**Introduction**

**Purpose**

The Knollwood Preparatory Academy community is united in its goal of becoming an affiliated charter school in the Los Angeles Unified School District (LAUSD or the District).

The purpose of the Knollwood Preparatory Academy, an affiliated charter school, petition is threefold:

1) First, it enables the school to build on its current strengths, facilitated by the efforts of its stakeholders including parents, students, teachers, community members, and business partners.

2) Second, it provides a focus through which the school offers a rigorous, enriched education program for a wide range of student needs.

3) Third, an affiliated charted designation will enable Knollwood to aggressively implement a curriculum that not only meets, but also exceeds the academic standards established by the District. The Charter School curriculum will incorporate higher order thinking skills, project-based learning, multiple intelligences, and multimedia literacy across the instructional setting to intrinsically motivate students to develop a life-long love of learning. The rigorous multimedia approach to teaching and learning will emphasize discovery in all its forms as a key to student success. Through the use of innovative tools and strategies in the classroom, students will grow in their ability to effectively utilize their resources and in their understanding of their place in a global community.

Knollwood Preparatory Academy is a California Distinguished School. However as a Predominantly Hispanic, Black, Asian & Other Non-Anglo (PHBAO) school, Knollwood is increasingly faced with external challenges that threaten our ability to maximize student potential. Obstacles include: declining state and District budgets, growing class size, decreasing neighborhood enrollment, and fewer faculty and support personnel. These changes have limited our efforts to provide truly differentiated instruction to an increasing diverse student population: special needs, gifted and talented students, English Language Learners, students performing below grade level, and our typical learners who do not require additional services but deserve instruction to meet their needs. Our school is continually challenged to do more with less.

Changes such as these have affected us internally as well. We find that the resources to maintain our high performing school are not provided due to limited budgetary funds available. At the same time, we encounter mounting pressure to sustain and advance an academic program and teaching strategies to achieve even higher levels of student achievement. Status as an affiliated charter will provide Knollwood with means to
overcome some of these difficulties meeting and exceeding the goals established by the community so that every student reaches his or her potential.

**Goals of the Knollwood Preparatory Academy**

The primary goal for Knollwood Preparatory Academy is to provide an innovative instructional program that actively engages all children to embrace learning and to work to their highest potential. Knollwood wishes to accomplish the following:

- Maximize student achievement, based on state academic standards and additional assessment techniques, such as performance assessment, differentiated assignments, student-led conferencing, and self-assessment.

- Increase interactive multiple modality learning opportunities for all students with an emphasis on enriched learning experiences that are differentiated for subgroups, such as children identified below grade level, gifted and talented, with special needs, and English language learners.

- Promote the use of innovated teaching methods, the use of assessment data to meet the needs of our students, and to create a highly qualified staff through targeted professional development.

- Actively engage the Granada Hills community by taking part in opportunities to shape the learning environment and to contribute to the school’s success.

- Articulate with community preschools, middle schools, and high schools to become an integral step in building the foundation for an outstanding public education.

**Description of the School**

Knollwood Preparatory Academy (the former Knollwood Elementary School) for grades pre-kindergarten through fifth grade is located at 11822 Gerald Ave, Granada Hills, CA in District 1 of LAUSD.

**The Knollwood Preparatory Academy and It’s Community**

The Knollwood Preparatory Academy opened in 1959 and is located in the north central San Fernando Valley.

We currently have two state pre-school classes, three and a half kindergarten classes, two and a half first grade classes, two second grade classes, two and a half third grade classes, two and a half fourth grade classes, two and a half fifth grade classes, a Resource Specialist Program/Learning Center, and a Pre-school Mix Sp.Ed. class. We have a total of 382 students this year but we expect our enrollment to increase to 420 based on E-Cast demographics and lottery.
In the immediate geographic area of Knollwood, there are 10 private and public school options available for families that reside within a 3-mile radius of our school. Knollwood is essentially competing to maintain its status as one of the highest quality educational settings available for our community. Our intent is to preserve our diverse population while at the same time increasing our enrollment. We believe that by increasing our enrollment and continuing to have a diverse population which embraces children of all ethnic and socioeconomic backgrounds, we will foster a deeper appreciation for the diversity inherent in Los Angeles and the greater global community.

**Students the School Proposes to Serve**

Currently, the school accepts children who live within our local school boundaries and a limited number of permits on a space-available basis. We also accept a limited number of open enrollment students. Some facts about the current and target population:

- Consistently exceeds established district Academic Performance Index (API) benchmarks and meets No Child Left Behind Act (NCLBA) requirements as it relates to student each year.
- Currently considered to be a high-performing school with an API of 863.
- 6% of students are identified Gifted and Talented compared to the district goal of 5%.
- Number of English Learner Students decreased 4% between 2009-2010 and 2010-2011 from 20% to 16% students.
- Special Education students currently make up 8% of the 2010-2011 population.

In the last five years, our enrollment numbers have fluctuated with an average of 400 students over that time period. Our target number of students for Knollwood Preparatory Charter is 482. We are relying on lottery selection to increase our student population.

Proposed Instructional Program

Framework and Teaching Methodologies

Knollwood Preparatory Academy’s proposed teaching methodologies are framed around differentiated and experiential, or inquiry-based instruction through thematic units in a cooperative group setting. Supporting these methodologies, Knollwood teachers will utilize collaborative and departmentalized instruction within grade levels which may occur in the team teaching format. All our methodologies will be supported by authentic assessments based on California Common Core standards utilizing District, teacher-created, performance, and publisher assessments. This data will be used to help guide instruction, decide upon teaching methodologies, and select curriculum materials in order to improve student learning.

Adhering to the proposed instructional framework and teaching methodologies ensures Knollwood Preparatory Academy instructors can successfully meet the needs of all students which include these subgroups: GATE, Special Education, English Language Learners, Under-Achieving/Non-Proficient, General Education, and the Socio-Economically Disadvantaged.

Instructional Framework

Knollwood Preparatory Academy curriculum is based on the California State Standards and Associated Frameworks in language arts, mathematics, science, social studies, visual and performing arts, technology and physical education. The curriculum will meet all LAUSD standards. We believe that powerful learning addressing the needs of our targeted population best accomplished through a balanced program, which combines curriculum-centered and student-centered instruction. Systemic direct instruction, guided practice and the application of skills through an expansive reading selection ensures that all students are exposed to district-mandated standards. Subsequently, addressing multiple intelligences through the use of experiential and open-ended inquiry-based learning produces self-motivated and well balanced learners. We believe that integrating these modalities will help our students become analytical as well as creative thinkers.

Teaching Methodologies

The teachers of Knollwood Preparatory Academy as well as the leadership team will use current research and student data to drive best teaching methodologies while utilizing rigorous conceptual learning at each grade level. Standard methodologies include:

- **Academic Rigor** - Teachers design lessons that are engaging and meaningful. Students actively explore, research, and solve complex problems to develop a deep understanding of core academic concepts. Students are held accountable for a firm understanding of these concepts.
• **Clear Expectations**- Teachers explicitly define and articulate the state standards in student-friendly language to ensure academic goals are attained. Descriptive criteria and models of work that elaborate these standards are displayed in the classroom.

• **Collaborative Groupings**- Teachers create small groups in order for students to interact with their peers. Students share their thinking to maximize learning. Cooperative groups promote diverse perspectives, student-centered learning, and teamwork. This allows teachers to make observations and assess students while facilitating their work.

• **Criteria Charts/Rubrics**- These tools help focus students to effectively meet and exceed teacher expectations and objectives of the assignment. Criteria charts/rubrics are based upon curricular standards and objectives. Students are able to understand and self-evaluate their own work and learning as they progress towards rigorous standards.

• **Direct Instruction**- Teachers provide carefully planned direct instruction to teach standards-based lessons. Teachers use a variety of modality techniques and multimedia appropriate to the developmental needs of their students to teach these lessons.

• **Guided and Independent Practice**- Teachers provide students with appropriate time to be successful at demonstrating their understanding of concepts or skills being taught with a variety of learning modalities and manipulatives in order for each student to achieve success.

• **Small Group Instruction**- Teachers create small groups to target students who need extra instructional time as well as preview and review.

• **Differentiated Instruction**- Teachers provide lessons and assignments within the core curriculum that allow students to perform at or beyond their academic level while maintaining or exceeding state standards.

• **Higher-Level Thinking**- Teachers design lessons that develop critical thinking skills, which help to solve complex problems with depth and complexity. Students are encouraged to utilize the highest stages of Bloom’s Taxonomy such as synthesis, analysis, and evaluation. Teachers can tailor the curriculum to challenge students based on their interests and abilities.

• **Integration of the Arts**- Teachers and curriculum specialists use drama, dance, music, and visual arts to enhance their students thinking and learning experiences.

• **Experiential Learning**- Teachers create opportunities for exploration of the major concepts through direct experiences. Students relate to the curriculum through play, field trips, labs, simulations, and experiments. It is through these
involvements that students can process, analyze, and conceptualize the curriculum and provide the ability to create new ideas.

**Scope and Sequence to be Taught**

The scope and sequence of skills to be taught across the grade levels and the different subjects the school plans to teach have been outlined below. All California common core state standards will be addressed with cross grade-level planning so students receive consistent instruction.

**California Content Standards**

All components of the Knollwood Preparatory Academy’s curriculum plan to conform to math and language arts frameworks for California public schools. All instruction will be standards-based and assessed by the California standards tests as scheduled by the Department of Education and the Los Angeles Unified School District.

