STUDENTS THE SCHOOL PROPOSES TO SERVE Demographic data of the target population (this is done by completing the attached matrix.); Academic achievement data; other applicable characteristics of the target population (does the school propose to target potential dropouts? newcomer populations? other?)

See Attachment C

Chatsworth Charter High School (CCHS), serving grades 9-12, will conscientiously strive for academic excellence, articulation between grade levels, and stability and continuity in our neighborhood and traveling student body, (local school empowerment). Our student body in 2011-2012 is ethnically, racially, linguistically, culturally, and economically diverse and represents local communities of Chatsworth, Porter Ranch, Canoga Park, Winnetka, and other surrounding areas (via open enrollment).

The target student population for CCHS includes the students currently attending CCHS in grades 9-12, students in our attendance area, as well as all others who wish to attend
the school, subject to capacity. Enrollment typically comes from the traditional attendance area neighborhoods and feeder middle schools. Other applicants come from the Open Enrollment Program. One of our strengths is the school’s diversity, and it is our intention to maintain the ethnic diversity.

We also seek to attract the families within the Charter School’s surrounding neighborhoods who have elected to send their children elsewhere (other charter, magnet, private school, and home school) for high school instruction. As a neighborhood school offering a solid college-preparatory education balanced with career and postsecondary job training, CCHS would like to continue fostering a community atmosphere within the Charter School and create a welcoming environment for local families. These families, in most cases, live at a socioeconomic level of middle class to upper middle class. Their children may attend neighborhood public elementary and middle schools in Education Service Center North, and they may apply to special programs, such as charter schools, where they can to benefit from smaller class sizes and an innovative and specialized educational program. Some families do make economic sacrifices to send their children to costly private schools.

HOW LEARNING BEST OCCURS

Students learn best in a safe, creative, rigorous, and respectful environment, which fosters their interests. To that end, Chatsworth Charter High School (CCHS) Small Learning Communities will engage students in interdisciplinary instruction designed toward specific career pathways. Teachers collaborate within their academies to create relevant curriculum to prepare students for a positive and a successful post high school experience.

CCHS will continue to use California State Standards as well as incorporate the incoming Common Core State Standards, in order to provide effective, appropriate instruction for all students. In addition, CCHS will effectively use data from standardized and other formal/informal assessments to support teachers in aligning instruction and offer appropriate intervention to match students’ needs. CCHS teachers continue to use proven teaching methods, best practices, and on-going professional development to ensure student growth and achievement. Some of these methods are: Specifically Designed Academic Instruction in English (SDAIE) methodologies and techniques, and other effective tools (i.e., Literature circles, Socratic seminars, collaborative work groups, and interdisciplinary learning) which assist students in the learning process.
HOW THE GOALS OF THE PROGRAM ENABLE STUDENTS TO BECOME SELF-MOTIVATED, COMPETENT, AND LIFE-LONG LEARNERS

At Chatsworth Charter High School our five Academies, Arts & Media, Design Technology, Humanitas Academy of Education and Human Services, Medical Sciences Careers and Freshman Academy, will prepare students to transition into post-secondary education and careers and to practice outstanding citizenship. Instead of being one student among 2,500 in a large high school, each will be grouped with about 450 others in academies, which function as small learning communities within a larger school.

The Arts and Media Academy (CCHS Arts & Media) has visual and performing arts elective courses which foster creativity, encourage self-expression, and nourish imagination. Teachers provide opportunities for practical applications through performance, collaboration, and production in artistic fields, such as music, theater, film, and photography. Students are challenged creatively and academically and will be prepared for post-secondary education and/or to enter fields of the arts and creative media. Choose from three career pathways: Media Arts, Performing Arts, and Business and Managerial Arts. Students will achieve positive personal growth and self-reflection during a rich and rewarding high school experience.

The Design Technology Academy (CCHS Design Technology) is specifically geared toward development of academic skills using technology, apply research skills and techniques, and combine theoretical training with hands-on projects through the exploration of computer technology, computer design, and engineering. Design and Technology teachers are trained to enhance the learning environment in the classroom by bringing real world experiences into the classroom setting. Design and Technology Academy students have the confidence to be critical thinkers and create unique solutions to real world and real life problems.

The Humanitas Academy of Education and Human Services (CCHS Humanitas Academy of Education and Human Services) students connect to the classroom and local community through real life experiences, hands-on learning, community partnerships and peer interaction. Humanitas teachers empower students by providing those opportunities for developing personal accountability, leadership skills, civic responsibility and a global consciousness. Humanitas Academy graduates are critical thinkers who have a strong sense of identity, value learning and see opportunities for personal growth.

The Medical Sciences Careers Academy (CCHS Medical Sciences Careers Academy) students will be enrolled in a rigorous curriculum designed to have a medical emphasis.
Students will participate in lessons with real world applications. Core classes and electives will be centered on the medical profession bound Chancellors. Students are placed in one of four career pathways ranging from entry-level medical field professions to those of doctoral level aspirations. Classes are programmed to meet these goals.

The Freshman Academy (CCHS Freshman Academy) mission is to help students transition into a rigorous high school experience. Freshmen receive guidance through mentoring from upperclassmen via the Link Crew program and character building activities in homeroom. In addition the Freshmen Academy benefits from two counselors sharing the responsibility for this population, thus offering a more personalized experience during this critical year.

