

# Achieving Student Success

## Community Conversations on the Goals & Investments of LAUSD

How do we create success for all students? How do we ensure we are supporting our students with the highest needs? Make sure your voice is heard in decisions to revise the LAUSD's Local Control & Accountability Plan (LCAP). **All students, parents, educators, and the community are welcome!** For more resources and to take the LCAP survey, please visit [lcff.lausd.net](http://lcff.lausd.net).