**No Child Left Behind Act (NCLBA)**

As an affiliated charter school of the Los Angeles Unified School District, Knollwood Preparatory Academy will comply with No Child Left Behind Act (NCLBA)

**Enrichment for Grades K-5**

• Our school uses MacMillan/McGraw Health & Wellness, Too Good For Drugs, and Second Step to provide a balanced health curriculum

• The physical education program provided to all grades follows the state standards, which the teachers implement. Access to a regular physical education program can enhance all aspects of development including academic performance, movement knowledge, motor skills, and self-esteem. These benefits can be achieved through a quality physical education programs. For optimum results programs should be regular, frequent, developmentally appropriate, success-oriented, and instructed by trained physical education teachers (McKenzie, Sallis, Faucette, Roby, and Kolody, 1993)

• Our physical education instruction is supplemented by the YMCA Psychomotor Program which provides weekly game and skills lessons utilizing Character Counts

• Relate historical events using critical thinking to find parallels and patterns

• Create an understanding of the cause and effect relationship to historical events

• Using role-play and interactive units, students will gain first-hand experiences

• The school produces a yearly patriotic music program
Multicultural days are observed through many curricular activities such as Gold Rush town, Chinese New Year Parade with student-made dragon, etc.

Teach how to interpret geographical and historical information to draw a conclusion

Promote a positive multicultural attitude necessary to be a responsible citizen in the 21st century

Create connections between different cultures based on such aspects as geography, culture, or language

Create connections between the student and the past as well as the future

Technology

All grade levels receive a rigorous curriculum that addresses the state standards for technology

Our school is in the process of having each classroom updated with an ELMO and interactive white board technology

All classes have computers and a printer, and most have computer pods for student use

Each classroom has internet connectivity for increased research capability

All students are given instruction in the computer lab on basic computer use including keyboarding skills, mouse skills, word processing and web browsing. (“Teachers need to integrate technology seamlessly into the curriculum instead of viewing it as an add-on afterthought or an event.” Heide-Hayes Jacobs, Educational Consultant 2007)

Upper grade students are given instruction on PowerPoint

To incorporate social studies in this academic area, teachers will show the significance of technology as a means to change culture. Nettiquette, acceptable use of technology at school and how to respond to cyber-bullying will be addressed.

Arts

Students are exposed to the arts and learn to think creatively and solve problems by imagining various solutions and reject outdated rules and assumptions

We have extensive programs that include all students
• Teachers work collaboratively to promote the four areas of art education: dance, music, theatre, and visual arts.

A dance education cultivates the critical capacities that foster a complex understanding of the world and its peoples and that educates and refines the capacity for sympathy. (*Martha Nussbaum, Ernst Freud Distinguished Service Professor of Law and Ethics, University of Chicago: Newsweek International, August 21 – 18, 2006; “Teaching Humanity”*)

Since music training supports the brain’s ability to process sights and sounds, it may help support emergent literacy skills for all students. Researchers at Long Island University found that music instruction over a three-year period increased children’s vocabulary and verbal sequencing ability—key components in the acquisition of reading and language skills. Since children are naturally drawn to music activities, music education may be a uniquely effective way to help develop their reading ability. (*Abigail Connors, early-childhood music specialist and author of 101 Rhythm Instrument Activities for Young Children, Gryphon House, 2004*)

Music is also based on mathematical principles and proportions. When young children sing even the simplest songs, they absorb elements of math, measured patterns of tones, rhythms, and words without realizing it. Several studies have confirmed this link. (“When children learn rhythm, they are learning ratios, fractions, and proportions.” Professor Gordon Shaw at the University of California, Irvine)

• We are in our fifth year participating in an arts wheel program so that every teacher has experienced having a master teacher of the four areas of art in 12-week rotations so that we are now considered teacher trainers

• We currently have a once-a-week music teacher that services classes in based on grade-level standards with an emphasis in correlating to the social studies standards

**Intervention**

• DIBELS system is used to specifically assess students’ knowledge to promote targeted interventions.

• Teachers work daily with at-risk students in small groups throughout the school day.

• We encourage community members and provide time for them to share their expertise with our students.

• Some teachers volunteer to tutor at-risk students after school.
Parent Communications

Ed Connect telephone and e-mail messages are relayed weekly from our principal regarding current events and concerns. Written bulletins are frequently sent home. School website and Facebook are updated with events.

How the Curriculum Addresses California Content Standards

All components of the Knollwood Preparatory Academy’s curriculum plan conform to the frameworks for California public schools. Instruction will be standards-based and assessed by the California Standards Tests as scheduled by the Department of Education.
and the Los Angeles Unified School District. Knollwood Preparatory Academy determines the extent to which they will implement District adopted curriculum and periodic assessments. Knollwood Preparatory Academy Governing Boards supports a well-established curriculum committee that is directly involved with the administration and School Leadership Committee in identifying and aligning curriculum, materials, instructional activities, interventions, and periodic, formative assessments aimed at meeting the California Content Standards in each subject area. Student learning is the focus of this committee’s work. Knollwood, as an affiliated LAUSD Charter School, will follow the California State Frameworks and the California Content Standards for curriculum delivery and student learning. The specific scope and sequence of skills to be taught are derived from these frameworks and standards. Students will be tested and graded upon these standards. Knollwood will use the California Content Standards for English Language Arts, Math, Science, Social Studies, Health, and visual and fine arts as the primary source for developing lessons and focusing on student learning. Currently Knollwood uses the same textbooks as a typical LAUSD school.

**How Teaching Methodologies and Instructional Program Address the Needs of the Targeted Student Population.**

Knollwood Preparatory Academy will address the needs of the entire student population by meeting and exceeding the state’s standards. Teachers will, through differentiated instruction, utilize a variety of instructional programs appropriate to the special needs of the charter’s population.

- **Gifted/Talented Students:** Teachers will provide GATE students with lessons and assignments with tiered activities, high level, critical, and creative thinking and use anchor activities that can deliver differentiated instruction. This will include varied resource materials with meaningful, challenging, and complex programs. Students will be given a possible menu of assignments across the curriculum. We will also include specialized programs such as Hands-On Equations, Jason Science, and Jr. Great Books. The students will be given independent projects based on flexible interest groups. The independent projects will include opportunities for written and oral presentations with and without 21st century technology. As a result, the students will produce an end product with varying levels of depth and complexity.

- **English Language Learners:** Knollwood Preparatory Academy currently uses the LAUSD Master Plan for the Education of English Language Learners as a guide to provide opportunities for non-English speaking students to become fluent in and literate in English. Teachers will use the District Approved Reading Program to allow all students the opportunity to exhibit their understanding of the lesson. Students will be reclassified as they demonstrate growth. Each student that registers for school attendance receives the Home Language Survey as part of the forms parents of the enrollment packet. Included in the Knollwood enrollment packet is the “Instructional Program for English Language Learners” Parent Brochure published by LAUSD that informs parents of the different programs.
available for English Learners as well as a description of the proficiency levels. Parents are informed at the time of enrollment based on the response to the Home Language that their child’s English proficiency will be assessed using the be assessed using the CELDT to determine identification and eligibility for EL services.

Specific instructional strategies used to assist English Learners include the use of SDAIE, realia, Total Physical Response, Think Pair Share, Thinking Maps, cooperative learning, and scaffolding.

- **Special Education Students:** The District shall continue to serve the needs of special education students enrolled in the affiliated charter schools in the same manner as at any other public school of the District, and shall be responsible for meeting all the requirements of the Modified Consent Decree. Special education students are mainstreamed in the general education setting according to their IEP.

- **Underachieving/Non-proficient Learners:** will be provided intervention during independent work time in the classroom, before and after school, and/or Saturdays. Parents of low achieving students are invited to attend SST (Student Success Team) meetings with the classroom teacher and the principal where progress is discussed as well as ways in which to access community resources for additional assistance.

- **General Educational Population:** will meet the state standards/benchmarks through the lessons being taught, and we will provide the opportunity to participate in differentiated lessons. We will address our students’ needs by providing rigorous academic coursework and using different modalities to ensure student understanding.

- **Disadvantaged:** Knollwood Preparatory Academy will ensure that all students are provided with the necessary tools to succeed academically. Our Knollwood PTA will help assist any family needs that arise.

**Evidence That the Proposed Instructional Program Will be Successful with the Charter’s Targeted Population**

- Evidence shows that the proposed instructional program will be successful with Knollwood Preparatory Academy targeted population based upon data relating to Knollwood Preparatory Academy current instructional program and student population.

- With a focus on best practices in regards to the instructional program, Knollwood Preparatory Charter API has met district goals for the past five years. The API for 2010-2011 was 867. Over the past five years, our API has ranged from 833 to 867. That is one piece of evidence of our proven successful and rigorous instructional program.
• Each year, teachers have offered a challenging daily program of standards-based and differentiated instruction to give our students an opportunity to meet and exceed their levels of proficiency.

• Number of English Learner Students decreased 4% between 2009-2010 and 2010-2011 from 24% to 20% students, and 2011-2012 from 20% to 11% decreasing another 9%.

• All teachers, adhere to each individual student’s IEP, as well as conduct SST’s (Student Success Teams) for students who are unsatisfactory in academics as well as work habits or behavior issues. Our most recent DVR score was 98%.

• We are dedicated to identifying and addressing the needs of our gifted and talented and high achieving population by incorporating experiential learning and differentiated planning into daily instruction. As a result, 8% of our population has been identified as gifted and talented and high achievement which exceeds the 6% District norm.

