California content standards and Common Core standards.

Summary descriptions of grade level curriculum that will be offered at Ánimo Avalon Charter Middle School can be found below.
Green Dot Middle School Curriculum

The course content focuses on the people in ancient societies; their problems and accomplishments; their social, economic, political structures, and belief systems; the tools and technology they developed; the arts they created; the architecture; the literature they produced; their explanation for natural phenomena, and their direct or indirect contributions to issues such as the role of women and the practice of slavery.

**World History MS A - MS3007**

**World History MS B - MS3008**

This Grade seven course explores world history and geography from the Fall of Rome through the Age of Enlightenment. The course investigates the social, cultural, and technological changes during this period. This course briefly reviews the role of archaeologists and historians in uncovering the past. It goes on to examine Islam as a religion and as a civilization. The course examines the spread of Islam through Africa, the rise of the Mayan, Incan, and Aztec civilizations; the civilizations of China and Japan; Europe during the High Middle Ages; the turbulent ages of the Renaissance, Reformation, and Scientific Revolution. This course seeks to enhance understanding of the interconnection of past events, people, and ideas to events and issues of importance in the world today.

**US History MS A - MS3009**

**US History MS B - MS3010**

The Grade eight course examines United States history and geography concentrating on the growth of the United States during the period of colonization through the Age of Industrialization. The course begins with an intensive investigation and review of the major ideas, issues, and events preceding the founding of the nation. The course then concentrates on the shaping of the Constitution and the nature of the government that it created. The development of unique regions in the West, Northeast, and the South and the causes and consequences of the Civil War, is covered in depth. The course studies the movement of people into and within the United States; the experiences of diverse groups (women, racial, religious, ethnic, and economic classes) and their contributions to the evolving American identity. The course also connects historical issues to current affairs in order to develop a greater understanding of the basic institutions and policies of the nation.
English

The English curriculum is a well-balanced rigorous program based on the California English/Language Arts Content Standards and the Common Core State Standards. Courses in English require extensive reading of poetry, prose, plays and novels chosen from a variety of historical periods and styles. The curriculum must emphasize advanced critical analysis and interpretation in order to develop sophisticated written arguments about assigned literature. Frequent writing assignments, especially of papers averaging 3-5 pages in length, should emphasize the stages of composing sustained arguments based on detailed textual analysis: pre-writing, drafting, revising. Writing instruction and carefully designed prompts should aim at enabling students to express complex and interrelated ideas with clarity and a mature, sophisticated style. Regular feedback on written assignments is essential to the success of honors level courses.

The major purpose of this course is to develop student focus and active engagement with text. They are required to analyze, identify, define, explain, and criticize with an increased emphasis on advanced forms of evaluation in expository critique and literary criticism and advanced presentations on problems and solutions. The standards require that by the end of middle school, students will have read one million words annually on their own, including a good representation of narrative (classic and contemporary literature) and expository literature (magazines, newspapers, online articles). The CA Reading/Language Arts Framework (referred to as the Framework) highlights that sixth grade students are expected to write narrative, persuasive, and descriptive texts (responses to literature and research reports) of at least 500 to 700 words in each genre and continue to demonstrate a command of standard English. The curriculum is organized into four instructional components: Narrative, Research/Exposition, Response to Literature/Text, and Persuasion, to address the instructional needs of students in establishing proficiency in the CA English Language Arts Standards. During the narrative component, students will study narration as one of the four traditional forms of composition in speech and writing, identify its purpose to tell a story or give an account of something dealing with sequences of events and experiences, and analyze features of fictional and nonfictional narrative texts such as theme and characterization. During the research/exposition component in which they learn that the primary purposes of expository text are to explain, give information or clarify an idea, students are required by the Framework to identify the structural features of popular media and use those features to obtain information, and to analyze instructional materials that use a compare-and-contrast organizational pattern. In addition, they learn how to write expository compositions that involve the use of textual evidence, explanation, and interpretation. During the response to literature/text component, students will read and think about a wide variety of literary selections and study the writing of extended responses to literature. During the persuasion component, students will develop skills used to determine the adequacy and appropriateness of evidence presented in an author’s proposition and be able to identify instances of unsupported inferences, fallacious reasoning, and propaganda in order for them to develop arguments of their own.

The major purpose of this course is to provide students with the skills and content knowledge to transition from the process of learning to read to the more advanced processes of reading to learn. Students will and use build academic vocabulary, in oral and written forms, and independent reading skills to significantly improve reading comprehension and vocabulary. An increased familiarity with models of good writing and the conventions of writing and spelling will be developed in order to apprentice students in building proficiency in the California English Language Arts Standards for seventh grade. The CA Reading/Language Arts Framework requires that by the end of middle school, students will have read one million words annually on their own, including a good representation of narrative (classic and contemporary literature) and expository literature (magazines, newspapers, online articles). Seventh grade students are expected to continue to develop strategies for organizing and giving focus to their writing with an increased emphasis on the documentation of support and extension of organizational strategies. Students are expected to write texts of between 500 and 700 words in the form of responses to literature, research reports, persuasive compositions, and summaries. The curriculum is organized into four instructional components: Narrative, Research/Exposition, Response to Literature/Text, and Persuasion, to address the instructional needs of students in establishing proficiency in the CA English Language Arts Standards. During the narrative component, students will read and analyze works that will allow them to explore how events advance the plot, how events explain past/present actions or foreshadow future actions, and how a character’s thoughts, words, speech patterns, and actions reveal characterization. During the exposition component, students will learn how to identify and trace the development of an author's argument, write reports that use a formal research process, and deliver persuasive oral presentations that employ well-articulated
evidence. During the response to literature/text component, students will read a variety of texts, analyze characterization in various works, identify recurring themes across works, and write extended responses to literature based on developed interpretations that use support for statements and claims. During the persuasion component, students will develop skills used to identify, evaluate, and analyze the credibility, accuracy, and efficacy of an author's argument, point of view, and perspective while noting instances of bias and stereotyping. These elements will be apprenticed and applied in the classroom for students to construct successful arguments of their own.

ENGLISH 8 A - MS2015
ENGLISH 8 B - MS2016

The major purpose of this course is to build student readiness required for successful achievement with secondary content in grades nine through twelve and to support the culmination of curriculum activities and proficiency in the California English Language Arts Standards for grade eight. The Standards require that by the end of middle school, students will have read one million words annually on their own, including a good representation of narrative (classic and contemporary literature) and expository literature (magazines, newspapers, online articles).

Eighth grade students will continue to produce texts of 500 to 700 words in the following categories: fictional or autobiographical narratives, responses to literature, research reports, and persuasive compositions. The curriculum is organized into four Instructional components: Narrative, Research/Exposition, Response to Literature/Text, and Persuasion, to address the instructional needs of students in establishing proficiency in the Standards. During the narrative component, students will learn how to analyze a variety of literary elements and devices, such as character qualities, plot, figurative language, poetic devices, and features of themes. In the exposition component, students will write and discuss expository compositions that involve the use of textual evidence, explanation, and interpretation. For the response to literature/text component, students will read and think about a wide variety of literary selections and study the writing of extended responses to literature. During the persuasion component, students will develop skills used to identify, evaluate, and analyze the credibility, accuracy, and efficacy of an author's argument and the elements of application required for them to construct successful arguments of their own. In this course, students are expected to demonstrate their ability to grapple with the treatment, scope, and organization of ideas by finding similarities and differences among texts. They are also expected to compare an original text with a summary to determine whether it accurately captures the main ideas, includes critical details, and the underlying meaning. They are also expected to evaluate the unity, logic, internal consistency, and structural patterns of text.
English Language Development (ELD)

The purpose of ESL courses at Green Dot is to prepare English Learners recently arrived in the U.S. for success in English-medium instruction, including English Language Arts. Skills in all four strands of language—listening, speaking, reading and writing—are systematically developed. Students of mixed grade levels are grouped according to proficiency in English. Cultural knowledge needed for success in U.S. schools is integrated throughout. In schools where there are small numbers of students needing ESL, courses will need to be combined. For instance, ELD 1A and ELD 1B, each semester-long courses, is taught as a year-long ELD 1 class; instruction is differentiated to meet the needs of students at different levels of proficiency.

It is highly recommended that students in ELD 1 and 2 classes receive their content instruction in their primary language. ELD 3 and 4 students will benefit from English-medium SDAIE courses. ELD courses are not recommended for students who have been in the U.S. longer than five years (long-term English Learners), whose language and motivational needs are very different from those of relative newcomers.

General Math 6 A
General Math 6 B

The major purpose of this course is to serve as a vehicle by which students will master the four arithmetic operations with whole numbers, positive fractions, positive decimals, and positive and negative integers; and will accurately compute and solve problems. They will apply this knowledge to statistics and probability, and geometry.

In this course, students will understand the concept of mean, median, and mode of data sets and how to calculate the range. They will analyze data and sampling processes for possible bias and misleading conclusions; they will use addition and multiplication of fractions routinely to calculate probabilities. Students will work with ratios and proportions.

Students will continue their study of geometry, including complementary and supplementary angles, the sum of the angles in a triangle, the concept of the constant pi and its applications to the formulas for area and circumference of the circle.

General Math 7 A
General Math 7 B

By the end of grade seven, students will be adept at manipulating numbers and equations and understand the general principles at work. Students will gain a deeper understanding of rational numbers and their various forms of representation. They will increase their understanding of ratio and proportion and apply this knowledge to topics such as slopes of lines and the change in volume and surface area of basic three-dimensional figures when the scale is changed. Students will make conversions between different units measurement and compute percent’s of change and simple and compound interest. In addition, students will know the Pythagorean Theorem and solve and solve problems involving computing a missing side. Since the seventh grade standards constitute the core content for the mathematics portion of the California High School Exit Exam (CHSEE), it is essential that students become proficient in the key standards.

ALGEBRA 1 A – 4001
ALGEBRA 1 B – 4002

This is a first year algebra course in which students will learn the power of math in its abstract and its application to real world scenarios. The key content area involves problem solving using different methods such as factoring, graphing, linear and quadratic equations. Students will be presented with real life scenarios and through a series of lessons be able to solve the problems and present their solutions with written proofs, and student taught lessons. Students will demonstrate their ability to reason symbolically. Students will learn different methods to solve quadratic equations including factoring, completing the square, graphically, or through application of the quadratic formula. The course also includes study of monomial and polynomial expressions, inequalities, exponents, functions, rational expressions, ratio, and proportion. This course corresponds to the California State Math Standards and prepares students for the California High School Exit Exam.
Science

UC- Approved honors level courses in laboratory sciences are generally in the disciplines of biology, chemistry, and physics. Honors level courses in these disciplines typically require one year of prior laboratory science. Honors level courses in any other laboratory science (e.g., Environmental Science, Marine Biology, etc.) may also be considered for UC honors certification if they require a year of biology, chemistry, or physics, as well as at least algebra as pre-requisites. The third course in an integrated science sequence may be considered for honors designation if it has the appropriate breadth, depth, and pre-requisites. All UC-Approved honors level laboratory science courses should be demonstrably more challenging than the college preparatory courses required as pre-requisites. Topics covered and laboratory exercises must be in depth and involve analysis and research. Each UC-Approved honors level course must have a comprehensive written final examination including laboratory concepts. There should be a section of the regular college preparatory course offered for each UC-Approved honors level laboratory science course.

The science curriculum offers a balanced and academically rigorous program based on the California Content Standards.

**Physical Education**

The program concentrates on sportsmanship, teamwork, fundamental skills and fitness. Team sport concepts are introduced and developed. As students advance their skills, they will continue to be challenged by strategies and complex play. Students will understand individual fitness levels and will obtain the skills to self-analyze through practical applications as well as fitness testing and written assessments.

**Investigations**

The Investigations course is designed for students at or above 1000 in their reading lexile to do rigorous self-directed research in preparation for high school. The course is primarily built around the common core writing standards #7-10 in the category of “research to build and present knowledge.” The course will also use the Green Dot technology standards around internet literacy and word processing skills as a foundation for their research process. Students in the course will conduct research into whole class chosen topics to build their level of mastery of technology literacy, content, and research protocols. Quarter length group and pair research projects will be presented to authentic audiences via written report and multi-media presentations. By the end of the course, student will conduct independent research projects into topics they select. Their work will culminate in the presentation of their findings in a research gala to a wider community audience at the end of the year.

**Spanish 8 MS**

Beginning students study language that can be used in everyday conversation. The course is taught using a communicative approach whereby listening, speaking and culture are emphasized while reading and writing skills are being developed. This class is conducted in English and Spanish. Students communicate about such topics as greetings, telling time, school subjects, foods, family and friends, and leisure activities. They practice basic conversations in Spanish about what they want, need, plan and know how to do, as well as describe people, places, and events.

