Aspire – TITAN Academy Charter School History

Aspire – TITAN Academy (“the School”) first began operation on August 15, 2009 under the authorization of the State Board of Education (“SBE”) with CDS code 09-76489-0120477. During the first 3 years of operation the School achieved the following achievement results and enrollment figures:

Based on a lawsuit filed against the State Board of Education, including appeal, Aspire Public Schools may be required to transition the School to a different authorizer. In the case of a transition from the State Board of Education to the Los Angeles Unified School District (“the District”) as the School’s authorizer, the School shall retain its original school start date, charter name, academic and enrollment history, and all other historical and financial data and information. This change in authorizer will not impact the students’ educational programs.

The School has done a financial analysis and projections that support continued operation of a K-5 school in the District on a financially sound basis.

The School is located at 6720 S. Alameda Street, Huntington Park, CA 90255, California, where it owns the facility in which operations are conducted.

In accordance with the Charter Schools Act of 1992, Aspire hereby respectfully petitions the Los Angeles Unified School District (“the District”) to approve the charter for School for a five-year period, from July 1, 2013 to June 30, 2018.

The Charter Schools Act of 1992 states that:

*It is the intent of the Legislature...to provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently from the existing school district structure, as a method to accomplish all of the following:*

(a) Improve pupil learning.

(b) Increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils who are identified as academically low achieving.

(c) Encourage the use of different and innovative teaching methods.

(d) Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site.

(e) Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system.

(f) Hold the schools established under this part accountable for meeting measurable pupil outcomes, and provide the schools with a method to change from rule-based to performance-based accountability systems.

(g) Provide vigorous competition within the public school system to stimulate continual improvements in all public schools.

- California Education Code Section 47601(a)-(g)

The School has made and will continue to make important contributions to the legislative goals outlined above. By granting this charter, the District will help fulfill the intent of the Charter Schools Act of 1992 (“Charter Schools Act”), while providing students in the District with a small school option.

According to demographic data compiled by the California Department of Education ("CDE"), the District enrolled 47,245 students in 2011-12. Of these students, African Americans constitute 7.8% of the students, American Indians 1.3%, Asians 4.8%, Filipinos 1.3%, Hispanics 19.2%, Pacific Islanders 0.9% and Whites 62.7%. During the 2011-12 school year, students who spoke English as a second language made up 9.7% of the District student body. The School seeks to enroll a diverse population of students that reflects these demographics.

Aspire’s educational program is based on the instructional needs of our target student profile. Aspire targets the following students:

- Students who are not currently successful in their current core academic subjects;
- Students whose academic or English language learning needs necessitate a small school environment with personalized attention;
- Students whose academic or English language learning needs are not being met in a traditional school environment; and
- Students whose diversity represents their respective communities.

In education, one size does not fit all and Aspire is dedicated to providing students and families throughout the State of California with a small school option that can meet their unique needs.

THE SCHOOL’S MISSION

The School’s mission is to provide all students with an exceptional education that will allow them to excel inside and outside the classroom. The School seeks to achieve this mission by offering students a rigorous core curriculum, an outstanding staff, high standards and expectations, extended instructional hours, and personalized learning opportunities. The School will strive to ensure that students are prepared for college and for the 21st Century world and workplace by helping them develop important basic skills, thinking skills, and life skills.

THE EDUCATED PERSON IN THE 21ST CENTURY

Aspire recognizes that to be an Educated Person in the 21st century, our students need have a foundation of knowledge and skills to access this world of ideas, as well as
the ability to analyze information, ask good questions and innovate new ideas, and express themselves thoughtfully. They must also have habits of mind that include self-motivation, intellectual curiosity, analytic ability, creative thinking, moral reasoning, self-confidence, and empathic action. Thus equipped, students will excel in college and become engaged and empowered citizens in their community and beyond.

HOW LEARNING BEST OCCURS

Aspire’s education program is designed to give students the content knowledge and habits of mind necessary to face the challenges of the 21st century. The California content standards drive the instruction of Aspire by providing the road map of what students need to know.

In order to succeed in college, Aspire’s educational program has drawn on the Center for Educational Policy Research’s study Standards for Success. This research gathered information about the required skills to succeed in college from more than 400 staff and faculty members at research universities. They believe college students need “critical thinking, analytic thinking and problem solving; an inquisitive nature and interest in taking advantage of what a research university has to offer; the willingness to accept critical feedback and to adjust based on such feedback; openness to possible failures from time to time; and the ability and desire to cope with frustrating and ambiguous learning tasks.” Aspire has interwoven these habits into their core curriculum.

Additionally, Aspire has built a College For Certain® culture. Beginning in kindergarten, students are informed and inspired to succeed in high school and attend college. Classrooms are named after universities with the year the class will graduate from college above the door. Teachers and principals proudly share their college going experiences, diplomas and challenges. Through Aspire’s schools, students are given the will, the skills and the habits of mind to attend college and succeed in life by becoming self-motivated, competent, and lifelong learners.

THE SCHOOL’S PROGRAM DESIGN ELEMENTS

Community

Aspire schools are small with approximately 60 students per grade level. They are broken into divisions and small classes to create a community where each student is known personally.

- Small Schools: Students are more likely to succeed in small schools, where teachers and the principal know each family well. Students and their needs are not lost in the crowd. Target enrollment for elementary schools (K-5) is between 320 and 400 students.

- Small Class Sizes: In smaller classes, teachers can give each individual student the time and individual attention necessary to realize his or her personal academic goals.
Aspire strives to maintain an approximate 20:1 student-teacher ratio in kindergarten through third grade and an approximate 29:1 ratio in grades four through five.

- **Looped Grouping:** In grade K-5, teachers typically teach the same group of students for two years. This longer time with one teacher, allows students to develop a deep relationship with one individual. The teacher saves instructional time during the second year of instruction as she/he knows the individual student’s strengths and weaknesses on the first day of school. Instruction can begin as soon as the school year does. Students remain with the same teacher for kindergarten and first grade; second grade and third grade; and fourth and fifth grade.

**Learning Time**

Aspire provides 15% more learning time for students, and uses time more effectively during the year and day to maximize in-depth learning.

- **Longer School Day:** Students learn more when they are given more time to learn each day. With more time, teachers can create more effective projects to build higher order thinking skills. Aspire schools have, on average, a 7.5 hour school day for grades 1-12, and at least a 5-hour school day for kindergarten. In other words, Aspire students receive about one hour more instruction each day than students in traditional public schools. A sample school bell schedule is attached in Appendix J.