**DESCRIBE A TYPICAL DAY**

Student A is a freshman at Chatsworth Charter High School who graduated from the Gifted Magnet at Lawrence Middle School. Her counselor has placed her in the School for Advanced Studies (SAS), where she takes Honors classes to prepare her for the Advanced Placement (AP) classes she will take in grades 10 thru 12 to earn college credits. She is currently enrolled in 8 classes, a full day’s schedule. The school’s block schedule allows her more time in each class to master the concepts in greater depths, while only attending 4 classes per day for 85 minutes, on an alternating basis. In her homeroom, the class discusses the A-G requirements for graduation and college admission. In addition to her rigorous course schedule, she is a cheerleader, who stays after school for practices until 4pm, performs at pep rallies, and raises school spirit at games.

Student B is a senior in Chatsworth Charter High School’s Design Academy, who came to this country in the 5th grade. Even though she is still working on her mastery of the English language and preparing to take and pass the California English Language Development Test (CELDT), she is a star student in her classes, and plays the clarinet in the award-winning Chancellor marching band. She arrives at school early in the morning for Band Practice as the talented ensemble, along with the Drill Team, puts the finishing touches on the Field Show they will perform to retain their 1st place status at the LAUSD Band and Drill Team Championship. In her homeroom, she submits a weekly current event. She is also taking a Pierce College satellite class in the evenings in Economics to get a head start on her career ambition of jewelry design.

Student C is an eleventh grader in the Arts & Media Academy who is enrolled in Leadership and Link Crew, meeting with his leadership class for one period each day.
He is also a film editor for the CHS News which airs every Thursday in Homeroom through a closed-circuit television network. In his homeroom class, the students watch CHS News attentively and compliment him on the well-edited segments. He reminds his homeroom classmates to turn in the answers to this week’s Math In Motion question to win a prize. He is also enrolled in Drama Class where he is memorizing a monologue he will perform at the Shakespeare Festival where he will compete against students from High Schools all over the region.

Student D is 10th grader enrolled in Chatsworth Charter High School’s famed Humanitas Academy. In addition to the required 10th grade courses, he is also enrolled in English 9 to recover credits from the previous year, and a CAHSEE Prep course to increase his chances of passing the CAHSEE the first time he takes it. He is also enrolled in ASL 2, where he is translating his favorite song into American Sign Language in preparation for the annual ASL Showcase Assembly. He is also joining the Academic Decathlon because his less-than-stellar GPA does not reflect his true intellectual ability. In his homeroom, students are finalizing their designs for the annual Chalk Festival.

Student E is an 11th grade student-athlete at Chatsworth Charter High School. In her Medical Academy Homeroom, she presents her “Power Presentation” for the semester, and hands her teacher a log of hours she has accumulated this semester by volunteering in the Orthopedic Surgery Center at Northridge Hospital. As the starting point guard of the highly ranked Varsity Girls Basketball Team, she trains all year long, and as basketball season winds to a close, she can now devote more time to volunteering. She hopes to be the first in her family to attend college, hopefully on a basketball scholarship. She has been enrolled in the Advancement Via Individual Determination (AVID) Program since the 7th grade, and in her third year of high school, she is enrolled in challenging, college prep courses and even mentors the freshman AVID students. Because of her involvement in AVID at CCHS, her grades and test scores have improved dramatically, and she has been an acknowledged as a Scholar-Athlete for 3 years in a row.

Visitors to CCHS will be greeted by a trained security professional. Upon entering the campus, visitors will see a clean, beautiful and safe environment that fosters student learning. As the visitor moves through the campus they will meet staff and faculty committed to the success of their students. They may see collaborative teaching or meetings of teachers who team-teach, prepare and deliver common assessments, offer peer observation and feedback. CCHS teachers empower students by providing opportunities for developing personal accountability, leadership skills, civic responsibility and a global consciousness. They will experience the respect and pride of CCHS which
commits itself to creating a safe, clean, positive, individualized and relevant learning environment for its students.

Instructional Framework, Delineation of the Core Subjects, and Innovative Components:

See Attachment B

Eventually all classrooms will be smart classrooms, a paragon of a 21st Century Classroom. These classrooms will include Smart Boards, LCD Projectors, Document Cameras, Tablets / E-Readers for students. An IT person will be on hand to support a school wide intranet so that students can access the appropriate technology / software applications and develop skills to be successful in their post-secondary career.

All 9th Graders will be given a double block of ELA and Mathematics (Enrichment or Intervention as applicable), World Geography, and participation in our Link Crew Program to increase our 9th Grade promotion rate, keeping them on track to graduate.

In addition, we believe offering consistent and meaningful professional development is fundamental to our growth as a faculty. Chatsworth Charter will follow the current 2012-2013 UTLA-LAUSD 14 day professional development schedule. Within the next two weeks the faculty will hold a vote to determine which professional development model will be adopted at Chatsworth High School.

Through the use of our Community Liaison, we have relationships with local universities, community colleges, and businesses allowing students to get the post-secondary experience.

Teaching Methodologies:

CCHS teachers continue to use proven teaching methods, best practices, and on-going professional development to ensure student growth and achievement. Some of these methods are: Specifically Designed Academic Instruction in English (SDAIE) methodologies and techniques, AVID Strategies, Reciprocal Teaching, Cooperative Work Groups, Think-Pair-Share, and other effective tools (i.e., Literature circles, Socratic seminars, graphic organizers, and interdisciplinary learning) which assist students in the learning process.