**Drama**

This is a beginning course in which students engage in creative theatre exercises to develop imagination, observation, and concentration. Students also condition their bodies and voices to be flexible, coordinated, and expressive. Students are introduced to drama through activities such as improvisation, pantomime, storytelling, characterization, stage directions, and vocal projection. This course includes the basic elements of dramatic production.

**Advisory**

Research shows that young people learn best when they are known, when they are cared about and when a teacher has time to give them individual attention. Advisory offers critical academic, personal and emotional support for students, and ensures that every student has at least one adult mentor.

**Technology**

Students taking this elective will be introduced to various basic computer skills. They will learn how to use and understand basic computer related terms, identify basic computer hardware components and peripheral devices, i.e. keyboard, mouse, printer, CD-ROM. The course focuses on key standards from elementary and middle school that need to be mastered for success in Algebra I. Placement in this class is based upon need as assessed by diagnostic testing and CST scores from the previous year.

**MATH FOUNDATIONS 8 A**
**MATH FOUNDATIONS 8 B**

Mathematics tutorial lab is an elective mathematics course provided to students as a second course to support the core Mathematics class in Algebra 1. The course is designed to enhance the student’s knowledge of prerequisite skills that are needed to access the grade level mathematics course.

Textbooks
Choosing a textbook should be a collective process where the various members of the community that are to be engaged with the text should be part of the selection process. Each school chooses a committee whose responsibility is to research available textbooks and choose a textbook to be used at the school. This Textbook Adoption Committee (TAC) should be comprised of teachers in the content area and individuals that have some specific relationship to the material (curriculum director, department heads, etc.).

As an initial task, the TAC should create and/or adopt a rubric/checklist by which to judge the various textbooks. This rubric should include consideration of a) clear alignment with state standards and Common Core standards, b) clear alignment with school and Green Dot standards, c) cultural, gender, SES and ethnic differences, d) differing learning modalities, e) local budget constraints, and f) content accessibility. Green Dot provides Textbook Adoption Checklists that may be used by the committee.

While the committee may consider various textbooks of interest, the committee should its search for a textbook by considering the books on the Green Dot Recommended Book List. If a textbook is selected that does not appear on the Green Dot Recommended Book List, the book must be presented to the Cluster Director for final approval. The approved textbook list can be found on page 132.

Academic Support and Intervention
The following are some of the intervention and support programs built into Green Dot’s recommended school model:

- **Summer Bridge Program:** Typically a two-and-a-half to five week mandatory summer session held for incoming sixth graders. These students will also be assessed to give greater depth and understanding of the needs of the students, while making necessary adjustments to the master schedule to better accommodate them. Students receive standards-based instruction in Math and English Language Arts and are acclimated to the culture and expectations of a Green Dot school. Students will engage in culture-building exercises that promote a positive community of trust and respect. Social and personal issues will also be surfaced in small group settings complemented with educational field trips. Students in all grade levels will participate in a summer bridge program if they do not meet grade level benchmarks as well as students that are seeking enrichment programs to promote their ongoing academic and social development.

- **Reading Intervention Program:** Read 180, a standards-aligned program for reading, is provided to students who test low in reading. Typically, Read 180 is given to students as an elective.

- **Math Tutorial:** Students struggling in Math receive intervention through small group and personalized attention from their Math teacher. Utilizing a group tutorial structure, students pose questions in a small group setting to support their classmates in solving Math problems. A number of Green Dot schools provide after-school tutoring through the Information Sciences Institute affiliated with the School of Engineering at the University of Southern California.

- **English Language Development:** ELD classes are provided for students who score at the Beginning or Early Intermediate levels on the California English Language Development
Test. Based on the California ELD standards, these classes aim to improve the English listening, speaking, reading and writing skills of beginning students to at least Intermediate proficiency. A more comprehensive description of the ELD program will be addressed below.

- **Special Needs/Academic Success:** Designated Special Education students will be provided extra support to reflect the needs outlined in the IEP and in all of their academic courses through one-on-one instruction, group support and guided instruction.

- **Guided Study:** All students who do not complete their homework or struggle with it are required to attend Guided Study after school where a teacher helps them with their work. All assignments must be turned in the following day.

- **Homework Club:** Students who are struggling with a particular class or simply want more support in a subject can attend homework club, which is offered for an hour every day after school and run by a credentialed teacher and/or college interns.

- **Office Hours:** Teachers hold office hours twice a week after school to provide students with additional support.

**Social and Emotional Support Services**

**Advisory Course**

Animo Avalon will offer a variety of programs to ensure that the social and emotional needs of our students are met. We have built an Advisory course into the master schedule to serve as a level 1 intervention using the Response to Intervention Model (RtI). Using the RtI model, all students receive the core literacy and math courses as their Tier 1 instruction. In addition to the core courses, students who need more intensive intervention (Tier 2) and support with a lower student-to-teacher ratio are provided with math and literacy interventions classes. If the student continues to struggle, the RtI team will determine if there are specific individual interventions (Tier 3) necessary to address the student’s needs or if a referral to the Student Success Team is required.

Advisory serves two purposes: academic and social-emotional support. Students attend Advisories three days a week for 40 minutes in each session. Students remain in the same advisory group with the same teacher for all three years to maintain a tighter sense of community. These classes are particularly important for the student population Green Dot serves as many of the students have had little exposure to rigorous academic programs and are not familiar with what it takes to get into college.

During Advisory, students will:

- Discuss issues related to the pressures of being a young adult in middle school and high school, including but not limited to: puberty, relationships, mental health, family, substance abuse, etc.
- Receive support from their advisor and peers in preparing them for the entire academic trajectory (successfully navigating through high school and college).
- Be taught different study skill strategies, test-taking strategies, and communication tools that will enable them to succeed in their high school academic career. Students will also engage in projects where they learn about themselves, high school and college options.
• Be encouraged to learn about the college process as they are encouraged to think beyond high school in an effort to realize that the tools they gain today will be beneficial in the near future.
• Learn self-efficacy skills that will allow them to address the barriers of learning with resiliency.

In order to assess the effectiveness of the Advisory course, students are provided feedback surveys on a regular basis.

Clinical Services
Our Clinical Services team provides individual, group and family therapy to the students and families, and serves as a level 2 and 3 intervention within the RtI model. The main purpose of our clinical services program is to address the barriers to learning from the mental health perspective. In addition, we provide crisis intervention, parent consultation, teacher consultation, and case management which include providing resources and referrals to outside agencies.

In order to ensure services are provided free of charge, services are provided by pre- and post-graduate Marriage and Family Therapy, Psychology and Social Work interns who receive extensive training and supervision in exchange for their work. All services are supervised by one of our licensed Marriage and Family Therapists or Licensed Clinical Social Workers. Interns provide social and emotional counseling including small group and individual therapy.

The Clinical Services team uses a referral process for students to receive services. Once students and parents have consented to services, students have a case manager that follows them through the process of services. Students are provided Child Development Inventory assessments along with other researched-based therapies. The Clinical Services team works with parents, staff, and students throughout the referral process to ensure they are aware of their options. Clinical Services provides a proactive approach to addressing the barriers of learning by utilizing prevention and wellness to enable our students to possess the necessary skills to navigate their academic and social skills.

Extensive Professional Development
Professional development for teachers and school site leaders is a critical component of Green Dot’s school model and program. Reflective practice occurs in an environment where there is collaboration, use of meaningful data, and thoughtful discussion regarding instruction. Incorporated into the daily routine at Ánimo Avalon, professional development opportunities will provide teachers time to inquire about practice, study individual and group student data, develop best practices, and ensure accountability for school-wide goals. Our professional development also incorporates the transition to Common Core and will help ensure teachers are ready for implementation in 2014-15.

For teachers, professional development activities at Ánimo Avalon will be based on the recommended practices of Green Dot, which may include:
• Teacher Buddy Program: Once a semester release period for teachers to observe the teaching practices of their “buddy” teacher.
• **Observation Release Day**: Once a semester full-day release for teachers to observe successful teachers at other Green Dot schools or any successful school.

• **Annual Training/Retreat**: An annual five to seven day retreat for school staff to plan for the year and receive professional development.

• **Mid-year Retreat**: A half-day to 2-day retreat for school staff to evaluate progress, reflect, and adjust the school’s plan for the final semester.

• **Weekly Staff Development**: A late start or early dismissal is provided each week so that a 90 minute professional development period is established.

• **Department Norming Days**: Department meeting to norm teaching practices.

• **District-wide Staff Development**: Green Dot-wide meeting of content teachers to share best practices.

Professional Development topics will vary depending on the school’s focus, data from assessments and teacher needs. Topics may include any of the following: effective lesson planning, analyzing data to improve instruction, multiple forms of assessment, developing engaging curriculum and creating culturally relevant pedagogy.

For administrators, a comprehensive professional development program is in place, which includes the following:

• **Coaching**: Cluster Directors provide individualized coaching sessions for each school site administrator twice a month. These coaching sessions are focused on the supervision of instruction.

• **Key Results**: Cluster Directors facilitate a Key Results session at one of their schools each month. During these sessions, the principals within the cluster go to another school in the cluster for 3 hours. During this time, the host principal provides a focus question for the session centered on instruction. Principals walk through classrooms with this focus question in mind and provide the host principal with feedback about this focus question. These sessions help principals share ideas with regards to the supervision of instruction and all principals to generate next steps to be taken at their school sites as a result of what they see at the host school.

• **95/5**: Based on the belief that principals should spend 95% of their time onsite providing instructional leadership and 5% of their time offsite in Green-Dot wide trainings, 95/5 is a full-day professional development session for principals and assistant principals once a month. These sessions are focused on the themes the Cluster Directors determine are most relevant based on their coaching sessions.

• **Practices Walkthrough**: Half day professional development for principals to tour other Green Dot schools and review “artifacts” of high quality instructional practices.

• **Principals Retreat**: 2 day retreat for all principals and Green Dot Home Office staff. The retreat allows Principals to reflect, evaluate progress and share best practices.

Staff development meetings usually occur each Wednesday morning. Staff development topics will be chosen based on the assessment of student needs and identifying areas of improvement as outlined in Animo Avalon’s annual strategic plan.

Research-based instructional frameworks may include active learning, brain-based teaching and learning, differentiated instruction and sheltered instruction to ensure the success of all students.
at high levels. Research is provided by numerous books, videos, and articles (for example, articles from the Association of Supervision and Curriculum Development) as well as conferences and seminars. Ánimo Avalon and other Green Dot schools have used books in staff development including: 101 Active Learning Strategies (Mel Silberman), Teaching With The Brain In Mind (Eric Jensen), Classroom Instruction That Works (Marzano, Pickering, Pollock), among others. Teachers attend numerous conferences that include: Successful Inclusion Strategies (Susan Fitzell), Engaging Students Through Block Scheduling (Louis Mangione), Vocabulary Development Strategies That Boost Reading and Learning Across All Subject Areas (Kate Kinsella) among many others. This research will allow Ánimo Avalon teachers to learn from successful models and begin implementing strategies in their classroom.

Green Dot has an induction practice for its new and existing teachers through Summer Professional Development and New Teacher Professional Development. Summer Professional Development focuses on the following five areas:

- **School Business:** choosing department chairs, reviewing student-teacher handbook.
- **Curriculum and Professional Development:** align to school-wide focus, review school’s strategic plan, training aligned with strategic plan, set lesson plans.
- **Review Data from the Previous Year:** school wide, department-based and individual teacher data.
- **Teacher-Administrator Meetings:** administrators meet with each teacher.
- **Next Year Planning:** teachers given individual time to lesson plan, prepare syllabus and set department goals.

New Teacher Professional Development consists of at least 168 hours of professional development, including specialized trainings outlined below:

- **Summer Training:** New teachers are required to attend a mandatory 2-day training prior to the start of summer professional development.
- **Ongoing Workshops:** New teachers are required to participate in workshops that are aligned with the California Standards for the Teaching Profession. Topics include classroom management, creating a culture of high expectations in the classroom, best practices in lesson planning, etc.
- **Monthly Support and Development Meetings:** First and second year teachers are required to attend monthly support and development groups.

Students are grouped in heterogeneous classrooms where all teachers utilize differentiated instruction. Based on Doug Lemov’s “Teach Like a Champion,” Green Dot has adopted instructional specific, concrete, and actionable techniques focused on student engagement and student accountability for rigorous learning. The following techniques have been identified to ensure teachers are setting high academic expectations, engaging students in lessons and creating a strong classroom culture:

- **No Opt Out:** a sequence that begins with a student unable to answer a question should end with the student answering that question as often as possible
- **Right Is Right:** set and defend a high standard of correctness in your classroom
• **Stretch It**: the sequence of learning does not end with a right answer; reward right answers with follow-up questions that extend knowledge and test for reliability. This technique is especially important for differentiating instruction.

• **Format Matters**: It’s not just what students say that matters but how they communicate it. To succeed, students must take their knowledge and express it in the language of opportunity.