An integral part of Knollwood Preparatory Academy is a dedication to providing enriching experiences throughout the core curriculum. Knollwood’s teaching staff, together with professional experts in science, language arts, social studies, the arts, and technology infuses excitement, motivation, and high interest into the learning experiences of each and every child at school regardless of a child’s learning profile. Project-based learning will play an enormous role in the success of the targeted population.

Knollwood Preparatory Academy will select curriculum, materials and instruction activities according to District guidelines. Grade level suggestions will be discussed through the Curriculum Development and Review Committee of the Governance Council.

How the School will Recruit Teachers Qualified to Deliver the Proposed Instructional Program

Teachers will be recruited in accordance with District policy, procedures and collective bargaining agreements. Applicants will be asked to apply in accordance with Personnel Commission and District policies. (Refer to Element 5)

How the School will Provide On-going Professional Development

Professional Development will be an on-going component of Knollwood Preparatory Academy and an effective tool used to design the curricular needs of our students and teachers. Professional development issues, ideas, and products will be driven by the students’ and staff’s needs and interests, which are then forwarded to the School Site Council for formalization of appropriate training and products. Data analysis of test scores and formal and informal classroom assessments will identify specific areas of need in professional development. Knollwood Preparatory Academy professional development program will be subject to the approval, implementation, and scheduling by the entire staff. In addition, Knollwood Preparatory Academy will participate in both site level and district professional development activities. Professional Development and grade level planning meetings occur once a week.

While adhering to the number of state mandated instructional minutes, we would like the flexibility to combine our professional development time into larger blocks. These professional developments would be used at our discretion for the implementation of new instructional programs to better serve the needs of our population.

Academic Calendar/Sample Daily Schedule

Knollwood Preparatory Academy will follow the traditional academic calendar set forth by the Los Angeles Unified School District utilizing daily scheduling as follows: 8:00 - 10:00 a.m. language arts instruction, 10:20 a.m. – 12:00 p.m. math instruction, and last portion of the day for social studies, science, arts, and physical education. Please also refer to Typical Day chart on page 9 of this petition. We will adhere to the number of state-mandated instructional minutes set forth in E.C. 47612.5.

Timeline for Implementation

The academic program outlined in Element 1 will be implemented in the 2012-2013 school year if affiliate charter status is granted before the commencement of the school year.

How Teaching Methodologies and Instructional Program Address the Needs of the Targeted Student Population and How the Program will Meet the Needs of Specific Student Populations
Knollwood will address the needs of the entire population by meeting the state’s standards. Teachers will through differentiated instruction utilize a variety of instructional programs appropriate to the special needs of the charter’s population.

**General Educational Population**

Knollwood Preparatory Academy will meet the state standards/benchmarks through the lessons being taught, and we will provide the opportunity to participate in differentiated lessons.

**English Language Learners**

Knollwood Preparatory Academy is committed to reclassifying English Language Learners up to a minimum of one developmental level each academic year. In each classroom containing English Language Learners, the English Language Development component of Treasures will be used. In addition to this, Write From the Beginning and Thinking Maps will systematically improve writing skills.

**Socioeconomically Disadvantaged**

Knollwood Preparatory Academy will ensure that all students are provided with the necessary tools and nutrition to succeed academically and socially. Our current student population includes 50% identified as socioeconomically disadvantaged and receive free or reduced meals. Inability or financial hardship will never exclude students from any school program or activity. Community donations and PTA provide any necessary aid regardless of economic status or advantage.

**Gifted/Talented Students**

We are committed to an educational program that provides all students with challenging, diverse, and educational experiences that will enable them to reach optimal development of their talents. Teachers will provide students higher level thinking skills and opportunities for them to interact with their peers and expand their reasoning skills and creativity through their specialized knowledge and interests. The students will be given expectations that will help them become self-motivated and independent learners.

**Underachieving/Below Grade Level**

Knollwood maintains high academic expectations for all students, with an emphasis on cooperative learning to maximize learning opportunities. Underachieving and below grade-level students will be provided small group intervention during school hours (Independent Work Time) and beyond the traditional school day. All students will have their individual needs assessed and addressed to strengthen academic achievement and to apply appropriate teaching methodologies.
Knollwood Preparatory Academy believes that individualized attention is vital to increase student achievement and recognizes that socioeconomically/disadvantaged students may require such individualized attention. Students identified as at risk may be referred to our Student Success Team (SST), where parents are invited to participate in order to address and make recommendations for additional assistance and to observe future progress.

**Special Education Program**

The District shall continue to serve the needs of special education students enrolled in the affiliated Charter Schools in the same manner as at any other public school of the District, and shall be responsible for meeting all the requirements of the Modified Consent Decree.

Prior to Los Angeles Unified School District (LAUSD) Governing Board approval, Knollwood Preparatory Academy will either execute a Memorandum of Understanding (MOU) by and between the Los Angeles Unified School District (LAUSD) and Knollwood Preparatory Academy regarding the provision and funding of special education services consistent with the requirements of the LAUSD Special Education Local Plan Area (SELPA) Local Plan for Special Education or provide legal verification of membership in another state-approved SELPA with agreement to adhere to the LAUSD’s MCD requirements.

1. **Charter School Special Education Responsibilities**

   a. **General Requirements**

   The Charter School will adhere to the provisions of the IDEA and California special education laws and regulations to assure that all students with disabilities are accorded a free appropriate public education (“FAPE”). The Charter School will also ensure that no student otherwise eligible to enroll in their Charter School will be denied enrollment on the basis of their special education status.

   The Charter School will comply with Section 504 of the Federal Rehabilitation Act, the Americans with Disabilities Act, and all Office of Civil Rights mandates for students enrolled in the Charter School.

   The Charter School will adhere to the requirements of the *Chanda Smith* Modified Consent Decree and court orders imposed upon the District pertaining to special education and will submit documents and information, participate in reviews, and attend informational sessions and meetings at the District’s request. The Charter School will use District forms to develop, maintain, and review assessments and Individualized Education Programs (“IEPs”) in the format required by the District and will enter accurate assessment and IEP data into the District’s designated data system (Welligent) in accordance with LAUSD policies and procedures. The Charter School will maintain copies of assessments and IEP materials for District review. The Charter School will submit to the District all
required reports, including but not limited to CASEMIS, SESAC and Welligent IEPs, in a timely manner as necessary to comply with state and federal and Modified Consent Decree requirements.

The Charter School shall keep daily attendance for each student which shall be reported and certified according to District policies and procedures.

The Charter School will participate in the state quality assurance process for special education (i.e. verification reviews, coordinated compliance self-reviews, complaints monitoring, procedural safeguards, and the local plan). The Charter School will participate in internal validation review (“DVR”).

The Charter School is responsible for the management of its, personnel, programs and services. The Charter School will ensure that its special education personnel or contracted personnel are appropriately credentialed, licensed or on waiver consistent with California laws and regulations.

The Charter School will implement the programs and services, including providing related services, required by the IEPs of the students enrolled at the Charter School.

b. Transferring Students

For students transferring to the Charter School from District schools or District affiliated charter schools, the Charter School will provide those related services required by the students’ IEPs immediately upon the students’ enrollment.

For students transferring to the Charter School from other school districts, the Charter School shall provide related services required by the students’ IEPs upon the students’ enrollment regardless of the type of service provider (school, NPA or private). IEP team meetings for such students will be held within thirty (30) days of the student’s enrollment in accordance with state and federal law.

c. Assessments

The referral process shall include Student Success Team (SST) meetings to review prior interventions, accommodations and modifications and to recommend further interventions as appropriate. The referral process shall be supported by the Response to Intervention (RtI) model approach using data to identify student strengths and weaknesses. Upon review of accumulated data, observation and review of records, the Charter School may determine that assessment is necessary to determine possible eligibility for special education programs and related services.

Upon a parent’s request for assessment, the Charter School will convene a meeting to review and discuss the request in light of student records, acquired
data and student performance to agree with or deny the request for assessment. If the Charter School determines that assessment for special education eligibility is not warranted, prior written notice must be given to the parent/guardian with a clear rationale for such refusal within 15 days of the request. If the Charter School concludes that there are suspected disabilities, the school must develop an assessment plan for each student with suspected disabilities within the 15 day timeline. The assessment plan will describe the types of assessments that may be used to determine the eligibility of students for special education instruction and services. Assessments will be conducted, within legal timelines, after receiving the parents’ written consent. The Charter School shall conduct an IEP team meeting that includes required team members within mandated timelines for each student assessed to discuss results, determine eligibility, and (if eligible) specify special education instruction and services. The Charter School will make decisions regarding eligibility, goals, program, placement, and exit from special education through the IEP process according to federal, state and District timelines.

d. Alternative Placements

In the event that the Charter School is unable to provide an appropriate placement or services for a student with special needs, the Charter School will contact the District to discuss placement and service alternatives. Charter schools are expected to provide services to all enrolled students with disabilities (mild to severe). If an Individualized Education Program (IEP) team that includes Charter School personnel places a student in a special education program provided by another entity, the Charter School will be fully responsible for the quality of the program and for any costs incurred for such a placement.

e. Least Restrictive Environment

The Charter School will support movement of students with disabilities into less restrictive environments and increase interactions of students with disabilities with non-disabled students. The Charter School general program of instruction for students with disabilities shall be responsive to the required sequence of courses and related curricular activities provided for all students in the Charter School. Assessment and standardized testing procedures shall be implemented, including guidelines for modifications and adaptations, to monitor student progress.

f. Staffing Requirements

The Charter School shall participate in available appropriate District trainings to support access by students with disabilities to the general education classroom, general education curriculum, integration of instructional strategies and curriculum adaptations to address the diverse learner, and interaction with non-disabled peers.
The Charter School will maintain responsibility for monitoring progress towards IEP goals for the student with special needs. The Charter School will assess, develop, and implement Individual Transition Plans to help students with disabilities transition to adult living in accordance with District policies and procedures.

g. **Student Discipline/Inclusion**

The Charter School will ensure that it makes the necessary adjustments to comply with the mandates of state and federal laws, including the IDEA regarding discipline of students with disabilities. Discipline procedures will include positive behavioral interventions and the District’s Discipline Foundation Policy. Prior to recommending expulsion and/or prior to the eleventh day of cumulative suspension for a student with disabilities, the Charter School will convene a manifestation determination IEP that includes District representation as set forth in the District’s Policies and Procedures Manual. The Charter School will collect data pertaining to the number of special education students suspended or expelled.