Scope and Sequence and Different Subjects the School Plans to Teach:

See Attachment B

Our college prepared program is designed for all students to complete the A-G requirements and successfully graduate from high school within four years. Our instructional program varies for students depending on their needs, i.e. SAS, on-track, Tier 2 & 3 Intervention.

Our career ready program is personalized for each student to meet their post-secondary career interests. Each Academy is designed with multiple pathways each with job shadowing and internship opportunities.

How the Curriculum Addresses California Content Standards:

Common Core:
Charter School assures that the school will transition to and implement the Common Core State Standards and Smarter Balanced Assessments according to LAUSD established timelines.

How the Teaching Methodologies and Instructional Program Address the Needs of the Targeted Student Population:

The teachers of Chatsworth Charter High School as well as the leadership team will use current research and student data to drive best teaching methodologies while utilizing
rigorous conceptual learning at each grade level. Standard methodologies include:

- **Academic Rigor**—Students actively explore, research, and solve complex problems to develop a deep understanding of core academic concepts.
- **Clear Expectations**—Teachers clearly define and articulate state standards in student-friendly language to ensure academic goals are attained.
- **Collaborative Groupings**—Teachers create small groups in order for students to interact with their peers. Students share their thinking processes to maximize learning. Cooperative groups promote diverse perspectives, student-centered learning, and teamwork.
- **Criteria Charts/Rubrics**—these tools help focus students to effectively meet and exceed teacher expectations and objectives of the assignment. Charts/rubrics are based upon curricular standards and objectives.
- **Differentiated Instruction**—Teachers provide lessons and assignments within the core curriculum that allow students to perform at their appropriate academic levels while maintaining or exceeding state standards.
- **Direct Instruction**—Teachers use carefully planned direct instruction to teach standards-based lessons.
- **Experiential Learning**—Students learn by doing. Students relate to the curriculum through plays, field trips, labs, simulations, and experiments. It is through these involvements that students process, analyzes, and conceptualize the experience.
- **Guided & Independent Practice**—we provide students with adequate time to be successful at demonstrating their understanding of the concepts or skills being taught.
- **Higher-level Thinking**—Teachers design lessons that develop critical thinking skills, which help to solve complex problems with depth and complexity. Students are encouraged to utilize the highest stages of Bloom’s Taxonomy such as synthesis, analysis, and evaluation. Students use Kaplan strategies to explore curriculum using depth and complexity prompts. Teachers can tailor the curriculum to challenge students based on their interests and abilities.
- **Integration of the Arts**—Teachers and curriculum specialists use drama, dance, music and visual arts to enhance their students’ thinking and learning experiences.
- **Small Group Instruction**—Teachers create small groups to target students who need extra instructional time as well as preview and review.

Researched-Based Evidence that the Proposed Instructional Program has been Successful with Similar Student Populations and/or will be Successful with the Charter’s Targeted Population:

Substantial research has been done by educators such as Robert Marzano, Paul Tough, and Douglas Fisher demonstrates that the proposed instructional program for Chatsworth Charter High School (CCHS) will be successful with our targeted population. We believe that the strategies supported by this research will improve the
achievement of our at-risk students and address the needs of our high achieving students as we work with all students to reach their full potential.

Robert Marzano’s book, Classroom Instruction that Works, describes several strategies that will produce significant student gains when implemented correctly. He supports his assertions with highly regarded research. In particular, CCHS will focus on collaborative learning (referred to as cooperative learning in Marzano) and strategies that are directed at higher order thinking skills such as generating and testing hypotheses and cues and questions.

Paul Tough’s book, How Children Succeed, examines how non-cognitive skills such as persistence, self-reliance, and other intrinsic qualities in students play a role in their ability to be successful in an academic environment.

Finally, Douglas Fisher’s gradual release of responsibility model in which teachers shift the focus of their instruction from teacher-centered to student-centered is the basis for our focus on project-based learning and performance assessment. Like Marzano, Fisher’s model also includes a focus on Collaborative learning, cues and questions.

The Textbooks or Other Instructional Resources to be used:

How the School will Recruit Teachers who are Qualified to Deliver the Proposed Instructional Program:

Selection of certificated staff will be aligned with current Education Code, District Policy, and collective bargaining agreements. Charter School will have the autonomy to interview and select teachers and school-funded support staff from District approved lists of eligible candidates. Available lists will be determined by Human Resources and may be limited to Priority Placement Lists (displaced teachers) and Rehire Lists depending on the current hiring situation in each subject area. While every effort will be made to avoid assigning any certificated employee to any Charter School campus, the District retains the right to make such assignments in cases where no other alternative is available (i.e. Reasonable Accommodation).

How the School will Provide Ongoing Professional Development to Ensure that Teachers have the Skills to Deliver the Proposed Instructional Program:

The goal of professional development at Chatsworth Charter High School (CCHS) is to guide our path to the five goals: 100 Percent Graduation, Proficiency for All, 100 Percent Attendance, Parent and Community Engagement, and School Safety. CCHS has set a goal to increase the number of students who are proficient and
advanced in ELA and mathematics by 5% during the 2012-2013 school year. Professional Development will be an on-going component and an effective tool used to address the curricular needs of our students and teachers. Professional development issues, ideas, and products will be driven by the students’ and staff’s needs and interests that are then forwarded to The Board for formalization of appropriate training and products. Our professional development program will be subject to the approval, implementation, and scheduling by the Professional Development Committee. In addition, CCHS will participate in both site level and district professional development activities.