• **Cold Call**: In order to make engaged participation the expectation, call on students regardless of whether they have raised their hands.

• **Wait Time**: Delaying a few strategic seconds after you finish asking a question and before you ask a student to begin answering it.

• **Everybody Writes**: Set your students up for rigorous engagement by giving them the opportunity to reflect first in writing before discussing.

• **Do Now**: Students are both productive during every minute and ready for instruction as soon as you start.

• **SLANT**: Sit up, Listen, Ask and answer questions, Nod your head, Track the speaker.

Teachers are expected to use an appropriate mix of direct instruction, cooperative learning and individual student practice for all lessons. Teacher professional development is focused heavily on observations and using data to inform instruction, aligning curriculum with California State content standards and Common Core standards, and assessing student mastery of standards on an ongoing basis. We believe the combination of a college-preparatory, standards-based curriculum and teacher professional development based on these methods ensure that all students meet or exceed California content standards and Common Core standards.

**Closing the Gap – (Specific goals for providing and ensuring equal access to academically low achieving students)**

Ánimo Avalon is committed to serving academically low achieving students. As with other Green Dot schools, Ánimo Avalon expects that many (if not the majority) of its students may be classified as low-achieving. As such, Ánimo Avalon’s curriculum and program is adapted to improve performance for traditionally low-achieving students. Ánimo Avalon has a simple, but specific goal to ensure that all students are prepared for success in high school, college, leadership and life. In fact, Ánimo Avalon’s goals for academically low achieving students are the same as its goals for its entire student body. For more information on these goals, please see the section titled “Measurable Student Outcomes” and the ESLRs listed in this charter petition. Ánimo Avalon ensures that all students identified as low achieving have equal access to a rigorous, college-preparatory education through the following means (also see the section for “Academic Support and Intervention”):

- Ánimo Avalon will assess all students after enrollment in the Summer Bridge Program to determine learning strengths and weakness, as well as overall proficiency in core subjects. Tests used may include the Read 180 Student Reading Inventory Diagnostic Test and the Green Dot Math Assessment.

- Identified students are immediately enrolled in remediation programs to accelerate learning, such as Read 180 and Riverdeep, which are standards aligned computer based programs for reading and math respectively.

- Low-achieving students are also provided remediation during the Summer Bridge program, Advisory, Math Tutorial, Special Needs/Academic Success and Guided Study
Students Who Are Socio-Economically Disadvantaged
The majority of students in the target population are socio-economically disadvantaged. The school’s academic program is inherently formulated to address the needs of these students. Specific intervention programs include:

- **Summer Bridge**: Mandatory multi-week summer program that acclimates students to the Ánimo Avalon culture of middle school, high expectations and the development of a trusting community. During the Summer Bridge program, students will also be identified for special needs, English Learner levels, non-proficiency in standards and social-emotional supports.

- **Math Tutorial**: Student who are non-proficient in Math and/or recommended by their Math teachers will receive an additional period of Math support, where their teacher and tutors will work on skill building through their current curriculum, as well as remediation strategies to strengthen skills in group tutorial and one-on-one formats.

- **Habits of Work and Mind in Advisory**: All students will be taught specific strategies on how to better succeed in their classes through organizing, note-taking, reading strategies, time management, group work, asking for help, etc. Students will also assess the strengths and weaknesses in various aspects of their academic and social/personal development, analyzing and synthesizing specific strategies to meet those goals.

- **Habits of Heart in Advisory**: Advisors will consistently support students in developing characteristics of leadership, compassion, selflessness, stewardship, perseverance and hope for themselves and others. Through group bonding activities, students will trust their fellow advisees as support network for their personal and social/emotional development.

English Learners
Ánimo Avalon will meet all applicable legal requirements for English Learners (“EL”) as they pertain to the initial testing of students in their primary language and to the notification of annual testing results to parents. Parents shall also be kept properly informed regarding student identification, placement, program options including ELD, sheltered core content instruction and waiver for primary language content instruction, teacher qualifications and training, re-classification to fluent English proficient status, our monitoring and evaluating program effectiveness, and standardized testing requirements. Each English Learner with disabilities will be assessed for English proficiency using accommodations and modifications as set out in the IEP or Section 504 plan. Ánimo Avalon will implement policies to assure proper placement, evaluation, and communication regarding ELs as well as the rights of students and parents.

The home language survey will be given upon a student’s initial enrollment into Ánimo Avalon (on enrollment forms).

**CELDT Testing**
All students who indicate that their home language is other than English shall be CELDT tested within thirty days of initial enrollment and annually thereafter between July 1 and October 31st until re-designated as fluent English proficient.
Ánimo Avalon shall notify all parents of CELDT results within thirty days of receiving results from the publisher. The CELDT shall be used to fulfill the requirements under the No Child Left Behind Act for annual English proficiency testing.

*Strategies for English Learner Instruction and Intervention*

Teachers will be informed on the language level of their students and will work collaboratively to develop standards-aligned lessons that support English language development.

EL students will be placed in one of the following classes to support their education: an ESL Level 1, 2, 3 or 4 class; Read 180 with the Lbook; Academic English Essentials; Sheltered English; or a regular English class with Specially Designed Academic Instruction in English (SDAIE) support. In addition, all teachers will be trained in SDAIE techniques. Professional development guides teachers in the use of CELDT data to differentiate instruction based on the student’s levels of language proficiency. Strategies include Precision and Productive Partnering, Kate Kinsella’s Sentence Frames, and direct academic vocabulary instruction. Materials may include the use of the Academic Vocabulary Toolkit, Kate Kinsella’s Scholastic Lbook and Making Content Comprehensible for English Learners: the SIOP Model. All teachers will have a CLAD certification or a California Commission on Teacher Credentialing (“CCTC”) recognized equivalent.

*Reclassification Procedures: Criteria for Student Reclassification From English Learner to Fluent English Proficient (RFEP):*

**Guidelines for Reclassification**

The CELDT assesses student performance in the following areas: Listening, Speaking Reading and Writing. In order to be reclassified as RFEP, students must meet the following criteria:

1. Earn an overall score on the CELDT of Early Advanced (EA) with no scores less than Intermediate (I)

2. Earn a score of Basic, Proficient or Advanced Proficient on the most recent English Language Arts test of the California Standardized Test (CST) or the California Modified Assessment (CMA)

3. Approval from current ELA teacher

4. Provide written notice to parents or guardians of their rights and encourage them to participate in the process and provide an opportunity for a face-to-face meeting

5. Reclassify Student as Fluent English Proficient
   - Place dated reclassification form signed by the English teacher in the student’s file.
   - Include all students reclassified in Spring 1 report with reclassification and EL updates by CALPADS certification deadlines

6. Reclassify students throughout the year as new data becomes available. (Repeat Steps 1-5)
- August, after CST data is published.
- January, after CELDT data is published.

7. Monitor the academic progress of RFEP students for two years
   - If a student scores Below Basic or Far Below Basic on CMA-ELA or CST-ELA, a Tier 1, 2, or 3 intervention is initiated as appropriate.
   - Evidence of quarterly monitoring is entered onto the Student Reclassification Form in the student cumulative file.
   - If a student is failing core academic classes, RtI monitoring will be triggered.

**ENGLISH LEARNERS**

Ánimo Avalon is required to timely identify potential English Learners (ELs) and provide them with an effective English language acquisition program that affords meaningful access to the school’s academic core curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis (on or about October 1), Ánimo Avalon shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School will either adopt and implement LAUSD’s English Learner Master Plan or implement Charter School’s own English Learner Master Plan. If Charter School chooses to implement its own EL plan, the instructional plan shall include, but is not limited to, the following:

- How English Learners’ needs will be identified
- What services will be offered
- How, where, and by whom the services will be provided
- How the school will evaluate its EL program each year, and how the results of this evaluation will be used to improve the program, including the provision of EL services

Ánimo Avalon shall provide to the CSD an annual report of its EL program assessment. Upon request, Ánimo Avalon shall provide a copy of its current EL Master Plan to the CSD.

Ánimo Avalon shall administer the CELDT annually in accordance with federal and state requirements.

Ánimo Avalon shall ensure that it will provide parent outreach services and meaningfully inform parents with limited English proficiency of important information regarding school matters to the same extent as other parents.

**STUDENTS WITH DISABILITIES**

**Federal Law Compliance**

Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the

**Special Education Program**
All LAUSD-authorized charter schools must adhere to all terms and conditions of the *Chanda Smith* Modified Consent Decree ("MCD") and any other court orders and/or consent decrees imposed upon the LAUSD as they pertain to special education. Charter schools must ensure that no student otherwise eligible to enroll in their charter school will be denied enrollment due to a disability or to the charter school’s inability to provide necessary services. Policies and procedures are in place to ensure the recruitment, enrollment and retention of students with disabilities at charter schools.

Prior to LAUSD Board of Education approval, Ánimo Avalon will execute a Memorandum of Understanding ("MOU") by and between LAUSD and Ánimo Avalon regarding the provision and funding of special education services consistent with the requirements of the LAUSD Special Education Local Plan Area ("SELPA") Local Plan for Special Education.

**SELPA Reorganization**
The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code § 56195.1(a) and intends to continue operating as a single-District SELPA as in the current structure but has created two school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an Option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that have previously executed an Option 3 Memorandum of Understanding ("MOU"), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools will not have a LEA status but will function in a similar role in that each charter school will be responsible for all special education issues including services, placement, due process, related services, special education classes, and special education supports. Charter schools may apply for membership in the Charter-operated Program section of the SELPA. These schools will receive support from a Special Education Director for the Charter-operated Programs.

**Compliance with Child Find Activities: Conversion and Public School Choice (PSC) Schools**
District-authorized conversion and PSC charter schools must conduct Child Find activities for students residing in their pre-charter and/or PSC attendance areas (including private school students), so that students who have or are suspected of having a disability and needing special education and related services are appropriately identified and, if necessary, referred for evaluation in accordance with state and federal law. Conversion and PSC charter schools must distribute the District’s brochure, “Are You Puzzled by Your Child’s Special Needs,“
prominently display the Parent Resource Network poster, and use other District materials to address the search and serve requirement of the law (e.g., “The IEP and You”).

**Modified Consent Decree Requirements**

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith Modified Consent Decree (“MCD”)* and other court orders imposed upon the District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statistically measureable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs (“IEPs”) and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the MCD, student level data requests from District-operated and Charter-operated schools are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s required format and are as follows:

- **End of Year Suspension.**
  
  District ID, CSIS ID, last name, first name, date of birth, gender, grade, date of suspension, number of days suspended, and reason for suspension.

- **STAR – Preliminary and Final. (Including Charter Schools)**
  
  The usual file including District ID.

- **Norm day – 2013**
  
  District ID, CSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- **CBEDS – 2013 (Including Charter Schools)**
  
  All Students enrolled December 1, 2013.
  
  District ID, CSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- **Dropout 2012-13 (Including Charter Schools)**
  
  District ID, CSIS ID, last name, first name, middle name, date of birth, grade, last location, school name and local district.
● Monthly SESAC and Suspension data from non-SIS schools (Including Charter Schools)

● Graduation roster from all LAUSD schools (Including Charter Schools) with 12th grade SWD

The MCD requires charter schools to implement the District’s Integrated Student Information System (ISIS) which is now referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data.

Students Achieving Above Grade Level and “Gifted”
The curriculum at Ánimo Avalon will be focused on providing the appropriate differentiated instruction for different students of varying ability levels, including gifted or talented students. Students achieving above grade level will be identified through standardized test scores, teacher assessments and grades, and benchmark data. Students found to be achieving above grade level will have an opportunity to excel through differentiated instruction in the classroom and enrichment electives. If students request the courses but do not otherwise meet the outlined criteria, the appeal process is detailed in the student-parent handbook.

Students found to be achieving above grade level will have an opportunity to excel through flexible grouping of students within classes, differentiated instruction in the classroom in all subject areas, and Community Service/Leadership courses that allows them to apply their knowledge in authentic contexts to improve Ánimo Avalon. Flexible grouping allows more appropriate, advanced and accelerated instruction that more closely aligns with the rapidly developing skills and capabilities of students above grade level. Differentiated learning classrooms where gifted students reside will be given additional or complementary assignments that challenge their thinking, while adding greater depth and complexity to the curriculum. The Community Service/Leadership courses that the Principal leads will push academically gifted students to apply their intellect to authentic projects that serve to improve Ánimo Avalon’s culture, structure, and environment. Teachers will monitor elective credit courses. Non-completion will be treated as an incomplete elective.

**ACADEMIC CALENDAR AND SCHEDULES**
Charter School shall offer, at a minimum, the number of minutes of instruction set forth in California Education Code § 47612.5, and the number of school days required by Cal. Admin. Code, tit. 5, § 11960.

