4. (See: [http://dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) for further information regarding the Charter School’s academic performance)

The Charter School has done a financial analysis and projections that support continued operation of a K-6 school in the District on a financially sound basis.

The Charter School is located at 2565 East 58th Street, Huntington Park, California, where it leases the facility in which operations are conducted.

In accordance with the Charter Schools Act of 1992, Aspire hereby respectfully petitions the Los Angeles Unified School District (“the District”) to renew the charter for Aspire Antonio Maria Lugo Academy for a five-year period, from July 1, 2014 to June 30, 2019.

The Charter Schools Act of 1992 states that:

It is the intent of the Legislature…to provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently from the existing school district structure, as a method to accomplish all of the following:

(a) Improve pupil learning.

(b) Increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils who are identified as academically low achieving.

(c) Encourage the use of different and innovative teaching methods.

(d) Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the Charter School site.

(e) Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system.
(f) Hold the schools established under this part accountable for meeting measurable pupil outcomes, and provide the schools with a method to change from rule-based to performance-based accountability systems.

(g) Provide vigorous competition within the public school system to stimulate continual improvements in all public schools.

- California Education Code Section 47601(a)-(g)

The Charter School has made and will continue to make important contributions to the legislative goals outlined above. By granting this charter renewal, the District will help fulfill the intent of the Charter Schools Act of 1992 (“Charter Schools Act”), while providing students in the District with a small school option.

Element 1: The Educational Program

A description of the educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

- California Education Code Section 47605(b)(5)(A)(i)

A description, for the charter school, of annual goals, for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.

- California Education Code Section 47605(b)(5)(A)(ii)

Projections of who we will serve

According to demographic data compiled by the California Department of Education (“CDE”), the District enrolled 655,494 students in 2012-13. Of these students, African Americans constitute 9.4% of the students, American Indians 0.4%, Asians 4.0%, Filipinos 2.1%, Latinos 73.6%, Pacific Islanders 0.4%, and Whites 9.2%. During the 2012-13 school year, students who spoke English as a second language made up 26.1% of the District student body. The Charter School seeks to enroll a diverse population of students that reflects these demographics.

Aspire’s educational program is based on the instructional needs of our target student profile. Aspire targets the following students:

- Students who are not currently successful in their current core academic subjects;
- Students whose academic or English language learning needs necessitate a small school environment with personalized attention;
- Students whose academic or English language learning needs are not being met in a traditional school environment; and
- Students whose diversity represents their respective communities.

In education, one size does not fit all and Aspire is dedicated to providing students and families throughout the State of California with a small school option that can meet their unique needs.

COMMUNITY NEED FOR CHARTER SCHOOL

The Charter School provides a safe, high performing alternative for families in the Huntington Park area. Year after year over 90% of our parents answered Yes when asked, “Is your student getting a good education at this school?” We have an extensive waitlist for families who would like to attend the school. The academic success outperforms the neighborhood school with the highest Academic Performance Index by over 35 points when compared to both LAUSD schools and local charter schools. The School is poised to continue its success with a strong leaders and a committed group of educators.
**The School’s Mission**

The Charter School’s mission is to provide all students with an exceptional education that will allow them to excel inside and outside the classroom. The Charter School seeks to achieve this mission by offering students a rigorous core curriculum, an outstanding staff, high standards and expectations, extended instructional hours, and personalized learning opportunities. The Charter School will strive to ensure that students are prepared for college and for the 21st century world and workplace by helping them develop important basic skills, thinking skills, and life skills.

**The Educated Person in the 21st Century**

Aspire recognizes that to be an Educated Person in the 21st century, our students need to have a foundation of knowledge and skills to access this world of ideas, as well as the ability to analyze information, ask good questions and innovate new ideas, and express themselves thoughtfully. They must also have habits of mind that include self-motivation, intellectual curiosity, analytic ability, creative thinking, moral reasoning, self-confidence, and empathic action. Thus equipped, students will excel in college and become engaged and empowered citizens in their community and beyond.

**How Learning Best Occurs**

Aspire’s education program is designed to give students the content knowledge and habits of mind necessary to face the challenges of the 21st century. The California Common Core State Standards (“CA CCSS”) drive the instruction of all Aspire charter schools by providing the road map of what students need to know.

In order to prepare students to succeed in college, Aspire’s educational program has drawn on the Center for Educational Policy Research’s study Standards for Success (2003). This research gathered information about the required skills to succeed in college from more than 400 staff and faculty members at research universities. The authors of this research believe college students need “critical thinking, analytic thinking and problem solving; an inquisitive nature and interest in taking advantage of what a research university has to offer; the willingness to accept critical feedback and to adjust based on such feedback; openness to possible failures from time to time; and the ability and desire to cope with frustrating and ambiguous learning tasks.” Aspire has interwoven these habits into its core curriculum, which the Charter School follows. With the adoption of the CA CCSS, the Charter School program will be more tightly aligned to our college readiness goal.

Additionally, Aspire has built a College For Certain® culture. Beginning in kindergarten, students are informed and inspired to succeed in high school and attend college. Classrooms are named after universities with the year the class will graduate from college above the door. Teachers and principals proudly share their college going
experiences, diplomas and challenges. Through Aspire’s schools, students are given the will, the skills and the habits of mind to attend college and succeed in life by becoming self-motivated, competent, and lifelong learners.

THE CHARTER SCHOOL’S PROGRAM DESIGN ELEMENTS

Community

Aspire schools are small with approximately 60 students per grade level. The schools are broken into divisions and small classes to create a community where each student is known personally.

- **Small Schools**: Students are more likely to succeed in small schools, where teachers and the principal know each family well. Students and their needs are not lost in the crowd. Target enrollment for Aspire elementary campuses (K-6) is between 360 and 420 students.

- **Small Class Sizes**: In smaller classes, teachers can give each individual student the time and individual attention necessary to realize his or her personal academic goals.

- **Looped Grouping**: Teachers strive to teach the same group of students for two years. This longer time with one teacher allows students to develop a deep relationship with one individual. The teacher saves instructional time during the second year of instruction as she/he knows the individual student’s strengths and weaknesses on the first day of school. Instruction can begin as soon as the school year does. Students remain with the same teacher for kindergarten and first grade; second grade and third grade; and fourth and fifth grade. 6th grade students may either continue on with the same teacher for a third year or have a teacher for only one year.

Learning Time

Aspire provides 15% more learning time for students than traditional public schools, and uses time more effectively during the year and day to maximize in-depth learning.

- **Longer School Day**: Students learn more when they are given more time to learn each day. With more time, teachers can create more effective projects to build higher order thinking skills. Aspire schools have, on average, a 7.5 hour school day for grades 1-12, and at least a 5-hour school day for kindergarten. In other words, Aspire students receive about one hour more instruction each day than students in traditional public schools.

- **Longer School Year**: Aspire schools provide approximately 186 to 190 days of instruction, which is about 11 more days than traditional public schools. Some of these additional days are on Saturday, when families can attend class with their children.
• **Modified Traditional Calendar:** The Charter School uses a modified traditional calendar (shorter summer recess) to decrease the loss of learning during extended recesses. The School starts earlier than traditional calendars, includes a Fall Break and runs later into the summer.

**Teaching Methods**

All educators at Aspire Public Schools use a variety of pedagogical strategies to ensure all students learn and grow continuously. Strategies are selected based on the teacher’s knowledge of how students best learn different topics, and are usually used in combination. Aspire has created Instructional Guidelines (PACING GUIDES) in math, language arts, science and humanities (i.e. the interdisciplinary study of social sciences, literature, and art), that spell out the frequency and purpose for each type of instruction. These instructional strategies are well-aligned to the deep understanding required by the California Common Core State Standards and the academic content and performance standards. The Instructional Guidelines will be revised annually as more is learned about effectively implementing the CA CCSS. Sample Instructional Guidelines (PACING GUIDES) are attached in **Appendix L.** These guidelines, as well as the purchased curriculum materials, provide the structure for a standards-based curriculum. Aspire educators are also trained to adapt these methods in ways that maximize personalized experiences each child receives. The major strategies used include:

• **Explicit Instruction:** in this traditional form of teaching, the teacher presents the lesson, which includes: a purpose; specific instructions; modeling; guided practice; and checking for understanding. At the conclusion, students individually demonstrate their new skills or knowledge.

• **Massed and Distributed Practice:** this retention strategy provides students with many opportunities to practice new skills upon initial learning. Practice is then distributed over the course of many months to increase the retention of previously learned skills and knowledge.

• **Problem Solving:** this method provides students with a step-by-step process for determining the solution.

• **Inquiry:** in this process, students are presented with a problem or question, and formulate and test theories to work towards a solution.

• **Culturally Appropriate Curriculum and Instruction:** A multicultural curriculum and culturally sensitive pedagogy will enable students to appreciate and respect their own and each others’ heritages and to develop an understanding of multiple perspectives.

• **Flexible Supports:** Many supports will be provided within the classroom, the Charter School and community. For example, pedagogical support might include literacy support, tutoring across subject areas, and second language learning supports.
- **Diagnostic Assessment:** Teachers will use a wide range of diagnostic assessments to evaluate how students are learning as well as what they are learning. These assessments will inform decisions about the curriculum and teaching strategies as well as individual supports for students. Once each term the teacher, parents and students will discuss the student’s learning strengths and weaknesses, and set goals for the next semester. The Personalized Learning Plan rubric is attached in **Appendix A.**

- **Authentic Experiences:** In the early elementary grades at Aspire schools, students learn literacy skills through authentic reading and writing experiences, including shared reading, guided reading, independent reading, shared writing, interactive writing, writing workshops and independent writing. In the older elementary grades at Aspire schools, students focus on “reading to learn,” through reciprocal teaching, literature circles, and the use of both non-fiction books and classical literature. Students also learn by applying the scientific method to hands-on experiments and by interacting with others on community issues.

