

is an online digital library containing over 24,000 books in topics of technology, professional, and business, and also comprises of articles, reviews, manuscripts-in-progress, and short videos- tutorials that accompany literature to reinforce learning.

A Safari Books Online subscription is assigned to a user in which the user will be able to bookmark literature, read, and save it onto a “bookshelf”. The bookmarks allow the user to refer back to items of interests. Furthermore, Safari is accessible and viewable through mobile devices with the [free app “Safari To Go”](#). It can be viewed at any time, any place with internet access, day or night.

Please click on the link to preview the library and some of the categories featured in Safari.

Safari Subscription License Distribution

To access to [Safari Online Books](#), a license is required. Currently, all licenses have been assigned to users and in use.

Periodically, license usage will be reviewed to determine if any license(s) have been inactive. Licenses that become inactive due to “no usage” will be assigned to another user upon request.

If you are interested in Safari Books Online, click on the ‘IT Training Request’ link on the IT Training Academy site to complete and submit an online form.
