1.	On the Excel spreadsheet, click on the header row, i.e, the column that shows the headings.		This will highlight the entire row.
2.	From the menu bar, click on DATA tab, then Filter .		Notice that all column headings will display a down-arrow  to the right of each heading.
3.	<p>From the ELD/ESL Level column, click the down-arrow </p> <p>This will activate a filter selection panel. This shows all the possible values within the column.</p> <p>Check only the values you want displayed.</p> <p>Check only value 5.</p> <p>Click OK.</p>		<p>Your report will now display only students which are at ELD Level 5.</p> <p>Notice that the down-arrow  has changed. This indicates that the column has an active filter.</p>

B. What if I want to select ELD Levels 4 and 5?