The Charter is committed to achieving population balance that includes students with disabilities. The Charter will conduct outreach activities to attract and enroll a range of mild to severe special education students that is diverse and comparable with resident schools with similar demographics. The current District-wide average percentage of students with disabilities is 10-13%. The Charter School’s outreach efforts should be geared toward aligning with the District-wide average. The Charter School may not refuse to admit a student based on special education eligibility, needs or services identified in the student’s IEP. The District will provide the Charter with MCD reports indicating range of services and number of students served at individual Charter Schools.

2. **Procedural Safeguards/Due Process Hearings**

The District may invoke dispute resolution provisions set out in the charter petition, initiate due process hearings, and/or utilize other procedures applicable to the Charter School if the District determines that such action is legally necessary to ensure compliance with federal and state special education laws and regulations or the Modified Consent Decree.

In the event that a parent or guardian of a student attending the Charter School initiates due process proceedings, both the Charter School and the District will be named as respondents. Whenever possible, the District and the Charter School shall work together in an attempt to resolve the matter at an early stage (informal settlement or mediation).

3. **Complaints**

The District will investigate and respond to all special education complaints the District receives pertaining to the Charter Schools including the District’s Uniform Complaint
Procedures, Office for Civil Rights and California Department of Education Special Education Compliance Complaints. The Charter School will cooperate with the District in any such investigations and provide the District with any and all documentation that is needed to respond to complaints.

4. Funding of Special Education

The Charter School will adhere to all District policies and procedures regarding special education and special education funding, as they may be amended from time to time. The District shall retain all state and federal special education funding for charter school students which is allocated to the SELPA. The District shall be responsible for providing all appropriate special education and related services in accordance with all applicable state and federal laws. The Charter School will contribute their fair share of SELPA-wide unfunded special education costs from their general purpose block grant monies.

5. District Responsibilities Relating to Charter School Special Education Program

As long as Charter Schools operate as public schools within the District, the District shall provide information to the school regarding District special education decisions, policies, and procedures to the same extent as they are provided to other schools within the District.

To the extent that the District provides training opportunities and/or information regarding special education to other school site staff, such opportunities and/or information shall be made available to Charter School staff.

**Modified Consent Decree Requirements**

All Charter Schools chartered by the Los Angeles Unified School District (“LAUSD or the District”) Governing Board are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith* Modified Consent Decree (“MCD”) and other court orders imposed upon District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes eighteen statically measureable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online IEPs and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the Modified Consent Decree, data requests from charter schools that are not connected to the District’s current Student
Information Systems (“SIS”) are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s required format and are as follows:

- The Independent Charter School Suspension/Expulsion Report, due monthly throughout the school year.
- Paper SESAC Report and Welligent Student Listing Verification, due monthly throughout the school year.

**What it Means to be an Educated Person in the 21st Century**

At Knollwood Preparatory Academy we know that we are preparing our students to succeed in a rapidly changing world. Technology and the greater globalization of industry are creating jobs that were not even imagined in the last decade. It is our goal to prepare our students for a future we cannot even begin to imagine.

Knollwood Preparatory Academy recognizes our responsibilities to our students, parents, and community to provide an educational environment that is both challenging and nurturing. We must work together to form a partnership focusing upon the importance of education in creating lifelong learners.

Learning best occurs when we create an educational atmosphere that challenges, inspires, and expands the abilities of our students. Teachers, parents, and our communities must unify to promote an ongoing thirst for education.

Students must become self-confident and self-motivated to become prepared and effective in the 21st century. The complexities of a “world economy” and technological advancements require our students to be flexible in critical thinking skills that have been mastered through problem solving, communication, and collaboration.

Knollwood Preparatory Academy is prepared to serve our students, parents and communities in meeting the exciting challenges of educating all our children. The school will provide a safe and supportive environment. Well-qualified teachers, support staff,
and diverse classrooms will provide every opportunity for each student with their individual needs to develop, promote, and insure success.

**How Learning Best Occurs**

Knollwood Preparatory Academy believes that learning best occurs when all stakeholders have a solid understanding of the common goal of educating each student. When each person at Knollwood Preparatory Academy considers themselves to be an important part of the learning community, then the nurturing of life-long learning can begin.
Element 2 – Measurable Pupil Outcomes

“The measurable pupil outcomes identified for use by the charter school. ‘Pupil outcomes,’ for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes of specified as goals in the school’s educational program.” Ed. Code 47605 (b) 5 (B)

Desired Outcomes of the School’s Instructional Program

- **Language Arts:** Students will be effective communicators, able to read, write, listen, and speak effectively as indicated by the state standards. Students will incorporate the language arts skills across the curriculum, through science inquiries, math journals, and social studies presentations. They will actively read and listen and be able to locate and interpret information. Students will be able to combine these skills to compose meaningful writing and oral presentations.

Students will make the connections to real world problem solving to gain further understanding of the applications of math and apply concepts to new situations.

- **Science:** Students will become proficient by leading inquiry based experiments in the various branches of science, such as physical, life, and earth. Students will formulate their hypothesis and write experiments utilizing the scientific method as they engage in hands-on critical thinking experiments. Students will engage in hands-on critical thinking experiments that will enable them to make decisions and draw conclusions about the world they live in as indicated by the state standards.

- **History and Social Studies:** Students will demonstrate an understanding of culture, diversity, and world view, recognizing the similarities and differences reflected in various personal, cultural, racial, and ethnic perspectives. **Cultivating Lifelong Learners**

Knollwood Preparatory Academy has always believed that schools must incorporate social and community ethics and values. An important objective of the Knollwood curriculum is to enable our students to function successfully in our school setting and to teach them the social values to succeed in the community. Outcomes to be measured will include: social development and attitudes, interaction with others, the ability to utilize self-evaluation, and the ability to use appropriate conflict resolution and anger management strategies. These outcomes will be measured within the framework of positive discipline and staff and student observation. They will be reported in the learning and social skills portion of the progress report using the LAUSD scoring rubric. Additionally students at Knollwood Preparatory Academy will develop lifelong learning skills, which include:

- **Leadership, Collaboration and Cooperation:** Students will know and be able to demonstrate the adaptive and associative skills appropriate to their level.

- **Self-Discipline:** Students will learn to control their behavior at all times and will respect and uphold the values of the community.

- **Citizenship:** Students will learn and utilize their civic rights and responsibilities, and will have an appreciation of their impact on the school, local, and global communities.

**Specific and Realistic Achievement Targets**

Academic Performance Index/Adequate Yearly Progress/CST scores.

As a LAUSD neighborhood school with affiliated charter status, Knollwood Preparatory Academy’s achievement shall be measured and scrutinized in the same manner as any
A typical elementary school that is part of LAUSD using the CST as a measure to determine growth and achievement. Periodic benchmark assessments are used to evaluate student learning in English Language Arts, Mathematics, and Science (4th and 5th grades). The California Department of Education Provides API reports as a part of its Accountability Progress Reporting (APR) system. The APR system provides an integrated approach to reporting results for state and federal accountability subgroups. Knollwood Preparatory Academy School will rely on the State of California to provide API information for this charter implementation.

The API is used in meeting state requirements and as one of the federal AYP (Adequate Yearly Progress) requirements under NCLB. According to the state of California, all schools will meet the API goal of 740 for the 2011-2012 school year or for schools at or above 740 increase by 1 point from the previous year. The API goal for 2012-2013 is 770 or for schools at or above 770, show a 1 point growth from the previous year. However, Knollwood has always set its goal to the state target of 800. Knollwood has experienced the ability to meet State requirements since 2005. In 2010, 66.1% of students scored proficient or advanced in ELA and 71.9% of students scored proficient or advanced in Mathematics. In 2011, we experienced a percentage increase scoring at 67.1% proficient or advanced in ELA and 77.8% proficient or advanced in Mathematics.

Each year Knollwood Preparatory Academy will set a target of maintaining API above the state target and strive to increase the previous year’s score by at least one point. For each numerically significant subgroup scoring below 800 an increase of two points per year is the goal.

Students at Knollwood Preparatory Academy will demonstrate their knowledge and skills through an array of assessments; including but not limited to teacher created and commercially available performance assessments, diagnostic assessments, formative, and summative assessments. The students will also be expected to demonstrate proficiency on district and state assessments including the CST.

Knollwood Preparatory Academy knows that ongoing assessment is key to early intervention. Our goal is to meet the requirements of No Child Left Behind, which directs that each subgroup of students will reach proficiency levels in English Language Arts and Mathematics. Data from each subgroup of students will be collected and studied by the teachers at grade level meetings and by the administration in an on-going basis throughout the year. All pupils must demonstrate proficiency status to be considered as meeting NCLB requirements. The state of California has set a proficiency target of 24.4
40

% in ELA and 26.5% in Mathematics. According to the department of education, all subgroups have met their AYP.