- **Longer School Year:** Aspire schools provide approximately 186 to 190 days of instruction, which is about 11 more days than traditional public schools. Some of these additional days are on Saturday, when parents can attend class with their children. A sample school calendar is attached in Appendix I.

- **Modified Traditional Calendar:** After its first year of operation, the school uses a modified traditional calendar (shorter summer recess) to decrease the loss of learning during extended recesses.

**Teaching Methods**

All educators at Aspire Public Schools use a variety of pedagogical strategies to ensure all students learn and grow continuously. Strategies are selected based on the teacher’s knowledge of how students best learn different topics, and are usually used in combination. Aspire has created Instructional Guidelines (PACING GUIDES) in math, language arts, science and humanities, that spell out the frequency and purpose for each type of instruction. Sample Instructional Guidelines (PACING GUIDES) are attached in Appendix K. These guidelines, as well as the purchased curriculum materials, provide the structure for a standards-based curriculum. Aspire educators are also trained to adapt these methods in ways that maximize personalized experiences each
child receives. The major strategies used include:

- **Explicit Instruction:** in this traditional form of teaching, the teacher presents the lesson, which includes: a purpose; specific instructions; modeling; guided practice; and checking for understanding. At the conclusion, students individually demonstrate their new skills or knowledge.

- **Massed and Distributed Practice:** this retention strategy provides students with many opportunities to practice new skills upon initial learning. Practice is then distributed over the course of many months to increase the retention of previously learned skills and knowledge.

- **Problem Solving:** this method provides students with a step-by-step process for determining the solution.

- **Inquiry:** in this process, students are presented with a problem or question, and formulate and test theories to work towards a solution.

- **Project-based Instruction:** In this approach, students apply learning to complex problems, and are required to conduct extended research, analyze and synthesize information across subject areas, and develop written and oral end products. Projects are also ideal for developing the “habits of mind” necessary for success in college and the world beyond, such as perseverance, responsibility, and time management. Projects are linked with students’ real world experiences, making learning relevant. Many projects are community service oriented.

- **Culturally appropriate curriculum and instruction:** A multicultural curriculum and culturally sensitive pedagogy will enable students to appreciate and respect their own and each others’ heritages and to develop an understanding of multiple perspectives.

- **Flexible supports:** Many supports will be provided within the classroom, the school and community. For example, pedagogical support might include literacy support, tutoring across subject areas, and second language learning supports.

- **Diagnostic assessment:** Teachers will use a wide range of diagnostic assessments to evaluate how students are learning as well as what they are learning. These assessments will inform decisions about the curriculum and teaching strategies as well as individual supports for students. Once each semester the teacher, parents and students will discuss the student’s learning strengths and weaknesses, and set goals for the next semester. The rubric is attached in **Appendix G**.

- **Authentic experiences:** In the early elementary grades at Aspire schools, students learn literacy skills through authentic reading and writing experiences, including shared reading, guided reading, independent reading, shared writing, interactive
writing, writing workshops and independent writing. In the older elementary grades at Aspire schools, students focus on “reading to learn,” through reciprocal teaching, literature circles, and the use of both non-fiction books and classical literature. Students also learn by applying the scientific method to hands-on experiments and by interacting with others on community issues.

Curriculum

Aspire uses a combination of adopted programs and curriculum developed in-house to meet Aspire standards and build basic skills, higher-order thinking skills, and life-skills. The curriculum is clearly articulated as a K-12 system and based on the California state standards. All elements of the curriculum are research-based and have been proven effective in schools.

- **Language Arts:** Students communicate ideas clearly and effectively in various modes of expression appropriate to audience and purpose. This may be through oral reports and debates, written letters and essays. Through the examination of various texts, students demonstrate critical reading and active listening skills in order to comprehend, interpret and evaluate ideas. Students write extensively in both expository and creative forms.

When students are learning to read, instruction will focus on phonemic awareness, phonics instruction, fluency, and text comprehension. Writing is integrated into the learning process.

One of the main resources in K-6 literacy instruction may be the Open Court Reading materials. Writing is to be supplemented with vocabulary and instruction based on the Six Traits of Writing.

- **Social Science:** Aspire’s history and social studies curriculum ensures that students are historically literate (including culture, geography, politics, economics, and ethics) and become active, informed citizens (including U.S. policy and effective research techniques). Students apply historical, political, philosophical, geographical, economic and sociological knowledge to local and global situations in order to comprehend contexts and events, predict and evaluate the outcomes of human actions, and act responsibly as world citizens. Students learn to apply chronological, thematic and integrative thinking, develop and test hypotheses about cause and effect, gather evidence to support conclusions, use methods of historiography, conduct in-depth and relevant research, critically examine sources, and synthesize ideas. Materials at both the elementary and secondary level include primary sources, historical literature, History Alive! Interact and a variety of non-fiction texts.

Throughout the K-12 instructional program, social science and language arts are interwoven. The stories and facts in history are the vehicles for instructing students to read and write.
• **Mathematics:** Students apply mathematical concepts and processes, including number systems, operations, graphics and logic, in order to problem-solve within and outside of mathematics. Students demonstrate facility with the language of mathematics and express generalizations discovered through investigation. Students are expected to be competent in symbolic reasoning and in constructing logical arguments.

A balanced approach provides both the conceptual understanding of math and the skills to solve problems. By providing extensive math time in elementary classrooms and a double block of math in secondary schools, our state adopted math materials, Harcourt Brace, Prentice Hall and California Preparatory Mathematics can be interwoven with other real-life problems.

A key tool in mathematics instruction is the standards-based software program Edusoft. Edusoft creates, scores and reports standards-based assessments. Aspire uses these assessments as both benchmark exams and formative assessments. The Edusoft reports in all subjects inform the teacher on whether the students have mastered a standard or need further instruction.

For example, the results of a standards-based assessment given in 5th grade might show that 90% of the students mastered Math Standard Number Sense 1.2, but only 15% mastered Number Sense 2.3. The teacher would provide remediation for students who did not understand one standard and reteach the whole class the other standard. Teachers use this data on a daily cycle. Grade level teams, principals and subject level teams look at this assessment data every two weeks.

