Background

Introduction
Student attendance is an important measure of student engagement and is strongly correlated to academic achievement and graduation. A growing body of academic research supports the vital importance of regular attendance, and the prevention of chronic absence, particularly in early grades. In the LAUSD, chronic absence is defined as having an attendance rate of 91% or less, equivalent to missing 15 days (three or more weeks) during an academic year, regardless of the reasons for absence (excused or unexcused). Students who are chronically absent in early grades are far more likely to fall behind in reading and math, be chronically absent in later grades, and eventually drop out of high school.

Student absenteeism results in the loss of critical instructional time and significant reductions in Average Daily Attendance Revenue (ADA), the main source of state funding for all schools.

In 2011, LAUSD Superintendent John Deasy released his Performance Meter, outlining core beliefs, goals and targets for improvement in key areas, including increasing the percentage of students with 96% or higher attendance (considered Proficient/Advanced Attendance).

The Pupil Services Unit of the LAUSD tracks and reports student attendance trends based on five student attendance performance levels (or bands) as reflected in the table below.

Chronic Absence

At the end of the 2010-11 school year, a comprehensive review of district-wide attendance trends reflected that Kindergarten and Grade 9 students had significantly lower rates of Proficient/Advanced Attendance and the highest rates of chronic absence. Only 55% of LAUSD Kindergarten students achieved 96% or higher attendance and 19% were considered chronically absent. Similarly, only 62% of LAUSD Grade 9 students achieved 96% or higher attendance, and 20% were chronically absent.

Attendance Improvement Program: An Effective Model for Absence Prevention

In response to the critical need for attendance improvement in Kindergarten and Grade 9, LAUSD launched the Attendance Improvement Program (AIP) in September of 2011. The program targets the schools with the lowest rates of Proficient/Advanced attendance in Transitional Kindergarten, Kindergarten and Grade 9. An Attendance Improvement Counselor (Pupil Services and Attendance Counselor) provides focused support and strategic intervention at elementary schools and senior high schools throughout the District.

AIP schools have demonstrated significant gains in 96% or higher (Proficient/Advanced) attendance, consistently outpacing improvements seen district-wide. Additionally, AIP schools have demonstrated significant declines in chronic absence rates (as reflected in the graphs below).

About the Attendance Improvement Program Toolkit

The purpose of this toolkit is to provide schools with the tools and materials to support the attendance improvement program. The materials contained in this toolkit were developed and implemented by the Pupil Services and Attendance Counselors who serve in the Attendance Improvement Program.

-Useful Attendance Data Formulas-

FOR CLASSROOM ATTENDANCE PERCENTAGE BY DAY
To track daily absences and attendance percentage by classroom, use the formula below

<table>
<thead>
<tr>
<th>Formula/Instructions</th>
<th>Example</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Actual Attendance (number of students present including the number of tardy and early leave students) MiSiS</td>
<td>41</td>
</tr>
<tr>
<td>2. Possible Attendance (Total number of students enrolled in the classroom)</td>
<td>43</td>
</tr>
</tbody>
</table>

Attendance Percentage Calculation = Actual attendance divided by possible attendance

\[
\text{Actual Attendance} = 41 \quad \text{Possible Attendance} = 43 \quad \text{Attendance Percentage} = 93.35\%
\]

SUBJECT: Attendance Improvement Program Introduction

Welcome to the new school year! The LAUSD Performance Meter Goal is for all students to maintain a Proficient/Advanced attendance rate of 96% or higher throughout the school year. This means that each student must have:

- No more than one absence for every five weeks (25 instructional days) of school
- No more than SEVEN TOTAL absences in the school year

Last year, our school achieved the following rates of Proficient/Advanced (96% or higher) Attendance:

To meet the LAUSD attendance goal, the following strategies and activities are being implemented this school year:

1. Incentive programs
   a. "<<INSERT PROGRAM>>" (e.g., 96% Club recognition)
   b. "<<INSERT PROGRAM>>" (e.g., Incentives for classes with the highest attendance)
   c. "<<INSERT PROGRAM>>" (e.g., Parent meeting for students below 96%)
2. Monthly data tracking and sharing
3. Parent engagement activities and recognition for 96% or higher attendance

Your participation and support will be critical to improving attendance at our school. For more information or to get involved, please contact me at <<PHONE NUMBER>>.

WE NEED YOUR SUPPORT TO HELP ALL OF OUR STUDENTS SUCCEED!