Knollwood will continue to have students show the extent of their learning through portfolios, teacher observation, student journals, work samples, homework assignments, checklists, rubrics/criteria charts, teacher-created tests, publisher provided criterion referenced tests as well as through performance based assignments. Students will be graded using the LAUSD scoring guides for Kindergarten through 5th Grade, using the 1, 2, 3, and 4 point scale. Kindergarten through 5th Grade will continue to use the LAUSD report card. Parents will be informed on student progress three times per year with the LAUSD report card. Additionally, parents of students working below grade level will receive warning notices for each reporting period.

Parent conferences will be held twice per year. Parents will learn about grade level and teacher expectations via Back to School Night to be scheduled at the beginning of each year. Open lines of communication will exist in a variety of ways including newsletters, handouts, family math letters and games, and monthly calendars.

In order to have all students become successful, the principal and teachers will compile a running record of students at risk, or scoring basic, below basic, and far below basic. This list will be used to assist the grade levels in team planning during grade level meetings, to help support the students learning, to apply appropriate teaching methodologies and to be a guide in monitoring progress throughout the student's elementary experience. It is the goal of our instructional program to have the students score at or above benchmark level on quarterly assessments as well as the CST to be removed from our list.

Teachers will provide GATE students with lessons and assignments that will encourage these students to strengthen their cognitive thinking skills. They will be asked to demonstrate their comprehension and thorough knowledge of each subject by defining, describing, and identifying what they have learned through analysis and synthesis of this information. Additionally, the students will present an outcome whether verbal, written, arts-based, or technology-based at their appropriate academic level.

The academic achievement outcomes to be measured by Knollwood Preparatory Academy will focus on students development of basic skills and conceptual understanding of the four core content areas of English Language Arts, Mathematics, Science, and Social studies (in addition to ESL for qualifying students). Outcomes will include knowledge acquisition, problem solving, and reasoning skills in each of the core content areas. The measurable outcomes in all academic areas will be aligned with the California State Standards.

**Frequency and Methods by which Students are Assessed**

Knollwood Preparatory Academy School believes that assessment is ongoing and affords teachers an opportunity to develop daily lessons that meet the needs of all students based on their delineated strengths and weaknesses. As mandated by No Child Left Behind, we
are committed to ensuring that each child reaches his/her proficiency level in the areas of language arts and mathematics.

Prior to the new school year beginning, each teacher receives a class list of their incoming pupils. We analyze their data from the prior year and formulate an instructional agenda based on the perceived needs of each student.

We use a variety of assessment tools in order to get a comprehensive representation of student achievement. Data from these different assessments is collected and studied by teachers independently and at weekly grade level collaboration. Additionally, administration examines and discusses data on an ongoing basis throughout the year with teachers.

**Periodic Assessments**

Knollwood Preparatory Academy shall determine their development, implementation or use of periodic assessments according to the needs of its students, within the limits permitted by the Education Code. Knollwood Preparatory Academy may choose to use District assessments or design its own and will determine the timing of such assessments and coordinate with the respective Local District.

Standardized assessments may include, but are not limited to: CST written in English (yearly), CELDT (yearly), Treasures data (every 6-8 weeks), district math periodic assessments (three times a year), literacy periodic assessments (three times a year), DIBELS (K-3 three time a year), and district science assessments (4th & 5th grade 3 times a year). These assessments give teachers a common measure of student performance. Teachers and administrators can make decisions regarding instructional programming based on how students are performing in relation to other students who take the same test. Authentic assessments are ongoing and can better evaluate the child over time and in a variety of settings. Authentic assessments may include, but are not limited to: portfolios, journals, work samples, homework, teacher-devised test, teacher observations, checklists, anecdotal records, publisher provided criterion-referenced test, and projects. Also known as performance assessments, they allow for meaningful application of essential knowledge and skills.

Individual classroom teachers will be primarily accountable for assessing their students’ progress with regard to grade-level work and content standards. In conjunction with standardized and authentic assessments, teachers will also use daily informal assessments from observations, weekly quizzes and tests, class work, and project assignments to help identify immediate areas of concern and to guide instruction.

In-house Benchmark Assessments

Methods by which student progress is measured includes authentic and standardized assessments:

- **Authentic Assessments**: Authentic assessments are on-going and can better evaluate the child over time and in a variety of settings. Examples of authentic assessments are teacher developed assignments and activities, homework,
anecdotal records, journals, work samples, grade level and teacher developed
tests, rubrics, criteria charts, short term and long term projects, and learning
contracts.

- **Standardized Assessments and How Data Will Be Used:** California Standards
  Test (CST), California English Development Tests (CELDT), Treasures
  assessments / fluency, Literacy Periodic Assessment (LPA), DIBELS, District
  Math Assessment, District Science Assessments for grade 4 and 5, and Writing
  Assessment for grade 4.

**State Mandated Testing**

The Charter School agrees to comply with and adhere to the State requirements for
participation and administration of all state mandated tests. As a District affiliated
charter school, Knollwood Preparatory Academy will test with the District and adhere
to District testing calendars and procedures for all state mandated assessments.

As is required by the state charter law, Knollwood Preparatory Academy will conduct the
state pupil assessments required pursuant to Section 60602.5, including the California
and Federal Standardized Tests.

**How Data Will Be Used**

Knollwood Preparatory Academy values data-based decision making to optimize its
approach to meeting the needs of all students, to monitor the schools progress and to
establish future goals and interventions. Specific examples of this include:

- Data from combined assessments is evaluated continuously by teachers and
  administration in order to meet each student’s educational needs. Data is also used
to identify and prioritize professional development priorities as well as to provide
topics for discussion during grade-level planning.

- District assessment results and authentic assessments are communicated to
  parents by the teaching staff throughout the year.

- School wide data is also shared in a public forum at monthly governance
  meetings, in order to discuss upcoming program development and intervention
  priorities.

- Data regarding our SLL’s is shared at ELAC meetings. Data from CELDT is
  communicated to parents.

- MYDATA will be available for immediate access, to grades, scores, and
  attendance. Instantaneous access to this information provides all stakeholders the
ability to monitor student performance and academic growth. In addition, intervention can take place in a timely manner. This information will be utilized to assist administration and teachers in critiquing and examining data and to develop an effective professional development program on an on-going basis.

**Identification of Grading Policy**

Individual classroom teachers will be primarily accountable for assessing their students’ progress with regard to grade-level work and content standards. Student progress toward meeting expected student outcomes is monitored on an ongoing basis at each grade level by assessments aligned to the state’s standards.

Student progress toward achieving the school’s desired grade-level standards will be communicated to parents by providing immediate feedback on class assignments and homework assignments as well as by means of the unsatisfactory progress report and regular conferences with the student’s teachers.

Proficient levels of the district and state standards are summarized on the progress report that was introduced by the LAUSD in the 1999-2000 school year. The LAUSD Progress Report uses a 4-point scoring rubric that aligns with classroom teachers’ daily work assignments. Students earn a “4” for Advanced Proficient Levels; “3” for Benchmark Proficient Levels; “2” for Partial Proficient Levels; and “1” for Not Proficient Levels. The academic standards include specific learning topics in the different subject areas for each grade level: language arts divided into reading, writing, listening, and speaking; mathematics; history and social science; science; health education; physical education; and the arts. The standards for lifelong learning (i.e., work and study habits) include use of time, independence, organizational skills, and quality and completeness of work. The standards for character development (i.e., learning and social skills) include respect, cooperation, dependability, responsibility, self-control, and fair play.

Progress is reported to the parents three times annually using the LAUSD Progress Report. Additionally, parent conferences are conducted as needed throughout the year.
Element 4 – Governance

The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement” Ed. Code § 47605 (b) (5) (D)

Petition for Affiliated Charter Status

Knollwood Elementary School is an elementary school grades preK-5 that proposes to be converted to an Affiliated Charter within the Los Angeles Unified School District and to be known as Knollwood Preparatory Academy. As an Affiliated Charter, Knollwood Preparatory Academy shall follow all established LAUSD policies and guidelines.

Knollwood Preparatory Academy Governance Council

The Knollwood Preparatory Academy is subject to the governance of the LAUSD Board of Education, which has a fiduciary responsibility over Knollwood Preparatory Academy. Governance at the school site level shall be in accordance with the provisions of this petition and will be consistent with all applicable state, federal laws and regulations and the provisions of collective bargaining agreements. Any governance model in conflict with the above shall be null and void unless the appropriate parties have agreed to a waiver or exemption. Absent agreed upon waivers between the District and UTLA, Article XXVII of the LAUSD-UTLA CBA must be adhered to, particularly in regards to Local School Leadership Council composition and responsibilities.

In the event that Knollwood Preparatory Academy changes from affiliated charter status to independent charter status, Knollwood Preparatory Academy and/or its non-profit corporation will be a separate legal entity and will be solely responsible for the debts and obligations of the Charter School. If Knollwood Preparatory Academy changes its status to an independent charter school, Knollwood Preparatory Academy shall submit a petition for material revision with articles of incorporation and bylaws for District’s approval.

Knollwood Preparatory Academy shall maintain a Governance Council that will be the chief site-based decision-making body for the school under the authority of the Local District Superintendent and under the ultimate authority of the Los Angeles Unified School District Board of Education. The Governance Council shall be governed in its operations and its actions by the charter petition and the Bylaws of the Governance Council of Knollwood Preparatory Academy, which can be revised as approved by LAUSD.