**Curriculum**

Aspire uses a combination of adopted programs and curriculum developed in-house to meet Aspire standards and build basic skills, higher-order thinking skills, and life-skills. The curriculum is clearly articulated as a K-12 system and based on the CA CCSS. All elements of the curriculum are research-based and have been proven effective in schools. The specific CA CCSS curriculum materials will be determined through an organization-wide adoption process. For more details on Aspire’s plan for transition to CA Common Core State Standards, please refer to **Appendix B.**

- **Language Arts:** Students communicate ideas clearly and effectively in various modes of expression appropriate to audience and purpose. This may be through oral reports and debates, written letters and essays. Through the examination of various texts, students demonstrate critical reading and active listening skills in order to comprehend, interpret and evaluate ideas. Students write extensively in both expository and creative forms.

When students are learning to read, instruction will focus on phonemic awareness, phonics instruction, fluency, and text comprehension. Writing is integrated into the learning process. In preparation for the change to the California Common Core State Standards for English Language Arts & Literacy (“CA CCSS for ELA/Literacy”) as well as preparing them for college, students write in every subject with writing instruction embedded into feedback, as well as explicit writing instruction.

One of the main resources in K-6 literacy instruction may be the Open Court Reading materials. Writing may be supplemented with vocabulary and instruction based on the Lucy Calkins Units of Study in grades K-6. These units are aligned with the California Common Core State Standards and teach students how to use
Aspire Antonio Maria Lugo Academy Charter Renewal Petition 2014-2019

Evidence and academic vocabulary as they write in the required genres. The curriculum uses a Writers’ Workshop format.

- **Social Science**: Aspire’s history and social studies curriculum ensures that students are historically literate (including culture, geography, politics, economics, and ethics) and become active, informed citizens (including U.S. policy and effective research techniques). Students apply historical, political, philosophical, geographical, economic and sociological knowledge to local and global situations in order to comprehend contexts and events, predict and evaluate the outcomes of human actions, and act responsibly as world citizens. Students learn to apply chronological, thematic and integrative thinking, develop and test hypotheses about cause and effect, gather evidence to support conclusions, use methods of historiography, conduct in-depth and relevant research, critically examine sources, and synthesize ideas. Materials at both the elementary and secondary level include primary sources, historical literature, History Alive! Interact and a variety of non-fiction texts as recommended by the CA CCSS.

Throughout the K-12 instructional program, social science and language arts are interwoven. The stories and facts in history are the vehicles for instructing students to read and write.

- **Mathematics**: Students apply mathematical concepts and processes, including number systems, operations, graphics and logic, in order to problem-solve within and outside of mathematics. Students demonstrate facility with the language of mathematics and express generalizations discovered through investigation. Students are expected to be competent in symbolic reasoning and in constructing logical arguments.

A balanced approach provides both the conceptual understanding of math and the skills to solve problems. By providing extensive math time in elementary classrooms, our state adopted math materials, Harcourt Brace, Prentice Hall and California Preparatory Mathematics can be interwoven with other real-life problems. These materials will also change or be updated with the realignment with the CA CCSS: Mathematics.

A key tool in mathematics instruction is the standards-based software program Edusoft. Edusoft creates scores and reports standards-based assessments. Aspire uses these assessments as both benchmark exams and formative assessments. The Edusoft reports in all subjects inform the teacher on whether the students have mastered a standard or need further instruction. Aspire is currently in the process of reviewing several vendors for CA CCSS aligned questions to create CA CCSS aligned assessments.

For example, the results of a standards-based assessment given in 5th grade might show that 90% of the students mastered Math Standard Number Sense CA CCSS: Add, subtract, multiply, and divide with decimals, but only 15% mastered Number Sense CA CCSS: Perform operations with multi-digit whole numbers and with decimals to hundredths. The teacher would provide remediation for students who
did not understand one standard and reteach the whole class the other standard. Teachers use this data on a daily cycle. Grade level teams, principals and subject level teams look at this assessment data every two weeks.

- **Science**: Students demonstrate understanding of scientific concepts and ideas through real-world applications. The Next Generation Science Standards are the basis for content and scientific thinking. Students utilize scientific research and inquiry methods to conduct investigations and problem-solve. They apply conceptual knowledge and processes from the major branches of science (biology, chemistry, the earth sciences and physics) in order to further the study of science and relate the study of science to other disciplines. Additionally, the instruction aligns with the technical writing and reading standards outline in the CA CCSS. Aspire uses a variety of curriculum materials and the state adopted textbooks may be supplemented with AIMS, FOSS, scientific readings and local scientific resources such as guest speakers, field trips, and presentations.

Other subjects essential to a healthy and balanced life are also covered in a variety of ways:

- **Visual and Performing Arts**: Appreciation and participation in the arts are essential to each student’s development. At the elementary level, arts are integrated into thematic units to inspire students, help ideas come to life by using multiple intelligences, and ensure cultural literacy. Visiting artists and parent docents also provide special programs in the arts.

- **Health**: Students develop an understanding of the importance of health and nutrition through classroom instruction, selected special programs, collaborations with local health agencies, and thematic units. Health instruction follows the California Health Framework. Data from the California Healthy Kids survey or our own internal surveys will inform additional needed interventions.

- **Physical Education**: Students receive regular physical education instruction. Emphasis is placed on activities that students are likely to engage in throughout their lives (e.g. running, dancing).

**Assessment**

At Aspire Public Schools, assessment is a critical tool for observing individual student progress, determining the efficacy of individual teachers, and evaluating the success of the program as a whole. Multiple assessments are used because no single assessment provides sufficient information on students’ learning regarding all three outcomes. Aspire students are assessed through:
• All standardized and standards-based tests required for traditional public schools that are mandated in the California Education Code (including, but not limited to, Smarter Balance Assessment Consortium assessment, CELDT and Physical Fitness Test);

• Other nationally recognized norm-referenced and/or developmentally based tests (e.g. Developmental Reading Assessment, etc.)

• Specialized assessments developed by Aspire Public Schools for all areas of the academic core (e.g. project rubrics, Aspire Writing Assessment);

• Day-to-day assessments related to specific content or skills (running record for language arts; Open Court phonics, Edusoft assessments; math computation quizzes, unit tests);

• Qualitative observations of the process of learning (teachers’ anecdotal notes, a child’s reflection log, internship mentor reports); and

• Examination of final grade level projects, Rite of Passage Experiences (ROPES), are designed by each school to reflect a deep exploration of a key grade level standard— for example character analysis, media literacy— which include independent research, preparation of a presentation and delivery of that presentation to an audience of external evaluators made up of community volunteers and staff from the central office.

**Technology as a Tool**

At Aspire, technology is used as a tool for research, communication, and production—just as it is in everyday life. Each school has 3 to 5 computers in a classroom with Internet access, a computer lab or access to banks of laptop computers. Students exercise their higher-order thinking skills through simulations and presentations, their communication and production skills through electronic mail and publishing, and their research skills through use of electronic references, including the Internet. Students are required to take a computer course as part of their graduation requirements. This class not only prepares students to succeed in the 21st century, but prepares them for the CCSS on-line assessments.

**ANNUAL GOALS AND ACTIONS IN THE STATE PRIORITIES**

---

1 The growing emphasis on norm-reference tests is much debated. Educationally, standardized tests are only a single indicator of mastery in basic skills; however, they are regarded by employers and policymakers as broadly meaningful. Aspire Public Schools believes that students should be prepared to be successful on the tests that they are held accountable for; these tests are often the key to future opportunity.
**State Priority #1.** The degree to which teachers are appropriately assigned (E.C. §44258.9) and fully credentialed, and every pupil has sufficient access to standards-aligned instructional materials (E.C. § 60119), and school facilities are maintained in good repair (E.C. §17002(d)

“Broad course of study” includes the following, as applicable:

Grades 1-6: English, mathematics, social sciences, science, visual and performing arts, health, physical education, and other as prescribed by the governing board. (E.C. §51210)

### Annual Goals to Achieve Priority #7

The Charter School will provide pupils with the opportunity to have access to and enroll in a broad course of study.

### Actions to Achieve Annual Goals

Through course offerings and enrichment afterschool, along with access to and scheduling which allows for participation in classes and clubs by outside providers, students will be provided with a broad course of study.

State Priority #8. Pupil outcomes, if available, in the subject areas described above in #7, as applicable.

### Annual Goals to Achieve Priority #8

The Charter School will track pupil outcomes in a broad course of study.

### Actions to Achieve Annual Goals

The Charter School will track participation in afterschool programs, in addition to Aspire course grades. That data will be used to make changes to course offerings and enrichment opportunities as necessary.

