

**Los Angeles Unified School District**  
**Title I Focus Group Report**  
**September 10, 2019**  
**Developed by Aurora Lopez**

Mrs. Karen Ryback, FSEP Executive Director (Federal and State Education Programs) mentioned information about the District level Title I funded programs. They are the following:

- Leveled Readers for Early Language and Literacy Education
- School Site Council Training (SSC)
- Middle School College and Career Readiness Counselors
- A-G Diploma Counselors
- Credit Recovery during Winter and Spring Recesses
- Title I Intervention Program
- ELOS Summer School (K-8), HS (9-12)
- Professional Development
- 2019-2020 Bridge
- PK-12 Aspirations

It was a draft of some of the programs that are being worked on during this school year.

Mr. Mohamed Tantawi gave an orientation about how to access the SPSA on the website, as well as having access to the School Expense Report and the FSEP Title I Focus Groups Resources. The explanation was detailed so that we as parents could access without any problem.

Mr. Julianna Coco, Project Management Administrator, FSEP, mentioned about the update to the state identified schools to comply with the Every Student Succeeds Act (ESSA). This was as of January 2018 with the following categories.

- Intensive support and interventions (CSI)– schools with general low academic achievement or low graduation rates, based on the California Dashboard.
- Specific support and intervention (TSI) Low performing schools.
- Additional targeted support and intervention (ATSI) Schools with low performance based on multiple years from years before.

It is important that schools participate in the SPSA development with every stakeholder group and implement since it will be monitored for better academic achievement.

Lastly, Dr. Dixon, Administrative Coordinator, Parent and Community Services, gave information on how the work is being done on the area for parents and how the SSC will function, as well as practical parent engagement and participation. Through information and practice, empower parents.

It was an information meeting, we want to share the knowledge about parents, and in that way meet one of the objectives; to inform parents and in that way empower them.