Dear Parents/Guardians of <<STUDENT NAME>>:

The <<INSTRUCTIONAL DAY>> Instructional Day is <<DATE>>. On this day, all students who have been enrolled since the first day of school and have << # OF ABSENCES >> or FEWER absences will be recognized for having Proficient/Advanced attendance. We will celebrate the <<INSTRUCTIONAL DAY>> day of school with various activities for students who are achieving the goal and/or maintain Perfect Attendance from today until this date.

Don’t let your child miss out! Send your child to school every day!

As of today, <<STUDENT NAME>> has an attendance rate of << PERCENT >>% with <<# OF DAYS >> absence(s).

The LAUSD goal for all students is to maintain a Proficient/Advanced attendance rate of 96% or higher throughout the entire school year. The table below explains in detail how this can be achieved.

Dear Parents/Guardians of <<STUDENT NAME>>:

You are receiving this letter because your child has accrued excessive excused and/or unexcused absences.

The LAUSD goal for all students is maintaining a Proficient/Advanced attendance rate, which means 7 or less absences throughout the entire school year. Achieving Proficient/Advanced attendance is directly tied to student achievement. As of this week, your child is NOT meeting the 96% attendance goal and has already accumulated more than 7 absences, putting him/her at serious risk of falling behind.

All students are expected to attend school every day, on time. California's compulsory education law (EC 48200) requires each person between 6 and 18 years of age to attend public, full-time day school and requires their parents or guardians to send them there, unless legally exempt. According to Education Code 48260, any pupil who is absent from school without a valid excuse for three full days, or who is tardy or absent more than any 30-minute period during the school day without a valid excuse on three occasions, or any combination thereof, may be considered “truant.” Truancy is a court-punishable offense for both the child and the child's guardian.

We understand that <<GRADE LEVEL>> can be a challenging transitional year. The following programs are available to support you and your child:

Please contact the Attendance Improvement Counselor, <<AIC NAME>>, at <<PHONE NUMBER>>.

Sincerely,

Principal

A review of our records shows that your child:
- Has an attendance rate of <<PERCENT>>%.
- Has accumulated <<# OF DAYS>> absences.

MISSING SCHOOL AFFECTS STUDENT ACADEMIC PERFORMANCE.

It takes an average of three days for a student to catch up for each day of school missed.

<< DATE >>

Dear Parents/Guardians:

We need your support to help your child be successful in school. Each day that your child is absent, he/she misses critical instructional time. The LAUSD goal for all students is to maintain a Proficient/Advanced attendance rate of 96% or higher throughout the entire school year. This means having no more than 7 total absences during the school year.

Every student is expected to attend school on a daily basis, unless there is valid justification for his/her absence (EC 48260). As you make plans for the upcoming <<HOLIDAY/BREAK>> from <<VACATION DATES>>, we would like to remind you of our attendance policy and state laws regarding attendance.

According to the California Education Code, students may be excused from school when the absence is due to:

- Illness.
- Quarantine
- Medical, dental, optometric or chiropractic services.
- Attending the funeral of an immediate family member e.g., mother, father, grandmother, grandfather, brother, sister, or any relative living in the immediate household of the student (one day within the state, three days outside the state)
- Jury duty.
- Illness or medical treatment of a child of whom the student is the custodial parent.
- Justifiable Personal Reasons: when the pupil’s absence has been requested in writing by the parent and approved by the principal or designee.

Any absence for any reason other than those stated above will be marked unexcused and may result in your child being classified as truant.

All students are expected to return on <<DATE OF RETURN>>. Support your child’s academic growth by ensuring he/she is in school every day and on time. If you have any questions, please call the Attendance Improvement Counselor, <<AIC NAME>>, at <<PHONE NUMBER>>.

Sincerely,

Principal

Dear Parent

September is Attendance Awareness Month!

Did you know that missing just 10 percent of the school year in Kindergarten can leave students struggling throughout elementary school? School attendance is essential to academic success, but too often students, parents, and schools don’t realize how quickly absences, excused or unexcused, can add up to academic trouble. The impact is the greatest on low-income students who lack the resources to make up for the lost time in the classroom.

Every school day counts and everyone can make a difference! Please remember, you should not have more than 1 absence for every 25th days of school.

Talk to your child about the importance of coming to school!

Speak to the participating classrooms about the importance of school attendance. Explain that each day that every student is present the class gets closer to the receiving a prize.

Step 3:
Each day that ALL students are present, the class will tape/paste one of the fish on the fish bowl worksheet.

Step 4:
When all 5 fish are in the fish bowl, reward the class with a party or individual prizes.

FORMS NEEDED:
Sample Fish Bowl worksheet attachment
Click here to be taken to this template.

Teacher: Each day the class has perfect attendance, place a fish in the bowl. If all students in the class are present on a rainy day, place 2 fish in the bowl. Once the class has 5 days of perfect attendance, notify your Attendance Improvement Counselor for a reward.
Cut out the fish below and use them to place in the fish bowl for each day of classroom perfect attendance.

