STUDENTS THE SCHOOL PROPOSES TO SERVE Demographic data of the target population (this is done by completing the attached matrix.); Academic achievement data; other applicable characteristics of the target population (does the school propose to target potential dropouts? newcomer populations? other?)

Our current enrollment is approximately 1,200 students in grades 6th through 8th. In 2011-12 our enrollment was 1,311 students. Our school’s demographics have remained consistent over the past 5 years. During 2011-12, our racial and ethnic make-up consisted of 658 (50.2%) Hispanic students, 372 (28.4%) White students, 150 (11.4%) Black students, 59 (4.5%) Asian students, 58 (4.4%) Filipino students, 11 (0.8%) Al/Alaskan students, and 3 (0.2%) Pacific Islander students. There has been a slight increase in socio-economically disadvantaged students. According to the 2011-12 Language Census, more than 20 different languages are spoken by the families of students attending Woodland Hills Academy. Other than English, Spanish is the second largest language spoken, at approximately 39%, followed by Farsi (2%) and Filipino.
(2%). We currently have 127 students identified English Learners through the LAUSD’s criteria. Last year we had 128. The state of California still recognizes approximately 194 students as EL. These students include EL and RFEP students who have not attained three years of Proficiency on their CSTs. Approximately 158 students are students with disabilities, and 279 students are identified as Gifted and Talented. Through professional development, we will reexamine and refine our practices to maintain culturally responsive and relevant education (CRRE) that reflect our school community, as well as provide a personalized learning environment that will meet each student’s needs.

See attachment #3 Demographic Data.
MISSION AND VISION

The mission of Woodland Hills Charter Academy is to provide a college preparatory educational program that encourages a positive self-image, creative expression, critical thinking, and academic excellence challenging students to excel to their own highest potential while developing 21st century skills for college and career readiness.

The vision of Woodland Hills Charter Academy is based on teachers, administrators and the staff’s belief in the importance of respecting other’s abilities and differences, creating a safe, nurturing environment where students feel they belong, encouraging and building collaboration between school, home and community, and maintaining high standards for all students while encouraging and supporting them to achieve their full potential.

We are a school serving a culturally diverse student body. Each student will realize his/her potential in all curricular areas through personal learning emphasizing diversity, growth, and enrichment in a safe environment that promotes nurturing and mutual respect. All stakeholders will work together to develop students who have the habits of lifelong learners, including literacy, thinking, processing, and communication skills required to adapt their knowledge to an ever-changing world and to be responsible, productive members of a local and global community.

WHAT IT MEANS TO BE AN “EDUCATED PERSON” IN THE 21ST CENTURY

An “educated person” in the 21st century is one who can think critically, utilize a wide variety of resources to accomplish tasks, access available technology to its full potential, understands the link between physical and mental health, and can contribute as socially responsible citizens to his community and world (Jackson and Davis, 2000).

HOW LEARNING BEST OCCURS

Learning best occurs in student-centered classrooms where students take responsibility for their own learning (Fisher, 2008). Woodland Hills Charter Academy’s teachers will utilize block schedule and other teaching models in which increased instructional time is given to engaging students in inquiry, collaboration, and student discussion. Professional development will focus on differentiation and the development of lesson plans which increase student engagement. Learning also best occurs when it is done in a safe environment (Roberts, 1999). Students will be placed in grade level academies. These personalized learning environments will provide a network of support and encouragement to support student learning and interests.
HOW THE GOALS OF THE PROGRAM ENABLE STUDENTS TO BECOME SELF-MOTIVATED, COMPETENT, AND LIFE-LONG LEARNERS

The goal at Woodland Hills Charter Academy is to create lifelong learners who maintain their interest and curiosity for learning. This is encouraged and promoted by affording students the opportunities to be active participants in learning through an innovative and rigorous curriculum which is accessible and attainable by all students. Goals related to this concept include, but are not limited to:

- Success period to provide intervention and enrichment during the school day for all students.
- Woodland Hills Charter Academy's students will be enrolled in grade level academies, these personalized learning environments will provide a network of support and encouragement to support student learning which address their personal interests and curiosities.
- Assuring that students have learning experiences beyond classroom instruction through exposure to guest speakers, field trips, service learning experiences, and access to extensive enrichment through electives and school clubs.
- Providing supplemental materials that expand on resources provided by the basic curriculum in order to make the core curriculum more relevant and engaging.