• **Science:** Students demonstrate understanding of scientific concepts and ideas through real-world applications. Students utilize scientific research and inquiry methods to conduct investigations and problem-solve. They apply conceptual knowledge and processes from the major branches of science (biology, chemistry, the earth sciences and physics) in order to further the study of science and relate the study of science to other disciplines. Aspire uses a variety of curriculum materials and the state adopted textbooks may be supplemented with AIMS, FOSS, and local scientific resources such as guest speakers, field trips, and presentations.

Other subjects essential to a healthy and balanced life are also covered in a variety of ways:

• **Visual and Performing Arts:** Appreciation and participation in the arts are essential to each student’s development. At the elementary level, arts are integrated into thematic units to inspire students, help ideas come to life by using multiple intelligences, and ensure cultural literacy. Visiting artists and parent docents also provide special programs in the arts. Aspire secondary schools offer some on-campus electives in visual and performing arts and establish
partnerships with local arts organizations and colleges to provide additional programs for students.

- **Health:** Students develop an understanding of the importance of health and nutrition through classroom instruction, selected special programs, collaborations with local health agencies, and thematic units. Health instruction follows the California Health Framework. Data from the California Healthy Kids survey or our own internal surveys will inform additional needed interventions.

- **Physical Education:** Students receive regular physical education instruction. Emphasis is placed on activities that students are likely to engage in throughout their lives (e.g. running, dancing).

**Assessment**

At Aspire Public Schools, assessment is a critical tool for observing individual student progress, determining the efficacy of individual teachers, and evaluating the success of the program as a whole. Multiple assessments are used because no single assessment provides sufficient information on students’ learning regarding all three outcomes. Aspire students are assessed through:

- All standardized and standards-based tests required for traditional public schools that are mandated in the California Education Code (including, but not limited to, CST, CELDT and Physical Fitness Test)\(^1\);

- Other nationally recognized norm-referenced and/or developmentally based tests (e.g. Developmental Reading Assessment, SRI Reading Assessment)

- Specialized assessments developed by Aspire Public Schools for all areas of the academic core (e.g. project rubrics);

- Day-to-day assessments related to specific content or skills (running record for language arts; Open Court phonics, Edusoft assessments; math computation quizzes, unit tests);

- Qualitative observations of the process of learning (teachers' anecdotal notes, a child's reflection log, internship mentor reports); and

- Examination of final products (a final draft of a paper, an interdisciplinary final project, 5th grade Rites of Passage (ROPES) project) based on criteria and standards clearly communicated at the beginning of the project.

---

\(^1\) The growing emphasis on norm-reference tests is much debated. Educationally, standardized tests are only a single indicator of mastery in basic skills; however, they are regarded by employers and policymakers as broadly meaningful. Aspire Public Schools believes that students should be prepared to be successful on the tests that they are held accountable for; these tests are often the key to future opportunity.
Technology as a Tool

At Aspire, technology is used as a tool for research, communication, and production—just as it is in everyday life. Each school has 3 to 5 computers in a classroom with Internet access, a computer lab or access to banks of laptop computers. Students exercise their higher-order thinking skills through simulations and presentations, their communication and production skills through electronic mail and publishing, and their research skills through use of electronic references, including the Internet.

SUPPORT FOR ENGLISH LEARNERS

Aspire is committed to the success of its English Learner population, and supports will be offered both within academic classes and in supplemental settings for students who need additional support for English learning. The School will meet all applicable legal requirements for English Learners (“EL”) as it pertains to annual notification to parents, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, re-classification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirement. The School will implement policies to assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents. The School’s program for English Learners is research-based, supported by budget resources and professional development and evaluated regularly for efficiency and needed improvements.

- Home Language Survey

The School will administer the home language survey upon a student’s initial enrollment into the School (on enrollment forms). Spanish-speaking students in the country less than twelve months will be given the state’s Designated Primary Language Test (currently the Aprenda and Standards-Based Tests in Spanish) to determine the student’s academic proficiency when tested in his/her home language of Spanish.

- CELDT Testing

All students who indicate that their home language is other than English will be California English Language Development Test (“CELDT”) tested within thirty days of initial enrollment\(^2\) and at least annually thereafter between July 1 and October 31\(^{st}\) until re-designated as fluent English proficient.

---

\(^2\) The thirty-day requirement applies to students who are entering a California public school for the first time or for students who have not yet been CELDT tested. All other students who have indicated a home language other than English will continue with annual CELDT testing based upon the date last tested at the prior school of enrollment.
The School will notify all parents of its responsibility for CELDT testing and of CELDT results within thirty days of receiving results from publisher. The CELDT shall be used to fulfill the requirements under the No Child Left Behind Act for annual English proficiency testing.

Reclassification Procedures

Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

- Assessment of language proficiency using an objective assessment instrument including, but not limited to, the CELDT.

- Participation of the pupil’s classroom teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil's curriculum mastery.

- Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process.

- Comparison of the pupil’s performance in basic skills against an empirically established range of performance and basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

- The Student Oral Language Observation Matrix may be used by teachers to measure progress regarding comprehension, fluency, vocabulary, pronunciation, and grammar usage.

Strategies for English Learner Instruction and Intervention

To meet the needs of English learners, Aspire has added a number of bilingual teaching strategies to its core program, including Specially Designed Academic Instruction in English (SDAIE). Specifically, those strategies include:

- realia (real objects and materials)
- manipulatives (drawings, posters, brainstorming-clusters, graphs, tables, maps, props, multimedia presentations, storyboards, storymaps)
- visuals (study-prints, text book illustrations, overheads-projected prints, reproductions of paintings and documents, and documents)
• graphic organizers (matrices, Venn diagrams and webs)
• planned opportunities for interaction between all individuals in the classrooms (creating a skit and acting it out, cooperative learning, collaborative groups and student-generated writing based on personal experience)

All teachers will be given professional development in teaching English Learners in their appropriate content areas, including having the opportunity to participate in Guided Language Acquisition Development (GLAD) training. The English Language Development Standards have been mapped to Aspire’s Instructional Guidelines, and is detailed in Appendix O.

**Ongoing Assessment of EL Students**

The School’s use of achievement data will also drive the instruction and professional development as it relates to English Learners. The School will analyze the achievement data by this subgroup, and continue to assess the students through teacher-designed assessments and Aspire’s benchmark assessments.

**Monitoring and Evaluation of Program Effectiveness**

The evaluation for the program effectiveness for ELs in the School will include:

• Adhere to School-adopted academic benchmarks by language proficiency level and years in program to determine adequate yearly progress.
• Monitoring of teacher qualifications and the use of appropriate instructional strategies based on program design.
• Monitoring of student identification and placement.
• Monitoring of parental program choice options.
• Monitoring of availability of adequate resources.