Meeting the Needs of All Students

Support for English Learners

**English Learner Instruction**

The Charter School is required to timely identify potential English Learners (ELs) and provide them with an effective English language acquisition program that affords meaningful access to the Charter School’s academic core curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources;
and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis (on or about October 1), [Charter School] shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School will either adopt and implement LAUSD’s English Learner Master Plan or implement Charter School’s own English Learner Master Plan. If Charter School chooses to implement its own EL plan, the instructional plan shall include, but is not limited to, the following:

- How English Learners’ needs will be identified
- What services will be offered
- How, where, and by whom the services will be provided
- How the Charter School will evaluate its EL program each year, and how the results of this evaluation will be used to improve the program, including the provision of EL services

The Charter School shall provide to the CSD an annual report of its EL program assessment. Upon request, [Charter School] shall provide a copy of its current EL Master Plan to the CSD.

The Charter School shall administer the CELDT annually in accordance with federal and state requirements.

The Charter School shall ensure that it will provide parent outreach services and meaningfully inform parents with limited English proficiency of important information regarding school matters to the same extent as other parents.

Aspire is committed to the success of its English Learner population, and supports will be offered both within academic classes and in supplemental settings for students who need additional support for English learning. The Charter School will meet all applicable legal requirements for English Learners (“EL”) as it pertains to annual notification to parents, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, re-classification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirement. The Charter School will implement policies to assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents. The School has already begun work on the implementing Aspire’s English Learners Master Plan through professional development, accountability and analysis of data.

The Charter School’s program for English Learners is research-based, supported by budget resources, aligned with the English Language Development Standards and professional development and evaluated regularly for efficiency and needed improvements. The tenants of the program include these guiding principles:

---

• The priority for instruction is language learning and exploration.
• Using our RtI program, students will be grouped by proficiency level, as determined by multiple sources such as CELDT results, Developmental Reading Assessment, Aspire Writing Assessment and oral language samples.
• Language tasks should be relevant to students and applicable to the real world.
• Provides a systematic method for language instruction based on the ELD standards to address gaps in language proficiency.

Learners who have not yet met the Intermediate level of English acquisition will require a specialized set of supports. These students will have supplemental instruction which focuses on the CCSS-aligned English Language Development Standards. The Imagine It! Curriculum will be the instructional basis for this instruction. Additionally, our youngest students who will simultaneously be learning English while learning to read and write will have extensive oral language experiences to assist in development of both skills.

**Common Core English Language Arts**

Specific strategies will be used to support English Learners as they tackle the CCSS in Language Arts. The School will provide instruction in units of study to assist students in building vocabulary. Different sources on one topic help build context and accelerate vocabulary acquisition. To support writing, students will be exposed to different types of writing, assignments will be meaningful to the student and assessment will focus on content and not only mechanics. Speaking and listening for English learners will require instructional strategies such as academic discourse, Think-Pair-Share and extensive collaboration. Finally, the School will leverage technology by providing differentiated online books.

**Math**

During mathematics instruction, the overall focus will be on the mathematical thinking and not the accuracy in language. This oral discourse will take place during Number Talks and Student Led Solutions. Mathematical vocabulary will be taught within the context and not in isolation. Finally, the software used in our blended learning program allows students to manipulate models and hear feedback orally in a differentiated way.

**Science**

Science instruction will involve extensive models and diagrams. This strategy will allow learners to describe functions and relationships before acquiring the technical language.

vocabulary. Additionally, English Learners will have extensive academic discourse to build their ability to reason orally before moving onto written. Finally, examples of journal, reports and other written assignments along with opportunities to revise language will support learners as they master the Next Generation Science Standards.

**Social Studies**

Although the California Social Science Standards have not been changed, the School will build the competence of students in anticipation of a rigorous set of expectations aligned with the Common Core State Standards. This preparation includes practice with academic discourse, units of study, extensive use of maps and graphic organizers.

- **Home Language Survey**

  The Charter School will administer the home language survey upon a student’s initial enrollment into the Charter School (on enrollment forms). Spanish-speaking students in the country less than twelve months will be given the state’s Designated Primary Language Test (currently the Standards-Based Tests in Spanish) to determine the student’s academic proficiency when tested in his/her home language of Spanish. Students who take the Standards-based Tests in Spanish (STS) are required to also take the Smarter Balanced Assessment Consortium (SBAC) CCSS assessments and/or California Modified Assessment (CMA) appropriate to their grade level.

- **CELDT Testing**

  All students who indicate that their home language is other than English will be tested or tested with any new English Language Development test adopted by California within thirty days of initial enrollment and at least annually thereafter between July 1 and October 31st until re-designated as fluent English proficient.

  The Charter School will notify all parents of its responsibility for CELDT testing and of CELDT results within thirty days of receiving results from publisher. The CELDT shall be used to fulfill the requirements under the No Child Left Behind Act for annual English proficiency testing.

**Reclassification Procedures**

Reclassification procedures utilize multiple criteria in determining whether to

---

3 The thirty-day requirement applies to students who are entering a California public school for the first time or for students who have not yet been CELDT tested. All other students who have indicated a home language other than English will continue with annual CELDT testing based upon the date last tested at the prior school of enrollment.
classify a pupil as proficient in English including, but not limited to, all of the following:

- Assessment of English language proficiency using an objective assessment instrument including, the CELDT.

- Participation of the pupil’s classroom teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil’s mastery and progress on the California or Common Core Standards.

- Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process.

- Comparison of the pupil’s performance in basic skills against an empirically established range of performance and basic skills (i.e. performance on the SBAC CCSS assessments and CMA) based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

- The Student Oral Language Observation Matrix may be used by teachers to measure progress regarding comprehension, fluency, vocabulary, pronunciation, and grammar usage.

**Strategies for English Learner Instruction and Intervention**

To meet the needs of English learners, Aspire has added a number of bilingual teaching strategies to its core program, including Specially Designed Academic Instruction in English (SDAIE). Specifically, those strategies include:

- realia (real objects and materials)
- manipulatives (drawings, posters, brainstorming-clusters, graphs, tables, maps, props, multimedia presentations, storyboards, storymaps)
- visuals (study-prints, text book illustrations, overheads-projected prints, reproductions of paintings and documents
- graphic organizers (matrices, Venn diagrams and webs)
- planned opportunities for interaction between all individuals in the classrooms (creating a skit and acting it out, cooperative learning, collaborative groups and student-generated writing based on personal experience)
Learners who have not yet met the Intermediate level of English acquisition will require a specialized set of supports. These students will have supplemental instruction which focuses on the CCSS-aligned English Language Development Standards. Additionally, our students newest to English who will simultaneously be learning English while learning to read and write will have extensive oral language experiences to assist in development of both skills.

All teachers will be given professional development in teaching English Learners during summer training and one-on-one coaching with instructional coaches in their appropriate content areas, including having the opportunity to participate in Guided Language Acquisition Development (GLAD) training. The newly adopted English Language Development Standards will be mapped to Aspire’s Instructional Guidelines. The mapping of the previous English Language Development Standards to Aspire’s Instructional Guidelines is included in Appendix C. This document will be updated as necessary to align with CA CCSS. Our data portal also includes extensive analysis about our English Learners progress based on the CELDT. This analysis not only provides the teachers and school leaders information to guide instruction and program, but is a key part of our RtI program.

**Ongoing Assessment of EL Students**
The Charter School’s use of achievement data will also drive the instruction and professional development as it relates to English Learners. All teachers will analyze the SBAC CA CCSS assessment and Aspire benchmark achievement data by this subgroup at least twice a year, and continue to assess the students through teacher-designed assessments and Aspire’s benchmark assessments. Any students not making progress or mastering standards will be included in the Response to Intervention analysis. Supports may include after school tutoring, time with a reading intervention specialist or in classroom support based on their language needs.

**Monitoring and Evaluation of Program Effectiveness**
The evaluation for the program effectiveness for ELs in the Charter School will include:

- Adhere to School-adopted academic benchmarks by language proficiency level and years in program to determine adequate yearly progress.
- Monitoring of teacher qualifications and the use of appropriate instructional strategies based on program design.
- Monitoring of student identification and placement.
- Monitoring of parental program choice options.
- Monitoring of availability of adequate resources.
- RFEP students will be monitored through our RtI process that involves monitoring of students on academics and analyzed on variables such as designation. Those needing additional support will receive it through interventions such as READ 180, after school tutoring, during school remediation or classroom based instruction.
Support for All Students

Highly Qualified Teachers

At the center of the educational program are the teachers. The faculty will consist of well-prepared and certified teachers. All core teachers and paraprofessionals will meet the requirements of the Elementary and Secondary Education Act. Professional development and teacher collaboration will be scheduled on a regular and on-going basis to support teachers throughout their career. In establishing a professional teaching environment, Aspire will ensure collaborative planning time for teachers to design student focused curriculum, pedagogy and assessment through which students can make connections, deepen their understanding of concepts and achieve at high levels.

The professional needs of teachers are different every year and for every educator. Teacher receive personalized training through coaching, professional videos on our training site, the Purple Planet and whole staff meetings. These schoolwide trainings take place on Friday afternoons when students are dismissed early. Sample topics of whole staff meetings are listed below:

- Using a lense of equity
- Differentiated instruction
- Writing across the Curriculum
- Meeting the needs of English Learners

In addition, all staff members receive mandatory safety training on child abuse response and prevention, blood-borne pathogen exposure, and sexual harassment. Aspire uses SafeSchools’ comprehensive training program. In addition, Aspire provides the Charter School with resources and guidance about conducting and tracking safety drills, CPR/First-Aid training, and customizing a comprehensive school safety plan.