DESCRIBE A TYPICAL DAY (Narrative)

On a typical day at Woodland Hills Charter Academy student will start their day with Success period during which he or she will receive enrichment or intervention, depending on his/her needs, followed by core and elective classes. Intervention may be in math or Language Arts, as determined by his/her core teachers. If intervention is not needed, the student may receive enrichment such as a course in art, drama, journalism or body awareness. During Success, he/she may also have a conference with his/her teacher about his/her academic goals for the school year. The students' teachers will work together to develop common practices such as the use of Cornell notes and other instructional strategies. In each of their core classes, students will be engaged in student-centered lesson including: direct instruction, cooperative learning, project-based learning, simulations, hands-on-learning/integrated technology, often using interactive notebooks. For example: seventh grade English students may write an essay comparing and contrasting the modern AIDS epidemic and the Black Plague’s effects on society while studying Medieval Europe in history class, world-wide pandemics in science, and analyzing the data in their math class. Their final assignment would be to create a multi-media presentation in which they must synthesize information obtained
through all four disciplines. All four core academic teachers will evaluate the students’ final product and assign an academic grade. Their academic assessments will be both formative and summative and developed in alignment with the California state standards and framework.

During lunch students may participate in clubs such as the French club, the Rotary club, Gay Straight Alliance, knitting with jazz, Christian club, anime, game club and others, receive tutoring in mathematics, science, history or language arts, or play on the athletic fields. Before and after school athletic programs will be provided so that students can interact socially in an athletic environment.

**DESCRIPTION OF INSTRUCTIONAL PROGRAM AND CURRICULUM**

**Instructional Framework, Delineation of the Core Subjects, and Innovative Components:**

Woodland Hills Academy's instructional framework focuses on the whole child with programs that enhance their strengths and build on areas for improvement. Instruction is devoted to academic rigor, use of data to drive instruction, and personalized learning environments. Teacher reference, assessments, academic performance, and parent or student referral place students in the proper academic setting to address their diverse needs. Students are placed in SAS/honors, regular or sheltered classes for each of their academic content areas. Students with disabilities are supported in their academics through resource assistance, collaborative co-taught classes, and Special Day classes. In addition to a rigorous academic program, Woodland Hills Charter Academy has a strong elective department that includes exploring art, graphic arts, film appreciation, drama, Our Global World, Environmental Science, Zoology, journalism, yearbook, service, Building a World of Tolerance, yoga, body movement awareness, hockey, study hall, Spanish 1, AVID, tutoring, computer keyboarding, EXCEL, powerpoint, and an award winning music department which offers chorus, concert band, and string orchestra. Sixth grade students will have the option to rotate through classes for ten weeks each which exposes them to a variety of specialized interests such as cooking, current events, creative writing, film, yoga or as an alternative to the elective wheel beginning winds or beginning strings. Rounding out the instructional framework is a Physical Education program that strives to promote life-long physical fitness and the relationship between a healthy mind and a healthy body.

Woodland Hills Charter Academy will implement grade level academies in the fall of 2013 which will enable us to provide individualized, students centered, instructional opportunities for all students in a personalized learning environment. During our first year as a charter, the academies will work together to further refine their purpose, common practices within the grade levels, and goals. The success of the academies will be measured by teacher reflection within grade levels on a quarterly basis, annual parent and student experience surveys, periodic assessments, and standardized test
scores. Data will be evaluated on an ongoing basis to develop action steps if data indicates change is required.