The Governance Council shall meet at least once a month during the traditional school year to discuss policy and make decisions on the direction for the school. All teachers, parents, and community members are encouraged to attend council meetings. Subject to LAUSD policies and procedures, the Council shall have authority for aspects of its operation including, but not limited to the development and implementation of policies related to curriculum, personnel consistent with District policies and procedures and
collective bargaining agreements, professional development, categorical block grant budget and finance, implementation of admissions, site-level scheduling, community relations, classroom usage (within District policy), use of the school site (within District policy), safety, discipline, charter revision subject to District approval, dispute resolution (within District policy), appointment of school representatives to external organizations, and interactions with LAUSD. It will be the Governance Council's responsibility, to perform a school evaluation based upon the measurable goals and terms outlined in this charter.

The Governance council shall not have control over personnel hiring decisions. Knollwood Preparatory Academy will have a separate Staff Selection Committee for the selection of administrators (with District 1 involvement), clerical staff, custodial staff, classified staff, and certificated teaching staff.

The Selection Committee will be made up of the principal or designee, the UTLA chapter chair or designee, one parent jointly elected by the members of the Governance Council, the Compensatory Education Advisory Committee (CEAC), and the English Learners Advisory Council (ELAC), and two teachers elected by their peers.

The seventh member of the Selection Committee is flexible and temporary. The seventh member is chosen from and by that category of employee being hired. If a classified office position is open, then the seventh member will be elected by the office staff to serve on the committee to fill that open position only. If a teaching position opens, the seventh member will be elected from the teachers of the grade level where the opening exists. The grade level teachers elect the seventh member.

The Staff Selection Committee members serve a term of one year. The committee’s responsibilities are as openings occur: to meet, gather job descriptions, generate questions, review resumes and eligibility lists, determine which candidates will be interviewed, and conduct interviews. Afterwards, the committee meets and discusses candidates. In a group setting, each member votes by secret ballot for the candidate of his/her choice. The votes are counted in the open group setting. Finally, the principal makes the job offer to the chosen candidate.

**Process which Ensures Staff, Student, and Other Stakeholder Involvement**

Parents play a very active role in our school, and the success of Knollwood Preparatory Academy depends upon continuing this tradition. The highly productive collaboration between parents and educators enables us to provide the best, most enriched education possible. While parents are and will be involved in all levels of decision-making at Knollwood Preparatory Academy, their participation will help to fulfill our promise of an enriched educational experience for all children. At least one elected parent representative will serve on each of the school’s Governing and Executive Committees, including but not limited to budget, bylaws, and curriculum, school safety, staff selection, technology, discipline and professional development.
Parents attend monthly parent meetings where they elect their own officers and representatives, and where they set goals for their participation. By participating in the process, parents will learn skills related to teaching their children, planning, budgeting, management, analysis, and problem solving.

**Methods by Which Schools Consult with Parents and Teachers Regarding School’s Educational Programs**

**School Governance**

Involvement in the Governing Council and the various Governing Council committees will provide for direct parent and teacher involvement in the ongoing process of reviewing and revising the school’s educational program. This will enable us to continue meeting the unique and changing needs of each Knollwood student. All Governing Council and standing committee meetings will be open to the public in accordance with the Brown Act, and all stakeholders and interested parties will be encouraged to contribute agenda items for discussion. Meeting schedules will be made available to the public (including on the school website and via organized email blasts and ConnectEd), and an agenda of each meeting will be posted publicly (at the school site and on the school’s website) at least 24 hours in advance thereof. All meetings will be held in accordance with the posted agenda and any items raised during any “public comments” period will be added to a later agenda for official discussion. The Governing Council and standing committees will also comply with all Brown Act requirements. Minutes of meetings will also be posted in a public area, on the school campus, and on the website.

As a separate entity from Knollwood Preparatory Academy, the Knollwood Preparatory Academy PTA shall maintain liability insurance sufficient to cover any and all PTA sponsored activities and shall present a certificate of insurance as evidence of such insurance coverage on at least an annual basis to the District’s Division of Risk Management & Insurance Services. Knollwood Preparatory Academy will conform to and operate under the District’s Donation Policy (Policy Bulletin No. 1633). PTA shall work collaboratively with Knollwood Preparatory Academy to further the educational program of the School.

PTA is a non-profit 501c (3) California Corporation.

**Additional Parent Involvement Opportunities**

Parent involvement is the key to the success of the school, with opportunities for both parents who stay at home and those who work full-time. These opportunities include events such as Back-to-School Night, Open House, Parent/Teacher Surveys, Parent/Teacher Conferences, parent participation in the classrooms, campus beautification, Parent Education, weekly written correspondence, and the monthly PTA meetings. Knollwood also announces opportunities using email blasts, via its website, and by automated phone calls (ConnectEd). Teachers communicate during weekly collaboration meetings, professional development meetings, and regular faculty
meetings. Without the parents' support, Knollwood would not be able to achieve the excellence that is its legacy. Parents are essential in making the school a vital part of the community, and in fostering the diversity and excellence of Knollwood’s enriched education program. A parent’s inability to participate does not impact admission for enrollment.

**Decision-Making Process and Organizational Chart**

Knollwood’s School Governing Council will be a consensus-oriented, site-based decision-making body for Knollwood Preparatory Academy. It will have the responsibility for allocating categorical block grant resources and setting the site-based policies and procedures to achieve the school’s program goals, thus promoting the best educational program possible for students. The attainment of consensus among all members of the Council shall be a primary goal. If consensus cannot be reached, decisions will be made by a simple majority vote of the members present, with the exception of Bylaws changes, which must be decided by a two-thirds majority of the Council. In the event of a tie vote, further discussion and research will take place until there is a majority vote. Any stakeholder can bring new business before the Governing Council by bringing the matter to the attention of the principal, a member of the Governing Council, or the relevant committee. All standing committees will have representation from both the parent body and teaching staff and are the foundation of policy decision-making at Knollwood Preparatory Academy.

**Compliance with all Laws Relating to Public Agencies in General, all Federal Laws and Regulations and State Codes**

Knollwood Preparatory Academy will comply with the Brown Act.

Members of the Knollwood Preparatory Academy governing council, any administrators, managers or employees, and any other committees of the Charter School shall comply with federal and state laws, nonprofit integrity standards and LAUSD’s Charter School policies and regulations regarding ethics and conflicts of interest.

The District reserves the right to appoint a non-voting single representative to the Charter School governing council.
Knollwood Preparatory Academy’s Relationship with District/County

The Knollwood Preparatory Academy Governing Council will work collaboratively with the Local District and District to determine the applicability of District policies and procedures to Knollwood Preparatory Academy. Knollwood will continue its operation as a fiscally affiliated charter school. Knollwood Preparatory Academy will work collaboratively with the District to ensure all programs, services, and future needs are funded.

Process for Amendments to Charter

Knollwood Preparatory Academy reserves the right to amend its charter at any time with LAUSD Board of Education approval. All amendments will require the majority vote of representatives to the Knollwood Preparatory Academy Governing Council. Any material revisions to the charter must be submitted to the LAUSD Board of Education for approval. Knollwood Preparatory Academy will consult with the District in making a determination as to whether or not a proposed amendment or change to the charter constitutes a material revision.

Knollwood Preparatory Academy, a California Distinguished School, is currently a high-achieving elementary school in Local District 1 and will continue to pursue innovative, pioneering ideas that can serve as a model for other schools within all of LAUSD, both in addressing the implementation of innovative curriculum and instructional techniques, and in supporting those students who may need additional attention and intervention to succeed. We do this by providing additional educational resources such as:

- Targeted instruction by certificated professional for identified students not meeting Benchmark
- Class-size reduction teachers
- Additional support by paraprofessionals

All of these pursuits stem from the interest and support of the leaders of our school, thereby ensuring the active participation of parents, teachers and administrators as stakeholders in the educational process.

Articles of Incorporation and Bylaws of Nonprofit Corporation

Since we are applying to convert to an affiliated charter school, we do not need to submit articles of incorporation and bylaws of a nonprofit corporation. We have however submitted the Bylaws of the Governance Council (Appendix 1).
Selection Process of Council Members and Relevant Governance Council

Members of the Governance Council shall serve a one year term. The voting members of the Governance Council shall include representatives from the school’s various constituencies.

5 staff members and 2 alternate teacher representatives, who shall be elected from and by the credentialed teachers employed at the school, which will include:
  The Principal
  UTLA Chapter Chair
  Two Certificated Representatives (to be elected by certificated staff)
  One Classified Representative (to be elected by classified staff)
  Two parent members (to be elected by parents of Knollwood)

Public notice will be posted regarding the date and time of the public drawing once the deadline date has passed. A waiting list will be developed from the list of students that do not receive admission and will be considered should a vacancy occur during the year.

In the event that the school is notified of a false address for the predetermined district attendance boundary for the school, for example, if school mail is returned undeliverable, Knollwood Preparatory Academy will assign an address verification committee to assist the office with validating whether an address is within Knollwood’s boundaries. Such boundaries may vary from time to time but will always be developed or revised in accordance with the policies and guidelines set for other schools in the district. However, any student who resides in the state of California may apply to the Knollwood Preparatory Academy. Transportation will not be provided. All applicable laws governing the minimum age for public school attendance will be adhered to.