Personalized Learning Plans

The Charter School will create and maintain a Personalized Learning Plan (PLP) for each student. See Appendix A. The PLP will provide the teacher, parents and student with a common understanding of the student’s learning style and objectives; all parties may then act based on that understanding. During Student-Led Conferences, the teacher, parent and student will discuss the student’s learning strengths and weaknesses, and set goals for the next semester. By working closely with each student and family to develop an appropriate PLP, the Charter School will be able to respond to the needs of every individual student, including those who are achieving above or below expected levels. This allows all students to receive the appropriate interventions, if needed, provided by the Charter School through its system of instruction and support, including in- school, after-school, specialized classroom instruction, or positive behavior supports. Aspire’s high standards for learning, comprehensive interventions, and rigorous caring provided
to all students can be personalized in the PLP. In addition to other supports, the PLP
guides the Charter School in providing appropriate general education strategies to ensure
the progress of students with unique learning needs, including students eligible for Special
Education service, others served by 504 plans as required by law, English Learners,
Homeless or Foster Youth, and students achieving substantially above or below grade
level expectation.

**Support for Academically Low-Achieving Students**

Aspire sets high expectations for *all* students and is committed to working with
students who are not meeting outcomes to help them achieve at expected levels. Students
who perform below the acceptable level may receive a mix of intervention services,
including: in-class individual targeted instruction by classroom teachers; in-class small-
group guided learning by classroom teachers; before- or after-school instructional support
provided by non-classroom educators in a one-on-one setting or in small groups;
participation in a specialized support class taught by a literacy specialist or other educator.
Instructional materials selected for intervention services are grounded in proven best
practices, may be designed by the educator, or may be a research-based program such as
READ 180.

Students targeted for additional instructional support or intervention will include, but are
not limited to, students who, through universal screening or other assessment, meet the
following criteria:

<table>
<thead>
<tr>
<th>Assessment</th>

</tr>
</thead>

Aspire utilizes the Response to Intervention framework (RtI) of tiered intervention
to ensure that students below grade level, or students achieving below expected levels of
performance, receive additional instruction or intervention to ensure progress towards
expected levels. Through the systematic RtI process, schools are universal in assessing
students’ academic, behavioral and socio-emotional development needs, and proactive in
providing students with appropriate timely, targeted and effective research-based
interventions such as classroom differentiation, specific interventions. Systematic
progress monitoring of results of instruction or intervention guides decision-making
about the intervention’s success and additional services, including special education
services. Off-the-shelf programs and interventions, such as READ 180 or Seeing Stars, are
all vetted for research-based effectiveness before using with students.
Aspire strives to offer a comprehensive approach to assessing, supporting and monitoring the progress of all students towards grade level and College Readiness outcomes. The RtI framework encourages an inclusive, flexible learning environment, encompassing and extending Aspire’s data driven, student-focused approach to instruction. Aspire educators are encouraged to deepen coordination of instruction across all learning environments, including our grade level or core classrooms, intervention programs, specialized educational services and non-academic services. The RtI team, an intervention teacher, an educational specialist and classroom teachers, meet on a monthly basis to monitor the progress of students and identify needed interventions. Students will receive Tier 2 interventions until they make progress.

**SUPPORT FOR ACADEMICALLY HIGH-ACHIEVING STUDENTS**

Because Aspire’s Instructional Guidelines are designed to differentiate and individualize instruction for students at different levels, students achieving above grade level can be effectively served at the Charter School.\(^5\) For instance, the instruction during language arts allows students to be reading at their own instructional level. One student reading at grade level can sit next to another student doing the same activity at three grade levels higher. Specific instructional strategies include high level questioning, academic discourse, self-monitoring and Socratic seminars. Small class sizes and looping also aid in differentiation of instruction because classroom teachers understand each individual student’s needs. The variety of instructional techniques and materials provided in Aspire’s program are cited as important features by the National Association for Gifted Children in the Gifted Educational Program Standards. Finally, any student achieving above grade level can be accelerated to a higher grade level at the discretion of the parent and principal.

**STUDENTS WITH DISABILITIES**

*Overview*

**FEDERAL LAW COMPLIANCE**

Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities Education Improvement Act of 2004.

The Charter School will be its own local educational agency (“LEA”) and will apply directly for membership in a Special Education Local Plan Area (“SELPA”) in conformity with Education Code Section 47641(a). The Charter School is a member in good standing of the El Dorado County Charter SELPA.

\(^5\) Gifted Education Program Standards, National Association for Gifted Children.
In the event the Charter School seeks membership in a different state-approved SELPA, the Charter School will provide notice to the District, the SELPA, and the California Department of Education before June 30th of the year before services are to commence.

The Charter School may request related services (e.g. Speech, Occupational Therapy, Adapted P.E., Nursing, and Transportation) from the SELPA, subject to SELPA approval and availability. The Charter School may also provide related services by hiring credentialed or licensed providers through private agencies or independent contractors.

The Charter School recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of the Charter School. Any student, who has an objectively identified disability which substantially limits a major life activity including but not limited to learning, is eligible for accommodation by the Charter School.

A 504 team will be assembled by the Principal and shall include the parent/guardian, the student (where appropriate) and other qualified persons knowledgeable about the student, the meaning of the evaluation data, placement options, and accommodations. The 504 team will review the student’s existing records; including academic, social and behavioral records, and is responsible for making a determination as to whether an evaluation for 504 services is appropriate. If the student has already been evaluated under the IDEIA but found ineligible for special education instruction or related services under the IDEIA, those evaluations may be used to help determine eligibility under Section 504. The student evaluation shall be carried out by the 504 team, which will evaluate the nature of the student’s disability and the impact upon the student’s education. This evaluation will include consideration of any behaviors that interfere with regular participation in the educational program and/or activities. The 504 team may also consider the following information in its evaluation:

- Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel.

- Tests and other evaluation materials including those tailored to assess specific areas of educational need, and not merely those which are designed to provide a single general intelligence quotient.

- Tests are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student’s aptitude or achievement level, or whatever factor the test purports to measure, rather than reflecting the student’s impaired sensory, manual or speaking skills.

The final determination of whether the student will or will not be identified as a person with a disability is made by the 504 team in writing and notice is given in writing to the parent or guardian of the student in their primary language along with the procedural safeguards available to them. If during the evaluation, the 504 team obtains information
indicating possible eligibility of the student for special education per the IDEIA, a referral for assessment under the IDEIA will be made by the 504 team.

If the student is found by the 504 team to have a disability under Section 504, the 504 team shall be responsible for determining what, if any, accommodations or services are needed to ensure that the student receives a free and appropriate public education (“FAPE”). In developing the 504 Plan, the 504 team shall consider all relevant information utilized during the evaluation of the student, drawing upon a variety of sources, including, but not limited to, assessments conducted by the Charter School’s professional staff.

The 504 Plan shall describe the Section 504 disability and any program accommodations, modifications or services that may be necessary.

All 504 team participants, parents, guardians, teachers and any other participants in the student’s education, including substitutes and tutors, must have a copy of each student’s 504 Plan. The site administrator will ensure that teachers include 504 Plans with lesson plans for short-term substitutes and that he/she review the 504 Plan with a long-term substitute. A copy of the 504 Plan shall be maintained in the student’s file. Each student’s 504 Plan will be reviewed at least once per year to determine the appropriateness of the Plan, needed modifications to the plan, and continued eligibility.

More details around Aspire’s 504 procedures and Enrollment Steps are attached in Appendix D.

**SPECIAL EDUCATION PROGRAM**

All LAUSD-authorized charter schools must adhere to all terms and conditions of the Chanda Smith Modified Consent Decree (“MCD”) and any other court orders and/or consent decrees imposed upon the LAUSD as they pertain to special education. Charter schools must ensure that no student otherwise eligible to enroll in their charter school will be denied enrollment due to a disability or to the charter school’s inability to provide necessary services. Policies and procedures are in place to ensure the recruitment, enrollment and retention of students with disabilities at charter schools.

Prior to LAUSD Board of Education approval, the Charter School will execute a Memorandum of Understanding (“MOU”) by and between LAUSD and the Charter School regarding the provision and funding of special education services.

**SELPA REORGANIZATION**

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code § 56195.1(a) and intends to continue operating as a single-District SELPA as in the current structure but has created two school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11).
implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year.

The Charter School may continue as a member in the El Dorado County Charter SELPA or it may apply for one of the three options available under the LAUSD SELPA, in its discretion.

Aspire is a California non-profit charter management organization which operates 34 schools throughout the State of California, including but not limited to those located in the geographic area of the District, 27 of which operate under the auspices of a out-of-geographic area SELPA pursuant to the provisions of the CA Education Code. Unless operated pursuant to the District-operated Program as set forth above, the Aspire school subject to this petition may maintain LEA status and exercise all rights thereto including but not limited to participation in the El Dorado County Charter SELPA or other out of geographic area SELPA, or it may apply for membership in the Charter-operated Program as set forth above. If it applies for membership in the Charter-operated Program, it will not have a LEA status but will function in a similar role in that each charter school will be responsible for all special education issues including services, placement, due process, related services, special education classes, and special education supports. Charter schools may apply for membership in the Charter-operated Program section of the SELPA. These schools will receive support from a Special Education Director for the Charter-operated Programs. If it does not apply for membership, it shall continue as a school within the El Dorado County Charter SELPA.

**Modified Consent Decree Requirements**

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the Chanda Smith Modified Consent Decree (“MCD”) and other court orders imposed upon the District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statistically measureable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs (“IEPs”) and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the MCD, student level data requests from District-operated and Charter-operated schools are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor's required format and are as follows:
End of Year Suspension.