Grade level academies will be utilized to provide personalized learning environments in which teachers work together by grade level and departments to develop interdisciplinary lessons and units which are relevant to our students, with a focus on real-life applications. Team members will also work together to provide tier one interventions for both academics and behavior.

**Teaching Methodologies:**

With an understanding and current professional development of Common Core Standards, Woodland Hills Charter Academy teachers will use varied instructional practices, including differentiation and response to intervention to address the needs of all students as per Gardner. Methodologies include, but are not limited to: close reading, academic vocabulary instruction, scaffolded instruction, extension, SDAIE, critical thinking, questioning, and more.

- Projects to address multiple intelligences: Teachers will provide students with project choices that address multiple learning styles such as oral presentations, technology-based presentations, readers theater, dramatic presentations, written projects, and nonlinguistic representations.
- Project-based learning: Students work in groups to solve a real-world problem or challenge and prepare a presentation within the parameters set by the teacher or academy.
- Collaborative learning: Students are provided the opportunity to work together to complete specific tasks such as solve problems, discover information, and complete projects. Students are asked to apply what they have learned during guided instruction.
- Inquiry-based learning: Students are challenged with higher level questions to encourage critical thinking, participation in class discussion, and collaborative learning.
- Experimentation: students develop and test hypotheses.
- Cross-curricular instruction: Teachers work together or alone to prepare lessons and projects that are interdisciplinary.
- Authentic assessment: Teachers evaluate students' abilities in 'real-world' contexts. Students learn how to apply their skills to authentic tasks and projects. The focus is on students' analytical skills; ability to integrate what they learn; creativity; ability to work collaboratively; and written and oral expression skills.

Data driven professional development and continuous improvement sessions will be implemented to support teaching strategies and methodologies to target deficiencies.
Scope and Sequence and Different Subjects the School Plans to Teach:

reading comprehension, drawing inferences, critical thinking, problem solving, communication, social development, emotional well-being, deductive reasoning, skill application, inductive reasoning, cooperative learning, quantitative and qualitative analysis, and the use of appropriate technology. Beginning in the spring 2013, Woodland Hills Charter Academy teachers participated in professional development on the Common Core State Standards to prepare for the transition and develop lesson plans which teach all of the new skills that the Common Core State Standards and the Smarter Balance assessments will require. The following courses are required at Woodland Hills Charter Academy to address and meet the scope and sequence of skills taught across the grade levels and the different subjects the school teaches.

See Attachment #4 Courses.
How the Curriculum Addresses California Content Standards:

Common Core:
Charter School assures that the school will transition to and implement the Common Core State Standards and Smarter Balanced Assessments according to LAUSD established timelines.

How the Teaching Methodologies and Instructional Program Address the Needs of the Targeted Student Population:

The teachers of Woodland Hills Charter Academy as well as the Leadership Council will use current research and student data to drive best teaching methodologies while utilizing rigorous conceptual learning at each grade level. Standard methodologies include:

• Academic Rigor—Students actively explore, research, and solve complex problems to develop a deep understanding of core academic concepts.
• Clear Expectations—Teachers clearly define and articulate state standards in student-friendly language to ensure academic goals are attained.
• Collaborative Groupings—Teachers create small groups in order for students to interact with their peers. Students share their thinking processes to maximize learning. Cooperative groups promote diverse perspectives, student-centered learning, and teamwork.
• Criteria Charts/Rubrics—these tools help focus students to effectively meet and exceed teacher expectations and objectives of the assignment. Charts/rubrics are based upon curricular standards and objectives.
• Direct Instruction—Teachers use carefully planned direct instruction to teach standards-based lessons.
• Guided & Independent Practice—Teachers provide students with adequate time to be successful at demonstrating their understanding of the concepts or skills being taught.
• Small Group Instruction—Teachers create small groups to target students who need extra instructional time as well as preview and review.
• Differentiated Instruction—Teachers provide lessons and assignments within the core curriculum that allow students to perform at their appropriate academic levels while maintaining or exceeding state standards.
• Higher-level Thinking—Teachers design lessons that develop critical thinking skills, which help to solve complex problems with depth and complexity. Students are encouraged to utilize the highest stages of Bloom’s Taxonomy such as synthesis, analysis, and evaluation and Costa’s highest levels including: generalize, imagine, judge, predict and speculate.
• If/Then Hypothesize Forecast—Students use Kaplan gifted strategies to explore curriculum using depth and complexity prompts. Teachers can tailor the curriculum to challenge students based on their interests and abilities.
• Integration of the Arts—Teachers use drama, dance, music and visual arts to enhance their students’ thinking and learning experiences.
Experiential Learning—Students learn by doing. Students relate to the curriculum through plays, field trips, labs, simulations, and experiments. It is through these involvements that students process, analyzes, and conceptualize the experience.

Researched-Based Evidence that the Proposed Instructional Program has been Successful with Similar Student Populations and/or will be Successful with the Charter’s Targeted Population:

Substantial research has been done by educators such as Robert Marzano, Douglas Fisher, Kate Kinsella, and Richard DuFour that demonstrates the proposed instructional program for Woodland Hills Charter Academy will be successful with our targeted population. We believe that the strategies supported by this research will improve the achievement of our at-risk students and address the needs of our high achieving students as we work with all students to reach their full potential. DuFour’s work on Professional Learning Communities is the basis for our development of grade level academies.

Robert Marzano’s book, Classroom Instruction that Works, describes several strategies that will produce significant student gains when implemented correctly. He supports his assertions with highly regarded research. In particular, Woodland Hills Charter Academy will focus on collaborative learning (referred to as cooperative learning in Marzano) and strategies that are directed at higher order thinking skills such as generating and testing hypotheses, cues, or questions, finding similarities and differences, and Cornell note taking.

Douglas Fisher’s gradual release of responsibility model in which teachers shift the focus of their instruction from teacher-centered to student-centered is the basis for our focus on project-based learning and performance assessment. Like Marzano, Fisher’s model also includes a focus on collaborative learning, cues and questions.

Finally, Dr. Kate Kinsella’s, nationally recognized reading expert, intensive intervention program work on addressing academic language and literacy development in linguistically and culturally diverse classrooms. Each teacher that an English Language Learner or a struggling reader encounters must be prepared to teach vocabulary in a way that is viable, engages the student in the instruction, and gets him or her to use the vocabulary. We will look at the big picture of comprehensive strategies for helping protracted English Language Learners and struggling readers build academic vocabulary.

With a focus on best practices in regards to the instructional program, Woodland Hills Charter Academy has increased the API from 698 in 2006-2007 to 784 in 2011-12, a total of 86 points API growth over the past five years. That is one piece of evidence of our proven successful and rigorous instructional program.

See attachment 5 API.
The Textbooks or Other Instructional Resources to be used:

Woodland Hills Charter Academy shall exercise the right to select the state adopted textbooks and instructional materials that will be utilized at the school site, as well as whether district periodic assessments or assessments created or selected by the school site will be used.

Departments, working with the school Leadership Council, will decide which periodic assessments and instructional materials are most suitable for Woodland Hills Charter Academy, target student populations, and make recommendations to the Expanded School Based Management Model Leadership Council (hereafter referred to as the ESBMMLC). The Woodland Hills Charter Academy will make all final decisions regarding the choice of instructional material, including textbooks. All assessments and curricular materials will be aligned with California State Standards and Common Core State Standards.