In order to achieve this school-wide goal, all Tuesdays will be dedicated to PD. The 90 minute group sessions will involve the following:

• PD demonstrating instructional methodologies and research-based strategies for improving pedagogy. Trainings relating to rigor, motivation, My Data, Small Learning Communities, instructional technology, data analysis, rubrics and assessments will be implemented to create a more effective team of educators in our educational program (Sepanlou, 2008).
• PD relating to Culturally Relevant and Responsive Education, brain-based research, SDAIE methods, reciprocal teaching, cooperative learning, project-based learning, instructional teams, and data-based instructional strategies.
• Department Instructional Meetings
• Instructional Leadership Team Meetings
• SAS/GATE teachers will meet to address the needs of gifted students.
• Special Education teachers will collaborate with departments to address Special Education issues.
• Provide access to outside facilitators/presentations to the faculty/staff
• Teachers are encouraged to attend educationally relevant conferences, seminars, and workshops throughout the year.
• Address guidelines and LAUSD homework policies with intent to modify for our student population
• Collaborate to lower the number of students who are not meeting the district’s graduation standards.
• CCHS will participate in P.D. provided by the district in accordance with the affiliated bulletin.

The School’s Academic Calendar and Sample Daily Schedule (which explains the rationale for allocation of instructional time to different subject matter areas, as well as an assurance that the school will offer, at minimum, the number of minutes of instruction set forth in Education Code § 47612.5):

See Attachment D
HOW THE INSTRUCTIONAL PROGRAM WILL MEET THE NEEDS OF SUBGROUPS

English Learners (including reclassification):
As a District affiliated charter school, the Charter School shall implement the provisions of the District’s Master Plan for English Learners and comply with all applicable federal and state laws, District policies and procedures related to the implementation of the English Learner Master Plan.

Overview:
CCHS will meet all applicable legal requirements for English Learners (“EL”) as they pertain to annual notification to parents, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. CCHS will implement policies to assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents.

Home Language Survey:
CCHS will administer the home language survey upon a student’s initial enrollment into CCHS (on enrollment forms).

CELDT Testing:
All students who indicate that their home language is other than English will be CELDT tested within thirty days of initial enrollment3 and at least annually thereafter between July 1 and October 31st until re-designated as fluent English proficient. CCHS will notify all parents of its responsibility for CELDT testing and of CELDT results within thirty days of receiving results from publisher. The CELDT shall be used to fulfill the requirements under the No Child Left Behind Act for annual English proficiency testing.

Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

- Assessment of language proficiency using an objective assessment instrument including, but not limited to, the California English Language Development Test or CELDT.

- Participation of the pupil’s classroom teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil’s curriculum mastery.
• Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process.

• Comparison of the pupil’s performance in basic skills against an empirically established range of performance and basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

• The Student Oral Language Observation Matrix will be used by teachers to measure progress regarding comprehension, fluency, vocabulary, pronunciation, and grammar usage.

• CCHS will continue to follow LAUSD’s reclassification procedures.

The thirty-day requirement applies to students who are entering a California public school for the first time or for students who have not yet been CELDT tested. All other students who have indicated a home language other than English will continue with annual CELDT testing based upon the date last tested at the prior school of enrollment.

Strategies for English Learner Instruction and Intervention: In order to teach EL students, teachers utilize a variety of SDAIE methods which include: scaffolding; collaborative learning groups; a strong emphasis on learning vocabulary; an emphasis on the different learning modalities; a use of visual aids; graphic organizers; and a focus on morphemes and root words.

All teachers are and will continue to be CLAD certified (or will hold an equivalent California Commission on Teacher Credentialing EL certification).

The English Learner Department uses the State-adopted High Point Program. Professional development ensures that the High Point curriculum is implemented correctly in every classroom and that it provides uniform assessments for all students.
**Socioeconomically Disadvantaged Students:**

Chatsworth Charter High School (CCHS) is designated as a Title 1 school with at least 52% of students designated as having a low socio-economic status. CCHS aims to enhance the education of our students with low socio-economic status by lowering class sizes with the purchase of CSR Teachers in the core content area subjects (ELA, Math, Science, Social Studies) to ensure a quality education for all students. Lower class sizes will increase access to the instructors, curricular material, and enrichment opportunities and will enable students to benefit from more focused attention.

We will make every effort to provide access to social and psychological community resources for students and their families to ensure students come to school well-prepared to learn and succeed in their academic goals. Family surveys will be conducted to determine areas of greatest need for these students and their families. By partnering with local agencies and community resources, adult schools, occupational centers and community colleges, we will offer channels for students, their parents and family members to gain access to community resources that can assist with their areas of greatest need including: food and shelter, higher education, technical and job skills training, parenting classes, counseling and family support services.

Likewise, we will continue to develop programs on site to address the psycho-social, physical and emotional needs of these students so that they can focus on their academic and educational goals and achieve them. Through our 8-period block schedule, we allow for intervention and mentoring opportunities with flexibility for high achieving students with low-socioeconomic status who want to explore community resources and opportunities such as concurrent enrollment at community colleges and job internships.