2 “Education Organizations Call for Greater Attention to Gifted Learners in Middle Schools,” National Association for Gifted Children, 30 July 2009 <http://www.nage.org/index.aspx?id=1027>

**Attendance Requirements, School Calendar and School Time**

Ánimo Avalon Charter Middle School will use a schedule that affords students and teachers the time to do more in-depth studies, projects, experiments, etc. on a daily basis. We also feel that blocking humanities classes will allow teachers to establish a bond with their students and help them to become aware of each student’s strengths and weaknesses more quickly so that we can meet each student’s needs more efficiently. The schedule has been used successfully at Green Dot’s other schools.

Ánimo Avalon will have at least 183 student days and an additional 10 professional development days for its teachers. It will surpass the required number of minutes of instruction as set forth in Education Code 46201. Ánimo Avalon Charter Middle School will require its pupils to be in attendance at the school site at least 80 percent of the minimum instructional time required pursuant to EC Section 47612.5(a)(1). Students at-risk of not meeting the 80 percent requirement will be referred to the Student Attendance Review Team (SART). (See Parent/Student Handbook for more information on SART).

We will use flexible scheduling models to increase interdisciplinary work and meet specific learning needs. We do, however, plan to tailor the schedule as much as possible to the calendar in Los Angeles Unified School District without compromising our academic program. We want to be respectful of those families who will have children in Los Angeles Unified School District and at Ánimo Avalon.

### Bell Schedule

Periods 1 & 2 will be for Humanities courses (English Language Arts and Social Studies), where students will spend an average of 115 minutes (including the 5 minute passing period) per day in this class. This time intensive course will allow for sufficient development of students reading, writing, speaking, and listening skills, through the lens of a social studies curriculum.

The following master schedule shows how courses and teachers align with the daily schedule. We anticipate that all grade levels at Ánimo Avalon will follow this proposed master schedule.

Sports, Clubs and Community Service Activities

Ánimo Avalon Charter Middle School believes that co-curricular sports, clubs and community service activities are central to an effective education.

Sports

Depending on student interest and sufficient fundraising, we aim to eventually offer a variety of boys’ and girls’ sports. Based on the operating history of other Green Dot schools, sports are offered as early as the school’s first year of operation (typically one boys and one girls sports team in the first year). Additional sports are offered in subsequent years based on student interest and demand. Practice and game facilities are secured through partnerships with local parks, recreation centers, Boys and Girls’ Clubs, and in some cases, District facilities.

Clubs

Ánimo Avalon will offer a variety of activities outside of the academic program. Depending on student interest and budgetary constraints, this may include backpacking trips, ropes courses, Model United Nations, debating teams, Junior Statesmen, chess club, and other student-initiated activities. We plan to take advantage of charter status flexibility in adjusting our schedule to allow these activities. Based on the operating history of other Green Dot schools, several clubs are in the school’s first year of operation and are expanded in subsequent years based on student interest and demand.

A “Typical Day” at the Charter School – What a Visitor Should Expect to See When the School’s Vision is Being Fully Implemented

Students begin arriving at school at 7:30 a.m. and are greeted by an Administrator and Office Assistant. The school environment is a small, safe school that allows teachers and staff to provide individualized attention and prepare students for high school, college, leadership and life.

Our master schedule is designed to meet the needs of our students. Our curriculum and focus on the California content standards and Common Core standards provide a rigorous and well-rounded education. In order to ensure our students are successful, we have incorporated inventions into our daily schedule, including reading and math support, Read 180, and an Advisory course. Our Advisory course allows students to create a one-on-one relationship with their teacher and also is a conduit for college readiness, leadership development and overall youth development.

In each classroom, students will be taught by a highly qualified teacher that will utilize a variety of instructional techniques to ensure students understand and master the material. Teachers will facilitate collaborative learning environments where high expectations for academic performance are maintained and supported through the use of a variety of instructional strategies, scaffolding and explicit modeling.

Learning continues after the school bell rings through after-school enrichment programs, tutoring, student-run clubs and competitive sports. Students may be hosting a performance. Parents may be hosting a parent meeting or attending “coffee with the principal” to hear updates about the school, provide feedback and/or attending a parent education workshop.

Green Dot is recommending that, in addition to passing the required number of courses appropriately distributed, graduating students complete a capstone 8th grade project that demands evidence of student learning for their three years of education at Ánimo Avalon, demonstrating their proficiency in the goals we have set for students:
- Ability to show leadership in the community setting
• Demonstration of problem-solving skills
• Showing respect for differences among people and cultures
• Confidence in academic ability and interpersonal relations
• Evidence of working cooperatively and negotiating effectively with others

This is designed to be an open-ended project which students are given flexibility in their choice of activities for the capstone project, and we envision that students will complete this assignment with creativity and enthusiasm. By the end of their 8th grade year, such students will present a portfolio documenting their learning growth and acquisition of skills such as:
• Reading, writing, and mathematical competency
• Academic rigor of synthesis, analysis, and evaluation
• Technological acumen
• The ability to work in a team setting
• Initiative, perseverance, and motivation

**MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM**

As Ánimo Avalon Charter Middle School becomes more familiar with its target student population, Green Dot’s Management Team and its Board of Directors may create internal school-wide performance goals that may be modified over time.

**Benchmarks To Be Met**
The achievement of Ánimo Avalon will be measured in both growth and absolute measures and will be compared to the achievement of selected District schools that are similar in demographics and other characteristics (e.g., proximity to school, incoming student performance).

**I. Comparison Schools**
Ánimo Avalon will analyze the school’s academic performance by using publicly available data to compare the academic achievement of its students to the academic achievement of comparison
District schools, and ensure that Ánimo Avalon is also serving similar demographic characteristics as LAUSD neighborhood schools.

II. Benchmarks To Be Met
Ánimo Avalon will set targets aligned with state accountability around CST proficiency and API scores. Ánimo Avalon will strive to achieve these set targets and expects to be held to the same accountability standards as District schools.

Delineation of When and How Pupil Outcomes will be Assessed
College-prep, rigorous assessments that are aligned to state content standards and Common Core standards will be provided to all Ánimo Avalon students. Teachers will be trained to use the Backwards Design Model for developing instructional units. This model requires teachers to use the state standards and Common Core standards as a starting point for curriculum development. By adhering to this model, Ánimo Avalon will ensure that student report card grades measure the level of student mastery of content standards and Common Core standards. Teachers will also use student achievement results on assessments to determine areas for re-teaching. Teachers will meet at least once a semester to examine student work using protocols to assess student levels of proficiency with regards to standards. Teachers will use student performance on weekly and quarterly assessments to guide their planning and instruction.

Ánimo Avalon will rely heavily on data collected from assessments to personalize learning for each student and to ensure proper placement in classes. Incoming 6th graders take placement exams (one in reading, and one in math) during the summer. The reading test is taken from Read 180, a standards-aligned reading acceleration program, and this test determines a student’s lexile level so that Ánimo Avalon can determine which students are reading at a Basic, Below Basic, or Far Below Basic level. The Green Dot Math Diagnostic test is used to determine Algebra readiness. Students who score Basic, Below Basic, or Far Below Basic on the reading assessments are placed in a year-long Read 180 course to support them in language arts. Students who Basic, Below Basic, or Far Below Basic on the math assessments may be placed in a course specially designed to support them in their math classes.

Ánimo Avalon will use interim assessments aligned to benchmark student progress in core areas including English, Math, Science and History. This program includes pacing guides, exams, a variety of data reports and analysis of student scores. The goals of the program are listed below:

- Provide the ability for schools to track individual student progress
• Create common assessment tools across the organization that allow teachers to use common data to inform instruction
• Create the opportunity for collaboration amongst teachers so that best practices can be shared across the organization
• Provide multiple opportunities for students to get accustomed to standardized testing

Ánimo Avalon agrees to the following:
• All teachers must administer benchmark exams.
• Teachers can give each benchmark exam anytime during the window.
• All teachers must agree to follow the blueprints/pacing guides for all benchmark exams.
• All teachers will participate in collaboration days to share reflections on their data and collaborate on next steps for unit planning.
• Ánimo Avalon administrators must help teachers devise a plan for sharing benchmark data with students and parents.
• Ánimo Avalon administrators must monitor the implementation of next steps devised by teachers after benchmark data is received.

Ánimo Avalon staff will also use data from state assessments, diagnostic assessment (e.g. Read 180, Math Diagnostic) and classroom assessments on a quarterly basis to inform instruction and student placement. Ánimo Avalon will use all of these indicators to monitor student growth and school progress. The staff will analyze student achievement data to determine the areas of highest need and to develop specific goals and steps to be taken to increase student achievement. Each department will set goals at the beginning of each year to determine steps to be taken to achieve the goals. For example, after reviewing state test data, the math department may set a goal to increase the number of students in the “Advanced” category in Algebra by 15%. The department then establishes steps to take, including resources to be used, to help them reach this goal. In addition, the review of student grades each quarter leads to discussions about the types of assessments each teacher uses as well as the ways in which teachers are grading.

Student achievement and assessments will also be discussed during department meetings and grade level meetings. The master schedule aims to provide all teachers in a department with a common planning period so they can meet weekly to collaborate. Additionally, departments/grade levels will meet on early release Fridays to discuss progress towards department goals and curriculum pathways. Each grade level will function as a Student Success Team that collaborates to develop individualized intervention plans for struggling students and/or high achieving students in need of a challenge. Administrators, counselors, teachers, parent and clinical services personnel will also be invited to participate in the Student Success Teams to ensure students are receiving the support they need to be successful.

Green Dot believes a critical piece to student success is a student’s ability to assess his/her own work against set standards. Plan, Do, Study, and Act (described in further detail in Element 3) are the steps used by staff when creating unit plans and daily lesson plans. This technique is founded on the notion that teachers must clearly define what they expect students to learn if students are to achieve at high levels. Students must have visible targets for work, be able to evaluate their own work, and set goals for their own effort.
Identification of Who will be Accountable for Student Progress
Green Dot will hold the principal of Ánimo Avalon ultimately accountable for the success of the school and student performance. By implementing the Green Dot school model, the Ánimo Avalon staff will be data-driven, results-oriented and accountable for student progress in the classroom. The culture at Ánimo Avalon will be based upon constant reflection and improvement.

As required under No Child Left Behind (“NCLB”), Ánimo Avalon will work with its staff to insure that all students have full access to the curriculum and that each subgroup in the school is making meaningful progress towards meeting all of the standards. Ánimo Avalon will implement all provisions of NCLB that are applicable to charter schools, including the use of effective methods and instructional strategies that are based on scientific research that strengthens the core academic program, meeting its Adequate Yearly Progress goals, publicly reporting the school’s academic progress and reaching and teaching students with a diversity of learning styles. Ánimo Avalon may also implement extended learning for students falling behind who need extra help. Ánimo Avalon will participate in all assessments required by the State of California. Furthermore, Ánimo Avalon will be a WASC accredited school.

Green Dot’s education team conducts program reviews annually with each school where academic and cultural outcomes are assessed and a strategic plan is put in place to ensure targets will be met. Green Dot uses student performance data as a cornerstone of its management of its schools and provides extensive development to school leadership and staff so that each school will consistently improve and surpass the goals outlined within its charter petition.
ELEMENT 3: METHOD BY WHICH PUPIL PROGRESS TOWARD OUTCOMES WILL BE MEASURED

CA Education Code 47605 (b) (5) (C)
The method by which pupil progress in meeting those pupil outcomes is to be measured.

Student Assessments
Aligned with its firm belief in accountability, Green Dot schools have rigorous assessment and goal-setting programs to measure students’ proficiency levels and ensure that each student is making progress toward becoming a responsible, well-educated adult. Students are assessed regularly from the time they enter the school through graduation and teachers monitor their progress closely. The following assessments are currently used at Green Dot’s existing schools:

- **Placement exams**: All incoming enrolled students are given placement exams in order to determine proficiency levels in math and reading. Comparable tests are given at the end of the year to measure progress. The CELDT exam is administered at the beginning of the year to determine English language proficiency for those whose first language is not English. CELDT is administered annually until students are designated English fluent.

- **State-Required Standardized Tests**: All state-required tests including Common Core tests, the CSTs and CELDT, are given and analyzed closely. 5th grade scores for incoming 6th grade students are gathered after enrollment so that growth can be compared.

- **Green Dot Interim Assessments**: Green Dot schools will use interim assessments to assess student mastery of standards, norm teaching practices across schools, and drive teacher reflection and improvement of practice.

- **Traditional Classroom Assessments**: Quizzes, essays, projects and exams are delivered regularly in classes.

- **Other Assessments**: Students are also measured regularly in non-curricular areas such as class attendance and discipline.

Green Dot uses two data and information management systems (PowerSchool and Data Director) to track students’ progress on classroom and state standardized assessments. Teachers critically analyze student data, identify strengths and weaknesses, and develop individualized learning plans for their students. Goals are clearly communicated to students and parents on a regular basis. Assessments and data analysis help administrators and teachers improve instruction.