District ID, CSIS ID, last name, first name, date of birth, gender, grade, date of suspension, number of days suspended, and reason for suspension.

STAR – Preliminary and Final. The usual file including District ID.

Norm day – 2013

District ID, CSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

CBEDS – 2013

All Students enrolled December 1, 2013.

District ID, CSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

Dropout 2012-13

District ID, CSIS ID, last name, first name, middle name, date of birth, grade, last location, school name and local district

Monthly SESAC and Suspension data from non-SIS schools

Graduation roster from all LAUSD schools with 12th grade SWD

The MCD requires charter schools to implement the District’s Integrated Student Information System (ISIS) which is now referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data.

Services for Students with Disabilities

In accordance with state and federal law, each student eligible under IDEA will be provided a free appropriate education in the least restrictive environment. No student shall be denied admission to the Charter School because he or she is in need of special education services. Aspire is dedicated to ensuring that identified special education students shall be enrolled in the general education classroom setting along with their non-disabled peers and shall have access to participate in extra-curricular activities the same as their non-disabled peers.

Aspire’s education program is characterized by inclusive systems which will support students with special education needs. The decisions regarding specialized academic services each student will receive are the responsibility of the Individualized
Education Team, which includes the involvement of parents in decision-making and developing the written Individualized Education Plan (IEP).

In the IEP process, general education teachers, specialists, students, and parents work together to share information and create the Individualized Education Plan that addresses the student’s unique learning needs and specific requirements related to a student’s disability. The IEP may include specialized academic instruction, classroom accommodations for a student or specific supports which will enable a student to progress towards learning or behavioral goals in the least restrictive environment.

The professional development of all Aspire teachers focuses on differentiating the curriculum, employing varied instructional strategies, and utilizing technologies or other resources to ensure that each and every child in the classroom has access to learning, regardless of disability or need. Multiple measures assess student’s progress towards their IEP goals, grade level outcomes based on the CA CCSS, or Aspire College Readiness outcomes.

Aspire is charged with ensuring that all students, including students with disabilities, are progressing towards grade level mastery of California Content and California Common Core State Standards and will attain College Readiness.

Aspire’s educational program includes systems of intervention, including After School Program, as well as differentiated instructional strategies to meet the diverse learning needs of all students. All incoming students participate in assessments in the areas of English Language Arts and Mathematics to assist in identification of student learning needs and provision of appropriate instructional supports for all students, including EL, Disadvantaged, 504, or IEP. Other measures used to assist with creating teacher interventions or differentiating instruction for all students include:

- SBAC CCSS assessment
- Smarter Balance Consortium assessments
- California Modified Assessment (CMA)
- CAHSEE
- California Alternate Performance Assessment (CAPA) CELDT
- Curriculum-based Benchmark Assessments
- Teacher observation and interview

The identification process for students who would be eligible for special education services under IDEA begins when students have been accepted through the enrollment lottery and enrolled in the Charter School. Through the process of “Child Find”, each school fulfills the obligation of locating, evaluating, and identifying children with disabilities who may be in need of special education. The Student Success Team serves
parents, students and staff to address student needs and to initiate the referral process, if appropriate, for special education or other services.

Specialized Academic Instruction will be provided by the Education Specialist (Mild/Moderate or Moderate/Severe) as determined in an eligible student’s Individualized Education Program. Co-Teaching models ensure the integration of supports and services within the general education setting. To support inclusive classroom practices, flexible learning options or environments, such as a Learning Center, will be provided as needed for students with specific accommodations or modifications to their learning program as included in their individual IEP. Learning Centers will also provide the structured setting as required for some students in the IEP and will ensure provision of a continuum of services, including students with moderate/severe disabilities. These options may also serve general education students with intensive academic or behavioral support needs as determined through the Charter School’s RtI system.

**LEA Member in EDCOE Charter SELPA**

The Charter School shall participate as an LEA member of the El Dorado County Office of Education Charter SELPA for the purposes of special education.

In addition to Induction Program for Education Specialist Credential, professional development will be provided about promising practices that support the specialized learning needs of special education students in the least restrictive environment, including: universal design for learning, models of collaboration and the unique specialized earning needs of the secondary learner. Each staff member’s Professional Learning Plan (PLP) will reflect our Aspire shared responsibility for student progress and site special education needs, as well as differentiated opportunities to address each staff individual professional development needs. Professional development opportunities will include those offered in collaboration with other Aspire schools, the Charter SELPA, or Diagnostic Center.

**A Typical Day**

At 7:50, you arrive at your school. You immediately run over to the music teacher to find out if Drum Club is meeting during lunch. Once you have gotten your answer, you run off and play soccer with your friends.

At 8:20am, the bell rings and it is time for the all-school morning assembly. You immediately line up in your class line and stand like a college student. Your principal announces a College Dress Day for Friday because everyone did their homework last week.

You immediately begin thinking about which college t-shirt you will wear on Friday instead of your uniform. Every classroom does its college cheer. As you walk into the school, the teacher shakes your hand and reminds you to get ready to work hard and get smart.

As you arrive in your classroom at 8:30, you are happy to see a math “Do Now” on the white board. You immediately begin solving the review problem and the word problem while the teacher collects homework and takes attendance. After you finish, you review the College Objectives on the board to see what you will be learning today to help you succeed in college.

It is time for your favorite subject – math. After reviewing the Do Now from the morning, the teacher puts a ratio on the board and has every partner group convert it to a fraction, decimal and percent. Your group has worked together before, so there is not much disagreement. When the group gets stuck on the percentage, the teacher comes over and
 completes a similar problem on the white board. The group then solves the problem and comes out with the same answer.

At 9:45am, your class goes right to physical education. After warming up, you work through the small group centers that focus on balance. The teacher encourages you and challenges some groups to complete the centers with their eyes closed.

At 10:45, your class does a college walk to the playground and you take a break. The physical education teacher has organized a kickball game, but you decide to go to the library instead.

At 11:05am, you do some quick practice with the teacher on subject-verb agreement and work quickly through your independent practice. After you have checked your answers, you pull out your writing folder and start working on your butterfly research paper. When you get stuck on how to organize your notes, you sign up for a conference with the teacher.

Your reading group starts at 12:00pm. You move back to the back table with the other students who are reading the same leveled book as you. Today the teacher is asking for evidence that the main character made the right decision. You scour the text and politely disagree with someone in your group as your quote contradicts her opinion. Once you have received your next assignment, you move onto the computers. You sign in and start working on Reading A to Z online. You are thrilled that the non-fiction text today is about basketball. You work through the ‘text clues’ lesson and note the growth you have made in this program in only two months.

At 12:20pm, you begin your one-on-one meetings with the teacher. Her help in organizing your notes, makes the next paragraph easy.

During lunch at 1:00pm, you eat lunch with your friends and head off to Drum Club. The group practices for their performance at the community meeting next week. After lunch, you return to class for writing.

At 3:15pm, you pack up your backpack and walk to the extended learning program with your sister. After eating a snack and reading a book, you decide to work on your math homework with the tutor. When you get stuck, you get permission to walk back to your classroom and ask the teacher. She helps you and you finish in time to do a science experiment with your friends.

At 5:00, you head home to finish up any remaining homework, enjoy some family time and get a good night’s sleep to be prepared for the next school day.
Element 2: Measurable Pupil Outcomes

Element 3: Method by which Pupil Progress Toward Outcomes will be Measured

The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, as that term is defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school.

- California Education Code Section 47605(b) (5) (B)

An Aspire education provides students with access to opportunities for success in future endeavors – in higher education, work, and citizenship. Through personalized learning experiences, students master basic skills, acquire the thinking skills needed for the rigorous work of the real world, and develop productive life skills. Aspire’s educational program is designed to help all of its students to develop the following measurable pupil outcomes:

To establish a foundation for success, Aspire ensures students will:

- Basic Skills: Master at least grade level competency in the four core subjects: mathematics, science, social studies, and language arts (including reading, writing, listening and speaking);

- Thinking Skills: Be able to apply classroom learning to their real world experiences in a relevant and valuable way, using higher-order thinking skills (including critical thinking, creativity, decision-making, problem solving, reasoning, knowing how to learn); and

- Life Skills: Have developed personal qualities of individual responsibility, intellectual curiosity, sociability, self-management, confidence, and integrity.

Aspire sets high standards for all students, based on CA CCSS, Newmann’s Standards for Authentic Instruction and Assessment and the Secretary’s Commission on Achieving Necessary Skills (SCANS). In addition, each student has a Personal Learning Plan (PLP), developed in collaboration with his/her teacher and parent(s) that outlines the student’s specific learning goals each semester. Students will participate in the legally

required statewide assessments pursuant to Education Code Section 47605(c). Through these assessments, Aspire shall demonstrate student mastery of state standards.

*The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.*

- **California Education Code Section 47605(b) (5) (C)**

Aspire’s academic program is standards-based and data driven. The California state content and performance standards, the CA Common Core State Standards, and multiple sources of data form the basis of the Charter School’s teachings. Performance assessments will be evaluated with the use of common benchmarks and rubrics and will be analyzed on a regular basis to help drive the Charter School’s educational program. The rubrics will be used to inform students and parents about the standards for student work. Both teachers and students will use the rubric to score the work and make improvements. Rubrics used throughout the year will show growth over time. Standards-based report cards are sent home three times a year. These documents allow parents to see if students are approaching mastery, have mastered or have not learned specific standards yet.