**Gifted Students:**

Charter School will continue to use LAUSD’s GATE identification process and policy and reimburse the District for testing and processing on a fee-for-service basis. If Chatsworth Charter High School students participate in the Saturday Conservatory of Fine Arts, the Charter School will reimburse on a fee-for-service basis.

Students’ scores on periodic benchmark assessments, overall grades, individual work ethic, level of production and other factors will be used in determining if a student is placed in a more academically challenging and stimulating environment.
CCHS maintains rigorous, relevant, and coherent standards-based curriculum that is founded on department-designed units of instruction and periodic benchmark assessments. Students identified as high achieving in all forms of assessment (formal, informal, observation, etc) will be placed and encouraged to enroll in Academic Decathlon, Honors and Advanced Placement courses.

CCHS Gifted/SAS Programs includes the following components:
• Accelerated or advanced content
• More complex understandings of generalizations, principles, theories, and the structure of the content area
• Abstract concepts and thought processes or skills
• Level and type of resources used to obtain information, acquire skills, and develop products
• Appropriation of longer/shorter time span for learning
• Generating new information and/or products
• Transfer of learning to new/different disciplines, situations
• Development of personal growth and sophistication in attitudes, appreciations, feelings, intuition
• Independence of thought and study

In addition, adequate office personnel will be staffed to provide the parents and students all the necessary information, assistance, and paperwork in regards to college applications, internships, academy opportunities, etc.

Students Achieving Below Grade Level:

Chatsworth Charter High School (CCHS) has developed a framework for students achieving below grade level expectations that is demonstratively pre-emptive in our approach to intervention. In order to facilitate student achievement, CCHS will offer interventions to address each student’s specific learning needs so he or she can attack the curriculum once the school-year begins. Prior to ninth grade, each student’s cumulative record, with great attention paid to California-mandated test scores will be reviewed by our school’s Counselors. For students in the category of well below grade level expectations, emphasis will be placed on developing and strengthening math and reading skills in addition to instruction in successful student practices and study skills such as time management and organization. Through our 8-period double block schedule, they will be placed in double Math and ELA in their ninth grade year, as well as a semester of World Geography to prepare for World History. In addition, ninth
grade students will continue to receive proactive intervention through additional learning supports between the bells.

Diploma requirements will also be previewed to the students by our Counselors to understand the credit-building goal to graduation. Students who have not passed the one or both portions of the CAHSEE will be required to take a CAHSEE Preparation Class in the 11th and/or 12th grade.

In Math, all students are required to complete three years of high school math; Algebra 1, Algebra 2, and Geometry being the minimum requirements. At the end of the ninth grade Algebra 1 course, students will take a placement exam to be placed in either Algebra 2 or Geometry based on their aptitude in order to promote better success in Math during their 10th grade year. Through the use of Class-Size Reduction (CSR) Teachers, the students who continue to have trouble with these higher level subjects, additional intervention courses are offered.

The Intervention Coordinator and Coordination of Services Team (COST) will monitor Tier 3 Academic issues for students to provide additional instructional strategies that will be employed in order to maintain a high level of support for this student group. Math and Literacy Coaches will be on hand to support learning in the classroom for both teachers and students who need additional supports. As a charter school, CCHS will expand and enhance the many intervention opportunities for students.

The Pupil Services Attendance (PSA) Counselor and School Attendance Review Team (SART) will monitor Tier 3 Attendance issues for students to provide additional supports to increase our student attendance rate and time spent in the classroom. We will be staffed such that student/parents will be contacted regarding absences and tardies by office personnel.

The Dropout Prevention Advisor (DPA), Deans, and Discipline Review Team (DRT) will monitor Tier Behavior (Attitude) issues for students to provide additional supports to increase our student graduation rate and provide alternative graduation paths when needed.

As a department, teachers will make themselves available to students before and after-school for tutoring. General student tutoring is available every day after school in the library and several Saturdays, and additional funds are targeted at gatekeeper courses like algebra, geometry, and biology, as well as English language development.
Some classes will have either a collaborative assistant or additional special education teacher as well. Teachers will deliver content while accessing different modalities or learning intelligences with a variety of assessments and assignments with an emphasis on breaking assignments into smaller, simpler assignments.

In the event that the student continues to be unsuccessful in his academics, the student will be referred to a Student Success Team (SST) in which the student’s respective teachers will meet with parents/guardians in an effort to provide the student with strategies, assistance and counseling in order to accommodate the student and guide him/her towards academic success.

In some cases, it may be necessary to consider a 504 Plan or to assess a student for a learning disability wherein Special Education protocols will be followed and maintained.

**Special Education**

The District shall continue to serve the needs of special education students enrolled in District Affiliated Charter Schools in the same manner as at any other public school of the District, and shall be responsible for meeting all the requirements of the Modified Consent Decree along with the District Affiliated Charter School.

**Conversion Affiliated Charter**

1. **District Affiliated Charter School’s Special Education Responsibilities**

   a. **General Requirements**

   The District Affiliated Charter School will adhere to the provisions of the IDEA and California special education laws and regulations to ensure that all students with disabilities are accorded a free appropriate public education (“FAPE”) as is required of all District authorized schools. The District Affiliated Charter School will also ensure that no student otherwise eligible to enroll in the District Affiliated Charter School will be denied enrollment on the basis of their special education status.