- A public random lottery, by grade level will take place to determine the school enrollment in accordance to Education Code § 47605 (d)(2)(B).
- Parents will be told about the capacity when requesting an application (Appendix 3) and given written information regarding the public random lottery.
- The school will designate a deadline for applications, and all interested students will be considered for the public random drawing to fill available seats at each grade level.
- Public notice will be posted regarding the date, time and location of the public drawing.
- Parents of the lottery applicants will be notified immediately at the drawing, or by phone the next day, of their standing as either admitted or placed on a waiting list.
• A waiting list for each grade level will be developed from the list of students that do not receive admission and will be considered should a vacancy occur during the year.

• Parents will be given a date and time by which to respond in order to secure enrollment.

The Knollwood Preparatory Academy will utilize LAUSD enrollment forms and cumulative records. The charter school will adhere to all District procedures related to confidentiality and privacy of records. In order to ensure continuity of record keeping, LAUSD will provide the Knollwood Preparatory Academy, upon request, the cumulative records of the students attending the charter. Upon leaving the Knollwood Preparatory Academy, student records will be processed accordingly and forwarded to the receiving school. Knollwood will follow district policy for requests of cumulative records of students who have transferred from or to other schools.
Element 9 – Annual Financial Audits

“The manner in which annual, independent, financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.” Ed. Code 47605 (b)(5)(I)

LAUSD and its affiliated charter schools are negotiating a Memorandum of Understanding (MOU) regarding specific provisions in the affiliated charter petitions including, but not limited to, use of categorical block grant funds, sources of funding, fundraising policies, oversight fees, professional development policies, personnel policies, educational program, and transportation. In the event of any conflict between provisions in the charter petition and the MOU executed by Knollwood Preparatory Academy and LAUSD for the terms, provisions and definition of the affiliated charter schools, if any, the terms of the MOU, if duly executed by Knollwood Preparatory Academy and LAUSD, will supersede.

Knollwood Preparatory Academy’s current arts-based enrichment and physical education programs are financially supported by Knollwood Preparatory Academy's PTA. We will maintain liability insurance sufficient to cover any and all activities and will present a certificate of insurance as evidence of such insurance coverage on at least an annual basis to the District’s Division of Risk Management and Insurance.

Categorical Funds

Knollwood Preparatory Academy shall have control over the budgeting and expenditure of its categorical block grant funds, including, but not limited to, the right to maintain such funds and/or establish reserves for carry over for future school year expenditures.

As an affiliated charter, Knollwood Preparatory Academy shall receive a portion of categorical block grant funding, from the District, as part of the Targeted Instructional Improvement Grant, which is and will be used to support class size reduction for schools identified as Desegregated Receiver and Predominantly Hispanic Black Asian and Other (PHBAO).

Knollwood Preparatory Academy must cover the cost of class size reduction commensurate with its Integration Court Order designation (Desegregated Receiver or PHBAO).

The Knollwood Preparatory Academy will oversee the receipt and management of the categorical block grant and other fund allocations, and shall adhere to generally accepted accounting principles. Knollwood Preparatory Academy may also be subject to audits to verify the accuracy of the school’s financial statements and the books and records relating to its expenditures, as well as its attendance records, accounting practices and internal controls.
Timing for Distribution of Categorical Block Grant Funds

Except as provided above, the District will continue to partially front-fund the categorical block grant allocation to the Knollwood Preparatory Academy. The categorical block grant is subject to adjustment in funding levels and deferrals on the part of the California Department of Education. Consequently, allocations from the categorical block grant to the Knollwood Preparatory Academy may also be subject to adjustment in funding levels and deferrals. In addition, Knollwood Preparatory Academy may also be subject to District “freezes” in a manner consistent with other District schools.

Other Sources of Funds

The District shall retain general purpose entitlement funds and any other state or federal funding, with the exception of grants separately applied for and received by the Knollwood Preparatory Academy, to maintain the Charter School in accordance with their annually adopted budget and consistent with staffing norms and support at the District norm levels. Funding from the Knollwood Preparatory Academy will be used to enable the school to receive norm levels at the PBHAO or desegregated receiver level, as appropriate.

Administrative Fees

The District will retain an administrative fee from the categorical block grant to cover part of oversight costs. This administrative fee is approximately 2 percent of the categorical block grant.

Payment for Other Services

Services for programs funded through the categorical block grant, such as assessments for the GATE program, will be separately charged to the Charter School. In addition, it will be the responsibility of the Charter School, from site based discretionary resources, to pay for any different or additional level of service above the norm provided to District schools generally. The District shall, upon request, provide a listing of the costs of providing such services.

Documentation

The Knollwood Preparatory Academy financial reports shall remain a part of the District’s single report to the Los Angeles County Office of Education or other regulatory body, as applicable. Knollwood Preparatory Academy shall prepare and submit all required financial data and reports for inclusion in the District’s report.

Per-Pupil Budgeting

Where possible, Knollwood Preparatory Academy will have the ability to implement the District’s per-pupil budgeting model.
Audit and Inspection of Records

Knollwood Preparatory Academy agrees to observe and abide by the following terms and conditions as a requirement for receiving and maintaining their charter authorization:

- Charter School is subject to District oversight.
- The District’s statutory oversight responsibility continues throughout the life of the Charter and requires that it, among other things, monitors the fiscal condition of the Charter School.
- The District is authorized to revoke this Charter for, among other reasons, the failure of the Charter School to meet generally accepted accounting principles or if it engages in fiscal mismanagement.

Accordingly, the District hereby reserves the right, pursuant to its oversight responsibility, to audit Charter School books, records, data, processes and procedures through the District Office of the Inspector General or other means. The audit may include, but is not limited to, the following areas:

- Compliance with terms and conditions prescribed in the Charter agreement,
- Internal controls, both financial and operational in nature,
- The accuracy, recording and/or reporting of school financial information,
- The school’s debt structure,
- Governance policies, procedures and history,
- The recording and reporting of attendance data,
- The school’s enrollment process,
- Compliance with safety plans and procedures, and
- Compliance with applicable grant requirements

Knollwood Preparatory Academy shall cooperate fully with such audits and shall make available any and all records necessary for the performance of the audit upon 30 days notice to Charter School. When 30 days notice may defeat the purpose of the audit, the District may conduct the audit upon 24 hours notice.

The Knollwood Preparatory Academy will develop and maintain internal fiscal control policies governing all financial activities.

Resolution of Exceptions and Deficiencies

As an affiliated charter school, the Beckford Charter for Enriched Studies would follow district policy around resolving any exceptions or deficiencies found during the course of an audit.
**District Oversight Costs**

The district may charge for the actual costs of supervisory oversight of the charter school not to exceed 1% of the charter school’s revenue, or the district may charge for the actual costs of supervisory oversight of the charter school not to exceed 3% if the charter school is able to obtain substantially rent free facilities from the district. Notwithstanding the foregoing, the district may charge the maximum supervisory oversight fee allowed under the law as it may change from time to time.
Element 10 – Suspensions and Expulsions

"The procedures by which pupils can be suspended or expelled." Ed. Code 47605(b)(5)(J)

General Discipline Policies

As an affiliated charter school of the Los Angeles Unified School District, Knollwood Preparatory Academy will follow all discipline proceedings established by the District. In LAUSD, the Student Discipline and Expulsion Support Unit provides technical assistance to schools considering recommendations for expulsion, ensures that students recommended for expulsion are afforded a fair and impartial hearing and all due process rights, and provides for post-expulsion placement and services as required by law.

Knollwood Preparatory Academy shall provide due process for all students, including adequate notice to parents/guardians and students regarding the grounds for suspension and expulsion and their due process rights regarding suspension and expulsion, including rights to appeal, in accordance with District policies and procedures.

Knollwood Preparatory Academy shall utilize alternatives to suspension and expulsion with students who are truant, tardy, or otherwise absent from compulsory school activities.

At least once every school year, Knollwood Preparatory Academy’s Governance Committee and subcommittees will review the school’s discipline policy and make changes as deemed necessary.

Any provisions in this charter petition, parent student handbook, or parent-school compact that conflict with LAUSD discipline policy and procedures, state and federal laws, shall be null and void.

Standards and Conduct

Knollwood Preparatory Academy embraces the theory of positive discipline. We use problem solving rather than punishment to help children become successful students and citizens. Parent/child/school cooperation and support is crucial. To this end, the Parent-Student-School Compact, sent home at the beginning of the school year, addresses the responsibilities of each signatory to the Compact. (Appendix 2).

Twice each school year, students will participate in grade level assemblies where school-wide positive behavior support elements will be reviewed and discussed through role-playing, short video clips, and visual aids in accordance with the District’s Discipline Foundation Policy.

In addition, each teacher in every classroom explains standards and expectation for behavior. Students are expected to maintain our school-wide standards of behavior, which are based on the Six Pillars of Character.
Six Pillars of Character

1. Take responsibility for yourself and your actions.
2. Demonstrate that you are contributing citizen of your school community.
3. Always treat others with respect.
4. Show fairness to others in class as well as on the playground.
5. Show kindness to others who need assistance.
6. Prove yourself to be trustworthy to your peers and school staff.

Positive Behavior Reinforcements

Students are encouraged to behave appropriately throughout the day. Based on the Six Pillars of Character, our school reinforces positive behaviors with our "Caught Being Good" program. Students are rewarded for random acts of good behavior, kindness and empathy, with raffle tickets for a drawing at the end of the week. Winners are chosen from each grade level and announced to the school.

School-Wide Behavior

Morning recess and lunch recess are times for play, relaxation, and to share time with friends from different classes and grade levels on the playground. This allows for personal development. All students will be expected to follow the Six Pillars of Character. However, if there are infractions, there are consequences for the misconduct.

