Dates: 5/2/16 – 6/10/16

**No Interim Assessment*

Total Days in the Block: 29

INTERIM ASSESSMENTS

As per [REF-6507](#), the choice of Interim Assessments is a school site decision. Choices are referenced below. All teachers within a grade-level are expected to give the same interim assessments in order to provide the opportunity to review and analyze student work to inform instruction.

1. District Assessment Bank will be developed by the Elementary Math Coordinator Team. At minimum, one assessment per block for IA1, 2 and 3 will be provided. In order to provide increased flexibility to schools, the assessments can be used in the order that best matches the scope and sequence decided on by the grade level team.