   The District Affiliated Charter School will comply with Section 504 of the Federal Rehabilitation Act, the Americans with Disabilities Act, and all Office of Civil Rights mandates for students enrolled in the District Affiliated Charter School.

   The District Affiliated Charter School will adhere to the requirements of the Chanda Smith Modified Consent Decree and court orders imposed upon the District pertaining to special education and will submit documents and information, participate in reviews, and attend informational sessions and meetings at the District’s request.

The District Affiliated Charter School will maintain copies of assessments and IEP materials for District review. The District Affiliated Charter School will submit to the District all required reports, including but not limited to CASEMIS, SESAC and Welligent IEPs, in a timely manner as necessary to comply with state and federal and Modified Consent Decree requirements.

The District Affiliated Charter School shall keep daily attendance for each student which shall be reported and certified according to District policies and procedures.

The District Affiliated Charter School will participate in the state quality assurance process for special education (i.e. verification reviews, coordinated compliance self-reviews, complaints monitoring, procedural safeguards, and the local plan). The District Affiliated Charter School will participate in internal validation review (“DVR”).

The District Affiliated Charter School is responsible for the management of its personnel, programs and services. The District Affiliated Charter School will ensure that its special education personnel or contracted personnel are appropriately credentialed, licensed or on waiver consistent with California laws and regulations. The District Affiliated Charter School will implement the programs and services, including providing related services, required by the IEPs of the students enrolled at the District Affiliated Charter School.

b. Transferring Students

For students transferring to the District Affiliated Charter School from other school districts, District-operated schools or District authorized charters, the District will provide those related services required by the students’ IEPs immediately upon the students’ enrollment regardless of the types of service provider (i.e. school-based, NPA or private. District Affiliated Charter School will ensure that IEP team meetings for such students will be held within thirty (30) days of the student’s enrollment in accordance with state and federal law if there is a change in the supports and services set forth in the transfer student’s IEP.

c. Assessments

The referral process shall include Student Success Team (SST) meetings to review prior interventions, accommodations and modifications and to recommend further interventions as appropriate. The referral process shall be supported by the Response to Intervention (RtI) model approach using data to identify student strengths and weaknesses. Upon review of accumulated data, observation and review of records, the District Affiliated Charter School may determine that assessment is necessary to determine possible eligibility for special education programs and related services.
Upon a parent’s request for assessment, the District Affiliated Charter School will convene a meeting to review and discuss the request in light of student records, acquired data and student performance to agree with or deny the request for assessment. If the District Affiliated Charter School determines that assessment for special education eligibility is not warranted, prior written notice must be given to the parent/guardian with a clear rationale for such refusal within 15 days of the request. If the District Affiliated Charter School concludes that there are suspected disabilities, the school must develop an assessment plan in Welligent for each student with suspected disabilities within the 15 day timeline. The LAUSD assessment plan describes the types of assessments that may be used to determine the eligibility of students for special education instruction and services. Assessments will be conducted, within legal timelines, after receiving the parents’ written consent. The District Affiliated Charter School shall conduct an IEP team meeting that includes required team members within mandated timelines for each student assessed to discuss results, determine eligibility, and (if eligible) specify special education instruction and services. The District Affiliated Charter School will make decisions regarding eligibility, goals, program, placement, and exit from special education through the IEP process according to federal, state and District timelines.

d. Alternative Placements

Under limited circumstances when a District Affiliated Charter School student’s needs may not be provided at the District Affiliated Charter School, the District Affiliated Charter School will consult with the District to discuss placement and service alternatives. The IEP team convened at the District Affiliated Charter School shall have the authority to make offers of a FAPE and decisions regarding the staffing and methodology used to provide special education and related services at the District Affiliated Charter School pursuant to an IEP.

e. Least Restrictive Environment

The District Affiliated Charter School will support movement of students with disabilities into less restrictive environments and increase interactions of students with disabilities with non-disabled students. The District Affiliated Charter School general program of instruction for students with disabilities shall be responsive to the required sequence of courses and related curricular activities provided for all students in the District Affiliated Charter School. Assessment and standardized testing procedures shall be implemented, including guidelines for modifications and adaptations, to monitor student progress.

f. Staffing Requirements

The District Affiliated Charter School shall participate in available appropriate District trainings to support access by students with disabilities to the general education classroom, general education curriculum, integration of instructional strategies and
curriculum adaptations to address the diverse learner, and interaction with non-disabled peers.

The District Affiliated Charter School will maintain responsibility for monitoring progress towards meeting specified IEP goals. The District Affiliated Charter School will assess, develop, and implement Individual Transition Plans to help students with disabilities transition to adult living in accordance with District policies and procedures.

g. Student Discipline/Inclusion

The District Affiliated Charter School will ensure that it makes the necessary adjustments to comply with the mandates of state and federal laws, including the IDEA regarding discipline of students with disabilities. Discipline procedures will include positive behavioral interventions and the District’s Discipline Foundation Policy. Prior to recommending expulsion and/or prior to the eleventh day of cumulative suspension for a student with disabilities, the District Affiliated Charter School will convene a manifestation determination IEP set forth in the District’s Policies and Procedures Manual. The District Affiliated Charter School will collect data pertaining to the number of special education students suspended or expelled.