Frequently Used Attendance Terms

**Average Daily Attendance:** The average daily attendance (ADA) is a statistic representing total number of days of attendance for all students divided by the total number of school days in a given period. ADA statistical reports are submitted to the state and are used to determine funding to the district for schools.

**ADA Revenue per Student:** The ADA Revenue per Student is a state-determined dollar amount allocated to public schools. The rate per pupil for ADA fluctuates each year.

**ADA Revenue Loss (MyData):** The ADA revenue loss is an estimation of the dollar amount lost due to student absenteeism. An estimated daily rate, which fluctuates annually based on the ADA rate set by the State of California, is derived by multiplying the estimated daily rate ($31.33/day, for example) by all full day student absences as reflected in MiSiS. To view your school’s estimated revenue loss and estimated daily ADA rate information log in to MyData.

**Attendance and Dropout Prevention School Site:** The Attendance and Dropout Prevention (ADP) Plan is a written attendance plan devised by each school’s designated Attendance and Dropout Prevention Team, for the purposes of communicating and meeting their school’s student attendance goals and to meet the District mandates. This plan is derived from Chapter 5b of The Safe School Plan.

**Attendance and Dropout Prevention Planning Team:** The ADP Team is a team of designated school staff at each school that meets regularly to write the ADP Plan, and ensures that the plan, objectives and programs are being monitored and modified as needed, in order to meet the school/district’s attendance goals. Persons that should be included on the team may include, but is not limited to, the following: Principal/Assistant Principal, Pupil Services and Attendance Counselor (PSA), Attendance Improvement Counselor (AIC), School Psychologist, Academic counselors, Dean, School Nurse, Diploma Project Counselors (DPC), Campus aides, Teachers, Attendance office/Records clerks, Parents/guardians, Students, Campus police and/or school safety personnel.

**Attendance Improvement Program:** The Attendance Improvement Program (AIP) is a program that was launched during the 2011-12 school year, with a mission to improve attendance by providing focused support to students in Kindergarten and Grade 9 in schools with the lowest attendance in these grade levels. The AIP goal from one year to the next is to achieve a 5% increase in the
percentage of students attending at 96% or higher in the targeted grade level. For more information on the AIC job description Click Here.

**Attendance Improvement Counselor:** The Attendance Improvement Counselor is a Pupil Services and Attendance (PSA) Counselor in a specialized program called the Attendance Improvement Program.

**Chronic Absence:** In the Los Angeles Unified School District, chronic absence is defined as an attendance rate of 91% or less. Chronic Absence is associated with the two lowest attendance performance levels: below basic attendance and far below basic attendance. Chronic absence is now part of LCAP. Through various research findings, chronic absence has been linked to lower levels of student achievement. For more information on these studies, Click here.

**Cumulative Attendance rate:** The cumulative attendance rate is a statistic that reflects the year-to-date attendance rate, accounting for attendance from the beginning of a given school year. It is different from the monthly attendance rate in that it does not capture only an individual month’s attendance rate, but rather all months’ attendance rates together.

**Monthly Attendance rate:** The monthly attendance rate is a statistic that represents the attendance rate for the specific month. It is different from cumulative attendance rate in that it does not reflect the attendance rate from other months.

**Performance Meter:** The performance meter is a scorecard to measure and guide the performance of our district through indicators that center on the District’s five goals: 100% Graduation, Proficiency for All, 100% Attendance, Parent and Community Engagement, and School Safety.

**Pupil Services and Attendance (PSA) Counselor:** Click here for job description.
**Student Attendance Performance Levels:** Five student attendance performance levels were created in order to establish a strategic method for tracking and reviewing attendance data throughout the school year. Absences shown are at year-end based on 180 enrolled days. See illustration below.

- **Advanced Attendance:** Students who achieve advanced attendance maintain an attendance rate of 100% cumulative from their first day of school, with zero absences and are meeting the superintendent’s district-wide goal.

- **Proficient Attendance:** Students with proficient attendance maintain an attendance rate of 96-99% cumulative from their first day of school and are meeting the superintendent’s district-wide goal.

- **Basic Attendance:** Students with basic attendance have an attendance rate of 92-95% cumulative from their first day of school.

- **Below Basic Attendance:** Students with below basic attendance have an attendance rate of 87-91% cumulative from their first day of school. (Also, see definition for Chronic Absence)

- **Far Below Basic Attendance:** Students with far below basic attendance have an attendance rate below 87% cumulative from their first day of school. (Also, see definition for Chronic Absence)