See attachment #6 Textbooks and Materials

How the School will Recruit Teachers who are Qualified to Deliver the Proposed Instructional Program:

Teacher Recruitment and Woodland Hills Charter Academy Hiring Guidelines:
• Full-time classroom teaching positions will be filled by highly qualified certificated employees, as identified by the No Child Left Behind legislation (NCLB), holding California teaching credentials. Teachers will be recruited, selected and qualified in accordance with District and Personnel Commission’s Policy and Procedures and the provision of the ESBMM agreement between LAUSD and UTLA.
• All teaching staff members will be chosen in accordance with District and Personnel Commission Policy and Procedures and collective bargaining agreements and the provision of the ESBMM agreement between LAUSD and UTLA.
• More than one certificated employee may share a full-time position based upon collective bargaining agreements and District Policy and Procedures and the provision of the ESBMM agreement between LAUSD and UTLA.
• The Teacher Selection Committee will follow the provisions of the ESBAMM agreement between LAUSD and UTLA.
How the School will Provide Ongoing Professional Development to Ensure that Teachers have the Skills to Deliver the Proposed Instructional Program:

The goal of professional development at Woodland Hills Charter Academy School is to address personal learning emphasizing diversity, growth, and enrichment by raising academic achievement through data-driven instruction using My Data, CORE K-12, and other assessments. Woodland Hills Charter Academy has set a goal to increase the number of students who are proficient and advanced in ELA by 16% and in mathematics by 15% during the 2013-2014 school year. Professional Development will be an on-going component and an effective tool used to address the curricular needs of our students and teachers. Professional development issues, ideas, and products will be driven by the students’ and staff’s needs and interests that are then forwarded to the ESBMMLC for formalization of appropriate training and products. Woodland Hills Charter Academy will participate in both site level and district professional development activities.

In order to achieve this school-wide goal, all Fridays will be dedicated to PD/CPT. The 90 minute group sessions will involve the following:

- PD/CPT demonstrating instructional methodologies and research-based strategies for improving pedagogy. Trainings relating to rigor, motivation, My Data, Personalized Learning Environments (academies), instructional technology, data analysis, rubrics, and assessments will be implemented to create a more effective team of educators in our educational program (Sepanlou, 2008).

- PD/CPT relating to brain-based research, SDAIE methods, reciprocal teaching, cooperative learning, project-based learning, instructional teams, and data-based instructional strategies.

- Collaborative grade level academy meetings.

- Department Instructional meetings

- SAS/GATE teachers will meet to address the needs of gifted students.

- Special Education teachers will collaborate with departments to address Special Education issues.

- Provide access to outside facilitators/presentations to the faculty/staff.

- Collaboration with neighboring schools.

- Teachers are encouraged to attend educationally relevant conferences, seminars, and workshops throughout the year.

- Address guidelines and LAUSD homework policies with intent to modify for our student population

- Collaborate to lower the number of students who are not meeting the district’s culmination standards (“Non-Par”).

- Woodland Hills Charter Academy will participate in P.D. provided by the district in accordance with the affiliated bulletin.

The School’s Academic Calendar and Sample Daily Schedule (which explains the rationale for allocation of instructional time to different subject matter areas, as well as
an assurance that the school will offer, at minimum, the number of minutes of instruction set forth in Education Code § 47612.5):

- School calendar: Woodland Hills Charter Academy will adhere to the traditional calendar as set forth by LAUSD (see attachment A). We will have a total of 350 minutes on Monday, Tuesday, Wednesday, and Thursday. We will have a total of 280 minutes on Friday and 220 minutes on minimum days. Woodland Hills Charter Academy assures that the school will offer, at minimum, the number of minutes of instruction set forth in Education Code S47612.5.
- Woodland Hills Charter Academy will reconfigure dismissal times through a District waiver to combine Fridays.
- With the bell schedule listed below, all courses – history, language arts, mathematics, science, physical education, and electives, are offered during periods one through six for seventh and eighth graders. Sixth graders will take their core academics periods one through four.
- Woodland Hills Charter Academy, for the past two years, has employed a block period schedule for all students.