Student performance will also be measured in non-curricular areas such as class attendance and discipline. For example, Ánimo Avalon will actively track each student’s attendance and conduct.

**STANDARDIZED TESTING**

Charter School agrees to comply with and adhere to the State requirements for participation and administration of all state mandated tests. If Charter School does not test (i.e., STAR, CELDT, CAHSEE) with the District, Charter School hereby grants authority to the state of California to provide a copy of all test results directly to the District as well as Charter School.
Methods to Ensure that All Statewide Standards are Met and Pupil Assessments Conducted

The philosophy of Ánimo Avalon, Green Dot schools, Green Dot board members, and community stakeholders is that we will work together to set specific and measurable goals to ensure that all Green Dot schools meet their obligations with regard to student performance and school operations in order to support ongoing learning and improvement. Goals and objectives to ensure that students meet statewide standards for academic performance will involve the following four-step process—Plan, Do, Study, Act.

- **PLAN: Setting measurable standards and goals:** Staff has identified what students should know (content standards) and what they should be able to do (performance standards) in all learning areas at critical points in their education. Steps in this process include: reviewing the school's mission, purpose, and expectations, reviewing state and district standards, developing exit outcomes and graduation standards, and listing specific academic outcomes that students will demonstrate in each subject area, grade, or skill level.

- **DO: Linking standards to curriculum and assessment:** Standards, curriculum, and assessment are aligned with each other, with state guidelines, and with the school's educational goals. Professional development includes training in the use of data-driven decision making, and educators review the alignment of assessment and curriculum with the state content standards at least twice a year.

- **STUDY: Measuring student performance and monitoring progress toward goals:** Progress is objectively measured by the annual statewide assessments for each grade. Classroom teachers may also measure achievement using the interim benchmark assessments and classroom performance assessments. Progress is communicated to parents on a regular basis. Progress reports are issued quarterly and parents have daily access to student grades on PowerSchool.

- **ACT: Using the data to identify strengths and areas of improvement:** Staff will set baseline expectations for incoming students (e.g., information from previous assessments), recommend additional support if needed, administer all assessments, including school, district, and state-required testing (e.g., CST, proficiency tests), develop evaluative comparisons with similar populations using disaggregated data, set priorities for professional development, and assist with the allocation of resources.

In addition, Ánimo Avalon will have a performance scorecard developed by Green Dot in order to measure the performance of all stakeholders in the school. The scorecard includes teacher, parent and student surveys, which are part of the matrix shown below:

**Grading Policy**
Ánimo Avalon is committed to providing a California state standards and Common Core-based education for each of its students, and exhausting our resources to provide academic intervention to support achievement at or beyond proficiency for all students.
Green Dot requires that all of its teachers publish a grading policy for each course. Teachers publish course grading policies in each course’s syllabus and review the grading policy with the school site principal for approval. As with other Green Dot schools, Ánimo Avalon’s Principal will work with teachers and departments to align grading policies across the school site. Each school and course generally adheres to the following standard grading policy: 1) Students are given letter grades for assignments and courses whereby scores between 90-100 receive an “A” grade, scores between 80-89 receive a “B” grade and so on; and 2) Courses typically assign a percentage of a student’s total course grade to each of the following categories: homework, quizzes, mid-terms, finals, and class projects. A “typical” class will assign 15% of the total course grade to homework, 20% to quizzes, 20% to mid-terms, 30% to final exams, and 15% to class projects such as portfolios, presentations, or other authentic assessments. (Please see the Parent-Student Handbook for more information on the grading policy).
ELEMENT 4: GOVERNANCE

CA Education Code 47605 (b) (5) (D)
*The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parent involvement.*

GENERAL PROVISIONS

As an independent charter school, Ánimo Avalon, operated as or by its nonprofit public benefit corporation, is a separate legal entity and shall be solely responsible for the debts and obligations of Charter School.

The Board however, retains ultimate responsibility over the performance of those powers or duties so delegated. Such delegation will: be in writing; specify the entity designated; describe in specific terms the authority of the Board of Directors being delegated, any conditions on the delegated authority or its exercise and the beginning and ending dates of the delegation; and require an affirmative vote of a majority of Board members.

Additionally, a School Advisory Board made up of the Principal, teachers, staff and community members will exist in order to help with the day-to-day decisions occurring at the school site level.

School Advisory Board
There will be numerous opportunities for students and parents to participate in the implementation and growth of the school and learn about leadership. Students will be encouraged to help design and assist in the administration of many school programs, including the disciplinary process, student recruiting, all-school meetings, and the school newspaper.

Parents will be treated by staff members as collaborators in the educational process. The Advisory Board, comprised of parents, teachers, classified staff, students, community representatives, and administrators, will also recommend policy to Green Dot management. The composition of the School Advisory Board may include: the Principal, 4 teachers, 1 classified staff member, 3 parents and 3 students. The School Advisory Board will meet monthly. The committee, which she chaired for 4 years, oversaw impressive improvement in the recruitment of highly qualified teachers. Ninety-four percent of the District's new hires now meet the State's definition of highly qualified compared to 64 percent of new hires in 2002/03.

Ms. Canter began her career in education as a special education teacher at Alta Loma Elementary School. She went on to co-found and serve as the co-CEO of Canter & Associates, now Laureate Education, Inc. Reed's career has engaged him in a broad range of legal issues — from authoring billions of dollars in voter-approved school bond measures, to defending the use of a probabilistic seismic hazard model to estimate earthquake losses, to election law, to employment, labor and government law. He led collective bargaining at LAUSD and was a principal architect of a pathbreaking "pilot school" agreement with the LAUSD teacher's union. His career has focused on constitutional issues and civil rights, from his days litigating police abuse and housing discrimination cases to his work with the school district's historic efforts to relieve overcrowding at schools in low-income neighborhoods, to his current work advising the UCLA senior leadership in their efforts to foster diversity and create opportunities for underrepresented
minorities in one of the nation's premier public universities.

Her philosophy champions union/management collaboration that puts students first. Ánimo Avalon will select a staff while complying with State and Federal regulations. Green Dot schools have a rigorous national recruitment process. We advertise or plan to advertise in publications such as Los Angeles Times, Association of California School Administrators, National Association of Secondary Principals, EdWeek, and the Chronicle of Higher Education. We also employ internet resources such as Ed-Join and MonsterTrak.

**Process for Staff Selection**

The principal is the main person running the school and Green Dot takes extensive care to select the most qualified and dedicated principal. Green Dot will use its extensive relationships with a number of universities and other channels for attaining high quality principals who possess a Tier I administrative credential. Historically, Green Dot has had pools of 40-100 candidates apply for Green Dot principal positions. Additionally, Green Dot is developing leaders within its own organization (counselors and assistant principals) through the Administrators-in-Residence Program.
The first step in the process of hiring a Green Dot principal is an interview with the school’s Cluster Director. Next, the candidate makes a model professional development presentation and produces an on-demand writing sample. Third, the candidate watches a short video of a teacher’s lesson and then debriefs with the Cluster Director on feedback and next steps for support to be given to that teacher; and on the same day the candidate spends a half-day shadowing a current Green Dot principal. Next, references from past employers are thoroughly checked. Finally, the candidate has an interview with 3 members of Green Dot’s executive management, and if approved, may then be offered a contract.

The steps for hiring an assistant principal are similar. The most important difference is that the hiring is done by the school’s principal, not by Green Dot’s executive management. Assistant principals must meet the qualifications listed above and must show the ability to lead professional development, write effectively, and coach teachers.

During its teacher selection process, Green Dot’s Human Capital department will do the following:

- Research and establish job qualifications, including a list of position-specific criteria to be given to qualified applicants
- Announce openings
- Recruit applicants from a broad pool of applicants
- Request an application, resume, references, records of experiences, credentials, licenses, etc.
- Have applicants complete an online competency assessment
- Complete a phone screen if applicants meet the Green Dot standard
- Complete an in-person competency assessment if applicants meet the Green Dot standard
- Complete a reference check if applicants meet the Green Dot standard
- Give all teaching candidates a standard interview that measures teaching aptitude in an urban setting
- Arrange that candidates be interviewed at the school site by stakeholders
- Have final teacher candidates teach a demonstration lesson that must be student-driven and exhibit a strong command of the subject area
- Ensure that all candidates pass drug screening, TB and background checks

Like every other Green Dot school, Ánimo Avalon, during its classified staff selection process, will do the following:

- Work with Human Capital to determine necessary hires
- Announce openings
- Recruit applicants from a broad pool of applicants
- Request an application, resume, references, records of experiences, credentials, licenses, etc.
- Verify previous employment and check references of interviewed candidate(s)
- Verify TB and DOJ clearances

The Principal will be responsible for the ultimate hiring decision and for yearly review of all school-based employees.

ELEMENT 7: MEANS TO ACHIEVE RACIAL AND ETHNIC BALANCE

CA Education Code 47605 (b) (5) (G)

The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

Every effort will continue to be made to reach out to the students and families in our attendance areas during recruitment as well as all segments of the community that are reflective of Los Angeles Unified School District. We expect to hold several informational meetings during winter and spring of each year, where we will share information about Ánimo Avalon with families and their children, how the application process will work and the random public lottery which would be held if the applications exceed capacity. These methods have proved very successful at Green Dot’s existing schools and Green Dot will continue to make efforts to comply with the Crawford order.

While open to all students, Ánimo Avalon will seek to serve the students who reside in the South Los Angeles area. The community-based recruiting effort will be from November through February and may include (1) direct middle school recruiting, including Gompers Middle School, Markham Middle School and Drew Middle School—Ánimo Avalon hopes to make classroom presentations at the public feeder schools and must obtain prior approval from the school site administrator and private schools that serve the attendance area; (2) mailings—Ánimo Avalon intends to send out flyers to area families informing them of the option to apply; (3) open house meetings—Ánimo Avalon will host numerous open houses throughout the recruiting period to inform parents about the school; (4) community partnerships—Ánimo Avalon will work community leaders to “get the word out” about the school; (5) community (“precinct”) walks—Ánimo Avalon may go door to door, talk to families, and hand out applications; and (6) direct advertising—Ánimo Avalon may advertise in local media, including Spanish-language newspapers (La Opinion, Hoy and Classificados), neighborhood newspapers, church bulletins and the like. All information, collateral, meetings, and communications will be made in English and Spanish and any other language Ánimo Avalon deems appropriate based on the needs of the community. We believe these outreach efforts will attain a racial and ethnic balance at Ánimo Avalon reflective of the surrounding community and LAUSD.

The charter school shall maintain an accurate accounting of the ethnic and racial balance of students enrolled in the school along with documentation of the efforts the school will make to achieve racial and ethnic balance in accordance with the charter petition and standards of charter legislation. Ánimo Avalon will use the PowerSchool software program to track demographic information on each individual student.

COURT-ORDERED INTEGRATION

Charter School shall comply with all requirements of the Crawford v. Board of Education, City of Los Angeles court order and the LAUSD Integration Policy adopted and maintained, pursuant to the Crawford court order, by the District’s Student Integration Services (collectively the
“Court-ordered Integration Program”). The Court-ordered Integration Program applies to all schools within or chartered through LAUSD.

Charter School has set forth below its initial plan for achieving and maintaining the LAUSD’s Racial and Ethnic Balance goal of a 70:30 or 60:40 ratio. *(Ratio represents the percentage of Predominantly Hispanic Black Asian Other (PHBAO) compared to Other White (OW)).* The written plan lists specific dates and locations of recruitment activities that Charter School will undertake in order to achieve the District’s Racial and Ethnic Balance goal. Charter School shall monitor the implementation and outcomes of the initial plan, and modify it as necessary to achieve its goals. Upon request, Charter School shall provide the District with a copy of its current written plan.

The District receives neither average daily attendance allocations nor Court-ordered Integration Program cost reimbursements for charter school students. Instead, the District now receives the Targeted Instruction Improvement Grant (TIIG) for its Court-ordered Integration Program. The District retains sole discretion over the allocation of TIIG funding, where available, and cannot guarantee the availability of this funding.

See Appendix for Ánimo Avalon’s Court-Ordered Integration Plan.

No Child Left Behind-Public School Choice (“NCLB-PSC”) placement with charter schools is an alternative strongly encouraged by the No Child Left Behind Act of 2001 (“NCLB”). Ánimo Avalon agrees to discuss with the District the possibility of accepting for enrollment District students participating in the District’s NCLB-PSC program. The parties agree to memorialize separately any agreed-to number of NCLB-PSC placements of District students at the charter school.

As required under NCLB, all NCLB-PSC students attending Ánimo Avalon shall have the right to continue attending Ánimo Avalon until the highest grade level of the charter. However, the obligation of the District to provide transportation for a NCLB-PSC student to Ánimo Avalon shall end in the event the NCLB-PSC student’s resident District school exits Program Improvement status.