**Support for Students**

**Highly Qualified Teachers**

At the center of the educational program are the teachers. The faculty will consist of well-prepared and certified teachers. All core teachers and paraprofessionals will meet the requirements of the No Child Left Behind Act. Teachers are typically encouraged to pursue National Board Certification within their first five years at Aspire. Professional development and teacher collaboration will be scheduled on a regular and on-going basis to support teachers throughout their career. In establishing a professional teaching environment, Aspire will ensure collaborative planning time for teachers to design student focused curriculum, pedagogy and assessment through which students can make connections, deepen their understanding of concepts and achieve at high levels.
Personalized Learning Plans

The School will create and maintain a Personalized Learning Plan (PLP) for each student. The PLP will provide the teacher, parents and student with a common understanding of the student’s learning style and objectives; all parties may then act based on that understanding. During Student-Led Conferences, the teacher, parent and student will discuss the student’s learning strengths and weaknesses, and set goals for the next semester. By working closely with each student and family to develop an appropriate PLP, the School will be able to respond to the needs of every individual student, including those who are achieving above or below expected levels. This allows all students to receive the appropriate interventions, if needed, provided by the school (e.g. in-school, after-school or specialized classroom instruction). The high standards, deep interventions, and rigorous caring provided to all students can be personalized in the PLP. Indeed, the PLP will allow the School to help meet the general education needs of students with disabilities (who may also have Individualized Education Programs (“IEPs”) or 504 plans as required by law), English learners, students achieving substantially above or below grade level expectation, and other special student populations.

Support for Students Achieving Below Grade Level

Aspire sets high expectations for all students and is committed to working with students who are not meeting outcomes to help them achieve at expected levels. Students who perform below the acceptable level may receive a mix of intervention services, including: in-class individual tutoring by classroom teachers; in-class small-group tutoring by classroom teachers; before- or after-school tutoring by non-classroom educators in a one-on-one or in small groups; participation in a specialized support class taught by a literacy specialist or other educator. Materials for intervention services may be designed by the educator or based on an off-the-shelf package such as READ 180.

Students targeted for additional intervention will include, but are not limited to, students who meet the following criteria:

<table>
<thead>
<tr>
<th>Assessment</th>
<th>Criteria For Additional Intervention</th>

<tbody>
<tr>
<td>CST – ELA or Math</td>

</tbody>
</table>

Aspire uses the Response to Intervention framework (RtI) to support all students below grade level. RtI is a process by which schools are proactive and universal in assessing students’ academic, behavioral and socio-emotional development needs and providing students with timely, targeted and effective research-based interventions. The interventions involve classroom differentiation, specific interventions and additional services, including special education services.
Aspire’s RtI framework strives to offer a comprehensive approach to assessing, supporting and monitoring the progress of all students. RtI’s framework encompasses and extends Aspire’s data driven, student-focused approach to instruction and student support, and encourages us to deepen coordination across our core classroom, intervention, special education and non-academic services.

**SUPPORT FOR STUDENTS ACHIEVING ABOVE GRADE LEVEL**

Because Aspire’s Instructional Guidelines are designed to differentiate and individualize instruction for students at different levels, students achieving above grade level can be effectively served at the School.³ For instance, the instruction during language arts allows students to be reading at their own instructional level. One student reading at grade level can sit next to another student doing the same activity at three grade levels higher. Small class sizes and looping also aid in differentiation of instruction because classroom teachers understand each individual student’s needs. The variety of instructional techniques and materials provided in Aspire’s program are cited as important features by the National Association for Gifted Children in the Gifted Educational Program Standards. Finally, any student achieving above grade level can be accelerated to a higher grade level at the discretion of the parent and principal.

**SPECIAL EDUCATION PROGRAM**

All charter schools must adhere to all terms and conditions of the *Chanda Smith Modified Consent Decree* ("MCD") and any other court orders and/or consent decrees imposed upon the LAUSD as they pertain to special education. Charter schools must ensure that no student otherwise eligible to enroll in their charter school will be denied enrollment due to a disability or to the charter school’s inability to provide necessary services. Policies and procedures are in place to ensure the recruitment, enrollment and retention of students with disabilities at charter schools.

Prior to Los Angeles Unified School District ("LAUSD" or "District") Governing Board approval, Aspire will execute a Memorandum of Understanding ("MOU") by and between LAUSD and Aspire regarding the provision and funding of special education services.

**SELPA REORGANIZATION**

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code § 56195.1(a) and intends to continue operating as a single District SELPA as in the current structure but will now create two school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011.

³ Gifted Education Program Standards, National Association for Gifted Children.
Aspire is a California non-profit charter management organization which operates 34 schools throughout the State of California, including but not limited to those located in the geographic area of the District, 27 of which operate under the auspices of a out-of-geographic area SELPA pursuant to the provisions of the CA Education Code. Unless operated pursuant to the District-operated Program as set forth above, the Aspire school subject to this petition may maintain LEA status and exercise all rights thereto including but not limited to participation in an out of geographic area SELPA, or it may apply for membership in the Charter-operated Program as set forth above. If it applies for membership in the Charter-operated Program, it will not have a LEA status but will function in a similar role in that each charter school will be responsible for all special education issues including services, placement, due process, related services, special education classes, and special education supports. Charter schools in the Charter-operated Program section of the SELPA will receive support from a Special Education Director for the Charter-operated Programs.

**MODIFIED CONSENT DECREES REQUIREMENTS**

All charter schools chartered by LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith* Modified Consent Decree ("MCD") and other court orders imposed upon District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes eighteen statistically measurable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District's Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs ("IEPs") and tracking of related services provided to students during the course of their education.

As part of fulfilling the District's obligations under the Modified Consent Decree, data requests from charter schools that are not connected to the District's current Student Information Systems ("SIS") are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s required format and are as follows:

- The Independent Charter School Suspension/Expulsion Report, due monthly throughout the school year.
- Paper SESAC Report and Welligent Student Listing Verification, due monthly throughout the school year.
- CBEDS, which is due at the end of October of Each School Year.
- All Students Enrolled December 1 of Each School Year, due at the end of December every school year.

- Graduation Status of 12th Grade Students Enrolled on December 1, due at the end of June every school year.

