

INTEROFFICE CORRESPONDENCE

Los Angeles Unified School District Office of the Superintendent

TO: All Principals

DATE: October 29, 2014

FROM: Earl R. Perkins, Assistant Superintendent
School Operations 

SUBJECT: RESTORATIVE JUSTICE TRAINING

In keeping with District goals of ensuring student safety, creating caring and nurturing environments, and supporting all employees, the School Board adopted the 2013 School Discipline Policy and School Discipline Bill of Rights. As we make a paradigm shift in our schools and enter the “Restorative Justice Pathway to Successful Schools” we do so with great enthusiasm. The Los Angeles Unified School District has focused on cultivating a safe, respectful, and inclusive climate in our schools. With the implementation for Restorative Justice practices our goal of “All Youth Achieving” is attainable.

Our goal is that by the end of the 2018-19 school year, all LAUSD schools will have received training and have begun implementing Restorative Justice practices to foster a positive school climate in which every voice is heard and valued. The Restorative Justice framework allows for existing good practices to develop and grow. It is a three-tiered model that focuses on community building, repairing harm, and reintegrating students who have been suspended, truant, or expelled. Restorative Justice promotes core values that require students to think about themselves and how they interact with one another, develop healthy relationships, become accountable for their own actions, and learn how to manage conflict.

This five-year initiative is being implemented in phases in specified schools each year. We are in Phase One in which 150 school sites have been selected to participate during the 2014-15 school year. To support schools in the start-up for Restorative Justice practices, the Central Office School Operation Coordinator, each Educational Service Center (ESC) Administrator, Operations Coordinators, Restorative Justice Advisers, and Restorative Justice Teacher Advisers (in selected schools) will provide leadership, training, and assistance in establishing authentic practices that will offer tremendous benefits to all.

Attached is a roster of all schools selected to participate in Restorative Justice practices listed by the year of implementation. If your school is not listed in Phase One, please remember that there are steps you can take to make sure you are on the Restorative Justice Pathway to Successful Schools including:

- Making sure your school is honoring the School Climate Bill of Rights; refer to the Principal’s Toolkit for more ideas and information.
- Utilizing the school leadership team that works on building community and strengthening student connections.
- Looking for future trainings and/or salary point classes to enhance these practices in your school.
- Referring to the Discipline Foundation policy website www.dfp.net for strategies and ideas to strengthen your School-Wide Positive Behavior Intervention and Support practices.

Thank you for all that you do on behalf of our students, staff, parents/guardians and community members. Please contact Deborah Brandy at (213) 241-5337 or your Educational Service Center for additional information.