Ánimo Avalon shall ensure that all of its NCLB-PSC students are treated in the same manner as other students attending Charter School. NCLB-PSC students are and will be eligible for all applicable instructional and extra-curricular activities at Charter School. Ánimo Avalon shall make reasonable efforts to invite and encourage the participation of the parents of NCLB-PSC students in the activities and meetings at Charter School.
Determination of student eligibility for this NCLB-PSC option, including the grade level of eligibility, will be made solely by the District, based on the District’s NCLB-PSC process, guidelines, policies and the requirements of NCLB. In the event demand for places at Ánimo Avalon under the NCLB-PSC program increases in subsequent years, Ánimo Avalon agrees to discuss with the District the possibility of increasing the number of NCLB-PSC places available at Charter School.

ELEMENT 8: ADMISSION REQUIREMENTS

CA Education Code 47605 (b) (5) (H)
Admission requirements, if any.

Ánimo Avalon will admit all pupils who wish to attend the school as per Education Code section 47605(d)(2)(a). If the number of pupils who wish to attend our school exceeds capacity, enrollment shall be determined by a random public drawing. Existing students will be exempt from the public random drawing. Preference shall be given to students whose families provided volunteer help in establishing the school (“founding families”)\(^4\), Green Dot employees working at Ánimo Avalon\(^5\), and students who live within LAUSD boundaries per Education Code section 47605(d)(2)(B)\(^6\).

**McKinney-Vento Homeless Assistance Act**

Charter School shall adhere to the provisions of the McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. Charter School shall provide specific information, in its outreach materials, websites, at community meetings, open forums, and regional center meetings, that notifies parents that the school is open to enroll and provide services for all students, and provides a District standard contact number for access to additional information regarding enrollment.

Ánimo Avalon is committed to serving all students, including academically low-achieving, economically disadvantaged students. As with other Green Dot schools, Ánimo Avalon tailors its student recruiting efforts and student enrollment processes to attract all students, including those classified as low-achieving and economically disadvantaged. All of the methods outlined in Element 7 are reflective of this mission. Specific activities that will be employed by Ánimo Avalon include: use of English and Spanish collateral; extensive grassroots marketing; simple, easy to use and easy to understand forms and brochures; removal of any language/messaging that may traditionally deter underserved student populations.

Ánimo Avalon will determine enrollment based on a random public lottery should the number of pupils who wish to attend our school exceed capacity. Written information may also be given to each interested party. Each family showing interest will be sent/asked to complete a short application requesting contact information. No test or assessment shall be administered to students prior to acceptance and enrollment into the school. Should Ánimo Avalon receive more than 200 applications (the 6\(^{th}\) grade capacity in the Green Dot school model) before the deadline,

---

\(^4\) During periods of eligibility for the Public Charter Schools Grant Program (“PCSGP”), this preference, combined with the preference for children of teachers, will not to exceed 10% of total enrollment, and the students will be exempted from the public random drawing.

\(^5\) During periods of eligibility for the PCSGP, this preference will be limited to children of teachers, not to exceed 10% of total enrollment (combined with the founders preference), and the students will be exempted from the public random drawing.

\(^6\) During periods of eligibility for the PCSGP, this preference will be given a 2:1 weighting, unless otherwise agreed with the District.
A random lottery will be held. At the 6th grade lottery, a presentation will be made in English and Spanish to all interested parties about the lottery process and rules. Each applicant’s name will be assigned a number. Each number will be put on a card. Each card will be equal in size and shape. The card will then be put into a container or lottery device that will randomly mix all cards. A random drawing will occur, and the first 165 numbers chosen are accepted to the school. Once the student list has been set, a waiting list will be developed for those students still wishing to enroll should space become available in the 6th grade or other grade as vacancies occur. Waitlist ranking will be assigned in the order selected. Two separate observers will collect lottery cards and enter into an electronic database the results. The database will be doubled checked to the physical cards to ensure accuracy. The database will be made public as soon as practically possible, both online and posted in public locations. Letters and follow up phone calls to families on the waiting list will also be made by Green Dot employees. All lottery cards and databases will be kept on file by the school or Green Dot. During the school year if vacancies should arise, the school will notify families on the wait list to see if they would like to enroll. Typically 3 separate calls on 3 different days are made, with accompanying documentation; if families do not respond within 7-10 days, they are removed from the wait list and the next family is contacted.

Ánimo Avalon anticipates that the open enrollment period will occur during the winter and spring of each year with the lottery taking place (if necessary), no later than June 30th. The lottery will be held at the school or a large community center, church, auditorium, or any public venue capable of seating all applicants comfortably. The lottery will take place on a weekday evening or weekend morning to ensure all interested parties will be able to attend.

Ánimo Avalon reserves the right to select more than 200 students for admission at the discretion of the principal to ensure the school’s overall enrollment is stable. Should the principal elect to enroll greater than 200 students in the 6th grade, an announcement will be made at the lottery and additional students will be enrolled based the lottery and the methods described above. The capacity of the School will be set annually by the Principal and approved by the Green Dot Management Team. Once admitted, registration forms for students who are admitted will also gather the following: proof of immunization; home language survey; completion of emergency medical information form; proof of maximum age requirements; and release of records.

**NON-DISCRIMINATION**

Charter School shall not require a parent/legal guardian/student to provide information regarding a student’s disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences set forth in this Charter.
Charter School shall not request or require submission of a student’s IEP, 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

Green Dot Public Schools' management shall annually oversee the selection of a reputable independent auditor and the completion of an annual audit of Ánimo Avalon’s financial books and records, including attendance. This audit will be conducted in accordance with the applicable Generally Accepted Accounting Principles, and will verify the accuracy of Green Dot Public Schools’ and Ánimo Avalon’s financial statements (including their Balance Sheets, Income Statements and Cash Flow Statements), attendance and enrollment accounting practices, and review internal controls. To the extent required by law, the scope of this audit will be expanded to include any relevant items or processes identified by the Office Management and Budget such as Circular A-133.

The Audit Committee, which is made up of Green Dot Management and the Green Dot Board members will review any audit exceptions or deficiencies and report recommendations to Green Dot’s full Board as to how these have been, or will be, resolved. Ánimo Avalon will act upon these recommendations, and report its actions to Los Angeles Unified School District. ELEMENT 10: SUSPENSION AND EXPULSION PROCEDURES

CA Education Code 47605 (b) (5) (J)
The procedures by which pupils can be suspended or expelled.

GENERAL PROVISIONS

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District’s Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School’s student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

Students shall not be suspended or expelled for academic failure. Students shall only be suspended or expelled for actions as defined by Element 10 of the charter petition and the Ánimo Avalon Parent-Student Handbook.

The discipline policy of Ánimo Avalon will be reviewed with students and parents upon admission to Ánimo Avalon and the signing of the Parent-Student Handbook. By signing the Parent-Student Handbook, the students and parents acknowledge their understanding of and their responsibility to the standards set forth in the student discipline policy. The student discipline policy will define student responsibilities, unacceptable behavior, and the consequences for noncompliance. Ánimo Avalon’s student discipline policy has been established in order to promote learning and protect the safety and well-being of all students at the school. Green Dot and Ánimo Avalon administrators have reviewed the suspension and expulsion portion of the California Education Code prior to preparing the procedures and the list of enumerated offenses for which a pupil may/must be suspended or expelled. This policy and procedures has been prepared to provide due process to all students. The list of offenses and procedures provide adequate safety for students, staff, and visitors to the school and serves the best interests of the school’s pupils and their parents/guardians. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. The student discipline policy will clearly describe
discipline expectations, and it will be printed and distributed as part of the Parent-Student Handbook which is signed by each family upon enrolling at the beginning of the school year.

Green Dot has a progressive discipline plan in placed at each of its schools. This plan is published at the beginning of each school year in the Parent-Student Handbook. The plan includes day-to-day discipline including, school detentions, in-school suspensions, Saturday schools, disciplinary probation, and guidelines for suspension and expulsion.

Disciplinary options available to the teachers include: warning, detention, parent-teacher communication, counseling referral, written assignment, and discipline referral to the Principal.

**Progression of Disciplinary Procedures**
Teachers are responsible for the day-to-day discipline in their classrooms within the understanding that teachers have many different roles beyond just disciplinarian. Teachers work with their students to meet their individual needs and work together to find a common ground in the classroom, to ensure that learning can take place. Disciplinary options available to the teachers include: warning, detention, parent-teacher communication, counseling referral, written assignment, and discipline referral to the Principal.

**Teacher Detention**
Prior to suspensions and expulsions, students may receive any or all of the following: warnings, detentions, phone calls home, parent conferences, and a behavior contract. Any teacher may assign a teacher’s detention to a student.

**Offenses That May Result in a Teacher’s Detention**
As a general rule teachers assign a Teacher Detention for minor classroom misconduct such as: chewing gum, passing notes, making noises, minor inappropriate conflicts with others, or cheating. Repeated violations by individuals will be referred to the Principal. When there is a serious violation of the rules, the student will be referred to the Principal. A serious violation may include any violation listed under Suspension or Expulsion section included below.

**Administrative Detention**
These detentions are typically held after school. During the detention period, students are to sit quietly. No activity such as listening to music, sleeping, etc. is permitted. This detention is served after school and may consist of writing an assignment, sitting quietly in a classroom or assisting with cleaning of the campus. School events, activities or athletics are not valid reasons for missing a detention.

After a student is given a school detention, the student’s parent/guardian may be notified by telephone by the Principal or designee. Green Dot Public Schools will use a progressive discipline system as defined in this handbook to intervene in student behavior.

A serious offense may include any violation listed under Suspension or Expulsion section.
**Suspension**

Suspension is intended to remove the student from peers and the class environment. This separation provides the student time to reflect on his or her behavior and a possible pattern of behavior that will be more positive, as well as to protect the student body as a whole from dangerous and disruptive behavior.

A student serving *on campus suspension* reports to school at the regular time in full uniform. Each teacher will give the student written assignments that he or she must complete under the direct supervision of the Principal or designee. The student will not attend any classes or go out for break. The student will eat lunch in the assigned room.

Whether suspension occurs in school or out, the maximum number of consecutive days a student may be suspended five (5) days, unless the suspension is extended pending an expulsion hearing with the Discipline Review Board.

Students on suspension pending an expulsion hearing may request that academic work be made available for pick up at the office.

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal’s designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil’s parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil’s parent or guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following
suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

**Suspension/Expulsion Offenses**

**Student Discipline Review Board**
The Discipline Review Board (“DRB”) is an advisory committee to the Principal and is comprised of administrator(s) and teachers. Members of the Board may be nominated, elected, or appointed teachers. The Principal convenes the board when needed, is Chair, and is a non-voting member. It is the responsibility of the Principal to have available all pertinent materials for each gathering.

The DRB convenes when a student commits a serious violation of the discipline code or has broken the terms of his/her particular contract (Attendance/Academic, Personal, Discipline). It may recommend disciplinary action, terms of probation, suspension duration, and withdrawal from the school or expulsion. The school should schedule the DRB conference when it issues the suspension paperwork. While it is important that all evidence is collected in advance of the DRB, the conference must occur before the student returns to school at the end of the suspension period. **While five (5) school days is the maximum initial suspension allowed; following the conference, such a suspension may be extended pending the results of a DRB hearing.**

**Expulsion – Dismissal from School**
A student may be dismissed from Green Dot Public Schools for any of the violations listed above in the section titled: “Suspension/Expulsion Offenses,” upon recommendation by the Principal and after a hearing in front of Green Dot’s Home Office Discipline Review Panel.

Upon a recommendation of Expulsion by the Principal or designee, the pupil and the pupil’s guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Principal or designee upon either of the following: 1) the pupil’s presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil’s suspension will be extended pending the results of an expulsion hearing. Students shall not be suspended for more than a total of twenty (20) school days in a year, unless a suspension has been extended pending an expulsion hearing.

It is a federal mandate (Federal Gun Free Schools Act of 1994) that a school expel, for a period of not less than one year (except on a case-by-case basis), any student who is determined to have brought a firearm to school. The following violations shall result in an immediate suspension and a recommendation for expulsion:

- Brandishing a knife at another person,
- Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to
possess the firearm from a certificated school employee, which is concurred in by the
principal or the designee of the principal,

Section 48900 of the California Education Code or committing a sexual battery as defined
in subdivision (n) of Section 48900 of the California Education Code.

A student may not be suspended or expelled for any misconduct unless that act is related to
school activity or school attendance occurring within a school under the jurisdiction of the
superintendent or occurring within any other school district and that act occurs at any time,
including, but not limited to 1) while on school grounds, 2) while going to or coming from
school, 3) during the lunch period whether on or off the campus, or during or while going to or
coming from a school-sponsored activity.

a hearing before it. The Home Office Discipline Review Panel should consist of at least three
members who are certificated and neither a teacher of the pupil or a Board member of the
Charter School’s governing board.