The District is currently in the process of developing an Integrated Student Information System ("ISIS") as required by the MCD. Although most charter schools are not currently utilizing the District's current SIS, the MCD requires all charter schools to implement the use of ISIS once it is developed.

**SUPPORT FOR SPECIAL EDUCATION STUDENTS**

In accordance with state and federal law, each student eligible under IDEA will be provided a free appropriate education in the least restrictive environment. No student will be denied admission to the School because he or she is in need of special education services. No student shall be denied admission to the School because he or she is in need of special education services. Aspire is dedicated to ensuring that identified special education students shall be enrolled in the same setting along with their non-disabled peers and shall have access to participate in extra-curricular activities the same as their non-disabled peers.

Aspire’s education program will include instructional strategies and systems which will support students with special education needs. The PLP will allow the teacher, student and parent to share information and create a program which meets the student’s personal needs. It may include teacher interventions for a student or a list of student outcomes. The language arts and math programs focus on differentiating instruction for students. The professional development of all teachers focuses on making the curriculum fit the needs of every child in the classroom.

Aspire is charged with ensuring that all students, including students with disabilities, are progressing towards grade level mastery of California Content Standards and will attain College Readiness. Aspire’s educational program includes systems of intervention, including After School Program, as well as differentiated instructional strategies to meet the diverse learning needs of all students. All incoming students participate in assessments in the areas of English Language Arts and Mathematics to assist in identification of student learning needs and provision of appropriate instructional supports for all students, including ELL, Disadvantaged, 504, or IEP. Other measures used to assist with creating teacher interventions or differentiating instruction for all students include:

- CST
- CELDT
- Curriculum-based Benchmark Assessments
- Teacher observation and interview
More details around Aspire’s 504 procedures and Enrollment Steps are attached in **Appendix L.**

The decisions regarding specialized academic services each student will receive are the responsibility of the Individualized Education Team, which includes the involvement of parents in decision-making and developing the written Individualized Education Plan.

The identification process for students who would be eligible for special education services begins when students have been accepted through the enrollment lottery and enrolled in the School. Through the process of “Child Find”, the Student Success Team serves parents, students and staff to address student needs and to initiate the referral process, if appropriate, for special education.

Specialized Academic Instruction will be provided by the Education Specialist (Mild/Moderate or Moderate/Severe) as determined in an eligible student’s Individual Education Plan. Co-Teaching models will ensure the integration of supports and services within the general education setting. To support inclusive classroom practices, flexible learning options or environments, such as a Learning Center, will be provided as needed for students with specific accommodations or modifications to their learning program as included in their individual IEP. Learning Centers will also provide the structured setting as required for some students in the IEP and will ensure provision of a continuum of services, including students with moderate/severe disabilities. These options may also serve general education students with intensive academic or behavioral support needs as determined through the intervention process.

**LEA Member in EDCOE Charter SELPA**

Unless operated pursuant to a District-operated Program as set forth above, or unless operated pursuant to membership in the Charter-operated Program of the SELPA as set forth above, the School shall assume full responsibility for the provision of special education and related services to eligible students as an LEA member of the El Dorado County Office of Education Charter SELPA (EDCOE Charter SELPA). As such, State and Federal funding shall be allocated directly to the School per the allocation plan of the EDCOE Charter SELPA. The School shall assume responsibility for the general education contribution which may be necessary for the provision of special education services to identified students and shall meet the annual Maintenance of Effort Requirement. If applicable, a copy of the SELPA agreement is attached in **Appendix N.**

**LEA Assurances**

As required of LEA members within the EDCOE Charter SELPA, the School provides the following assurances:

- Free Appropriate Public Education (FAPE)-The School will assure that a free appropriate public education shall be provided to all enrolled students including children with disabilities who have been suspended or expelled from school.
- **Child Find** - The School will assure that all students with disabilities are identified.

- **Full Educational Opportunity** - The School will assure that all students with disabilities have access to the full range of programs available to non-disabled students.

- **Least Restrictive Environment (LRE)** - The School will assure that students with disabilities are educated with students who are not disabled to the maximum extent appropriate. This will be addressed through the use of supplementary aids, supports and services in the general education environment.

- **Individualized Education Program (IEP)** - The School will assure that an Individualized Education Plan is developed, reviewed and revised for each child who is eligible.

- **Assessments** - The school will assure that an IEP review shall be conducted on an annual basis at a minimum. In addition, a reassessment shall be conducted at least once every three years and more often if conditions warrant or if requested by the student’s parents or teacher, to determine continued eligibility and needs.

- **Confidentiality and Procedural Safeguards** - The School will assure that the confidentiality of identifiable data shall be protected at collection, storage, disclosure and destruction. In addition, students and their parents shall be provided with safeguards through the identification, evaluation and placement process and provisions for a free appropriate public Education.

- **Personnel Standards** - The School will assure that good faith efforts will be made to attract, recruit and hire appropriately trained and credentialed personnel to provide special education services to eligible children with disabilities.

- **State Assessments** - The School will assure that students with disabilities are included in State assessment programs with appropriate accommodations and modifications when necessary and appropriate.

The School shall comply with all requirements of the Federal Individuals with Disabilities in Education Act (IDEA), State laws and the EDCOE Charter SELPA Local Plan, and perform all corrective actions deemed necessary by Aspire Public Schools, the EDCOE Charter SELPA and or CDE. The Aspire Director of Special Education will involve the school team in the development of the budget, hiring necessary staff, contracting for appropriate services and documenting the qualifications and competency of school leadership to meet the special education compliance and quality requirements. A Program Specialist shall be assigned to support the school and to
provide coaching support to the site special education to ensure that all requirements of IDEA are met, and each child is well served.

A comprehensive year-long Aspire Special Education Professional Development plan shall be developed with site team input to provide continuous learning opportunities and support to special education staff, as well as to build the capacity of the site team in meeting compliance with state and federal statutes, reporting requirements and use of instructional data for decision-making. In addition to Induction Program for Education Specialist Credential, professional development will be provided about promising practices that support the specialized learning needs of special education students in the least restrictive environment, including: universal design for learning, models of collaboration and the unique specialized earning needs of the secondary learner. Each staff member’s Professional Learning Plan (PLP) will reflect our Aspire shared responsibility for student progress and site special education needs, as well as differentiated opportunities to address each staff’ individual professional development needs. Professional development opportunities will include those offered in collaboration with other Aspire schools, the EDCOE Charter SELPA, or Diagnostic Center.
Element 2: Measurable Pupil Outcomes

The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program.