Please refer to Attachment #2 WHCA Bell Schedule.

Total Daily Minutes: 350 Monday thru Thursday, 280 Fridays, 220 Minimum Days
Total Annual Minutes: 62,280
HOW THE INSTRUCTIONAL PROGRAM WILL MEET THE NEEDS OF SUBGROUPS

Transitional Kindergarten (for elementary only):
Affiliated charter school will implement Transitional Kindergarten (TK) in accordance with District Policy.

N/A

English Learners (including reclassification):
As a District affiliated charter school, the Charter School shall implement the provisions of the District’s Master Plan for English Learners and comply with all applicable federal and state laws, District policies and procedures related to the implementation of the English Learner Master Plan.

• As a District affiliated Woodland Hills Charter Academy, Woodland Hills Charter Academy shall comply with all applicable laws (federal and state), policies and procedures set forth in the District’s New English Learner Master Plan, as it may be changed from time to time, including but not limited to English Learner (EL) identification, parent notifications, assessments, progress monitoring, and reclassification.
• Students in ESL are placed into a block schedule to maximize their time to acquire the English language using the High Point curriculum or other resources which has been adopted by the district. Students placed in PRP sheltered English classes and sheltered academic classes are taught by teachers who have been trained and authorized to teach English Learners using SDAIE techniques and state-adopted texts. A bilingual Teacher Assistant provides primary language support for beginning ESL students.
• Ongoing professional development on SDAIE lesson design and other research-based strategies will be provided to ensure that EL students are accessing the curricula.
• Newly reclassified students are provided support as needed.
• PRP and RFEP students not proficient in ELA are scheduled into tier two intervention in Language Arts in order to meet their needs.
• After school intervention will be provided to EL and RFEP students not making adequate yearly progress by offering additional support in ELA and math.
• Students identified as English Learners are monitored periodically by the Categorical Program Advisor and counselors to ensure that they are making adequate yearly progress toward reclassification and
achievement. Monitoring takes place at the beginning of the year, after progress and final report cards, after CELDT reports, and at the end of the year. If students are progressing one ELD level per semester and/or are not meeting requirements for reclassification, conferences are made with parents, teachers, and counselors to make referrals or recommendations for further support, including after school High Point tutoring and LAT/SST.

- For the first two years after reclassification, the Categorical Program Advisor and counselors annually monitor the RFEP students to ensure that they are continuing to make adequate yearly progress toward proficiency and advanced in both ELA and Math on their CSTs as well as being successful in all their academic classes. Letters are sent home notifying parents if the students are not making adequate yearly progress. Additional support and intervention are recommended for students who are not making adequate progress, including recommendations for after school tutoring, referral for an LAT/SST, and placement for tier two intervention.

- The Success period will provide PRP students with English Language Skills or (ELS) courses. ELS courses are English Language Development (ELD) academic support courses for Secondary English learners (ELs) in the Preparation for Reclassification Program (PRP). These courses are offered to PRP students who are in need of additional ELD above and beyond the ELD provided in their English/Language Arts class (ELA).

Woodland Hills Charter Academy shall comply with all applicable laws (federal and state), policies and procedures set forth in the District’s English Learner Master Plan, as it may be changed from time to time, including but not limited to English Learner (EL) identification, parent notification, assessment, progress monitoring, and reclassification.