The Charter is committed to achieving population balance that includes students with disabilities. The Charter will conduct outreach activities to attract and enroll a range of mild to severe special education students that is diverse and comparable with resident schools with similar demographics. The current District-wide average percentage of students with disabilities is 10-13%. The District Affiliated Charter School’s outreach efforts should be geared toward aligning with the District-wide average. The District Affiliated Charter School may not refuse to admit a student based on special education eligibility, needs or services identified in the student’s IEP. The District will make available to the District Affiliated Charter School MCD reports indicating range of services and number of students served at individual District Affiliated Charter Schools.

2. Procedural Safeguards/Due Process Hearings

The District may invoke dispute resolution provisions set out in the charter petition, initiate due process hearings, and/or utilize other procedures applicable to the District Affiliated Charter School if the District determines that such action is legally necessary to ensure compliance with federal and state special education laws and regulations or the Modified Consent Decree.

In the event that a parent or guardian of a student attending the District Affiliated Charter School initiates due process proceedings, both the District Affiliated Charter School and the District will be named as respondents. Whenever possible, the District and the District Affiliated Charter School shall work together in an attempt to resolve the matter at an early stage (informal settlement or mediation).
3. Complaints

The District will investigate and respond to all special education complaints the District receives pertaining to the District Affiliated Charter Schools including the District’s Uniform Complaint Procedures, Office for Civil Rights and California Department of Education Special Education Compliance. The District Affiliated Charter School will cooperate with the District in any such investigations and provide the District with any and all documentation that is needed to respond to complaints.

The District shall retain all state and federal special education funding for District Affiliated Charter School students which is allocated to the SELPA. The District shall be responsible for providing all appropriate special education and related services in accordance with all applicable state and federal laws.

5. District Responsibilities Relating to District Affiliated Charter School Special Education Program

As long as Charter Schools operate as public schools within the District, the District shall provide information to the school regarding District special education decisions, policies, and procedures to the same extent as they are provided to other schools within the District.

To the extent that the District provides training opportunities and/or information regarding special education to other school site staff, such opportunities and/or information shall be made available to District Affiliated Charter School staff as well.

*Modified Consent Decree Requirements -

All District Affiliated Charter Schools chartered by the Los Angeles Unified School District ("LAUSD or the District") Governing Board are bound by and must adhere to the terms, conditions and requirements of the Chanda Smith Modified Consent Decree ("MCD") and other court orders imposed upon District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statically measureable outcomes and facilities obligations that the District has to achieve to disengage
from the MCD and federal court oversight. All District Affiliated Charter Schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online IEPs and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the Modified Consent Decree, data requests from any schools that are not connected to the District’s current Student Information Systems (“SIS”) are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s required format and are as follows:

# The Independent Charter School Suspension/Expulsion Report, due monthly throughout the school year.
# Paper SESAC Report and Welligent Student Listing Verification, due monthly throughout the school year.
# CBEDS, which is due at the end of October of Each School Year.
# All Students Enrolled December 1 of Each School Year, due at the end of December every school year.
# Graduation Status of 12th Grade Students Enrolled on December 1, due at the end of June every school year.

Schools that are currently on SIS can disregard the above data requests.

The MCD requires all District authorized schools, including District Affiliated Charter Schools to implement the District’s Integrated Student Information System (“ISIS”). ISIS is a suite of applications designed to capture all District student data and includes the Welligent IEP Management Systems, EESIS, SIS and LAUSD MAX.

Description of the Implementation Plan for the School’s Instructional Program (including a timeline for implementation of various components of the plan):

Chatsworth Charter High School will begin implementation of its instructional program during the spring 2013 semester. The Professional Development Committee in conjunction with the Charter Development Team and Instructional Specialist will develop and implement professional development to provide our faculty training on Common Core State Standards, Career Technology Education, SDAIE, Gifted, project-based learning, interdisciplinary teaming, etc. Additionally, professional development and common planning time will be allocated for faculty to work in their academic teams to engage in unit development and asset development strategies.

HIGH SCHOOLS ONLY: (describe the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. (Courses offered by the charter
school that are accredited by the Western Association of Schools and Colleges (WASC) may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements. Include a timeline for WASC accreditation.)

Upon completion of CCHS’s graduation requirements, students will have exceeded the University of California’s A-G subject requirements. Students and parents will be informed of how each course taken meets graduation and college entrance requirements and transfers to other public high school programs via the Student and Parent Handbook which will be provided each school year and upon new student enrollment and posted on the school website.

Core Academic Coursework:
Students will be required to demonstrate mastery of standards in six core academic subject areas: English Language Arts, history/social sciences, mathematics, the natural sciences, foreign language, and visual and performing arts. CCHS’s core course requirements will exceed those of the University of California subject requirements.

Advanced Placement Courses:
As a charter school, CCHS will continue to offer AP courses in 18 subjects and will study the feasibility in other subject areas. These AP courses are open to all CCHS students. Preparation will include course work as well as teacher directed independent study.

Small Learning Communities:
Students will have the opportunity to select an interest or career path their 9th grade year. Small Learning Communities forge a unique identity through their emphasis in specific classes taught within each academy. Chatsworth High’s SLC’s feature: Arts and Media, Design and Technology, Humanitas Academy of Education and Human Services, and Medical and Sciences Careers Academy.