- California Education Code Section 47605(b) (5) (B)

An Aspire education provides students with access to opportunities for success in future endeavors – in higher education, work, and citizenship. Through personalized learning experiences, students master basic skills, acquire the thinking skills needed for the rigorous work of the real world, and develop productive life skills. Aspire’s educational program is designed to help all of its students to develop the following measurable pupil outcomes:

To establish a foundation for success, Aspire ensures students will:

- **Basic Skills:** Master at least grade level competency in the four core subjects: mathematics, science, social studies, and language arts (including reading, writing, listening and speaking);

- **Thinking Skills:** Be able to apply classroom learning to their real world experiences in a relevant and valuable way, using higher-order thinking skills (including critical thinking, creativity, decision-making, problem solving, reasoning, knowing how to learn); and

- **Life Skills:** Have developed personal qualities of individual responsibility, intellectual curiosity, sociability, self-management, confidence, and integrity.

Aspire sets high standards for all students, based on California State Content Standards, Newmann’s Standards for Authentic Instruction and Assessment, and the Secretary’s Commission on Achieving Necessary Skills (SCANS). In addition, each student has a Personal Learning Plan (PLP), developed in collaboration with his/her teacher and parent(s) that outlines the student’s specific learning goals each semester. Students will participate in the legally required statewide assessments pursuant to Education Code Section 47605(c). Through these assessments, Aspire shall demonstrate student mastery of state standards.

Please see specific measurable pupil outcomes below in Element 3.

Element 3: Methods by Which Pupil Progress Toward Meeting Outcomes is Measured

The method by which pupil progress in meeting those pupil outcomes is to be measured.

- California Education Code Section 47605(b) (5) (C)

Aspire’s academic program is standards-based and data driven. The California state content and performance standards and multiple sources of data form the basis of the School’s teachings. Aspire will align its coursework to the Common Core Standards when they are developed by the State of California. Performance assessments will be evaluated with the use of common benchmarks and rubrics and will be analyzed on a regular basis to help drive the School’s educational program. The rubrics will be used to inform students and parents about the standards for student work. Both teachers and students will use the rubric to score the work and make improvements. Rubrics used throughout the year will show growth over time.

The School commits to pursuing the following pupil outcomes:

**COLLECTING, ANALYZING, AND REPORTING DATA**

Aspire will collect and analyze data on student achievement on a regular basis and will provide student achievement data to staff, parents and guardians, and the District:

- Staff will receive data on student achievement during staff meetings using the Data Portal and will use this data to help monitor and improve Aspire’s education program;
- The Principal and other administrators will receive data on the school’s student achievement, attendance, and discipline using Aspire’s Admin Data Portal and Principal Operational Dashboard;
- Parents and guardians will receive data on student achievement when they meet with their child’s teacher to develop, modify, or review their child’s PLP; and
- The District will receive data on student achievement through School reports and/or presentations.

Aspire uses the State Testing and Assessment Reports to assist in identifying strengths and weaknesses at a student, classroom, grade level, school and organization. Additionally, the SABE/2 and the California Physical Fitness test will be administered and used to inform the school program. Every summer each school will have a staff retreat where the data will be analyzed. School wide plans for professional development will be based on these plans.

Aspire uses many in-house assessments which inform daily instruction. Three Aspire assessments provide the best benchmarks of a student’s progress towards reaching the state standards.

**Reading Assessment**

In grades K-8, the Developmental Reading Assessment (DRA) is used to benchmark students reading achievement at least three times a year. This assessment tool measures students’ independent reading level and instructional path to help teachers guide students to the next reading level. It not only allows a teacher to listen for decoding, fluency and strategies, it also allows a teacher to measure comprehension. The DRA levels span from 1 to 70 to show incremental reading growth. Aspire has set
benchmarks for every grade level. Each teacher has similar weekly assessments that she/he uses in the classroom for instruction.

**Aspire Writing Assessment**

Two times a year every student in the school takes a writing assessment. The prompts change and are aligned with the genres specific to the grade level standards. The papers are scored with other Aspire staff including teachers and instructional coaches to ensure validity of scores. The rubric for scoring is aligned with the writing rubric used by the state. Benchmarks are set for every grade level. These scores are analyzed two times a year.

**Aspire Math Assessment**

Every student takes an Aspire math assessment based on the specific grade level standards. The papers include both computation and a problem solving section. The computation is scored with Edusoft software. The problem solving is scored with Aspire teachers. A task analysis is done of every paper, so that teachers can identify standards that need to be re-taught. After every administration of the benchmark exams, the student data is analyzed at several levels – classroom, grade level, school and Aspirewide.

If any student is not making sufficient progress to meet the benchmarks created by Aspire, teachers, parents or administrators begin a Student Success Team. From this meeting an action plan is created to support the student.

Annually, the status of the school will be reported using a School Health Dashboard. This tool allows Aspire’s Management Team to evaluate a school on more than one facet. At the beginning of the year, the dashboard will help Management Team identify schools that require more focused attention and support. On an on-going basis, this dashboard will also be used to monitor progress of schools on a monthly basis. Specifically, the dashboard reports on:

- Student achievement: Academic Performance Index, course grades, behavior, and internal benchmark scores;
- Affiliation: results on the staff, parent, and student surveys, teacher retention; and
- Financial: actual versus budget and forecast; average daily attendance.

**Reporting and Accountability**

If Aspire does not test (i.e., STAR) with the District, Aspire hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as the charter school.
Test results for the prior year, if not provided directly to the District by the State, will be provided by the charter school to the District no later than September 1 of each year.

**External Reporting**

Aspire maintains sufficient staff and systems including technology, required to ensure timely reporting necessary to comply with the law and to meet all reasonable inquiries from District and other authorized reporting agencies.
Element 4: Governance Structure of School

The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement.

- California Education Code Section 47605(b) (5) (D)

Copies of the current Aspire Board’s articles of incorporation, by-laws, and a conflicts code are attached in Tabs #6b, #6c and #6d., but not incorporated herein by reference.

Members of the Aspire Board of Directors, any administrators, managers or employees, and any other committees of the School shall comply with federal and state laws, nonprofit integrity standards and LAUSD’s Charter School policies and regulations regarding ethics and conflicts of interest.