Consequences for Misconduct

- First offense: Student is given an explanation of the offense and instructed how to participate appropriately.
- Second offense: Student who needs a cooling off period will be directed to a specific area by the teacher or supervision aide until he/she decides he/she is ready to rejoin the class.
- Third offense: Student is removed from the game or classroom. The student may be given school beautification service as a result of their behavior. Any students involved in physical altercations will meet with the principal.

Further behavioral infractions will be handled according to LAUSD policies and procedures.

Due Process

If suspension is necessary, the principal will notify the parent, remind the parent that suspension is a disciplinary action and schedule a parent conference. The principal will inform the parent that the parent is expected to respond without delay to any request from school officials to attend a conference regarding his or her child’s behavior.
No student will be penalized for his or her parent’s failure to attend a conference with school officials, i.e., reinstatement of the suspended pupil will not be contingent upon attendance by the pupil’s parent at the school conference (E.C. section 48911).

The principal may suspend a student without affording him/her an informal conference only if an emergency situation exists. The term “emergency situation” means that the principal has determined that the immediate conditions constitute a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended from school without the conference, the designated administrator will notify both the parent and the student of their right to a conference and of their right to return to school for that purpose. The conference will be held at the earliest time possible but no later than two school days after the incident takes place unless the student waives this right or is physically unable to attend. In the latter instance, the conference will be held as soon as the student is able to attend.

**Length of Suspension**

The length of suspension for students may not exceed a period of five (5) consecutive school days unless an administrative recommendation has been made and agreed to by the student's parent/guardian. If a student is recommended for a period of suspension exceeding five (5) consecutive school days, a second conference will be scheduled between the parent/guardian to discuss the progress of the suspension upon the completion of the fifth (5th) day of suspension. All reasonable arrangements will be made to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. A student may not be suspended more than 20 days in a single school year.

**Grounds for Suspension and Expulsion**

The procedures for suspension and expulsion from school will follow the procedures identified by LAUSD and in the California Education Code, Section 48900. Identified infractions may result in immediate suspension or expulsion per LAUSD policy and the California ED. Code Section 47605 (b) (5) (j) and in accordance with California Education Code, Sections 48900 et seq. and 48915 as well as the federal Gun-Free Schools Act of 1994. Procedures leading up to suspension will be progressive in severity and involve the active participation of students, teachers, the administrator, a classified employee and parents. Teachers may suspend students from their classrooms as per LAUSD/UTLA negotiated policy. Student expulsion recommendations from the Knollwood Preparatory Academy will be referred to the Student Discipline Proceedings Unit of the LAUSD for processing and disposition and notification. A student may be recommended for suspension or expulsion for any of the following reasons, as specified in Education Code Sections 48900 et seq.:

- Caused, attempted to cause, or threatened to cause physical injury to another person.
• Willfully used force or violence upon the person of another, except in self-defense.

• Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object, unless, in the case of possession of any object of this type, the pupil had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal.

• Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind.

• Unlawfully offered, arranged, or negotiated to sell any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to any person another liquid, substance, or material and represented the liquid, substance, or material as a controlled substance, alcoholic beverage, or intoxicant.

• Committed or attempted to commit robbery or extortion.

• Caused or attempted to cause damage to school property or private property (includes, but is not limited to, electronic files and databases).

• Stole or attempted to steal school property or private property (includes, but is not limited to, electronic files and databases).

• Possessed or used tobacco, or any products containing tobacco or nicotine products, including, but not limited to, cigarettes, cigars, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets, and betel (exception made for use or possession by a pupil of his or her own prescription products).

• Committed an obscene act or engaged in habitual profanity or vulgarity.

• Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Section 11014.5 of the Health and Safety Code.

• Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties.

• Knowingly received stolen school property or private property (includes, but not limited to, electronic files and databases).

• Committed or attempted to commit a sexual assault as defined in Section 261, 266c, 286, 288, 288a, or 289 of the Penal Code or committed a sexual battery as defined in Section 243.4 of the Penal Code.

• Harassed, threatened, or intimidated a pupil who is a complaining witness or a witness in a school disciplinary proceeding for the purpose of either preventing that pupil from being a witness or retaliating against that pupil for being a witness, or both.

• Unlawfully offered, arranged to sell, negotiated to sell, or sold any prescription drug.

• Engaged in, or attempted to engage in, hazing as defined in Section 32050.

• Aided or abetted, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person (suspension only).

• Committed sexual harassment (grades 4-5). Section 48900.2 (E.C. 48900 et seq.)

• Caused, attempted to cause, threatened to cause, or participated in the act of hate violence (grades 4-5). Section 48900.3.

• Engaged in harassment, threats, or intimidation directed against school district personnel or pupils (grades 4-5), that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment. Section 48900.4.

• Made terroristic threats against school officials, school property or both. Section 48900.7.

• Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act, as defined in subdivisions (f) and (g) of Section 32261, directed specifically toward a pupil or school personnel.

It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against any pupil who is truant, tardy, or otherwise absent from school activities. The principal may use discretion to provide alternatives to suspension or expulsion including, but not limited to, counseling and an anger management program.
Suspension Appeal Procedures

The principal is to advise the parents of the appeal procedures when they disagree with the suspension. The appeal may first be made to the school principal (not designee). If the parents wish to appeal the principal’s decision, they may appeal to the Local district Operations Administrator or designee. The Local district appeal conference will be arranged as soon as possible following the parents’ request; during the period of appeal, the suspension remains in effect for the length of time designated.

The results of the appeal may include, but are not limited to:

- Sustaining the suspension in all respects.
- Modification of penalties imposed.
- Rescinding the suspension and expunging the suspension from the student’s records.

The parents will be notified in writing of the appeal decision. Copies of any objections the parents may have to the decision will be included in the student’s discipline records if the parents so request.

Expulsion Procedure

Only the Principal of Knollwood Preparatory Academy can recommend that a pupil be expelled.

Whenever a student is accused of an act for which an expulsion may be recommended, the principal will conduct an incident investigation by:

1) discussing the matter with district officials,
2) identifying and interviewing witnesses,
3) securing oral and written statements,
4) reviewing appropriate student records.

The administrator will also notify law enforcement if certain acts have been committed by the student, including assault with a deadly weapon, possession of narcotics or controlled substances or possession of a weapon at school. The principal will then consult with the Student Discipline Proceedings Unit of LAUSD regarding the appropriateness of an expulsion, and additionally consult with his/her administrative supervisor. If expulsion is recommended, the Principal will conduct any necessary conferences and forward all information to the Discipline Unit in accordance with district policy.

The LAUSD Student Discipline Proceedings Unit is charged with ensuring that students recommended expelled without suspended enforcement and therefore not be allowed to attend any LAUSD school or program during the term of expulsion.

Pupils who are expelled from Knollwood Preparatory Academy will be given a
rehabilitation plan upon expulsion as developed by the LAUSD Discipline Unit at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the charter school for readmission.

The LAUSD governing board will adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, the LAUSD governing board will readmit the pupil unless the LAUSD governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure will be made available to the pupil and the pupil’s parent or guardian at the time the expulsion order is entered. The decision to readmit a pupil or to admit a previously expelled pupil from another school district or charter school will be in the sole discretion of the LAUSD Board to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The pupil’s readmission is also contingent upon the capacity of the charter school at the time the pupil seeks readmission.

Therefore, in the event that a student requires expulsion, Knollwood Preparatory Academy will work with LAUSD and implement BUL-4655, March 13, 2009 as the guiding practice for expulsion. Knollwood Preparatory Academy will notify the local district superintendent of any potential expulsion case and provide the local district superintendent with a copy of the case file for review. It will be the local district superintendent that will review the case and prepare the recommendation to expel the student. Knollwood Preparatory Academy will cooperate fully as indicated above with LAUSD in preparing the file for student expulsion and participate and cooperate with the Board decision on the plan for rehabilitation.

**Procedures for Rehabilitation, Readmission, and Interim Placement**

**Rehabilitation Plans**

Pupils who are expelled from Knollwood Preparatory Academy shall be given a rehabilitation plan upon expulsion as developed by the Los Angeles City Board of Education at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to Knollwood Preparatory Academy for readmission.

**Readmission**

Knollwood Preparatory Academy shall follow District policies and procedures with regard to requests for readmission and the process for the required review of all expelled
pupils for readmission. A description of the procedure shall be made available to the pupil and the pupil’s parent or guardian at the time the expulsion order is entered. Knollwood Preparatory Academy is responsible for reinstating the student upon the conclusion of the expulsion period whether the student seeks readmission or not.

**Special Education Students**

In the case of a student who has an IEP, or a student who has a 504 Plan, Knollwood Preparatory Academy will ensure that it follows the correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and Section 504 of the Rehabilitation Plan of 1973 and the Modified Consent Decree. An IEP team, including a District representative, will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Policies and Procedures Manual. Prior to recommending expulsion for a student with a 504 Plan, Knollwood Preparatory Academy administrator will convene a Link Determination meeting to ask the following two questions:

A) Was the misconduct caused by, or directly and substantially related to the student’s disability?

B) Was the misconduct a direct result of the Charter’s failure to implement 504?

**Gun Free Schools Act**

Knollwood Preparatory Academy shall comply with the federal Gun Free Schools Act.

**Disciplinary Records**

Knollwood Preparatory Academy will follow district policies and will maintain the confidentiality of pupil records of all student suspensions and expulsions in locked files at the school. These files will only be accessible to the school administration and designated staff members providing services to the students. Such records will be made available to the district upon request.

**Outcome Data**

Knollwood Preparatory Academy shall maintain all data involving placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request in accordance with District policies and procedures.