**Socioeconomically Disadvantaged Students:**

Students are identified as socio-economically disadvantaged based on whether they qualify for free or reduced-priced lunches through the federally-funded School Lunch Program. The needs of the socio-economically disadvantaged students will be monitored by the counselors and met by the following programs:

- Parenting seminars provide education for parents on how to support their students’ education and college readiness.
• AVID supports underrepresented minorities and low-income students so that they can access rigorous curriculum and succeed in A-G coursework to prepare for college entrance.
• High-interest student generated lunch time clubs will be provided for all students. Clubs currently include the French Club, Bible Club, Gay Straight Alliance, Jazz, Hockey, and Knitting. Late buses will be provided for students who are in our traveling programs so that they can participate in clubs and afterschool tutoring.
• The SUCCESS period will provide students with a variety of enrichment opportunities that cannot always be provided in the regular classroom setting including multicultural education, art education and speech and debate.
• Students will be provided field trips to the theatre, museums, aquariums and local beaches for units on conservation and marine biology.
• Access to all extracurricular programs will be provided without financial constraints.
• College Awareness and Career Readiness programs will be provided to all students. Low income students will be able to take the EXPLORE for free. An outreach will be made to encourage the participation of Socio-economically disadvantaged students.

**Gifted Students:**

Charter School will continue to use LAUSD’s GATE identification process and policy and reimburse the District for testing and processing on a fee-for-service basis.

Woodland Hills Charter Academy has a significant identified GATE population. Students who are identified gifted are placed in honors classes in order to provide them with a curriculum that has complexity, novelty and depth. Teachers utilize the depth and complexity icons developed by Dr. Sandra Kaplan. Teachers challenge students with more complex thinking and responses incorporating a resource rich environment (Kingore, 2004)

Because gifted students often come into a class with a great deal of prior knowledge of the content and because they also do not need as many repetitions to learn new information, teachers are able to “compact” the curriculum, which then allows time for more challenging learning experiences (Reis, 1992). Instructional units are characterized by the inclusion of long term projects, advanced resources, and student selected products which encourage novelty and creativity. Students have access to
higher level mathematics courses to allow them access to a more rigorous math curriculum.

All GATE teachers participate in ongoing training and professional development on the socio-emotional and academic needs of gifted students. A mentoring program for underachieving GATE students has been established by matching a teacher with a struggling GATE student.

Woodland Hills Charter Academy constantly challenges its gifted students with a rigorous academic program where differentiation is at the core of all learning. Our teachers have high expectations for all gifted students and the students strive not only to meet those expectations, but to exceed them. Gifted students are expected to go deeper into content areas, meeting and then exceeding the core standards by becoming grade level "experts" as they engage in long-term learning. At the end of every academic year, we use the district GATE evaluations to determine the upcoming year’s GATE goals.

Woodland Hills Charter Academy will continue to use LAUSD’s GATE identification process and policy and reimburse the District for testing and processing on a fee-for-service basis. If we determine to use the District’s GATE identification process and policy and allow Woodland Hills Charter Academy student participation in the Saturday Conservatory of Fine Arts, we will reimburse on a Fee for Service.

**Students Achieving Below Grade Level:**

Woodland Hills Charter Academy will address the instructional needs of students who are working below grade level by placing them in the appropriate Language Arts or Mathematics intervention programs.

Utilizing the District criteria, students who score in the intensive range on District placement tools will be placed in tier three intervention for Language Arts. Woodland Hills Academy currently uses Developing Readers and Writers Program, Read 180 and Accelerated Reader for English Language Arts.

Students who are working below grade level in language arts but who don’t meet the criteria for tier three and those who are below low grade level in math, will have access to tier two intervention. These students are placed in a reading class or mathematics support class in place of a traditional elective. Students will be placed in these intervention classes based on their CST scores and academic grades from the previous
school year. At the conclusion of the first semester, the intervention team which consists of the intervention teachers, counselors, bilingual coordinator and the leaders of the English and Math departments, will consult and determine which students will remain in the class for the second semester using grades and diagnostic test results.