**Expulsion Procedures**
Students recommended for expulsion are entitled to a hearing to determine whether the student
should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30)
school days after the Principal or designee determines that the Pupil has committed an expellable
offense.

The hearing shall be held in closed session (complying with all pupil confidentiality rules under
FERPA) unless the Pupil makes a written request for a public hearing three (3) days prior to the
hearing.

Written notice of the hearing shall be forwarded by the Principal or designee to the student and
the student’s parent/guardian at least ten (10) calendar days before the date of the hearing. Upon
mailing the notice, it shall be deemed served upon the pupil.

The hearing will proceed. A record of the hearing shall be made and may be maintained by any
means, including electronic recording, as long as a reasonably accurate and complete written
transcription of the proceedings can be made.

The final decision by the Green Dot’s Home Office Discipline Review Panel shall be made within
ten (10) school days following the conclusion of the hearing.

If a student is recommended for expulsion and the student receives or is eligible for special education, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement, pending the completion of the expulsion process, to be coordinated with the LAUSD Special Education Service Center.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and Section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team, including a District representative, will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
B. Was the misconduct a direct result of the Charter School’s failure to implement 504?

**NOTIFICATION OF THE DISTRICT**
Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
- copy of parental notice of expulsion hearing
- copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- if the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- if the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
  B. Was the misconduct a direct result of Charter School’s failure to implement 504 Plan?

Notwithstanding the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the Superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code 49068 (a) and (b).

Classified employees at Green Dot schools have organized as the Ánimó Classified Employees Association, an affiliate of the CTA. Green Dot’s first comprehensive agreement with the ACEA was approved by the Green Dot Board of Directors in May 2009 and will become effective July 1, 2010.

Employee Compensation, Work Year and Hours of Employment
Certificated employees at Ánimó Avalon will be paid according to the pay scale that has been agreed upon between Green Dot and AMU, unless otherwise agreed upon between Green Dot, and AMU. Ánimo Avalon shall adhere to the following requirements regarding the transfer and maintenance of school and student records:

1. Charter School shall provide the District with original student cumulative files and behavior records pursuant to District policy and applicable handbook(s) regarding cumulative records for secondary and elementary schools for all students both active and inactive, of Charter School. 7. Charter School shall ensure that all records are boxed and clearly labeled by classification of documents and the required duration of storage.

Financial Close-Out

After receiving notification of closure, the CDE will notify the charter school and the authorizing entity of any liabilities the charter school owes the state, which may include overpayment of apportionments, unpaid revolving fund loans or grants, and/or similar liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible. Ánimo Avalon shall ensure completion of an independent final audit within six months after the closure of the school that includes:
1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.

2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.

3. An assessment of the disposition of any restricted funds received by or due to the charter school.

This audit may serve as the school’s annual audit.

Ánimo Avalon shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Ánimo Avalon will be the responsibility of Ánimo Avalon and not LAUSD. Ánimo Avalon understands and acknowledges that Ánimo Avalon will cover the outstanding debts or liabilities of Ánimo Avalon. Any unused monies at the time of the audit will be returned to the appropriate funding source. Ánimo Avalon understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Ánimo Avalon participates, and other categorical funds will be returned to the source of funds.

Ánimo Avalon shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

1. Preliminary budgets

4. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. If Charter School chooses to submit this information before the forms and software are available for the fiscal year, alternative forms can be used if they are approved in advance by the CDE. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed charter school with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

**Disposition of Liabilities and Assets**

The closeout audit must identify the disposition of all liabilities of the charter school. Charter school closure procedures must also ensure appropriate disposal, in accordance with Charter School’s bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of the charter school have been paid or otherwise addressed.
Such disposal includes, but is not limited to:

1. The return of any donated materials and property according to any conditions set when the donations were accepted.

2. The return of any grant and restricted categorical funds to their source according to the terms of the grant or state and federal law.

3. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

Net assets of the charter school may be transferred to the authorizing entity. If Charter School is operated by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Ánimo Avalon shall retain sufficient staff, as deemed appropriate by the Ánimo Avalon governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Ánimo Avalon’s governing board shall adopt a plan for wind-up of the school and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the method by which the school will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

a. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.

c. Make final federal tax payments (employee taxes, etc.)

d. File its final withholding tax return (Treasury Form 165).

e. File its final return with the IRS (Form 990 and Schedule).

This Element 16 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Ánimo Avalon’s right to operate as a charter school or cause Ánimo Avalon to cease operation. Ánimo Avalon and the District agree that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 16. The District therefore shall have the right to seek equitable relief to enforce any
right arising under this Element 16 or any provision of this Element 16 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

  (i) Co-Location: If Charter School is co-locating or sharing the LAUSD facilities with another user, LAUSD shall provide the operations and maintenance services for the LAUSD facilities and Charter School shall pay the Pro Rata Share. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.

  (ii) Sole Occupant: If Charter School is a sole occupant of LAUSD facilities, LAUSD shall allow Charter School, at its sole cost and expense, to provide some operations and maintenance services for the LAUSD facilities in accordance with applicable laws and LAUSD’s policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, LAUSD shall provide all services for regulatory inspections which as the owner of the real property is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.

**FISCAL MATTERS**

**District Oversight Costs**

The District may charge for the actual costs of oversight of Charter School not to exceed 1% of Charter School’s revenue, or the District may charge for the actual costs of oversight of Charter School not to exceed 3% if Charter School is able to obtain substantially rent free facilities from the District. Notwithstanding the foregoing, the District may charge the maximum oversight fee allowed under the law as it may change from time to time. The oversight fee provided herein is separate and distinct from the charges arising under charter school facilities use agreements.

**Cash Reserves**

Charter School acknowledges that the recommended cash reserve is 5% of expenditures, as provided in section 15450, Title 5 of the California Code of Regulations.
**Special Education Revenue Adjustment/Payment for Services**

In the event that Charter School owes funds to the District for the provision of agreed upon or fee for service or special education services or as a result of the State’s adjustment to allocation of special education revenues from Charter School, Charter School authorizes the District to deduct any and all of the in lieu property taxes that Charter School otherwise would be eligible to receive under section 47635 of the Education Code to cover such owed amounts. Charter School further understands and agrees that the District shall make appropriate deductions from the in lieu property tax amounts otherwise owed to Charter School. Should this revenue stream be insufficient in any fiscal year to cover any such costs, Charter School agrees that it will reimburse the District for the additional costs within forty-five (45) business days of being notified of the amounts owed.

**Audit and Inspection of Records**

Charter School agrees to observe and abide by the following terms and conditions as a requirement for receiving and maintaining its charter authorization:

- Charter School is subject to District oversight.
- The District’s statutory oversight responsibility continues throughout the life of the Charter and requires that the District, among other things, monitors the fiscal condition of Charter School.
- The District is authorized to revoke this Charter for, among other reasons, the failure of Charter School to meet generally accepted accounting principles or if Charter School engages in fiscal mismanagement.

Accordingly, the District hereby reserves the right, pursuant to its oversight responsibility, to audit Charter School books, records, data, processes and procedures through the District Office of the Inspector General or other means. FINANCIAL PLAN

Historical Performance of Green Dot Schools
Over the last thirteen years, Green Dot Public Schools has performed very well financially as it presently operates 18 other charter schools similar to Ánimo Avalon; all of which are financially sound. Green Dot’s strong financial performance has been driven by its efficient school and organizational model and its effectiveness at accessing State, Federal and Local public funds as well as private philanthropy to pay for school start-up costs.

Green Dot schools strive to be self-sustaining on public funds (Federal, State and Local) after their start-up costs have been funded; typically, they by their fifth year in the case of high schools, four for middle schools. The key factors that enable Green Dot schools to operate effectively on the public dollar are: a) high student attendance rates, b) lower number of classified employees per student than a traditional district school, c) greater utilization of all employees and d) low non-classroom based operating expenses due to increased efficiencies.

Ánimo Avalon will follow a similar financial model in order to ensure that the school will be financially sound and can provide a great education to the students it serves. Additionally, as a charter school network, Green Dot can access capital or use its built-up reserves in order help Ánimo Avalon if it does run into any financial difficulty.

Start-up Funds and Budget
Green Dot is also very successful at fundraising from private foundations in order to help support its growth. Green Dot has received commitments of nearly $60 million from private foundations over its history. Green Dot has received a commitment from a funder to receive $500k for every new school that Green Dot opens in the future. This $500k is reflected in the current financial projections. Green Dot will continue to fundraise throughout the 2013-2014 school year and beyond, and is confident that it will be able to raise the funds necessary to support its schools because of the success it has had to date, raising $25 million in commitments over the past three years.

Ánimo Avalon will also have access to Green Dot’s multiple credit facilities (over $1 million revolving lines of credit through Wells Fargo and other lending financial institutions). Green Dot’s corporate cash reserves can also be used to cover any cash flow issues that may arise because of timing differences in which revenues are accrued versus collected.

Financial Model
The operating budget for a full 9th-12th grade Green Dot high school serving 620 students is approximately $5.5 million. For a full 6th-8th grade Green Dot middle school serving 525 students the budget is approximately $4.8 million.

Key Assumptions – Revenue

- Number of Students: Each Green Dot high school will open with a ninth grade of approximately 170 students, add a new grade each year, and serve grades 9-12 in its 4th year and beyond. There is a small attrition rate built into the financial model so that high schools
level off at approximately 620 students (attrition rates are low, typically less than 6% of a class annually). For a middle school, the numbers would be based on an initial sixth grade enrollment of approximately 165 with a total enrollment of 510 after three years and 540 after four years.

- **State per-Pupil Funds**: Principal apportionment from the State of California makes up approximately 74% - 78% of revenue in a Green Dot school’s steady state. Ánimo Avalon is projected to have an average daily attendance (ADA) of 94.2%. Although this is comparatively high, Green Dot believes that it will be achieved at Ánimo Avalon based on the fact that Green Dot’s first ten schools have achieved ADA’s of 95% and above, and middle schools perform even higher than this. If the school is unable to maintain a 95% ADA rate, it will slightly increase the number of students it accepts in the school, if necessary, in order to ensure that it is financially sound. Because Ánimo Avalon’s Student / Teacher ratio is very low, a slight increase in the size of the student population will not have a material effect on the educational program. The principal apportionment for FY15 is projected at $6,944 per middle school ADA, based on projections from the California Department of Finance and other financial analysts for the Local Control Funding Formula included in the California budget starting in FY14. COLA rates 2% annually are assumed in the financial model for revenues and expenses.

- **Special Education Entitlement**: Based on the existing LAUSD rate, which is $624 per ADA after encroachment.

- **Federal Revenue**: Accounts for 5% - 8% of revenue in a Green Dot school and is made up mostly of Title 1 funds ($403 per eligible student in FY15) and federal lunch program reimbursement.

- **Other State Revenues**: Account for 4% - 12% of revenue for a Green Dot school and are made up primarily of the SB740 Facilities Reimbursement ($750 per ADA in FY15) and State Lottery Income ($158 per ADA in FY15).

- **Non-Public Revenue**: Consists primarily of school site fundraising. Ánimo Avalon’s PTA will participate in school site grant writing, candy drives, walkathons, etc., to raise funds for the school. The amounts allocated in years 2-5 are very conservative amounts compared to historical data at the other Green Dot schools with 2-5 years of historical data. However, if for some reason the school cannot raise the allotted amount of money, Green Dot will use the money it raises to open new schools to supplement the income.

**Key Assumptions - Expenses**

- **Personnel and Benefits**: Green Dot schools spend, on average, about 58% of revenue in steady state (year 5 and beyond) on salaries and benefits. Average teacher’s salary of $57,000 is used in Ánimo Avalon’s financial model for FY15, and grows 1.5% each year thereafter. At capacity, the school is projected to have approximately 28 Teachers, 3 Administrators, 1 Counselor and 7 other staff. The number of classified employees is kept
relatively low to enable Ánimo Avalon to have a low student to teacher ratio without substantially increasing its budget.

- **Education and Student-Related Expenses:** Green Dot schools spend, on average, 13% of revenue in steady state on education and student-related expenses. This includes books and supplies, student activities and food, student transportation, employee development, special education support and computers. These assumptions are in line with the historical performances of Green Dot’s schools.

- **Facilities and Facilities Related Expenses:** Facilities and facilities related expenses include mortgage / lease, maintenance, utilities, operations, housekeeping and security. Facilities and facilities-related expenses are the assumption with the greatest variability in the financial model and fluctuate depending on purchased versus leased facilities, facility location and condition of the facility. The financial model assumes that Ánimo Avalon will open in a facility where the lease is 23% of the school’s total revenue in the first year, but decline to 12% once the school reaches capacity. The lease amount increases in FY18 due to an anticipated refinancing of the building by the owner. The assumptions made for utilities, maintenance, janitorial and security expenses are in line with the historical performance at Green Dot’s other schools. Ánimo Avalon believes that these estimates are very conservative and expects its facilities costs to be less as it is able to access LAUSD property for its site.