The Charter School commits to pursuing the following pupil outcomes:

**COLLECTING, ANALYZING, AND REPORTING DATA**

Aspire will collect and analyze data on student achievement on a regular basis and will provide student achievement data to staff, parents and guardians, and the District:

- Staff will receive data on student achievement during staff meetings using the Data Portal and will use this data to help monitor and improve Aspire’s education program;
The Principal and other administrators will receive data on the Charter School’s student achievement, attendance, and discipline using Aspire’s Admin Data Portal and Principal Operational Dashboard;

Parents and guardians will receive data on student achievement when they meet with their child’s teacher to develop, modify, or review their child’s PLP; and

The District will receive data on student achievement through School reports and/or presentations.

Aspire uses the State Standardized Testing Data and Reports to assist in identifying strengths and weaknesses at a student, classroom, grade level, school and organization. Additionally, California Physical Fitness test will be administered and used to inform the school program. Every summer each school will have a staff retreat where the data will be analyzed. School wide plans for professional development will be based on these plans.

Aspire uses many in-house assessments which inform daily instruction. Three Aspire assessments provide the best benchmarks of a student’s progress towards reaching the state standards.

**Reading Assessment**

In grades K-8, the Developmental Reading Assessment (DRA) is used to benchmark students reading achievement at least three times a year. This assessment tool measures students’ independent reading level and instructional path to help teachers guide students to the next reading level. It not only allows a teacher to listen for decoding, fluency and strategies, it also allows a teacher to measure comprehension. The DRA levels span from 1 to 70 to show incremental reading growth. Aspire has set benchmarks for every grade level. Each teacher has similar weekly assessments that she/he uses in the classroom for instruction.

**Aspire Writing Assessment**

Two times a year every student in the Charter School takes a writing assessment. The prompts change and are aligned with the genres specific to the CA CCSS grade level standards. The papers are scored with other Aspire staff including teachers and instructional coaches to ensure validity of scores. The rubric for scoring is aligned with the writing rubric used by the state, as well as the sample papers provided in the CA CCSS standards. Benchmarks are set for every grade level. These scores are analyzed two times a year.

**Aspire Math Assessment**
Every student takes an Aspire math assessment based on the specific grade level standards. The assessments include both computation and a problem solving section. The computation is scored with Edusoft software. The problem solving is scored with Aspire teachers. A task analysis is done of every paper, so that teachers can identify standards that need to be re-taught. After every administration of the benchmark exams, the student data is analyzed at several levels – classroom, grade level, school and Aspirewide.

If any student is not making sufficient progress to meet the benchmarks created by Aspire, teachers, parents or administrators begin a Student Success Team. From this meeting an action plan is created to support the student.

Annually, the status of the Charter School will be reported using a School Health Dashboard. This tool allows Aspire’s Senior Leadership Team to evaluate a school on more than one facet. At the beginning of the year, the dashboard will help the Senior Leadership Team identify schools that require more focused attention and support. On an on-going basis, this dashboard will also be used to monitor progress of schools on a monthly basis. Specifically, the dashboard reports on:

- Student achievement: Academic Performance Index\(^8\), course grades, behavior, and internal benchmark scores;
- Affiliation: results on the staff, parent, and student surveys, teacher retention; and
- Financial: actual versus budget and forecast; average daily attendance.

**Measurable Goals of the Educational Program**

Charter School shall comply with all applicable laws and regulations related to AB 97 (Local Control Funding Formula), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

**Standardized Testing**

Charter School agrees to comply with and adhere to the State requirements for participation and administration of all state mandated tests. If Charter School does not test with the District, Charter School hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as Charter School.

---

\(^8\) Until the state creates a new Academic Performance Index based on the CCSS assessments, the School will use the % of students proficient as a benchmark for progress.
Charter School shall comply with all applicable laws and regulations related to AB 97 (Local Control Funding Formula), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

**External Reporting**

Aspire maintains sufficient staff and systems including technology, required to ensure timely reporting necessary to comply with the law and to meet all reasonable inquiries from District and other authorized reporting agencies.

**Grading, Progress Reporting, and Promotion/Retention**

- **Grading Policy:**

  Students earn grades based on established performance levels as described in the below table. In pursuit of our college for certain mission, students do not earn high school credits for any course in which they receive less than a C-.

  When grades are given for any course of instruction, the grade given to each student shall be the grade determined by the teacher of record for the course, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetence the grade shall be final (Education Code 49066a).

  Teachers may make changes to grades until they have been stored in PowerSchool. After grades are stored, teachers are prohibited from changing grades without securing the approval of the school site principal, the Area Superintendent, and the Director of Secondary. All grade changes will be documented in student’s cumulative folder using the official Aspire “Grade Change” form and requests for changes will only be accepted for 21 school days after the official close of the marking period. Teachers wishing to change a student’s grade after grades have been stored should apply the following criteria:

  - The student had extenuating circumstances that prohibited the student from completing the course on time (example: automobile accident, serious illness).
  - The student did not receive adequate materials to complete the course (example: textbook)
  - The grade should not be changed if the student made little or no effort to complete the assignments or solicit support during the time span of the course
  - The school should present available options for making up the core course to the student that has failed a graduation requirement: repeating the course, enrolling in a college class, summer school or an online course.

- Type and Frequency of Progress Reporting:

Formal progress reports are sent home three times per year during Student-led Conferences. In addition, the Charter School’s teachers send all updated progress
reports to families as they take place. For example, these progress report updates include math COI data, spelling/vocabulary assessments, reading assessments (DRA), or any pre/post writing snapshots.

- Promotion/Retention Policy and Procedures:

  **Retention Policy:** Students not meeting the following criteria will be recommended for retention in their current grade based on their proficiency in core subjects in accordance with State Board of Education (SBE) requirements:

  (Grades 3-6) Students that fail to achieve the minimal level of proficiency (PROFICIENT) in accordance with SBE Section 60648 on the CAT6 (California Achievement Test, version 6) and/or CST (California Standards Test) in Mathematics or Reading and Language Arts (or equivalent on future required state tests).

  (or)

  Any student who is more than one year behind grade level (as determined by a Far Below Basic or Below Basic score on the child’s report card) in Mathematics or Reading and Language Arts (or equivalent on future required state tests).

  (or)

  (Grades K-2) Any student who is not at benchmark based on 1) Developmental Reading Assessment or 2) Math benchmark assessments or) Aspire reading benchmark assessment or) report card grades.

  Kindergarten students will be retained only if the teacher and parent are in agreement that retention is the best intervention to insure student success.

  An identified student that is performing below the minimum standard for promotion shall be retained in their current grade unless the student’s teacher determines in writing that retention is not the appropriate intervention for the student’s academic deficiencies. The teacher’s recommendation to promote is contingent upon a detailed plan to correct deficiencies.

  **Procedures for Retention**

  The following steps will take place prior to a student being retained:

  1. Letter to parents informing the parents that their child is at risk of retention.
  2. The teacher’s evaluation shall be provided to and discussed with the student’s parents or guardian and the principal before any final determination of pupil retention. The parents are informed at that meeting that their child is recommended for retention. This meeting is documented with an academic support plan signed by both the teacher and parent.
3. Upon the acceptance or rejection of the above stated reports by the principal, a letter shall be sent within five school days to formally inform the student’s parents or guardian of the principal’s decision regarding the retention.

4. The parents or guardians shall have the right to appeal the decision to retain to the Chief Academic Officer of Aspire Public Schools. The Aspire Board of Directors currently consists of a maximum of 11 regular members plus one seat for every sponsoring authority. The District reserves the right to appoint a single representative to the Aspire Board of Directors pursuant to Education Code section 47604(b). The Board of Directors is responsible for establishing broad policies that affect all Aspire schools. For example, the Board of Directors and its Executive Committee may set policies related to staff hiring, benefits and compensation, conditions for student suspension or expulsion, controversial issues that affect more than one school site and teacher, and principal and staff compensation criteria. Members of the Board may also participate in raising funds and increasing public awareness of Aspire’s work.

The Board is also responsible for monitoring the programmatic, operational and financial health of all Aspire schools and the organization collectively in order to identify and highlight risks and guide efforts to mitigate those risks.

Aspire takes a conscientious approach to recruiting and selecting new Board members. Aspire’s Board and CEO conduct extensive due diligence to ensure that new Board members are a strong cultural fit with the organization, will add value in specific areas and, most importantly, contribute to Aspire’s growth and success.

The recruitment, evaluation and selection of new Board members typically are conducted through the following six-step process.

- **Step 1:** Solicit nominations and compile names
- **Step 2:** Initial meeting with nominating Board member
- **Step 3:** Nominator reports back to the Board
- **Step 4:** Prospective member meets with CEO, other Board members and staff
- **Step 5:** Visit schools and attend Board meeting(s)

All acts or decisions of the Board are by majority vote based upon the presence of the quorum. Participation through teleconference is permitted and in accordance with the Brown Act.

At a high level, there are three broad categories that define what characteristics Aspire looks for in prospective Board members:

- **Skill Set** – All Board members must have expertise in an area that is valuable to Aspire’s operations, especially where there are gaps in the board skill set.
- **Fundraising Capacity** – All board members are required to give a personally meaningful gift, and support the fundraising program of the organization
- **Diversity** – Geographic, ethnic and gender diversity are very important factors.

The departmental organizational charts for the entire Aspire organization is included in Appendix G, and Aspire’s comprehensive organization chart is below.