Aspire is non-sectarian in its programs, admissions policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against any student or employee on the basis of race, ethnicity, national origin, gender, sexual orientation or disability or any other characteristic described in Education Code Section 220. Aspire complies with all applicable federal, state and local laws applicable to its operation. It will retain its own legal counsel when necessary. It will purchase and maintain as necessary general liability, property, workers’ compensation and unemployment insurance policies.

The Aspire Board of Directors currently consists of a maximum of 11 regular members plus one seat for every sponsoring authority. The District reserves the right to appoint a single representative to the Board of Directors pursuant to Education Code section 17604(b). The Board of Directors is responsible for establishing broad policies
that affect all Aspire schools. For example, the Board of Directors may set policies related to staff hiring, benefits and compensation, conditions for student suspension or expulsion, controversial issues that affect more than one school site and teacher, and principal and staff compensation criteria. Members of the Board may also participate in raising funds and increasing public awareness of Aspire’s work.

The organizational chart for the entire Aspire organization is attached in **Appendix H**

**Parent and Community Involvement**

There will be a teleconference line available in the conference room at Aspire – TITAN Academy (JCA) located at 6720 Alameda Street in Huntington Park, CA. An Aspire staffer will be present in the conference room at JCA to assist any parents who would like to come and call in on the line.

Principals will always notify their communities of the date of the Aspire Board meetings two weeks in advance in their parent newsletters. Parents can either call in from home or come to the school to call in.

The Board Meeting call-in number is 1 866 244 8528, passcode is 873977.

Aspire encourages all groups to participate in and share responsibility for the educational process and educational results. In order to achieve this important end, the School plans to share local control with an Advisory School Council (“ASC”), consisting of parent and school representatives. Each school’s ASC may participate in developing school policies and share in efforts to engage the support of the community. The ASC may make recommendations about issues related to the school and participate in reviewing parental and community concerns. The ASC will consist of representatives of the following parties: the principal, teachers, and parents. The principal is responsible for communicating all ASC policy recommendations to the Aspire Board of Directors. In short, Aspire’s Board of Directors oversees issues related to Aspire schools in general, while the ASC’s focus on the day-to-day concerns of each respective Aspire school.

**Additional Opportunities for Parent Involvement**

- Parents, students and teachers meet at least twice a year to plan and assess the students’ learning progress and determine goals

- School and staff evaluations – parents fill out a survey each year evaluating the strengths and weaknesses they identify with the program at the School
- Student-led conferences – students will lead conferences on their work during the year to keep parents informed

- Advocacy – parents and community members communicate the school design and outcomes to the public, educators and policy makers and advocate for necessary policies and resources

**Addressing Parent Concerns and Complaints**

Aspire is committed to working with parents to address parental concerns and complaints. Parents will be encouraged to share their ideas and concerns with the School and Aspire throughout the school year. In addition, an Ombudsman will serve as an objective, third party resource for parents or community members who wish to express a grievance to Aspire about the School. The Ombudsman, a respected community leader from the School’s local community, will use his/her discretion to ameliorate specific parental concerns and may choose to discuss the problem with Aspire’s Board of Directors in serious cases.

Aspire has established a formal complaint process to address any parent complaints about the employees or employment practices of the organization. Aspire has issued a Uniform Complaint Procedure Policy and a Community Complaint Form, attached in **Appendix B**. Finally, Aspire is committed to providing a safe, discrimination-free and harassment-free education to its students. To help achieve this important end, Aspire has established a formal Discrimination/Harassment Policy and Complaint Procedure, attached in **Appendix C**.

- California Education Code Section 47605(b) (5) (E)

Aspire will recruit professional, effective, and qualified personnel to serve in administrative, instructional, instructional support, and non-instructional support capacities. Aspire believes that all of its employees play a key role in creating a successful learning environment and will recruit qualified employees throughout the organization. Aspire recognizes that employment is voluntary, and the Aspire Board of Directors shall not require any employee to be employed at an Aspire school. The School will conduct background checks on employee candidates to provide for the health and safety of the School’s faculty, staff, and pupils and the academic success of the pupils. Aspire’s Human Resources department, along with the Chief Academic Officer, shall monitor compliance with this policy. Employees will meet specific qualifications for employment as outlined in their job descriptions. Teachers at each school will meet all requirements for employment set forth in applicable provisions of law, including credential requirements outlined in Section 47605(l) of Charter Schools Act and the No Child Left Behind Act. In addition, teachers of core, college preparatory courses at each Aspire school will be required to hold a California Commission on Teacher Credentialing (CCTC) certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. Additionally, teachers shall meet all applicable highly qualified requirements under the No Child Left Behind Act.

TEACHER HIRING

As a public charter school organization with a clearly defined focus, Aspire tends to attract educators interested in working in more accountable, innovative, collaborative environments—teachers and principals who are themselves educational entrepreneurs. A rigorous and sound process for selecting from the pool of teacher candidates is essential. Aspire’s multiple-stage approach includes: a resume screen; interview with a site hiring committee (discussed below); demonstration lesson with students; and reference checks.

The principal will be in charge of making School hiring decisions and may have the opportunity to work with other staff and community members in making these decisions. The School may utilize a hiring team that includes some or all of the following individuals:

- **Principal**: Chairs the hiring committee and makes all final decisions on hiring for the School.
- **Office Manager**: Helps organize the process and paper trail, including: scheduling candidates for interviews and demonstration lessons; collecting score sheets; coordinating with current staff or participating students for demonstration lessons; and sending declined candidates’ paperwork to Aspire’s Home Office.
- **Teachers**: Actively participate in evaluating candidates through interview and demonstration lesson observation.
- **Parents**: Actively participate in evaluating candidates through the interview process, observe demonstration lessons and provide input.

The rubrics for measuring and assessing Principals and teachers’ work performance is attached in **Appendix D**.

PROFESSIONAL DEVELOPMENT

Once teachers are hired, Aspire invests in their continued professional development. Teachers new to Aspire participate in 2 weeks of training to become fluent in the Aspire education program; Aspire culture, literacy instruction, math
instruction, rigorous interdisciplinary instruction, parent engagement and time with other team members examining student data. Each subject training includes professional development about assessing student achievement, classroom management and differentiating instruction.

In addition, Aspire conducts several school-year workshops in specific areas. The School Principal, in his/her capacity as instructional leader, provides on-site coaching. Teachers are organized into teams, led by an experienced “lead teacher” who has the skills to mentor others. Teachers are then able to collaborate and support each other to reach the Schools’ and individual students’ learning goals. Aspire also has instructional coaches who provide additional support, provide one-on-one consultation, conduct experience-based group sessions (e.g. New Teacher Support Program), and guide educators in their application for certification from the National Board for Professional Teaching Standards. Teachers are evaluated by their School Principal at least twice a year according to research-based criteria. A copy of Aspire’s Evaluation Tool is attached in Appendix D.
Element 6: Health and Safety Procedures

The procedures that the school will follow to ensure the health and safety of pupils and staff. These procedures shall include the requirement that each employee of the school furnish the school with a criminal record summary as described in Section 44237.

- California Education Code Section 47605(b) (5) (F)

- California Education Code Section 47605(b) (5) (J)

The policies and procedures for suspension and expulsion will be periodically reviewed and the list of offenses for which students are subject to suspension and expulsion will be modified as necessary. See Appendix F for the School’s complete suspension and expulsion policies and procedures. The School will notify the District of any expulsions. The School will account for suspended or expelled students in its average daily attendance accounting as provided by law. In accordance with Education Code §47605(d)(3), upon expulsion of any student, the School shall notify the superintendent of the school district of the pupil’s last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card and health information.

Charter School shall provide due process for all students, including adequate notice to parents/guardians and students regarding the grounds for suspension and expulsion and their due process rights regarding suspension and expulsion, including rights to appeal.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School’s student expulsion process.

Charter Schools will implement operational and procedural guidelines ensuring federal and state laws and regulations regarding the discipline of students with disabilities are met. Charter Schools will also ensure staff is knowledgeable about and complies with the District’s Discipline Foundation Policy. If the student receives or is eligible for special education, the Charter School shall identify and provide special education programs and services at the appropriate interim educational placement, pending the completion of the expulsion process, to be coordinated with the LAUSD Special Education Service Center.

Rehabilitation Plans
Pupils who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Charter School’s governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may reapply to the Charter School for readmission.
READMISSION
The Charter School’s governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, the Charter School’s governing board shall readmit the pupil, unless the Charter School’s governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil’s parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil’s parent/guardian within a reasonable time.

REINSTATEMENT
The Charter School’s governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. The Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

SPECIAL EDUCATION STUDENTS
In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a 504 Plan, the Charter School will ensure that it follows the correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and Section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and the Charter School an IEP team, including a District representative, will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District's Policies and Procedures Manual. Prior to recommending expulsion for a student with a 504 Plan, the Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:
A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
B. Was the misconduct a direct result of the Charter School’s failure to implement 504?

GUN FREE SCHOOLS ACT
The Charter School shall comply with the federal Gun Free Schools Act.

Any costs and fees other than attorney fees associated with the mediation shall be shared equally by the parties.

The staff and Governing Board members of Aspire agree to attempt to resolve all disputes between the District and Aspire regarding this charter pursuant to the terms of this section. Mediation proceedings shall commence within 60 days from the date of the Issue Conference. The parties shall mutually agree upon the selection of a mediator to resolve the controversy or claim at dispute. **Revocation**

The District may revoke the Charter if the School commits a breach of any provision set forth in a policy related to Charter Schools adopted by the District Board of Education and/or any provisions set forth in the Charter School Act of 1992. The District may revoke the charter of the School if the District finds, through a showing of substantial evidence, that the Charter School did any of the following:

Revocation proceedings are not subject to the dispute resolution clause set forth in this Charter.

**Documentation of Closure Action**

The decision to close the School for any reason will be documented by an official action of the Aspire Board of Directors. The action will identify the reason for the
School’s closure (i.e. whether the charter was revoked, not renewed or closed voluntarily) and the effective date of the closure, and an entity and person or persons responsible for closure-related activities.

If it is being closed for other reasons, the notice should specify the reason(s) and clarify that the charter school is being closed, but not revoked).

NOTIFICATION TO PARENTS AND STUDENTS

The Aspire Board of Directors will promptly notify parents and students of the School, the State Board of Education, the County Office of Education in which the schools are located, the Charter School’s SELPA, the retirement systems in which the School’s employees participate (e.g., Public Employees’ Retirement System, State Teachers’ Retirement System, and federal social security), and the California Department of Education of the closure as well as the effective date of the closure. The Board will ensure that the notification to the parents and students of the schools of the closure provides information to assist parents and students in locating suitable alternative programs. This notice will be provided promptly following the Board’s decision to close the School.

The Board will also develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils’ districts of residence, which they will provide to the entity responsible for closure-related activities.

NOTIFICATION TO RECEIVING DISTRICTS

In the event that any students reside outside the District, the School will notify each school district that is responsible for providing education services so that the receiving district may assist in facilitating student transfers.

STUDENT AND SCHOOL RECORDS RETENTION AND TRANSFER

The School will facilitate the timely transfer of student records to each student’s district of eligibility or school to which the student will transfer. All transfers of student records will be made in compliance with the Family Educational Rights and Privacy Act
(“FERPA”) 20 U.S.C. § 1232g. The School will ask the District to store original records of the School’s students. All records of the School shall be transferred to the District upon School closure. The School and the District will assist parents in the transfer of their students to other appropriate schools. In the event that the School is unable to transfer student records for any reason, the School will maintain them in a safe and secure location and will provide authorized District employees with access to these records. The School will maintain all school records, including financial and attendance records, for a reasonable period after the School closure.

All state assessment results, special education records, and personnel records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

FINANCIAL CLOSE-OUT

Aspire will have an independent audit completed within six months after the closure of the School. This may coincide with the regular annual audit of Aspire. The purpose of the audit is to determine the net assets or net liabilities of the School. The final audit will include an accounting of all the School’s financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to the School. The cost of the audit will be considered a liability of the School.

In addition to this final audit, the School will also submit any required year-end financial reports to the CDE and the District in the form and time frame required, pursuant to Education Code section 47604.33. These reports will be submitted as soon as possible after the closure action, but no later than the required deadline for reporting for the fiscal year.

DISSOLUTION OF ASSETS

On closure of the School, all assets of the School, including but not limited to all leaseholds, personal property, intellectual property and all ADA apportionments and other revenues generated by students attending the School, remain the sole property of Aspire and upon the dissolution of the non-profit public benefit corporation shall be distributed in accordance with the Articles of Incorporation. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as
the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

On closure, Aspire shall remain solely responsible for all liabilities arising from the operation of the School.

Aspire will utilize the School’s reserve fund to undertake any expenses associated with the closure procedures identified above.