The curriculums for the 7th and 8th math intervention are Aleks and Measuring Up. The curriculums for the 6th grade math intervention are Accelerated Math and Measuring Up. The Charter is committed to achieving population balance that includes students with disabilities. The Charter will conduct outreach activities to attract and enroll a range of mild to severe special education students that is diverse and comparable with resident schools with similar demographics. The current District-wide average percentage of students with disabilities is 10-13%. The Charter School’s outreach efforts should be geared toward aligning with the District-wide average. *Modified Consent Decree Requirements
All Charter Schools chartered by the Los Angeles Unified School District ("LAUSD or the District") Governing Board are bound by and must adhere to the terms, conditions and requirements of the Chanda Smith Modified Consent Decree ("MCD") and other court orders imposed upon District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes eighteen statically measureable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All Charter Schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online IEPs and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the Modified Consent Decree, data requests from Charter Schools that are not connected to the District’s current Student
Information Systems ("SIS") are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s required format and are as follows:

- The Independent Charter School Suspension/Expulsion Report, due monthly throughout the school year.
- Paper SESAC Report and Welligent Student Listing Verification, due monthly throughout the school year.
- CBEDS, which is due at the end of October of Each School Year.
- All Students Enrolled December 1 of Each School Year, due at the end of December every school year.
- Graduation Status of 12th Grade Students Enrolled on December 1, due at the end of June every school year.

The MCD requires charter schools to implement the District’s Integrated Student Information System ("ISIS"). ISIS is a suite of applications designed to capture all District student data and includes the Welligent IEP Management Systems, EESIS, SIS and LAUSD MAX.

**The Process to be followed by the School for Ensuring Parental Involvement:**

Woodland Hills Charter Academy believes that parents must be informed and included in all aspects of their children’s educational lives by providing them with ongoing, frequent, and sustainable communication with the school staff. This is the first step to creating a culture where parents feel invited into the school community and part of their child’s educational journey from middle school to college and career, and beyond.

In order to ensure parent involvement we will provide parents with timely, relevant, and easily accessible information about all programs being offered at Woodland Hills Charter Academy in both English and Spanish. Both the Counseling Office and the Attendance office will be available to provide parents with information about their child and resources available to assist parents. Woodland Hills Charter Academy will incorporate strategies for engaging parents more meaningfully in their children’s education including parent visits, opportunities for volunteering, participants in end-of-unit project showcases, parent conferences and utilizing the expertise of parents in various contexts. Parents will be provided with information about the California State
Framework, the Common Core State Standards, curriculum, assessments used to measure student progress, as well as the proficiency levels students are expected to meet. Each fall semester all parents will receive a copy of the District-wide Parent Involvement Policy. Every week in a Thursday envelope, important information is sent home in parent friendly terms.

Parent workshops will be offered and include topics such as articulation, student test-taking skills, understanding standardized test scores, and adolescent issues. We will also offer a variety of classes for parents, such as computer classes. The Woodland Hills Charter Academy Parent Center offers a lending library, on a variety of subjects, computers, parent education workshops and it will be open every day for parent’s use. The center is equipped with three computers connected to the Internet and also with printers for parent’s use. In addition, workshops on accessing Jupiter Grades, our homework/grade reporting system, are available on an ongoing basis. Parents also have access to the school website, the California State Standards framework, the common core standards, CoreK12 and other resources in the parent center. Training and materials will also be provided in literacy, math and technology and other areas.

Woodland Hills Charter Academy will constantly review our plans to strengthen our faculty/staff/parent relationships by educating the staff on how to reach, communicate and work with our parents side by side as equal partners. Many of our parents currently volunteer to work with our staff in many areas. We will involve parents from all academic groups, including those with standard English, limited English proficiency, parents of students with disabilities, and GATE parents. We will provide all parents the opportunity to fully participate in school sponsored activities by using translation at all our meetings and workshops, as well as all written and verbal communication sent home. Our parent population is rich in cultural diversity. We want to expand upon the established communication base to ensure the needs of our parental groups are met.

The automated Connect Ed phone messages will be sent home weekly in English and Spanish regarding school information and upcoming events. Teachers will contact parents on a regular basis through Jupiter grades, notes, and/or phone contact to ensure parent involvement in student success, and have conference periods available to meet with parents.