The ASC has the power to make recommendations about issues related to the Charter School and participates in reviewing family and community concerns. The ASC consists of representatives of the following parties: the principal, teachers, and family members. The principal is responsible for communicating all ASC policy recommendations to the Aspire Board of Directors. **Teacher Hiring**

As a public charter school organization with a clearly defined focus, Aspire tends to attract educators interested in working in more accountable, innovative, collaborative environments—teachers and principals who are themselves educational entrepreneurs. A rigorous and sound process for selecting from the pool of teacher candidates is essential. Aspire’s multiple-stage approach includes: a resume screen; interview with a site hiring committee (discussed below); demonstration lesson with students; and reference checks.

The Principal will be in charge of making School hiring decisions and may have the opportunity to work with other staff and community members in making these decisions. The Charter School will utilize a hiring team that includes some or all of the following individuals:

- **Principal:** Chairs the hiring committee and makes all final decisions on hiring for the Charter School.

- **Office Manager:** Helps organize the process and paper trail, including: scheduling candidates for interviews and demonstration lessons; collecting score sheets; coordinating with current staff or participating students for demonstration lessons; and sending declined candidates’ paperwork to Aspire’s Home Office.

- **Teachers:** Actively participate in evaluating candidates through interview and demonstration lesson observation.

- **Parents:** Actively participate in evaluating candidates through the interview process, observe demonstration lessons and provide input.

**Professional Development**
Once teachers are hired, Aspire invests in their continued professional development. Teachers new to Aspire participate in 1 week of training and four follow-up trainings to become fluent in the Aspire education program; Aspire culture, literacy instruction, math instruction, rigorous interdisciplinary instruction, parent engagement and time with other team members examining student data. Each subject training includes professional development about assessing student achievement, classroom management and differentiating instruction. Teachers also receive ongoing PD that takes place weekly on minimum days. Weekly PDs are based on the specific needs of the Charter School. The topics are determined by the principal with input from the lead teachers. They may be run by the principal, a lead teacher, an outside expert, or an instructional coach.

In addition, Aspire conducts several school-year workshops in specific areas. The Charter School Principal, in his/her capacity as instructional leader, provides on-site coaching. Teachers are organized into teams, led by an experienced “lead teacher” who has the skills to mentor others. Teachers are then able to collaborate and support each other to reach the Charter Schools’ and individual students’ learning goals. Aspire also has instructional coaches who provide additional support, provide one-on-one consultation, and conduct experience-based group sessions (e.g. New Teacher Support Program). Teachers are observed a minimum of four times a year by their School Principal or a designee according to the Aspire Instructional Rubric which is based on the Danielson framework. A copy of Aspire’s Evaluation Tool is attached in Appendix I.

---

9 The Framework for Teaching, created by Charlotte Danielson, is a comprehensive and coherent framework that identifies those aspects of a teacher’s responsibilities that have been documented through empirical studies and theoretical research as promoting improved student learning. The Framework for Teaching is a validated instrument; that is, studies have shown that teachers who receive higher ratings on their evaluation produce greater gains in student test scores.

Discipline Foundation Policy

Aspire believes that all students have the right to learn in a safe, respectful and welcoming environment. The implementation of a school-wide behavior intervention and discipline plan is essential to the creation of this type of environment and the success of our students and teachers both behaviorally and academically.

Below you will find the school-specific behavior support and discipline plan. The Charter School uses a B-RtI Plan. In addition to this plan, Aspire provides a variety of supports to our
schools and school staff in implementing school-wide behavior interventions and discipline policies, improving student attendance and implementing alternatives to suspension.

In direct response to our need to focus on our non-academic indicators of success, Aspire has recently hired a Regional Student Support Coordinator (RSSC) specifically assigned to our LA schools. The RSSC's role encompasses both school-specific and region-wide and includes, but is not limited to:

- Provides professional development and individualized coaching to Deans of Students around areas related to student behavior and discipline, including, but not limited to:
  - Creation and Use of behavior and discipline data, attendance data and other indicators to inform decision-making at various tiers of intervention
  - Consult on student specific cases, including discussions of alternatives to suspension, interventions, etc.
  - Hold region-wide professional development to support cross-school collaboration and discussion, increase understanding of recent research in student support, etc.

- Provides professional development and individualized coaching to mental health counselors around areas related to student behavior and mental health, including, but not limited to:
  - Creation and Use of behavior and discipline data, attendance data and other indicators to inform decision-making at various tiers of intervention
  - Clinical supervision for counselors working towards licensure
  - Coordination of crisis response protocols and regional response teams

- Provides monthly consultation time with principals to discuss discipline data, attendance data and other non-academic student support needs.

- Creates and Updates Region Specific resource pages that include, but is not limited to, the following types of information:
  - Professional Development topic pages. For example, resource pages dedicated to Restorative Practices in Schools
  - Links to LAUSD support resources around discipline and behavior interventions
  - Family resource referrals for outside agencies and supports

Additionally, the LA RSSC works as part of a larger team within Aspire to increase the knowledge-base and collaboration among different staff stakeholders such as principals, deans, counselors, office managers and teachers in order to increase effectiveness and student achievement. The focus of this work is on non-academic indicators and interventions and includes routinely analyzing non-academic data such as behavior incidents, suspension data, attendance data and other indicators. This team includes student support coordinators in other regions, regional special education staff, members of the student services team at Aspire and others.

**Suspension**

Suspension is the temporary removal of a student from class instruction for adjustment or disciplinary reasons.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion. Students who come to school during the term of their suspension or expulsion may result in further disciplinary action.

Except in cases where suspension for a first offense is warranted in accordance with law, each school site shall consider suspension from school only when other means of correction have not been successful or where the student’s presence would constitute a danger to persons or property or seriously disrupt the educational process.

**Authority to Suspend**

1. A teacher may suspend a student only from his/her classroom for the day of the suspension plus the following school day.

The Aspire Administrative Panel may recommend expulsion of any student found to have committed a suspendable or expellable offense (APS 5144.1).

While under expulsion, a student cannot enroll in another Aspire school without approval of the Aspire Board of Directors. At the conclusion of an expelled student’s term of expulsion, a student cannot enroll in any Aspire school without approval of the Aspire Board of Directors through the readmission process. Approximately one month prior to the conclusion of the term of expulsion, the Aspire Registrar contacts the family to remind the student and family that they may return to Aspire if they have met the terms of their expulsion. Families have two weeks to submit documentation that they have met the terms of expulsion. If this information is not received within two weeks, the family is called by the Aspire Registrar. All communication is documented and sent via certified mail.

If a student has met all terms, the student is re-admitted and a re-entry conference with the principal of their school is scheduled to promote a smooth transition. At the secondary level, students are re-entered on a semesterly basis.

The Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School’s student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter-Related Issues

Term of Charter Petition

A charter may be granted pursuant to Sections 47605... for a period not to exceed five years. A charter granted by a school district governing board... may be granted one or more subsequent renewals by that entity. Each renewal shall be for a period of five years. A material revision of the provisions of a charter petition may be made only with the approval of the authority that granted the charter. The authority that granted the charter may inspect or observe any part of the charter school at any time.

- California Education Code Section 47607(a)(1)

The Charter School’s renewed charter shall begin on July 1, 2014 and will expire on June 30, 2019. Any amendments to School’s charter may be made by the mutual agreement of the governing board of Aspire and the District.

Aspire may present a petition to materially amend the Charter at any time, and the District agrees to respond to such petitions pursuant to the process, criteria and timelines specified in the Charter Schools Act. Upon making the determination whether the proposed change is a material revision, the District will promptly inform the Charter School of the decision, generally within three (3) business days.

If the proposed change is determined to be a material revision of the charter, the Charter School must seek approval of its proposal through the material revision application process outlined below. If, however, the District determines that the proposed amendment does not constitute a “material revision” of the charter, the school may then send its requested change(s) in writing (by regular or electronic mail) to the District administrator assigned to the school. The District will review the written request and communicate its response to the charter school, generally within 15 business days of receipt. As part of its review of a request for non-material amendment of the charter, the District may request additional information and/or documentation as necessary.

Once the charter school has submitted a complete material revision application, District staff, in coordination with LAUSD’s legal counsel and other appropriate District staff, will review the submitted application materials, together with the charter school’s record of academic, operational, and organizational management performance, in order to determine its recommendation. Under certain circumstances, the District may determine that it is necessary to conduct a capacity interview as part of its effort to ascertain whether the school has the capacity to successfully implement the proposed changes. In that event, the District will notify the school promptly so that the interview can be scheduled as soon as practicable. The Charter School team should plan to make itself available for the capacity interview within five (5) days of receiving notification from the District.
Upon review, if the District determines that it will recommend approval of the requested material revision(s), District staff will draft the material revision agreement document and send it to the charter school for execution (signature). In addition to the proposed material revision(s), the document will include those revisions necessary to conform the charter to the current District Required Language and any changes in the law since the current charter was granted. The District will proceed to schedule and prepare for Board action on the District recommendation of approval of the material revision request. The material revision agreement document must be signed by the Charter School prior to Board action.

If, however, the District determines that it will recommend denial of the requested material revision(s), it will notify the school promptly. At that time, the school may choose to withdraw the request or indicate its intent to proceed to Board action notwithstanding the District recommendation. If the Charter School determines not to withdraw the request, District will proceed with scheduling and preparing for Board action on the District recommendation of denial of the request for material revision.