All Small Learning Communities offer students the opportunity to:
- Participate in internships in areas related to their career path
- Engage in charity work beyond required community service
- Be a member of the SLC sponsored club
- Academy specific coursework
- Earn stoles and certificates at graduation based on merit for the accumulation of exemplary academy work

Technology:
Students will develop technological proficiency in the areas of word processing, Web Design, graphic design, spread sheets, slide presentation, and internet research within their core academic subjects and through their elective courses. Students will be expected to utilize technology in ways that will prepare them for post-secondary work
and college life. Grant money funds much of the technology courses offered at Chatsworth Charter High School.

Approved Courses:
All courses offered at CCHS in the six core subject areas will be approved to meet the Charter School’s graduation requirements. Additionally, students may seek administrative approval for online distance learning courses, community college courses or high school courses from other institutions to be accepted as meeting the school's graduation requirements. Outside courses will only be considered if they are college preparatory, comparable to the courses taught at CCHS and taught by an accredited institution. Approval for such courses must be obtained from the Principal prior to the commencement of the course.

Revisions to the list of courses offered by the institution will be made based on a continual improvement process that involves analyzing student performance data and educational trends to determine how the curriculum can best meet the needs of the student population and align with the mission of CCHS. CCHS intends to teach the following courses at this time. Each course listed is a one year course or the equivalent of one (1) UC credit or a traditional high school’s ten (10) credit course. The course descriptions and curriculum will be modeled on the courses currently taught at CCHS and approved by the UC system.
Element 2 – Measurable Student Outcomes

“The measurable pupil outcomes identified for use by the charter school.” "Pupil outcomes,’ for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program.” Ed. Code § 47605 (b)(5)(B)

As a District affiliated charter school, the charter school has opted to test with the District and adhere to District Testing calendars and procedures for all District and state mandated assessments. The Charter School will work toward meeting the student outcome goals as outlined on the LAUSD’s Performance Meter.

Anticipated Skills and Knowledge Outcomes for Students:

The goal for Chatsworth Charter High School students is the mastery of the California State Standards as measured by the CST/Common Core, Periodic Assessments, and other assessments. An additional goal for our EL students is to meet their AMAO and reclassification goals through CELDT and CST. In addition to the mastery of the California State Standards, CCHS students are expected to become Effective Communicators, Critical Thinkers, Quality Producers, Collaborative Workers, Responsible Self-Directed Individuals, and Responsible Citizens who contribute to the society and world.

Desired Skills and Knowledge:

1. Language Arts: All students will develop and show growth towards grade-level proficiency, or higher, in reading and language arts as readers, writers, listeners, speakers, collaborators, and fact-finders.

2. Mathematics: All students will demonstrate growth towards grade-level proficiency, or higher, in mathematical application, problem solving, and computation skills.

3. Science: Students will gain the knowledge and understanding of scientific concepts, specifically in the physical and life sciences, using the scientific process and through experimentation, inquiry, exploration, research, and application.

4. History and Social Studies: Students will develop and show growth in history/social science, promoted through global/environmental awareness, cultural appreciation, service to community, and democratic values/social justice.

Specific, Measurable and Realistic Student Achievement Targets for the Anticipated Student Population: (API scores, AYP AMOs, CST scores, CAHSEE scores (if applicable), Graduation Rates (if applicable), Internal Benchmark Assessments, etc.)
# Measurable Outcomes and Goals

**API scores**

Per No Child Left Behind (NCLB) Measurable Targets, all schools as of Spring 2013 should have an API of 770 in California. CCHS’ current API score is 718; there has been an overall growth of 14 points in the last four years. In reviewing CCHS’ instructional program and collaborating with all stakeholders, the school is undergoing restructuring to meet our goal of 770. We intend to follow that up with reaching the goal of 800 by 2014 and then increasing by 5% thereafter annually. As a charter, CCHS will develop programs that will attract students interested in varying educational and career opportunities. CCHS will take the best of the traditional high school experience and design academy driven specialized curriculum infused with real world application to create a new 21st century educational model.

The decision by the LAUSD Board of Education to revoke or not renew the affiliated charter school constitutes a Closure Action. The Closure Action shall be deemed to have been automatically made when either the Charter is revoked, non-renewed by the LAUSD Board of Education, or the Charter lapses. In the event of such a Closure Action, or as soon as Charter School’s site-based governance informs the District of its intent to voluntarily revert to non-charter status, the following steps are to be implemented:

1. If the affiliated Charter School’s site-based governance votes to revert to non-charter status the LAUSD Board of Education will hold a public meeting officially terminating the charter. The Board of Education will direct the Superintendent or his designee to determine implementation of the closure procedures.

2. The Charter Schools Division will notify the California Department of Education that Charter School has terminated its charter, and the effective date.
3. Upon closure, all of the assets of the Charter School are transferred to LAUSD. A copy of the stamped order of business showing the action taken by the LAUSD Board of Education will be included in the notification to the CDE.

4. The LAUSD Board of Education or its designee will determine the distribution of any remaining balance in the Categorical Block Grant Account of the Charter School upon closing.

5. LAUSD reserves the right to conduct a close out audit by the LAUSD auditor.

6. Written notification to parents/guardians/caregivers of the enrolled students of the Charter School will be issued by LAUSD within 72 hours after the determination of a Closure Action and the effective date of the termination of the charter.

This Element 16 shall survive the revocation, expiration, termination, cancellation of this charter or any other act or event that would end Charter School’s right to operate as a Charter School or cause Charter School to cease operation.