- **School Operations and Other School-Related Costs:** On average, approximately 5% of revenue in steady-state Green Dot schools goes towards school operations and other school-related costs. This includes communications, insurance, transportation, equipment and other operational costs.

- **District Oversight Fee:** A 1% fee paid to the chartering district. This fee would increase to 3% if the district provided facilities.

- **Management Fee to Green Dot:** 9% of revenue from public sources is paid as a management fee to fund the Green Dot Home Office in the school’s first year. This increases to 10% of revenue from public sources starting in FY17.

- **Reserve for Economic Uncertainty:** As required by Charter law, Ánimo Avalon will maintain a reserve for economic uncertainty. 5% of expenditures will be kept in reserve annually.

**Model Sensitivities**
Ánimo Avalon’s model is most sensitive to: a) the amount of the principal apportionment, b) the average daily attendance percentage, c) certificated teacher salaries, and d) facilities costs.

**Miscellaneous**
Green Dot will work directly with school personnel to train and implement accounting procedures and controls for the deposit of funds and handling of cash. Copies of Green Dot’s internal accounting processes, controls and guidance are available upon request.

FACILITY PLAN

Ánimo Avalon Charter Middle School will secure a facility for the 2013-2014 school year. The school will likely move into a temporary facility for its first year of operation and will likely move at least once during its lifetime. Ánimo Avalon Charter Middle School will work collaboratively with the District in order to fulfill its long term facility needs. This collaboration will include discussions related to Proposition 39, state bonds and/or bonds recently passed by LAUSD.

An appropriate safety plan will be developed as soon as the school site facility is finalized. All Green Dot schools are required to have active safety plans on file as required by California Ed Code.

Location
Green Dot has yet to find the actual location of the school in area of South Los Angeles; however, Green Dot is aggressively identifying properties to purchase or lease. Green Dot has engaged several real estate brokers and intends to have a site finalized by the end of the year. Ánimo Avalon Charter Middle School will obtain property insurance coverage for the site if it is not an LAUSD facility. If it is an LAUSD facility, Ánimo Avalon will seek to abide by the requirements stipulated in the charter petition.
COURT-ORDERED INTEGRATION PLAN

It is our goal to improve the educational opportunities for economically disadvantaged students. Ánimo Avalon aims to serve the most impacted populations in the neighborhood and plans to do as well as or better than nearby community schools in conducting outreach for potential students, attracting a diverse student population, and serving the highest needs students within the surrounding areas. As indicated in Element 7, every effort will be made to reach out to all eighth graders in our attendance areas during recruitment as well as all segments of the community that are reflective of Los Angeles Unified School District. Our outreach will include flyers sent out to families of students who would typically attend Gompers Middle School, Markham Middle School and Drew Middle School to ensure that all students in the area have an opportunity to attend a Green Dot school. Community members will be notified through community meetings, mailings, personal phone calls and possibly newspaper advertisements. We expect to hold at least three informational meetings during winter and spring annually.

Ánimo Avalon will monitor the implementation and outcomes of its plan and make adjustments as needed. Ánimo Avalon will provide a copy of the plan to LAUSD upon request.
ATTENDANCE ACCOUNTING

Below are the attendance procedures recommended to Green Dot’s schools. This model will be the foundation for the attendance policies at Ánimo Avalon.

1. Attendance is taken every period of the day on PowerSchool.

2. The office manager verifies attendance for the day and calls the parents/guardians of each of the students marked absent. If she speaks with the parent/guardian, she notes the reason for the absence. The person spoken to, time, and date are also noted by the office manager.

3. The master attendance is maintained in the PowerSchool program. This calculates daily, weekly, and monthly ADA for all enrolled students. ADA figures are reported daily for the entire school, as well as for any students over any given time period. Students counted as absent or suspended receive a “0” in the log for each respective day; students that are present receive a “1” for each respective day. In accordance with California state law, students are counted as “present” as long as they have attended any portion of the school day.

4. When a student returns from an absence, the student is issued a readmit slip if he/she has a note excusing his/her absence. He/she is given a truancy slip if he/she does not have a note excusing the absence. Truancy must be cleared with the front office through a note or a phone call from the parent/guardian.

5. Late to Class: If a student is late (unexcused) to a class, the teacher must mark the student tardy in PowerSchool. If a student is more than 10 minutes late to class, he/she must report to the front office. If a student is more than 30 minutes late without a detain slip, the student is truant and must be sent to the main office with a referral.

6. Late to School: All students who are less than 10 minutes late to the first period of the day are to report directly to class. Students who are more than 10 minutes late to the first period of the day report to the front office before going to class. The student’s parents are called if they do not come with a note. The student receives a Tardy Slip depending upon the reason for his/her tardiness.

7. Three Consecutive Absences: If a student is absent three consecutive days, the office will call the parent/guardian to verify the reason for absence and the SARB (Student Attendance Review Board) process may begin.

Reporting
The school will report attendance requirements to LAUSD in a format acceptable to LAUSD, the County and the State. Required reports regarding daily attendance will be completed and submitted to requesting agencies.

SERVICES PROVIDED BY GREEN DOT PUBLIC SCHOOLS

Green Dot Public Schools has developed and is continually growing a lean corporate organization with expertise in curriculum, professional development, finance, facilities, operations, politics, fundraising and other key areas relevant to operating successful public high schools and middle schools and driving reform. Green Dot will provide a number of services to Ánimo Avalon that will help ensure the school’s success. Green Dot provides similar services to all of its schools.

Recruiting
Green Dot prioritizes recruiting and the Home Office focuses on it year round. Green Dot engages in the following activities to ensure it has access to the largest pool of great principal and teacher candidates:

- **Information Sessions and Formal Recruiting:** Information sessions, events and formal recruiting at top graduate schools.
- **Work Study Programs:** Work-study students used as teaching assistants to generate interest in Green Dot and have an extended “interview” period.
- **Advertising:** At graduate schools, in periodicals such as Education Week, with unions and other trade organizations, on job boards, etc.
- **Partnerships:** Partnerships with organizations that place talented educators and leaders in schools (Teach for America, New Leaders for New Schools, etc.).

Ánimo Avalon will have access to Green Dot’s talent pool at all times in order to ensure that it can continually hire the best candidates.

**Daily Services:** Year-round, Green Dot’s Human Resources Department conducts outreach to recruit new teachers. The department sets up informational sessions, purchases ads, reaches out to recruits to have a qualified pool of teacher applicants. All this outreach is centralized at Green Dot, and once compiled, the principal and teachers engage in the interviewing process.

Facilities
Green Dot is responsible for securing facilities for each of its schools and for all major renovation projects. Green Dot has developed a facilities model that will allow it to most effectively overcome the difficult challenges related to securing facilities for new schools in Los Angeles.

Given current legislation and financing options, Green Dot schools typically use temporary facilities for their first year in operation and may use them for up to three years. The goal is for each Green Dot school to only move once in its lifetime, but some schools are likely to have to move two or three times. Temporary facilities will typically be shared facilities (with Universities or Junior Colleges, etc.); buildings that require minimal tenant improvements such as churches with classrooms, private schools, and commercial buildings; or portable classrooms.

**Daily Service:** Green Dot’s Real Estate Development Department works with the principal, teachers, and parents to understand the facility needs before the school opens. The department
meets with brokers and real estate agents and on a monthly basis with the facility committee to further define the needs for the long-term facility.

**Facilities Financing**
Financing for purchasing facilities will be managed through the Green Dot Home Office. Green Dot is developing a financing strategy centered on exploring all of the financing options available to charter schools and taking advantage of any favorable legislation.

Green Dot has gained deep expertise in all of the financing sources available to public schools as well as all of the relevant legislation in order to find the optimal mix of different financing mechanisms to use to pay for its schools’ permanent facilities.

**Curriculum Development**
As discussed above, Green Dot’s education team has developed a menu of curriculum options to be used by each new Green Dot school. The recommended curriculum will includes a variety of options for courses (particularly electives), textbooks, and teaching strategies that Green Dot believes will deliver the best student results. The education team will work with principals and lead teachers before the start of each new school to determine the most appropriate curriculum for each school. The education team will also meet with principals regularly to further refine their schools’ curriculum and ensure that the curriculum is being delivered effectively.

Ánimo Avalon can learn from the experiences of each of Green Dot’s schools in order to improve its results. Additionally, it can learn from Green Dot’s knowledge about leading research and best practices utilized outside of Green Dot’s network.

**Daily Service:** When school is in session, Green Dot’s education department and Cluster Directors meet on a monthly basis with the principal and lead teachers to analyze student progress and performance, determine effectiveness of the curriculum, improve instruction, and set future target goals.

**Professional Development**
Professional development for Ánimo Avalon’s principal will be managed out of the Green Dot Home Office. Professional development for teachers will be managed collaboratively by the Green Dot Home Office and Ánimo Avalon (led by the principal).

**Fundraising**
All major fundraising campaigns will be managed through the Green Dot Home Office. Individual schools will be encouraged to engage in smaller, more local fundraising efforts.

**Daily Service:** Green Dot’s Marketing and Fundraising department conducts major fundraising events throughout the school year to support all Green Dot schools. Ánimo Avalon may have several smaller fundraisers ranging from candy sales to walkathons. The principal can also place requests for individual grants and the Development Manager will write the grant and work in conjunction with the principal to obtain all necessary information.
Budgeting
The Green Dot Home Office will develop the annual budget for Ánimo Avalon with substantial input from the school’s Principal. The Principal will have the best visibility into where resources are needed most at his/her school and provides critical guidance to Green Dot in the budget creation process. During the school year, the principal will be given flexibility to make certain trade-offs between line items in his/her budget, but is not allowed to increase the overall size of his/her budgets without authorization from the Green Dot Home Office. Additionally, any significant purchases (over $5,000) that were not originally budgeted for cannot be made without Green Dot Home Office authorization. Staff at Green Dot responsible for financial administrative function have the following minimum qualifications: 1) a Bachelor’s degree and 2) an advanced degree in the fields of business, accounting or financial management (ex. Master of Business Administration); or 3) a recognized professional certification in the field of accounting or financial management, such as a CPA (certified public accountant) or CFA (chartered financial analyst); or 4) a minimum of 10 years of experience in Accounting or Finance.

Daily Service: The budget is an ongoing process. During the summer the budget will be developed for the following fiscal year by the Finance and Accounting department in conjunction with the principal. The final budget will be presented and approved by the Board no later than mid-August. Final number decisions will lie with the Green Dot Management Team; however, once the total amount of the budget is set, the principal may reallocate money during the year. All necessary budget information will be forwarded to LAUSD.

On a monthly basis, principals will meet with their Business Managers to review budgets and actuals. At the end of each quarter, the budget will be adjusted with major increases needing to be approved by the Green Dot Board.

Purchasing
Purchasing will be centralized at Green Dot Home Office to ensure that Ánimo Avalon receives competitive prices and great service. This provides Ánimo Avalon with significant advantages as it does not run into the complexities and delays associated with establishing credit.

Back Office Management
All back office functions such as payroll, taxes and compliance will be centralized at the Green Dot Home Office. Green Dot currently manages the majority of its back office functions but outsources some aspects to a third party organization.

Daily Service:
- **Payroll:** All payroll and related tasks will be carried out at Green Dot.
- **Accounting:** Green Dot executes all general ledger activities.
- **Purchase Orders:** All Purchase Orders and invoices for the school will be executed by Green Dot. The principal can request POs. Green Dot’s Account Payable will then work with the office manager to make sure the PO matches the invoice and product is shipped appropriately.
Governance of Schools
As described above, Green Dot Home Office and the Green Dot Board of Directors will act as the governing body for Ánimo Avalon.
FUNDING MODEL – DIRECTLY FUNDED

Ánimo Avalon will be a directly funded charter school.

All of Green Dot’s schools are directly funded and this model has worked effectively to date.
DISSEMINATION OF PRACTICE

Green Dot Public Schools and Ánimo Avalon are committed to collaborating closely with LAUSD in order to share best practices and learn from each other. Ánimo Avalon will share practices with LAUSD in the following areas: effective teacher performance evaluation and student assessment systems, responsible parent and student involvement in school, and narrowing the achievement gap among students of various backgrounds.

Ánimo Avalon intends to have both formal and informal interactions and communications with the District and with other schools in order to foster learning and sharing. Ánimo Avalon plans to attend the Yearly Charter School Conference, participate in the Community of Practice Network, host regular school visits and open houses, share original charter materials and communicate electronically on an ongoing basis.

Because Green Dot Public Schools is a charter school developer with a network of charter schools, LAUSD will benefit even further because Green Dot can disseminate best practices not only from Ánimo Avalon but also from Green Dot’s other charter schools.