Based on the recommendation of the District and the guidelines delineated in Education Code §47605, the Board of Education will make a final decision to approve or deny the request for material revision of the charter. The Board of Education may approve a request for material revision with or without conditions and/or benchmarks. The Board of Education may deny a request for material revision if it finds that:

1. the Charter School will provide an unsound educational program for students during the term of its charter, as amended;
2. the Charter School is demonstrably unlikely to successfully implement the program set forth in the charter, as amended;
3. the charter, as amended, does not provide reasonably comprehensive descriptions of the 16 required elements set forth in the Charter Schools Act.

Should the Charter School’s request for material revision of its charter be denied, the school will continue to operate under the terms of its current approved charter. Material revisions shall take effect immediately upon District Board approval, unless a different effective date expressly applies, such as the beginning of the next school year.

**Facilities**

The city of Huntington Park has allowed the Charter School to operate at its current location at 2565 East 58th Street in Huntington Park, California, for three years while it seeks another facility that can accommodate its educational program. The city of Huntington Park will allow the Charter School to operate at its current location for an additional year beyond the three years if Aspire is actively in construction of a new facility for the Charter School.

Note: The City of HP had originally issued a Conditional Use Permit (CUP) for this location spanning grades 6-12 as it is the site of Aspire Pacific Academy. The City approved us to operate grades K-5 in the same facility temporarily, as referenced above.

**District-Owned Facilities:** If Charter School is using LAUSD facilities as of the date of the submittal of this charter petition or takes occupancy of LAUSD facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by LAUSD for the use of the LAUSD facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any LAUSD facilities, Charter School shall execute an agreement provided by LAUSD for the use of LAUSD facilities prior to occupancy and commencing use.

Charter School agrees that occupancy and use of LAUSD facilities shall be in compliance with applicable laws and LAUSD policies for the operation and maintenance of LAUSD facilities and furnishings and equipment. All LAUSD facilities (i.e., schools) will remain subject to those laws applicable to public schools which LAUSD observes.

In the event of an emergency, all LAUSD facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of LAUSD facilities with other LAUSD user groups, Charter School agrees it will participate in and observe all LAUSD safety policies (e.g., emergency chain of information, participate in safety drills).
The use agreements provided by LAUSD for LAUSD facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- **Use.** Charter School will be restricted to using the LAUSD facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the charter petition and incidental related uses. LAUSD shall have the right to inspect LAUSD facilities upon reasonable notice to Charter School.

- **Furnishings and Equipment.** LAUSD shall retain ownership of any furnishings and equipment, including technology, (“F&E”) that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.

- **Leasing; Licensing.** Use of the LAUSD facilities by any person or entity other than Charter School shall be administered by LAUSD. The parties may agree to an alternative arrangement in the use agreement.

- **Minimum Payments or Charges to be Paid to LAUSD Arising From the Facilities.**
  1. **Pro Rata Share.** LAUSD shall collect and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter School Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and
  2. **Taxes; Assessments.** Generally, Charter School shall pay any assessment or fee imposed upon or levied on the LAUSD facilities that it is occupying or Charter School’s legal or equitable interest created by the use agreement.

- **Maintenance & Operations Services.** In the event LAUSD agrees to allow Charter School to perform any of the operation and maintenance services, LAUSD shall have the right to inspect the LAUSD facilities and the costs incurred in such inspection shall be paid by Charter School.
  1. **Co-Location.** If Charter School is co-locating or sharing the LAUSD facilities with another user, LAUSD shall provide the operations and maintenance services for the LAUSD facilities and Charter School shall pay the Pro Rata Share. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.
  2. **Sole Occupant.** If Charter School is a sole occupant of LAUSD facilities, LAUSD shall allow the Charter School, at its sole cost and expense, to provide some operations and maintenance services for the LAUSD facilities in accordance with applicable laws and LAUSD’s policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, LAUSD shall provide all services for regulatory inspections, which as the owner of the real property...
is required to submit, and deferred maintenance and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.

- **Real Property Insurance.** Prior to occupancy, Charter School shall satisfy those requirements to participate in LAUSD's property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall not have the option of obtaining and maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

**NON-DISTRICT-OWNED FACILITIES**

**Facility status:** The charter petitioner must demonstrate control of a facility such as a commitment from the landlord, to ensure that the property is actually available to the charter developer, and that the facility is usable with or without conditions (such as a conditional code permit.) The charter school facility shall comply with all applicable building codes, standards and regulations adopted by the city and/or county agencies responsible for building and safety standards for the city in which the charter school is to be located, and the Americans with Disabilities Act (ADA). Applicable codes and ADA requirements shall also apply to the construction, reconstruction, alteration of or addition to the proposed charter school facility. The Charter School shall implement any corrective actions, orders to comply, or notices issued by the authorized building and safety agency. The Charter School cannot exempt itself from applicable building and zoning codes, ordinances, and ADA requirements. Charter schools are required to adhere to the program accessibility requirements of Federal law (Americans with Disabilities Act and Section 504).

**Occupancy of the Site:** The charter petitioner or developer shall provide the District with a final Certificate of Occupancy or any local, county, or state verification that health, safety, and occupancy requirements have been met issued by the applicable permitting agency, allowing the petitioner to use and occupy the site. The Charter School may not open without providing a copy of the Certificate of Occupancy or any local, county, or state verification that health, safety, and occupancy requirements have been met for the designated use of the facility. If the Charter School moves or expands to another facility during the term of this charter, the Charter School shall provide a Certificate of Occupancy or any local, county, or state verification that health, safety, and occupancy requirements have been met to the District for each facility before the Charter School is scheduled to open or operate in the facility or facilities. Notwithstanding any language to the contrary in this charter, the interpretation, application, and enforcement of this provision are not subject to the Dispute Resolution Process outlined in Element 14.

AHERA requires that any building leased or acquired that is to be used as a school or administrative building shall maintain an asbestos management plan.

**Administrative Services**

Aspire has an experienced administrative staff that handles a variety of “back office” services like payroll, accounting, and purchasing. Aspire will be responsible for all of its own personnel salary and benefit plans, provisions and costs. In the event that any administrative services are to be provided by the District, the specifics will be agreed to in a Memorandum of Understanding between Aspire and the District.

**Hold Harmless/Indemnification Provision**

To the fullest extent permitted by law, the Charter School does hereby agree, at its own expense, to indemnify, defend and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys’ fees, brought by any person or entity whatsoever, arising out of, or relating to this Charter agreement. The Charter School further agrees to the fullest extent permitted by law, at its own expense, to indemnify, defend, and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys’ fees, brought by any person or entity whatsoever for claims, damages, losses and expenses arising from or relating to acts or omission of acts committed by the Charter School, and their officers, directors, employees or volunteers. Moreover, the Charter School agrees to indemnify and hold harmless the District for any contractual liability resulting from third party contracts with its vendors, contractors, partners or sponsors.

**Potential Civil Liability Effects**

The Charter School shall be operated by Aspire Public Schools, a California non-profit public benefit corporation. This corporation is organized and operated exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code and California Revenue and Taxation Code Section 23701(d).
Pursuant to Education Code Section 47604(c), an entity that grants a charter to a charter school operated by or as a non-profit public benefit corporation shall not be liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors or omissions by the Charter School if the authority has complied with all oversight responsibilities required by law. The Charter School shall work diligently to assist the District in meeting any and all oversight obligations under the law, including meetings, reporting, or other authorizer-requested protocol to ensure the District shall not be liable for the operation of the Charter School.

The corporate bylaws of Aspire shall provide for indemnification of the Aspire’s Board, officers, agents, and employees, and Aspire will purchase general liability insurance, Board Members and Officer’s insurance, and fidelity bonding to secure against financial risks. Insurance coverage may be made by joint powers authority authorized to conduct business in the State of California and limits will set at commercially reasonable levels. A copy of Aspire’s Evidence of Insurance is attached in Appendix K. The District shall be named as an additional insured and Aspire will institute appropriate risk management practices as discussed herein, including screening of employees, establishing codes of conduct for students, and dispute resolution.

**District Oversight Costs**
The District may charge for the actual costs of supervisorial oversight of the Charter School not to exceed 1% of the Charter School’s revenue, or the District may charge for the actual costs of supervisorial oversight of the Charter School not to exceed 3% if the Charter School is able to obtain substantially rent free facilities from the District. Notwithstanding the foregoing, the District may charge the maximum supervisorial oversight fee allowed under the law as it may change from time to time. The supervisorial oversight fee provided herein is separate and distinct from the charges arising under the charter school/facilities use agreements.

**Cash Reserves**
Charter School acknowledges that the recommended cash reserve is 5% of expenditures, as provided in section 15450, Title 5 of the California Code of Regulations.

**Special Education Revenue Adjustment/Payment for Services**
In the event that the Charter School owes funds to the District for the provision of agreed upon or fee for service or special education services or as a result of the State’s adjustment to allocation of special education revenues from the Charter School, the Charter School authorizes the District to deduct any and all of the in lieu property taxes that the Charter School otherwise would be eligible to receive under section 47635 of the Education Code to cover such owed amounts. The Charter School further understands and agrees that the District shall make appropriate deductions from the in lieu property tax amounts otherwise owed to the Charter School. Should this revenue stream be insufficient in any fiscal year to cover any such costs, the Charter School agrees that it will reimburse the District for the additional costs within forty-five (45) business days of being notified of the amounts owed.

Accordingly, the District hereby reserves the right, pursuant to its oversight responsibility, to audit Charter School books, records, data, processes and procedures through the District Office of the Inspector General or other means. The audit may include, but is not limited to, the following areas:
