INTRODUCTION

Purpose

The Van Gogh Charter School ("Van Gogh" or the "Charter School") community is united in its goal of becoming an affiliated charter school in the Los Angeles Unified School District ("LAUSD" or the "District").

The purpose of the Van Gogh Charter School petition is threefold:

- First, it enables the school to build on its current strengths which are many and varied.
- Second, it provides a focus through which the school offers a rigorous, enriched educational program for a wide range of student needs.
- Third, an affiliated charter designation will enable us to aggressively implement a 21st century curriculum that not only meets but exceeds the minimum academic standards established by the District. The Van Gogh Charter School curriculum will incorporate higher order thinking skills, project-based learning, multiple intelligences, service learning, and multimedia literacy across the instructional spectrum. This multimedia approach to teaching and learning will emphasize communication in all its forms as a key to student success. Through the use of 21st century tools and strategies in the classroom, students will grow in their ability to access information and in their understanding of their place in the global community.

Van Gogh Charter School is a California Distinguished School. However, we are increasingly faced with external challenges that threaten our ability to maximize student potential. Obstacles include declining state and District budgets, growing class size, and fewer faculty and support personnel. These changes have hampered our efforts to provide truly differentiated instruction to an increasingly diverse student population -- special needs, identified gifted, English language learners, students performing below grade level, and our typical learners who do not require additional services but deserve instruction to meet their needs. Our school is continually challenged to do more with less.

Internally, Van Gogh has encountered a growing gap between resources needed to fully address the individual needs of every child and the practical realities of the educational climate. At the same time, we anticipate mounting pressure to sustain and advance our academic program to achieve even higher levels of student performance. Status as an affiliated charter will provide Van Gogh with a means to overcome some of these difficulties and to achieve the goals established by the community.

Goals of the Van Gogh Charter School

Van Gogh Charter School's primary goal is to provide an innovative instructional program that actively engages all children to embrace learning, achieve their highest potential, and master a 21st century curriculum. To accomplish this goal we will:

- Maximize student achievement, primarily based on State-established academic standards and District expectations and enhanced authentic assessments.
- Increase interactive, hands-on learning opportunities for all students with an emphasis on enriched learning experiences differentiated for subgroups such as children performing below grade-level, Gifted, and English Learners (EL).
- Encourage the use of innovative teaching methods and empower our teachers through targeted professional development.
• Provide families in our school community with an opportunity to shape the learning environment and to contribute to the school’s success.
• Articulate with our community middle and high schools to become the first step in a continuous pathway of outstanding public education.

Our secondary goal is to leverage Van Gogh Charter School's documented outcomes and best practices in all aspects of building a successful community school to serve as a model among elementary schools in the District. We believe that attaining affiliated charter status can yield tremendous benefits for our school community in the near term and will pay dividends to the District in the long term. Van Gogh will seek to introduce successful "real world" models to other schools in the District who seek to close the achievement gap, engage the whole community in the success of the school, prepare children to be academically successful for life, and to be responsible citizens who will make a positive contribution to society.

Affirmations and Assurances:

• Be nonsectarian in its programs, admission policies, employment practices, and all other operations.
• Not charge tuition.
• Not discriminate against any student on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code.
• Admit all pupils, within the LAUSD defined school boundaries, who wish to attend the school. EC 47605(d)(2)(A)
• Determine admission by a public random drawing, if the number of pupils who wish to attend the school exceeds the school capacity, and preference shall be extended to pupils who currently attend the Charter School and pupils who reside in the District EC47605(d)(2)(B)
• Not enroll pupils over nineteen (19) years of age unless continuously enrolled in public school and making satisfactory progress toward high school diploma requirements.
• Not require any child to attend the charter school or any employee to work at the charter school.
• In accordance with Education Code Section 48200, if a pupil is expelled or leaves the charter school without graduation or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil’s last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information.

Description of the School

Van Gogh Charter School, an affiliated charter school for grades kindergarten through fifth grade is located at 17160 Van Gogh St. in Granada Hills in Local District 1 of the Los Angeles Unified School District.

The Van Gogh Charter School and its Community

The Van Gogh Charter School site is a conversion of LAUSD school Van Gogh Street Elementary School, located in the residential community of Granada Hills, in the North San Fernando Valley. The school originally opened in 1968. However, much of the Van Gogh campus was rebuilt after the 1994 Northridge Earthquake.

In the immediate geographic area of Granada Hills, there are many private and public school options available to families that reside within the school's boundaries (see Figure 1 on next page). In order to effectively compete with these many options, Van Gogh Charter School must continue to offer the highest quality education available for our community. As we have in the past, we will maintain our culturally and ethnically diverse student enrollment. As a
socially inclusive school that embraces children of all ethnic and socio-economic backgrounds, as well as all achievement levels, we foster a deeper appreciation for the diversity inherent in Los Angeles and the greater global community.

A. Students the School Proposes to Serve

Currently, the school accepts children who live within our local school boundaries, as well as children on permits such as: work, child care, and open enrollment. These permits are contingent on the spaces available in each grade level.

If there are grade-level openings, traveling students will have the option to attend.

Some facts about the current and sub-group population:

- The school will serve the neighborhood population in the current Van Gogh Elementary attendance boundary, and students from surrounding areas of Los Angeles, providing continued integration of the charter school.

- Consistently exceeds established District Academic Performance Index (API) benchmarks and meets NCLB requirements as it relates to student achievement each year.

- Currently considered to be a high-performing school with an API of 926 with 486 students.

- Higher number of identified gifted children than LAUSD average (17% of students are identified Gifted & Talented compared to District goal of 6%).

- Our student population of 486 speaks fifteen different languages and represents six ethnicities. Currently 19 of our students are Limited English Proficient (LEP). Approximately 15% of our students are IFEPs (Initially Fluent English Proficient) speaking 15 different languages. 19% of the students speak languages in addition to or instead of English. 56% of Van Gogh students are classified as minority students.

- Special Education students make up 11% of the 2011-2012 population. We have three Special Education teachers: our present SDP teacher, our former upper SDP teacher (who was rehired as our intervention/class size reduction teacher), and one Resource Specialist, all providing instruction in Collaborative Learning Center environments.

- During the last five years, our enrollment numbers have grown slightly with a current population of 486 students.

B. Van Gogh Mission Statement, Motto, and Vision Statement

Mission Statement
Our mission at Van Gogh Charter School is to educate children to be successful, responsible, and respectful individuals. Our school community strives to support and encourage our students to become compassionate and contributing members of society.

Our Motto
Dream, Believe, Achieve
Vision Statement
Van Gogh Charter School is committed to helping all learners embrace their diverse and unique talents to their fullest potential. Our students will become academically competent individuals, creative and critical thinkers, socially responsible citizens, successful contributors in a global society, and motivated lifelong learners.

Implementation of Vision
Van Gogh Charter School will build a model of excellence in public education through a learning program that:

- Infuses music, dance, art, physical education and technology into traditional, standards-based curriculum to provide a rich experience for all of our students.
- Includes hands-on, investigative learning, and special offsite field work, like the annual California Time Capsule overnight field trip for fourth graders and reenactment of The American Revolution at Riley’s Farm for the fifth grade students.
- Places an emphasis on multi-disciplinary, project-based learning that encourages our children to make connections between the curriculum and the real world.
- Provides a solid foundation in everyday communication skills; solving problems creatively, thinking critically, working both independently and cooperatively, and utilizing technology effectively.
- Emphasizes social and community values that foster self-esteem and respect for each other.
- Meaningfully involves all stakeholders – parents, students, faculty, administration, and local community partners – in the continuous improvement and success of the school.
- Develops and advances best practices for engaging students and parents, training teachers, and promoting educational excellence, collaboration, and innovation.

C. What It Means To Be an Educated Person in the 21st Century
Van Gogh believes an educated person of the 21st century is flexible, creative, and complex with a continuous thirst for knowledge. These individuals are self-confident and self-motivated, lifelong learners that are active participants in their community.

An educated person of the 21st century is prepared for a multi-cultural world that is globally interconnected. Being a part of the ever-changing and fast-paced information age, an educated person is technologically savvy, curious, and productive.

Students at Van Gogh will take responsibility for their own learning. They will be able to gain valuable information and insights from concrete experiences in order to develop positive problem solving and critical thinking skills. Students will make more efficient and meaningful choices to expand inter- and intra-personal relationships.

Van Gogh students will reason, question and inquire. They can apply the scientific method of investigation. Our students will be intellectually flexible and able to think about complex systems whether abstractly or creatively.

To be effective in the 21st century, students must be able to exhibit a range of functional and critical thinking skills related to information, media, and technology. This requires knowledge and expertise that is mastered through problem solving, communication, and collaboration. One needs the ability to collaborate and make individual
contributions on a global scale in order to work and contribute to the modern world.

D. How Learning Best Occurs

Van Gogh recognizes that learning best occurs when the community is immersed in a culture of education that both challenges and nurtures the development of individuals. Teachers, parents, and community members need to create an environment and culture that is inherently reflective of our school, home, and community.

Learning best occurs when all stakeholders fulfill their joint, collaborative responsibility to provide this culture of education for every child. Working together creates an atmosphere focused upon the importance of education, which in turn inspires shared learning.

Van Gogh will serve as an academic arena to develop a desire for lifelong learning in all children. The school will provide a safe, supportive, and challenging environment that encourages students to maximize their learning potential through integrated learning experiences. Well-qualified teachers, support personnel, and diverse classrooms will provide optimal opportunities for every child to be reached and supported in his/her educational development. Classroom instruction will take into account the multiple modalities of learning and the differences of abilities among students.

E. How the Goals of the Program Enable Students to Become Self-Motivated, Competent, and Lifelong Learners

Van Gogh’s desired curriculum will include an integrated, inquiry-based K-5 curriculum closely aligned with California Standards and closely aligned to National Standards in the core areas of language arts, science, math, and social studies. Cross curricular, project-based learning will be enhanced using music, art, and dance instruction and there will be a strong emphasis on hands-on learning. Van Gogh’s program embraces the following key elements:

1. Standards are Essential: Clear and public standards for what students should learn at benchmark grade levels are a crucial aspect of making sure we are meeting the academic needs of all students. They also serve as a guide for all stakeholders, teachers, administrators, parents, and students, indicative of the specific basic knowledge and skills the students must master.
   a. Students will demonstrate their self-motivation and competence toward learning through increased attendance in school, on time completion of classroom assignments and teacher evaluation of the student participation in classroom tasks.
   b. Students will demonstrate their progress toward becoming lifelong learners by their consistent selection of projects for instruction and parents’ rating on the school report card survey with the evidence which will be posted on the School Report Card.

2. Challenging Curriculum: Standards will be accompanied by a rigorous curriculum that is aligned with those standards. The goal of Van Gogh is provide a demanding and enriching 21st Century curriculum that will not only meet but extend the minimum thresholds established by the District and the state.

3. Teachers Matter: If students are going to be held to high standards, they need teachers who know the subjects and know how to teach those subjects. Strategies for significant and on-going teacher professional development using the selected curricula will be included in the Van Gogh program.
F. Typical Day at Van Gogh

It’s 8:01 a.m. and as the second bell rings at Van Gogh you feel the excitement in the air as the students settle into their classrooms for a day of rigorous standards-based learning. You will see a trusting, encouraging, and safe environment that emphasizes lifelong problem solving and leads to academic excellence. On a typical day you will see teachers, administration, parents, staff, and community members working together to meet the individualized needs of all of our students.

If it’s a Monday morning you will see the principal, assisted by the student council, leading our weekly morning greeting. During the morning greeting, announcements are made about upcoming events, and current issues are discussed. The flag is saluted, the Pledge of Allegiance is recited, and there is a lively rendition of a patriotic song (differing on a monthly basis). Recognition of character traits aligned to the Pillars of Character and seasonal themes are emphasized. Community members are encouraged to attend this weekly opportunity to recognize and applaud student accomplishments.

Throughout the day, in all classrooms, you will see students highly engaged in activities related to all curricular areas. You may encounter students interacting with SMARTBoards; viewing PowerPoint presentations; utilizing hands-on manipulatives; experiencing differentiated instruction in small, flexible, learning groups; or incorporating art and music into the core-content areas.

Our recognition of the gifts all students possess has created a campus of tolerance and acceptance, where additional adult support is so pervasive, the specialists so visible, small group instruction so commonplace and flexible, that students with special needs and English Learners, seamlessly blend in with their peers.

As you pass by our Parent Center you will find an enthusiastic cadre of dedicated volunteers planning and preparing for exciting schoolwide events, as well as supporting teachers in their preparation of materials for rigorous, innovative, and stimulating lessons.

Walking through the grounds of the beautiful Van Gogh campus, it would be hard not to miss our native California gardens, well-maintained and clean facilities, and bulletin boards proudly displaying students’ work. Students actively participate in keeping the campus clean and demonstrate a commitment to the environment by diligently recycling.

At the end of school, the fun doesn’t stop! Students happily participate in a plethora of enrichment classes, engage in Youth Services sports programs, the North Valley YMCA activities, or supervised free play.

G. Proposed Instructional Program

1. Framework & Teaching Methodologies

Van Gogh’s proposed teaching methodologies are framed around differentiated and experiential, or inquiry-based instruction through thematic units in a cooperative group setting. Supporting these methodologies, Van Gogh teachers will utilize a collaborative model for instruction to provide professional development by grade-level experts and instructional leaders. All our methodologies will be supported by authentic assessments.

2. Instructional Framework

Van Gogh’s curriculum is based on the California state standards and Associated Frameworks in language arts, mathematics, science, social studies, health, visual and performing arts, technology, and physical education. We believe that powerful learning and addressing the needs of our targeted population are best accomplished through a balanced program, which combines curriculum-centered and student-centered instruction. Systematic direct instruction, guided practice and the application of skills through expansive, multi-disciplinary selections ensure that all students are accessing the standards. Multiple intelligences are addressed through the use of experiential and open-ended inquiry-based learning produces self-motivated and well-balanced learners. We believe that integrating these modalities will help our students to become analytical as well as creative thinkers.

3. Teaching Methodologies

The teachers of Van Gogh, supported by the leadership team, will review and use current research and student data to drive best teaching methodologies while utilizing rigorous, conceptual learning at each grade-level. Teachers in K-5th grade collaborate to integrate curricular standards to maximize student learning and provide consistent professional development to support the standard methodologies, which include:

- **Clear Expectations** - Teachers clearly define and articulate state standards in student-friendly language to ensure academic goals are attained.

- **Academic Rigor** - Students actively explore, research, and solve complex problems to develop a deep understanding of core academic concepts.

- **Criteria Charts/Rubrics** - These tools help focus students to effectively meet and exceed teacher expectations and objectives of the assignment. Charts/rubrics are based upon curricular standards and objectives.

- **Independent Study** - Students and teachers identify problems or topics of interest to the student and they plan a method of investing the problem or topic and identify the type of product the student will develop. The product will address the problem and demonstrate the students’ ability to apply skills and knowledge to the problem or topic.

- **Experiential Learning** - Learning by doing. Students relate to the curriculum through plays, field trips, labs, simulations, and experiments. It is through these involvements that students will process, analyze, and conceptualize the experience.

- **Project Based Learning** - Teachers evaluate student achievement through creative, varied and innovative products to illustrate a student's understanding of material taught. By using project-based learning, the students will select products that will provide another avenue for differentiation among our diverse learners.

- **Flexible/Collaborative Groupings** - Students participate in flexible groupings for language arts, math and science in their classrooms and grade levels. After data analysis, teachers collaborate to determine student placement in flexible groups. During grade-level planning, teachers create scaffolded assignments and evaluate student
progress. These flexible groupings provide intervention opportunities at levels Tier 1 through Tier 3. Strategies are used throughout the day to help a wide range of academic abilities work together to solve problems, revise writing, reinforce concepts and help children learn different ways to be successful.

**Modeling** - Our teachers demonstrate different strategies to guide students’ learning throughout the day.

**Multi-Modal Direct Instruction** - Teachers provide strong first teaching using carefully planned direct instruction to present standards-based lessons.

**Guided and Independent Practice** - Students are provided opportunities for guided and independent practice to achieve understanding and application of the concepts or skills being taught.

**Higher-Level Thinking** - Teachers design lessons that develop and enhance critical thinking skills, which help to solve complex problems with depth and complexity. Teachers use the highest stages of Bloom's Taxonomy when questioning, to provide students the opportunity to stretch their thinking though synthesis, analysis, and evaluation. In class discussions and on authentic assessments, teachers vary the levels of questions posed to learners based on their readiness, interests, and learning styles. Sandra Kaplan’s Gifted Training guides questioning techniques to allow students to extend their thinking processes and deepen their conceptual grasp of content.

**Thinking Maps** - Thinking Maps are used to guide students’ critical thinking skills in all subject areas.

**Differentiated Instruction** - Educators provide multiple options for taking in information, making sense of ideas, and expressing what is learned for a mixture of students with multiple intelligences. Teachers provide lessons and assignments within the core curriculum that allow students to perform at their appropriate academic levels while maintaining or exceeding state standards.

**Integration of the Arts** - Teachers and curriculum specialists use drama, dance, music and visual arts to enhance their students' thinking and learning experiences.

Adhering to the proposed instructional framework and teaching methodologies ensures Van Gogh's instructors can successfully meet the needs of all students.

4. **Content Goals - Scope and Sequence**

The scope and sequence of skills taught across grade levels and content areas are outlined below. Schoolwide performances are scheduled multiple times throughout the year, providing opportunities for students, teachers, parents and the community to enjoy their musical accomplishments

• Develop motor skills, dance vocabulary and creative expression, while being exposed to various historical and cultural dance traditions through a District Arts Dance Program

• Explore the dance genre of hip hop, through an after-school enrichment program provided by Sky High Dance, which includes three performances providing opportunities for students, teachers, parents and the community to enjoy their rhythmic accomplishments

Physical Education

• Teachers deliver high quality, standards-based physical education instruction to prepare every student for a lifetime of physical activity, health and well-being. As part of the classroom instructional program, teachers ensure that students receive 200 minutes every two weeks of physical education instruction as required by the State. Van Gogh’s commitment to physical fitness was recognized with the awarding of a Physical Education Teacher Incentive Program (PETIP) PE grant that provides the students with a half-time credentialed physical education teacher.

5. How the Curriculum Addresses California Content Standards

Van Gogh’s instructional program utilizes the California State Standards-based Curriculum. The school will use District provided Periodic Assessments for at least the first year. We will explore creating a mapping plan that is more closely aligned with the Periodic Assessments. This will result in data that is more relevant in driving instruction. The students will be assessed using the methods described in Elements 2 and 3.

6. Scope and Sequence

Van Gogh will be using the newly published California Department of Education K-12 curriculum incorporating the state standards and introducing some new Common Core Standards following the Scope and Sequence (see Curriculum and Instruction website http://www.cde.ca.gov/ci/cr/cf/allfwks.asp ).

H. Student Population - Describe How the Program will Meet the Needs of Specific Student Populations

Van Gogh will address the needs of the student population by meeting and enriching the State's Standards. Teachers will, through differentiated instruction, utilize a variety of instructional programs appropriate to the diverse needs of the Charter's population. We are committed to the engagement of comprehensive strategies for all students enrolled at Van Gogh.

1. Academically Low Achieving Students

• A schoolwide recognition of the importance of early, targeted, intensive intervention based on a holistic view of student performance that includes formal assessment, student participation, work samples, and observation.

• Teachers use a multi-tiered approach, assisting students in meeting or exceeding grade level standards by
regularly collecting and analyzing a myriad of performance-based data to determine the acquisition of skills

- Teachers have been trained in, are proficient in, and regularly utilize the District-provided, web-based My Data, CoreK-12, and M-Class (DIBELs) programs to review and analyze student outcome data to drive instruction

- Tier 1 and/or Tier 2 support is provided daily in classrooms during Universal Access Time in both literacy and mathematics, with teachers using flexible groupings and differentiated instruction to target specific skill areas in need of short-term remediation

- Special education assistants, instructional aides, retired teachers, or expert parent/family volunteers work in most classes to assist the teachers in providing Tier 1 and/or Tier 2 preteaching, reteaching, and review to small, flexible groups of students

- Primary (K-2) students in need of short-term Tier 3 interventions are provided daily, small group, intensive, targeted instruction in the afternoon in the two Primary Learning Centers taught by the primary SDP teacher and the Resource Specialist Teacher utilizing the approaching, intervention, and technology components of the California Treasures Reading Program, Burst Reading, and web-based programs such as Reading A-Z, Raz-Kids, and Starfall

- Progress Monitoring, using DIBELs, is regularly conducted to determine the outcomes of the Tier 3 instruction, with children moved in and out of their flexible groupings based on the results

- Students in grades 3-5 in need of Tier 3 interventions receive daily, intensive, smaller group support in both language arts and/or math, using a collaborative rotation (Learning Center) of the 3rd-5th grade general education teachers, the primary SDP Teacher, the former upper SDP Teacher (rehired as an Intervention Teacher), and the Resource Specialist Teacher

- The Learning Center utilizes core curriculum materials and standards, providing additional learning opportunities for the students using, scaffolding techniques, accommodations, increased structure, multi-modal teaching, preteaching, reteaching, increased time on task, technology, and smaller groupings

- The continued need for Tier 3 intervention, or the need for more support, is determined by analyzing data that is shared through frequent communication and collaboration of the teachers working with those students

- An active, responsive Student Success Team (SST) meets regularly

- Referrals to the SST are for a variety of general education issues involving the emotional, behavioral and academic needs of the children

- Follow-up SST meetings are held at regular intervals to determine the success of interventions, with comprehensive special education assessments suggested only after a detailed analysis of the child's performance in Tier 3 interventions
2. **Gifted and Talented Students**

- Teachers provide GATE students with enriched lessons and assignments that encourage them to strengthen their cognitive skills.
- Techniques developed by Sandra Kaplan are utilized to differentiate instruction and extend learning.
- The concepts of Novelty, Depth, Complexity, and Acceleration/Deceleration are used to encourage critical thinking and problem solving skills.
- Students demonstrate comprehension and a thorough knowledge of subjects by defining, describing and identifying what they have learned through analysis and synthesis of information.
- Students present outcomes whether verbal, written, arts-based, or technology-based at an appropriate cognitive level.
- The Charter will continue to utilize the District’s GATE identification process and policy, and reimburse the District for testing and processing on a fee-for-service basis.

3. **English Language Learners**

Van Gogh currently has only seventeen ELL students, who speak five different languages. We consistently exceed the District goal of moving children up one ELD level each year by:

- Implementing District adopted ELD Treasures Program with ELD Practicum strategies such as: Think-Pair-Share, Choral/Reciprocal/Partner Reading, Bloom’s Taxonomy of Higher Level Thinking, Sentence Framing (as needed), and Oral Language Development Opportunities.
- Using Thinking Maps to support learning.
- Using realia, manipulatives, TPR, SDAIE strategies, multi-modal techniques, technology.
- We reclassify all students as they meet District criteria.
- Reclassification will continue to be above the District norm while focusing to meet or exceed the mandated AMAO 1, 2, and 3.

4. **Low SES**

- Teachers use a multi-tiered approach, assisting students in meeting or exceeding grade level standards by regularly collecting and analyzing a myriad of performance-based data to determine the acquisition of skills.
- Teachers have been trained in, are proficient in, and regularly utilize the District-provided, web-based My Data, CoreK-12, and M-Class (DIBELs) programs to review and analyze student outcome data to drive instruction.
- Tier 1 and/or Tier 2 support is provided daily in classrooms during Universal Access Time in both literacy and mathematics, with teachers using flexible groupings and differentiated instruction to target specific skill areas in need of short-term remediation.
The concepts of Novelty, Depth, Complexity, and Acceleration/Deceleration are used to encourage critical thinking and problem solving skills

- Increased parent/teacher communication and support
- Van Gogh aspires to provide students with the necessary tools to succeed academically

5. Special Education (LAUSD Specific Language)

The District shall continue to serve the needs of special education students enrolled in the affiliated Charter Schools in the same manner as at any other public school of the District, and shall be responsible for meeting all the requirements of the Modified Consent Decree.

Conversion Affiliated Charter

a. Charter School Special Education Responsibilities - General Requirements

The Charter School will adhere to the provisions of the IDEA and California special education laws and regulations to assure that all students with disabilities are accorded a free appropriate public education (“FAPE”). The Charter School will also ensure that no student otherwise eligible to enroll in their Charter School will be denied enrollment on the basis of their special education status.

The Charter School will comply with Section 504 of the Federal Rehabilitation Act, the Americans with Disabilities Act, and all Office of Civil Rights mandates for students enrolled in the Charter School.

The Charter School will adhere to the requirements of the Chanda Smith Modified Consent Decree and court orders imposed upon the District pertaining to special education and will submit documents and information, participate in reviews, and attend informational sessions and meetings at the District's request. The Charter School will use District forms to develop, maintain, and review assessments and Individualized Education Programs (“IEPs”) in the format required by the District and will enter accurate assessment and IEP data into the District’s designated data system (Welligent) in accordance with LAUSD policies and procedures. The Charter School will maintain copies of assessments and IEP materials for District review. The Charter School will submit to the District all required reports, including but not limited to CASEMIS, SESAC and Welligent IEPs, in a timely manner as necessary to comply with state and federal and Modified Consent Decree requirements.

The Charter School is responsible for the management of its, personnel, programs and services. The Charter School will ensure that its special education personnel or contracted personnel are appropriately credentialed, licensed or on waiver consistent with California laws and regulations.

The Charter School will implement the programs and services, including providing related services, required by the IEPs of the students enrolled at the Charter School.
b. Transferring Students

For students transferring to the Charter School from District schools or District affiliated charter schools, the Charter School will provide those related services required by the students’ IEPs immediately upon the students’ enrollment.

For students transferring to the Charter School from other school districts, the Charter School shall provide related services required by the students’ IEPs upon the students’ enrollment regardless of the type of service provider (school, NPA or private). IEP team meetings for such students will be held within thirty (30) days of the student’s enrollment in accordance with state and federal law.

c. Assessments

The referral process shall include Student Success Team (SST) meetings to review prior interventions, accommodations and modifications and to recommend further interventions as appropriate. The referral process shall be supported by the Response to Intervention (RtI) model approach using data to identify student strengths and weaknesses. Upon review of accumulated data, observation and review of records, the Charter School may determine that assessment is necessary to determine possible eligibility for special education programs and related services.

Upon a parent’s request for assessment, the Charter School will convene a meeting to review and discuss the request in light of student records, acquired data and student performance to agree with or deny the request for assessment. If the Charter School determines that assessment for special education eligibility is not warranted, prior written notice must be given to the parent/guardian with a clear rationale for such refusal within 15 days of the request. If the Charter School concludes that there are suspected disabilities, the school must develop an assessment plan for each student with suspected disabilities within the 15 day timeline. The assessment plan will describe the types of assessments that may be used to determine the eligibility of students for special education instruction and services. Assessments will be conducted, within legal timelines, after receiving the parents’ written consent. The Charter School shall conduct an IEP team meeting that includes required team members within mandated timelines for each student assessed to discuss results, determine eligibility, and (if eligible) specify special education instruction and services. The Charter School will make decisions regarding eligibility, goals, program, placement, and exit from special education through the IEP process according to federal, state and District timelines.

d. Alternative Placements

In the event that the Charter School is unable to provide an appropriate placement or services for a student with special needs, the Charter School will contact the District to discuss placement and service alternatives. Charter schools are expected to provide services to all enrolled students with disabilities (mild to severe). If an Individualized Education Program (IEP) team that includes Charter School personnel places a student in a special education program provided by another entity, the Charter School will be fully responsible for the quality of the program and for any costs incurred for such a placement.

e. Least Restrictive Environment

The Charter School will support movement of students with disabilities into less restrictive environments and increase interactions of students with disabilities with non-disabled students. The Charter School general program of instruction for students with disabilities shall be responsive to the required sequence of courses and related curricular activities provided for all students in the Charter
School. Assessment and standardized testing procedures shall be implemented, including guidelines for modifications and adaptations, to monitor student progress.

f. Staffing Requirements

The Charter School will assess, develop, and implement Individual Transition Plans to help students with disabilities transition to adult living in accordance with District policies and procedures.

g. Student Discipline/Inclusion

The Charter School will ensure that it makes the necessary adjustments to comply with the mandates of state and federal laws, including the IDEA regarding discipline of students with disabilities. Discipline procedures will include positive behavioral interventions and the District’s Discipline Foundation Policy. Prior to recommending expulsion and/or prior to the eleventh day of cumulative suspension for a student with disabilities, the Charter School will convene a manifestation determination IEP that includes District representation as set forth in the District’s Policies and Procedures Manual. The Charter School will collect data pertaining to the number of special education students suspended or expelled.

The Charter is committed to achieving population balance that includes students with disabilities. The Charter will conduct outreach activities to attract and enroll a range of mild to severe special education students that is diverse and comparable with resident schools with similar demographics. The current District-wide average percentage of students with disabilities is 10-13%. The Charter School’s outreach efforts should be geared toward aligning with the District-wide average. The Charter School may not refuse to admit a student based on special education eligibility, needs or services identified in the student’s IEP. The District will provide the Charter with MCD reports indicating range of services and number of students served at individual Charter Schools.

Procedural Safeguards/Due Process Hearings

The District may invoke dispute resolution provisions set out in the charter petition, initiate due process hearings, and/or utilize other procedures applicable to the Charter School if the District determines that such action is legally necessary to ensure compliance with federal and state special education laws and regulations or the Modified Consent Decree.

In the event that a parent or guardian of a student attending the Charter School initiates due process proceedings, both the Charter School and the District will be named as respondents. Whenever possible, the District and the Charter School shall work together in an attempt to resolve the matter at an early stage (informal settlement or mediation).

Complaints

The District will investigate and respond to all special education complaints the District receives pertaining
to the Charter Schools including the District’s Uniform Complaint Procedures, Office for Civil Rights and California Department of Education Special Education Compliance Complaints. The Charter School will cooperate with the District in any such investigations and provide the District with any and all documentation that is needed to respond to complaints.

**Funding of Special Education**

**District Responsibilities Relating to Charter School Special Education Program**

As long as Charter Schools operate as public schools within the District, the District shall provide information to the school regarding District special education decisions, policies, and procedures to the same extent as they are provided to other schools within the District.

To the extent that the District provides training opportunities and/or information regarding special education to other school site staff, such opportunities and/or information shall be made available to Charter School staff.

***Modified Consent Decree Requirements**

All Charter Schools chartered by the Los Angeles Unified School District (“LAUSD or the District”) Governing Board are bound by and must adhere to the terms, conditions and requirements of the Chanda Smith Modified Consent Decree (“MCD”) and other court orders imposed upon District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes eighteen statically measurable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District's Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online IEPs and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the Modified Consent Decree, data requests from charter schools that are not connected to the District’s current Student Information Systems (“SIS”) are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s required format and are as follows:

- The Independent Charter School Suspension/Expulsion Report, due monthly throughout the school year.
- Paper SESAC Report and Welligent Student Listing Verification, due monthly throughout the school year.
- CBEDS, which is due at the end of October of Each School Year.
• All Students Enrolled December 1 of Each School Year, due at the end of December every school year.

• Graduation Status of 12th Grade Students Enrolled on December 1, due at the end of June every school year.

The District is currently in the process of developing an Integrated Student Information System (“ISIS”) as required by the MCD. Although most charter schools are not currently utilizing the District’s current SIS, the MCD requires all charter schools to implement the use of ISIS once it is developed.

I. Evidence That the Proposed Instructional Program Will be Successful with the Charter’s Targeted Population

In 2010-2011, 86% of 5th grade students achieve proficient or advanced on the Science CST.

• Our Latino students improved from 70.3% Proficient and Advanced in English/Language Arts in 2008-2009 to 73.6% Proficient and Advanced in 2010-2011. This subgroup also improved in Mathematics from 77.2% Proficient and Advanced in 2008-2009 to 81.1% in 2010-2011.

• Our Students with Disabilities improved from 28.1% Proficient and Advanced in English/Language Arts in 2008-2009 to 40.9% Proficient and Advanced in English/Language Arts in 2010-2011.

• Our African American students improved from 60.0% Proficient and Advanced in English/Language Arts in 2008-2009, to 77.3% Proficient and Advanced in English/Language Arts in 2010-2011.

• Our Socio-Economically Disadvantaged students improved from 49.2% Proficient and Advanced in English/Language Arts in 2008-2009, to 73.4% Proficient and Advanced in English/Language Arts in 2010-2011.

• 89% of our English Language Learners showed CELDT annual growth of one or more ELD levels. Our reclassification rate has grown from 15% in 2006-2007 to 61.5% in 2010-2011, which is well above the District goal. 81% of our ELLs were Proficient or above in ELA and 86% were Proficient or above in Math on the 2011 CST.

• We are dedicated to identifying and addressing the needs of our gifted and talented and high achieving population by incorporating experiential learning and differentiated planning into daily instruction. As a result, our 17% GATE population is higher in comparison to the District’s norm 6%.

K. How the School Will Recruit Teachers Qualified to Deliver the Proposed Instructional Program

Teachers will be recruited in accordance with District policy, procedures and collective bargaining agreements. Teacher staff will be asked to submit an application in accordance with Personnel Commission and District policies. An interview process will begin including administration, Union representative, grade-level or department personnel, and parent(s) from the School Site Council.

Van Gogh will serve as an academic arena to develop a desire for lifelong learning in all children. The school shall provide a safe, supportive, and challenging environment that encourages students to maximize their learning potential through integrated learning experiences and the creation of project-based learning projects. Highly qualified teachers, as per NCLB, support personnel, and diverse classrooms will provide optimal opportunities for every child to be accessed and supported in their educational development. Classroom instruction will take into account the multiple modalities of learning and the differences of abilities among students.

L. How the School Will Provide On-going Professional Development

Professional Development will be an on-going component of Van Gogh and an effective tool used to design the curricular needs of our students and teachers. Professional Development issues, ideas, and products will be driven by the students' and staffs' needs and interests. These are then forwarded to grade level chairs and administration for formalization of appropriate training and products. Professional development will be given during banked Tuesdays throughout the year and supported on through grade-level collaborative meetings. At the beginning of the school year, professional development topics will be determined based on the analysis of students’ assessment data, as well as curricular needs. Professional development will be delivered by administration, teachers and other experts on an as needed basis. District mandated topics will also be included.
M. Academic Calendar/Sample Daily Schedule

Van Gogh will follow the traditional academic calendar set forth by the LAUSD. Van Gogh will adhere to the number of state-mandated instructional minutes. A sample daily schedule is as follows: 8:01-11:00 Language Arts/ELD instruction, 11:00-12:00 Math instruction, and 12:30-2:25 p.m. Social Studies, Science, Arts, Health, and Physical Education. Please refer to the Glimpse of a Typical Day chart in Section F of this petition.

O. Timeline for Implementation

The academic program outlined in Element 1 will be implemented in the 2012-2013 school year if affiliate charter status is granted before the commencement of the school year.
ELEMENT 2: MEASURABLE STUDENT OUTCOMES

The measurable pupil outcomes identified for use by the charter school. ‘Pupil outcomes,’ for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitude specified as goals in the school’s educational program.” Ed. Code 47605(b) 3(b)

A. Our Vision for Student Outcomes

Van Gogh Charter’s curriculum will include an integrated, inquiry based K-5 curriculum closely aligned with California Standards, as well as the National Standards in the core areas of language arts, math, science, health, and social studies. Cross curricular, project based learning will be enhanced using music, art, dance, and theater arts instruction. There will also be a strong emphasis on hands on learning utilizing our computer lab and advanced technology tools in the classroom for differentiated instruction. The Van Gogh Charter embraces the following key elements:

- **Standards are Essential**: Clear and public standards for what students should learn at benchmark grade levels are crucial aspects of making sure we are meeting the academic needs of all students. These standards also serve as a guide for all stakeholders, teachers, administrators, parents, and students indicative of the specific basic knowledge and skills the students must master.

- **Challenging Curriculum**: Standards will be accompanied by a rigorous curriculum that is aligned with those standards. The goal of Van Gogh Charter is to provide a demanding and enriching 21st century curriculum that will not only meet but, exceed the minimum thresholds established by the District and the state.

B. Desired Outcomes of the School’s Instructional Program

- **Language Arts**: Students will be able to read, write, listen, and speak effectively. When writing and speaking, students will be able to incorporate: the language of the discipline, using details, big ideas, compare and contrast, give different perspectives and concrete examples. Furthermore, they will understand concepts in a deeper and more complex way. Students will be able to combine these skills to compose meaningful genre based writing as well as give oral presentations.

- **Mathematics**: Students will understand and apply formal logical reasoning, analytic and symbolic processing, and algebraic manipulation and construction. They will be able to understand applications, explain strategies, understand expressions, and prove equations. To gain further understanding of the mathematical processes, they will apply math skills to daily problem solving situations.

- **Science**: Students will acquire proficiency in the fundamental concepts and terms of various branches of science, such as physical, life, and earth. Students will use hands on critical thinking investigations based on scientific method in order to further research and prove/disprove a hypothesis to increase their understanding.

- **Social Studies**: Students will demonstrate an understanding of culture, diversity, and world view, recognizing the similarities and differences reflected in various personal, cultural, racial, and ethnic perspectives. They will demonstrate an understanding of the rights and the origins, functions, and sources of power, authority, and governance.

- **Technology**: Students will demonstrate an understanding of technological concepts, systems, programs, and operations in the computer lab, as well as their classroom. They will use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital
tools and resources. Students will understand the use of current technology and its real world applications such as spreadsheets, graphs, iPhoto, iMovie, and PowerPoint with their teacher and technology integration specialist.

- **Arts:** Students will develop knowledge and appreciation for the arts to include: music, dance, visual arts, and theater arts. This will be promoted through an academic curriculum intertwined with enriched instruction provided by teachers and content specialists where applicable.

- **Physical Education and Health:** Students will build a healthy and balanced body and mind through various activities that follow the physical education standards. There have dedicated time for psychomotor skills which are taught, developed, and challenged by their physical education teacher and reinforced by their teacher.

**C. Cultivating Lifelong Learners**

Additionally, students at Van Gogh Charter will develop lifelong learning skills and interpersonal skills, which include:

- **Leadership, Collaboration, and Cooperation:** Students will know and be able to demonstrate the adaptive and associative skills appropriate to their level.

- **Goal Setting:** Students will learn to set their own short-term and long-term academic goals in-keeping with their abilities and based on a high-level of expectation inherent in the school community.

- **Critical Thinking and Problem Solving:** Students will learn to be effective problem solvers and will develop critical-thinking skills.

- **Self-Discipline:** Students will learn to control their behavior at all times and will respect and uphold the values of the community through the schoolwide behavior plan that emphasizes the Six Pillars of Character.

- **Citizenship:** Students will learn and practice their civic rights and responsibilities, and will have an appreciation of their impact on the immediate community and the larger world.

**D. Specific and Realistic Achievement Targets**

Van Gogh Charter School demonstrated the ability to meet and exceed the API requirements as defined by the state and NCLB in its API score over the last six years. In 2012 Van Gogh Charter's goal will be to maintain or increase our API score by a minimum one-point gain.

In addition, the school is committed to improving its similar schools API ranking. Even though the school has experienced a strong API score in our Local District, the school has not scored well in comparisons with similar schools. This illustrates that even though we have been successful according to our API scores, there are some areas that could be improved. See chart below.

We have three subgroups considered significant to the state because they each contain over 100 students. These subgroups are White, Latino, and Socio-Economically Disadvantaged. In 2010-2011, Van Gogh Elementary met all goals including API, AYP, and AMOs. We are steadfast in our desire to maintain, and exceed, these outcomes in the future.

E. Frequency & Methods by which Students Are Assessed

Van Gogh Charter believes that assessment is ongoing and affords teachers an opportunity to develop daily lessons that meet the needs of all students based on their delineated strengths and weaknesses. As mandated by No Child Left Behind (NCLB), we are committed to ensuring that each child reaches his or her proficiency level in the areas of language arts and mathematics.

At the beginning of each school year, teachers receive data pertaining to their incoming pupils. We analyze the data from the prior year and formulate an instructional agenda based on the needs of each student to determine the level of intervention or enrichment needed.

We use a variety of assessment tools in order to get a comprehensive representation of student achievement. Data from these different assessments is collected and studied by teachers independently, with support staff, and with administration during professional development and weekly grade level collaboration. The administrator utilizes a reflection process and reviews each staff member’s individual data, analyzes the causes of the data results, discusses with both teachers and students to understand the data, and then makes recommendations for adjustment of instruction and professional development. It is our goal, at Van Gogh Charter to have all students attain their maximum level of performance and to meet or exceed grade level standards.

Standardized assessments may include, but are not limited to: CST (yearly), CELDT (yearly), District Periodic Literacy Assessments (three times per year), DIBELs (K-3: three times per year plus Progress Monitoring as needed), District Periodic Math Assessments (three times per year), and District Science Assessments (4th and 5th grade - three times per year).

Van Gogh Charter School shall determine their development, implementation, or use of periodic assessments according to the needs of its students, within the limits permitted by the Education Code. Van Gogh Charter my choose to use District assessments or design its own and will determine the timing of such assessments and coordinate with the respective Local District.

Authentic assessments are used to evaluate the child’s performance over time and in a variety of settings. Authentic assessments may include, but are not limited to: portfolios, journals, work samples, homework, teacher-devised tests, teacher observations, checklists, anecdotal records, publisher-provided criterion referenced tests, and projects. In conjunction with standardized and authentic assessments, teachers also use daily informal assessments including observations, weekly quizzes and tests, class work, and project assignments to help guide instruction.

B. In-House Benchmark Assessments

Methods by which student progress is measured, include authentic and standardized assessments:

- **Authentic Assessments:** Authentic assessments aligned with the grade-level state standards are ongoing and can better evaluate the child over time and in a variety of settings. Examples of authentic assessments include: teacher developed assignments and activities, homework, anecdotal records, journals, work samples, grade-level and teacher-developed tests, rubrics, criteria charts, short-term and long-term projects, and learning contracts.

- **Standardized Assessments and how data will be used:** California Standards Test (CST), California English Development Test (CELDT), DIBELs (K-3), *California Treasures* Assessments/Fluency, District Periodic Literacy Assessments, District Periodic Math Assessments, fourth grade CST Writing Assessment, and District Science Assessments for grades four and five. The District is currently testing all second graders to qualify for gifted identification (OLSAT). District assessments will be given to students at their appropriate grade level. Data will be used to guide instruction as teachers review the progress of students in the classroom.

C. State Mandated Testing (LAUSD Specific Language)

The Charter School agrees to comply with and adhere to the State requirements for participation and administration of all state mandated tests. As a District affiliated charter school, Van Gogh will test with the District and adhere to District testing calendars and procedures for all state mandated assessments *(pursuant to Ed. Code § 60602.5)*.

D. How Data Will Be Used

Van Gogh Charter School values data-based decision making to optimize its approach to meeting the needs of all students, to monitor the school's progress, and to establish future goals and interventions. Specific examples of this include:

- Data from combined assessments is evaluated continuously by teachers and administration in order to meet each student’s educational needs. Using this data during weekly grade level meetings helps to identify students in need of differentiation such as intervention and enrichment.

- Data from State, District, and authentic assessments are communicated to parents by the teaching staff throughout the school year in a variety of ways such as parent/teacher conferences, assessment result letters, and report cards.

- Data is used to identify and prioritize professional development needs as well as to provide topics for discussion during grade level planning.

- Schoolwide data is also shared in a public forum at monthly governance (School Site) meetings, in order to discuss upcoming program development and intervention priorities.

E. Identification of Grading Policy

Individual classroom teachers shall be primarily accountable for assessing their students' achievements with regard to standards-based grade-level work and achievement of grade appropriate content standards as well as progress toward fulfilling the skills, knowledge, and attitudes required for advancing to the next grade level. Student progress toward meeting expected student outcomes is monitored on an ongoing basis at each grade-level by regular student assessments aligned to the state's curricular standards as appropriate for each grade-level and content area.
Student progress toward achieving the State Standards will be communicated to parents by providing feedback on class assignments, homework assignments, and by means of the Unsatisfactory Progress Reports, and regular conferences with the students’ teachers.

Proficient levels of the State Standards are summarized on the Progress Report. The LAUSD Progress Report uses a 4-point scoring rubric that aligns with classroom teachers' daily work assignments. Students earn a "4" for Advanced Proficient Levels; "3" for Benchmark Proficient Levels; "2" for Partial Proficient Levels; and "1" for Not Proficient Levels. The academic standards include specific learning topics in the different subject areas for each grade level: language arts divided into reading, writing, listening, and speaking; mathematics; history and social science; science; health education; physical education; and the arts. The standards for lifelong learning (i.e., work and study habits) include use of time, independence, organizational skills, and quality and completeness of work. The standards for character development (i.e., learning and social skills) include respect, cooperation, dependability, responsibility, self-control, and fair play.

Progress is reported to the parents three times annually using the LAUSD Progress Report. Additionally, parent conferences are conducted as needed throughout the year.
**ELEMENT 4: GOVERNANCE**

*The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement*

*Ed. Code § 47605 (b)(5)(D)*

**Petition for Affiliated Charter Status**

Van Gogh Street Elementary School is an elementary school, grades K-5, that proposes to be converted to an Affiliated Charter within the Los Angeles Unified School District and to be known as Van Gogh Charter School.

As an Affiliated Charter, Van Gogh Charter School is subject to the governance of the LAUSD Board of Education, which has a fiduciary responsibility over Van Gogh Charter. Governance at the school site level shall be in accordance with the provisions of this petition and will be consistent with all applicable state, federal laws and regulations and the provisions of collective bargaining agreements. Any governance model in conflict with the above shall be null and void unless the appropriate parties have agreed to a waiver or exemption. Absent agreed upon waivers between the District and UTLA, Article XXVII of the LAUSD-UTLA CBA must be adhered to, particularly in regards to Local School Leadership Council composition and responsibilities.

In the event that Van Gogh Charter changes from affiliated charter status to independent charter status, Van Gogh Charter and/or its nonprofit corporation will be a separate legal entity and will be solely responsible for the debts and obligations of the Charter School. If Van Gogh Charter changes its status to an independent charter school, Van Gogh Charter shall submit a petition for material revision with articles of incorporation and By-Laws for District’s approval.

Van Gogh Charter will comply with the Brown Act.

Members of the Van Gogh Charter’s governing council, any administrators, managers or employees, and any other committees of the Charter School shall comply with federal and state laws, nonprofit integrity standards and LAUSD’s Charter School policies and regulations regarding ethics and conflicts of interest.

*(LAUSD Specific Language)*

The District reserves the right to appoint a non-voting single representative to the Charter School governing council.

*(LAUSD Specific Language)*

**Van Gogh Charter School Governance Council**

Van Gogh Charter School will maintain a Governance Council that will be the chief site based decision-making body for the school under the authority of the local district superintendent and under the ultimate authority of the Los Angeles Unified School District Board of Education. The Governance Council will be governed in its operations and its actions by the charter petition and the By-Laws of the Governance Council of Van Gogh Charter School, which can be revised as needed. The Governance Council will meet at least seven times per year to discuss policy and make decisions on the direction for the school. All teachers, parents, and community members are encouraged to attend council meetings. Subject to LAUSD policies and procedures, the Council will have authority for aspects of its operation including, but not limited to, the development and implementation of policies related to curriculum, personnel consistent with district policies and procedures and collective bargaining agreements, professional development, categorical block grant budget and finance, implementation of admissions, site-level scheduling, community relations, classroom usage (within district policy), use of the school site (within district policy), safety, discipline, charter revision subject to district approval, dispute resolution (within district policy), appointment of school representatives to external organizations, and interactions with LAUSD. We will abide by LAUSD policies and procedures concerning school governance, and currently have and will continue to have all school councils operating...
effectively in shared decision-making. We will continue to fulfill our fiduciary responsibility and effectively lead and manage Van Gogh Charter School.

A. Process which Ensures Staff, Student and Other Stakeholder Involvement

Parents have played a very active role at Van Gogh Elementary School and the success of Van Gogh Charter School will depend upon continuing this tradition. The highly productive collaboration between parents and educators enables us to provide the best, most enriched education possible. While parents are and will be involved in all levels of decision-making at Van Gogh Charter School, their primary role will be to help to fulfill our promise of an enriched educational experience for all children. At least one elected parent representative will serve on each of the school’s Governing and Executive Committees, including but not limited to budget, By-Laws and curriculum, ELAC (if school has 21 or more ELs enrolled), school safety, staff selection, technology, discipline and professional development.

Parents attend monthly parent meetings (Friends of Van Gogh PTO) where they elect their own officers and representatives and where they set goals for their participation. By participating in the process, parents will learn skills related to teaching their children, planning, budgeting, management, analysis and problem solving.

B. Methods by Which Schools Consult with Parents and Teachers Regarding School’s Educational Programs School Governance

Involvement in the Governing Council and the various Governing Council committees will provide for direct parent and teacher involvement in the ongoing process of reviewing and revising the school’s educational program. This will enable us to continue to meet the unique and changing needs of Van Gogh students. All Governing Council and standing committee meetings will be open to the public in accordance with the Brown Act, and all stakeholders and interested parties will be encouraged to contribute agenda items for discussion. Meeting schedules will be made available to the public (including on the school website and via organized email/phone blasts), and an agenda of each meeting will be posted publicly (at the school site and on the school’s website) at least 72 hours in advance thereof. All meetings will be held in accordance with the posted agenda and any items raised during any “public comments” period will be added to a later agenda for official discussion. The Governing Council and standing committees will also comply with all Brown Act requirements related to Special Meetings. Minutes of meetings will also be posted in a public area and on the website. The foregoing meeting requirements will be subject to any exceptions permitted under the Brown Act and following Robert’s Rules of Order.

Additional Parent Involvement Opportunities

Parent involvement is the key to the success of the school, with opportunities for both parents who stay at home and those who work full-time. Our newly established Van Gogh Parent Center provides a central place for meeting and cooperative work. Many parents volunteer, by assisting in classrooms and on the yard, and/or preparing classroom materials at home.
Parents and community members are invited to many additional activities including events such as:

Parents are essential in making the school a vital part of the community, and in fostering the diversity and excellence of Van Gogh’s enriched educational program. A parent’s inability to participate in no way impacts admission for enrollment.

C. Decision-Making Process

Van Gogh’s School Governing Council will be a consensus-oriented, decision-making body for Van Gogh Charter School. At the present, Van Gogh Charter School, a California Distinguished School, is currently a high-achieving elementary school in Local District 1 and will continue to pursue innovative, pioneering ideas that can serve as a model for other schools within all of LAUSD, both in addressing the implementation of innovative curriculum and instructional techniques, and in supporting those students who may need additional attention and intervention to succeed. This will continue to be accomplished by:

- Use of a multi-tiered approach, assisting students in meeting or exceeding grade level standards by regularly collecting and analyzing a myriad of performance-based data to determine the acquisition of skills
- Tier 1 and/or Tier 2 support in classrooms during Universal Access Time in both literacy and mathematics, with teachers using flexible groupings and differentiated instruction to target specific skill areas in need of short-term remediation

Students in grades 3-5 in need of Tier 3 interventions receive daily, intensive, smaller group support in both language arts and/or math, using a collaborative rotation (Learning Center) of the 3rd-5th grade general education teachers, the primary SDP Teacher, the former upper SDP Teacher (rehired as an Intervention Teacher), and the Resource Specialist Teacher.

The Learning Center utilizes core curriculum materials and standards, providing additional learning opportunities for the students using, scaffolding techniques, accommodations, increased structure, multi-modal teaching, preteaching, reteaching, increased time on task, technology, and smaller groupings.

An active, responsive Student Success Team (SST) meets regularly for a variety of general education issues.

All of these pursuits stem from the interest and support of the leaders of our school, thereby ensuring the active participation of parents, teachers and administrators as stakeholders in the educational process.

- Van Gogh Charter School is a neighborhood school that is providing an exemplary program integrating the arts and technology with project based learning. The residential population of Van Gogh comprises approximately 60% of the total enrollment. The remaining population of approximately 40%, includes children on childcare, open-enrollment and work permits. Van Gogh currently serves a population of 486 Kindergarten through 5th grade students. The school can accommodate a maximum of 531 students. Admission of non-resident students is contingent on grade-level space availability.

- The lottery process for admission by permit to Van Gogh Charter School will be fairly executed with a designated public drawing of applications. On the date of the drawing, a committee designated by the Governing Council will select the names of the candidates drawn. Parent(s) of chosen lottery applicants will be notified if they are admitted. A waiting list will be completed when the number of applications exceeds the number of available position at each grade level.
C. Continuing Enrollment

- All children presently attending Van Gogh Charter School, who live within the defined residential boundaries, or are here on current permits, will be allowed to continue to attend Van Gogh Elementary Charter, provided that residential/permit documentation is accurate, truancy is not an issue, and students comply with the Parent/Student Compact.
ELEMENT 9: FINANCIAL AUDITS

"The manner in which annual, independent, financial audits shall be conducted, which shall employ generally
accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the
satisfaction of the chartering authority." Ed. Code 47605 (b)(5)(1)

Categorical Funds

Van Gogh Charter School shall have control over the budgeting and expenditure of its categorical block grant
funds, including, but not limited to, the right to maintain such funds and/or establish reserves for carry over
for future school year expenditures.

As an affiliated charter, Van Gogh Charter School shall receive a portion of categorical block grant funding,
from the District, as part of the Targeted Instructional Improvement Grant, which is and will be used to
support class size reduction for schools identified as Desegregated Receiver and Predominantly Hispanic
Black Asian and Other (PHBAO).

Van Gogh Charter School must cover the cost of class size reduction commensurate with its Integration
Court Order designation (Desegregated Receiver or PHBAO).

The Van Gogh Charter School will oversee the receipt and management of the categorical block grant and
other fund allocations, and shall adhere to generally accepted accounting principles. Van Gogh Charter
School may also be subject to audits to verify the accuracy of the school's financial statements and the books
and records relating to its expenditures, as well as its attendance records, accounting practices and internal
controls.

Timing for Distribution of Categorical Block Grant Funds

Except as provided above, the District will continue to partially front-fund the categorical block grant
allocation to the Van Gogh Charter School. The categorical block grant is subject to adjustment in funding
levels and deferrals on the part of the California Department of Education. Consequently, allocations from
the categorical block grant to the Van Gogh Charter School may also be subject to adjustment in funding
levels and deferrals. In addition, Van Gogh Charter School may also be subject to District “freezes” in a
manner consistent with other District schools.

Other Sources of Funds

The District shall retain general purpose entitlement funds and any other state or federal funding, with the
exception of grants separately applied for and received by the Van Gogh Charter School, to maintain the
Charter School in accordance with their annually adopted budget and consistent with staffing norms and
support at the District norm levels. Funding from the Van Gogh Charter School will be used to enable the
school to receive norm levels at the PBHAO or desegregated receiver level, as appropriate.

Administrative Fees

The District will retain an administrative fee from the categorical block grant to cover part of oversight costs.
This administrative fee is approximately 2 percent of the categorical block grant.

Payment for Other Services

Services for programs funded through the categorical block grant, such as assessments for the GATE
program, will be separately charged to the Charter School. In addition, it will be the responsibility of the
Charter School, from site-based discretionary resources, to pay for any different or additional level of service
above the norm provided to District schools generally. The District shall, upon request, provide a listing of the costs of providing such services.

**Documentation**

The Van Gogh Charter School's financial reports shall remain a part of the District’s singe report to the Los Angeles County Office of Education or other regulatory body, as applicable. Van Gogh Charter School shall prepare and submit all required financial data and reports for inclusion in the District’s report.

**Per-Pupil Budgeting**

Where possible, Van Gogh Charter School will have the ability to implement the District’s per-pupil budgeting model.

**Audit and Inspection of Records (LAUSD Specific Language)**

Charter School agrees to observe and abide by the following terms and conditions as a requirement for receiving and maintaining their charter authorization:

- Charter School is subject to District oversight.
- The District’s statutory oversight responsibility continues throughout the life of the Charter and requires that it, among other things, monitors the fiscal condition of the Charter School.
- The District is authorized to revoke this Charter for, among other reasons, the failure of the Charter School to meet generally accepted accounting principles or if it engages in fiscal mismanagement.

Accordingly, the District hereby reserves the right, pursuant to its oversight responsibility, to audit Charter School books, records, data, processes and procedures through the District Office of the Inspector General or other means. The audit may include, but is not limited to, the following areas:

- Compliance with terms and conditions prescribed in the Charter agreement,
- Internal controls, both financial and operational in nature,
- The accuracy, recording and/or reporting of school financial information,
- The school’s debt structure,
- Governance policies, procedures and history,
- The recording and reporting of attendance data,
- The school’s enrollment process,
- Compliance with safety plans and procedures, and
- Compliance with applicable grant requirements.

The Charter School shall cooperate fully with such audits and shall make available any and all records necessary for the performance of the audit upon 30 days notice to Charter School. When 30 days notice may defeat the purpose of the audit, the District may conduct the audit upon 24 hours notice.

The Van Gogh Charter School will develop and maintain internal fiscal control policies governing all financial activities.
ELEMENT 10: STUDENT EXPULSIONS

“The procedures by which pupils can be suspended or expelled.” Ed. Code 47605(b)(5)(f)

A. Charter School Responsibilities (LAUSD Specific Language)

As an affiliated charter school of the Los Angeles Unified School District, Van Gogh Charter will follow all discipline proceedings established by the District. In LAUSD, the Student Discipline and Expulsion Support Unit provides technical assistance to schools considering recommendations for expulsion, ensures that students recommended for expulsion are afforded a fair and impartial hearing and all due process rights, and provides for post-expulsion placement and services as required by law.

Charter School shall provide due process for all students, including adequate notice to parents/guardians and students regarding the grounds for suspension and expulsion and their due process rights regarding suspension and expulsion, including rights to appeal, in accordance with District policies and procedures.

Charter School shall utilize alternatives to suspension and expulsion with students who are truant, tardy, or otherwise absent from compulsory school activities.

Outcome Data

Charter School shall maintain all data involving placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request in accordance with District policies and procedures.

Rehabilitation Plans

Pupils who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Los Angeles City Board of Education at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the Charter School for readmission.

Readmission

The Charter School shall follow District policies and procedures with regard to requests for readmission and the process for the required review of all expelled pupils for readmission. A description of the procedure shall be made available to the pupil and the pupil’s parent or guardian at the time the expulsion order is entered. The Charter School is responsible for reinstating the student upon the conclusion of the expulsion period whether the student seeks readmission or not.

Special Education Students

In the case of a student who has an IEP, or a student who has a 504 Plan, the Charter will ensure that it follows the correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and Section 504 of the Rehabilitation Plan of 1973 and the Modified Consent Decree. An IEP team, including a District representative, will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Policies and Procedures Manual. Prior to recommending expulsion for a student with a 504 Plan, the charter administrator will convene a Link Determination meeting to ask the following two questions: A) Was the misconduct caused by, or directly and substantially related to the student’s disability? B) Was the misconduct a direct result of the Charter’s failure to implement 504?
Gun Free Schools Act

The Charter School shall comply with the federal Gun Free Schools Act.

B. General Discipline Approach

Students and their families are notified of their rights in the Parent Student Handbook given out at the beginning of each year. Any provision in the charter petition, Parent Student Handbook, or Parent-Student Compact that conflicts with LAUSD discipline policy and procedures, state and federal laws shall be null and void.

Standards and Conduct

Van Gogh Charter embraces the theory of positive discipline. We use problem solving rather than punishment to help children become successful students and citizens. Parent/child/school cooperation and support is crucial. To this end, the Parent-School Compact, sent home on the first day of school, addresses the responsibilities of each signatory to the Compact. In addition, standards and expectation for behavior are explained by each teacher in every classroom. Students are expected to maintain our schoolwide standards of behavior, which are based on the Six Pillars of Character.

Six Pillars of Character:

1. Take responsibility for yourself and your actions.
2. Demonstrate that you are contributing citizen of your school community.
3. Always treat others with respect.
4. Show fairness to others in class as well as on the playground.
5. Show kindness to others who need assistance.
6. Prove yourself to be trustworthy to your peers and school staff.

Positive Behavior Reinforcement

Van Gogh Charter embraces the theory of consistent, positive discipline. Van Gogh utilizes problem-solving and positive and negative consequences, as an alternative to punishment to help students become successful. Parents sign off on their understanding of a behavior compact on a yearly basis. Students are expected to behave appropriately throughout the day. At the beginning of the year, administration and teachers discuss expectations of student behavior. A new Pillar of Character is introduced each month. Students from each classroom who exemplify this character are rewarded at a “Citizen of the Month” assembly in which parents are invited to attend. In addition, tickets are given by teachers, administration, and aides to students who demonstrate proper behavior. Each Monday, all of the students meet on the yard for the “Morning Greeting”, and announcements including “Caught Being Good” winners. At this assembly several tickets are drawn to recognize students with a prize.

Schoolwide Behavior

Morning recess and lunch recess are times for play, relaxation, and to share time with friends from different classes and grade levels on the playground. During recess students have the option of visiting the library, in lieu of playing on the yard. All students are expected to follow the Six Pillars of Character. However, if there are infractions, there are consequences for the misconduct.

Consequences for Misconduct

When possible and appropriate the following progressive discipline plan is followed:
• First offense: Students are given an explanation of the offense and appropriate rules are reviewed.
• Second offense: Students who need a cooling off period are directed to a specific area by the teacher or supervision aide until they are deemed ready to rejoin the class.
• Third offense: Students are removed from the game or classroom. Students may be given community service as a result of their behavior. Any students involved in physical altercations will meet with the principal.

Further behavioral infractions are handled according to LAUSD policies and procedures.

C. Administrators Role in Suspension/Expulsion

If suspension is necessary, the principal will notify the parent, remind the parent that suspension is a disciplinary action, and schedule a parent conference. The principal will inform the parent that the parent is expected to respond without delay to any request from school officials to attend a conference regarding his or her child’s behavior.

No student will be penalized for his or her parent’s failure to attend a conference with school officials, i.e., reinstatement of the suspended pupil will not be contingent upon attendance by the pupil’s parent at the school conference (E.C. section 48911).

The principal may suspend a student without affording him/her an informal conference only if an emergency situation exists. The term “emergency situation” means that the principal has determined that the immediate conditions constitute a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended from school without the conference, the designated administrator will notify both the parent and the student of their right to a conference and of their right to return to school for that purpose. The conference will be held at the earliest time possible but no later than two school days after the incident takes place unless the student waives this right or is physically unable to attend. In the latter instance, the conference will be held as soon as the student is able to attend.

D. Length of Suspension

The length of suspension for students may not exceed a period of five (5) consecutive school days. All reasonable arrangements will be made to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. Students of General Education (including students served under a 504 Plan) will not be suspended for more than 20 school days in any school year (30 days if student transfers to another school). Students with disabilities will not be suspended for more than 10 school days in any school year.

E. Grounds for Suspension and Expulsion

A student may be recommended for suspension or expulsion for any of the following reasons, as specified in Education Code Sections 48900 et seq:

• Caused, attempted to cause, or threatened to cause physical injury to another person.
• Willfully used force or violence upon the person of another, except in self-defense.
• Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object, unless, in the case of possession of any object of this type, the pupil had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal.
• Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind.
• Unlawfully offered, arranged, or negotiated to sell any controlled substance listed in Chapter 2
(commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to any person another liquid, substance, or material and represented the liquid, substance, or material as a controlled substance, alcoholic beverage, or intoxicant.

- Committed or attempted to commit robbery or extortion.
- Caused or attempted to cause damage to school property or private property (includes, but is not limited to, electronic files and databases).
- Stole or attempted to steal school property or private property (includes, but is not limited to, electronic files and databases).
- Possessed or used tobacco, or any products containing tobacco or nicotine products, including, but not limited to, cigarettes, cigars, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets, and betel (exception made for use or possession by a pupil of his or her own prescription products).
- Committed an obscene act or engaged in habitual profanity or vulgarity.
- Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Section 11014.5 of the Health and Safety Code.
- Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties.
- Knowingly received stolen school property or private property (includes, but not limited to, electronic files and databases).
- Possessed an imitation firearm.
- Committed or attempted to commit a sexual assault as defined in Section 261, 266c, 286, 288, 288a, or 289 of the Penal Code or committed a sexual battery as defined in Section 243.4 of the Penal Code.
- Harassed, threatened, or intimidated a pupil who is a complaining witness or a witness in a school disciplinary proceeding for the purpose of either preventing that pupil from being a witness or retaliating against that pupil for being a witness, or both.
- Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- Engaged in, or attempted to engage in, hazing as defined in Section 32050.
- Aided or abetted, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person (suspension only).
- Committed sexual harassment (grades 4-12). Section 48900.2 (E.C. 48900et seq.)
- Caused, attempted to cause, threatened to cause, or participated in the act of hate violence (grades 4-12). Section 48900.3.

- Made terroristic threats against school officials, school property or both. Section 48900.7.
- Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act, as defined in subdivisions (f) and (g) of Section 32261, directed specifically toward a pupil or school personnel.

It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against any pupil who is truant, tardy, or otherwise absent from school activities. The principal may use discretion to provide alternatives to suspension or expulsion including, but not limited to counseling and an anger management program.
Suspension Appeal Procedures

The principal is to advise the parents of the appeal procedures when they disagree with the suspension. The appeal may first be made to the school principal (not designee). If the parents wish to appeal the principal’s decision, they may appeal to the Local District Operations Administrator or designee. The Local district appeal conference will be arranged as soon as possible following the parents’ request; during the period of appeal, the suspension remains in effect for the length of time designated.

The results of the appeal may include, but are not limited to:

- Sustaining the suspension in all respects.
- Modification of penalties imposed.
- Rescinding the suspension and expunging the suspension from the student’s records.

The parents will be notified in writing of the appeal decision. Copies of any objections the parents may have to the decision will be included in the student’s discipline records if the parents so request.

F. Expulsion Procedure

Only the Principal of Van Gogh Charter can recommend that a pupil be expelled.

Whenever a student is accused of an act for which an expulsion may be recommended, the principal will conduct an incident investigation by:

- Discussing the matter with district officials, in accordance with LAUSD’s Discipline Expulsion Support Unit that could provide technical assistance in the process, if required
- Identifying and interviewing witnesses
- Securing oral and written statements
- Reviewing appropriate student records

The administrator will also notify law enforcement if certain acts have been committed by the student, including assault with a deadly weapon, possession of narcotics or controlled substances or possession of a weapon at school. The principal will then consult with the Student Discipline Proceedings Unit of LAUSD regarding the appropriateness of an expulsion, and additionally consult with his/her administrative supervisor. If expulsion is recommended, the Principal will conduct any necessary conferences and forward all information to the Discipline Unit in accordance with district policy.

The LAUSD Student Discipline Proceedings Unit is charged with ensuring that students recommended expelled without suspended enforcement and therefore not be allowed to attend any LAUSD school or program during the term of expulsion.

Therefore, in the event that a student requires expulsion, Van Gogh Charter will work with LAUSD and implement BUL-4655, March 13, 2009 as the guiding practice for expulsion. Van Gogh Charter will notify the local District Superintendent of any potential expulsion case and provide the local District Superintendent with a copy of the case file for review. It will be the local District Superintendent that will review the case and prepare the recommendation to expel the student. Van Gogh Charter School will cooperate fully as indicated above with LAUSD in preparing the file for student expulsion and participate and cooperate with the LAUSD Board decision on the plan for rehabilitation.
G. Disciplinary Records

The Van Gogh Charter will follow District policies and will maintain the confidentiality of pupil records of all student suspensions and expulsions in locked files at the school. These files will only be accessible to the school administration and designated staff members providing services to the students. Such records will be made available to the District upon request.

A. Revocation

The district may revoke the charter of Van Gogh Charter School if Van Gogh Charter School commits a breach of any terms of its charter. Further, the district may revoke the charter if Van Gogh Charter School commits a breach of any provision set forth in a policy related to Charter Schools adopted by the District Board of Education and/or any provisions set forth in the Charter School Act of 1992. Revocation proceedings are not to be subject to the dispute resolution clause set forth in this charter.

B. Closure Procedures (LAUSD Specific Language)

Charter schools are required to adhere to the program accessibility requirements of Federal law (Americans with Disabilities Act and Section 504).

**Occupancy of the Site:** The charter petitioner or developer shall provide the District with a final Certificate of Occupancy issued by the applicable permitting agency, allowing the petitioner to use and occupy the site. School Governance Council Resolution

School Site Council Meeting
Van Gogh Street Elementary School
February 14, 2012

In attendance: Irene Majers, Angel Zobel Rodriguez, Ted Young, Cindy Goodman, Karen Arsenault, Lisbeth Parrales, Harvey Abram, Gale Gunderson.

Gale reviewed in detail the single plan for school achievement. She then spoke about the affiliated charter application. The Certificated staff voted last year to proceed with the application. The vote was 1 “no”, 2 “maybe”, and the rest “yes”.

Amendment to the minutes:
The School Site Council needs to vote to proceed with the Affiliated Charter process. Angel Zobel Rodriguez moved to have the school proceed with the Affiliated Charter application and process. Irene Majers seconded the motion. SSC members unanimously voted to support Van Gogh in the quest to become an Affiliated Charter. The motion passed.
The Principal of the Charter will remain Gale Gunderson
The on-site Financial Manager will remain Raquel Acosta
The lead petitioners are:
- Principal: Gale Gunderson
- Teachers: Linda Hirsch, Cindy Buchholz, Harvey Abram, Leigh Ann Perry
- Parents: Mary Huffman, Monica Young, Irene Majers, Christina Charles.

The school site council is invited to attend the faculty meeting on Tuesdays at 1:30pm. The affiliated charter application is due on March 15th. Gale will present the affiliated charter application to the PTO on February 15th and then submit the first draft immediately following. There are individual elements to the plan. Each element is being worked on by members of the faculty. Examples of elements are: expulsion, attendance, etc.

Irene Majers asked about open enrollment in relationship to the affiliated charter. Gale indicated that students who are on open enrollment would be honored in the charter.

Angel Zobel Rodriguez made a motion to approve the single site plan. Ted Young seconded the motion. No questions were asked. Motion passed unanimously.

Safety: Gale spoke about safety at the school and around the school. There was an article about the Sunshine Canyon Landfill in the LA Times about all of the great things they are doing to keep the odor out. Van Gogh was in the photo. Gale contacted LAUSD. There is machinery at the school that tracks the odor which can’t be accessed because it would have to be accessed when the school is closed. Gale worked out a plan with them.

Meeting adjourned at 3:25pm.

Next meeting is on Tuesday, March 20th at 2:45pm.
